Acompáñenos a las reuniones comunitarias el 15 y 17 de noviembre de 2021

Metro

Join us for a community meeting on Zoom or visit a local tech booth.

Acompáñenos a una reunión comunitaria en Zoom o visite una cabina técnica local.

Metro
One Gateway Plaza
99-13-1
Los Angeles, CA 90012

Join Us!

Metro will be offering two (2) virtual community update meetings on November 15 to focus on the East Los Angeles stations and one (1) virtual meeting on November 17 to learn the latest on the Eastside Transit Corridor Phase 2 Project.

The meetings will provide:

> Updates on East LA stations options
> Overall project update
> Opportunity to ask questions

The meetings will be virtual via Zoom. To support the virtual meeting, an outdoor 'Tech Booth' will be available at the location noted to the right and will be broadcasting the live meeting on site, offer free Wi-Fi internet and provide technical support. All health safety protocols will be implemented during the 'Tech Booth' events.

Overview

Metro is evaluating an approximately nine-mile extension of the Metro L Line (Gold) further east from its current terminus at Pomona Bl and Atlantic Bl. This extension would serve the cities of Commerce, Montebello, Pico Rivera, Santa Fe Springs and Whittier, and the unincorporated communities of East Los Angeles and West Whittier-Los Nietos.

In February 2020, the Metro Board of Directors approved the following actions:

> Withdrew the SR 60 Alternative and Combined Alternative from consideration
> Proceed with California Environmental Quality Act (CEQA) for the environmental review process
> Directed that a separate feasibility study be completed in the San Gabriel Valley, to identify potential mobility solutions led by the San Gabriel Valley Council of Governments

¡Acompáñenos!

Metro ofrecerá dos (2) reuniones virtuales de actualización el 15 de noviembre para las estaciones de East Los Angeles y una (1) reunión virtual el 17 de noviembre para aprender lo último sobre el Proyecto del Corredor de Transporte hacia el Este Fase 2.

Las reuniones proporcionarán lo siguiente:

> *Actualizaciones de las estaciones de East LA*
> *Actualización general del proyecto*
> *Oportunidad de hacer preguntas*

Las reuniones serán virtuales a través de Zoom. Para proporcionar asistencia a la reunión virtual, habrá cabinas técnicas al aire libre en la ubicación que se indica a la derecha, que transmitirá la reunión en vivo, ofrecerá acceso a internet Wi-Fi y proporcionará asistencia técnica. Todas las medidas de seguridad sanitaria se implementarán durante los eventos de las cabinas técnicas.

Resumen

Metro está evaluando una extensión de aproximadamente nueve millas de la Metro L Line (Gold) hacia el este de su terminal actual en Pomona Bl y Atlantic Bl. Esta extensión conectaría a las ciudades de Commerce, Montebello, Pico Rivera, Santa Fe Springs y Whittier, y las comunidades no incorporadas de East Los Angeles y West Whittier-Los Nietos.

En febrero de 2020, la Junta Directiva de Metro aprobó las siguientes acciones:

> *Retiró la Alternativa SR 60 y Alternativa Combinada de consideración adicional*
> *Siguió con la Ley de Calidad Ambiental de California (CEQA, en inglés) para el proceso de revisión ambiental*
> *Dirigió que un estudio de viabilidad separado sea completado en el Valle de San Gabriel, para identificar soluciones de movilidad lideradas por el Consejo de Gobiernos del Valle de San Gabriel*

Meeting Details

Virtual meetings will offer a presentation followed by Question & Answer session. The same information will be provided at each meeting. Video recording will be available on the project website.

Detalles de las reuniones

Las reuniones virtuales ofrecerán una presentación seguida de una sesión de preguntas y respuestas. La misma información se proporcionará en cada reunión. La grabación de video estará disponible en el sitio web del proyecto.

Join us for community meetings via Zoom on November 16 and 17, 2021.

Únase a nosotros para reuniones comunitarias a través de Zoom el 16 y 17 de noviembre de 2021.

Metro has a plan to extend the Metro L Line (Gold) further east from its current terminus at Pomona Bl and Atlantic Bl.

We will be hosting two virtual community meetings in November where we will provide:

> Updates on Montebello station and alignment
> Overall project update
> Opportunity to ask questions

To support the virtual meetings, an outdoor tech booth will be available at the locations noted to the right and will be broadcasting the live meetings on-site, offer free Wi-Fi internet and provide technical support. All health safety protocols will be implemented during the tech booth events.

All Metro meetings are held in ADA accessible facilities. Other ADA accommodations and translations are available by calling 323.466.3876 or California Relay Service at 711 at least 72 hours in advance.

Metro tiene un plan para extender Metro L Line (Gold) mas hacia el este de su terminal actual en Pomona Bl y Atlantic Bl.

Seremos anfitriones de dos reuniones de la comunidad virtual en noviembre donde brindaremos:

> Actualizaciones de las estación en Montebello
> Actualización general del proyecto
> Oportunidad de hacer preguntas

Para proporcionar asistencia a la reunión virtual, habrá cabinas técnicas al aire libre en las ubicaciones que se indica a la derecha, que transmitirá las reuniones en vivo, ofrecerá acceso a internet Wi-Fi y proporcionará asistencia técnica. Todas las medidas de seguridad sanitaria se implementarán durante los eventos de las cabinas técnicas.

Todas las reuniones de Metro se llevan a cabo en instalaciones accesibles conforme la Ley Estadounidense para Personas con Discapacidades (American Disabilities Act, ADA) y por medio de transporte público. Adaptaciones necesarias conforme a la ADA y/o traducciones pueden solicitarse llamando al 323.466.3876 o al Servicio de Retransmisión de California al 711, por lo menos 72 horas de anticipación.

Cuatro reuniones comunitarias virtuales para proveer la última información sobre el proyecto Eastside Transit Corridor Fase 2

BY JOSE UBALDO , NOVEMBER 10, 2021

metro.net/eastsidephase2

Next stop: further east.

EASTSIDE TRANSIT CORRIDOR PHASE 2

Fact Sheet

Metro®

SUMMER 2020

Overview

Metro is evaluating an extension of the Metro L Line (Gold) further east from its current terminus at Pomona Bl and Atlantic Bl serving the cities of Commerce, Montebello, Pico Rivera, Santa Fe Springs and Whittier and the unincorporated communities of East Los Angeles and West Whittier-Los Nietos.

The proposed line would travel south along Atlantic Bl underground from the current Metro L Line (Gold) terminus at Pomona Bl and Atlantic Bl to the Citadel Outlets in Commerce. The route would then proceed east along Washington Bl via aerial and/or at-grade (street level) configurations ending at Lambert Rd in Whittier. Proposed stations (see note below project map) that will be further evaluated include:

> Relocated Atlantic Station in East Los Angeles

> Atlantic/Whittier Station in East Los Angeles

> The Citadel Station in Commerce

> Greenwood Station in Montebello

> Rosemead Station in Pico Rivera

> Norwalk Station serving unincorporated Los Nietos, Whittier and Santa Fe Springs

> Lambert Station in Whittier

Project Updates

In February 2020, the Metro Board of Directors considered options for studying the Eastside Transit Corridor Phase 2 project and approved the following actions:

> Withdrew the SR-60 Alternative and Combined Alternative from consideration.

> Proceed with California Environmental Quality Act (CEQA) for the environmental review process

> Directed that a separate feasibility study be completed in the San Gabriel Valley, to identify potential mobility solutions and options in the short and long term.

These Metro Board actions will focus the environmental study and advance acceleration goals for the project. Additionally, the Environmental Impact Report (EIR) will proceed with the Washington Alternative and a reasonable range of alternatives – as required by CEQA – including the no build alternative (evaluates future project corridor conditions if the proposed improvements are not developed), Initial Operating Segments (IOS), maintenance and storage facility location options and design variations. This process will continue with robust public engagement and outreach process to include interested stakeholders and communities along the project corridor. As the environmental study advances, opportunities for community input will be provided at key milestones in the planning process.

Background

In 2014, a Draft Environmental Impact Statement (EIS)/EIR analyzed two (2) alignment (route) options for extending the Metro L Line (Gold) further east into South El Monte – via State Route 60 (SR-60) or Whittier (via Washington Bl). Based on the technical analysis and comments received by agencies and the public, the Metro Board of Directors opted to complete additional studies to address the comments received. In May 2017, Metro staff completed a technical study for the project that resulted in the following three (3) alternatives moving into the reinitiated environmental process:

1. SR-60 Alternative
2. Washington Alternative
3. Combined Alternative
   Builds both SR-60 and Washington Alternatives

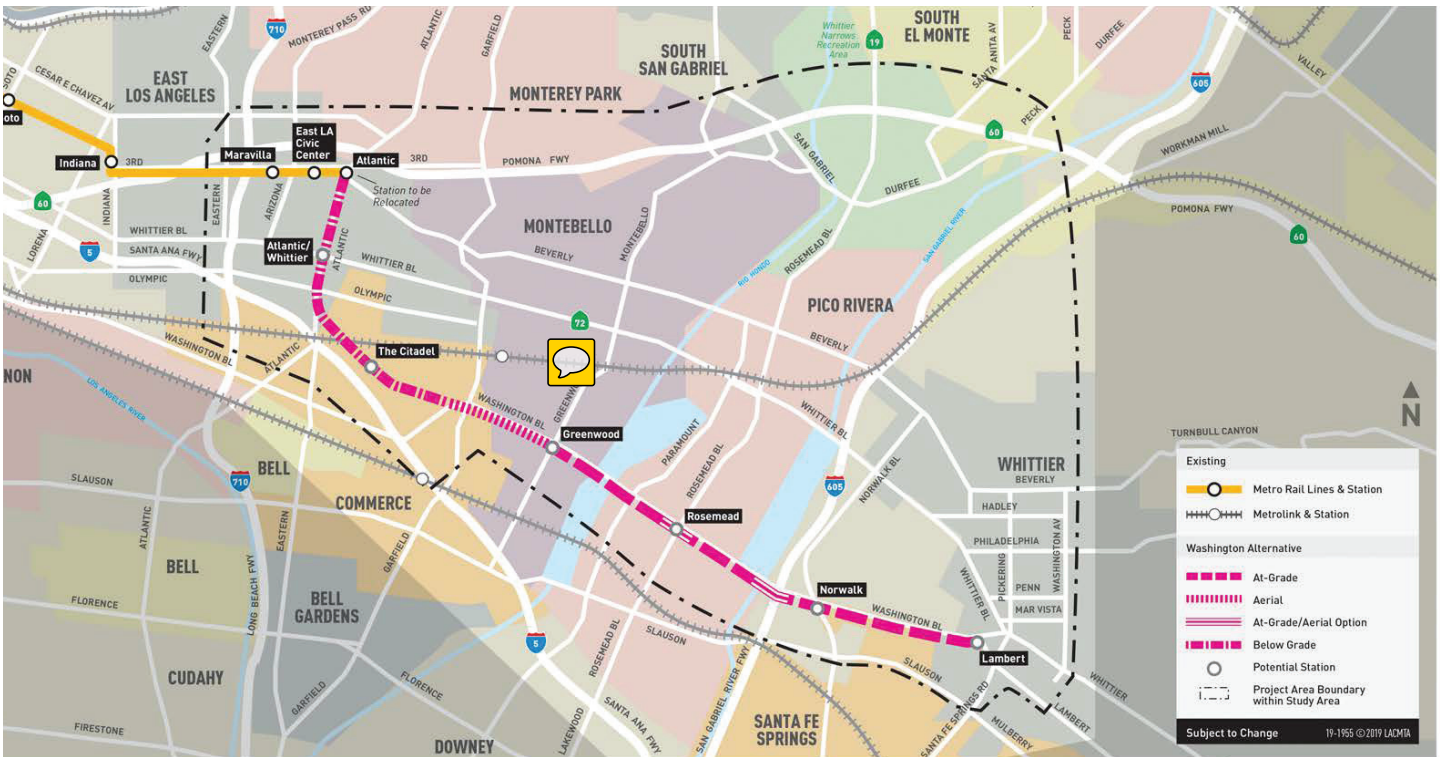
In 2019, the environmental process was reinitiated with a Notice of Intent to prepare a Supplemental Draft EIS/ Recirculated Draft EIR to include updated environmental analysis, continued coordination with regulatory agencies, more advanced engineering design and refinement of the alternatives under consideration at that time (SR-60, Washington, and Combined). Scoping meetings were held in June 2019 to receive comments from the public and stakeholders.

Environmental Impact Report

The reinitiated environmental process will include the development of a Recirculated Draft EIR (under CEQA) to update the 2014 Draft EIS/EIR. This process includes advanced conceptual engineering, environmental analysis, and ongoing outreach efforts. In addition, focused technical analyses will:

> Evaluate various design refinements on alternatives to address comments received on the 2014 Draft EIS/EIR

> Update ridership and travel time projections



> Study potential environmental impacts

> Analyze grade crossings

> Identify locations for maintenance and storage facilities

> Develop IOS options

Throughout the environmental review phase, Metro staff will continue to provide project updates to stakeholders and provide the necessary tools and resources to keep communities informed. Opportunities to provide input will be provided at key milestones in the planning process.

Station locations will be evaluated thoroughly to ensure each proposed station has ridership demand, economic development opportunities, first/last mile connections, among other factors.

Washington Alternative

The Washington Alternative would travel south along Atlantic Bl in an underground configuration from the current Metro L Line (Gold) terminus at Pomona Bl and Atlantic Bl to the Citadel Outlets in Commerce. The route then proceeds east along Washington Bl via aerial and at-grade (street level) configurations ending at Lambert Rd in Whittier. Proposed stations (see note below project map) along this route that will be further evaluated include:

> Relocated Atlantic Station in East Los Angeles

> Atlantic/Whittier Station in East Los Angeles

> The Citadel Station in Commerce

> Greenwood Station in Montebello

> Rosemead Station in Pico Rivera

> Norwalk Station serving unincorporated Los Nietos, Whittier and Santa Fe Springs

> Lambert Station in Whittier

Initial Operating Segments (IOS)

Metro is evaluating potential IOS options as part of the Recirculated Draft EIR to potentially accelerate delivery of the Project. Any IOS must be able to operate as a stand-alone system and include a maintenance and storage facility. This approach is similar to the phased-construction of most Metro rail projects, including:

> Metro B Line (Red)
Built in three segments

> Metro D Line (Purple)
Two of three segments currently under construction

> Metro E Line (Expo) Line
Built in two segments

> Metro L Line (Gold) Foothill
Three of four segments currently under construction

2029
Construcción de la primera alternativa

2035
Apertura de servicio de la primera alternativa

PARTICIPACIÓN PÚBLICA CONTINUA

**This timeline is subject to change based on various factors, including funding opportunities (see Project Funding section).*

Project Funding

Thanks to voter support of Measure M in November 2016, Metro allocated $6 billion for this project. Funding for this project that has been programmed in two cycles (per the plan's funding schedule):

> Cycle 1 allocates $3 billion in 2029 (one alignment)

> Cycle 2 allocates $3 billion in 2053 (second alignment)

The project is also identified as high priority for potential acceleration. If funding can be secured prior to the anticipated 2029 funding cycle, the goal would be to build it in time for the 2028 Summer Olympic and Paralympic Games.

Public Involvement

Please be sure to sign up to continue to receive project updates and details on other opportunities to get involved. Metro welcomes your input on the upcoming Eastside Transit Corridor Phase 2 efforts. Please share your thoughts and comments using any of the contact methods listed below. Metro does not share your contact information with third parties.

Metro will continue to engage stakeholders throughout the study process. If you would like us to come out and share information with your group, please contact Lilian De Loza-Gutierrez through any of the methods listed below.

CONTACT US

Metro invites you to stay involved and share your feedback.

Próxima parada: más hacia el este.

CORREDOR DE TRANSPORTE HACIA EL ESTE FASE 2

Hoja informativa

Metro®

DICIEMBRE DE 2020

Información General

Metro está evaluando una extensión de aproximadamente nueve millas de Metro L Line (Gold) más al este de su terminal actual en Pomona Bl y Atlantic Bl. Esta extensión conectaría a las ciudades de Commerce, Montebello, Pico Rivera, Santa Fe Springs y Whittier, y las comunidades no incorporadas de East Los Angeles y West Whittier-Los Nietos.

El área del proyecto cuenta con 722,000 de habitantes y es un centro de empleo para aproximadamente 274,000 empleados. Las proyecciones muestran que la población residencial aumentará por 11% y los empleos por 25% para el año 2042. Se anticipa que este corredor ferroviario preste servicio a los pasajeros en un corredor de alta demanda de viajes proporcionando alivio a los sistemas de transporte limitados actualmente disponibles para estas comunidades. Además, se espera que el proyecto proporcione una conexión a la red de tránsito regional a través del Regional Connector, una nueva extensión de Metro en construcción en el centro de Los Angeles. Metro operará conjuntos de trenes entre Azusa y Long Beach, así como otro conjunto entre el este de Los Angeles y Santa Monica, con una extensión futura planeada a Whittier a través del proyecto propuesto Corredor de Transporte Hacia el Este Fase 2. Para obtener más información, por favor visite *metro.net/regionalconnector*.

Actualizaciones del Proyecto

En febrero de 2020, la Junta Directiva de Metro consideró opciones para estudiar el proyecto Corredor de Transporte Hacia el Este Fase 2 y aprobó las siguientes acciones:

> Retirar la Alternativa SR 60 y Alternativa Combinada de consideración adicional.

> Proceder con la Ley de Calidad Ambiental de California (CEQA, en inglés) para el proceso de revisión ambiental.

> Dirigió que un estudio de viabilidad separado sea completado en el Valle de San Gabriel, para identificar soluciones de movilidad potenciales y opciones en el corto y a largo plazo.

Estas acciones de la Junta Directiva de Metro enfocarán el estudio ambiental y avanzarán los objetivos de aceleración del proyecto. Además, el Informe de Impacto Ambiental (EIR, en inglés) continuará con la Alternativa Washington y una variedad razonable de alternativas, según lo requiera CEQA, incluyendo la alternativa sin construcción (que evalúa las condiciones futuras del corredor del proyecto si no se desarrollan las mejoras propuestas), segmentos operativos iniciales (IOS, en inglés), opciones de ubicación de instalaciones de mantenimiento y almacenamiento y variaciones de diseño. Este proceso continuará con un sólido proceso de participación pública y divulgación para incluir a las partes interesadas y a las comunidades a lo largo del corredor del proyecto. A medida que avance el estudio ambiental, se proporcionarán oportunidades para la participación de la comunidad en hitos clave del proceso de planificación.

Antecedentes

En 2014, un Borrador de la Declaración (EIR, en inglés)/ ~~EIR~~ analizó dos (2) opciones de alineación (ruta) para extender Metro L Line (Gold) más hacia al este, terminando en South El Monte – a través de la autopista 60 (SR-60) – o Whittier (vía Washington Bl). Basado en el análisis técnico y comentarios recibidos por agencias públicas y el público, la Junta Directiva de Metro optó por completar estudios adicionales para abordar los comentarios recibidos. En mayo de 2017, el personal de Metro completó un estudio técnico para el proyecto que resultó con las siguientes tres (3) alternativas que se trasladaron al proceso ambiental iniciado:

1. Alternativa SR 60
2. Alternativa Washington
3. Alternativa Combinada (construye alternativas SR 60 y Washington)

En 2019, el proceso ambiental fue reiniciado con un Aviso de Intención para preparar un Borrador Suplementario de EIS/ Borrador Recirculado de EIR para incluir el análisis ambiental actualizado, continuar la coordinación con agencias reguladoras, seguir avanzando el diseño de ingeniería y refinamiento de las alternativas bajo consideración en ese momento (SR 60, Washington, y Combinado). En junio de 2019 se llevaron a cabo reuniones de alcance para recibir comentarios del público y de las partes interesadas.

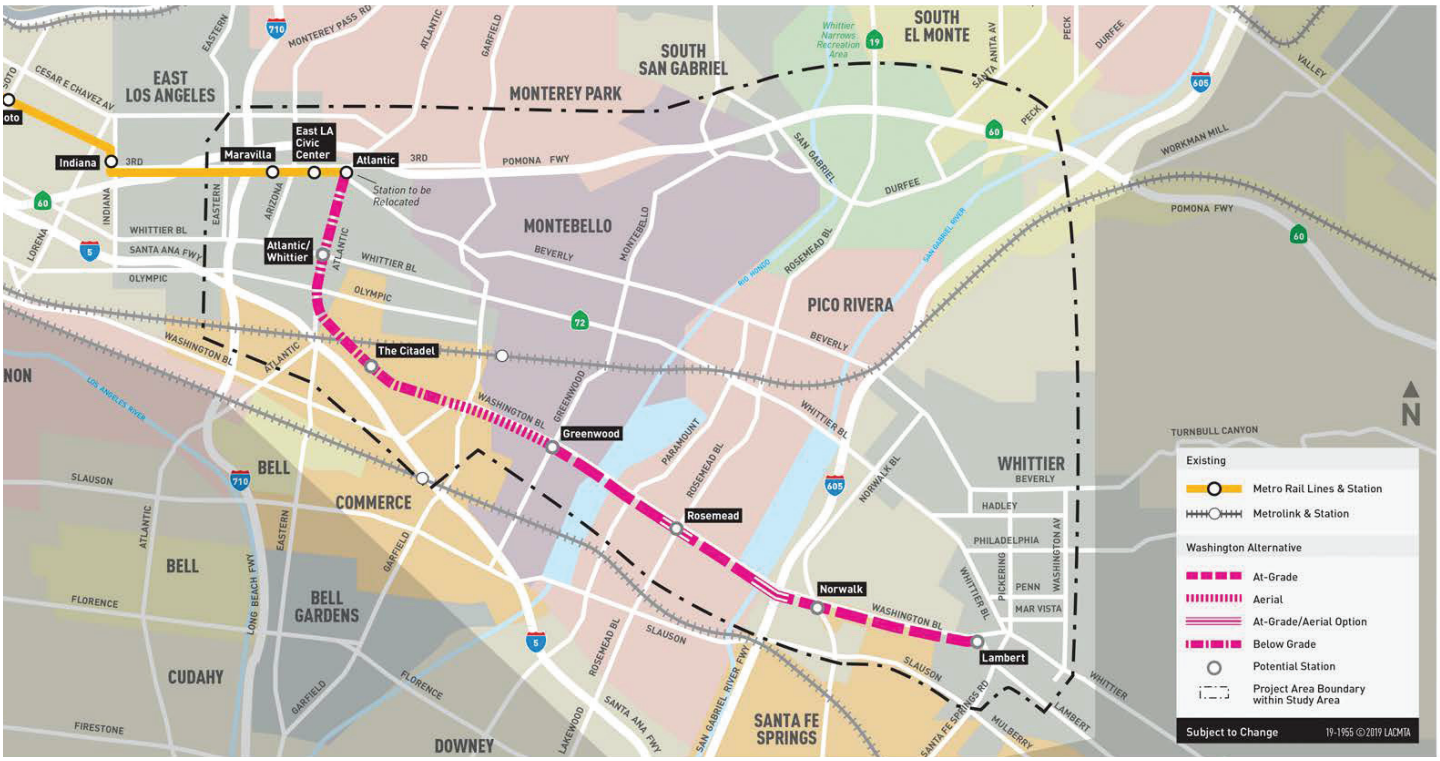
Informe de Impacto Ambiental

El proceso ambiental reiniciado incluirá el desarrollo de un Borrador Recirculado de EIR (bajo CEQA) para actualizar el Borrador de EIS/EIR de 2014. Este proceso incluye ingeniería conceptual avanzada, análisis ambiental y esfuerzos de divulgación continuos. Además, los análisis técnicos centrados van a:

> Evaluar varios refinamientos de diseño en alternativas para abordar los comentarios recibidos sobre el Borrador de EIS/EIR de 2014

> Actualizar las proyecciones de las cantidades de pasajeros y tiempo de viaje

> Estudiar los posibles impactos ambientales



> Analizar las separaciones de grado

> Identificar ubicaciones para instalaciones de mantenimiento y almacenamiento

> Desarrollar opciones de IOS

A lo largo de la fase de revisión ambiental, el personal de Metro continuará proporcionando actualizaciones sobre el proyecto a las partes interesadas y proporcionará los recursos necesarios para mantener informadas a las comunidades.

CORREDOR DE TRANSPORTE HACIA EL ESTE FASE 2 – ALINEACIÓN (RUTA) DEL PROYECTO

Las ubicaciones de las estaciones se evaluarán a fondo para asegurar que cada estación propuesta tenga demanda de pasajeros, oportunidades de desarrollo económico y conexiones de primera/última milla, entre otros factores.

Alternativa Washington

La Alternativa Washington viajaría hacia el sur sobre Atlantic Bl en un segmento subterráneo entre la actual terminal de Metro L Line (Gold) en Pomona Bl/Atlantic Bl y Citadel Outlets en Commerce. Después, la ruta continuaría hacia el este sobre Washington Bl vía configuraciones aéreas y en-grado (a nivel de la calle) hasta terminar en Lambert Rd en Whittier. Estaciones propuestas (vea nota debajo del mapa del proyecto) a lo largo de esta ruta que se evaluaran más a fondo incluyen:

> Estación Atlantic reubicada en East Los Angeles

> Estación Atlantic/Whittier en East Los Angeles

> Estación Citadel en Commerce

> Estación Greenwood Av en Montebello

> Estación Rosemead en Pico Rivera

> Estación Norwalk sirviendo la comunidad no incorporada de Los Nietos y las ciudades de Whittier y Santa Fe Springs

> Estación Lambert en Whittier

Segmentos Operativos Iniciales

Metro está dedicado a construir todos los proyectos de capital que planea lo más rápido posible. Sin embargo, las limitaciones de financiación a menudo hacen imposible construir un proyecto completamente a la vez. Por lo tanto, opciones de IOS para entregar el proyecto en fases serán exploradas como parte del Borrador Recirculado de EIR. Cualquier IOS debe poder funcionar como un sistema autónomo e incluir una instalación de mantenimiento y almacenamiento. Este enfoque es similar a la construcción de otros proyectos ferroviarios de Metro que fueron completados en fases, incluyendo:

> Metro B Line (Red)
Construido en tres fases

> Metro D Line (Purple)
Dos de tres fases actualmente bajo construcción

> Metro E Line (Expo)
Construido en dos fases

> Metro L Line (Gold) Foothill
Tres de cuatro fases actualmente bajo construcción

Financiamiento del Proyecto

Gracias al apoyo de los votantes por la Medida M en noviembre de 2016, Metro asigno $6 mil millones en financiamiento para este proyecto. Financiamiento para este proyecto ha sido programado en dos ciclos (de acuerdo con la implementación del plan):

> Ciclo 1 asigna $3 mil millones en el 2029 (una alineación)

> Ciclo 2 asigna $3 mil millones en el 2053 (segunda alineación)

El proyecto también está identificado con una alta prioridad para la aceleración potencial. Si financiamiento puede ser asegurado antes del ciclo de financiación de 2029, la meta sería construirlo a tiempo para los Juegos Olímpicos y Paralímpicos de 2028.

Participación Pública

Asegúrese de registrarse para continuar recibiendo actualizaciones del proyecto y detalles sobre otras oportunidades para participar. Metro lo invita a proveer su opinión sobre los próximos pasos del Corredor de Transporte Hacia el Este Fase 2. Por favor comparta sus comentarios utilizando cualquiera de los métodos de contacto enumerados a continuación. Metro no comparte su información de contacto con terceros.

Metro continuará involucrando a las partes interesadas durante todo el proceso de estudio. Si desea que salgamos y compartamos información con su grupo, contacte a Lilian De Loza-Gutierrez a través de cualquiera de los métodos enumerados a continuación.

Proceso de Desarrollo del Proyecto*

2018-2021	2022-2023	2023-2028	2029	2035

GOLD LINE EASTSIDE TRANSIT CORRIDOR PHASE 2

East Los Angeles Station Update and Options

November 15, 2021

Metro

Meeting Format

Meeting will be recorded

Spanish interpretation available

- *Por teléfono en español:* 646.749.3335
- *Contraseña/Código: 993-206-845*

Webcams & mics to **<u>remain off</u>** during formal presentation

To ask a question:

- Use the Raise Hand Function
- Type your question in the chat

- Call-in users dial *9 to raise your hand

Discounted Fares/LIFE Program

Fare collection and front door boarding resumes on buses on Jan. 10, 2022

Discounted Prices

- **Six months of half price passes for all riders!**
- 1-Day, 7-Day and 30-Day passes at half-price savings that riders can start using on Jan. 10.
  - $3.50 for a day pass, $12.50 for a weekly pass and $50 for a 30-day pass if you are not enrolled in a discounted program.
- The fares will be available on TAP vending machines, taptogo.net and at Metro Customer Centers for purchase beginning Dec. 15 until July 20, 2022.

Low-Income Fare Is Easy (LIFE) Program

- Six months of discounted LIFE fares.
  - **New** LIFE riders will get **90 days of free rides** starting January 10, 2022, when fare collection restarts.
  - Pay $26 for a 30-day pass (regularly $76).
  - Pay $6.50 for a 7-day pass (regularly $19.50).
  - To sign up for the LIFE Program, visit www.metro.net/riding/life/

Agenda

> Purpose of today's meeting

> Project Overview and Schedule

> Station Options for Atlantic/Pomona Station

> Atlantic/Whittier Station Update

> Breakout Sessions

Our Expectation
We will conduct a respectful meeting to allow ideas and comments to be shared in an open and fair environment

Metro

Purpose of Today's Meeting

> Provide a project update

> Gather input on the Atlantic/Pomona station options

> Update on Atlantic/Whittier Station

Project Overview

Typical Next Steps

> Consider feedback and input from the community and stakeholders from this meeting

> Depending on feedback, station options will continue to be studied in the environmental document

> Project team to provide an update on community input and next steps in the environmental process including construction activities for the proposed project

- Draft Environmental Impact Report
- Tunnel Boring Machine (TBM)
- Construction Staging

Metro

Draft Environmental Impact Report Update

- In Feb 2020, Board approved the discontinuance of the National Environmental Policy Act (NEPA) and studying the project through the California Environmental Quality Act (CEQA)
- 20 Environmental topics are required to be evaluated by CEQA, including impacts to communities and natural resources
- Looks at short-term (construction), long-term (operational), and cumulative impacts of project on the environment
- Community meetings will be scheduled prior to the release of the DEIR to inform the community
- The DEIR is anticipated to be released in Spring/Summer 2022

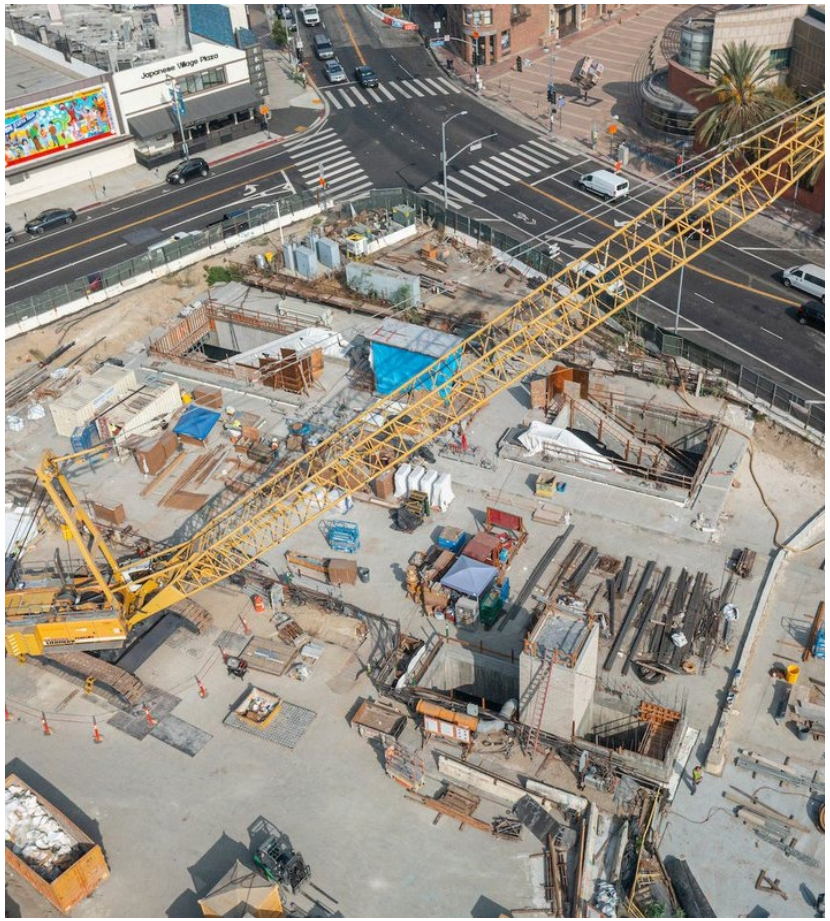
Metro

Project Elements

Tunnel Boring Machine (TBM)

> Giant drill

> Slowly drills, digging tunnels needed for an underground project



> Unlikely that people on the surface will see, hear or feel its operation

> Extract the TBM from East Los Angeles

> Requires 2 acres

Metro

Project Elements

Temporary Construction Staging

> Including staging space, equipment/material storage, construction vehicle parking, etc.

> Requires 3 acres

Cut and Cover at Station Areas

> Opening the ground surface to an adequate depth

> Support or relocate existing utility lines

> Surface opening is covered with a temporary street decking so traffic and pedestrian movement can continue overhead while excavation proceeds beneath the decking

> Adjacent building foundations will also be supported, as necessary

> Remaining excavated space is backfilled and the street is restored

Metro

Metro's Vision and Project Goals

Metro's vision

> Increase prosperity for all by removing mobility barriers
> Swift and easy mobility throughout LA County, anytime and
> Accommodating more trips through a variety of high-quality mobility options

Project Goals (not all inclusive of all project goals and subject to change)

> Increase prosperity for all by removing mobility barriers
> Swift and easy mobility throughout LA County, anytime and
> Accommodating more trips through a variety of high-quality mobility options

PARTICIPACIÓN PÚBLICA CONTINUA

Eastside Transit Corridor Phase 2 is a four-pillar project. Schedule is subject to change per Metro Board directio

Metro

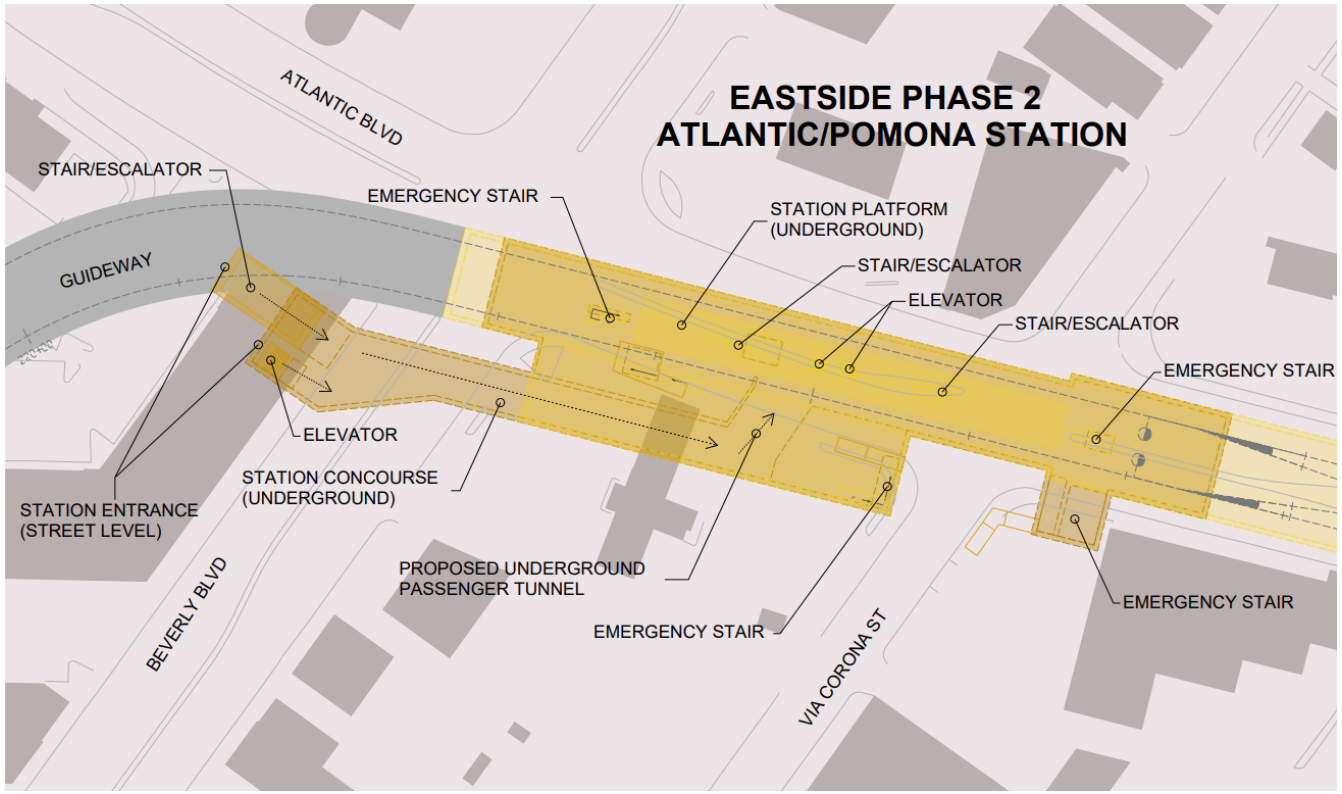
Atlantic/Pomona

Design Opportunities and Considerations

> Underground segment begins at Atlantic and Pomona

> Re-evaluate the existing station and other design options

> Remain underground



> Evaluate community benefits and impacts

Metro

Atlantic/Pomona

Atlantic/Pomona Covered Underground Station

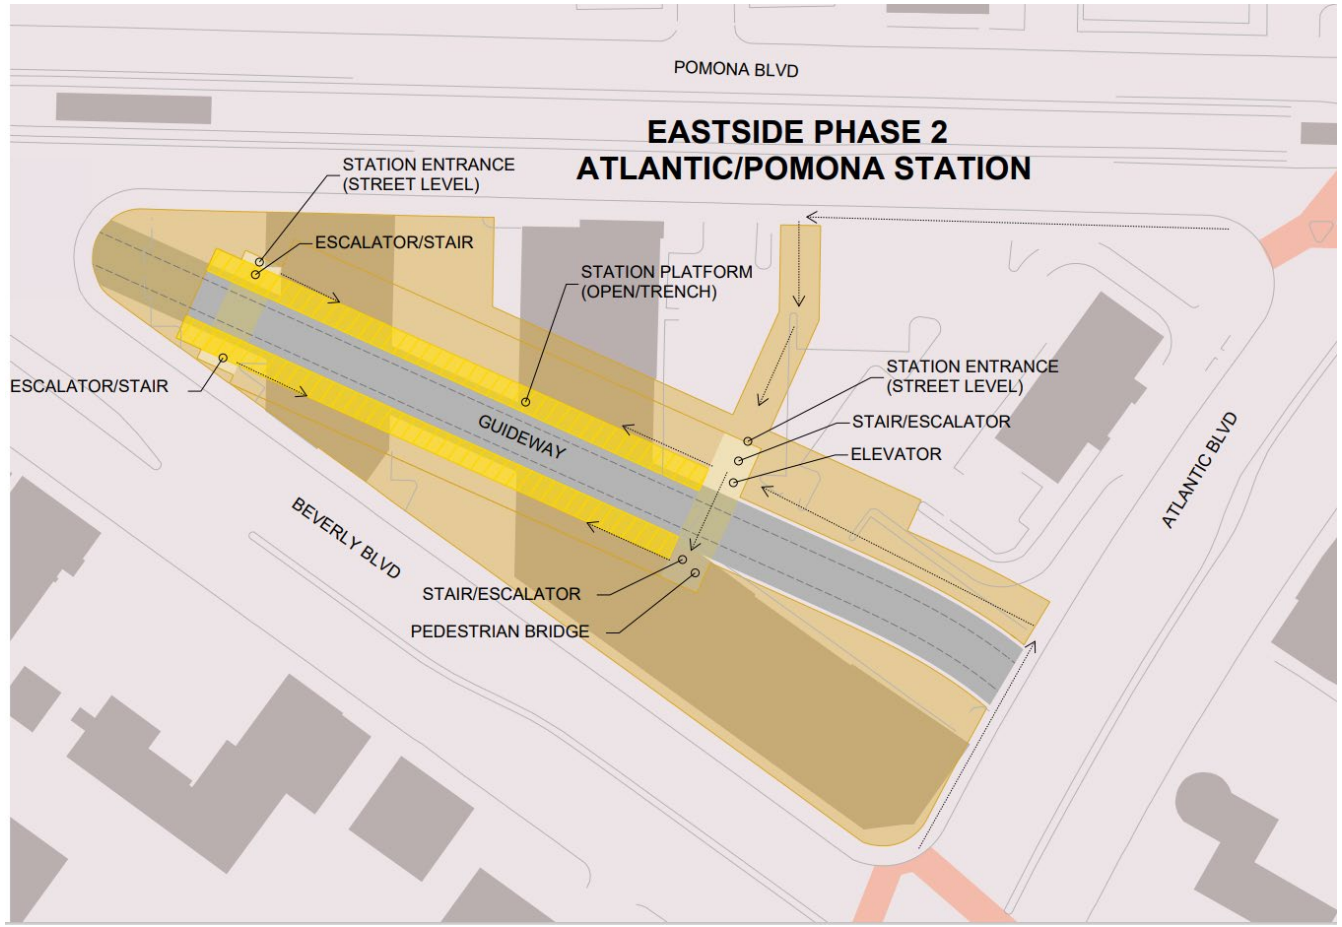
- Station access on Atlantic Bl
- Requires temporary construction and street closures on Atlantic Bl
- Location provides station access and connection to two streets: Atlantic Bl and Beverly Bl
- Air circulation needs
- Accessibility (ADA)
- Further from existing parking structure

Metro

Examples of Covered Stations

Vermont/Santa Monica Station

North Hollywood Station



Mariachi Plaza Station

Atlantic/Pomona Open Underground Station

Atlantic/Pomona Open Underground Station

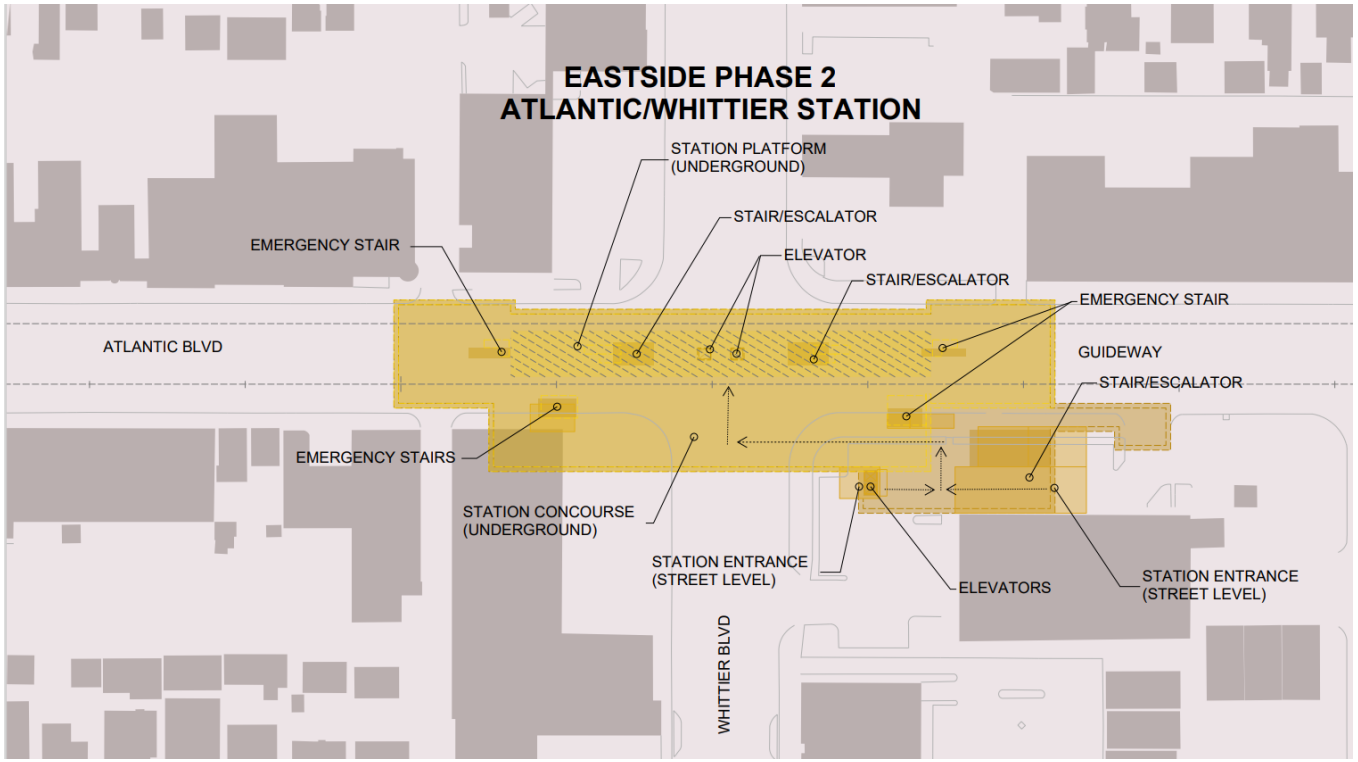
- Natural ventilation
- Improve pedestrians and bicyclist connections
- Accessibility (ADA)
- Could reduce temporary on-street construction work on Atlantic Bl
- Reduction of temporary street closures on Atlantic Bl
- Location provides station access and connection to three key streets: Pomona Bl, Beverly Bl, and Atlantic Bl
- Close to existing parking structure

Metro

Examples of Open Stations

Memorial Park Station City of Pasadena

Metro

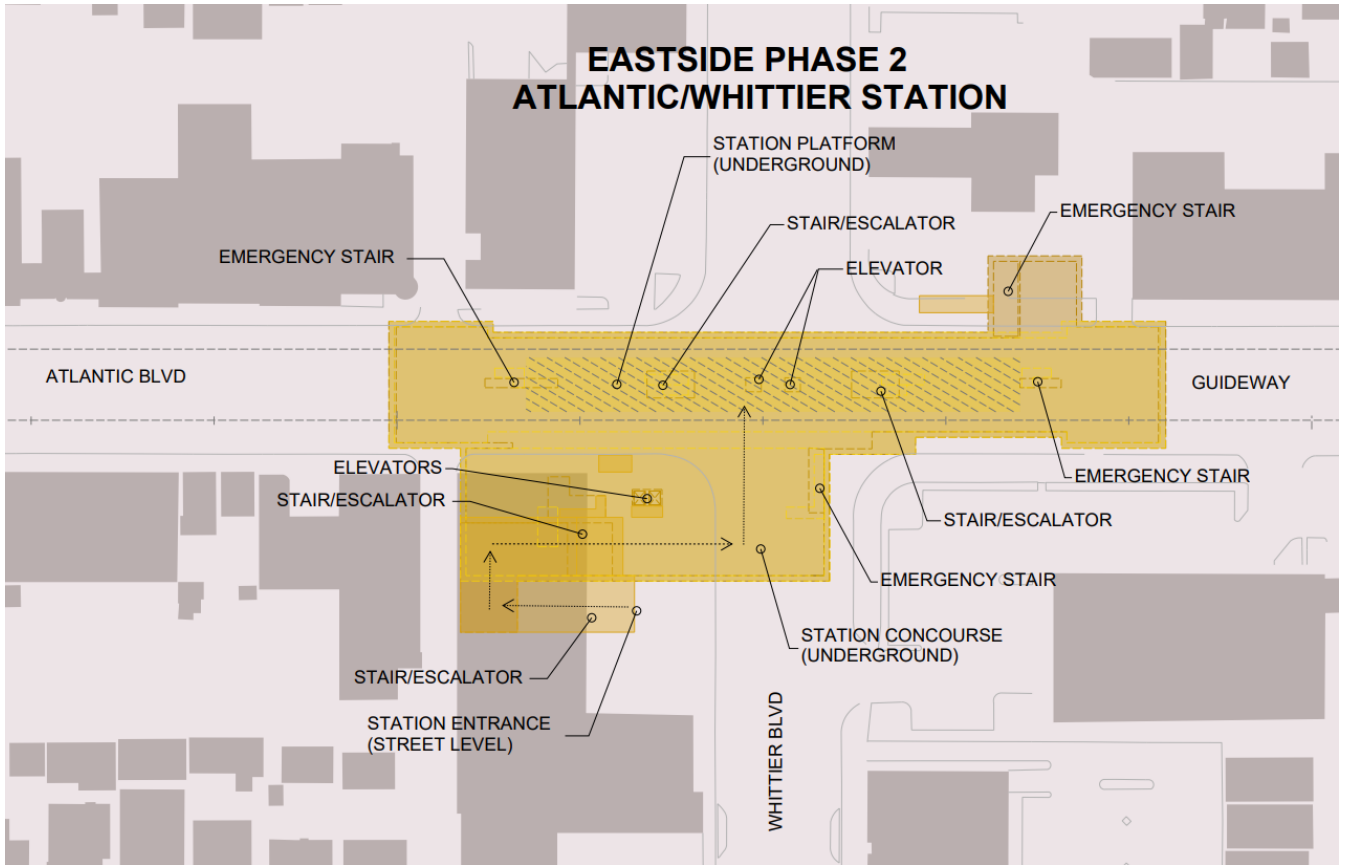


Atlantic/Pomona Station

- Is the Open Underground option worth moving forward into environmental review process and design to further study community impacts?
- Final station decision would be made later
- Please provide feedback during the breakout sessions

Atlantic/Whittier – South/West Corner (CVS)

Atlantic/Whittier – South/West Corner (CVS)



- > Sensitive historic property: Golden Gate Theater
- > Requires close coordination with National Register, historical societies and LA County
- > Constructability considerations and issues
- > Longer construction period – potential schedule delays
- > Not feasible to continue studying
- > *No es factible seguir estudiándolo*

Metro

Atlantic/Whittier – North/West Corner

Atlantic/Whittier – North/West Corner

- Property not historic: Sketchers Building
- Requires less agency review and coordination
- Reduce constructability concerns common with historic sites
- Provides streamlined approach to station portals construction
- Includes opportunity to connect with historic property
- Space available for plaza
- *Espacio disponible para una plaza*

Metro

Breakout Room Format

Webcams & mics may be enabled

To ask a question:

> Use the Raise Hand Function

> Type your question in the chat

> Call-in users dial *9 to raise your hand

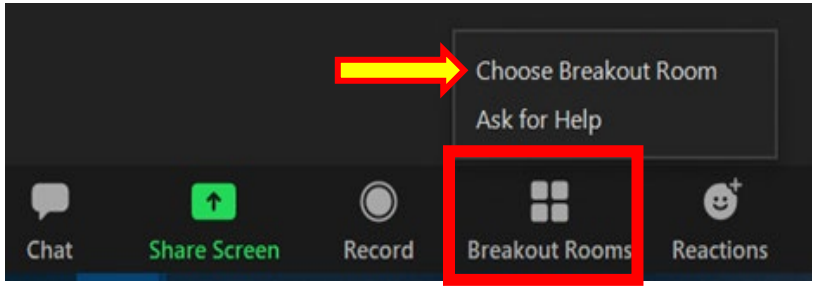
When it's your turn to speak:

> Unmute yourself

> Call-in users dial *6 to unmute your microphone

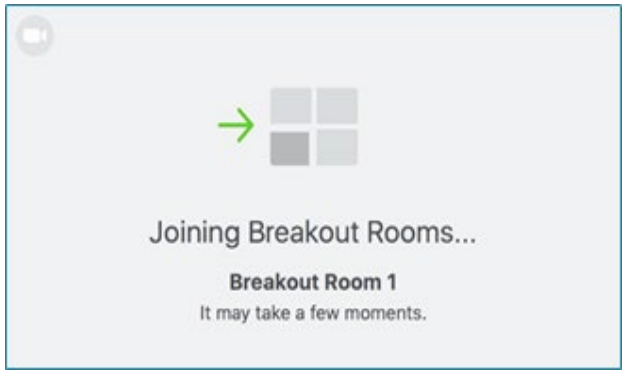
Metro

Community Input



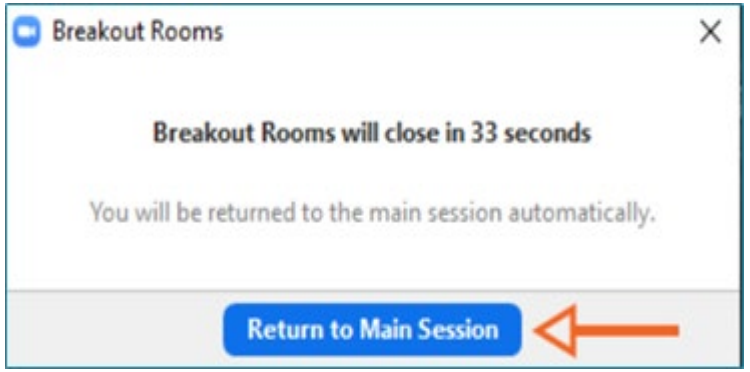
Breakout room instructions

> Participants can “self-select” room



- 50 minutes, then return to main room

> For assistance:



- **Zoom users**: Send chat message with the room you want to enter. Host will move you
- **Call-in users:** Dial *9 to orally state the room you want to be moved to

GOLD LINE EASTSIDE TRANSIT CORRIDOR PHASE 2

Actualización y opciones de la estación de East Los Angeles

15 de noviembre de 2021

Metro

Formato de la Reunión

La reunión será grabada

Interpretación en español disponible

- Por teléfono en español: 646.749.3335
- Contraseña/Código: 993-206-845

Cámaras web y micrófonos **permanecerán apagados** durante la presentación formal

Para preguntas:

- Utilice la función "levantar la mano“
- Escriba su pregunta en el chat

- Los usuarios de teléfono pueden presionar “*9” para levantar la mano

Tarifa con descuento/Programa LIFE (por sus siglas en inglés)

El cobro de tarifas y el abordaje en la puerta principal de los autobuses se reanuda el 10 de enero de 2022

Precios con descuento

- **¡Seis meses de pases a mitad de precio para todos los pasajeros!**
- Pases de 1 día, 7 días y 30 días a mitad de precio que los pasajeros pueden comenzar a usar el 10 de enero.
    - $3.50 por un pase de un día, $12.50 por un pase semanal y $50 por un pase de 30 días si no está inscrito en un programa con descuento.
- Las tarifas estarán disponibles en las máquinas TAP (por sus siglas en inglés), taptogo.net y en los centros de atención al cliente de Metro (Customer Centers) para su compra a partir del 15 de diciembre hasta el 20 de julio de 2022.

Programa de tarifa para personas de bajos ingresos es fácil (LIFE)

- ¡Seis meses de tarifas con descuento para el programa LIFE!
    - Los **nuevos** pasajeros de LIFE obtendrán **90 días de viajes gratis** a partir del 10 de enero de 2022, cuando se reanuda la colección de tarifas.
    - Pague $26 por un pase de 30 días (normalmente $76).
    - Pague $6.50 por un pase de 7 días (normalmente $19.50).
    - Para inscribirse en el programa LIFE, visite www.metro.net/riding/life/

Agenda

> Objetivo de la reunión de hoy

> Resumen y cronograma del proyecto

> Opciones de estación para la Estación Atlantic/Pomona

> Actualización de la Estación Atlantic/Whittier

> Sesiones de grupos pequeños

Nuestra Expectativa
Llevaremos a cabo una reunión respetuosa para permitir que se compartan ideas y comentarios en un ambiente abierto y justo

Metro

Objetivo de la Reunión de Hoy

> Brindar una actualización respecto del proyecto

> Reunir comentarios y opiniones sobre las opciones de la Estación Atlantic/Pomona

> Actualización de la Estación Atlantic/Whittier

Descripción del Proyecto

Próximos Pasos Típicos

> Considerar los comentarios y aportes de la comunidad y partes interesadas derivados de esta reunión

> Dependiendo de la retroalimentación, las opciones de la estación seguirán siendo estudiadas en el documento ambiental

> El equipo del proyecto proporcionará una actualización sobre los comentarios y aportes de la comunidad y los próximos pasos en el proceso ambiental, incluyendo las actividades de construcción para el proyecto propuesto

- Borrador del Informe de Impacto Ambiental
- Tuneladora (TBM, en inglés)
- Montaje de la construcción

Actualización del Borrador del Informe de Impacto Ambiental

- En febrero de 2020, la Junta aprobó la suspensión de la Ley de Política Ambiental Nacional (NEPA) y estudiar el proyecto a través de la Ley de Calidad Ambiental de California (CEQA)
- 20 temas ambientales requieren ser evaluados por CEQA, incluyendo los impactos en las comunidades y recursos naturales
- Analiza los impactos a corto plazo (construcción), a largo plazo (operativos) y acumulativos del proyecto en el medio ambiente
- Se programarán reuniones comunitarias antes de la publicación del Borrador del Informe de Impacto Ambiental (DEIR) para informar a la comunidad
- Se tiene previsto que el DEIR se publicará en la primavera/verano de 2022

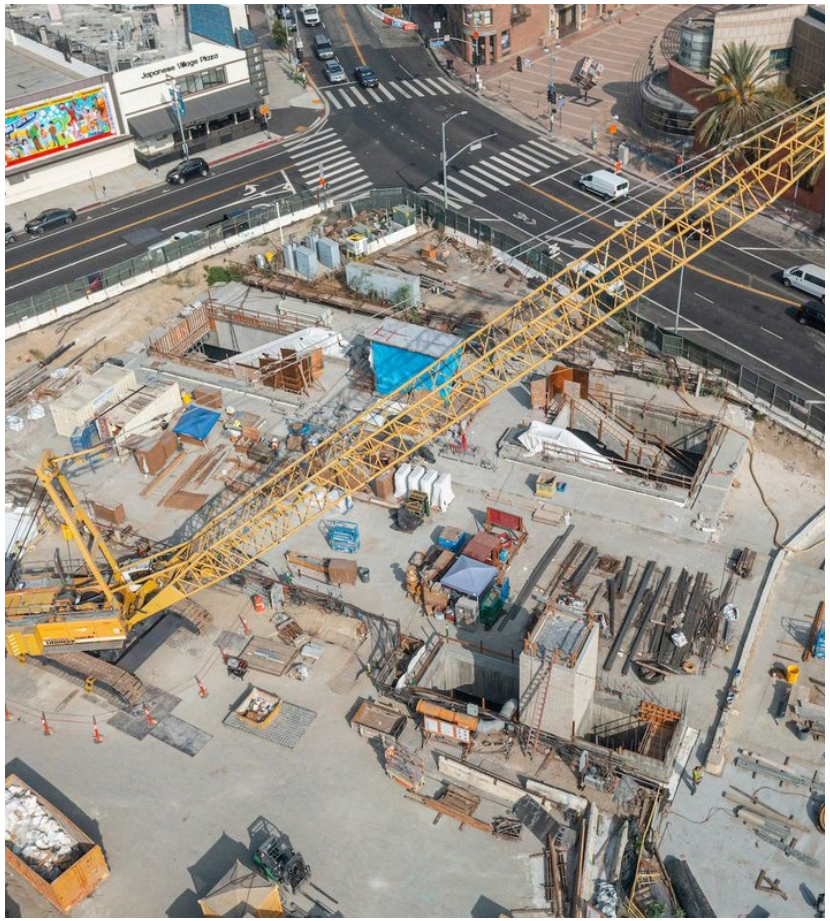
Metro

Elementos del Proyecto

Tuneladora (TBM, en inglés)

> Taladro gigante

> Perfora la tierra lentamente para excavar los túneles necesarios para un proyecto subterráneo



> Es poco probable que las personas en la superficie vean, escuchen o sientan cuando está operando

> Extraer la tuneladora del este de Los Angeles

> Requiere 2 acres

Metro

Elementos del Proyecto

Área temporal de montaje y almacenamiento de la construcción

> Incluyendo espacio de montaje, almacenamiento de equipos/ materiales, estacionamiento de vehículos de construcción, etc.

Falso Túnel en las Áreas de la Estación

> Opening the ground surface to an adequate depth
> Abrir la superficie del suelo a una profundidad adecuada
> Sustentar o reubicar las líneas de servicios públicos existentes
> La abertura de la superficie se cubre con un piso de plataforma temporal para permitir el desplazamiento del tráfico y de peatones por arriba mientras se realiza la excavación debajo del piso de plataforma
> También se sustentarán los cimientos de los edificios adyacentes, según sea necesario
> Se rellena el espacio restante excavado y se restaura la calle

Metro

La Visión y Metas del Proyecto de Metro

La Visión de Metro

> Aumentar la prosperidad para todos al eliminar las barreras de movilidad.
> Permitir una movilidad rápida y fácil en todo el Condado de Los Angeles, en cualquier momento y
> Facilitar más viajes a través de una variedad de opciones de movilidad de alta calidad

Metas del Proyecto (no incluye todas las metas del proyecto y está sujeta a cambios)

> Mejor acceso a la red regional de trenes y autobuses en el Condado de Los Angeles y más allá
> Mejor acceso del transporte público a los centros de empleo regionales
> Línea de transporte de alta capacidad que mejorará el tiempo de viaje en áreas de bajos ingresos que dependen del transporte

Metro

ONGOING PUBLIC PARTICIPATION

PARTICIPACIÓN PÚBLICA CONTINUA

La Fase 2 del Corredor de Transporte del Lado Este es un proyecto de cuatro pilares. El cronograma está sujeto a cambios por instrucciones de la Junta de Metro

Metro

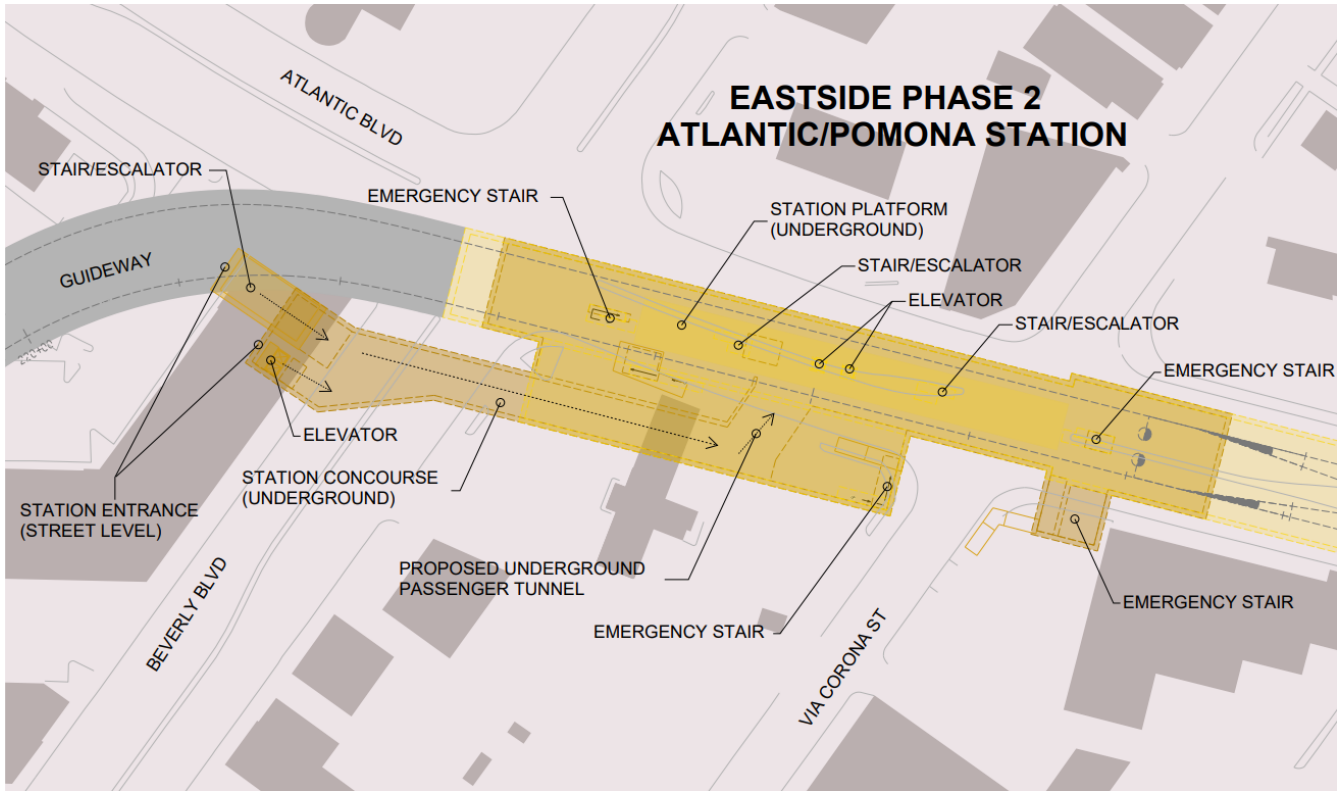
Atlantic/Pomona

Oportunidades y Consideraciones de Diseño

> El segmento subterráneo inicia en Atlantic y Pomona

> Reevaluar la estación existente y otras opciones de diseño

> Permanecer subterráneo



> Evaluar los beneficios e impactos de la comunidad

Metro

Atlantic/Pomona

Estación Subterránea Cubierta de Atlantic/Pomona

- Acceso a la estación en Atlantic Bl
- Requiere construcción temporal y cierres de calles en Atlantic Bl
- La ubicación ofrece acceso a la estación y conexión a dos calles: Atlantic Bl y Beverly Bl
- Necesidades de circulación de aire
- Accesibilidad (ADA en inglés)
- Más lejos de la estructura de estacionamiento existente

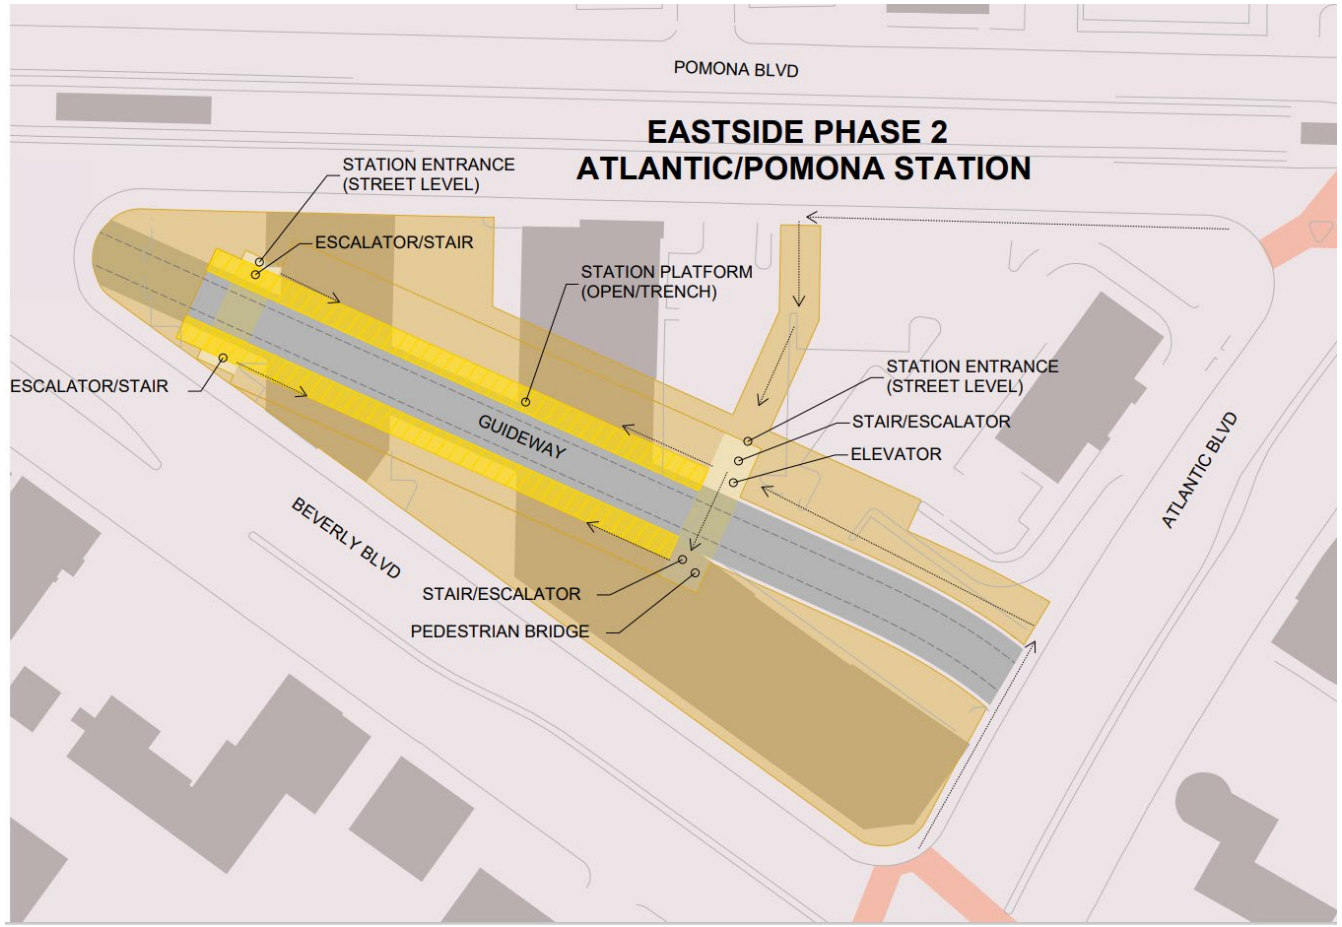
Metro

Ejemplos de Estaciones Cubiertas

Estación de Vermont/Santa Monica

Estación de North Hollywood

Estación de Mariachi Plaza



Metro

Estación Subterránea Abierta de Atlantic/Pomona

Estación Subterránea Abierta de Atlantic/Pomona

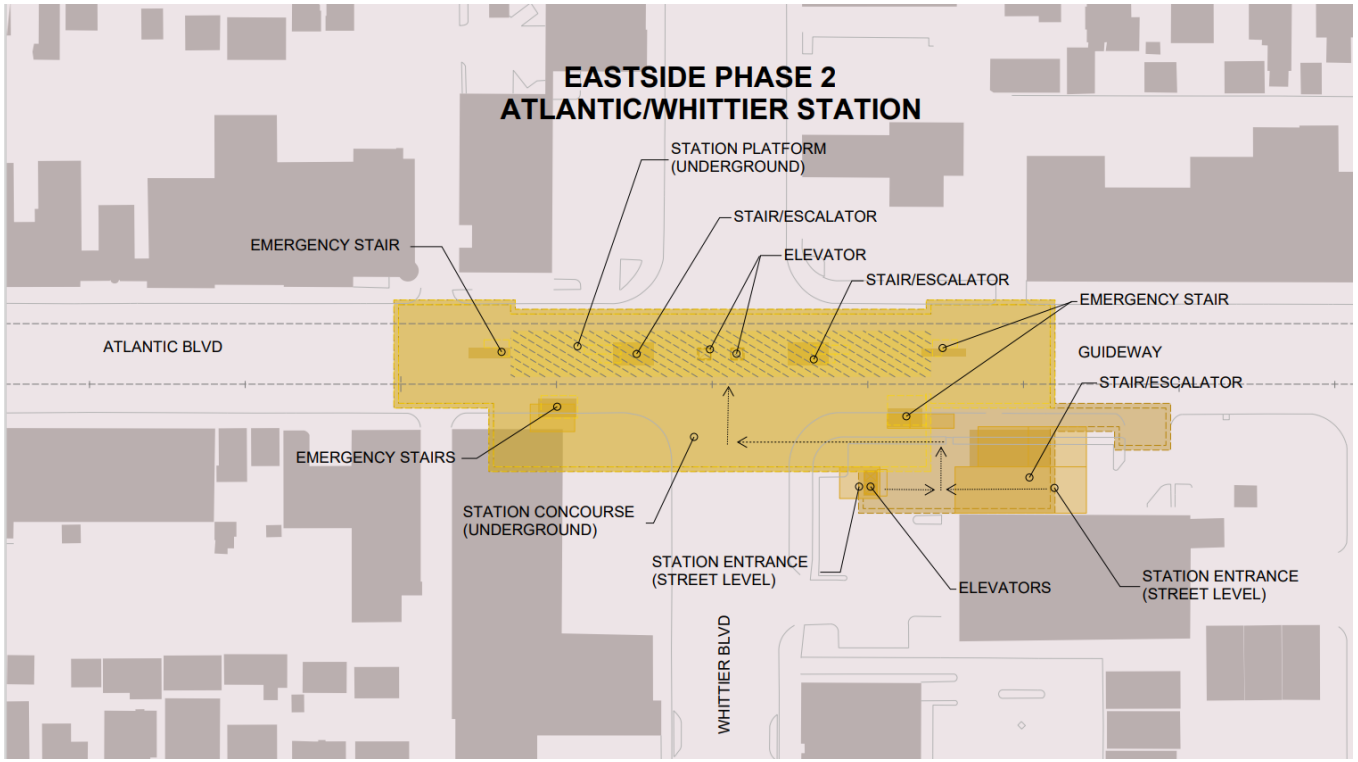
- Ventilación natural
- Mejora las conexiones de peatones y ciclistas
- Accesibilidad (ADA en inglés)
- Podría reducir la construcción temporal en la calle a lo largo de Atlantic Bl
- Reducción en los cierres temporales de calles a lo largo de Atlantic Bl
- La ubicación ofrece acceso a la estación y conexión a tres calles clave: Pomona Bl, Beverly Bl y Atlantic Bl
- Cerca de la estructura de estacionamiento existente

Metro

Ejemplos de Estaciones Abiertas

Estación de Memorial Park Ciudad de Pasadena

Metro

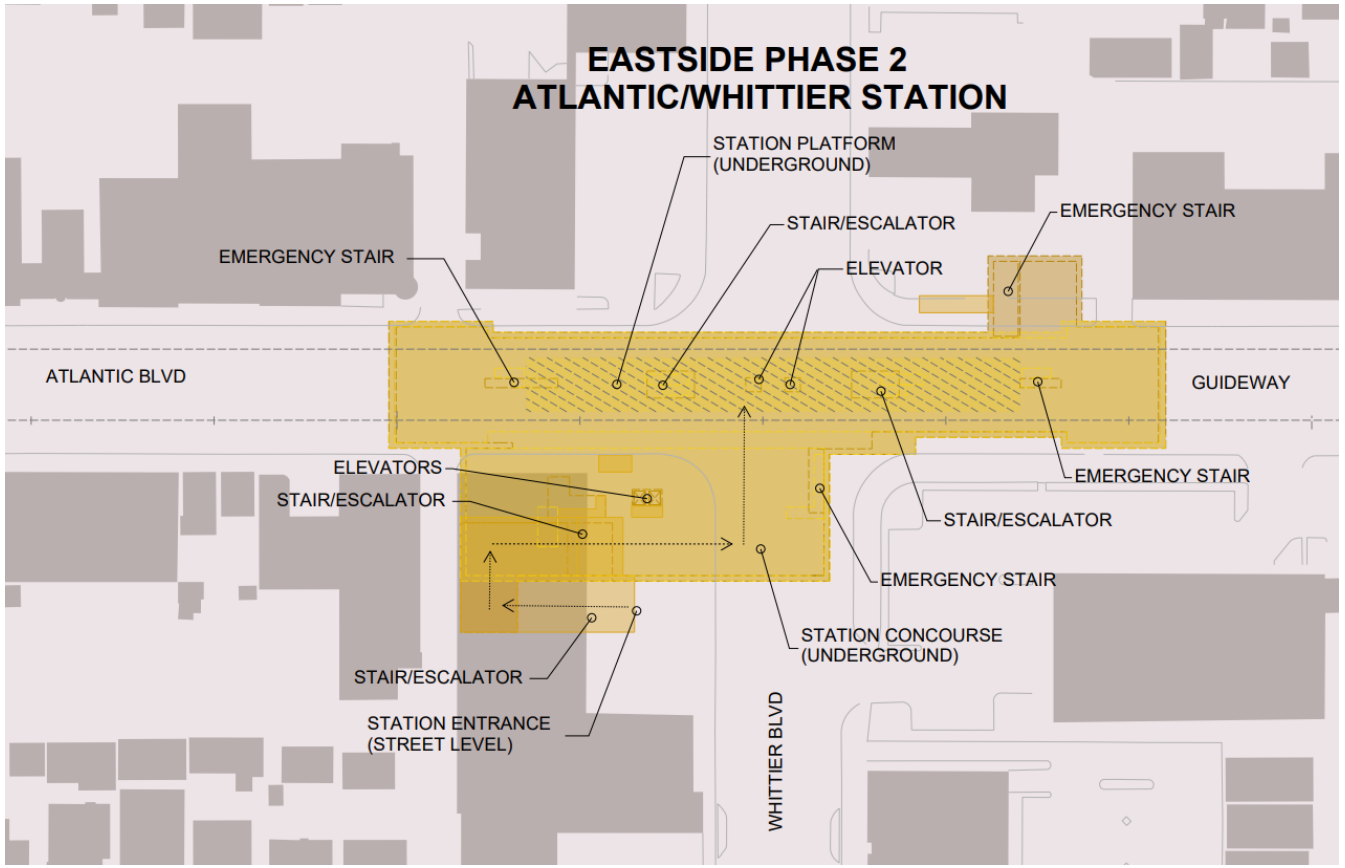


Estación de Atlantic/Pomona

- ¿Vale la pena continuar avanzando con el proceso de revisión ambiental y diseño de la opción Subterránea Abierta para estudiar más a fondo los impactos en la comunidad?
- La decisión final de la estación se tomaría más adelante
- Favor de proporcionar comentarios durante las sesiones de grupos pequeños

Atlantic/Whittier – Esquina Sur/Oeste (CVS)

Atlantic/Whittier – Esquina Sur/Oeste (CVS)



- Propiedad histórica sensible: Golden Gate Theater
- Requiere una estrecha coordinación con el Registro Nacional, las sociedades históricas y el condado de Los Angeles
- Constructability considerations and issues
- Período de construcción más largo – posibles retrasos en el cronograma
- No es factible seguir estudiándolo

Metro

Atlantic/Whittier - Esquina Norte/Oeste

Atlantic/Whittier - Esquina Norte/Oeste

- Propiedad no histórica: Edificio de Sketchers
- Requiere menos revisión y coordinación de la agencia
- Reduce los problemas de constructibilidad comunes en los sitios históricos
- Ofrece un enfoque simplificado para la construcción de portales de estaciones
- Incluye la oportunidad de conectarse con propiedades históricas
- Espacio disponible para una plaza

Metro

Formato de la Sala para Grupos Pequeños

Cámaras web y micrófonos **pueden estar activados**

Para preguntas:

> Utilice la función "levantar la mano“

> Escriba su pregunta en el chat

> Los usuarios de teléfono pueden presionar “*9” para levantar la mano

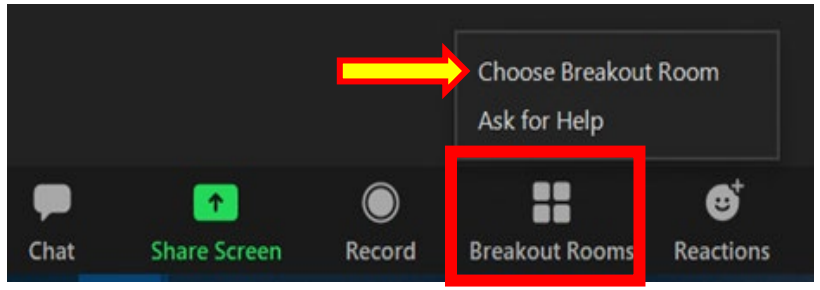
Cuando sea tu turno de hablar:

> Retire la función de silencio

> Usuarios de teléfono presione “*6” para activar su micrófono cuando escuche que se anuncie su número

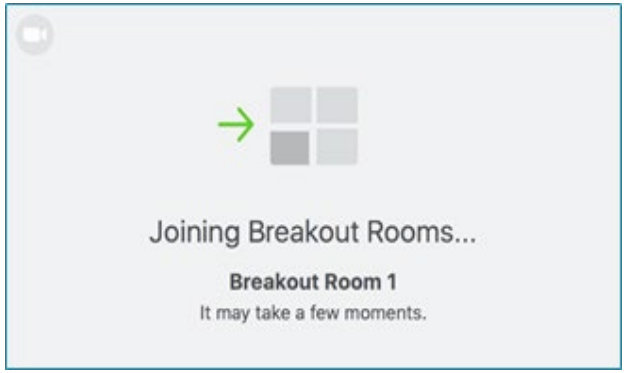
Metro

Aportes de la comunidad



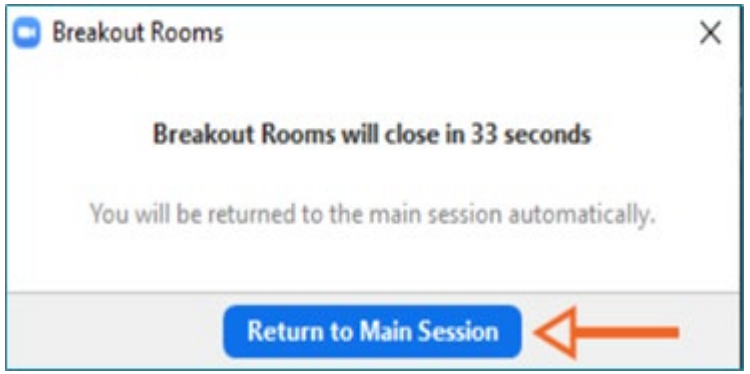
Instrucciones de la sala pequeña

> Participantes pueden "escoger por sí mismos" una sala



- 50 minutos, luego regrese a la sala principal

> Para asistencia:



- **Usuarios de Zoom:** Envíe un mensaje de chat con la sala a la que desea ingresar. Anfitrión lo cambiará
- **Call-in users:** Dial *9 to orally state the room you want to be moved to
- **Usuarios que están llamando:** Marque “*9” para indicar oralmente la sala a la que desea

ONGOING PUBLIC PARTICIPATION

Eastside Transit Corridor Phase 2 is a four-pillar project. Schedule is subject to change per Metro Board direction

Metro

Project Overview: Washington Alternative

Metro

Draft Environmental Impact Report Update

> In Feb 2020, Board approved the discontinuance of the National Environmental Policy Act (NEPA) and studying the project through the California Environmental Quality Act (CEQA)

> 20 Environmental topics are required to be evaluated by CEQA, including impacts to communities and natural resources

> Looks at short-term (construction), long-term (operational), and cumulative impacts of project on the environment

> Community meetings will be scheduled prior to the release of the DEIR to inform the community

> The DEIR is anticipated to be released in Spring/Summer 2022

Metro

Draft Environmental Impact Report Update

Range of Alternatives

> Proposed Project:
  - Washington Alternative – Design options

> Build Alternatives:
  - Potential Initial Operating Segments (IOS) – Design options

> No Project

Design Options

Brief history of grade crossing analysis

> 2014 Evaluated at-grade and aerial design option and grade crossing analysis

> 2019 Re-evaluated grade crossing analysis

Metro

Grade Separation Policy

Grade Crossing Policy:

> Presents a framework for evaluating traffic safety and operations related to at-grade crossings, identifying the need for safety treatments and/or grade separation

> Policy includes a systematic review process

Evaluated:

Categorize each at-grade crossing based on train frequencies and roadway volumes conflicting with LRT operations

> Typically based upon estimated peak hour per-lane volume of traffic crossing the alignment based on generalized growth factors

> Traffic volumes derived from Metro's Travel Demand Model

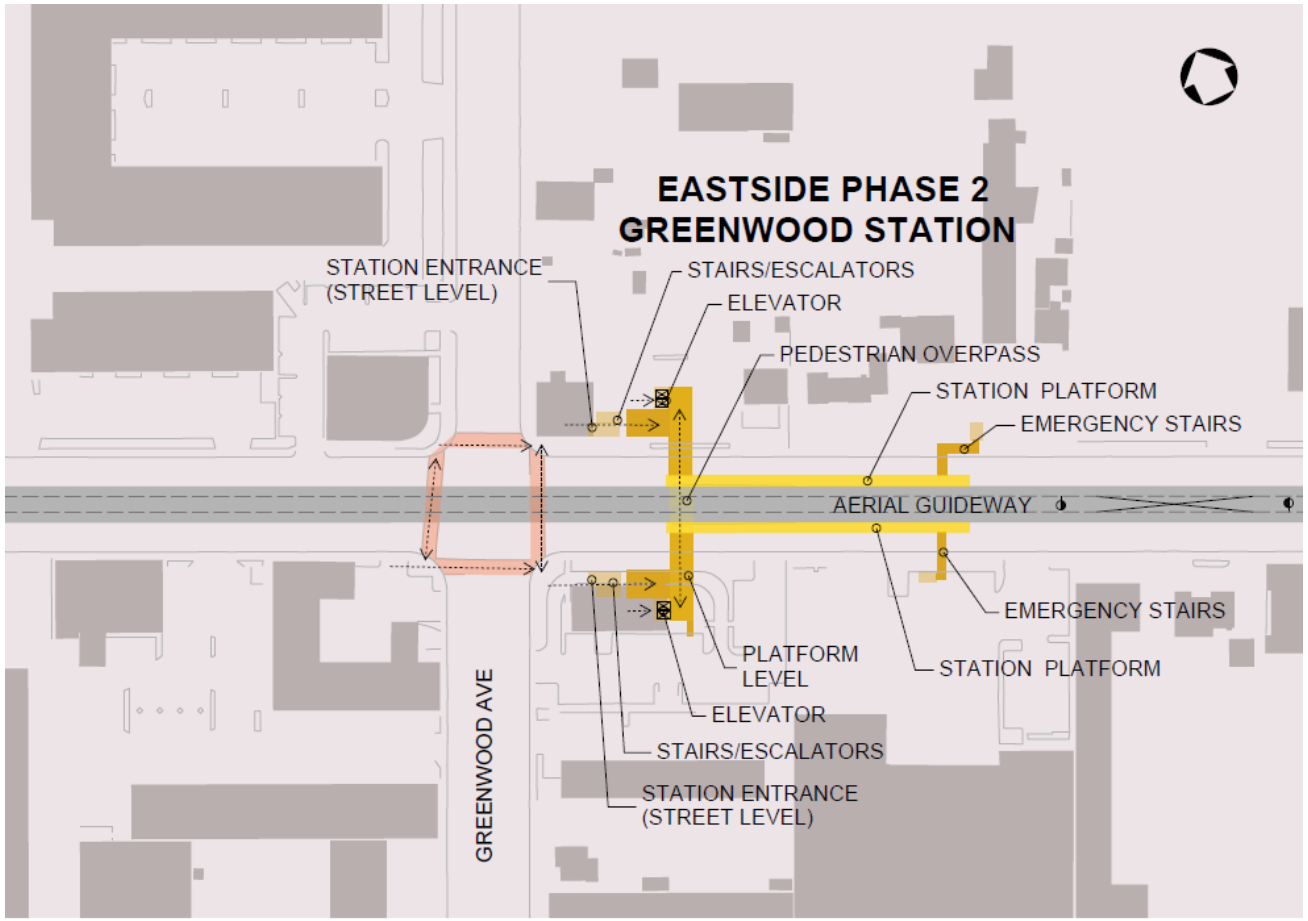
> Forecasts also considers station, park and ride, and kiss and ride locations

Metro

Grade Separation Policy

Possible determination from the analysis:

> At-Grade Operation Should be Feasible



> Possible At-Grade Operation

> Grade Separation Usually Required

According to initial screening criteria, the Greenwood Avenue Crossing was evaluated to be within the realm of the ***"At Grade Operation Should Be Feasible"***

Metro

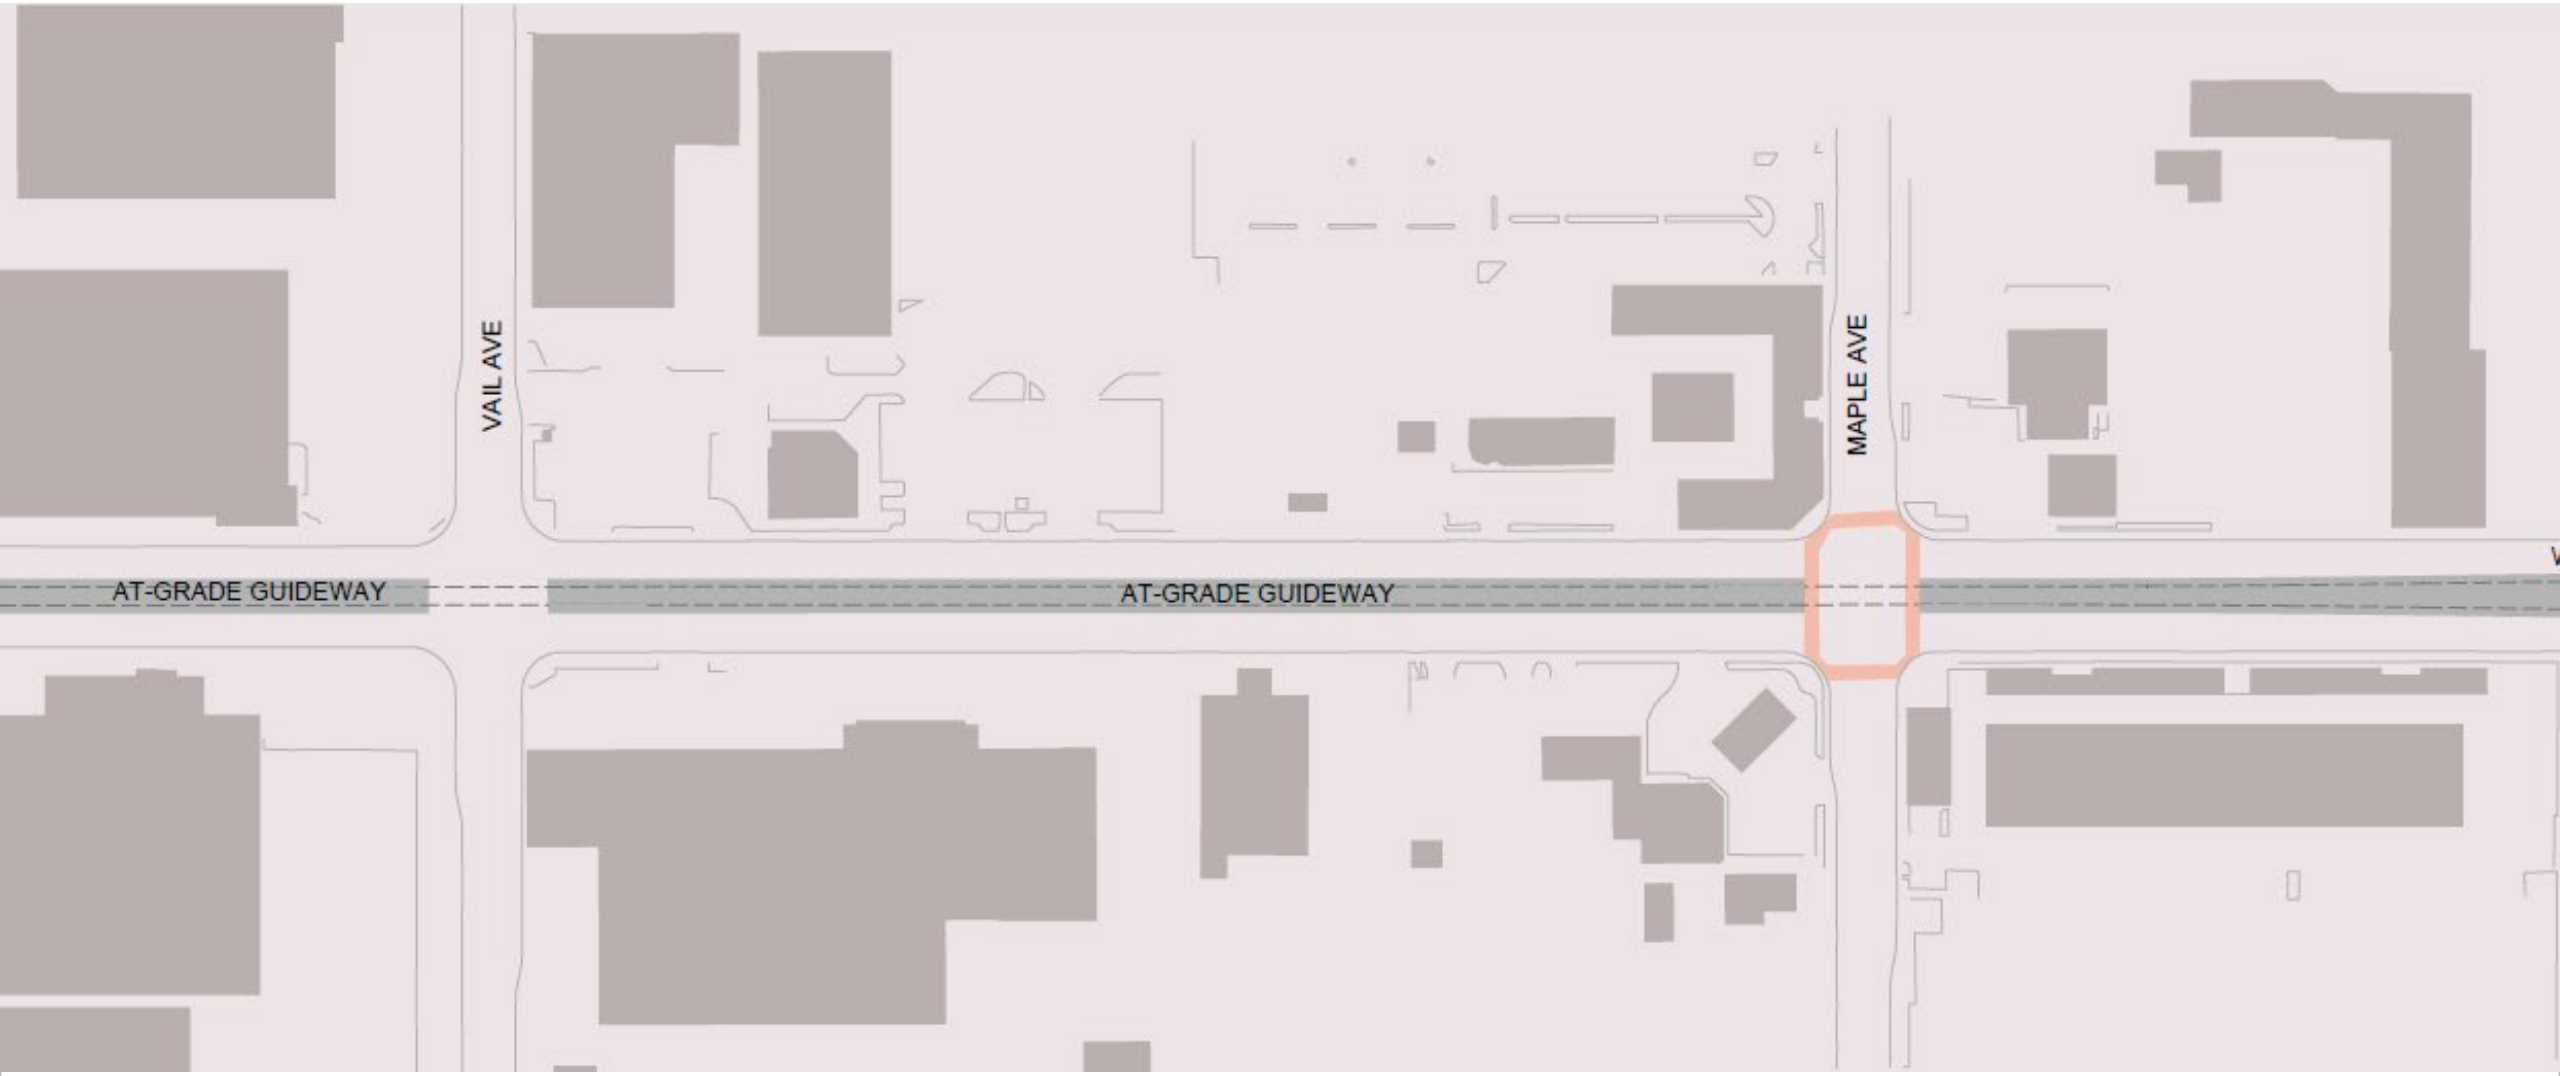
Greenwood Aerial Station

- Station access requires vertical circulation with escalators and elevators
- Accessibility (ADA)
- Requires additional right of row to accommodate station structure
- Station structure height would be approximately 60’

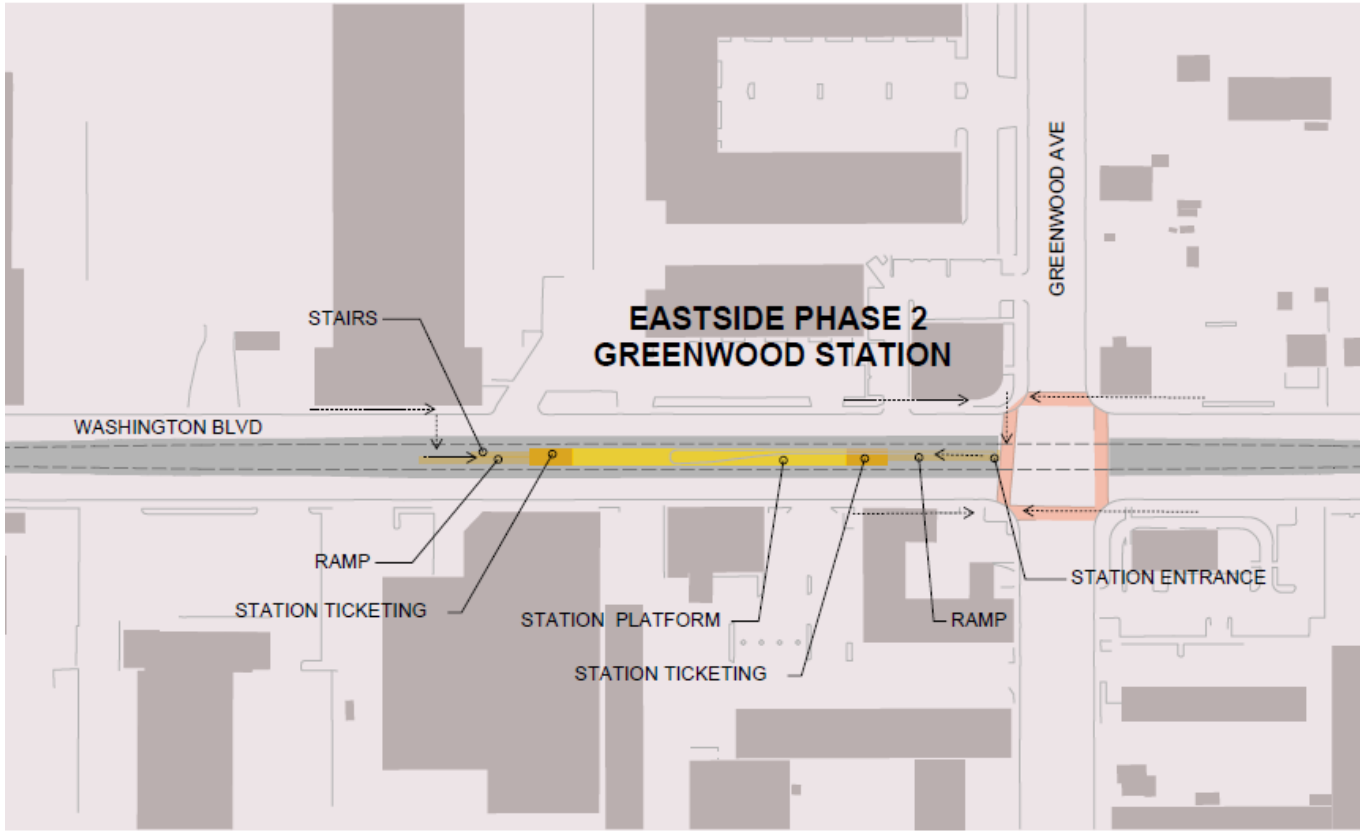
Greenwood Aerial Station

Metro E Line – La Brea Station

Metro L Line – Chinatown Station



At-grade Segment



Metro

At-grade Segment

Greenwood At-grade Station

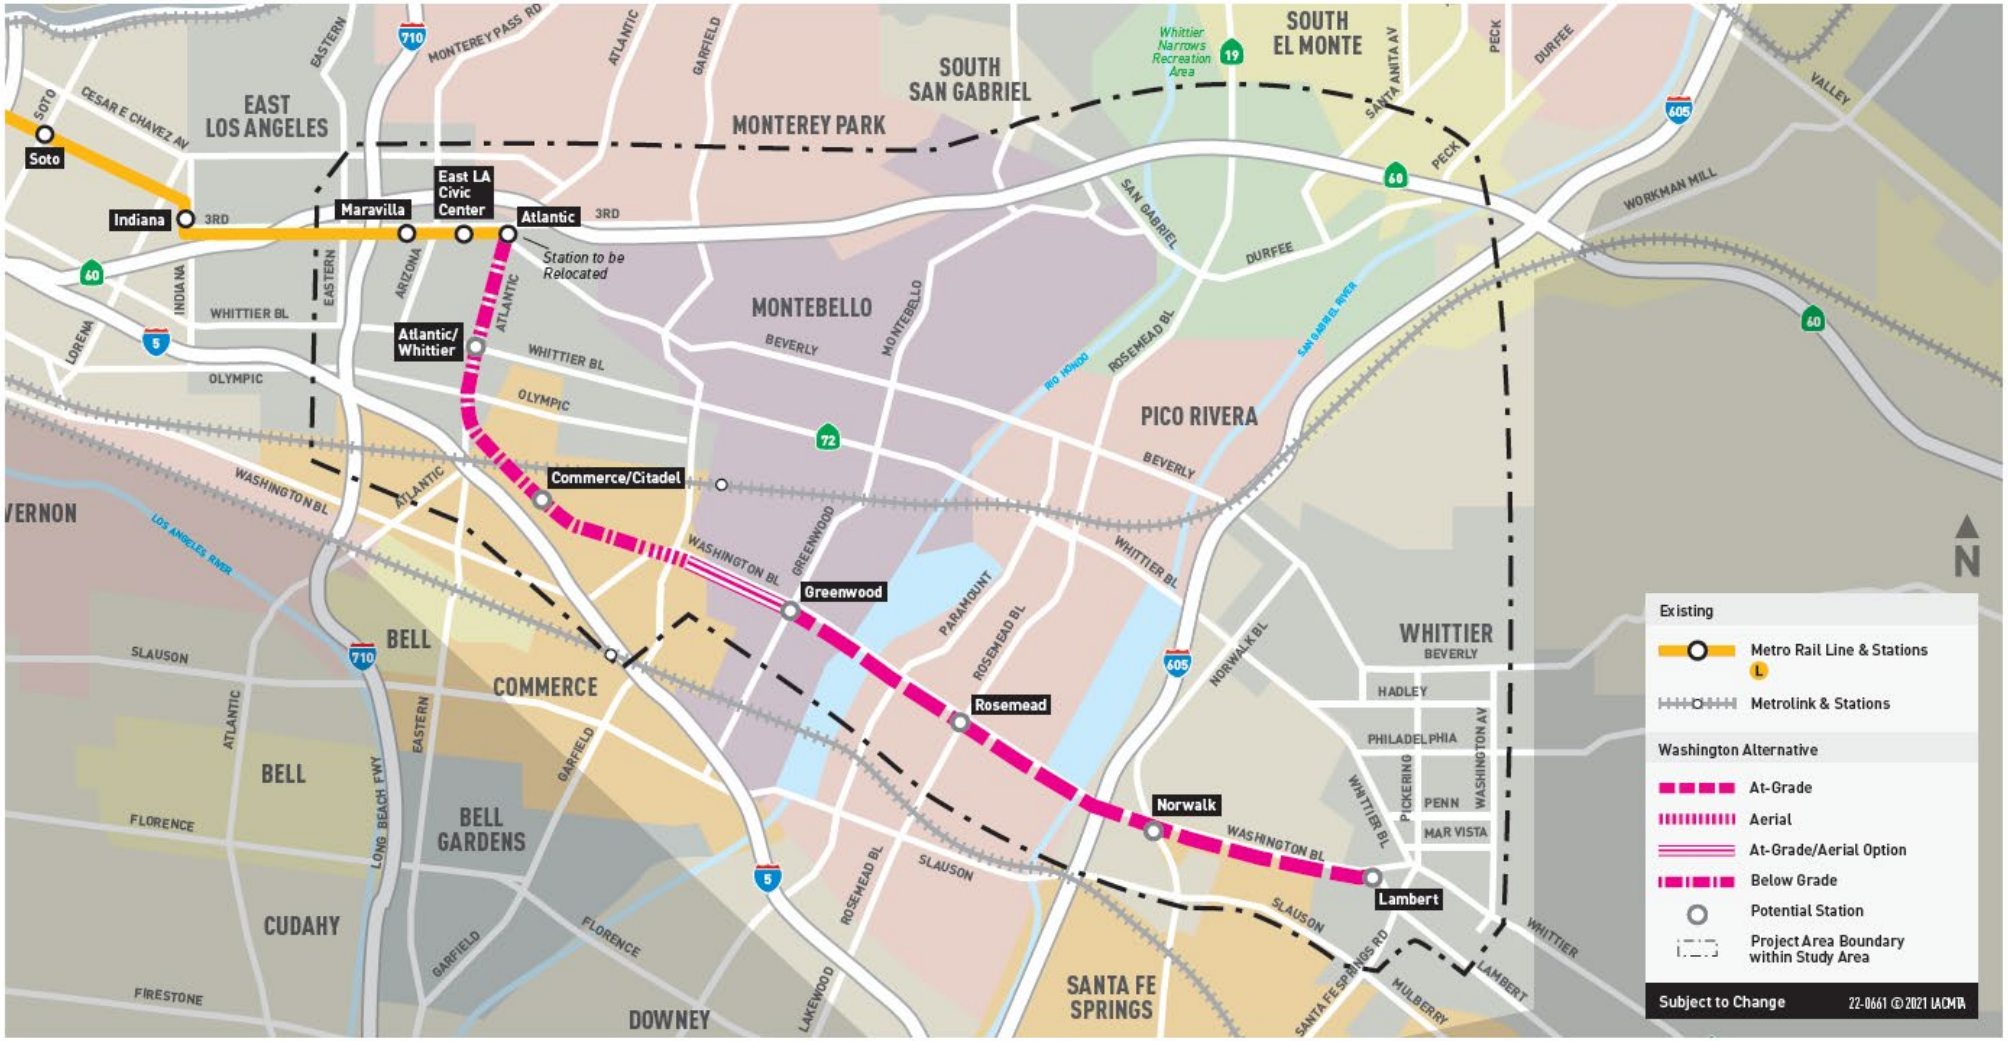
- Station access is at ground level making the station easier to access
- Accessibility (ADA)
- Station area footprint is compact
- Improved community integration with station level on the ground

Metro

Greenwood At-grade Station

Metro E Line – Santa Monica Station

Metro L Line – 17th Street Station



Metro

Next Steps

- Consider feedback and input from the community and stakeholders
- The design options will continue to be studied in the environmental document
- Community meetings will be held in advance of the release DEIR
- Anticipated release of the DEIR in Spring/Summer 2022
- Public hearings will be schedule for public comment on the DEIR

Gama de alternativas

> Proyecto propuesto:
  - Alternativa de Washington Alternative – Opciones de diseño

> Alternativas de construcción:
  - Posibles segmentos operativos iniciales (IOS, en inglés): opciones de diseño

> No Proyecto

Opciones de Diseño

Breve historia del análisis de cruce de nivel

> Se evaluó la opción de diseño aéreo y de grado y el análisis de cruce de nivel en 2014

> Análisis de cruce de grado fue reevaluado en 2019

Metro

Política de separación de grados

Política de cruce de nivel:

> Presenta un marco para evaluar la seguridad del tráfico y las operaciones relacionadas con los cruces a nivel, identificando la necesidad de tratamientos de seguridad y/o separación de grados

> La política incluye un proceso de revisión sistemática

Evaluar:

Categorizar cada cruce a nivel en función de las frecuencias de los trenes y los volúmenes de las carreteras que entran en conflicto con las operaciones de LRT (en inglés)

> Por lo general, se basa en el volumen estimado de tráfico por hora pico por carril que cruza la alineación en función de factores de crecimiento generalizados

> Volúmenes de tráfico derivados del Modelo de Demanda de Viajes de Metro

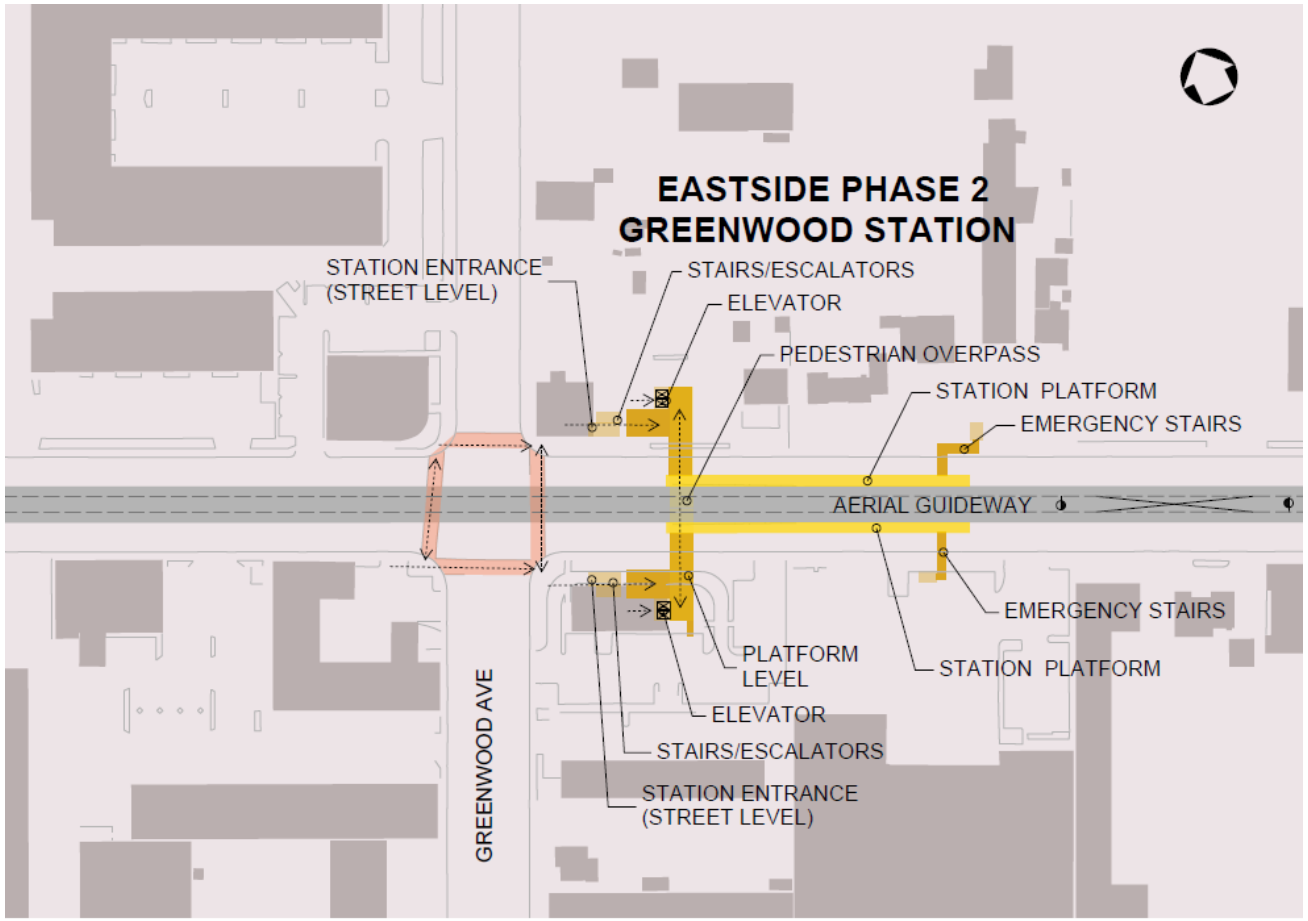
> Los pronósticos también consideran la estación, lugara para estacionarse, y la acera para despedirse y viajar

Metro

Política de separación de grados

Posible determinación a partir del análisis:

> La operación a nivel debe ser factible



> Posible operación a nivel

> Separación de grado generalmente requerida

De acuerdo con los criterios de selección iniciales, se evaluó que el cruce de Greenwood Avenue estaba dentro del ámbito de la **"Operación a nivel debería ser factible“**

Metro

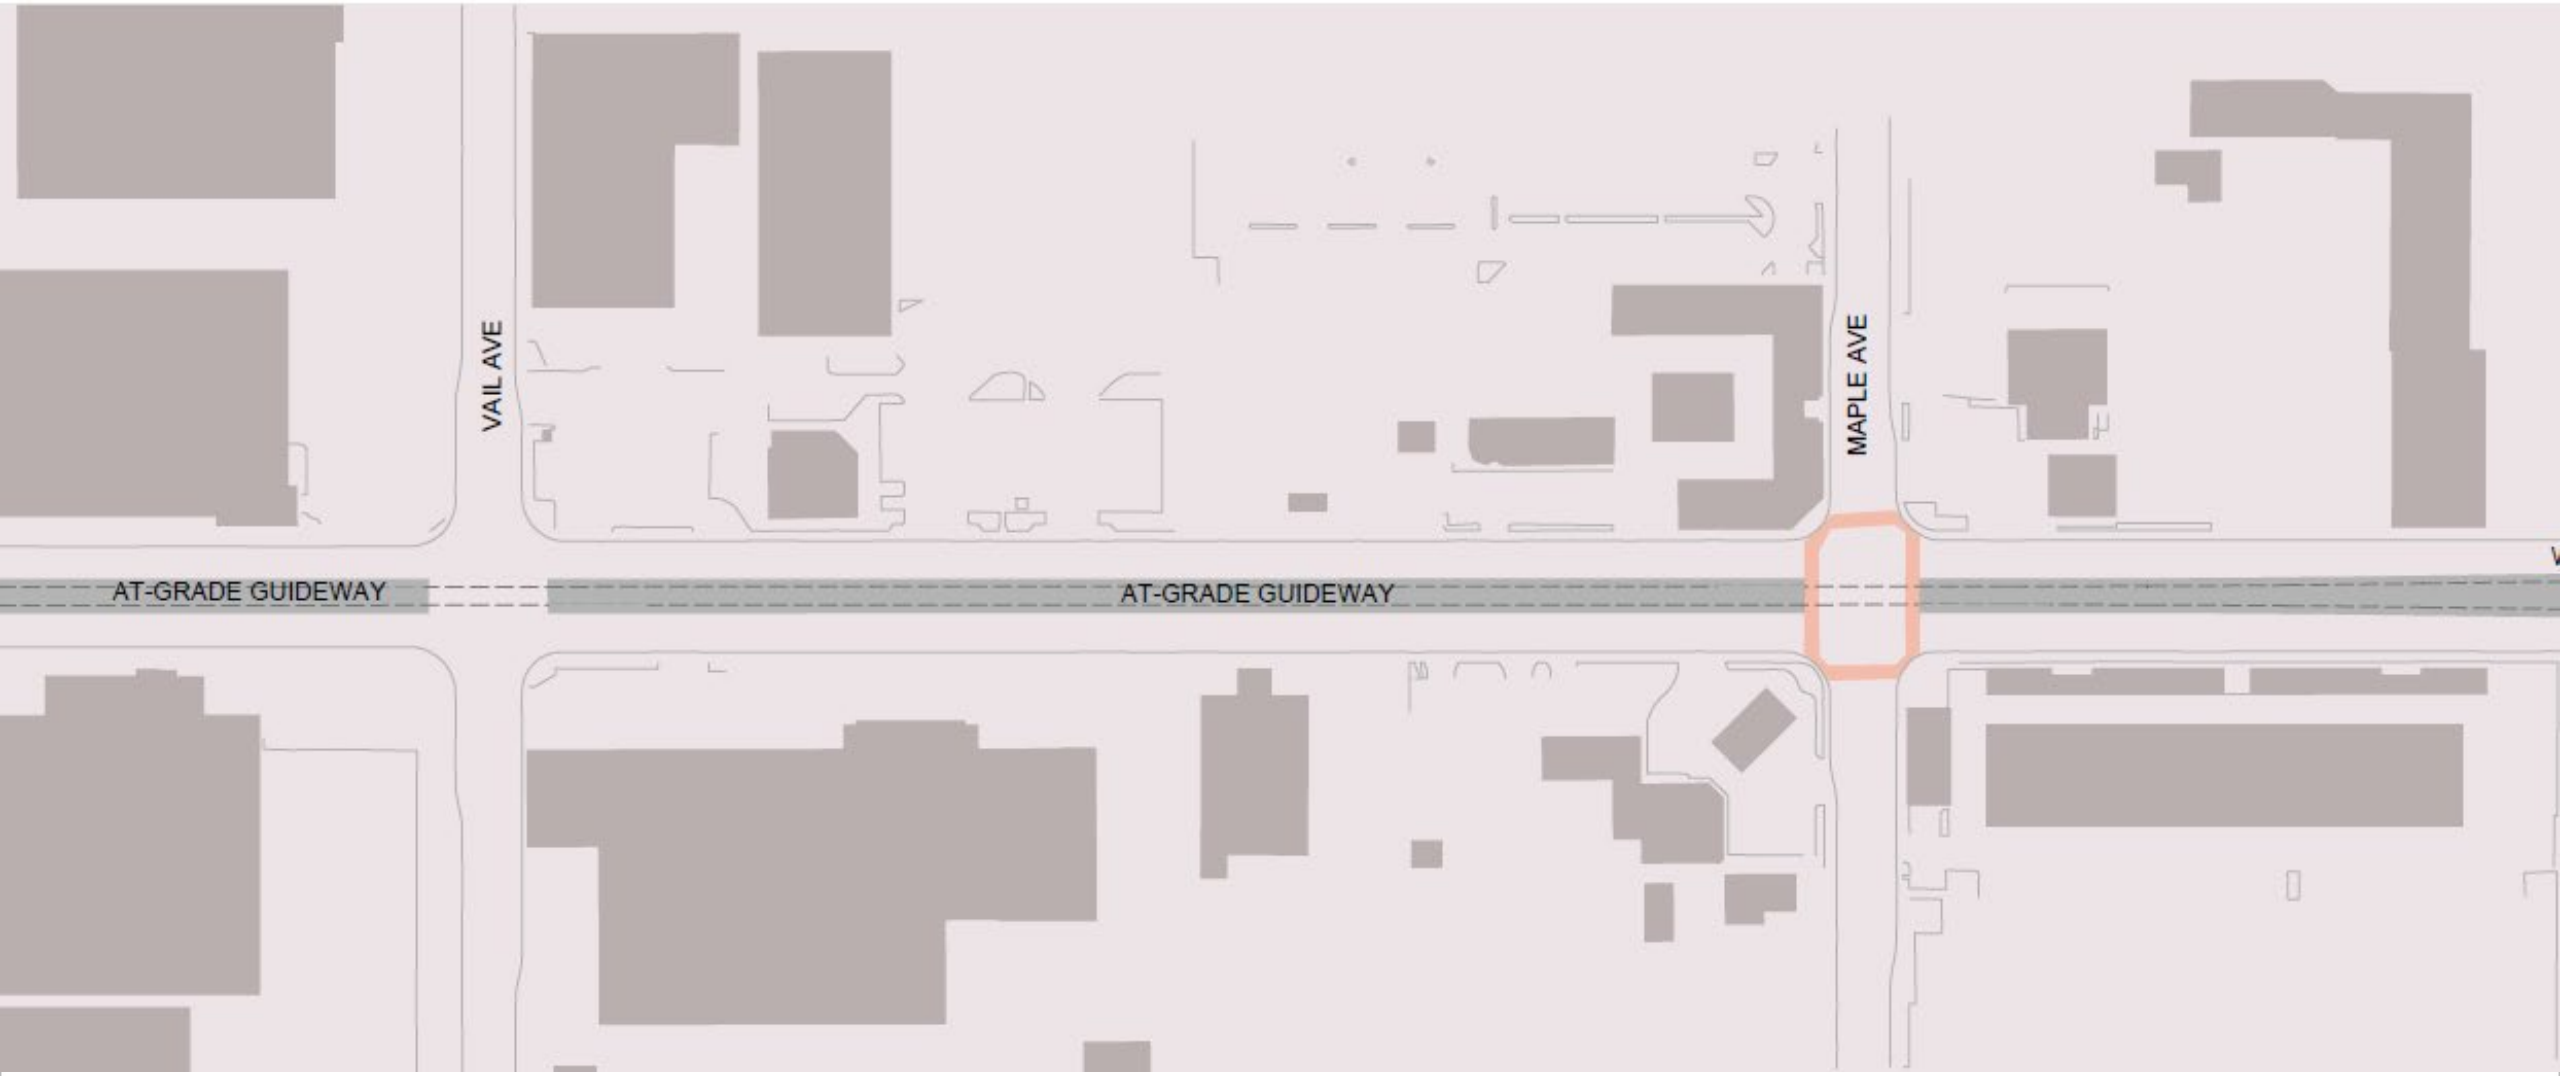
Estación aérea de Greenwood

- El acceso a la estación requiere circulación vertical con escaleras mecánicas y ascensores
- Accesibilidad (ADA, en inglés)
- Requiere derecho de fila adicional para acomodar la estructura de la estación
- La altura de la estructura de la estación sería de aproximadamente 60'

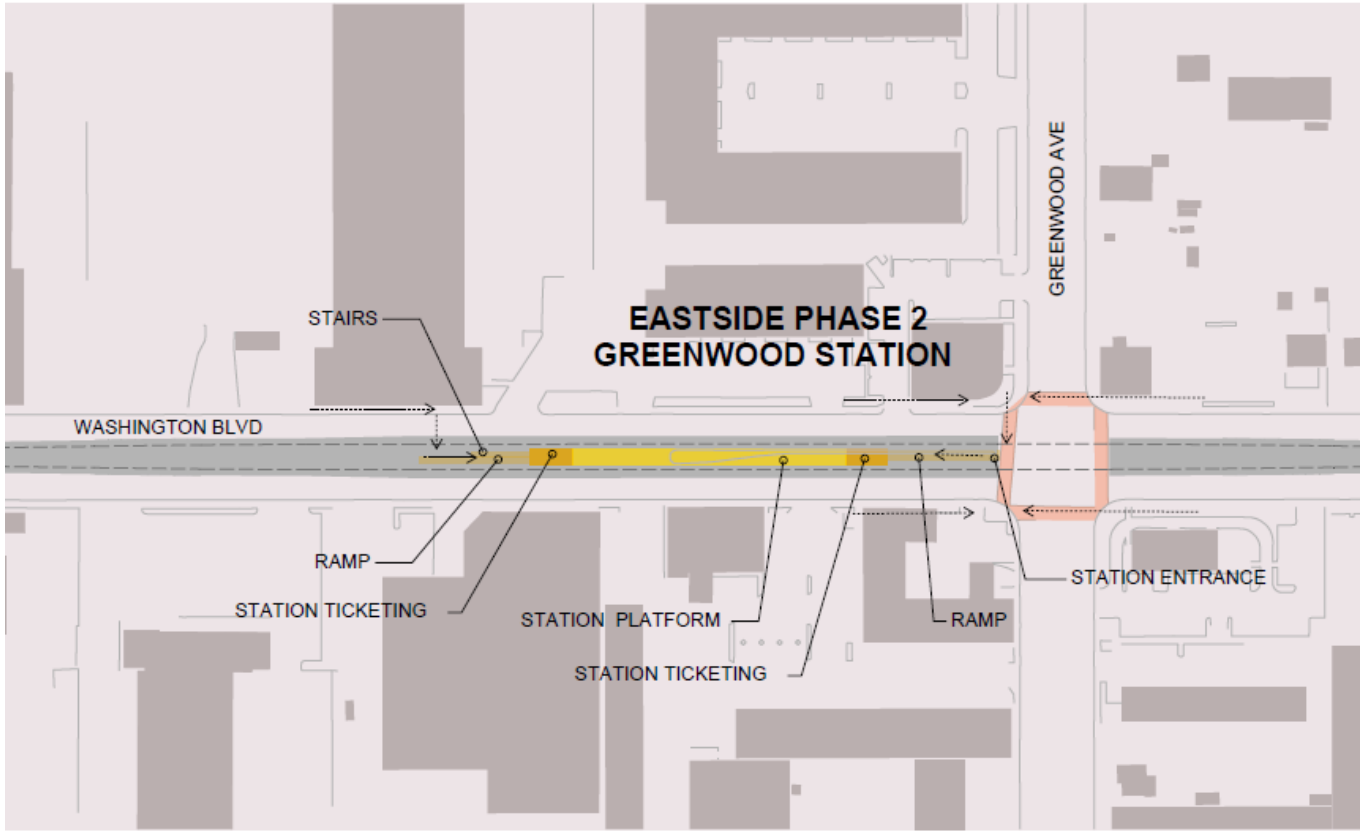
Metro

Estación aérea de Greenwood

Línea E de Metro – Estación de La Brea



Línea L de Metro – Estación de Chinatown



Segmento de grado

Segmento de grado

Estación de grado de Greenwood

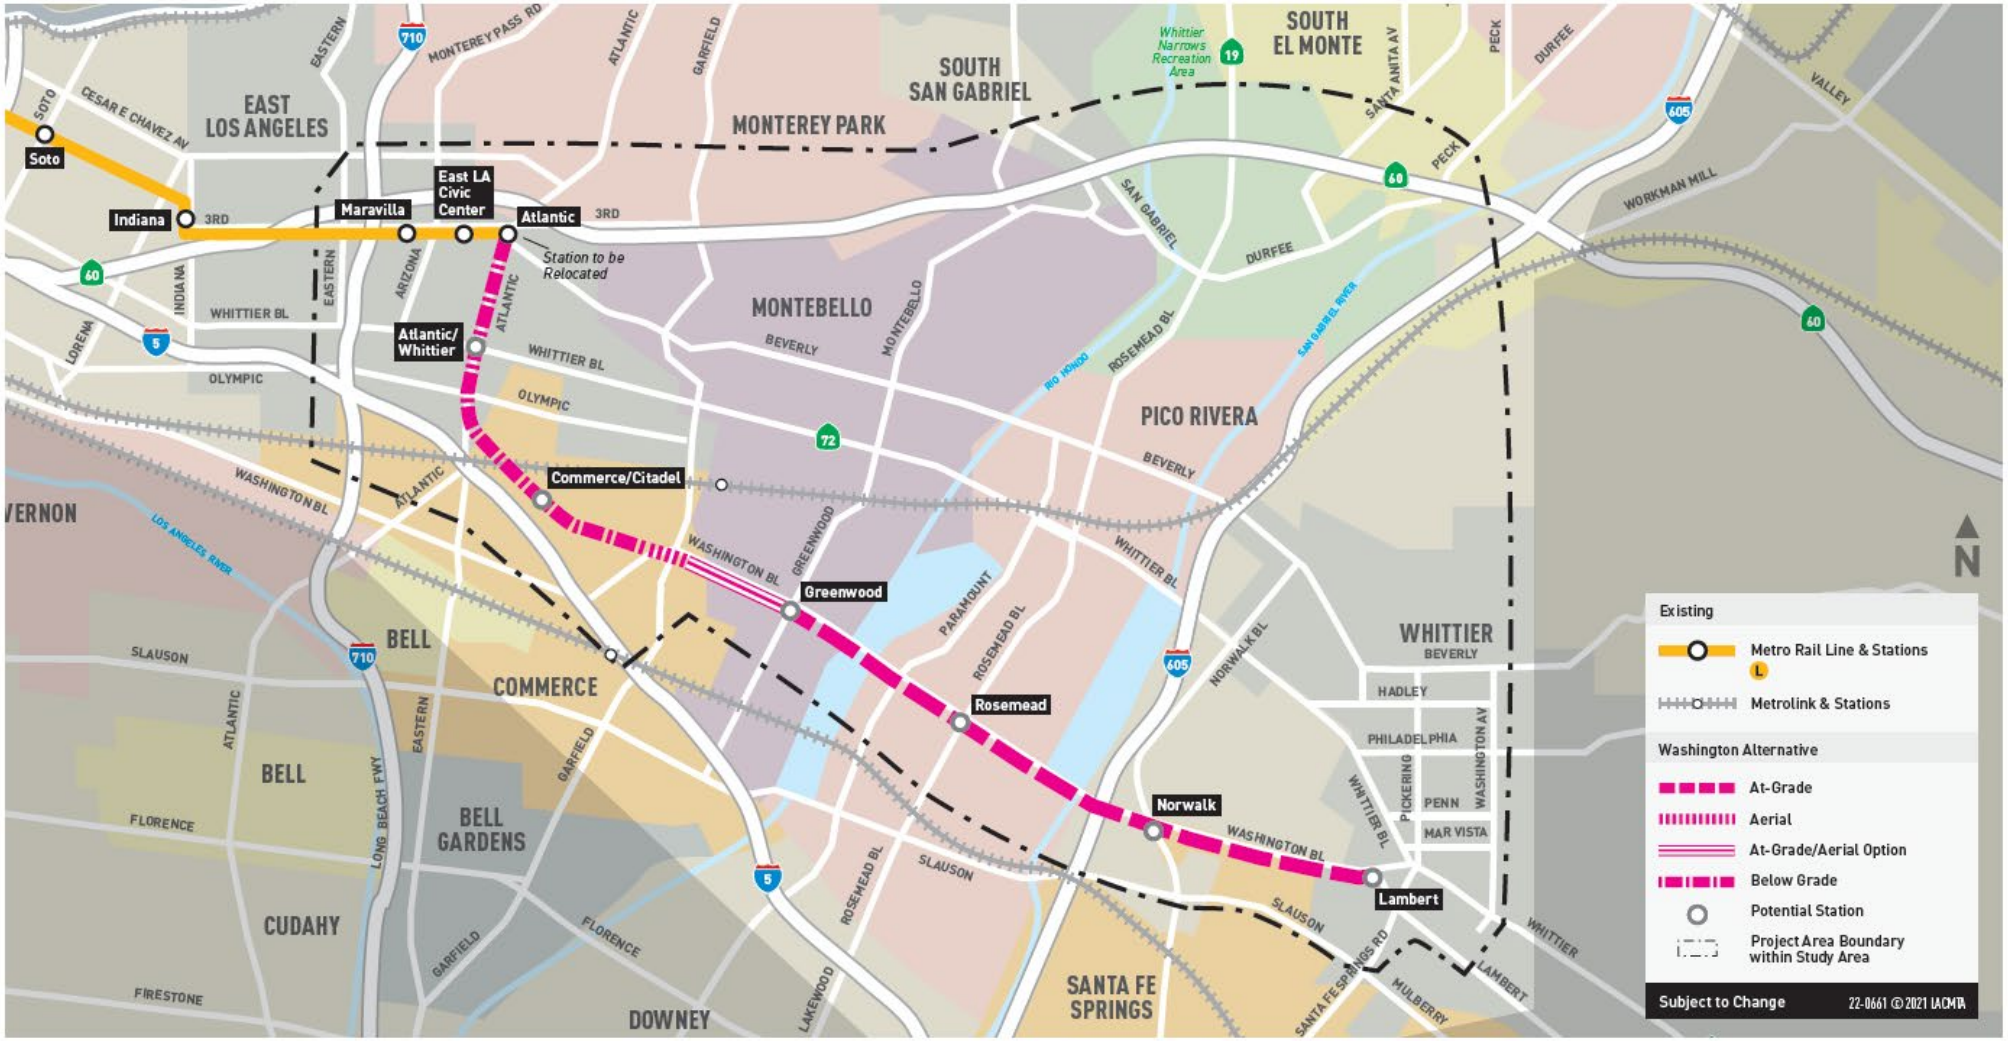
- El acceso a la estación está a nivel del suelo, lo que facilita el acceso a la estación
- Accesibilidad (ADA, en inglés)
- El espacio del área de la estación es compacta
- Integración mejorada de la comunidad con el nivel de la estación en el terreno

Metro

Estación de grado de Greenwood

Línea E de Metro – Estación de Santa Monica

Línea E de Metro – Estación de 17th Street



Metro

Próximos Pasos

- Considerar los comentarios y aportes de la comunidad y las partes interesadas
- Las opciones de diseño continuarán siendo estudiadas en el documento ambiental
- Las reuniones comunitarias se llevarán a cabo antes del lanzamiento del DEIR
- Publicación anticipada del DEIR en primavera/verano de 2022
- Las audiencias públicas se programarán para comentarios públicos sobre el DEIR

Corridor-Wide Update Meeting

November 17, 2021

Meeting Format

Meeting will be recorded

Spanish interpretation available

- *Por teléfono en español:* 646.749.3335
- *Contraseña/Código: 974-408-445*

Webcams will **remain off** during meeting

Mics will **remain off** during formal presentation

To ask a question:

- Use the Raise Hand Function

- Use the Q&A function to type your question
- Call-in users dial *9 to raise your hand
    - Press *6 to unmute

Discounted Fares/LIFE Program

Fare collection and front door boarding resumes on buses on Jan. 10, 2022

Low-Income Fare Is Easy (LIFE) Program

> Six months of discounted LIFE fares

- **New** LIFE riders will get **90 days of free rides** starting January 10, 2022, when fare collection restarts
- Pay $26 for a 30-day pass (regularly $76)
- Pay $6.50 for a 7-day pass (regularly $19.50)
- To sign up for the LIFE Program, visit www.metro.net/riding/life/

Metro

Agenda

> Project Overview and Schedule

> Draft Environmental Impact Report Update

> Grade Separation Policy

> East LA Station Update

> Greenwood Station and Alignment Update

> Q & A

Our Expectation
We will conduct a respectful meeting to allow ideas and comments to be shared in an open and fair environment

Metro

Metro's Vision and Project Goals

Metro's vision

> Increase prosperity for all by removing mobility barriers
> Swift and easy mobility throughout LA County, anytime and
> Accommodating more trips through a variety of high-quality mobility options

Project Goals (not all inclusive of all project goals and subject to change)

> Improved access to the regional rail and bus network in LA County and beyond
> Improved public transit access to regional employment centers
> High-capacity transit line that will improve travel time in lower-income, transit-dependent areas

Metro

Project Overview: History

Early Planning | **Environmental Review**

2009 | 2014 | 2017 | 2019 | 2020

Alternatives Analysis

Analyzed **over 47 Alternatives** including routes, modes, stations and configurations

Draft EIS/EIR

Two (2) light rail alternatives

LPA was not selected

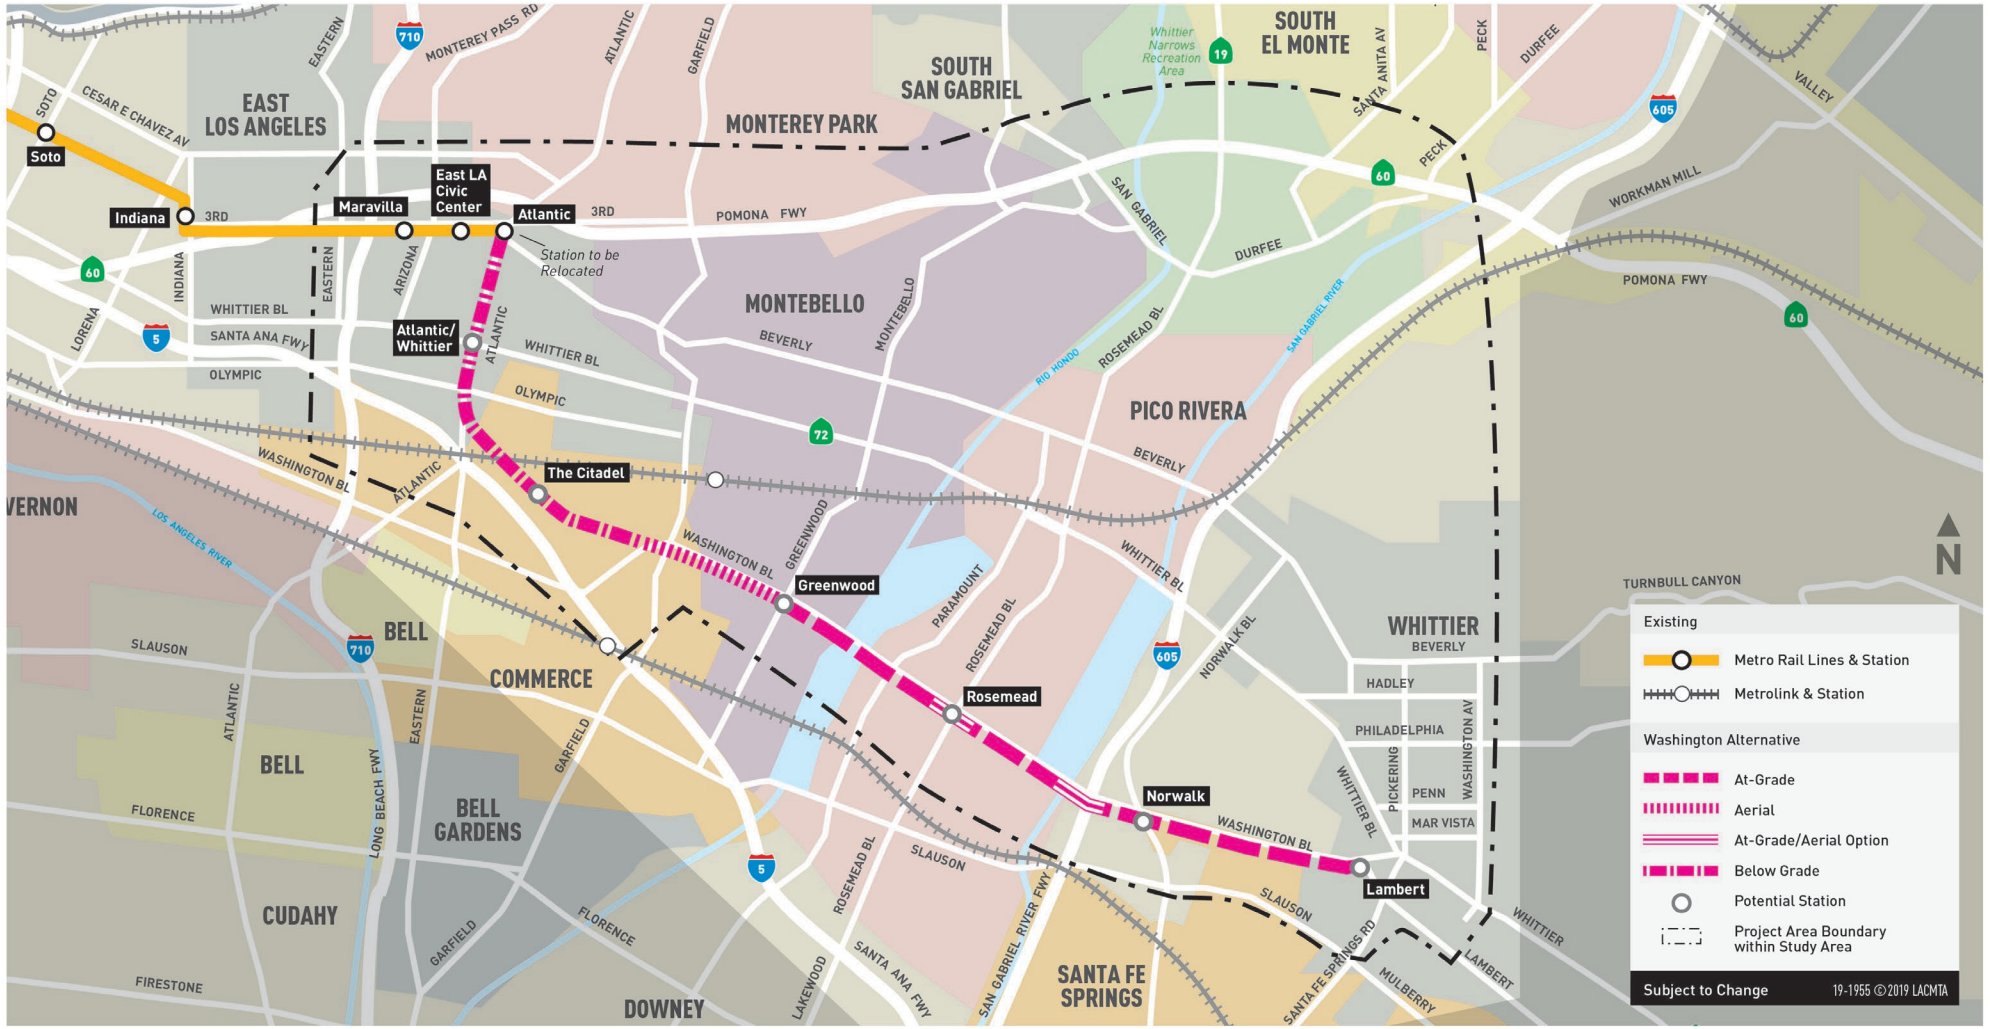
Post Draft EIS/EIR Technical Study

Respond to comments

Identified a new connection to Washington

Reinitiated environmental process

Three (3) alternatives to be evaluated



Withdraw of SR 60 and Combined Alternatives

Board directed staff to evaluate the **Washington Alternative**

Discontinued NEPA

Metro

Project Overview: Washington Alternative

Metro

Project Overview: Funding Timeline *without acceleration

Measure M Expenditure Plan

CYCLE 1

Washington Alternative
State, Local and Other Funding
Total: $3B

Groundbreaking	Expected Opening Date
2029	2035

CYCLE 2

Second Alignment (TBD)
State, Local, Federal and Other Funding
Measure M
Total: $3B

Groundbreaking	Expected Opening Date
2053	2057

Metro

Project Overview: Measure M Project Timeline

2018-2021	2022-2023	2023-2028	2029	2035
Reinitiated Environmental Process and Advanced Conceptual Engineering	Final Environmental Clearance	Final Design	Construction	Open for Service

ONGOING PUBLIC PARTICIPATION

Eastside Transit Corridor Phase 2 is a four-pillar project. Schedule is subject to change per Metro Board direction

Metro

Draft Environmental Impact Report Update

> In Feb 2020, Board approved the discontinuance of the National Environmental Policy Act (NEPA) and studying the project through the California Environmental Quality Act (CEQA)

> 20 Environmental topics are required to be evaluated by CEQA, including impacts to communities and natural resources

> Looks at short-term (construction), long-term (operational), and cumulative impacts of project on the environment

> Community meetings will be scheduled prior to the release of the DEIR to inform the community

> The DEIR is anticipated to be released in Spring/Summer 2022

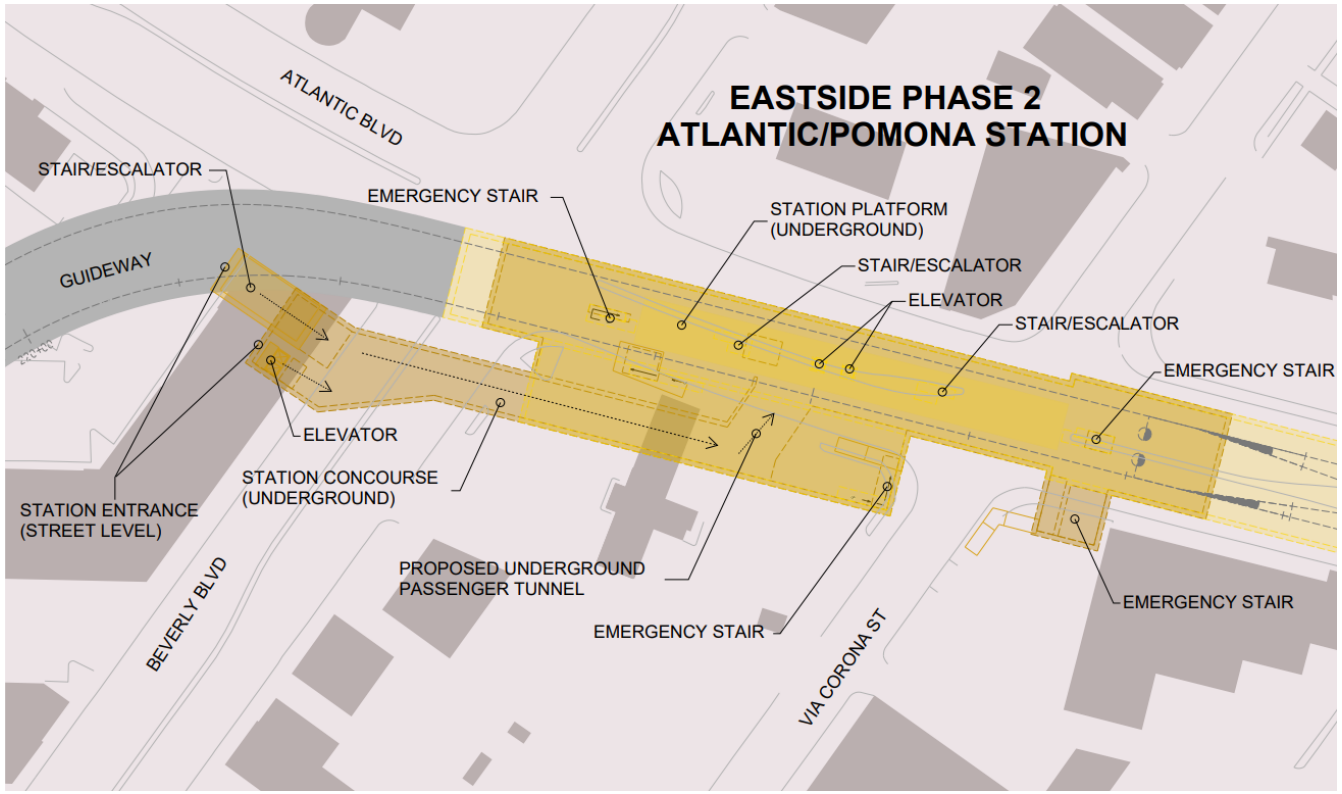
Metro

Focused Community Updates

East Los Angeles Community Meetings (Monday, November 15)

> Introduce Atlantic/Pomona Station Options

> Update on the Atlantic/Whittier Station



Montebello Community Meeting (Tuesday, November 16)

> Update on the Station and Alignment Configuration

- Baseline Aerial Configuration
- Introduction of At-grade Configuration and Station

Metro

Atlantic/Pomona Covered Underground Station

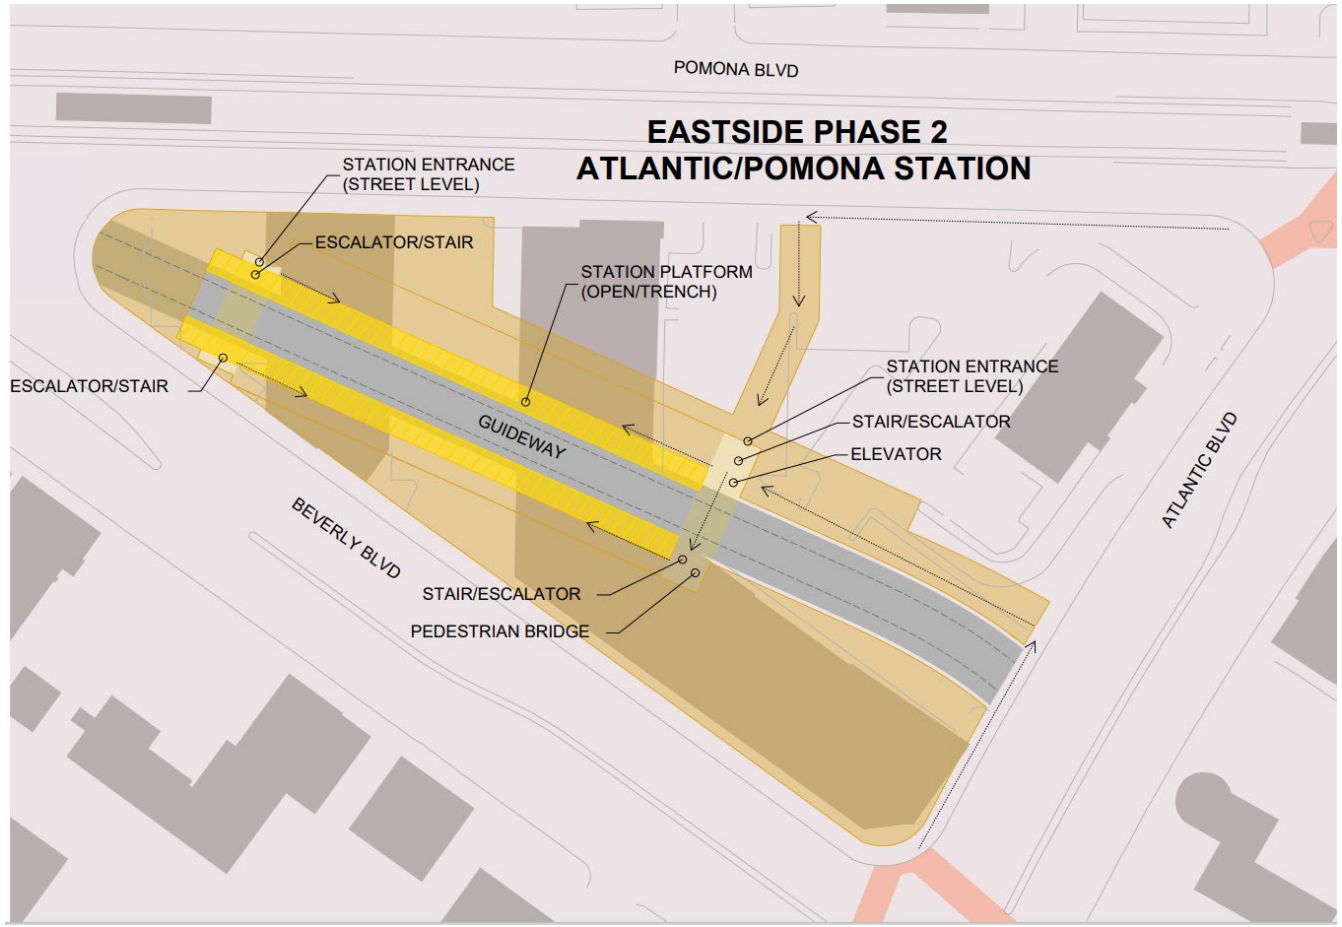
- Station access on Atlantic Bl
- Requires temporary construction and street closures on Atlantic Bl
- Location provides station access and connection to two streets: Atlantic Bl and Beverly Bl
- Air circulation needs
- Accessibility (ADA)
- Further from existing parking structure

Metro

Examples of Covered Stations

Vermont/Santa Monica Station

North Hollywood Station



Mariachi Plaza Station

Metro

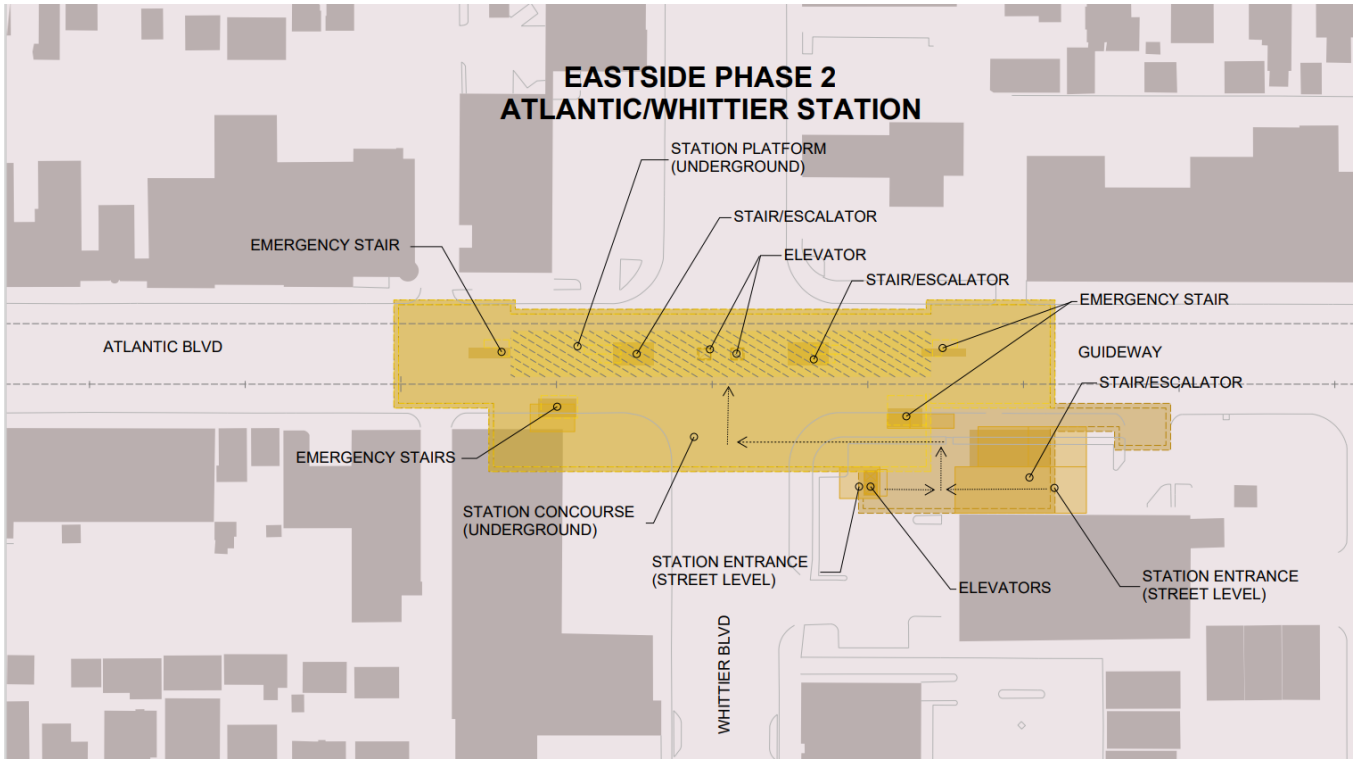
Atlantic/Pomona Open Underground Station

- Natural ventilation
- Improve pedestrians and bicyclist connections
- Accessibility (ADA)
- Could reduce temporary on-street construction work on Atlantic Bl
- Reduction of temporary street closures on Atlantic Bl
- Location provides station access and connection to three key streets: Pomona Bl, Beverly Bl, and Atlantic Bl
- Close to existing parking structure

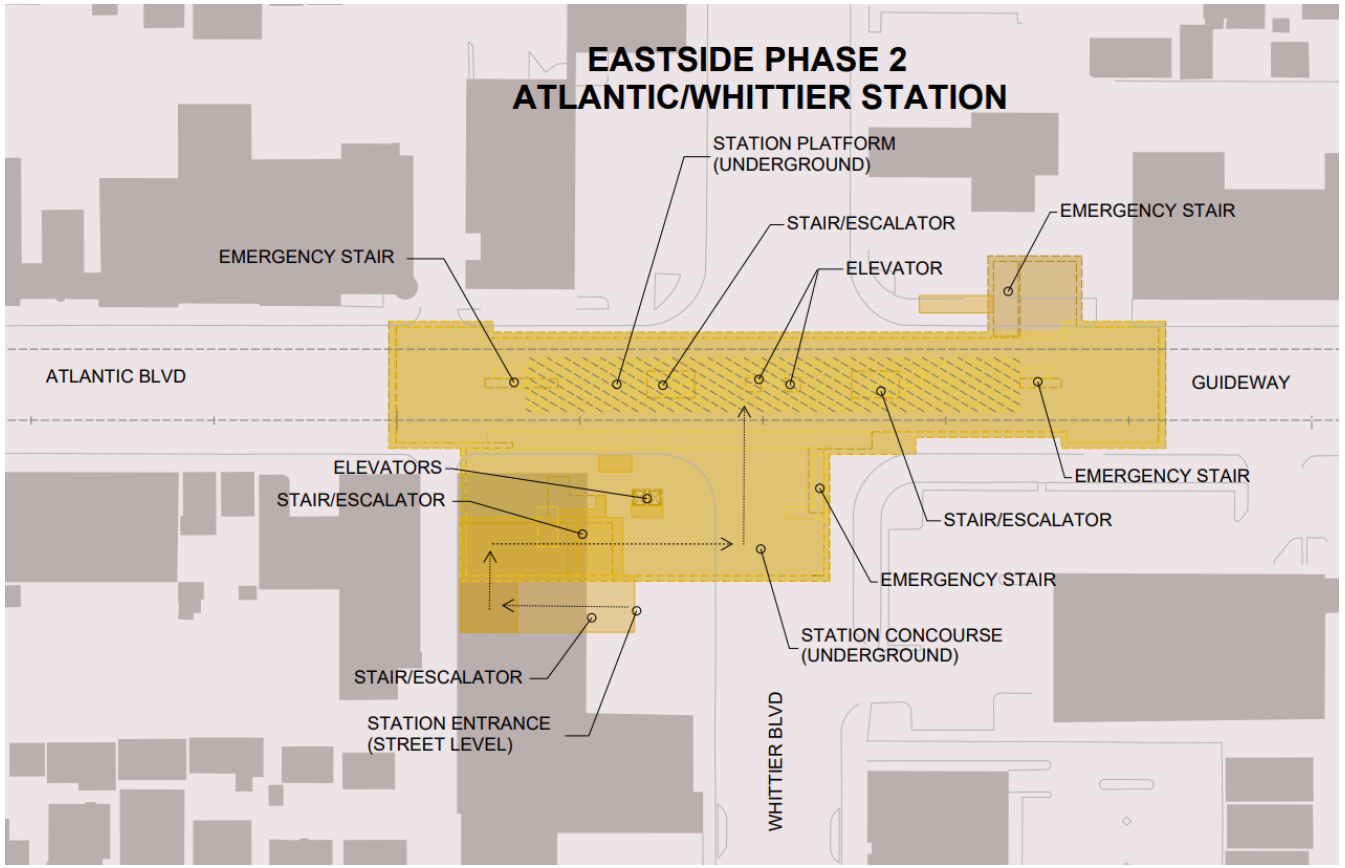
Metro

Examples of Open Stations

Memorial Park Station City of Pasadena



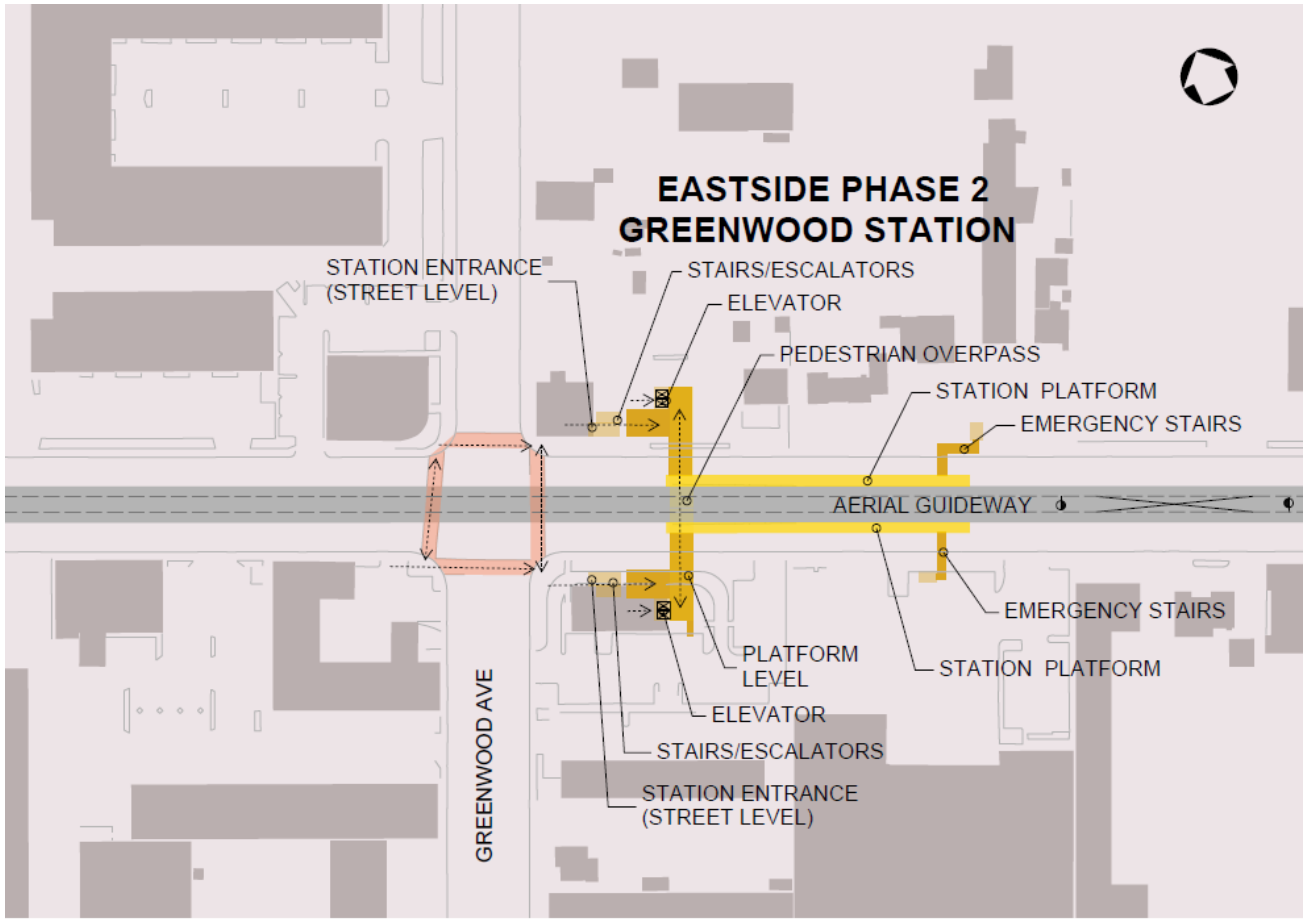
Metro



Atlantic/Whittier – South/West Corner (CVS)

- > Sensitive historic property: Golden Gate Theater
- > Requires close coordination with National Register, historical societies and LA County
- > Constructability considerations and issues
- > Longer construction period – potential schedule delays
- > Not feasible to continue studying

Metro



Atlantic/Whittier – North/West Corner

- Property not historic: Sketchers Building
- Requires less agency review and coordination
- Reduce constructability concerns common with historic sites
- Provides streamlined approach to station portals construction
- Includes opportunity to connect with historic property
- Space available for plaza

Metro

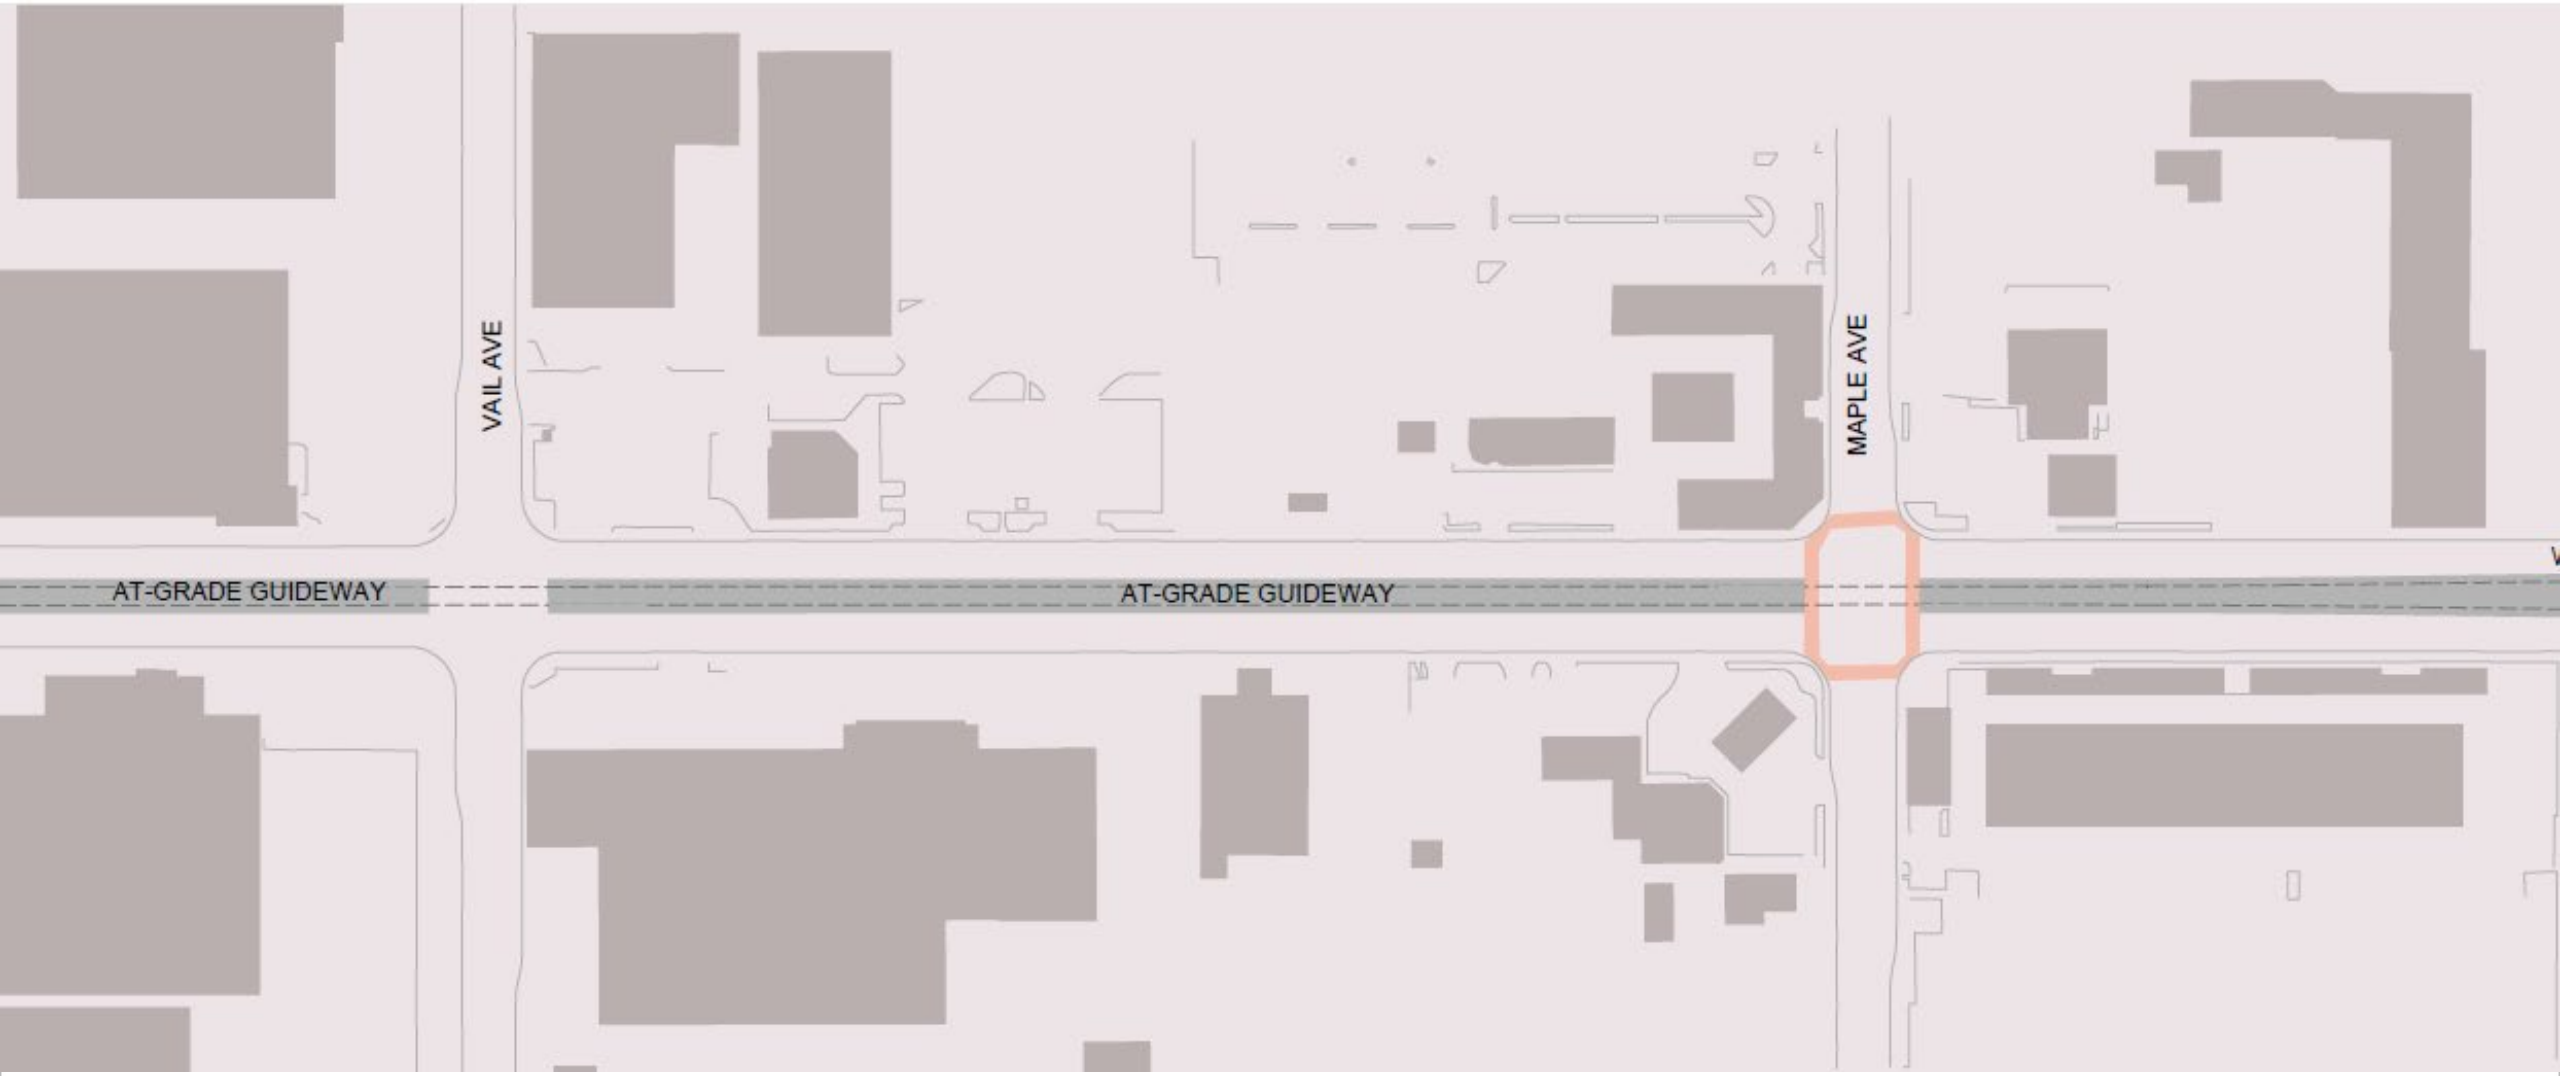
Greenwood Aerial Station

- Station access requires vertical circulation with escalators and elevators
- Accessibility (ADA)
- Requires additional right of row to accommodate station structure
- Station structure height would be approximately 60’

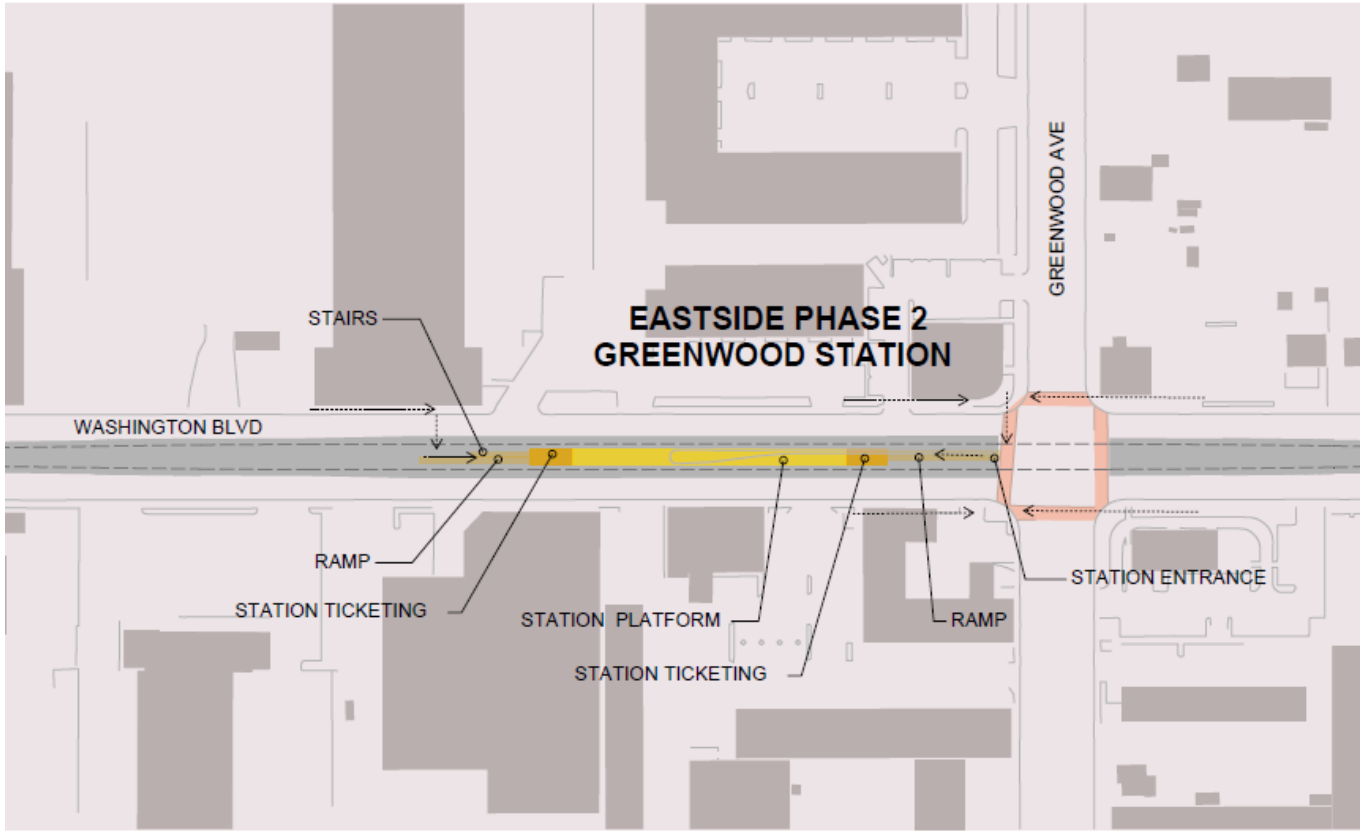
Greenwood Aerial Station

Metro E Line – La Brea Station

Metro L Line – Chinatown Station



At-grade Segment



Metro

At-grade Segment

Greenwood At-grade Station

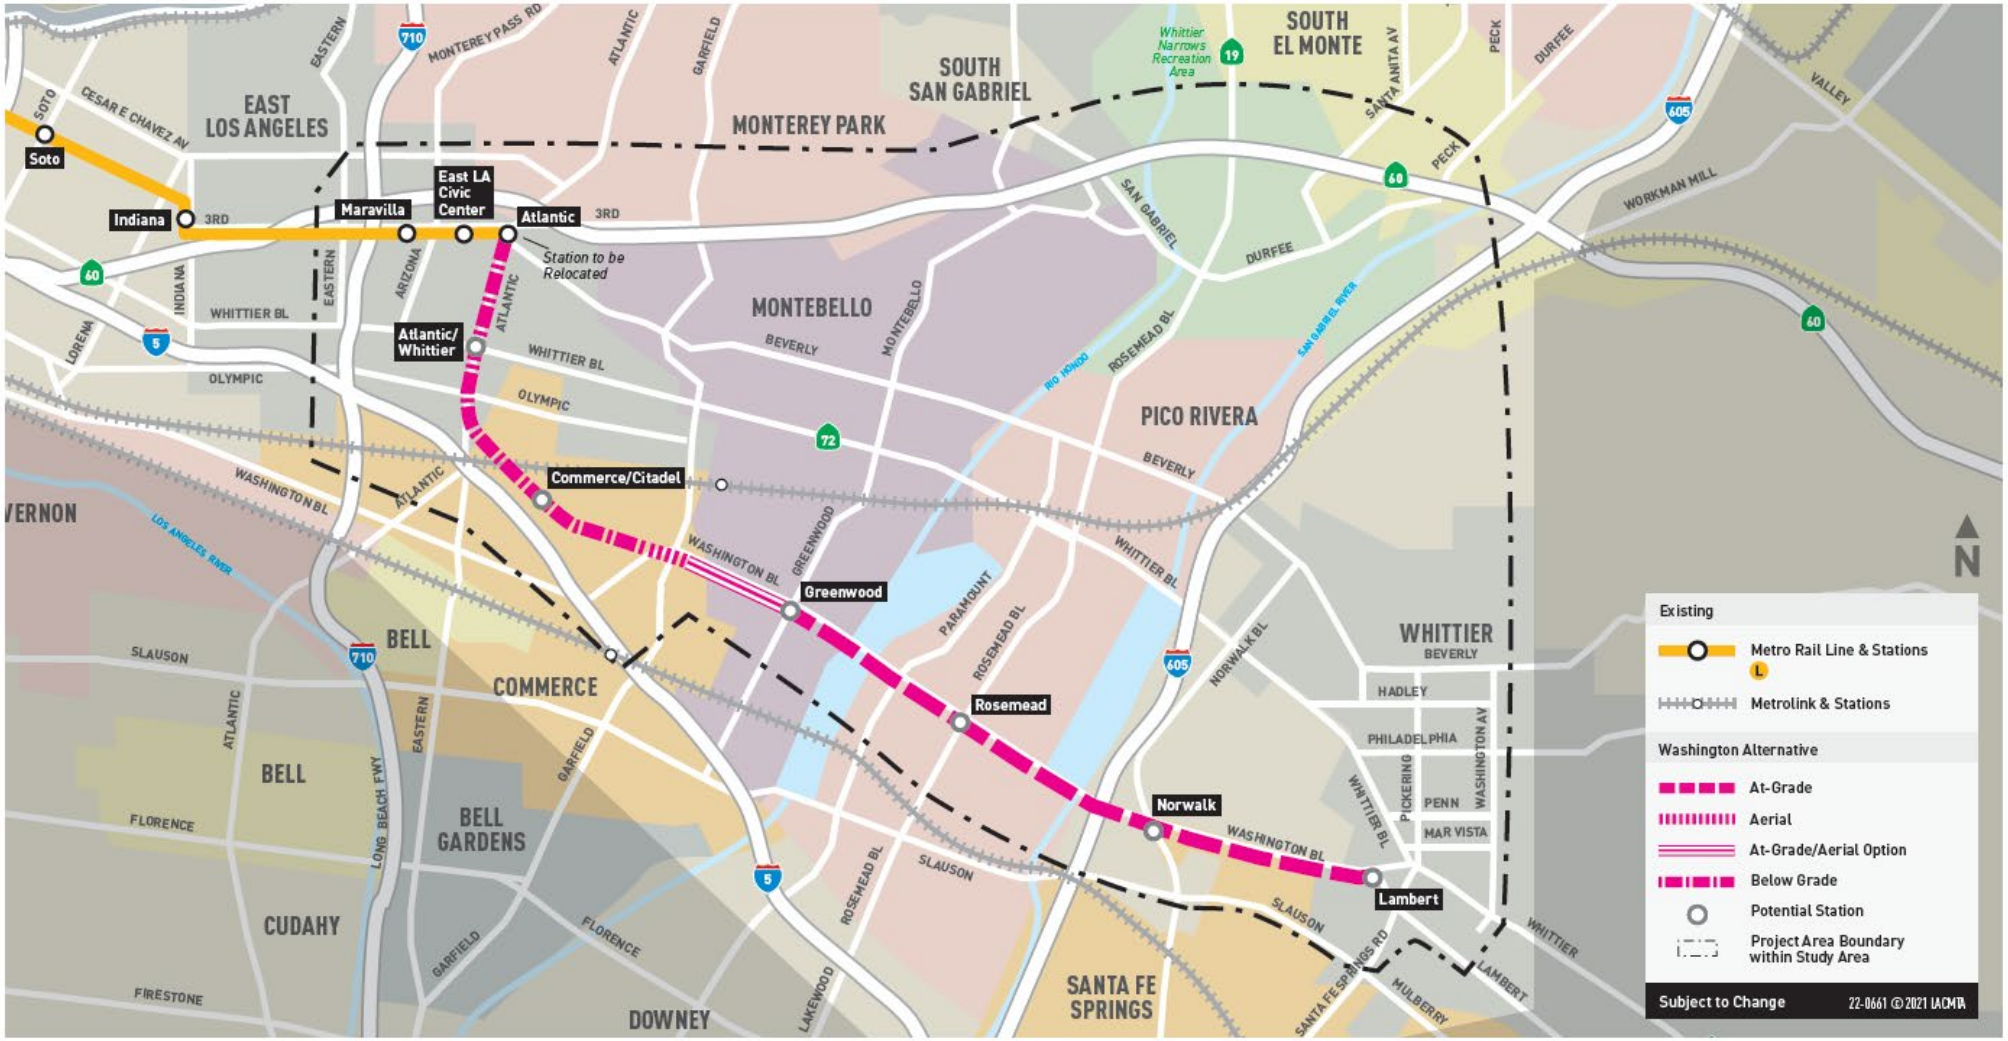
- Station access is at ground level making the station easier to access
- Accessibility (ADA)
- Station area footprint is compact
- Improved community integration with station level on the ground

Metro

Greenwood At-grade Station

Metro E Line – Santa Monica Station

Metro E Line – 17th Street Station



Metro

Next Steps

- Consider feedback and input from the community and stakeholders
- The design options will continue to be studied in the environmental document
- Community meetings will be held in advance of the release DEIR
- Anticipated release of the DEIR in Spring/Summer 2022
- Public hearings will be schedule for public comment on the DEIR

Washington Alternative

Reunión de Todo el Corredor

17 de noviembre de 2021

Formato de la Reunión

La reunión será grabada

Interpretación en español disponible

- Por teléfono en español: 646.749.3335
- Contraseña/Código: 974-408-445

Cámaras **permanecerán apagadas** durante la presentación

Micrófonos **permanecerán apagadas** durante la presentación formal

Para preguntas:

- Utilice la función "levantar la mano“
- Utilice la función de Q&A y escriba su pregunta
- Usuarios de teléfono pueden presionar “*9” para levantar la mano
    - Presione “*6” para activar el audio

Tarifa con descuento/Programa LIFE (por sus siglas en inglés)

El cobro de tarifas y el abordaje en la puerta principal de los autobuses se reanuda el 10 de enero de 2022 Programa de tarifa para personas de bajos ingresos es fácil (LIFE)

> ¡Seis meses de tarifas con descuento para el programa LIFE!

- Los **nuevos** pasajeros de LIFE obtendrán **90 días de viajes gratis** a partir del 10 de enero de 2022, cuando se reanuda la colección de tarifas
- Pague $26 por un pase de 30 días (normalmente $76)
- Pague $6.50 por un pase de 7 días (normalmente $19.50)
- Para inscribirse en el programa LIFE, visite www.metro.net/riding/life/

Metro

Agenda

> Resumen y cronograma del proyecto

> Actualización del Borrador del Informe de Impacto Ambiental

> Política de separación de grados

> Actualización de estación de East LA

> Actualización de la estación y alineación de Greenwood

> Sesión de preguntas y respuestas

Nuestra Expectativa
Llevaremos a cabo una reunión respetuosa para permitir que se compartan ideas y comentarios en un ambiente abierto y justo

Metro

La Visión y Metas del Proyecto de Metro

La Visión de Metro

> Aumentar la prosperidad para todos al eliminar las barreras de movilidad.
> Permitir una movilidad rápida y fácil en todo el Condado de Los Angeles, en cualquier momento y
> Facilitar más viajes a través de una variedad de opciones de movilidad de alta calidad

Metas del Proyecto (no incluye todas las metas del proyecto y está sujeta a cambios)

> Mejor acceso a la red regional de trenes y autobuses en el Condado de Los Angeles y más allá
> Mejor acceso del transporte público a los centros de empleo regionales
> Línea de transporte de alta capacidad que mejorará el tiempo de viaje en áreas de bajos ingresos que dependen del transporte

Metro

Descripción del Proyecto Historia

Planeación Temprana | *Revisión Ambiental*

2009 | 2014 | 2017 | 2019 | 2020

Análisis de Alternativas

Se analizaron **más de 47 alternativas** incluyendo rutas, modos, estaciones y configuraciones

Borrador del EIS/EIR

Dos (2) alternativas de tren ligero

La Alternativa Preferida Localmente (LPA) no fue seleccionada

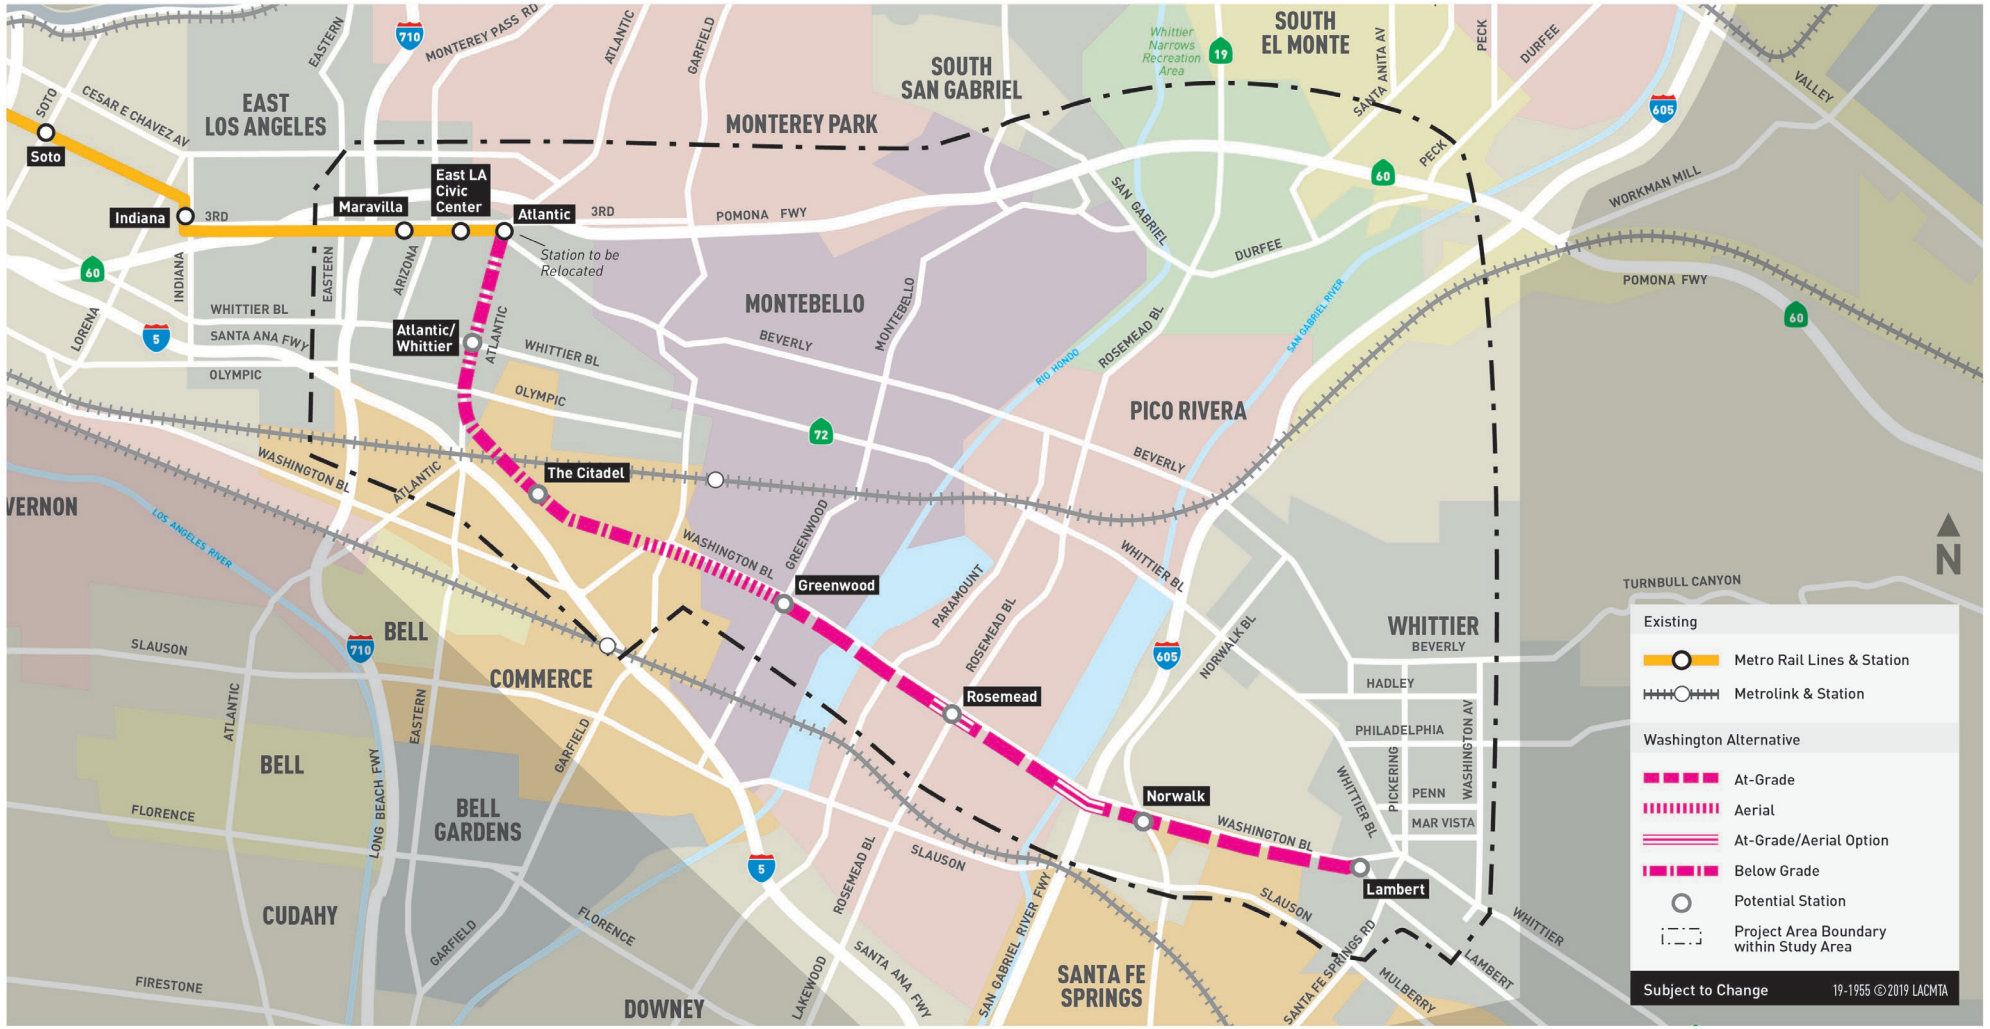
Estudio Técnico Posterior al Borrador del EIS/EIR

Responder a los comentarios

Se identificó una nueva conexión a Washington

Se reinicia el proceso ambiental

Se evaluarán tres (3) alternativas



Retiro de SR 60 y Alternativas Combinadas

La Junta le ordenó al personal que evaluara la **Alternativa de Washington**

Suspensión de NEPA

Metro

Descripción del Proyecto: Alternativa de Washington

Descripción del Proyecto: Cronograma del Financiamiento *sin aceleración

Plan de Gastos de la Medida M

CICLO 1

Alternativa de Washington
Financiamiento Estatal, Local y Otros
Total: $3 Mil Millones

Inicio de la Obra	Fecha Prevista de Apertura
2029	2035

CICLO 2

Segunda Alineación (Por Definir)
Financiamiento Estatal, Local, Federal y Otros
Medida M
Total: $3 Mil Millones

Inicio de la Obra	Fecha Prevista de Apertura
2053	2057

Metro

Descripción del Proyecto: Cronograma del Proyecto de la Medida M

2018-2021	2022-2023	2023-2028	2029	2035
Se Reinicia el Proceso Ambiental e Ingeniería Conceptual Avanzada	**Autorización Ambiental Final**	**Diseño Final**	**Construcción**	**Abierto para Brindar Servicios**

ONGOING PUBLIC PARTICIPATION

PARTICIPACIÓN PÚBLICA CONTINUA

La Fase 2 del Corredor de Transporte del Lado Este es un proyecto de cuatro pilares. El cronograma está sujeto a cambios por instrucciones de la Junta de Metro

Metro

Actualización del Borrador del Informe de Impacto Ambiental

- En febrero de 2020, la Junta aprobó la suspensión de la Ley de Política Ambiental Nacional (NEPA) y estudiar el proyecto a través de la Ley de Calidad Ambiental de California (CEQA)
- 20 temas ambientales requieren ser evaluados por CEQA, incluyendo los impactos en las comunidades y recursos naturales
- Analiza los impactos a corto plazo (construcción), a largo plazo (operativos) y acumulativos del proyecto en el medio ambiente
- Se programarán reuniones comunitarias antes de la publicación del Borrador del Informe de Impacto Ambiental (DEIR) para informar a la comunidad
- Se tiene previsto que el DEIR se publicará en la primavera/verano de 2022

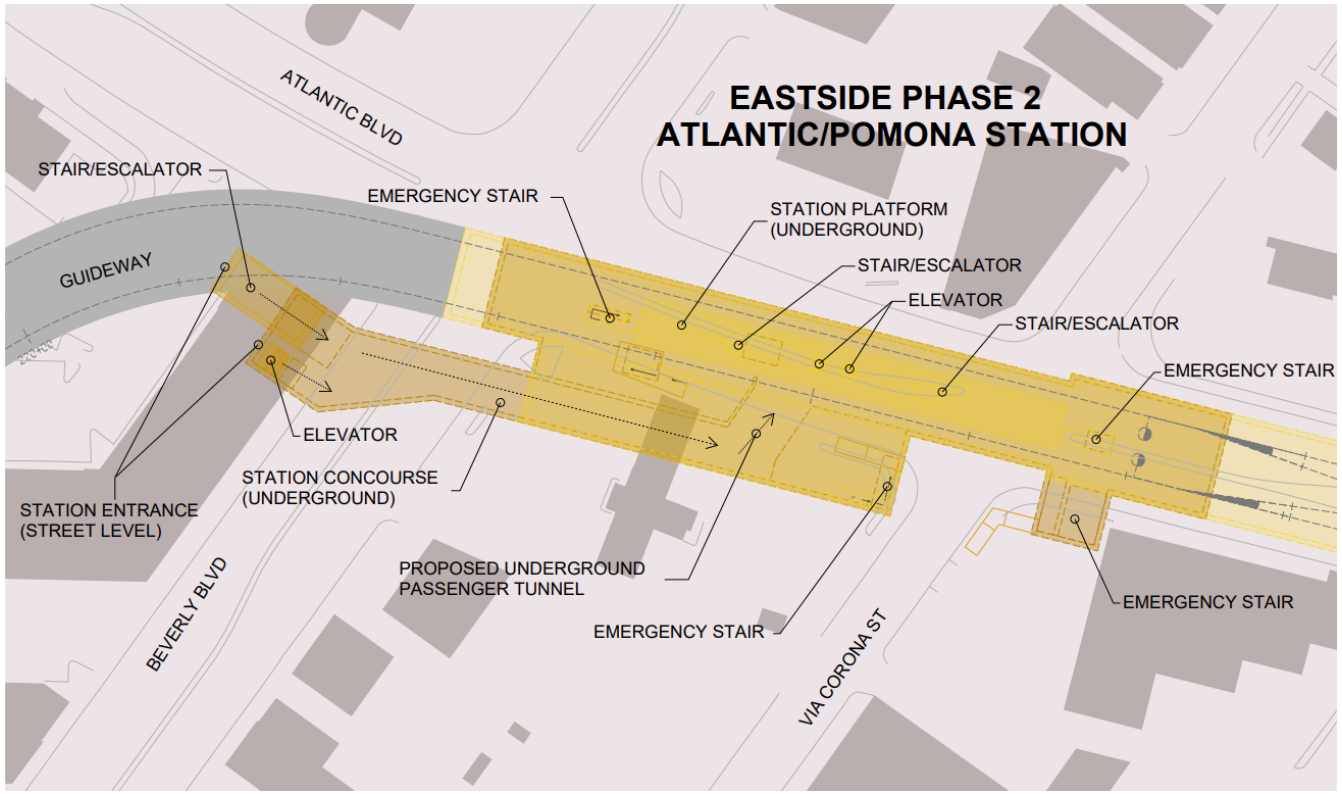
Metro

Opciones de Diseño

Reuniones comunitarias del Este de Los Angeles (lunes, 15 de noviembre)

> Presentación de las opciones de la estación Atlantic/Pomona

> Actualización sobre la estación Atlantic/Whittier



Reunión comunitaria de Montebello
(martes, 16 de noviembre)

> Actualización de la configuración de estación y alineación

- Configuración aérea de línea base
- Introducción de la configuración y estación a nivel

Metro

Estación Subterránea Cubierta de Atlantic/Pomona

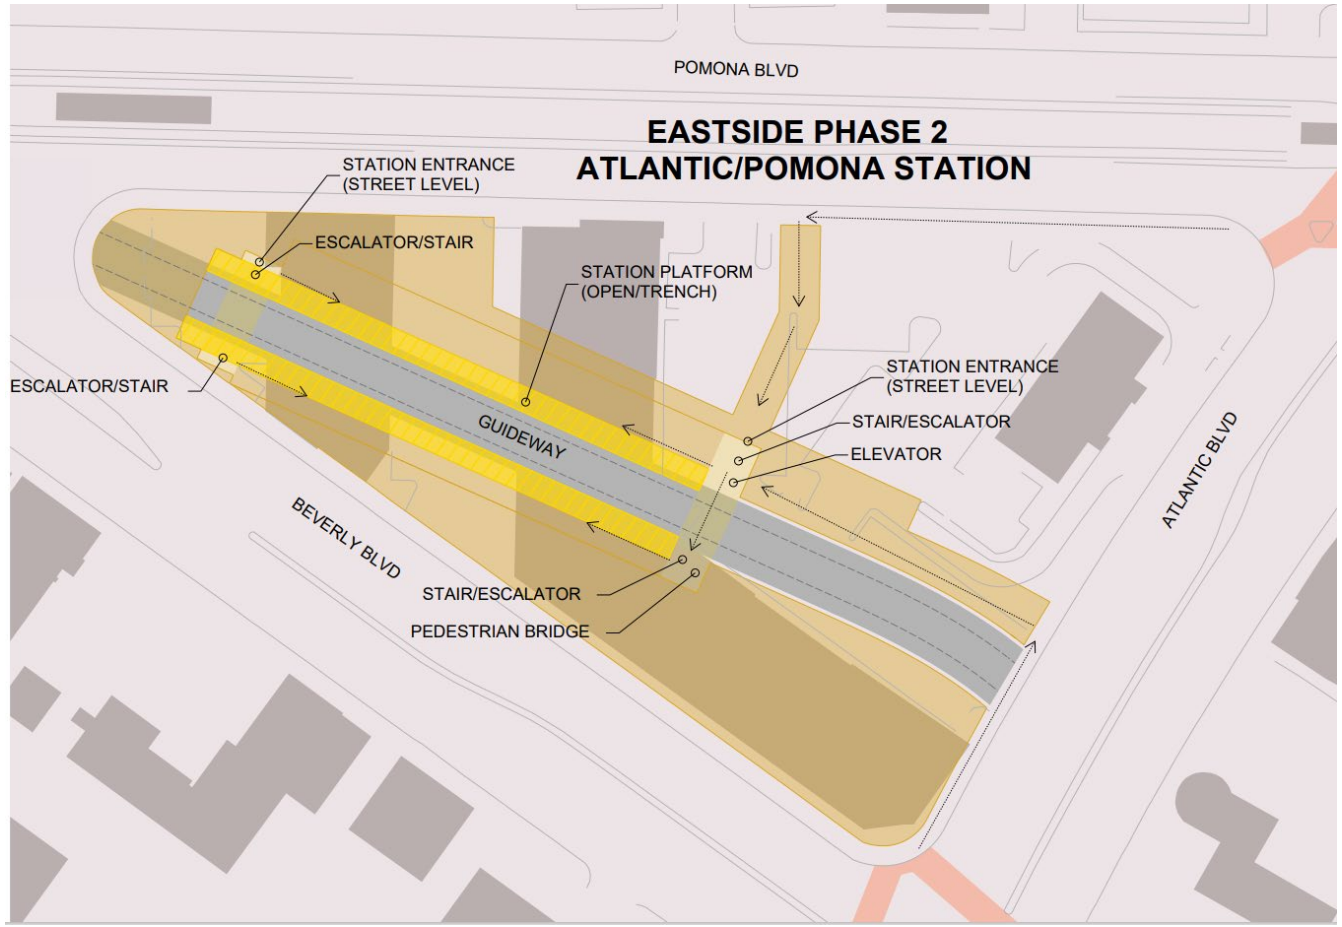
- Acceso a la estación en Atlantic Bl
- Requiere construcción temporal y cierres de calles en Atlantic Bl
- La ubicación ofrece acceso a la estación y conexión a dos calles: Atlantic Bl y Beverly Bl
- Necesidades de circulación de aire
- Accesibilidad (ADA en inglés)
- Más lejos de la estructura de estacionamiento existente

Metro

Ejemplos de Estaciones Cubiertas

Estación de Vermont/Santa Monica

Estación de North Hollywood



Estación de Mariachi Plaza

Metro

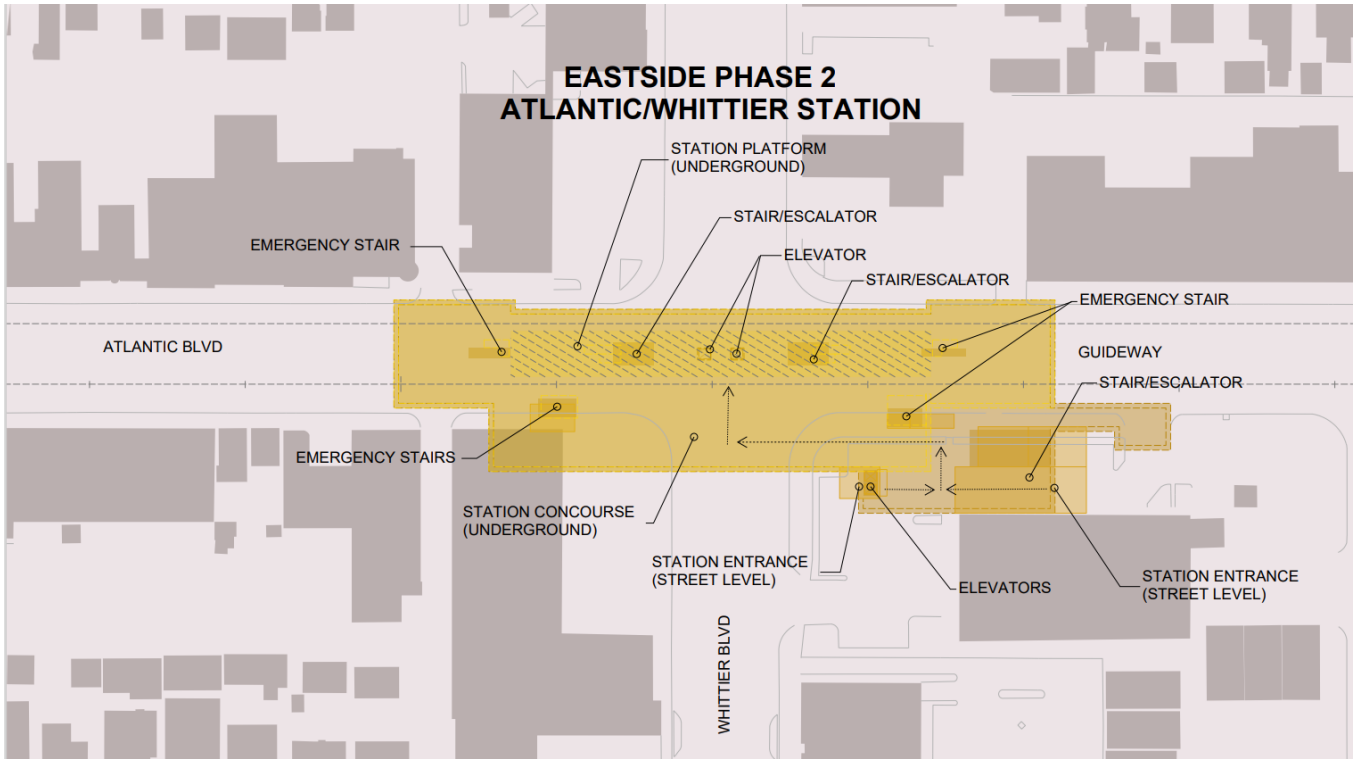
Estación Subterránea Abierta de Atlantic/Pomona

- Ventilación natural
- Mejora las conexiones de peatones y ciclistas
- Accesibilidad (ADA en inglés)
- Podría reducir la construcción temporal en la calle a lo largo de Atlantic Bl
- Reducción en los cierres temporales de calles a lo largo de Atlantic Bl
- La ubicación ofrece acceso a la estación y conexión a tres calles clave: Pomona Bl, Beverly Bl y Atlantic Bl
- Cerca de la estructura de estacionamiento existente

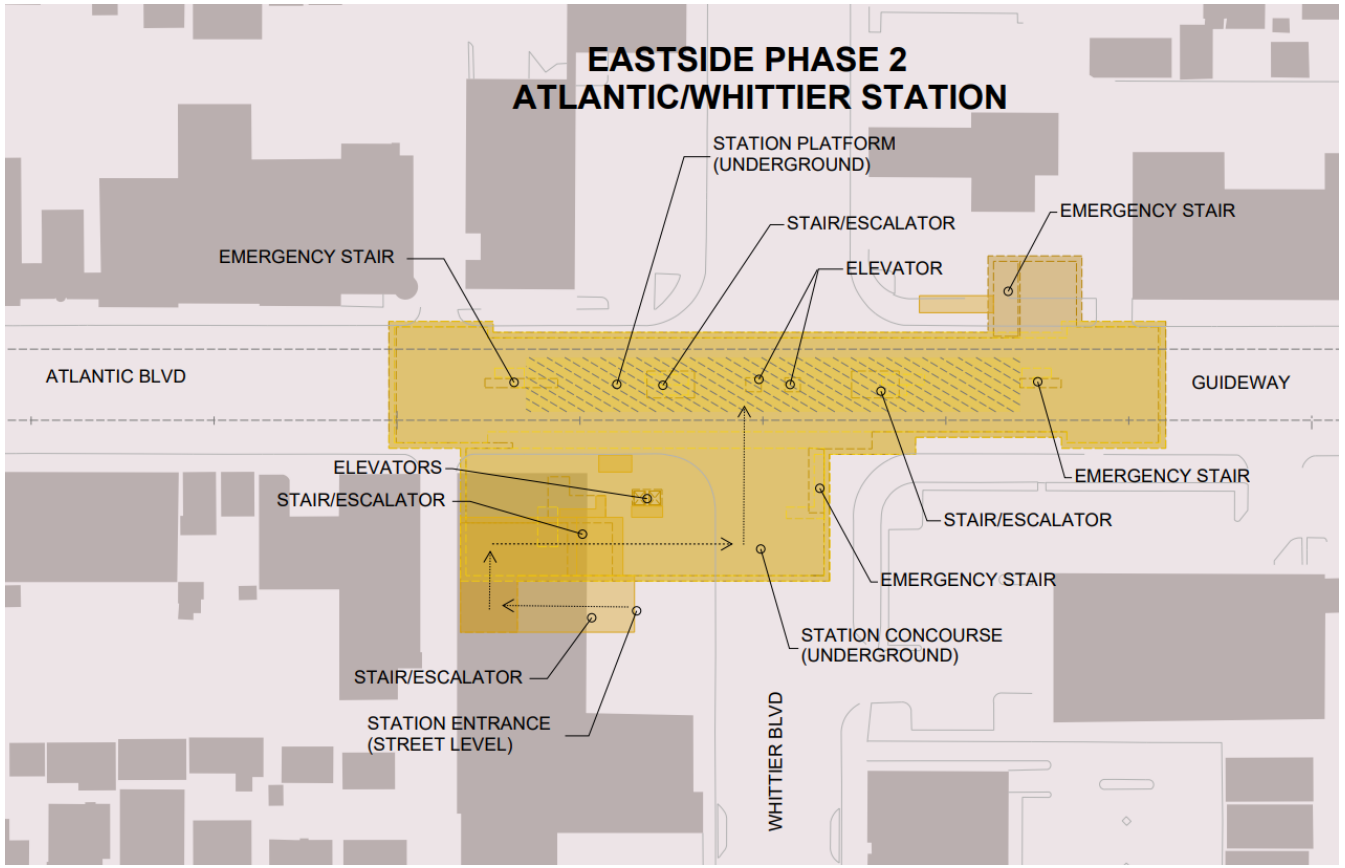
Metro

Ejemplos de Estaciones Abiertas

Estación de Memorial Park Ciudad de Pasadena



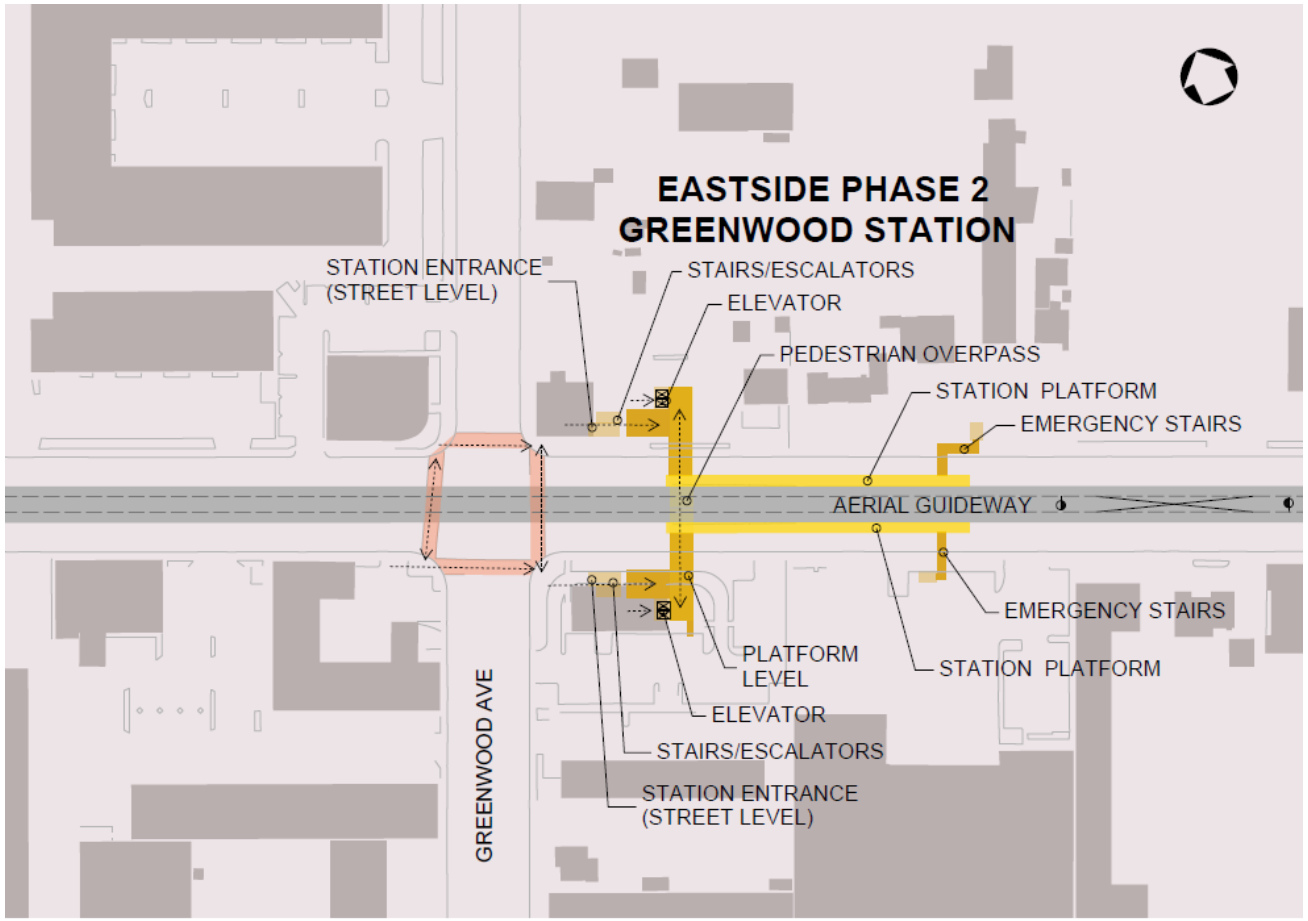
Metro



Atlantic/Whittier – Esquina Sur/Oeste (CVS)

- Propiedad histórica sensible: Golden Gate Theater
- Requiere una estrecha coordinación con el Registro Nacional, las sociedades históricas y el condado de Los Angeles
- Constructability considerations and issues
- Período de construcción más largo – posibles retrasos en el cronograma
- No es factible seguir estudiándolo

Metro



Atlantic/Whittier - Esquina Norte/Oeste

- Propiedad no histórica: Edificio de Sketchers
- Requiere menos revisión y coordinación de la agencia
- Reduce los problemas de constructibilidad comunes en los sitios históricos
- Ofrece un enfoque simplificado para la construcción de portales de estaciones
- Incluye la oportunidad de conectarse con propiedades históricas
- Espacio disponible para una plaza

Metro

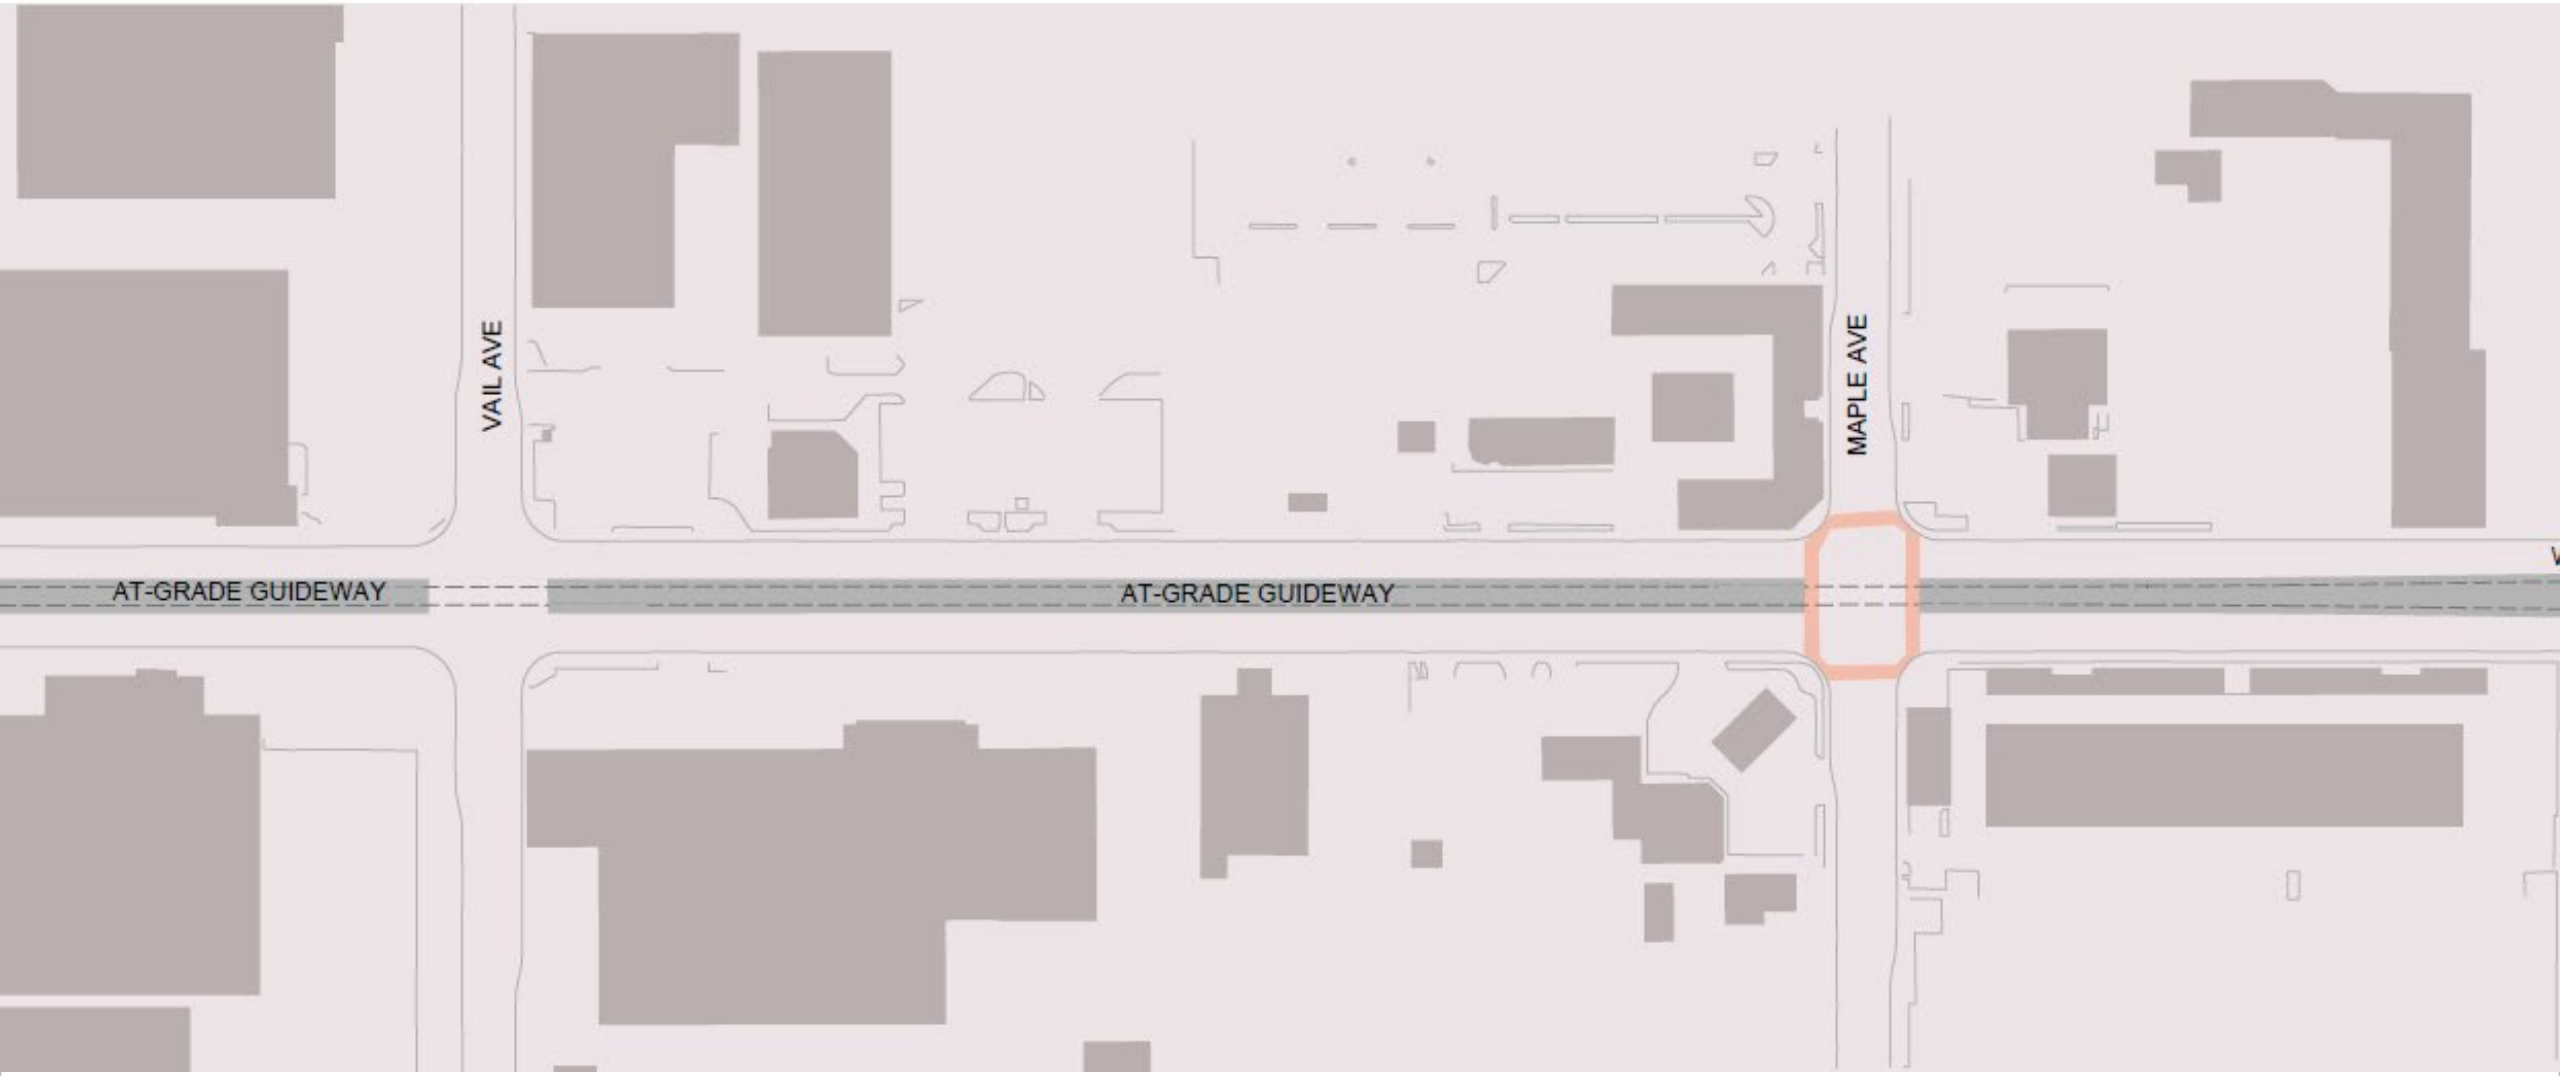
Estación aérea de Greenwood

- El acceso a la estación requiere circulación vertical con escaleras mecánicas y ascensores
- Accesibilidad (ADA, en inglés)
- Requiere derecho de fila adicional para acomodar la estructura de la estación
- La altura de la estructura de la estación sería de aproximadamente 60'

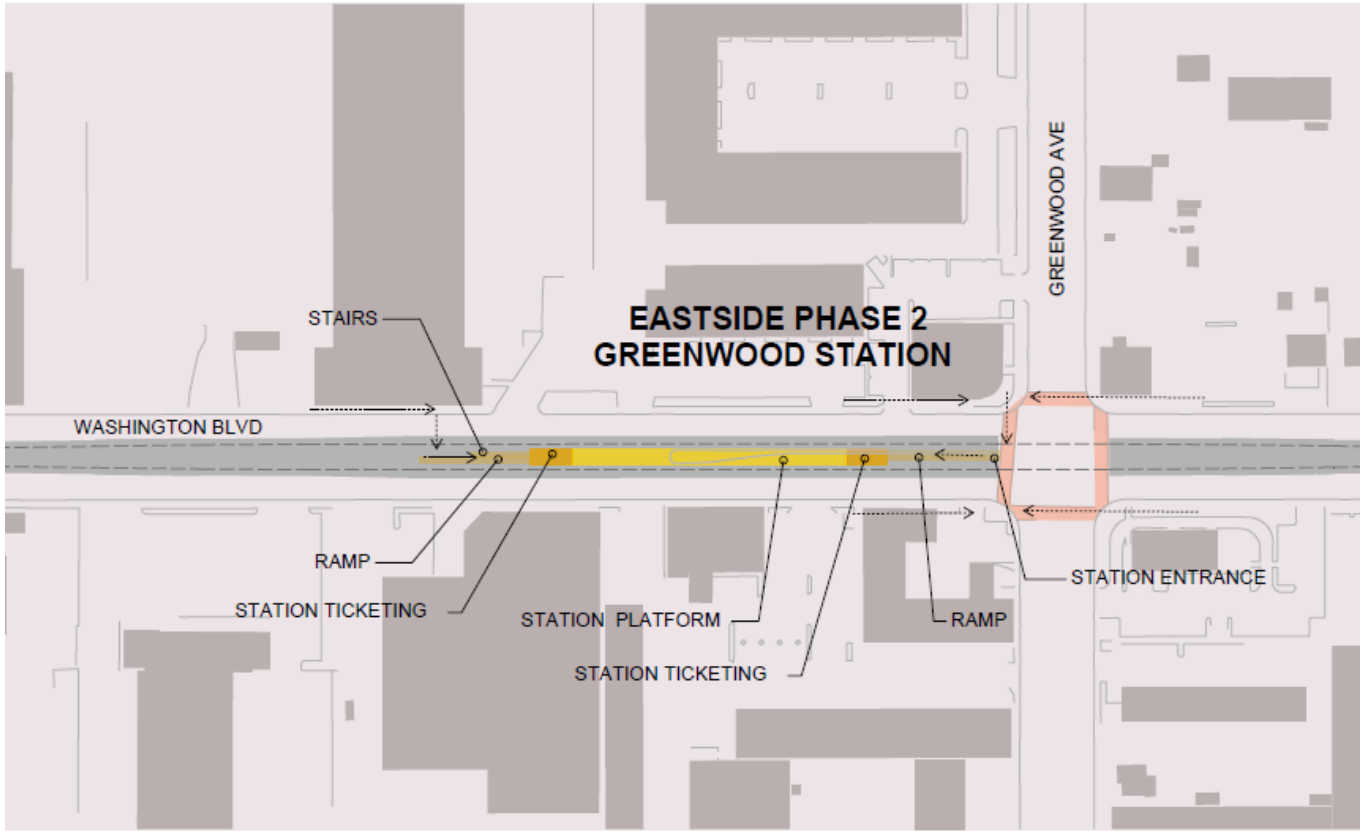
Metro

Estación aérea de Greenwood

Línea E de Metro – Estación de La Brea



Línea L de Metro – Estación de Chinatown



Segmento de grado

Segmento de grado

Estación de grado de Greenwood

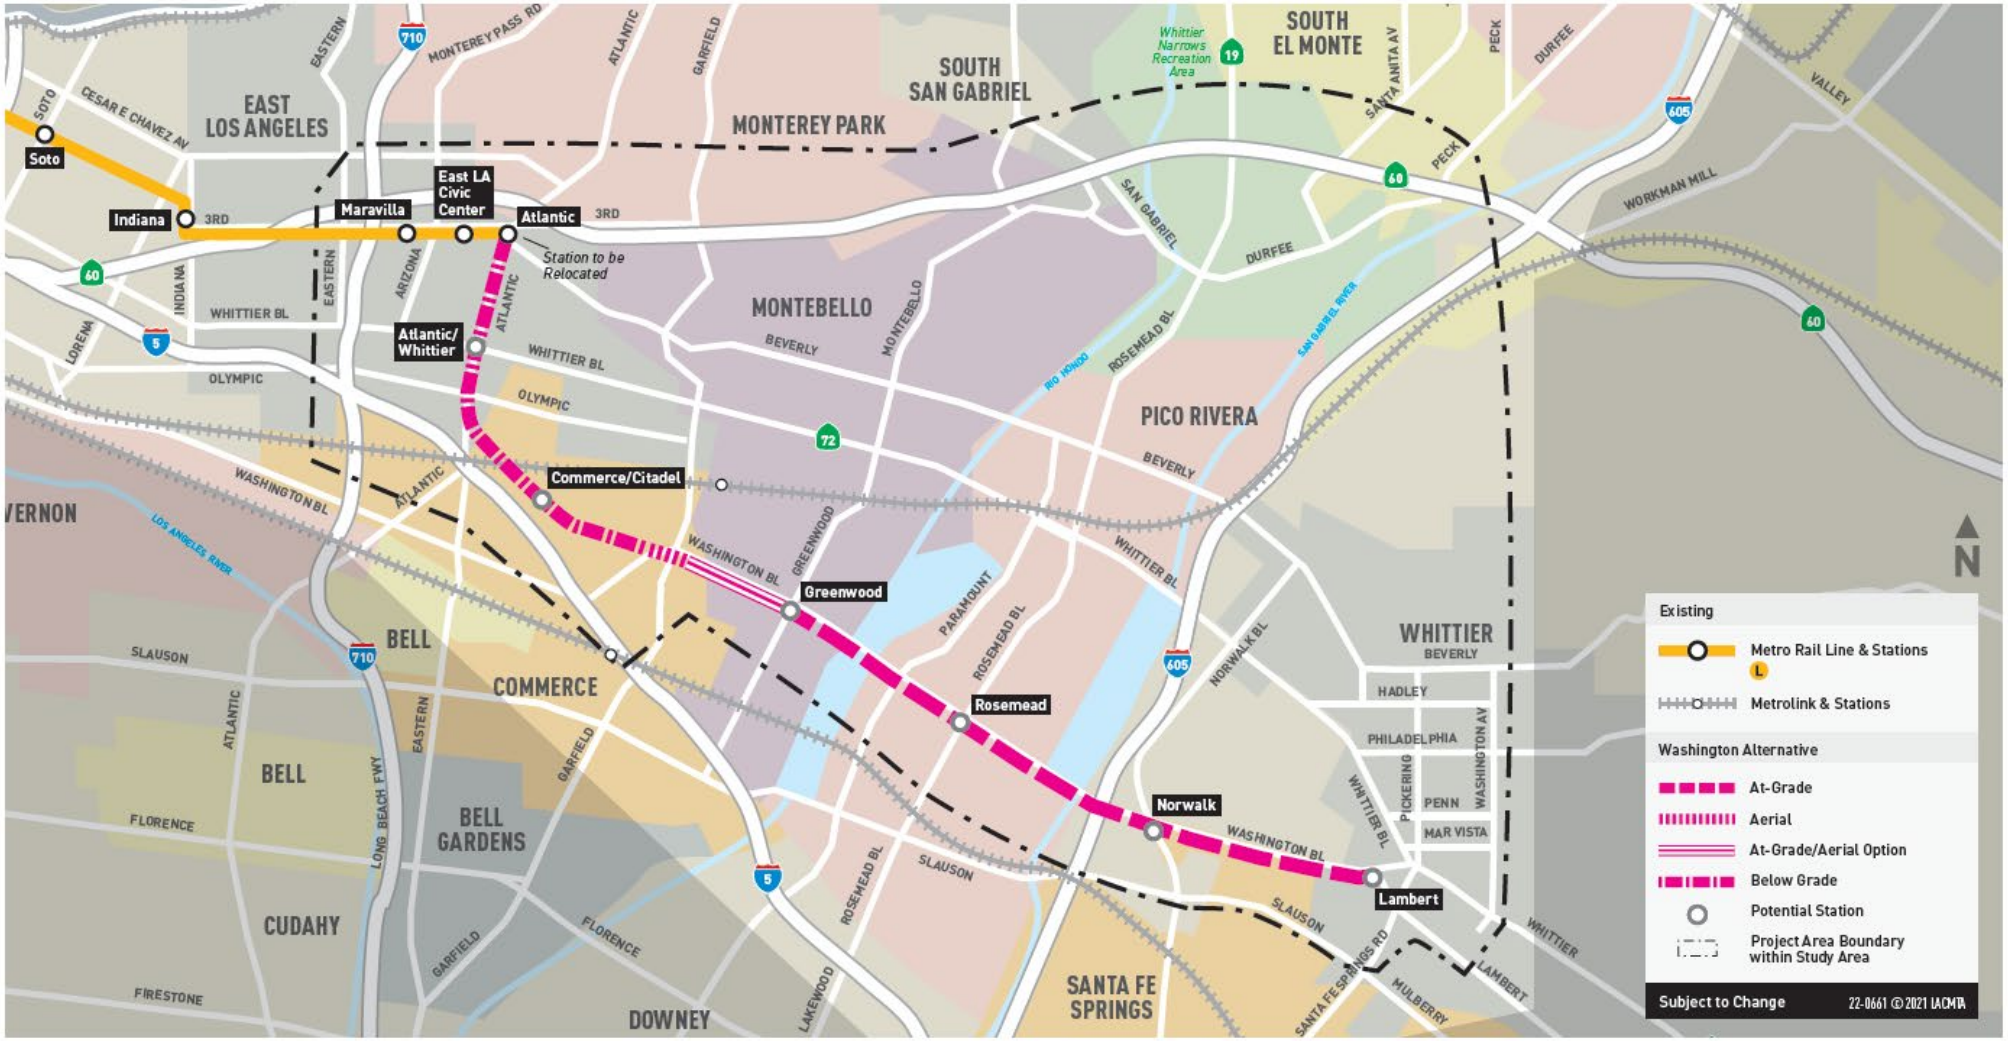
- El acceso a la estación está a nivel del suelo, lo que facilita el acceso a la estación
- Accesibilidad (ADA, en inglés)
- El espacio del área de la estación es compacta
- Integración mejorada de la comunidad con el nivel de la estación en el terreno

Metro

Estación de grado de Greenwood

Línea E de Metro – Estación de Santa Monica

Línea E de Metro – Estación de 17th Street



Metro

Próximos Pasos

- Considerar los comentarios y aportes de la comunidad y las partes interesadas
- Las opciones de diseño continuarán siendo estudiadas en el documento ambiental
- Las reuniones comunitarias se llevarán a cabo antes del lanzamiento del DEIR
- Publicación anticipada del DEIR en primavera/verano de 2022

ATTACHMENT E2 – WINTER 2022

DRAFT

Community Meetings
March 2022
Summary Report

Prepared by:

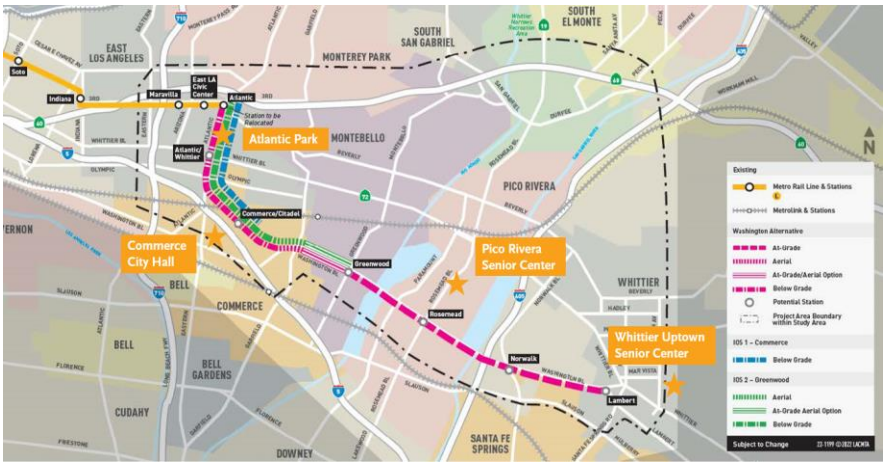
arellano associates

1.0 INTRODUCTION/OVERVIEW

1.1. Project Overview

Metro is continuing with the preparation of a Recirculated Draft Environmental Impact Report (EIR) on the Eastside Transit Corridor Phase 2 Project (Project) that proposes to extend the Metro L Line (Gold) further east from its current terminus at Pomona Bl and Atlantic Bl in East Los Angeles. As part of the Recirculated EIR reinitiated in June 2019, Metro continues with public engagement and outreach with interested stakeholders and project area communities.

As a follow-up to the community meeting series hosted in November 2021, Metro hosted another round of update meetings in March 2022 to provide a project update focused on specific communities and cities, share information on the ongoing station design efforts, and provide an opportunity to ask questions. Arellano Associates (AA), in coordination with Metro, prepared and executed a notification plan to notice project area residents, businesses and the general public about these meetings and project updates. This report summarizes the meeting process and materials as well as the outreach and notification efforts leading up to the March 2022 meetings.



1.2. Meeting Series Overview

AA, in coordination with Metro, prepared for and planned four (4) virtual community meetings. Due to the ongoing COVID-19 pandemic and precautionary safety measures, the meetings continued to be virtual through Zoom. Additionally, outdoor in-person tech van opportunities were offered to live-stream the meeting for individuals who may need technical support or resources. The community meetings were focused on providing informational updates on the status of the project and answering questions related to those updates.

Table 1.1 Community Meeting Details

Meeting	Date/Time	In-Person Tech Van Location/Address
Community Meeting #1 – Focus on East Los Angeles Community	Wed., March 9, 2022 Time: 6 –7:30pm	Atlantic Avenue Park 570 S Atlantic Bl Los Angeles, CA 90022
Community Meeting #2 – Focus on Cities of Commerce and Montebello	March 10, 2022 Time: 6 –7:30pm	Commerce City Hall Parking Lot 2535 Commerce Way Commerce, CA 90040
Community Meeting #3 – Focus on Cities of Pico Rivera and Santa Fe Springs and Los Nietos Community	March 16, 2022 Time: 6 –7:30pm	Pico Rivera Senior Center 9200 Mines Av Pico Rivera, CA 90660
Community Meeting #4 – Focus on City of Whittier	March 17, 2022 Time: 6 –7:30pm	Whittier Uptown Senior Center 13225 Walnut St Whittier, CA 90602

Figure 1: Tech Van Locations

2.0 OUTREACH ACTIVITIES LEADING UP TO MEETING SERIES

2.1. East Los Angeles Business Meetings

During the November 2021 community meetings, Metro received a request to meet with East LA businesses to provide a project update and answer questions. Metro participated in a meeting that was hosted and coordinated by the East LA Chamber of Commerce, Whittier Merchants Association and Via Care on January 27, 2022. Metro met with the businesses again on March 2, 2022, ahead of the community meetings. Both meetings aimed to inform business owners and tenants of project updates, including preliminary station design options and discuss potential construction impacts.

Table 2.2 East Los Angeles Business Meetings

Meeting	Date & Time	Location
Business Meeting #1 *Non-Metro hosted meeting*	Thu., Jan. 27, 2022 5:30 – 7:00pm	Via Care 501 S Atlantic Bl Los Angeles, CA 90022?
Business Meeting #2 *Hosted by Metro*	Thu., March 3, 2022 5:30 – 7:00pm	Virtual on Zoom In-person streaming location at Via Care 501 S Atlantic Bl Los Angeles CA 90022

2.1.1. Business Meeting #1

During the first meeting, Metro was invited to present an update on the project to local businesses in East LA. The agenda included opportunities to ask questions and share concerns by various businesses. The meeting took place in-person at Via Care with some project staff and Supervisor Solis' staff joining

virtually through Zoom. It's important to note that East LA Chamber of Commerce led the development of the flyer and notification for this meeting. Meeting notes and the sign-in sheet are available in Appendix A.

Businesses and attendees included:

1. Martin Reyes, Office of LA County Board of Supervisor, Hilda Solis (District 1)
2. Waqas Rehman, Office of LA County Board of Supervisor, Hilda Solis (District 1)
3. Bella Hernandez, LA County Public Works
4. Andrew Ross, LA County Public Works
5. Patsy Ma, PMA Equities and BP International, Inc.
6. Juan Torres, Torres Tuxedos
7. Norma Aguirre, Nolla Professional Services and East LA Chamber of Commerce
8. Veronica, Carolina's Appliances
9. Via Care
10. Tony DeMarco, Western Loan and Whittier Boulevard Merchants Association
11. Tomas Gamez, Streamline Audio
12. Sammy, Guaranteed Auto Sales, Inc.
13. Eddie Torres, East LA Coalition

2.1.2. Business Meeting #2

Metro hosted a separate virtual meeting on March 3, 2022, for East LA businesses. The purpose of the meeting was to provide project updates to business owners and discuss potential impacts to businesses and mitigation measures ahead of the community meetings. The meeting format included a project overview, updates on the environmental review process and maps showing potential property impacts. During the Question-and-Answer Session, attendees provided comments relating to quality of life and requested that their concerns be addresses prior to the construction of the two new stations. A detailed summary is provided in Appendix A.

A total of 27 attendees participated in the meeting. Businesses and organizations in attendance included:

1. Office of LA County Board of Supervisor, Hilda Solis (District 1)
2. Guadalupe Jauregui, Cosmopolitan Hair Salon
3. Eddie Torres, East Los Angeles Coalition
4. Tony DeMarco, Whittier Boulevard Merchants Association
5. Tomas Gamez, Streamline Audio
6. Norma Aguirre, Nolla Professional Services and East LA Chamber of Commerce
7. Silvia Roman, Blushed Academy
8. Sammy, Guaranteed Auto Sales, Inc.
9. Vero, Carolina's Appliances
10. Mary Rosas, Starbucks
11. Luis Gameros, East LA Taxes
12. SchoolWare Uniforms Inc.

2.1.2.1. Business Meeting #2 Notification

- *Flyer Distribution –* As part of the notification campaign leading up to the March 3 business meeting, AA conducted in-person business outreach in East LA by delivering meeting flyers along strategic areas near the two proposed stations at Atlantic/Whittier and Atlantic/Pomona. Flyer distribution began on Thursday, February 17 near the Pomona/Atlantic intersection. Distribution continued Friday, February 18 near the Whittier/Atlantic intersection. A total of 100

businesses, including street vendors, were notified in-person during the door-to-door deliveries. AA staff collected business contact information to conduct reminder phone calls and emails. LA County Supervisor Hilda Solis' staff, Jose Gardea, provided a second round of notification the following week. A full list of the businesses is available in Appendix A.

- *Mailing –* Business property owners were notified via mail. A total of 17 business property owners were notified by mail. The mailing list is in Appendix A.
- *Reminder Phone Calls and Email –* As a follow-up to the flyer distribution, the outreach team conducted one round of reminder phone calls to businesses who provided a phone number during the flyer distribution. An email was sent to all businesses who provided an email address on the day of the meeting, March 3. Additionally, AA conducted phone calls on March 8 to serve as a reminder for the community meetings kicking off on March 9.

2.2. Community Events

- AA engaged with community members at public events hosted by local governments, schools, and non-profit organizations. The purpose of the engagement was to share information regarding the project and make invitations to the meeting series.

Table 2.1 Community Events List

Event Name	Event Date & Time	Event Location	Approximate No. of Engagements
Arts in Action Middle School Vaccination Clinic	Sat., Feb. 19, 2022 1 – 4:00pm	745 S Kern Av Los Angeles, CA 90022	20
City of Montebello Vaccination Clinic	Sat., Feb. 26, 2022 10:00am – 2:00pm	200 W Mines Av Montebello, CA 90640	15
East Los Angeles Farmers Market *Included CBO Staffing*	Sat., March 5, 2022 8:00am – 1:00pm	4801 E 3rd St Los Angeles, CA 90022	100
Whittier Uptown Farmers Market *Included CBO Staffing*	Fri., March 11, 2022 8:00am – 1:00pm	13018 Philadelphia St Whittier, CA 90601	60
		Grand Total	**195**

2.3. CBO Partnering and Other Targeted Outreach

The partnerships established with CBOs continued and expanded outreach efforts in an equitable manner. CBOs participated in roundtable meetings and also provided outreach support leading up to the round of community meetings. 8 CBOs partners were onboarded and agreed to support with outreach support. The CBO partners are listed below:

Table 2.3.1 CBO Partners

CBO Name	Service Area	Services Provided
Strength Based Community Change (SBCC)	East Los Angeles	Roundtable participation
Self Help Graphics & Art	City of Los Angeles; Greater Los Angeles Area	Roundtable participation and digital outreach
Women in Non-Traditional Employment Role (WINTER)	East Los Angeles; Commerce; Montebello; Pico Rivera; Santa Fe Springs; Whittier; West Whittier-Los Nietos; Greater Los Angeles Area	Roundtable participation and digital outreach
Mundo Maya Foundation	East Los Angeles; Commerce; Montebello; Pico Rivera; Whittier; West Whittier-Los Nietos	Roundtable participation, digital outreach, and in-person event outreach
Public Matters	East Los Angeles	Roundtable participation
Los Angeles County Bicycle Coalition	Pico Rivera; Whittier; Montebello; East Los Angeles; West Whittier-Los Nietos	Roundtable participation and digital outreach
Disability Rights California	Greater Los Angeles Area	Roundtable participation
Alma Family Services	Commerce; East Los Angeles; Huntington Park; Pico Rivera; San Gabriel Valley	Roundtable participation

2.1.1. Roundtable Meeting #3

All 8 CBOs participate in the roundtable discussions based on improving outreach tactics and accessibility. A third roundtable meeting was held on March 3, 2022. It began with a recap of the partners' roles and responsibilities and input given during the previous roundtable meetings. This meeting focused on reviewing the upcoming public meeting presentation format and content and providing suggestions for making the meetings more accessible to the community.

2.1.2. Outreach Conducted by CBOs

Each CBO was surveyed on additional outreach opportunities that were available for participation. Four CBOs chose to not participate in additional outreach, mostly due to low capacity for additional work, while four opted-in to these efforts, including Mundo Maya, WINTER, Self Help Graphics & Art and LA County Bicycle Coalition.

To summarize each method, social media posts, eblasts, newsletters, SMS messages, flyer distribution and phone outreach allows staff to share project information and meeting invitations with their communities or memberships. Reaching out to other CBOs would broaden the reach of efforts as CBOs have relationships with other organizations. Live streaming meetings would include a CBO either attending the meeting in-person and livestreaming using their device or can share the live meeting by adding it to their own platform. This allows conversation to a broader community. Staffing pop-ups includes utilizing CBO staff to accompany outreach staff at an event. The CBO has the capability of reaching out to their own membership and extend the invite or connecting with stakeholders to share valuable resources and information. The following table shows the specific efforts that were built into each CBO's outreach contract.

Table 2.3.2 CBO Partners Outreach Participation Agreements

	Outreach Method	Mundo Maya	WINTER	Self Help Graphics	LACBC
Digital Outreach	**Post on Social Media**	X	X	X	X
	Distribute Eblasts	X			X

	Livestream Meetings	X			X
Alternative Outreach	**Flyer EFC Areas**	X			
	Phone Outreach	X			
	Staff Pop Ups	X			
	Reach out to CBOs	X			X

3.0 NOTIFICATION OF COMMUNITY UPDATE MEETINGS

AA coordinated with Metro to promote public awareness and execute a variety of notification methods for the series of community meetings. Notification included both traditional and digital methods including mailings, door-to-door deliveries, eblasts, banners, posters and flyer distribution. The notification efforts resulted in published articles and other Earned Media. Communication materials were also updated to reflect the community meetings details (i.e., project website and helpline).

3.1. Printed notices

AA designed the 11" x 17" meeting notice for public distribution along the project corridor. The bilingual (English and Spanish) notice was distributed via door-to-door to approximately 48,000 residents and mailed to approximately 12,700 property owners that do not reside in the area. The extended notification boundary was utilized and is approximately ½ mile along Washington to Whittier Bl and Washington Bl to Slauson Ave, ½ mile around the proposed stations with the entire community of East LA being notified.

3.2. Eblasts

An electronic version of the meeting notice was distributed via e-blast to contacts in the project database that contain an email address. The database was updated prior to the notification period for this meeting series and the updated database included emails for over 2,700 stakeholders. A table of the distributed eblasts is provided below and PDF copies are available in Appendix B.

Table 3.2 Eblast Distribution

No.	Date	Eblast	Sent	Opens
1	Wed., Feb., 16, 2022	Eblast Notice	2,659	613 (32.9%)
2	Thu., Feb. 24, 2022	Eblast Reminder #1	2,700	574 (30.4%)
3	Wed., March 2, 2022	Eblast Reminder #2	2,741	582 (30.2%)
4	Tue., March 8, 2022	Eblast Reminder #3	2,747	589 (30.7%)
5	Tue., March 15, 2022	Eblast Reminder #4	2,759	583 (30.1%)
6	Mon., March 28, 2022	"Thank you" Eblast	2,828	626 (30.9%)

3.3. Banners and Posters

In addition to meeting notices, AA designed 8-foot by 5-foot site-specific and general banners and site-specific and general posters size 11"x17" to provide information on the community meetings. Banners were offered exclusively to the corridor cities. A total of 10 banners were provided. Additionally, posters were offered to agencies and community groups along the corridor to place in their news section or other high-foot trafficked area, including city halls. The table below provides counts of the banners and posters provided. Copies of the banners and posters can be found in Appendix C.

Table 3.3 City Banner and Poster Distribution

No.	City	# of Banners	# of Posters
1	Montebello	2	2
2	Pico Rivera	2	2
3	Santa Fe Springs	2	2
4	Commerce	2	2
5	Whittier (Whittier Uptown Association)	2	0
6	East Los Angeles	2	2

3.4. Flyer Distribution

AA staff distributed approximately 100 meeting notices to transit riders at the Pomona/Atlantic Station located at 255 S Atlantic Bl in East LA on the morning of Wednesday, March 2, 2022.

3.5. Extended Outreach

Utilizing the same extended outreach list as previous efforts, with updates, AA conducted supplemental outreach to public agencies, community groups, schools, libraries, community centers, faith-based organizations and chambers of commerce. AA also designed bilingual 8.5”x11” flyers to promote the meetings. AA delivered 3,150 meeting flyers to sixty-four (64) organizations, including community organizations and the corridor cities. Additionally, AA delivered 2,036 meeting notices to three schools to share with staff and students, including:

1. Arts In Action Community Charter School
2. St. Alphonsus School
3. Whittier High School

An electronic communications toolkit was prepared that included copy-and-paste ready text for the use of different communication platforms for stakeholders including eblasts, newsletters, social media posts, websites, podcast, and school automated systems. The toolkit was distributed to 103 organizations and resulted in some organizations sharing the information in their different communication platforms, as seen in Appendix B for Earned Media.

3.6. Advertisements

Several ads were published by Metro to promote the community meetings, including meeting details and tech van locations. More details are provided below. Copies of the ads are available in Appendix B.

Table 3.4 Advertisements Published

Advertisement	Publish date	Audience
Facebook Event Ads	Starting Fri., Feb. 25, 2022	Metro promoted the meetings via paid ads to targeted ZIP codes near the alignment
City of Whittier Newsletter (electronic)	Tue., March 1, 2022	Over 30,000+ City of Whittier residents
Whittier Chamber of Commerce Newsletter (electronic)	Tue., March 1, 2022	Over 2,000+ readers
Montebello Reporter (print newsletter)	Tue., March 1, 2022	20,000+ City of Montebello residents
California Association for Bilingual Education (CABE) Whittier (podcast)	Thu., March 3, 2022 English: 4-5pm Spanish: 5-6pm	• Over 6,000+ listeners • CABE is a non-profit organization promoting bilingual education and quality educational experiences for all students in California

		• 976 members consisting of organizations and school districts in Whittier, Santa Fe Springs, Los Nietos, Montebello, Los Angeles and more

3.7. Website and Helpline

AA prepared the website edits with Metro taking the lead in updating the community meetings information on the project's webpage under the Latest Updates section. At the conclusion of the meetings, the materials presented were posted within the Documents section of the website, including the video recordings of each meeting.

AA also updated the project helpline greeting message in English and Spanish to announce the meeting details. AA monitored the helpline and responded to any incoming inquiries. Once the meeting series concluded, AA re-recorded the message to reflect a general message and directed callers to visit the website to access project materials.

3.8. Metro The Source and El Pasajero articles

Metro's The Source released an article on February 28, 2022, highlighting the community meeting series. The article included the project map and community meeting details with attendance options. Similarly, Metro's El Pasajero released an article on March 1, 2022, highlighting the community meeting series and included the same content in Spanish.

4.0 COMMUNITY UPDATE MEETINGS

Four (4) community meetings were hosted by Metro to provide updates on the project and share station design updates, including potential right-of-way impacts. The table below summarizes participation at each meeting.

Table 4.1 Community Update Meeting Participation Summary

No.	Meeting	Date	In-Person "Tech Van/Site" Location/Address	Participation	# of Comments
1	Community Meeting #1 – Focus on East Los Angeles Community	Wed., March 9, 2022	Atlantic Avenue Park 570 S Atlantic Bl Los Angeles, CA 90022	84 (including 7 at tech van site)	25
2	Community Meeting #2 – Focus on Cities of Commerce and Montebello	Thu., March 10, 2022	Commerce City Hall Parking Lot 2535 Commerce Way, Commerce, CA 90040	59 (including 2 at tech van site)	21

3	Community Meeting #3 – Focus on Cities of Pico Rivera and Santa Fe Springs and Los Nietos Community	Wed., March 16, 2022	Pico Rivera Senior Center 9200 Mines Av, Pico Rivera, CA 90660	89 (including 8 at tech van site)	58
4	Community Meeting #4 – Focus on City of Whittier	Thu., March 17, 2022	Whittier Uptown Senior Center 13225 Walnut St, Whittier, CA 90602	75 (including 2 at tech van site)	29
			Total	**307** (including 19 at tech van site)	**133**

5.0 SUMMARY OF PUBLIC QUESTIONS

After the presentation, participants were encouraged to submit questions orally or using the Zoom Q&A function at each of the meetings. The project team and outreach staff provided responses to questions. Below are the comments shared by the community and categorized by theme.

- **General**
  - General support or opposition for the project
  - Quality of life concerns in East LA
  - Why is the project taking so long to approve and build?
  - Is Metro coordinating with other projects in the area such as the I-605 Corridor Improvement Project?
- **Safety**
  - Safety near schools and at train crossings
  - Pedestrian safety at the stations
  - Increased crime along train corridor and station areas
  - What type of security will be in place?
  - Will people in wheelchairs be able to exit the underground stations?
  - Will there be security at the station?
  - Will the rail line increase homelessness in the Whittier area?
  - Homelessness may increase fires in the area
  - Educate students on safety near tracks
  - Suicide risks and prevention
  - Ensure safety for pedestrians
- **Traffic**
  - Traffic impacts on local thoroughfares (Washington Bl) during construction and during operations
  - Traffic back-up for left and right turns
  - At-grade vs. underground concerns in the Greenwood Bl corridor

  - Asking Metro to revisit the alignment along the BNSF along Commerce/Montebello
  - Will left turns be permitted on Washington Bl and can they be made safe?
  - Will traffic lanes be taken on the road during construction and after the line opens?
  - Traffic into West LA is very bad. Not sure if this project will alleviate it considering the timeline.
  - Will there be impacts to the Rio Hondo River and the San Gabriel River bridges?
  - How do you propose to go under a freeway without disrupting the freeway and the concrete pillars that hold the freeway up?
  - Many trucks use Washington and traffic may increase more during construction.
- **Parking**
  - Will there be temporary parking for residents and business before the Metro is built?
  - Lack of parking in East LA
  - Food trucks parking in East LA
  - What will be done with the vehicles that are parked here because people take the train into West LA?
- **Community impacts**
  - Train could attract homelessness to corridor communities
  - Changes in property values once Metro is built and in operation
  - Will businesses be affected? Will their properties be acquired?
  - Will homelessness increase in the area due to the new rail line?
  - Will there be increased noise and vibrations?
- **Right-of-Way Impacts**
  - ROW impacts at Atlantic/Beverly
  - Request for more information for property acquisitions
  - Request for information regarding relocation process
  - Will houses be acquired as part of the project?
  - How is fair market value assessed?
- **Access/Connectivity**
  - Lack of support of extending the route to Whittier. Suggestion to end the route in Commerce instead.
  - Provide bicycle parking and kiss-and-ride at Commerce Citadel Station
  - Support for increased bus service instead of rail
  - There is already enough transit in the Montebello area
  - Is the Atlantic Station relocation necessary?
  - There is already transit along Washington Bl and the ridership is very low. There is not enough ridership in this area.
  - Is the project coordinating with first/last mile?
- **Other**
  - Impacts to wildlife along the riverbed
  - Loss of business along the route
  - Will there be loans for businesses for the loss of business?
  - Will there be a compensation for rent for the loss of business?
  - Request for a Community Advisory Committee to represent East LA
  - What exactly is a "staging area" and what does it entail?

- Why not use electric buses instead of rail?
- How will air quality be affected? Will Metro improve the air?
- Will businesses be impacted due to losses during construction?

6.0 NEXT STEPS

Following the meeting series, Metro will consider another round of community update meetings prior to the release of the Draft EIR.

COMMUNITY MEETINGS: ADDITIONAL PROJECT UPDATES, COMMUNITY-SPECIFIC (WINTER 2022) APPENDICES

MEETING NOTIFICATIONS

Eastside Transit Corridor Phase 2

We invite you for an Open Dialogue

Dear business owner and/or tenant:

Metro is evaluating an approximately nine-mile extension of the Metro L Line (Gold) further east from its current terminus at Pomona Bl and Atlantic Bl. The project proposes to have two (2) stations in East Los Angeles – Atlantic Bl/Pomona Bl and Atlantic Bl/Whittier Bl. Due to the proximity of your business and the stations, we invite you to join us for an open dialogue to discuss:

> Project overview
> Preliminary station design options
> Potential construction impacts of the proposed project

The meeting will be held virtual via Zoom. As an additional resource, if you have limited technology or resources, you may visit the in-person option. **Due to the ongoing concern regarding COVID-19 and large gatherings, please confirm your participation to Edna Jimenez at 909.627.2974 or via email at *EJimenez@ArellanoAssociates.com*.**

Meeting Details

Thursday, March 3, 2022, 5:30 – 7pm
Zoom Link: *https://tinyurl.com/2p8parr4*
Meeting ID: 840 1988 0792
Phone Call-in: 213.338.8477

Resource (in-person)

Via Care
501 S Atlantic Bl, Los Angeles, CA 90022
Spanish staff will be available

If you need Spanish interpretation or have any questions on how to access the virtual meeting or in-person resource, please contact the outreach consultant, Arellano Associates, at 909.627.2974.

Metro

Corredor de Transporte Hacia el Este Fase 2

Le invitamos a un diálogo abierto

Estimado propietario de negocio y/o inquilino:

Metro está evaluando una extensión de aproximadamente nueve millas de la Metro L Line (Gold) más al este de su terminal actual en Pomona Bl y Atlantic Bl. El proyecto propone tener dos (2) estaciones en el este de Los Angeles: Atlantic Bl / Pomona Bl y Atlantic Bl / Whittier Bl. Debido a la proximidad de su negocio y las estaciones, le invitamos a que nos acompañe para un diálogo abierto para discutir lo siguiente:

> Resumen del proyecto
> Opciones preliminares de diseño de las estaciones
> Posibles impactos de construcción del proyecto propuesto

La reunión se llevará a cabo virtualmente a través de Zoom. Como recurso adicional, si tiene tecnología o recursos limitados, puede visitar la opción en persona. **Debido a la preocupación continua con respecto a COVID-19 y reuniones grandes, por favor confirme su participación llamando a Edna Jimenez al 909.627.2974 o por correo electrónico a *EJimenez@ArellanoAssociates.com*.**

Detalles de la reunión

Metro

Jesse Fraire

From: Edna Jimenez
Sent: Thursday, March 3, 2022 1:53 PM
To: Edna Jimenez
Subject: Eastside Transit Corridor Phase 2 Project - East LA Meeting, Don't forget to join us tonight at 5:30pm

Good afternoon –

My name is Edna Jimenez, outreach consultant for LA Metro on the Eastside Transit Corridor Phase 2 project, also known as the Gold Line extension. Our outreach team conducted visits to your business to inform you of the business meeting that's scheduled for today at 5:30pm. We also contacted your business this week to remind you about the meeting. I wanted to send a final reminder to the email addresses we were able to gather from our site visits on January 17 & 18. As you know, the project proposes to have two (2) stations in East Los Angeles – Atlantic Bl/Pomona Bl and Atlantic Bl/Whittier Bl. Tonight, we will one an open dialogue to discuss:

- Project overview
- Preliminary station design options
- Potential construction impacts of the proposed project

As we have mentioned, the meeting will be held virtual via Zoom. As an additional resource, if you have limited technology or resources, you may visit the in-person option. **Due to the ongoing concern regarding COVID-19 and large gatherings, please confirm your participation to me by today at 5pm by calling me at 909.627.2974 or via email at *EJimenez@ArellanoAssociates.com*.** Below are the meeting details:

Thursday, March 3, 2022, 5:30 – 7pm

East LA Meeting Business Meeting

> Hosted by East LA Business Chamber of Commerce, East LA Coalition, Whittier Boulevard Merchants Associations and Via Care on Thu., Jan. 27, 2022

Brief Summary Topics

> Concerns over multiple projects throughout East LA and impacts

> Construction

- Business disruption and displacement
- Street closures in and around the project area
- Impacts related to project schedule
- Potential mitigation measures
- Parking challenges and potential plan
- Business support programs during construction
- Construction schedule and duration

Meeting Format

Meeting will be recorded

Webcams **will remain off** during entire presentation

Mics will remain off during the formal presentation

To ask a question:

- Use the Raise Hand Function

- Type your question in the chat
- Call-in users dial *9 to raise your hand

Our Expectation

We will conduct a respectful meeting to allow ideas and comments to be shared in an open and fair environment

Q&A

To ask a question:

> Use the Raise Hand Function

> Type your question in the chat

> Call-in users dial *9 to raise your hand

When it's your turn to speak:

> Unmute yourself

> Call-in users dial *6 to unmute your microphone

Our Expectation

We will conduct a respectful meeting to allow ideas and comments to be shared in an open and fair environment

Community Meetings Schedule

Meeting #1: East Los Angeles Community
Wednesday, March 9, 2022 – 6–7:30pm

Zoom Link: tinyurl.com/4mv6zmau
Call-In Number: 213.338.8477 / Meeting ID: 897 1861 4508
Spanish call-in: 872.240.3212 / Access code (código): 306 731 269

Tech Van Location
Atlantic Avenue Park
570 S Atlantic Bl, Los Angeles, CA 90022

Meeting #2: Cities of Commerce and Montebello
Thursday, March 10, 2022 – 6–7:30pm

Zoom Link: tinyurl.com/3bzd23xj
Call-In Number: 213.338.8477 / Meeting ID: 830 0816 0659
Spanish call-in: 571.317.3122 / Access code (código): 514 928 469

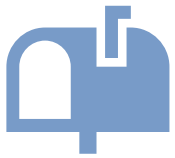
Tech Van Location
Commerce City Hall Parking Lot
2535 Commerce Way, Commerce, CA 90040

Meeting #3: Cities of Pico Rivera and Santa Fe Springs and Los Nietos Community
Wednesday, March 16, 2022 – 6–7:30pm

Zoom Link: tinyurl.com/mrxd844d
Call-In Number: 213.338.8477 / Meeting ID: 853 2408 0924
Spanish call-in: 872.240.3212 / Access code (código): 510 930 613

Tech Van Location
Pico Rivera Senior Center
9200 Mines Av, Pico Rivera, CA 90660

Meeting #4: City of Whittier
Thursday, March 17, 2022 – 6–7:30pm



Zoom Link: tinyurl.com/2p83mw82
Call-In Number: 213.338.8477 / Meeting ID: 830 6625 5716
Spanish call-in: 786.535.3211 / Access code (código): 112 267 101

Tech Van Location
Whittier Uptown Senior Center
13225 Walnut St, Whittier, CA 90602

Notification Efforts – March Meetings

> **Series of 4 Virtual Community Meetings & Mobile Tech Vans**
  - Spanish interpretation virtually
  - Spanish staff available for in-person mobile tech van
  - Ready for ASL & other needs upon request

> **Printed Materials (Bilingual)**
  - **48,000 notices** distributed **door-to-door**
  - **12,500 notices mailed** to owner non-occupied, including business owners
  - **30 posters**, **~3,500 flyers** and **15 street banners** distributed to public counters (cities, libraries, schools, senior centers)

> **Electronic Messaging (E-Blasts) (Bilingual) to ~3,000 email addresses**

> **Digital**
  - Toolkit sent to over 100 organizations
  - Website updates
  - Helpline provides meeting dates

> **Facebook ads via Events**
  - Ads targeting stakeholders based on their proximity to the corridor

> **Targeted Outreach**
  - Attendance at pop-up events
  - Announcement at all city council meetings
  - School outreach to 30+ schools along corridor (ELA, Montebello USD, El Rancho USD, various Whittier districts)

Eastside Transit Corridor Phase 2
East LA Business Meeting – Jan. 27, 2022, 5:30pm

Meeting Overview

- Opening remarks: Eddie
- Introduction: Metro
    - Consultant, outreach
    - Supervisor Solis, Waqas Rehman

Presentation Details and Questions

- Jenny provided overview
- Tito provided overview of LIFE program
- *Draft EIR*
    - Clearing for CEQA, short term and long term
- *TBM* – hoping to share more details in March
    - In order to build underground we need to use TBM
    - Need an area to extract; need to extract in ELA as it minimizes impacts and extracting more in Commerce due to industrial areas
- *Project Elements*
    - Temporary staging, need 3 acres
    - In order to build a station that is covered underground, we need to open an area in Atlantic Bl
    - Depending on which station option we go with
- *Atlantic/Pomona*
    - Base line. Along Atlantic (going left to right), top to bottom is Beverly
    - South of where the station is today.
    - Closed underground station. In essense it's anX-Ray
- *Atlantic/Pomona covered underground station*
    - Details
        - Station entrance (street level) - we will show the example.
        - Remainder of yellow highlight is when you go into the station and when you walk
        - Board train is right along Atlantic where the cursor is
        - Access is on Altantic where we will have temporary construction along Atlantic Bl. It provides connectivity to both Atlantic and Beverly
        - Call out is station entrance
        - Main entrance is on corner of Atlantic/Beverly and that's the only thing you can see
    - **Question #1 (Eddie)** – can you point out some landmarks so we can understand? Will underground portal be at all entrances? How many portals?
        - *Metro* – An example of the underground covered is seen in the board showing Mariachi Plaza. 1 station portal will be located where it says "subway" and will

be main entrance to go to underground. The rest will be emergency stairs. The escalators are to get you down to the station.
        - *Lilian* – what about the ones on eastern end where it shows "Metro"?
    - **Question #2 (Eddie)** – emergency exits in other projects – what is the vicinity or area it takes in terms of square footage for an emergency exit?
        - *Jenny* – We don't have square footage because it depends on the station
    - **Question #3 for Melissa** – when you say temporary construction – what does "temporary" mean?
        - *Melissa* – Closures will range from a temporary weekend with detours in place for extended weeks but then covered back up and driven over; could be several months
        - *Jenny* – we will have a better idea in March when we meet with you and as we continue to study the project
    - **Question #4** – so from the time when you start cutting, what is the duration of time?
        - *Metro* – We will respond to you when we come back in March, depending on the condition, factors. We're trying to do as much of the study as we can
        - *Lilian* – even during the construction we come across conditions that require adjustments
        - *Jenny* – Lilian and community relations will be in communication with communities
    - **Question #5** – There are other concept drawings – is this the final footprint? I know we have an open and closed station – it was stated that this was a long walkway – is there other iterations or is this the best in your dept. view of doing underground?
        - *Jenny* – for underground segway, yes.
        - This is the one for covered for ELA?
            - Jenny: Yes. Do we have examples
- *Atlantic/Pomona Open underground station*
    - Focusing on station areas now and in March we will have more info to share
    - *Melissa* – North of location we were just looking at – instead of having platform – platform is proposed in middle of location
        - Guideway is further north
        - Access shown here both from north side and a bit east to that
        - We are underground and not as deep; connectivity can be improved, reduce work on Atlantic Street
        - Closer to existing parking structure that's currently there and can serve better
    - **Question #6 (Tony)** – Is there a plan for use of the parking lot? Will use of triangle property have less impacts? How many properties will be impacted? Do you have an example of an Open Station which provides natural light?
        - Accessibility isn't as deep, still underground
        - We don't know which properties will be impacted but covered and open station have similar impacts
    - **Question #7** – are you saying it has less impacts? How many commercial properties will ELA businesses lose?

        - *Jenny* – We will provide more info in March. We mentioned in November that we need to continue studying and we brought you very early draft designs and now the engineering team has evolved in design, and we will share with you
    - **Question #8 (Tony DeMarco) –** Unlike 3rd street, we don't want to see impacts like in 3rd street. Based on experience with other projects how does the Open concept affect area?
        - *Jenny:* Maybe Jaime or Dolores can answer that
        - *Dolores:* We have to look at it regardless and we don't have info on hand
        - *Jaime:* Closed environmental, you have to remove some...
        - We will look because it differs based on conditions with a complete study to assess construction impacts and environmental impacts
    - **Question #9** – since it is underground, how low will vibration be?
        - *Jenny:* Will be evaluated
    - **Question #10 (Eddie)** – Does everyone here understand the concepts and can we get input?
        - Eddie counted hands
        - Goal was to get more information
        - *Lilian* – what I suggest is doing a comparison in the presentation
- *Atlantic/Whittier - South/West Corner*
    - Previous configuration
    - Special care to do construction in that area;
- *Atlantic/Whittier - North/West Corner*
    - Streams the design
    - **Question #11 –** Everything that is gold would eventually be cut and lowered, correct?
        - *Metro* – Yes, this will be built cut and covered
    - **Question #12 (Tony)** – How long will the closures take place? What is your best guess?
        - *Eddie* – Why do you want a guess?
        - *Dolores* – We do have estimates; once we go with the contractor we determine the closures and impacts or disruptions
        - *Lilian* – We will work with you intentionally
        - Define what you mean with "**you**"
            - *Lilian* – That's businesses
        - And do the "you's" have definite answer on what to do or say?
            - *Dolores* – When we were constructing the Gold Line we worked with the community and decided on what would cuase less disruptions
    - **Question #13 (Eddie)** – Do we need to table it and learn more?
        - *Lilian* – We don't need to table it. We have already reviewed this in past meetings and based on feedback it was mentioned that CVS is not feasible. We asked if you preferred the CVS site or Skechers and Skechers was best option

Comments

- *Norma (ELA Chamber)* – We are requesting as a community and chamber the following:

- 30 days notice before construction starts
- Notices to be delivered in person
- Signage to let people know businesses access
- Have a signature letter that businesses will remain open before, during construction?
- No street vendors. It states in regulations that there is no street vendors
- Lack of parking for residents and businesses, clearly states that street vendors
- Before and during construction – businesses should get compensated
- No allowance of street vendors due to consumed parking done

- *Tony DeMarco*
  - We support this project but we also need Metro to mitigate impacts
  - We have a void in unincorporated ELA and that means an elected body that is recognized by Metro
  - I want to stress the impacts in ELA. We all need to speak up and make sure these impacts get the best way possible. As an example:
    - Atlantic Bl – It gets an "F" grade. There is a charter school that creates a gridlock, Starbucks (drive thru) that backsup traffic
    - Atlantic/Whittier SW corner: CVS, another school which also creates a gridlock
    - Parking enforcement says they can't do anything about illegal parking; catering trucks all around CVS
      - How will construction impact be 2029 when we already have a bad situation?
  - Eagle/4th St. - new construction of new school
    - Amelia St has a lot of construction
  - A giant project like this one will decrease availability of parking
  - Lastly: streetscape project in 2010 in Whittier Bl (?) - There was a full-time site coordinator back when we had an executive director that worked with the contractor. This was great. We need a Full Time coordinator for businesses on both station zones.
  - Also need a deputy there, more law enforcement with expensive machinery
  - City Manager or staff that would look into getting staff for their community; we lack that
- *Patsy Ma* - owner of NW quadrant on Atlantic/Pomona on current station
  - I support Metro's expansion, mass transit. Jenny and Lilian have heard my comments – we can't afford losing our businesses
  - History: back in 2008 there was 100% based, grants – during construction 80% of tenants closed that could not do anything and they left
    - Station open, street was made 1-way street. The rent is lower by a great deal to be able to accommodate business to succeed. I tried to apply for $$ for signage since 2013 and now 2022 and no one has extended help
  - A lot of ELA needs signage, streetscape, a sign program should be considered
  - We have about 625 parking spaces, Metro has their parking structure and because Metro charges we have people parking over in our spaces. Small businesses in our neighborhood cannot afford another cycle of this. Since Dolores was involved in the Gold Line, she's knowledgeable of our issues
  - As Tony mentioned, we need to ask for things so we can be heard so I am asking
  - Communication is not perfect with Metro. I sign up for updates and never receive emails

- *Taxpayers*
    - Lost business because of lack of parking
    - Lot of my clients are from outside ELA so my business is impacted already, imagine with the construction
    - Need to have a level of compensation on Whittier, Atlantic

- *Veronica, Carolinas Appliances (Spanish)*
    - #1 - Tenemos problemas con el estacionamiento y mas con los food trucks *(We have a problem with parking and more so with the foot trucks)*
    - #2 – una clinica que esta ahi al lado de nosotros – casi siempre los clientes vienen y se estacionan y estan ahi por horas *(There is a clinic next to us and their clients always come and park in our areas for hours)*
    - #3 – El edificio donde hacen clases para los que manejan – tambien hay problemas para estacionarse *(the building that has driving classes also has parking issues)*
    - El proyecto se escuchan muy bien pero como va suceder todo lo del estacionamineto cuando empieza la construccion? El joven de los taxes tiene razon y necesitamos ayuda *(The project sounds good but how will the parking situation be when construction begins? The gentleman from the tax place is right, we need help)*
    - De que manera nos van asistir? *(How will you support us?)*
        - *Lilian:* Translated and responded: It's a board decision, East LA is very well represented so you have your elected sit on the board. What we have done is implemented programs for funding that provide money to affected businesses, Eat Shop Play where we invite the businesses to come to Metro and sell their items. Some of the feedback we've received is that the sales are so much higher when they come to Metro than their typical day.
        - Regional Connector – Did have a Service Center with full-time staff that provided solutions
- *Samuel, car dealership on Whittier and Olympic* - been there over 35 years and what I have seen on this kind of project:
    - You will be impacting a lot more due to lack of parking, enforcement (parking and health)
    - In 2029 when it begins then you are creating a hub of problems

- *Juan Torres, A Torres Tuxedos (next to Skechers)*
    - Hopefully Metro can consider a different portal
    - This will bring in more homeless people
    - Parking is an issue. Allow for public to use/businesses
    - We need police enforcement - either through Metro or other departments to provide security especially now that there is so much happening
- *Thomas*
    - Parking is an issue and will get worse
    - Lunch trucks are an issue
    - Metro to make room for construction, not food trucks

- *Patrice W., Via Care*
    - $15k is spent on services
    - Access to services is important, especially during construction

AA's recommendations/Notes

- Presentation for March
    - Spend a bit more time explaining stations
    - Add landmarks/current businesses on any visuals
    - Include examples of mitigation efforts
    - Consider adding outreach slides that summarizes efforts leading up to meetings (Ex: Eblast distribution to 3,000 emails, reached 60 schools along corridor, etc)
- Format
    - Q&A to be done at end of presentation for better flow
    - Consider adding timer to 2 min max per participant to stay within time limit

Action items

- Patsy Ma – Is not receiving emails
    - Fri., Jan. 28 – Edna called Patsy to confirm she's on distribution list, sent her screenshots of email campaigns and analytics showing she's not opening emails. Patsy will look through her emails, could be in "junk" folder and will call back if she has any questions

Metro Eastside Transit Corridor Phase 2 Project
East LA Businesses Meeting
March 3, 2022 – 5:30-7:30pm

Q&A Session Notes

Participant: Eddie Torres, East LA Coalition

- Request for copies of testimonies and Q&A.
- Described development map he developed 2015/2017 vs 2022 development/street vendors, food trucks, unpermitted restaurants on sidewalks
- Said these are the worst conditions in ELA (because of the food booths or parking in general)
- Without the 3 builds, its horrendous traffic and parking conditions.
- We are telling Metro that we need them to mitigate this. Construction will make this worse. We are asking for mitigation before construction begins. It's impossible to say we are going to minimize impacts.
- You cannot replace the customers.
- If we do not have mitigation, we will not support this project.
- They need new parking around Atlantic/Whittier Station
- Need security at above and underground stations (new and existing)
- Cannot lose any parking (if do, need to be compensated)
- Advertisements during construction (directly and indirectly impacted).
- Funding to help impacted businesses.
- ELA is a pass-thru city.
- We need Metro officials to come and walk and look at the circumstances.
- They have homeless people living in front of businesses and on sidewalks.
- These embarrassments are due to the original L Line. It's embarrassing that they don't have a voice
- Now we are going to do more outreach.
- Don't beat up ELA anymore.

Participant: Patsy Ma

- She is a part of the ELA Coalition. Property owner at Atlantic/Pomona
- They all support the extension. They are happy Metro is going underground on Atlantic Bl.
- They have experienced that people park in local businesses and take Metro train. Parking needs to be addressed.
- They need to hire their own security at night.
- Food trucks take away street parking and takes from brick-and-mortar businesses.
- Metro should address parking, security, and traffic. They don't want the same situation as what happened when L Line originally opened.
- Are there plans for additional parking?
    - A: This is still being studies and coordinated.

Participant: Juan Torres, A Torres Tuxedos

- We need to work on parking, security, maintenance. We need to talk about the other problems first.

Participant: Norma, ELA Chamber BOD

- Stands with businesses and ELA coalition.
- She requests Metro to agree to mitigation for impacted businesses and parking enforcement.

Participant: Sammy, Guaranteed Auto Sales

- There are unlicensed businesses creating problems for licenses businesses, taking parking spaces, their customers are uneducated. This is creating problems for them.
- Need Metro's help with this before construction begins.

Participant: Tony DeMarco, Whittier Bl Merchant Association

- He supports the businesses that would be highly impacted. Called 3rd St a disaster.
- They were assured that this would not happen with this extension. I am not hearing anything that is assuring us that this won't happen again.
- This is not going to lead to more business because there isn't much development in ELA.
- They know the turmoil to expect once this is underway. They want Metro to address illegal activity and unenforced activity due to the existing Metro.
- They don't see anything changing from last time. Metro is blowing over the impacts. These major concerns are going to cripple the businesses in the area.
- It's tough getting people involved because they remember how promises are unfulfilled after the initial opening of the L Line.
- They need to problem-solve for businesses, provide dedicated street clean-up, pressure washing, dust mitigation, enhanced parking restrictions/ordinances to tow cars and food trucks
- We need a dedicated security in the construction zone, including 1-2 sheriff, dedicated Metro liaison on-site every day, paid for by the project.
- Businesses with under 10 employees are going to need help.
- We are going way ahead of ourselves. We need to first mitigate these issues.
- A: Construction Relations does dedicate staff to the project. When it comes to dust, the contractor is responsible for maintaining the site.

Participant: Keri Hellinga

- When would be a good time to begin discussing property impacts?
    - A: This would begin possibly once the funding is secured. Metro's appraisers are highly skilled and they can evaluate ground leases.

Participant: Veronica, Carolina's Appliances on Whittier Bl (Spanish-speaking)

- She is a business owner for 30+ years.
- What's happening now is big issues with parking.
- It's nice to see this project happening, but there are many issues that need to be addressed before beginning construction.
- Her business would be directly impacted by this project. Wants to know how and when this parking problem would be addressed.
- Homelessness is also an issue.
- Some businesses seem to have illicit activities, which are attracting strange people. This creates safety concerns for her clients.
- Food Trucks are getting out of control on Whittier and Atlantic. The sidewalks are dirty because of them. Greasy benches. This is deplorable.
- She feels disappointed that the city is allowing this to continue.
- These issues will just multiply once the new extension is completed. She requests Metro to commit to a date for resolving these issues before construction begins.
- *A: These issues are not only the responsibility of Metro, but also other agencies, such as the County. Metro can coordinate to try to find solutions to these issues.*

Participant: Silvia Rano, Blushed Academy on E Beverly Bl

- Wants mitigation before construction starts.
- The area needs more security and parking.
- She works late nights and its unsafe with homelessness.
- Wants Metro to be transparent so we can support the project.

Participant: Tomas Gama, Streamline Audio

- Eddie to speak for him: He owns a shopping center. Other customers park in his property.
- Tom is exhausted that he is paying property taxes and his parking is being taken by non-customers and that affects his tenants.

Questions Submitted through Chat Feature

Participant: Carlos Godinez, Allstate Insurance Company located in the Metro Plaza adjacent to Kaiser Permanente and next to the plaza parking; Carlosgodinez@allstate.com, 626.643.1561

- I wanted to see if you have a forecast to purchase property for more parking in this area.
- Secondly, I find quite unsafe at night in this area where customers are hesitant to visit the office due to the following:
- Low lighting
- High traffic of homeless
- Street Vendors taking over parking in this area is out of control
- Lack of policy control on site or presence
- Transients vandalizing property, defecating in public, leaving an abundance of debris
- What can I do for the loss of income or walk in traffic to supplement my income? What resources can I utilize or assigned personnel to obtain help and review the requirements.
- Will you be holding a public meeting for business to apply for assistance?
- Lastly, I have been present for two decades and have experience a loss over $20K to $30K per year during the construction and will need help for the upcoming years during the construction phase. Can I obtain financial assistance due to the impact of the construction phases.
- Where will be able to view if our business was impacted in order to obtain financial resource pertaining to this project or business or residents been earmarked.
- Where will you propose the office for resources to support the community?
- In reference to parking in the Pomona Blvd & Atlantic area will more public parking be allocated due to heavy traffic.

Frank Chen

- I represent the property ownership of a multi-tenant center that will be impacted by this plan. Has this plan become public and if not, when will that happen? We know there will be a direct effect to the ability to lease and retain tenancy once it's known the center will be impacted by this project. Thank you.

Number of times these topics were mentioned:

- Parking: 21
- Business: 21
- Security/Safety: 9
- Homelessness: 6
- Traffic: 5

Eastside Transit Corridor Phase 2 Project

Join Us

As a follow-up to the community meetings held in November 2021, Metro will be hosting four (4) virtual community meetings throughout the corridor. Each meeting will feature the following:

- Project and station design updates specific to each of the cities and/or communities
- Opportunity to ask questions or comments

The meetings will be held via Zoom. To support communities that may have limited technology and resources, a mobile tech van will be available at sites along the corridor featuring the live meeting, offering free Wi-Fi internet and providing technical support. Spanish staff will be available for support at all mobile tech sites. All safety protocols will be implemented at all sites.

To learn more about the project visit *metro.net/eastsidephase2*.

Meeting Details

Virtual meetings will offer a presentation followed by opportunities to ask questions or provide comments. A Spanish interpreter will be offered virtually at each meeting. A video recording will be available on the *project website*.

Meeting #1: East Los Angeles Community – Wednesday, March 9, 2022 - 6-7:30pm

Zoom Meeting

Whittier, CA 90602

Project Overview

Metro is evaluating an approximately nine-mile extension of the Metro L Line (Gold) further east from its current terminus at Pomona Bl and Atlantic Bl. This extension would serve the cities of Commerce, Montebello, Pico Rivera, Santa Fe Springs and Whittier, and the unincorporated communities of East Los Angeles and West Whittier-Los Nietos.

Corredor de Transporte Hacia el Este Fase 2

Acompáñenos

Como seguimiento a las reuniones de noviembre de 2021, Metro ofrecerá cuatro (4) reuniones comunitarias virtuales en todo el corredor. Cada reunión contará con lo siguiente:

- Actualizaciones del proyecto y diseño de las estaciones específicas para cada una de las ciudades y/o comunidades
- Oportunidad de hacer preguntas o comentarios

Las reuniones se realizarán a través de Zoom. Para apoyar a las comunidades que puedan tener tecnología y recursos limitados, una camioneta de tecnología móvil estará disponible en los sitios a lo largo del corredor y contaran con la reunión en vivo, ofrecerán internet Wi-Fi gratuito y brindarán soporte técnico. Personal que habla español estará disponible en todos los sitios tecnológicos móvil. Todos los protocolos de seguridad se implementarán en todos los sitios.

Para obtener más información sobre el proyecto, visite *metro.net/eastsidephase2*.

Detalles de las reuniones

Las reuniones ofrecerán una presentación seguida por oportunidades para hacer preguntas o hacer comentarios. Interpretación en español estará disponible virtualmente en cada reunión. La grabación de video estará disponible en el *sitio web* del proyecto.

Reunión #1: Comunidad del Este de Los Angeles – miércoles 9 de marzo de 2022, 6-7:30pm

Resumen del Proyecto

Metro está evaluando una extensión de aproximadamente nueve millas de Metro L Line (Gold) hacia el este de su terminal actual en Pomona Bl y Atlantic Bl. Esta extensión conectaría a las ciudades de Commerce, Montebello, Pico Rivera, Santa Fe Springs y Whittier, y las comunidades no incorporadas de East Los Angeles y West Whittier-Los Nietos.

Project Overview

Metro is evaluating an approximately nine-mile extension of the Metro L Line (Gold) further east from its current terminus at Pomona Bl and Atlantic Bl. This extension would serve the cities of Commerce, Montebello, Pico Rivera, Santa Fe Springs and Whittier, and the unincorporated communities of East Los Angeles and West Whittier-Los Nietos.

Eastside Transit Corridor Phase 2 Project

Anuncio en español

Reminder - Join Us

As a follow-up to the community meetings held in November 2021, Metro will be hosting four (4) virtual community meetings throughout the corridor starting tomorrow. Each meeting will feature the following:

- Project and station design updates specific to each of the cities and/or communities
- Opportunity to ask questions or comments

The meetings will be held via Zoom. To support communities that may have limited technology and resources, a mobile tech van will be available at sites along the corridor featuring the live meeting, offering free Wi-Fi internet and providing technical support. Spanish staff will be available for support at all mobile tech sites. All safety protocols will be implemented at all sites.

Update

The Metro Board of Directors received updates on the project during the board meeting in February. Please read more on the links below. To learn more about the project visit *metro.net/eastsidephase2*.

Board Report The Source

Meeting Details

Virtual meetings will offer a presentation followed by opportunities to ask questions or provide comments. A Spanish interpreter will be offered virtually at each meeting. A video recording will be available on the *project website*.

Corredor de Transporte Hacia el Este Fase 2

Recordatorio - Acompáñenos

Como seguimiento a las reuniones de noviembre de 2021, Metro ofrecerá cuatro (4) reuniones comunitarias virtuales en todo el corredor. Cada reunión contará con lo siguiente:

- Actualizaciones del proyecto y diseño de las estaciones específicas para cada una de las ciudades y/o comunidades
- Oportunidad de hacer preguntas o comentarios

Las reuniones se realizarán a través de Zoom. Para apoyar a las comunidades que puedan tener tecnología y recursos limitados, una camioneta de tecnología móvil estará disponible en los sitios a lo largo del corredor y contaran con la reunión en vivo, ofrecerán internet Wi-Fi gratuito y brindarán soporte técnico. Personal que habla español estará disponible en todos los sitios tecnológicos móvil. Todos los protocolos de seguridad se implementarán en todos los sitios.

Actualización

La Junta Directiva de Metro recibió actualizaciones sobre el proyecto durante su reunión en febrero. Por favor, lea más en los enlaces a continuación. Para obtener más información sobre el proyecto, visite *metro.net/eastsidephase2*.

Informe de la Junta Directiva

El Pasajero

Detalles de las reuniones

Las reuniones ofrecerán una presentación seguida por oportunidades para hacer preguntas o hacer comentarios. Interpretación en español estará disponible virtualmente en cada reunión. La grabación de video estará disponible en el *sitio web* del proyecto.

Resumen del Proyecto

Metro está evaluando una extensión de aproximadamente nueve millas de Metro L Line (Gold) hacia el este de su terminal actual en Pomona Bl y Atlantic Bl. Esta extensión conectaría a las ciudades de Commerce, Montebello, Pico Rivera, Santa Fe Springs y Whittier, y las comunidades no incorporadas de East Los Angeles y West Whittier-Los Nietos.

Eastside Transit Corridor Phase 2 Project

Anuncio en español

Thank you for participating!

Thank you to everyone who attended the virtual community meetings for the Eastside Transit Corridor Phase 2 project. Metro hosted four meetings on March 9, 10, 16 and 17, 2022 to share an update on the proposed station designs specific to each of the cities and/or communities and provided an opportunity to engage with the project team with a Question & Answer session.

Local residents joining the virtual community meetings via the Metro mobile tech van

The meetings brought together over 340 community members, including participants that took advantage of the in-person resource mobile tech van along the corridor. We appreciate the valuable comments, questions and feedback regarding the project on different topics, including but not limited to, property acquisition, safety, traffic, community impacts, access, connectivity, parking and general project questions.

If you were unable to attend the meetings, video recordings, presentations and fact sheets are available by accessing the links in the Meeting Materials section below.

Next Steps

This project is in the environmental study process, with the Draft Environmental Impact Report (EIR) anticipated to be released for public review in spring/summer 2022, with a 45-day comment period supported with public hearings for submitting oral comments and a variety of other comment submittal options. We look forward to your continued participation, including opportunities to learn more in advance of the planned release of the Draft EIR. Please stay connected to remain informed of other project updates and the announcement of the Draft EIR release.

Coming Soon: Interactive Online Tool

An online interactive tool is coming soon in English and Spanish! You will be able to learn more about the project by visiting the web-based interactive tool at your convenience. This tool will feature interactive maps and other multimedia showcasing the alignment, proposed stations, Initial Operating Segments (IOS), information on the environmental process, and more.

Project Overview

Metro is evaluating an approximately nine-mile extension of the Metro L Line (Gold) further east from its current terminus at Pomona Bl and Atlantic Bl. This extension would serve the cities of Commerce, Montebello, Pico Rivera, Santa Fe Springs and Whittier, and the unincorporated communities of East Los Angeles and West Whittier-Los Nietos.

In February 2022, two IOS and preliminary cost estimates were introduced to the Metro Board. The full alignment to Whittier will be environmentally cleared as Alternative 1 in the Draft EIR through the California Environmental Quality Act (CEQA), and the two IOS will be analyzed as separate alternatives. Learn more by reviewing the Board report and The Source article.

Eastside Transit Corridor Phase 2

Communications Toolkit: Join us for Community Meetings in March

Metro is proposing to extend the L Line (Gold) further east from its current terminus at Pomona Bl and Atlantic Bl in East Los Angeles. This extension would serve the cities of Commerce, Montebello, Pico Rivera, Santa Fe Springs and Whittier, and the unincorporated communities of East Los Angeles and West Whittier-Los Nietos.

As a follow-up to the community meetings held in November 2021, **Metro will be offering four community meetings to discuss the project and station design updates specific to each of the cities or communities while also providing the opportunity ask questions or provide comments.** The meetings will be held via Zoom and will feature a mobile tech van at all sites to support communities that may have limited technology and resources.

We appreciate the city's support in sharing the information with your community. Below are suggested methods and content that can be used on the city's platform, see below for content. Simply copy and paste the content based on your preferred method. These efforts are intended to complement all the other public notification methods that Metro is already using to promote the meetings.

1. **View and share project resources**
2. **Social media platform:** Download our project image ***HERE*** and post it on your social media profiles (Facebook, Twitter, Instagram) with your preferred post.
3. **Cable Slide:** Download the cable slide ***HERE*** and feature in your local TV channel (if applicable)
4. **NextDoor:** Post meeting information to your NextDoor account.
5. **Share electronic flyer:** You can share the electronic flyer image with your cell phone contacts (text message, WhatsApp).
6. **Distribute electronically via email or newsletter:** Share the meeting notice with your e-mail contacts. You can download a copy of the meeting flyer (***HERE***).
7. **Post information on your website or make announcements**

   OPTION 1: You can use project image (***HERE***) to post to your organization's homepage. The image would then need to be linked to *Metro's website*.

   OPTION 2: Feature information on your events calendar (if applicable)

   OPTION 3: Make announcements at your meetings, or other special events.
8. **Posters:** 11" X 17" posters are available to place on your organization's public counter or news section, upon request.

If you have any questions, please contact the outreach consultant supporting this effort, Edna Jimenez via email at *EJimenez@ArellanoAssociates.com* or via phone at 909.627.2974.

1. **View and share project resources**
   View or download any of the project resources and share with your constituents.

   > **Project information**
   - Project Fact Sheet (*English / Spanish*)
   - Project map (*Link)*

   > **Flyer announcing community meetings** (*Link*)

---

2. **Social Media:** Use the project image (*Link*) on your social media profiles (Facebook, Twitter, Instagram) and share your preferred post.

   > **Metro Accounts**
   - **Facebook:** *@losangelesmetro*
   - **Twitter:** @metrolosangeles
   - **Instagram:** *@metrolosangeles*

   Option 1: Promote the virtual meetings

   Join [insert tag based on account] and the Eastside Transit Corridor Phase 2 team at one of four virtual meetings on March 9, 10, 16 or 17 at 6pm to discuss the extension of the Metro L Line further east. The meeting will feature updates on the project, station design updates specific to each of the cities and/or communities and opportunities for Q&A. For complete meeting details visit Metro's website.
   Suggested links:
   Metro Calendar: *https://www.metro.net/calendar/list/page/3/?hide_subsequent_recurrences=1*

   Option 3: Promote the call-in option

   Join [insert tag based on account] and the Eastside Transit Corridor Phase 2 team for virtual meetings on March 9, 10, 16 & 17 at 6pm for project updates. If you can't join online, you can also call-in to listen to the presentation and ask questions and/or make comments. For complete details on the meetings, view the meeting flyer.
   Metro Calendar: *https://www.metro.net/calendar/list/page/3/?hide_subsequent_recurrences=1*
   Meeting flyer: *https://files.constantcontact.com/95c7c82d001/40c386f3-29b4-405d-bcbc-994157358ace.pdf?rdr=true*

---

3. **Cable slide:** The cable slide (*download here*) can be added to your television broadcasting to notify your community about the community meetings.

---

4. **Nextdoor:** Log onto your account, post with two options.

   Option 1: Post the following text as a "message" on your Nextdoor profile
   Metro will be offering virtual community meetings on March 9, 10, 16 & 17, 2022 on the Eastside Transit Corridor Phase 2 project, a proposed extension of the Metro L Line (Gold) further east from its current terminus at Pomona Bl and Atlantic Bl in East Los Angeles. Each meeting will provide project and station design updates specific to each of the cities and/or communities while offering opportunities to ask questions or make comments. To support communities that may have limited technology and resources, a mobile tech van will be available at sites along the corridor, featuring the live meeting, offering free Wi-Fi internet and providing technical support. For full project information please visit metro.net/eastsidephase2.

   Option 2: Post as an event on your Nextdoor profile.

   a. Click on the "Post a message, event, poll or urgent alert" field on your profile.
   b. Select the "Event" tab
   c. Under the "Choose neighbors" option, select the second option to share with your community + nearby.
   d. For category, select "meetings"
   e. **Text for event title:** ***Metro will hold community meetings in March on the extension of the Metro L Line further east into Whittier – Join virtually.***

      Text for event description: *See text included for Option 1 above.*

---

5. **Share electronic flyer:** You can share the electronic flyer "Meeting Details" with your cell phone contacts via text message or post as a "status" update on your WhatsApp.

   Option 1: Share meeting details only. You can share the *.jpg file (*download here*)

   Option 2: Share the purpose of the meeting. You can share the *jpg file (*download here*)

---

6. **Distribute electronically via email or newsletter:** Share the flyer notice (*Link*) with your e-mail contacts at least one (1) week before the first community meeting.

   Option 1: You can use the project image (*LINK*) and link on the project website, *metro.net/eastsidephase2.*

   Option 2: Copy and paste the following text into the body of an email:

   Subject/Title: **Metro will offer 4 virtual community meetings on the extension of the Metro L Line (Gold) in March.**

   Body:

   Metro will be offering virtual community meetings on March 9, 10, 16 & 17, 2022 at 6pm on the Eastside Transit Corridor Phase 2 project a proposed extension of the Metro L Line (Gold) further east from its current terminus at Pomona Bl and Atlantic Bl in East Los Angeles. Each meeting will provide project and station design updates specific to each of the cities and/or communities while offering opportunities to ask questions or make comments. To support communities that may have limited technology and resources, a mobile tech van will be available at sites along the corridor, featuring the live meeting, o-ffering free Wi-Fi internet and providing technical support. Spanish staff will be available for support at all mobile tech sites. All safety protocols will be implemented at all sites. Complete details below.

8. **Posters:** Please contact Edna Jimenez to request additional 11” X 17” posters that can be placed on public counter or high foot trafficked area.

Eastside Transit Corridor Phase 2

Communications Toolkit: Join us for Community Meetings in March

Metro is proposing to extend the L Line (Gold) further east from its current terminus at Pomona Bl and Atlantic Bl in East Los Angeles. This extension would serve the cities of Commerce, Montebello, Pico Rivera, Santa Fe Springs and Whittier, and the unincorporated communities of East Los Angeles and West Whittier-Los Nietos.

As a follow-up to the community meetings held in November 2021, **Metro will be offering four community meetings to discuss the project and station design updates specific to each of the cities or communities while also providing the opportunity ask questions or provide comments.** The meetings will be held via Zoom and will feature a mobile tech van at all sites to support communities that may have limited technology and resources.

As a community leader in the project area, we are providing suggested content to help you share information with your membership and or contact lists. Simply copy and paste the content based on your preferred method. These efforts are intended to complement all the other public notification methods that Metro is already using to promote the meetings.

1. **View and share project resources**
2. **Social media platform:** Download our project image ***HERE*** and post it on your social media profiles (Facebook, Twitter, Instagram) with your preferred post.
3. **NextDoor:** Post meeting information to your NextDoor account.
4. **Share electronic flyer:** You can share the electronic flyer image with your cell phone contacts (text message, WhatsApp).
5. **Distribute electronically via email or newsletter:** Share the meeting notice with your e-mail contacts. You can download a copy of the meeting flyer (***HERE***).
6. **Post information on your website or make announcements**

   OPTION 1: You can use project image (***HERE***) to post to your organization's homepage. The image would then need to be linked to *Metro's website*.

   OPTION 2: Feature information on your events calendar (if applicable)

   OPTION 3: Make announcements at your meetings, or other special events.
7. **Posters:** 11" X 17" posters are available to place on your organization's public counter or news section, upon request.
8. **Record an automated phone message (schools):** Record the automated message and include in your portal.

If you have any questions, please contact the outreach consultant supporting this effort, Edna Jimenez via email at *EJimenez@ArellanoAssociates.com* or via phone at 909.627.2974.

1. **View and share project resources**
   View or download any of the project resources and share with your constituents.

   > **Project information**
   - Project Fact Sheet (*English / Spanish*)
   - Project map (*Link*)

   > **Flyer announcing community meetings** (*Link*)

---

2. **Social Media:** Use the project image (*Link*) on your social media profiles (Facebook, Twitter, Instagram) and share your preferred post.

   > **Metro Accounts**
   - **Facebook:** *@losangelesmetro*
   - **Twitter:** @metrolosangeles
   - **Instagram:** *@metrolosangeles*

   Option 1: Promote the virtual meetings

   Join [insert tag based on account] and the Eastside Transit Corridor Phase 2 team at one of four virtual meetings on March 9, 10, 16 or 17 at 6pm to discuss the extension of the Metro L Line further east. The meeting will feature updates on the project, station design updates specific to each of the cities and/or communities and opportunities for Q&A. For complete meeting details visit Metro's website.
   Suggested links:

   Option 2: Promote the Mobile Tech Van resource

   Metro [insert tag based on account] will be having virtual community meetings on March 9, 10, 16 and 17 at 6pm to discuss the extension of the Metro L Line further east. To support communities that may have limited technology and resources, a mobile tech van will be available at sites along the corridor, featuring the live meeting, offering free Wi-Fi internet and providing technical support. For complete details visit Metro's website.
   Metro Calendar: *https://www.metro.net/calendar/list/page/3/?hide_subsequent_recurrences=1*
   Meeting flyer: *https://files.constantcontact.com/95c7c82d001/40c386f3-29b4-405d-bcbc-994157358ace.pdf?rdr=true*

   Option 3: Promote the call-in option

   Join [insert tag based on account] and the Eastside Transit Corridor Phase 2 team for virtual meetings on March 9, 10, 16 & 17 at 6pm for project updates. If you can't join online, you can also call-in to listen to the presentation and ask questions and/or make comments. For complete details on the meetings, view the meeting flyer.
   Metro Calendar: *https://www.metro.net/calendar/list/page/3/?hide_subsequent_recurrences=1*
   Meeting flyer: *https://files.constantcontact.com/95c7c82d001/40c386f3-29b4-405d-bcbc-994157358ace.pdf?rdr=true*

---

3. **Nextdoor:** Log onto your account, post with two options.

   Option 1: Post the following text as a "message" on your Nextdoor profile

Metro will be offering virtual community meetings on March 9, 10, 16 & 17, 2022 on the Eastside Transit Corridor Phase 2 project, a proposed extension of the Metro L Line (Gold) further east from its current terminus at Pomona Bl and Atlantic Bl in East Los Angeles. Each meeting will provide project and station design updates specific to each of the cities and/or communities while offering opportunities to ask questions or make comments. To support communities that may have limited technology and resources, a mobile tech van will be available at sites along the corridor, featuring the live meeting, offering free Wi-Fi internet and providing technical support. For full project information please visit metro.net/eastsidephase2.

Option 2: Post as an event on your Nextdoor profile.

a. Click on the "Post a message, event, poll or urgent alert" field on your profile.
b. Select the "Event" tab
c. Under the "Choose neighbors" option, select the second option to share with your community + nearby.
d. For category, select "meetings"
e. **Text for event title:** ***Metro will hold community meetings in March on the extension of the Metro L Line further east into Whittier – Join virtually.***

   Text for event description: *See text included for Option 1 above.*

---

4. **Share electronic flyer:** You can share the electronic flyer "Meeting Details" with your cell phone contacts via text message or post as a "status" update on your WhatsApp.

   Option 1: Share meeting details only. You can share the *.jpg file (*download here*)

   Option 2: Share the purpose of the meeting. You can share the *jpg file (*download here*)

---

5. **Distribute electronically via email or newsletter:** Share the flyer notice (*Link*) with your e-mail contacts at least one (1) week before the first community meeting.

   Option 1: You can use the project image (*LINK*) and link on the project website, *metro.net/eastsidephase2.*

   Option 2: Copy and paste the following text into the body of an email:

   Subject/Title: **Metro will offer 4 virtual community meetings on the extension of the Metro L Line (Gold) in March.**

   Body:

   Metro will be offering virtual community meetings on March 9, 10, 16 & 17, 2022 at 6pm on the Eastside Transit Corridor Phase 2 project a proposed extension of the Metro L Line (Gold) further east from its current terminus at Pomona Bl and Atlantic Bl in East Los Angeles. Each meeting will provide project and station design updates specific to each of the cities and/or communities while offering opportunities to ask questions or make comments. To support communities that may have limited technology and resources, a mobile tech van will be available at sites along the corridor, featuring the live meeting, offering free Wi-Fi internet and providing technical support. Spanish staff will be available for support at all mobile tech sites. All safety protocols will be implemented at all sites. Complete details below.

   For complete project details, visit metro.net/eastsidephase2 or call the project helpline at 213.922.3012

Join us for community meetings on March 9, 10, 16 and 17, 2022
Acompáñenos a las reuniones comunitarias el 9, 10, 16 y 17 de marzo de 2022

Join us!

As a follow-up to the community meetings held in November 2021, Metro will be offering four (4) virtual community meetings throughout the corridor.

Each meeting will feature the following:

> Project and station design updates specific to each of the cities and/or communities
> Project schedule updates
> Opportunity to ask questions or comments

The meetings will be held via Zoom. To support communities that may have limited technology and resources, a mobile tech van will be available at sites along the corridor, featuring the live meeting, offering free Wi-Fi internet and providing technical support. Spanish staff will be available for support at all mobile tech sites. All safety protocols will be implemented at all sites.

Meeting Details

Virtual meetings will offer a presentation followed by opportunities to ask questions or provide comments. A Spanish interpreter will be offered virtually at each meeting. A video recording will be available on the project website at *metro.net/eastsidephase2*.

All Metro meetings are held in ADA accessible facilities. Other ADA accommodations and translations are available by calling 323.466.3876 or California Relay Service at 711 at least 72 hours in advance.

¡Acompáñenos!

Como seguimiento de las reuniones communitarias realizadas en noviembre de 2021, Metro ofrecerá cuatro (4) reuniones comunitarias virtuales en todo el corredor.

Cada reunión contará con lo siguiente:

> *Actualizaciones del proyecto y diseño de las estaciones específicas para cada una de las ciudades y/o comunidades*
> *Actualizaciones del cronograma del proyecto*
> *Oportunidad de hacer preguntas o comentarios*

Las reuniones se realizarán a través de Zoom. Para apoyar a las comunidades que puedan tener tecnología y recursos limitados, una camioneta de tecnología móvil estará disponible en los sitios a lo largo del corredor, que presentará la reunión en vivio, ofrecerán internet Wi-Fi gratis y brindarán soporte técnico. Personal que habla español estará disponible para brindar asistencia en todos los sitios de tecnología móvil. Todos los protocolos de seguridad se implementarán en todos los sitios.

Detalles de las reuniones

Las reuniones ofrecerán una presentación seguida por oportunidades para hacer preguntas o proporcionar comentarios. Interpretación en español estará disponible virtualmente en cada reunion. La grabación de video estará disponible en el sitio web del proyecto a metro.net/eastsidephase2.

Todas las reuniones de Metro se llevan a cabo en instalaciones accesibles conforme la Ley Estadounidense para Personas con Discapacidades (American Disabilities Act, ADA) y por medio de transporte público. Adaptaciones necesarias conforme a la ADA y/o traducciones pueden solicitarse llamando al 323.466.3876 o al Servicio de Retransmisión de California al 711, por lo menos 72 horas de anticipación.

Your Weekly News Update

Issue: March 4, 2022

Yard Sale Weekend is Here!

A bargain-hunter's best dream come true. Yard sale weekend is here!

When: Friday, March 4 - Sunday, March 6 from 9 a.m. to 6 p.m. (Rain or Shine)

Yard sales are only permitted on private property four times a year during scheduled City wide yard sale dates.

2022 remaining garage sale dates are:

- June 3, 4, and 6
- September 2, 3, and 4
- December 2, 3, and 4

For more information click here.

Register for a Recreation Class

March recreation classes for youth and seniors are back and open for registration! The Department of Recreation and Community Services is excited to bring back a variety of classes such as Hip Hop. Tennis, Music, and more.

To view this month's **general recreation** class schedule, click here

To view this month's **senior recreation** class, schedule click here

Call the Recreation and Community Services Department at (323) 887-4540.

***Please note that all programs are subject to change.**

LA Metro Eastside Transit Corridor Extension Project

LA Metro is hosting a virtual meeting for Phase 2 of the Eastside Transit Corridor to look at extending the Metro L Line (Gold) by nine miles, with a stop in south Montebello on Greenwood Avenue and Washington Boulevard.

When: Thursday, March 10 from 6 - 7:30 p.m.

Where: Zoom https://tinyurl.com/3bzd23xj

Each meeting will feature the following:

- Project and station design updates specific to each of the cities and/or communities
- An opportunity to ask questions or comments

Purpose of Metro L Line (Gold) extension: To alleviate commuter traffic and provide riders with additional public transportation options.

*To support communities that may have limited technology and resources, a mobile tech van will be available at sites along the corridor featuring the live meeting, offering free Wi-Fi internet, and providing technical support at Commerce City Hall Parking Lot located at 2535 Commerce Way.

For more information click here

The entire month of March, the City recognizes the following:

COVID-19 Memorial: Once again this March, the City of Montebello reminds all residents to reflect on the impact the COVID-19 Pandemic has had on our community and the world. We'd like to invite the community to join us in our annual COVID-19 Memorial Vigil ceremony on Sunday, March 13, at 6 p.m. here on the front steps of City Hall. Follow our social media platforms for more information.

Women's History Month: The City honors and celebrates the immeasurable impact women have made and continue to make in both American and Montebello history. Follow our social media platforms as we share stories of female leadership and strength.

Mark Your Calendars...

- March 4, 5, 6 - Yard Sale Weekend
- March 9 - City Council Meeting
- March 13 - COVID-19 Memorial Vigil
- March 23 - City Council Meeting
- March 29 - Montebello Police Department "Pride Run"

Eastside Transit Corridor Phase 2

March 2022 Community Meetings – CBO Newsletter Task

Instructions: *Copy and paste the following text into the body of a newsletter*

Subject/Title: **Metro will offer 4 virtual community meetings on the extension of the Metro L Line (Gold) in March.**

Body:

Metro will be offering virtual community meetings on March 9, 10, 16 & 17, 2022 at 6pm on the Eastside Transit Corridor Phase 2 project, a proposed extension of the Metro L Line (Gold) further east from its current terminus at Pomona Bl and Atlantic Bl in East Los Angeles. Each meeting will provide project and station design updates specific to each of the cities and/or communities while offering opportunities to ask questions or make comments. To support communities that may have limited technology and resources, a mobile tech van will be available at sites along the corridor, featuring the live meeting, offering free Wi-Fi internet and providing technical support. Spanish-speaking staff will be available for support at all mobile tech sites. All safety protocols will be implemented at all sites. Complete details are provided in the table below.

EASTSIDE TRANSIT CORRIDOR PHASE 2
CORREDOR DE TRANSPORTE HACIA EL ESTE FASE 2

Join us for community meetings on March 9, 10, 16 and 17, 2022
Acompáñenos a las reuniones comunitarias el 9, 10, 16 y 17 de marzo de 2022

Join us!

As a follow-up to the community meetings held in November 2021, Metro will be offering four (4) virtual community meetings throughout the corridor.

Each meeting will feature the following:

> Project and station design updates specific to each of the cities and/or communities
> Opportunity to ask questions or comments

The meetings will be held via Zoom. To support communities that may have limited technology and resources, a mobile tech van will be available at sites along the corridor, featuring the live meeting, offering free Wi-Fi internet and providing technical support. Spanish staff will be available for support at all mobile tech sites. All safety protocols will be implemented at all sites.

Meeting Details

Virtual meetings will offer a presentation followed by opportunities to ask questions or provide comments. A Spanish interpreter will be offered virtually at each meeting. A video recording will be available on the project website at *metro.net/eastsidephase2*.

All Metro meetings are held in ADA accessible facilities. Other ADA accommodations and translations are available by calling 323.466.3876 or California Relay Service at 711 at least 72 hours in advance.

¡Acompáñenos!

Como seguimiento de las reuniones communitarias realizadas en noviembre de 2021, Metro ofrecerá cuatro (4) reuniones comunitarias virtuales en todo el corredor.

Cada reunión contará con lo siguiente:

> *Actualizaciones del proyecto y diseño de las estaciones específicas para cada una de las ciudades y/o comunidades*
> *Oportunidad de hacer preguntas o comentarios*

Las reuniones se realizarán a través de Zoom. Para apoyar a las comunidades que puedan tener tecnología y recursos limitados, una camioneta de tecnología móvil estará disponible en los sitios a lo largo del corredor, que presentará la reunión en vivo, ofrecerán internet Wi-Fi gratis y brindarán soporte técnico. Personal que habla español estará disponible para brindar asistencia en todos los sitios de tecnología móvil. Todos los protocolos de seguridad se implementarán en todos los sitios.

Detalles de las reuniones

Las reuniones ofrecerán una presentación seguida por oportunidades para hacer preguntas o proporcionar comentarios. Interpretación en español estará disponible virtualmente en cada reunion. La grabación de video estará disponible en el sitio web del proyecto a metro.net/eastsidephase2.

Todas las reuniones de Metro se llevan a cabo en instalaciones accesibles conforme la Ley Estadounidense para Personas con Discapacidades (American Disabilities Act, ADA) y por medio de transporte público. Adaptaciones necesarias conforme a la ADA y/o traducciones pueden solicitarse llamando al 323.466.3876 o al Servicio de Retransmisión de California al 711, por lo menos 72 horas de anticipación.

Agenda
Agenda

> Purpose of today's meeting

> Proposed Project Overview and Updates

> Metro Real Estate – Property Acquisition Process

> Community Relations – Construction & Mitigation Programs

> Proposed Project Design Overview

> Q&A

Our Expectation
We will conduct a respectful meeting to allow ideas and comments to be shared in an open and fair environment

> *Propósito de la reunión de hoy*

> *Descripción General y Actualizaciones*

> *Metro Real Estate – Proceso de Adquisición de Propiedades*

> *Relaciones Comunitarias – Programas de Construcción y Mitigación*

> *Descripción General del Diseño del Proyecto propuesto*

> *Preguntas y Respuestas*

Nuestra Expectativa
Llevaremos a cabo una reunión respetuosa para permitir que todos compartan ideas y comentarios en un ambiente abierto y justo.

Metro

Purpose of Today's Meeting
Propósito de la Reunión de Hoy

To provide community members and stakeholders information on the following topics:

> Keep communities informed on the latest update to the Metro Board

> Consider feedback and input from the community and stakeholders on the proposed project design

> Project team to provide the next steps in the environmental process

Proporcionar a los miembros de la comunidad y partes interesadas información sobre los siguientes temas:

> *Mantener comunidades informadas sobre las últimas actualizaciones a la Junta Directiva*

> *Considerar los aportes y comentarios de la comunidad y partes interesadas que se obtengan de esta reunión relacionados con el diseño del proyecto*

> *El equipo del proyecto informará sobre los próximos pasos en el proceso ambiental*

Metro

Summary of East LA Meeting Business Meetings
Resumen de las Reuniónes de Negocios y Propietarios de East LA

> Two (2) meetings with East LA businesses in January and March 2022 (Metro Hosted)

Brief Summary Topics

> Concerns over the worsening of existing issues and multiple new projects throughout East LA

- Business disruption and displacement
- Street closures in and around the project area
- Impacts related to project schedule
- Potential mitigation measures
- Parking challenges and potential plan
- Business support programs during construction
- Construction schedule and duration

> *Dos (2) reuniones con los negocios de East LA en enero y marzo de 2022 (organizado por Metro)*

Breve resumen de los temas

> *Preocupaciones sobre múltiples proyectos en todo el este de Los Angeles e impactos*

- *Interrupción y desplazamiento del negocio*
- *Cierres de calles en y alrededor del área del proyecto*
- *Impactos relacionados con el cronograma del proyecto*
- *Posibles medidas de mitigación*
- *Desafíos de estacionamiento y plan potencial*
- *Programas de apoyo comercial durante la construcción*
- *Cronograma y duración de la construcción*

Community-Based Organizations Support
Apoyo de Organizaciones Comunitarias

> Metro remains committed to equity by partnering with community-based organizations as a roundtable

> 8 organizations throughout the corridor are supporting Metro with:
  - Review the suggested notification methods
  - Providing recommendations for strengthening and/or supporting suggested methods
  - Proposing additional or alternative notification methods
  - Providing input on the presentation
  - Carrying out outreach support tasks*

> CBOs have supported with notification for this meeting series, including social media, newsletters, eblasts and more

*select CBOs

> *Metro sigue comprometido con la equidad al asociarse con organizaciones comunitarias con reuniones enfocadas*

> *8 organizaciones a lo largo del corredor están apoyando a Metro con lo siguiente:*
  - *Revisión de métodos de notificación sugeridos*
  - *Proporcionar recomendaciones para fortalecer y/o apoyar los métodos sugeridos*
  - *Proponer métodos de notificación adicionales o alternativos*
  - *Proporcionar sugerencias sobre la presentación*
  - *Llevando a cabo tareas de apoyo de alcance**

> *Organizaciones han apoyado la notificación de esta serie de reuniones a través de redes sociales, boletines informativos, correos electrónicos y más*

**ciertas organizaciones*

Draft Environmental Impact Report Update
Actualización del Borrador del Informe de Impacto Ambiental

- 20 Environmental topics are required to be evaluated by CEQA, including impacts to communities and natural resources
- Looks at short-term (construction), long-term (operational), and cumulative impacts of project on the environment
- Community meetings will be scheduled prior to the release of the DEIR to inform the community
- The DEIR is anticipated to be released in Spring/Summer 2022

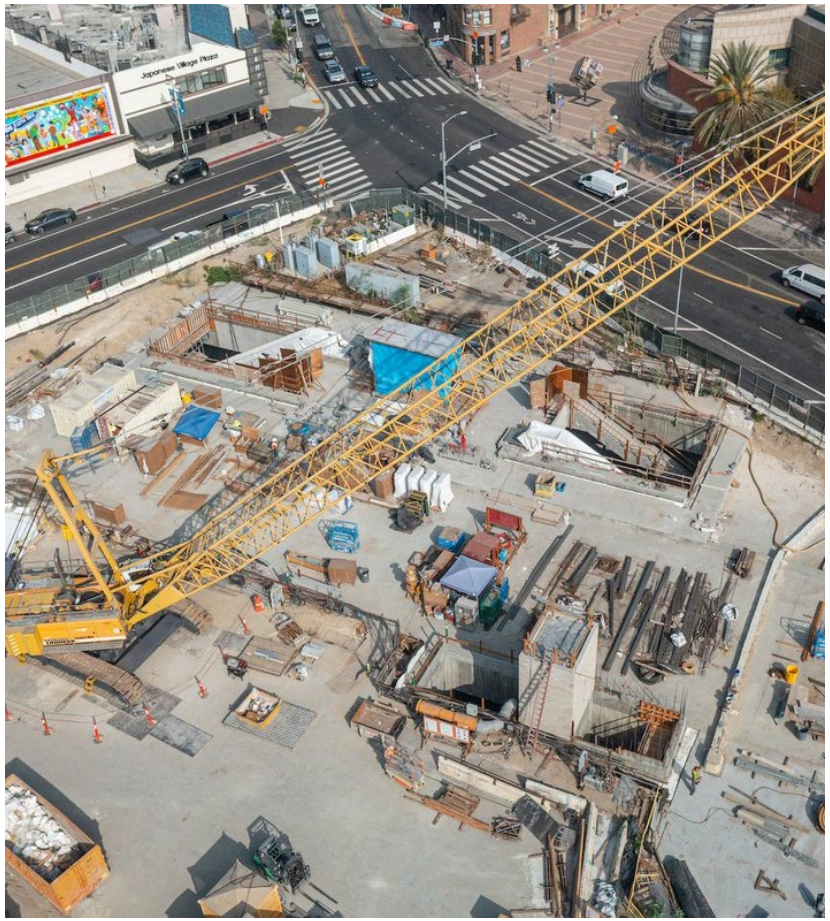
- *20 temas ambientales requieren ser evaluados por CEQA, incluyendo los impactos en las comunidades y recursos naturales*
- *Analiza los impactos a corto plazo (construcción), a largo plazo (operativos) y acumulativos del proyecto en el medio ambiente*
- *Se programarán reuniones comunitarias antes de la publicación del Borrador del Informe de Impacto Ambiental (DEIR) para informar a la comunidad*
- *Se tiene previsto que el DEIR se publicará en la primavera/verano de 2022*

Metro

Project Elements
Elementos del Proyecto

Tunnel Boring Machine (TBM)

> Giant drill
> Slowly drills, digging tunnels needed for an underground project
> Unlikely that people on the surface will see, hear or feel its operation
> Extract the TBM from East Los Angeles
> Requires 2 acres



Tuneladora (TBM, en inglés)

> *Taladro gigante*
> *Perfora la tierra lentamente para excavar los túneles necesarios para un proyecto subterráneo*
> *Es poco probable que las personas en la superficie vean, escuchen o sientan cuando está operando*
> *Extraer la tuneladora del este de Los Angeles*
> *Requiere 2 acres*

Metro

Temporary Construction Staging

> Including staging space, equipment/material storage, construction vehicle parking, etc.

> Requires 3 acres

Área temporal de montaje y almacenamiento de la construcción

> *Incluyendo espacio de montaje, almacenamiento de equipos/ materiales, estacionamiento de vehículos de construcción, etc.*

> *Requiere 3 acres*

Metro

Project Elements
Elementos del Proyecto

Cut and Cover at Station Areas

- Opening the ground surface to an adequate depth
- Support or relocate existing utility lines
- Surface opening is covered with a temporary street decking so traffic and pedestrian movement can continue overhead while excavation proceeds beneath the decking
- Adjacent building foundations will also be supported, as necessary
- Remaining excavated space is backfilled and the street is restored

Falso Túnel en las Áreas de la Estación

- *Abrir la superficie del suelo a una profundidad adecuada*
- *Sustentar o reubicar las líneas de servicios públicos existentes*
- *La abertura de la superficie se cubre con un piso de plataforma temporal para permitir el desplazamiento del tráfico y de peatones por arriba mientras se realiza la excavación debajo del piso de plataforma*
- *También se sustentarán los cimientos de los edificios adyacentes, según sea necesario*
- *Se rellena el espacio restante excavado y se restaura la calle*

PARTICIPACIÓN PÚBLICA CONTINUA

Eastside Transit Corridor Phase 2 is a four-pillar project. Schedule is subject to change per Metro Board direction

El Corredor de Transporte Hacia el Este Fase 2 es un proyecto de cuatro pilares. El cronograma está sujeto a cambios por instrucciones de la Junta Directiva de Metro

Metro

Key Real Estate Acquisition Term
Término clave de adquisición de bienes raíces

> Uniform Relocation Act and the State Act:

- Provide rules for the **uniform**, **fair** and **equitable** treatment of persons or businesses affected by a federally or state funded project

> Ley Uniforme de Asistencia por Reubicación y la Ley Estatal:

- *Proporcionan las reglas para el tratamiento **uniforme**, **justo,** y **equitativo** de las personas o empresas afectadas por un proyecto financiado por el gobierno federal o estatal*

Metro

Acquisition and Negotiation Process
Proceso de Adquisición y Negociación

Appraisal / *Avalúo*

- Appraisal of Real Property
- Appraisal of furniture, fixtures & equipment
- Required for government acquisition of all interests in real property
- Fair Market Value

- *Avalúo de Bienes Inmuebles*
- *Avalúo de muebles, artefactos fijos y equipos*
- *Requerido para la adquisición por parte del gobierno de todas las participaciones en bienes inmuebles*
- *Valor Justo de Mercado*

Acquisition / Adquisición

- Offers Made to property owners
- Negotiation process
- Escrow

- *Ofertas Hechas a Propietarios*
- *Proceso de negociación*
- *Depósito en Garantía*

Relocation/ Reubicación

- Property owner(s), tenant(s) and businesses displaced as a result of the acquisition or other project impacts may be eligible for Relocation Assistance and Benefits

- *El(los) propietario(s) de la propiedad, inquilino(s) y empresas desplazadas como resultado de la adquisición u otros impactos del proyecto pueden tener derecho a recibir Asistencia y Beneficios de Reubicación*

Time for acquisition process is approximately 2 years /
El tiempo del proceso de adquisición es de aproximadamente 2 años

Metro

Acquisition and Negotiation Process
Proceso de Adquisición y Negociación

Environmental Approval /
Aprobación Ambiental

Certify Property Requirements /
Certificar los Requisitos de Propiedad

Appraise Fair Market Value /
Realizar el valor mercado justo

Offer and Negotiations /
Oferta y Negociaciones

Open Escrow /
Apertura del Depósito en Garantía

Close of Escrow /
Cierre del Depósito en Garantía

Acquisition process is approximately 18 to 24 months
El proceso de adquisición dura aproximadamente 18 a 24 meses

Metro

Relocation Process
Proceso de Reubicación

Initial Interview /
Entrevista Inicial

Formal Notices /
Notificaciones Formales

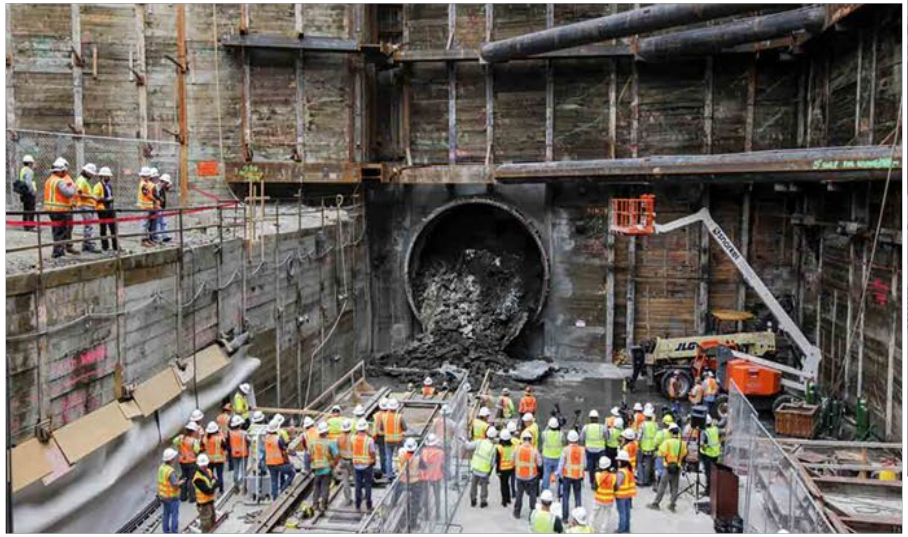
Advisory Services /
Servicios de Asesoría

Moving Coordination /
Coordinación de la Mudanza

Relocation Payments /
Pagos de Reubicación

Vacate Displacement /
Desocupar Desplazamiento

Relocation process is approximately 6 to 18 months



El proceso de reubicación dura aproximadamente de 6 a 18 meses

Metro

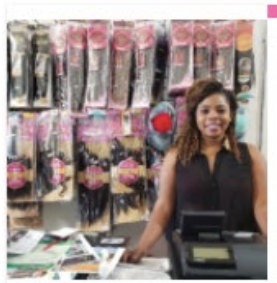
Metro Business Solutions Center
Centro de Soluciones de Negocios de Metro

> In 2019, Metro's Board of Directors authorized the transition of the pilot Metro BSC to **permanent program** and the **expansion** of the program to all **upcoming light rail projects**

> Regional expansion of the BSC will provide small businesses with:
- Hands-on business development
- Small businesses advice and coaching
- Expert assistance
- Referrals to technical professionals
- Long term business planning
- Others

> *En 2019, la Junta Directiva de Metro autorizó la transición del Centro de Soluciones de Negocios (BSC) piloto de Metro a un **programa permanente** y la **expansión** del programa a todos los **próximos proyectos de tren ligero***



> *La expansión regional del Centro de Soluciones de Negocios ofrecerá a las pequeñas empresas:*
- *Desarrollo de negocios práctico*
- *Asesoría y coaching para pequeñas empresas*
- *Asistencia de expertos*
- *Recomendaciones a profesionales técnicos*
- *Planeación comercial a largo plazo*
- *Otros*

Metro

Metro Business Interruption Fund (BIF)
Fondo de interrupción de negocios de Metro

> **Metro Board of Directors has not currently authorized the BIF to include the Eastside Transit Corridor Phase 2**

> Provides financial assistance to small "mom & pop" businesses with 25 or fewer full-time employees directly impacted by Metro Rail construction along three project areas:

- Crenshaw/LAX Transit Project
- Purple Line Extension, Sections 1, 2 & 3
- Regional Connector Project, Little Tokyo area & 2nd/Broadway Segment

> Businesses must be located immediately adjacent to the rail corridor and meet other eligibility requirements

> Grant amount determined by business revenue loss directly related to period of Metro construction disruption

> ***La Junta Directiva de Metro no ha autorizado actualmente el Fondo de Interrupción de Negocios (BIF, en inglés) para el proyecto***

> *Proporciona asistencia financiera a pequeñas empresas con 25 empleados o menos de trabajo completo que son directamente afectados por la construcción ferroviaria de Metro en tres proyectos:*

- *Proyecto de Crenshaw/LAX Transit*
- *Purple Line Extension, secciones 1, 2 & 3*
- *Regional Connector Project, área de Little Tokyo y segmento de 2nd/Broadway*

> *Las empresas deben estar ubicadas inmediatamente adyacentes al corredor ferroviario y cumplir con otros requisitos de elegibilidad*

> *Cantidad de la subvención determinada por la pérdida de ingresos de la empresa directamente relacionada con el período de interrupción de la construcción de Metro*

Metro

Project Labor Agreement and Construction Careers Policy (PLA/CCP)
Acuerdo Laboral del Proyecto y Política de Carreras de Construcción (PLA/CCP)

> Metro's Board of Directors approved the PLA/CCP on January 26, 2012; and renewed on January 26, 2017

> Metro's PLA/CCP Contractor Hiring Goals:

- **40% Targeted Worker:** An individual whose primary residence is within an extremely or economically disadvantaged area
- **20% Apprentice:** An individual enrolled in an apprenticeship training program
- **10% Disadvantaged Worker:** A targeted worker who faces additional barriers to employment (i.e., homeless, single custodial parent, foster care, history with the criminal justice system, veterans and others)

> *La Junta Directiva de Metro aprobó el PLA/CCP el 26 de enero de 2012; y fue renovado el 26 de enero de 2017*

> *Objetivos de Contratación de Contratistas PLA/CCP de Metro:*

- ***40% Trabajador Objetivo:** Una persona cuya residencia principal se encuentra dentro de un área extremadamente o económicamente desfavorecida*
- ***20% Aprendiz:** Una persona inscrita en un programa de formación de aprendices*
- ***10% Trabajador Desfavorecido:** Un trabajador objetivo que enfrenta barreras adicionales para el empleo (es decir, persona desamparada, padre soltero con custodia, cuidado de crianza, historial con el sistema de justicia penal, veteranos y otros)*

ATTACHMENT H – COMMUNITY BASED ORGANIZATIONS

Metro Eastside Transit Corridor Phase 2
CBO Roundtable Strategy
Draft (Rev 7/1/2021)

Purpose

- Work with CBOs that best represent the Eastside Transit Corridor Phase 2 corridor communities
- CBO Roundtable will serve as a platform to share local expertise to make recommendations and provide methods for implementing public awareness and engagement opportunities
- CBO candidates could support specific outreach activities

I. Overview

The Los Angeles County Metropolitan Transportation Authority (Metro) is engaging Community Based Organizations (CBOs) as part of the Eastside Transit Corridor Phase 2 project (project) outreach program to strengthen the agency's understanding of community concerns, by working with the CBOs to understand the communities' preferred communication and participation methods, and helping to broaden the reach of Metro's outreach efforts.

Following the guidance of the Equity Platform and the CBO Partnering Strategy, Metro has developed this CBO Roundtable Strategy (Strategy) for the project. This Strategy provides an approach to collaborating, utilizing the knowledge and reach of local organizations to implement effective outreach methods, engagement, and tools that lead to meaningful project input from the community. This collaborative approach is more vital than ever as public engagement has recently been conducted in a virtual setting making it challenging to connect in a meaningful way with historically underrepresented communities who have experienced exclusion and disinvestment, such as communities of color, Limited English Proficiency (LEP) and low-income community members.

The project will be among the first Metro projects piloting Metro's CBO Partnering Strategy, which will be used as a guiding document to help define the CBO engagement, roles and responsibilities, task implementation process and overall structure. This document outlines the approach tailored for this project to identify CBOs that best represent the communities along the corridor and can can provide expertise on how to best engage the communities throughout the corridor.

Metro

This Strategy is anticipated to be launched in early fall of 2021 and will conclude in spring 2022. At the conclusion of this Strategy, the project team will determine if an extension is needed.

The goals of this Strategy are to:

- Foster meaningful relationships with CBOs by amplifying their efforts to provide resources and education to their stakeholders;
- Collaborate with CBOs that understand the corridor communities to help guide the project's outreach methods and approach;
- Increase stakeholder participation by collaborating with trusted community organizations;

The following sections provide an overview on how this strategy will be structured for the needs of the project, including consideration of the current phase of the project, as well as an optional role for CBOs providing support on select outreach activities.

II. Roles/Responsibilities

Through a roundtable format, CBOs will convene to provide the Metro project team recommendations and strategies to enhance the project's outreach program. CBOs may also have the opportunity to participate in engagement activities by submitting a proposal as stated in the scope of work. Potential roles and responsibilities, which will be further described in the scope of work, may include:

CBO Outreach Activities. CBOs will have the opportunity to provide guidance on effective outreach methods. These activities may include:

- **Roundtable Participation**: provide recommended approaches to attracting stakeholders to community meetings. Share any challenges and concerns experienced in the community engagement activities, especially among historically underrepresented communities who have experienced exclusion and disinvestment, such as minority, LEP and low-income community members.
- Specific topics that may be covered during roundtable sessions include:
    - Culturally relevant messaging and graphics in collateral materials
    - Barriers to technology
    - Navigating outreach and engagement challenges due to COVID in the community
    - Active online communities and platforms
    - Identifying virtual and in-person community events
    - Methods to help amplify outreach
- Suggest best practices for outreach methods to draw stakeholders to community meetings where they will learn about the environmental process and how to comment on the document (pre-release activity).
- Recommend techniques to educating their respective communities on the environmental process and increasing participation during the comment period.

Secondary CBO Engagement Support Activities. CBOs could provide support, initiate new, or lead planned engagement activities. Additionally, CBOs may be engaged to provide local insights on special topic areas. These activities may include:

- **Roundtable Subset**: a subset of roundtable meetings with a smaller group of the CBO roundtable may be necessary to develop engagement strategies for targeting specific community areas. For example, if design input is needed from the East Los Angeles Community, the roundtable subset would convene with CBOs that represent the East Los Angeles Community to identify effective methods of engaging stakeholders.
- **Community Events:** This is dependent and open to the CBOs specialty and expertise. CBOs actively serving the local community will have an opportunity to propose engagement activities to solicit valuable stakeholder input. This may include hosting pop-up events, providing support at community meetings, or recommending existing organizations and meetings where Metro project staff could hold targeted presentations.
    - CBOs will have an opportunity to propose recommended engagement activities if they aligned with proposed recommendations from the CBO Roundtable and Metro project team. CBOs can provide a brief description of engagement activities and how they have been successful in the past. Capacity and resources needed to support tasks should be identified.
- **Optional Outreach Support:** Utilizing best practices, CBOs could help promote participation throughout the process including leading up to the official public commenting period. This may include social media outreach, eblasts, grassroots, organizing, or other recommended methods.

While the roundtable will not serve as a decision-making body or technical advisory committee for the project, opportunities to comment on the project will be available through the official engagement activities or public hearings of the project.

III. Scope of Work

The prospective CBOs will be provided a separate detailed Scope of Work (SOW) that will further outline roles, responsibilities, specific tasks, anticipated deliverables, compensation, and a projected timeline. Prior to accepting the invitation, questions and concerns may be addressed to the project team. If the terms in the SOW are acceptable, the CBO would enter into a contractual agreement with Arellano Associates (AA). CBO Partners are expected to support the project in the following methods but are subject to change based on project changes and/or strategies.

Roles and Responsibilities:

- CBO's must adhere to the Scope of Work
- CBOs primary role is to help guide the public engagement process based on the CBO's established understanding of and reach into their communities.
- Monetary compensation will be provided for the CBOs participation in the Roundtable meetings and Metro approved activities.
- Attend CBO roundtable meetings depending on project schedule and key milestones. These roundtable meetings will serve as a discussion to identify the outreach strategies and methods and determine the outreach and engagement process.
- Review and provide comments on outreach materials to ensure messaging is easily digestible and culturally relevant.

- Potentially disseminate information to the project stakeholders through existing newsletters or websites, send emails to their contact list, place flyers in high-traffic areas in their buildings such as lobbies, and/or provide Metro the opportunity to set up a booth at a CBO-sponsored event to share information with attendees.

Contract:

- CBOs will execute a contractual agreement with Arellano Associates (AA) who will lead communications with CBOs, in collaboration with the Metro project team. This model of communication will provide an additional layer of capacity building and access to Metro staff while also allowing AA to bridge the gap while trust is growing.
- The contract will provide compensation amount per meeting/activity and process for payment.

IV. Identification of CBO Candidates

The following steps will be utilized to identify and select the most appropriate CBO Partners for the project to identify and invite qualifying CBO participants:

1. Launch a presurvey to gauge support from the CBO database provided by the Office of Race and Equity.
2. Develop a preliminary list of candidate CBOs utilizing the presurvey results, the project stakeholder database and Metro's experience through corridor planning and public engagement in this project area since 2007, and LA County Board of Supervisors Hilda L. Solis (First District) and Janice Hahn (Fourth District).
3. Preliminary list of CBO Partners will be assessed by the project team based on their understanding of and reach to audiences that are challenging to engage, especially due to socioeconomics and other related factors.
4. CBOs that best fit the goals of this Strategy and can undertake the roles and responsibilities described, will be invited to submit a letter of interest that describes the organization's mission and focus areas; represented stakeholder groups and communities; experience partnering with local agencies; organizational capacity and multi-lingual abilities. This can be prepared in a survey format to minimize barriers to participation. A maximum of 30 organizations will be invited.
5. Proposal submissions will be reviewed and a maximum of 15 final CBO partners will be invited to participate, ensuring that all affected communities along the corridor are represented.
6. Upon selecting final CBO Partners, the final SOW (include detailed tasks, training requirements, timeline, and compensation structure and guidelines) will be transmitted for CBOs review and response.

Bringing new voices and perspectives to the CBO Roundtable is highly desirable.

V. Next Steps

The envisioned process for establishing the CBO partnerships in support of the project, includes, but is not limited to the following sequence of activities:

Step 1: Develop and Finalize Scope of Work

1. Confirm the draft approach and structure for the project's CBO Roundtable Strategy with Metro's project team, Community Relations Department, Office of Race and Equity, and Board Staff.
2. Scope of Work will describe two key items 1) Roundtable participation 2) CBOs process to support outreach and engagement activities if needed and based on criteria and capacity.
3. Finalize Scope of Work to describe detailed tasks, training requirements (project background and messaging), timeline, and compensation structure and guidelines. Potential compensation structures for meeting attendance, pre-determined itemized budget for performing outreach tasks, and allowable reimbursable expenses. AA will coordinate with CBOs to identify funding needs and cash flow issues and identify appropriate solutions to advancing tasks.

Step 2: Identify and partner with CBOs

1. Submit recommended CBO Partner list to Metro's Project Team, Community Relations Department, Office of Race and Equity and Board Staff for final approval.
2. Invite approved list of potential partners to a Community Partner Meet & Greet to provide the project overview and goals and potential for ways to partner with Metro.
3. Interested CBOs submit their letter of interest/questionnaire to continue in the selection process.
4. Metro staff approves final CBO partners.
5. Execute Scope of Work and engagement plan between lead community engagement consultant and CBO partners.

Step 3: Charter and Kick-off

1. Conduct Charter Meeting with selected CBO Partners to create a charter agreement on goals, values, expectations, roles and responsibilities. This meeting would cover topics related to confidentiality and communication protocols.
2. Confirm outreach activities available for CBO support.
3. Task implementation based on project schedule.
4. Metro and Arellano Associates will provide training, task guidance and oversight.

Next stop: further east.

EASTSIDE TRANSIT CORRIDOR PHASE 2

Community Partner Meet & Greet

September 22, 2021

Metro

Agenda

- Purpose of today's meeting
- Introductions
- Project overview
- Overview of prior and upcoming outreach
- CBO Roundtable Strategy
- Q&A
- Next steps

Purpose of Today's Meeting

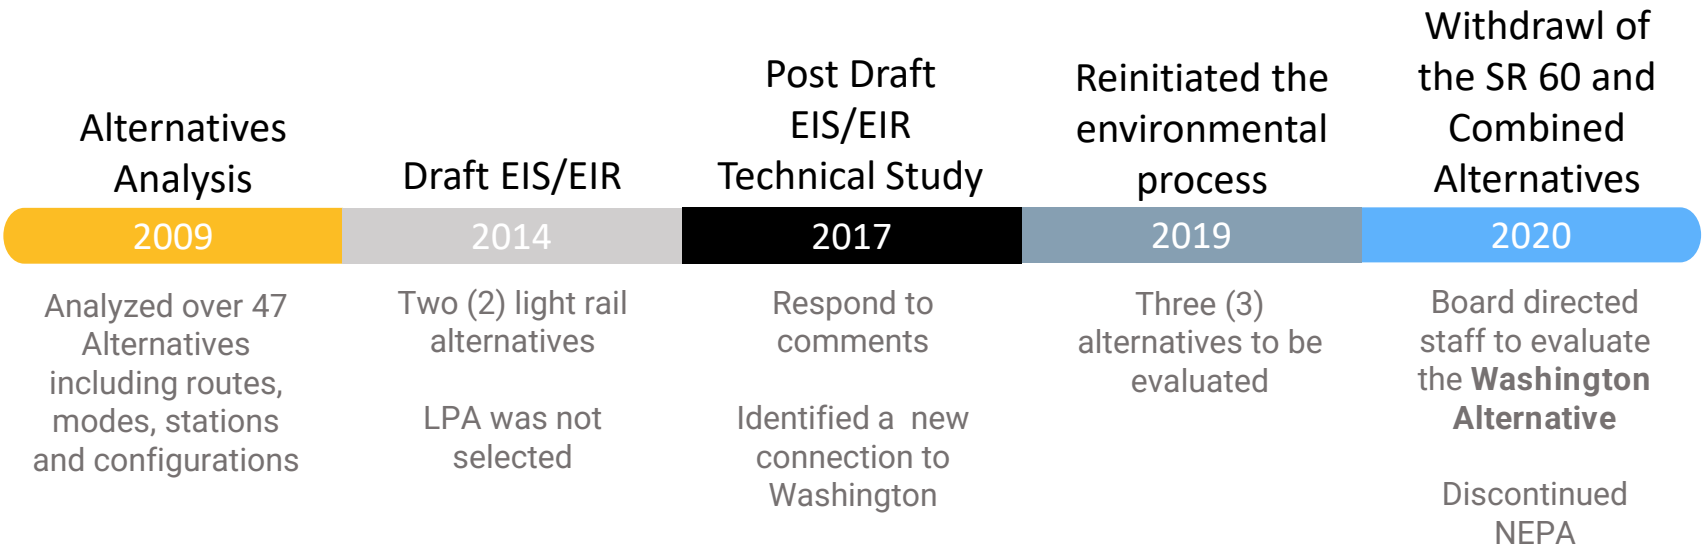
> Introduce the project area, history, and next steps

> Review Metro's Equity Platform

> Explain the purpose and goals of the Eastside Transit Corridor Phase 2 CBO Roundtable Strategy

> Describe the roles and responsibilities of CBO Roundtable Partners

> Clarify any questions about partnering with Metro for this project



Introductions

> Name

> Organization that you are representing

> Communities that you represent

Metro

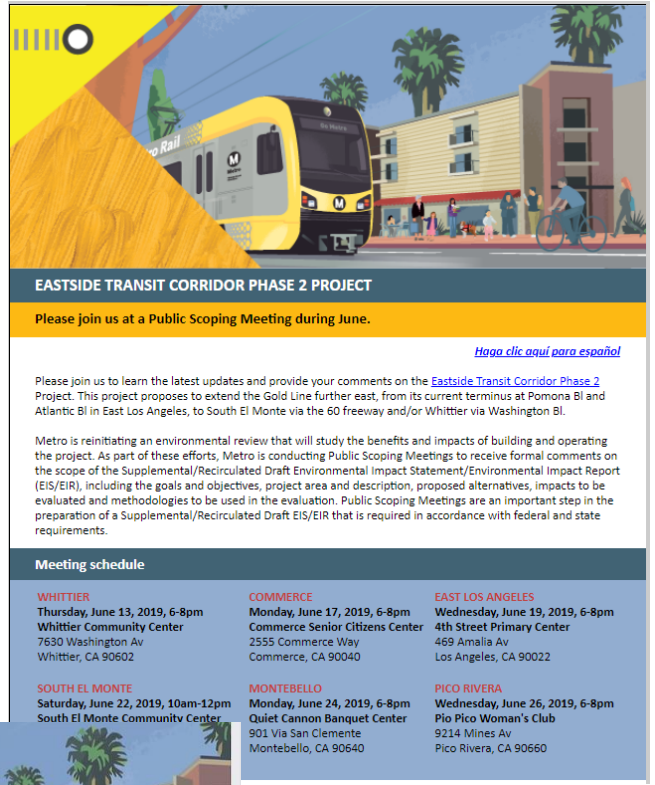
Measure M Project Timeline

Eastside Transit Corridor Phase 2 is a four-pillar project. Schedule is subject to change per Metro Board direction.

Overview of Previous Outreach Tactics

- Corridor-wide Public Meetings
  - Public Scoping Meetings (legally defined)
  - Community Update Meetings (formal presentation & open house)
- Community-specific Meetings
  - Public Workshops (with breakout exercises)
  - Open Houses (display materials with project staff available to answer questions)
- Meetings with elected offices, cities and key stakeholders
- Additional Tactics
  - Information booths at local events and destinations along corridor
  - Presentations and briefings
  - Presentations to city councils with open houses at the council chambers foyer

Scoping meeting in 2019



Focused meeting in East LA in 2019

Movies in the Park event

Overview of Prior Notification Efforts

- > Mailed notices
- > Door-to-door flyer distribution
- > Newspaper advertisements on local newspapers (print/digital)
- > Street banners at highly trafficked locations
- > Posters and flyers
- > Extended outreach
- > Email notices (eblasts)
- > Social media posts
- > Website updates
- > Project video
- > Press release/earned media
- > Announcements at local meetings/events

EASTSIDE TRANSIT CORRIDOR PHASE 2 PROJECT

Please join us at a Public Scoping Meeting during June.

Haga clic aquí para español

Please join us to learn the latest updates and provide your comments on the Eastside Transit Corridor Phase 2 Project. This project proposes to extend the Gold Line further east, from its current terminus at Pomona Bl and Atlantic Bl in East Los Angeles, to South El Monte via the 60 freeway and/or Whittier via Washington Bl.

Metro is reinitiating an environmental review that will study the benefits and impacts of building and operating the project. As part of these efforts, Metro is conducting Public Scoping Meetings to receive formal comments on the scope of the Supplemental/Recirculated Draft Environmental Impact Statement/Environmental Impact Report (EIS/EIR), including the goals and objectives, project area and description, proposed alternatives, impacts to be evaluated and methodologies to be used in the evaluation. Public Scoping Meetings are an important step in the preparation of a Supplemental/Recirculated Draft EIS/EIR that is required in accordance with federal and state requirements.

Meeting schedule

WHITTIER
Thursday, June 13, 2019, 6-8pm

Metro

Upcoming Public Engagement

- Community Update Meetings – Fall 2021
  - Community-Specific Meetings
    - East Los Angeles Station Options
    - Montebello Design Variation
  - Corridor-wide Update Meetings (two mtgs., lunch hour & evening meetings)
- Rail Tours – Winter/Early Spring 2022
  - In-person/virtual (TBD)
- Pre-Release Activities – Early Spring 2022
  - Community Meetings
- Release of Draft EIR for Public Review & Comment
  - Spring/Summer 2022

Metro's Equity Platform

Metro

Metro's Equity Platform

Listen and learn. As part of the partnership process, Metro will **convene Roundtable meetings** to incorporate **Community-Based Organization feedback** on **outreach strategy and materials**.

Build trust. Establishing trust with communities based on the current relationships throughout the corridor. Our charge is to **explain the purpose of this project in a very clear, open, and accessible manner**.

Develop partnerships. **Partnerships** with **Community-Based Organizations** are a critical **gateway to reaching vulnerable populations**. To ensure that Metro has ample **reach throughout the corridor**, our team will enlist community organizations that are respected and trusted within each of the communities.

Metro's Equity Platform

VIEW THE PROJECT-AREA POPULATION AS EXPERTS

The plan is deliberately designed as an **inclusive process that empowers people who historically had less access to participate in the transportation planning process.**

Our team will recognize the population within the project area as experts to **gather information on the community's needs, preferences, and desired transportation outcomes.**

Throughout the process, the people within the communities will know that Metro acknowledges **the value of lived experiences which help inform the project-area priorities.**

CBO Roundtable Strategy

Goals

> Foster meaningful relationships with CBOs by amplifying their efforts to provide resources and education to their stakeholders;

> Collaborate with CBOs that understand the corridor communities to help guide the project's outreach methods and approach;

> Increase stakeholder participation by collaborating with community organizations;

CBO Roundtable Strategy

Purpose

> Work with CBOs that best represent the corridor communities

> CBO Roundtable will serve as a platform to share local expertise to make recommendations and provide methods for implementing public awareness and engagement opportunities

> CBO candidates could support specific outreach and engagement activities

CBO Roundtable: Roles and Responsibilities

> CBO Roundtable Primary Participation

- Attend one (1) Charter Meeting
- Attend four (4) Roundtable Meetings
- Provide input on outreach methods and materials

Optional activities

- Roundtable subset meetings
- Serve as a project ambassador on a rail tour

> CBO Roundtable Secondary Participation (If needed)

- Support outreach and engagement activities identified by the CBO Roundtable and Metro project team.

CBO Roundtable: Compensation

- Compensation will be issued based on Roundtable meeting attendance at a rate of:
  - $200 per meeting for 1 attendee or;
  - $275 per meeting for 2 attendees
- CBO Roundtable members are expected to attend 5 total meetings
- CBO Roundtable members will be compensated within 60 days of attending each roundtable meeting
- Organizations will only be compensated for meetings they attend

CBO Roundtable: Meeting Schedule

Charter Meeting	October 12, 2021
Roundtable Meeting #1	Fall 2021
Roundtable Meeting #2	Winter/Spring 2022
Roundtable Meeting #3	Spring/Summer 2022
Roundtable Meeting #4	Summer/Fall 2022

Note: Projected dates are subject to change

Metro

CBO Partners: Optional Activities

In addition to the required roundtable activities, partners may choose to support **optional activities.**

> Participate in Roundtable Subset meetings
  - Provide input on community-specific outreach methods
  - Targeted outreach to sections of the corridor

> Serve as a project ambassador on a rail tour

CBO Partners: Support Activities

Partners will also have the opportunity to support identified outreach activities.

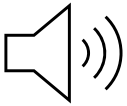
- Activities must align with methods identified by Roundtable
- To participate in the optional activities, CBO partners will be required to submit a brief proposal describing the recommended activities and estimated costs to implement each activity
- Proposals will be reviewed and approved on a case-by-case basis

CBO Partners: Support Activities

Example support activities include (but are not limited to):

- Host a virtual or in-person event with Metro and outreach team support
- Recommend local community engagement events that the Metro project team could attend to spread project awareness
- Provide general logistical support at Metro-sponsored events
- Amplify outreach efforts by…
  - Forwarding project eblasts
  - Sharing and reposting Metro's project-related social media content
  - Sharing project news by word-of-mouth
  - Identifying community gathering places to share Project information (e.g., poster/banner displays, collateral material distribution, etc.
  - Assisting with flyer distribution and door-to-door canvassing
  - Telephone/SMS outreach

Questions & Answers



To ask a question:

> Use the Raise Hand Function

> Type your question in the chat

> Call-in users dial *9 to raise your hand

When it's your turn to speak:

> Unmute yourself

> Call-in users dial *6 to unmute your microphone

Next Steps

1. To continue in the selection process, submit a digital interest form
   - Organizations will receive the interest form by COB
   - Complete and submit by Friday, **September 24th**
2. The Metro project team will review interest forms and send a partner agreement form to selected organizations
3. Submit your signed partner agreement form to confirm your participation
   - Agreements due by **October 6th**. Submit to jharleaux@arellanoassociates.com
   - Signed agreements are required in order to attend the Charter Meeting
4. Attend the Charter meeting
   - Save the Date: October 12, 2021

Metro

Roles and Responsibilities

> Review the suggested notification methods

> Provide recommendations for strengthening and/or supporting suggested methods

> Propose additional or alternative notification methods

Guiding Principles

> Focus on providing feedback that will help Metro effectively reach stakeholders along the corridor

> Provide constructive input to help strengthen Metro's existing outreach tactics

> Share best practices that your organization has used to successfully engage stakeholders

> Introduce new ways for Metro to reach and engage stakeholders along the corridor, particularly in East Los Angeles

> Hold your organization's input on the project itself until the official comment period. You will be able to submit comments through the designated channels

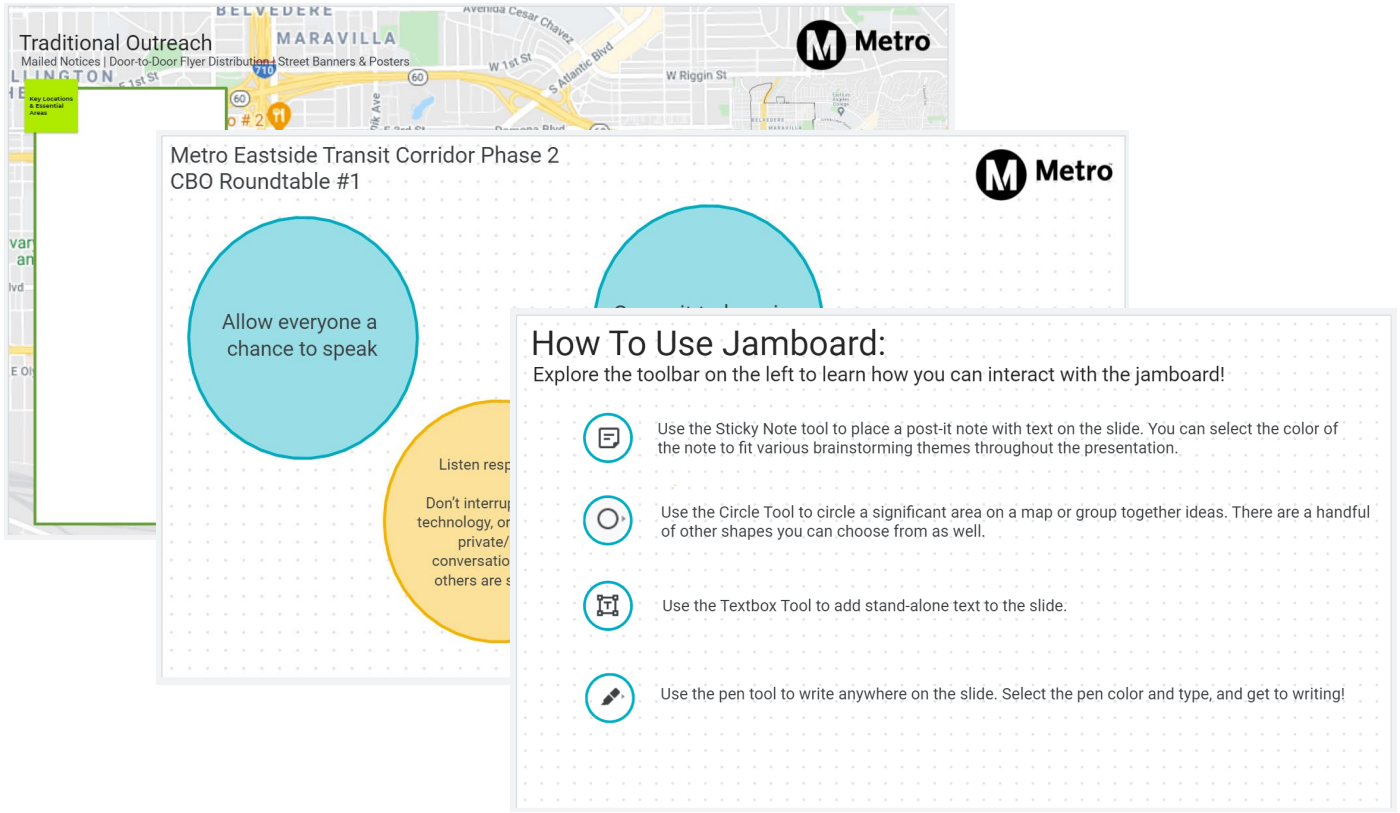
Overview of Suggested Notification Methods

- Meeting notification is targeted to start on November 1 (2-weeks in advance of the first public meeting)
- **Traditional**
  - Mailed notices
  - Door-to-door flyer distribution
  - Street Banners / Posters
- **Online**
  - Eblasts
  - SMS (text messages)
  - Geotargeted ads
  - Social media ads
  - Website announcement
  - Metro blogs (The Source/El Pasajero)
- **Other**
  - Extended outreach toolkit to key stakeholders and outreach partners
  - Information booths at local events and pop-ups



Three mail notices will be developed and distributed:

1) East LA Stations Meetings
2) Montebello Greenwood Ave Crossing Meeting
3) Corridor-wide Meeting

  - Partners in Health (PIH)*

- **Phone Banking**
  - Phone calls
  - SMS campaign

**These locations do not allow messaging, tabling, sharing information, etc.*

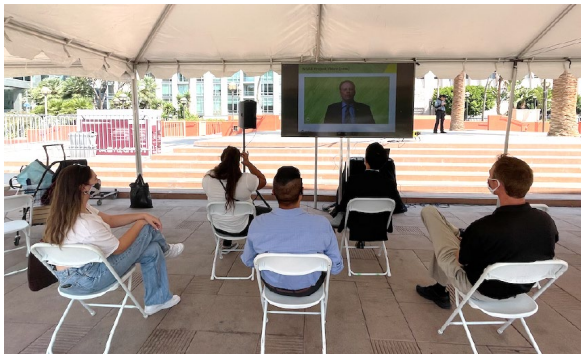
Notification Efforts – Future Efforts

- **Online Outreach**
  - Increased social media presence
  - Innovative platforms such as Facebook Live & Messenger, WhatsApp, Citizen App, TikTok

- **Targeted Outreach**
  - Presentations to non-profit groups and community leaders
  - Outreach to Veteran groups that use transit
  - Additional ADA support reviewing documents
  - Outreach to service providers to reach disabled communities
  - Provide community partners printed materials to distribute to stakeholders
  - Advertise on podcasts that reach the community, specifically parents

Public Meeting Format – November

Four community meetings



- Zoom meeting
- Simultaneous interpretation – Spanish
- Closed captions/Subtitles
- Chat function enabled
- Questions accepted through chat and using raise hand function
- Breakout rooms used to show station design
- Cameras disabled (except during breakout rooms)

Four In-person 'Tech Booths'

- Support for stakeholders who need help accessing virtual meetings
- Screens to view public meeting
- Option to participate in Q&A and breakout rooms
- Spanish speaking staff on site at all tech booths
- Bilingual project materials available on site

CBO Roundtable #3
March 3, 2022

Agenda

> Purpose of today's meeting

> Icebreaker

> CBO Roles and Responsibilities

> CBO Support

> Community Meetings Notification Summary

> Review Public Presentation

> Next Steps

Our Expectation

We will conduct a respectful meeting to allow ideas and comments to be shared in an open and fair environment

Metro

Purpose of Today's Meeting

> Discuss CBO outreach support

> Review and provide input on the community presentation and meeting format

> Project team to provide the next steps in the environmental process

Metro

Icebreaker

What is your favorite destination along the corridor?

Use the chat function to type your answer

Citadel Outlets, Commerce

Swap Meet, Santa Fe Springs

Whittier Museum, Whittier

Partnership Roles and Responsibilities

> Review the suggested notification methods

> Provide recommendations for strengthening and/or supporting suggested methods

> Propose additional or alternative notification methods

Metro

What We Heard: Notification Methods

Language Services

1) Language Services – CBO Recommendations	Proposed Action
a) Live transcripts/subtitles	• Zoom live transcripts/subtitle services will be promoted as part of the meeting logistics
b) Language interpreters (Spanish)	• Spanish interpretation services will continue to be promoted in notices and offered at every public meeting
c) ASL interpreters	• ASL interpretation services will continue to be offered in all meeting notices; requires request at least 72 hours in advance • Option: closed captions for last minute requests
d) Run public meetings in Spanish	• Presentations entirely in Spanish will be considered for cohosted events with local organizations that has/can plan for a Spanish-speaking audience
e) Use easy-to-understand language	• Metro will consider consulting with a CBO partner for their review and suggestions on messaging or terms that can be updated to make it more accessible for all

Events and Pop-Up

2) Events & Pop-up – CBO Recommendations	Proposed Action
a) Meet people where they're at	• This will be a focus for the outreach activities leading up to the release of the Draft EIR (expected by spring 2022)
b) Multilingual staff and materials	• Information booths will continue to be staffed wit at least one Spanish-speaking staff and with materials available in Spanish
c) Pop-ups at: local youth sport leagues, offices, businesses, markets, faith-based sites, etc.	• Pop-up information booths will be featured in locations commonly accessed by the communities along the corridor
d) Offer giveaways/other incentives to attract the public to the booth	• Metro-branded giveaways will continue to be offered; a spin-the-wheel device and other booth games will also be featured
e) Printed collateral distribution	• Bilingual project collateral materials will continue to be offered at all in-person engagements, including event booths & pop-ups

Metro

What We Heard: Notification Methods

Targeted Outreach

3) Targeted Outreach: Deeper Reach	Proposed Action
a) **Presentations via non-profits** that service the communities	• Metro will consider presentations to Spanish-speaking audiences at existing meetings or co-hosting with CBOs
b) **Go through service providers** to reach disabled communities	• Metro will incorporate pertinent CBOs in future extended outreach efforts
c) **Test materials** for members of the public with developmental disabilities	• Metro will consider testing the materials by partnering with pertinent CBO(s) for the review of draft materials
d) **Social media**, with targeted posts to veterans & other hard to reach stakeholders	• Metro will expand and incorporate targeted social media notices to reach online groups with hard-to-reach audiences • Share through @EastLA.info on Instagram (3,400+ followers)
e) **Establish a Project WhatsApp account** as it's the most commonly used app by corridor communities	• Metro will discuss this option internally with the Marketing and Communications departments • If deemed viable, a dedicated WhatsApp account will be added as another project communication tool, promoted on materials

Other recommendations

4) Other	Proposed Action
a) **Phone banking & SMS texts**	• Consider calling stakeholders without an email address but listed with a phone number • Confirm cellphone numbers in stakeholder database and send out SMS text asking stakeholders to opt-in for future updates
b) **Printed project materials** for community partners	• Printed materials are and will continue to be made available as part of extended outreach efforts and upon request
c) **Emphasize Project Benefits messaging** (e.g. jobs, transit, business dev.)	• Presentation, display and handout materials will be reviewed and updated with additional background on anticipated project benefits
d) **Podcasts:** Join and/or promote on programs that reach parents	• Consider CBO recommendations for podcasts or similar programs that target the corridor communities

Metro

CBO Support

> 8 CBO partners

- 5 organizations will promote the March meetings through:

Effort	Responses
Social Media Posts *(Facebook, Instagram, Twitter)*	4
Eblast Distribution	2
Newsletters	4
WhatsApp/SMS	1
Extended Outreach	2
Flyer Distribution	1

Notification Efforts – March Meetings

> **Series of 4 Virtual Community Meetings & Mobile Tech Vans**
  - Spanish interpretation virtually
  - Spanish staff available for in-person mobile tech van
  - Ready for ASL & other needs upon request

> **Printed Materials (Bilingual)**
  - **48,000 notices** distributed **door-to-door**
  - **12,500 notices mailed** to owner non-occupied, including business owners
  - **30 posters**, **~3,500 flyers** and **15 street banners** distributed to public counters (cities, libraries, schools, senior centers)

> **Electronic Messaging (E-Blasts) (Bilingual) to ~3,000 email addresses**

> **Digital**
  - Toolkit sent to over 100 organizations
  - Website updates
  - Helpline provides meeting dates

> **Facebook ads via Events**
  - Ads targeting stakeholders based on their proximity to the corridor

> **Targeted Outreach**
  - Attendance at pop-up events
  - Announcement at all city council meetings
  - School outreach to 30+ schools along corridor (ELA, Montebello USD, El Rancho USD, various Whittier districts)

RE: Section 106 Consultation/AB 52 Notification of Undertaking for the Eastside Transit Corridor Phase 2 Project, Los Angeles County, California

Dear Mr. Salas:

The Federal Transit Administration (FTA), in cooperation with the Los Angeles County Metropolitan Transportation Authority (LACMTA), is conducting consultation under the National Historic Preservation Act (NHPA) of 1966, as amended, for the Eastside Transit Corridor Phase 2 Project (Project) in Los Angeles County, California. LACMTA will seek federal funds from FTA for the Project and therefore, the Project is a federal undertaking subject to Section 106 of the NHPA. FTA is the federal lead agency under the National Environmental Policy Act (NEPA) and LACMTA serves as the lead agency under the California Environmental Quality Act (CEQA) in the preparation of a Supplemental Draft Environmental Impact Statement/Recirculated Draft Environmental Impact Report (SDEIS/RDEIR). FTA is contacting interested parties, including Native American tribes and consulting parties per 36 CFR Part 800.2(c) to identify prehistoric sites, sacred sites, and/or traditional cultural properties located in the vicinity of the Project Area. You have been identified as a party with interest or knowledge of the Project study area.

The Project is also subject to CEQA and consultation requirements under Assembly Bill (AB) 52 (Public Resources Code 21080.3.1) regarding Native American groups. As such, this letter also serves to initiate consultation with Native American groups in compliance with AB 52.

Project Description
The proposed Eastside Transit Corridor Phase 2 Project would extend the existing Metro Gold Line, linking communities east of Los Angeles to the regional transit network. The Project area consists of portions of eight incorporated cities, including Commerce, Montebello, Monterey Park, Pico Rivera, Rosemead, Santa Fe Springs, South El Monte, and Whittier, as well portions of unincorporated Los Angeles County, including East Los Angeles and West Whittier-Los

Nietos (see Attachment 1). Additional information can be found at the Project website at: https://www.metro.net/projects/eastside_phase2/.

Attachment 1 also shows the following three build alternatives for light rail transit (LRT) in the Project area:

- **State Route 60 (SR 60) Alternative**: This LRT alternative would extend the existing Metro Gold Line from the existing Atlantic Station in East Los Angeles to the City of South El Monte. It would include four aerial stations. The alignment would be located primarily along the south side of the SR 60 Freeway right-of-way (ROW), except for a segment that would run along the north side of SR 60 to avoid the OII Superfund Site in Monterey Park.

- **Washington Alternative**: This LRT alternative would extend the Metro Gold Line from the existing Atlantic Station in East Los Angeles to the City of Whittier. It would include six stations in a mix of underground, aerial and at-grade configurations. The alignment configuration would also vary, transitioning from underground to aerial to at-grade along various portions of the alternative. Design options for potential aerial configurations along Washington Boulevard are also under consideration.

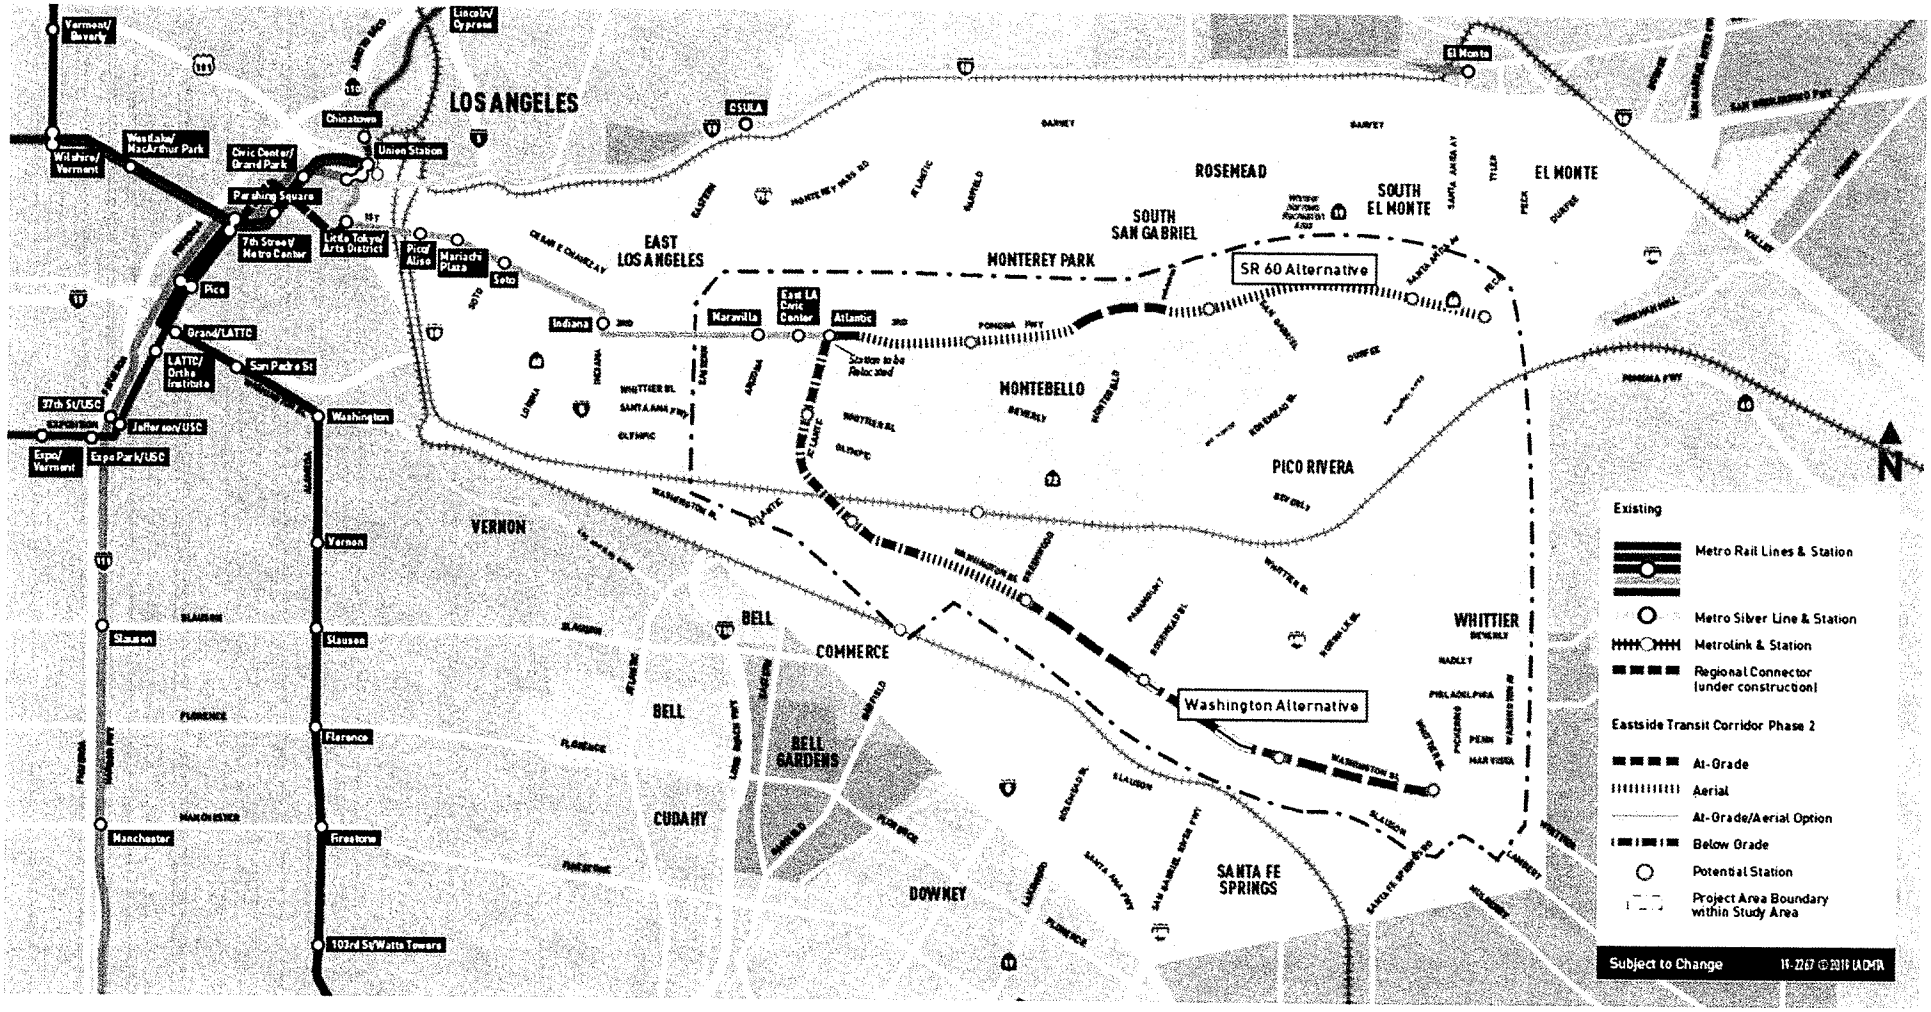
- **Combined Alternative**: This LRT alternative would be a combination of the SR 60 and Washington Alternatives and would require infrastructure and operational elements that would otherwise not be required if only one of the alternatives was operated as a "stand alone" line. Specifically, the Combined Alternative would contain a wye junction in East Los Angeles that would connect the SR 60 and Washington Alternatives, allowing train movements between both alignments.

Consultation
If you have any information or concern regarding potential impacts on prehistoric sites, sacred sites, and/or traditional cultural properties that would be relevant to this Project, please contact Mary Nguyen (FTA) or Jenny Cristales-Cevallos (LACMTA) at the following addresses.

Mary Nguyen Environmental Protection Specialist Federal Transit Administration, Region 9 Los Angeles Metropolitan Office 888 South Figueroa Street, Suite 440 Los Angeles, CA 90017-5467	Jenny Cristales-Cevallos Senior Manager, Transportation Planning Countywide Planning Los Angeles County Metropolitan Transportation Authority One Gateway Plaza Los Angeles, CA 90012

If you are interested in participating as a Consulting Party for this Project undertaking under the AB 52 guidelines, please respond in writing within 30 days of receipt of this letter to the contact information provided on the attached form (Attachment 2). On the form, include a statement of demonstrated interest in pre-historic and/or historic resources associated with this Project.

If you would like additional information or have any questions about the Project, please feel free to contact Mary Nguyen, Environmental Protection Specialist, by phone (213) 202-3960 or by email at mary.nguyen@dot.gov.



Sincerely,

for Ray Tellis
Regional Administrator

RE: Section 106 Consultation/AB 52 Notification of Undertaking for the Eastside Transit Corridor Phase 2 Project, Los Angeles County, California

Dear Mr. Dorame:

The Federal Transit Administration (FTA), in cooperation with the Los Angeles County Metropolitan Transportation Authority (LACMTA), is conducting consultation under the National Historic Preservation Act (NHPA) of 1966, as amended, for the Eastside Transit Corridor Phase 2 Project (Project) in Los Angeles County, California. LACMTA will seek federal funds from FTA for the Project and therefore, the Project is a federal undertaking subject to Section 106 of the NHPA. FTA is the federal lead agency under the National Environmental Policy Act (NEPA) and LACMTA serves as the lead agency under the California Environmental Quality Act (CEQA) in the preparation of a Supplemental Draft Environmental Impact Statement/Recirculated Draft Environmental Impact Report (SDEIS/RDEIR). FTA is contacting interested parties, including Native American tribes and consulting parties per 36 CFR Part 800.2(c) to identify prehistoric sites, sacred sites, and/or traditional cultural properties located in the vicinity of the Project Area. You have been identified as a party with interest or knowledge of the Project study area.

The Project is also subject to CEQA and consultation requirements under Assembly Bill (AB) 52 (Public Resources Code 21080.3.1) regarding Native American groups. As such, this letter also serves to initiate consultation with Native American groups in compliance with AB 52.

Project Description
The proposed Eastside Transit Corridor Phase 2 Project would extend the existing Metro Gold Line, linking communities east of Los Angeles to the regional transit network. The Project area consists of portions of eight incorporated cities, including Commerce, Montebello, Monterey Park, Pico Rivera, Rosemead, Santa Fe Springs, South El Monte, and Whittier, as well portions of unincorporated Los Angeles County, including East Los Angeles and West Whittier-Los

Nietos (see Attachment 1). Additional information can be found at the Project website at: https://www.metro.net/projects/eastside_phase2/.

Attachment 1 also shows the following three build alternatives for light rail transit (LRT) in the Project area:

- **State Route 60 (SR 60) Alternative**: This LRT alternative would extend the existing Metro Gold Line from the existing Atlantic Station in East Los Angeles to the City of South El Monte. It would include four aerial stations. The alignment would be located primarily along the south side of the SR 60 Freeway right-of-way (ROW), except for a segment that would run along the north side of SR 60 to avoid the OII Superfund Site in Monterey Park.

- **Washington Alternative**: This LRT alternative would extend the Metro Gold Line from the existing Atlantic Station in East Los Angeles to the City of Whittier. It would include six stations in a mix of underground, aerial and at-grade configurations. The alignment configuration would also vary, transitioning from underground to aerial to at-grade along various portions of the alternative. Design options for potential aerial configurations along Washington Boulevard are also under consideration.

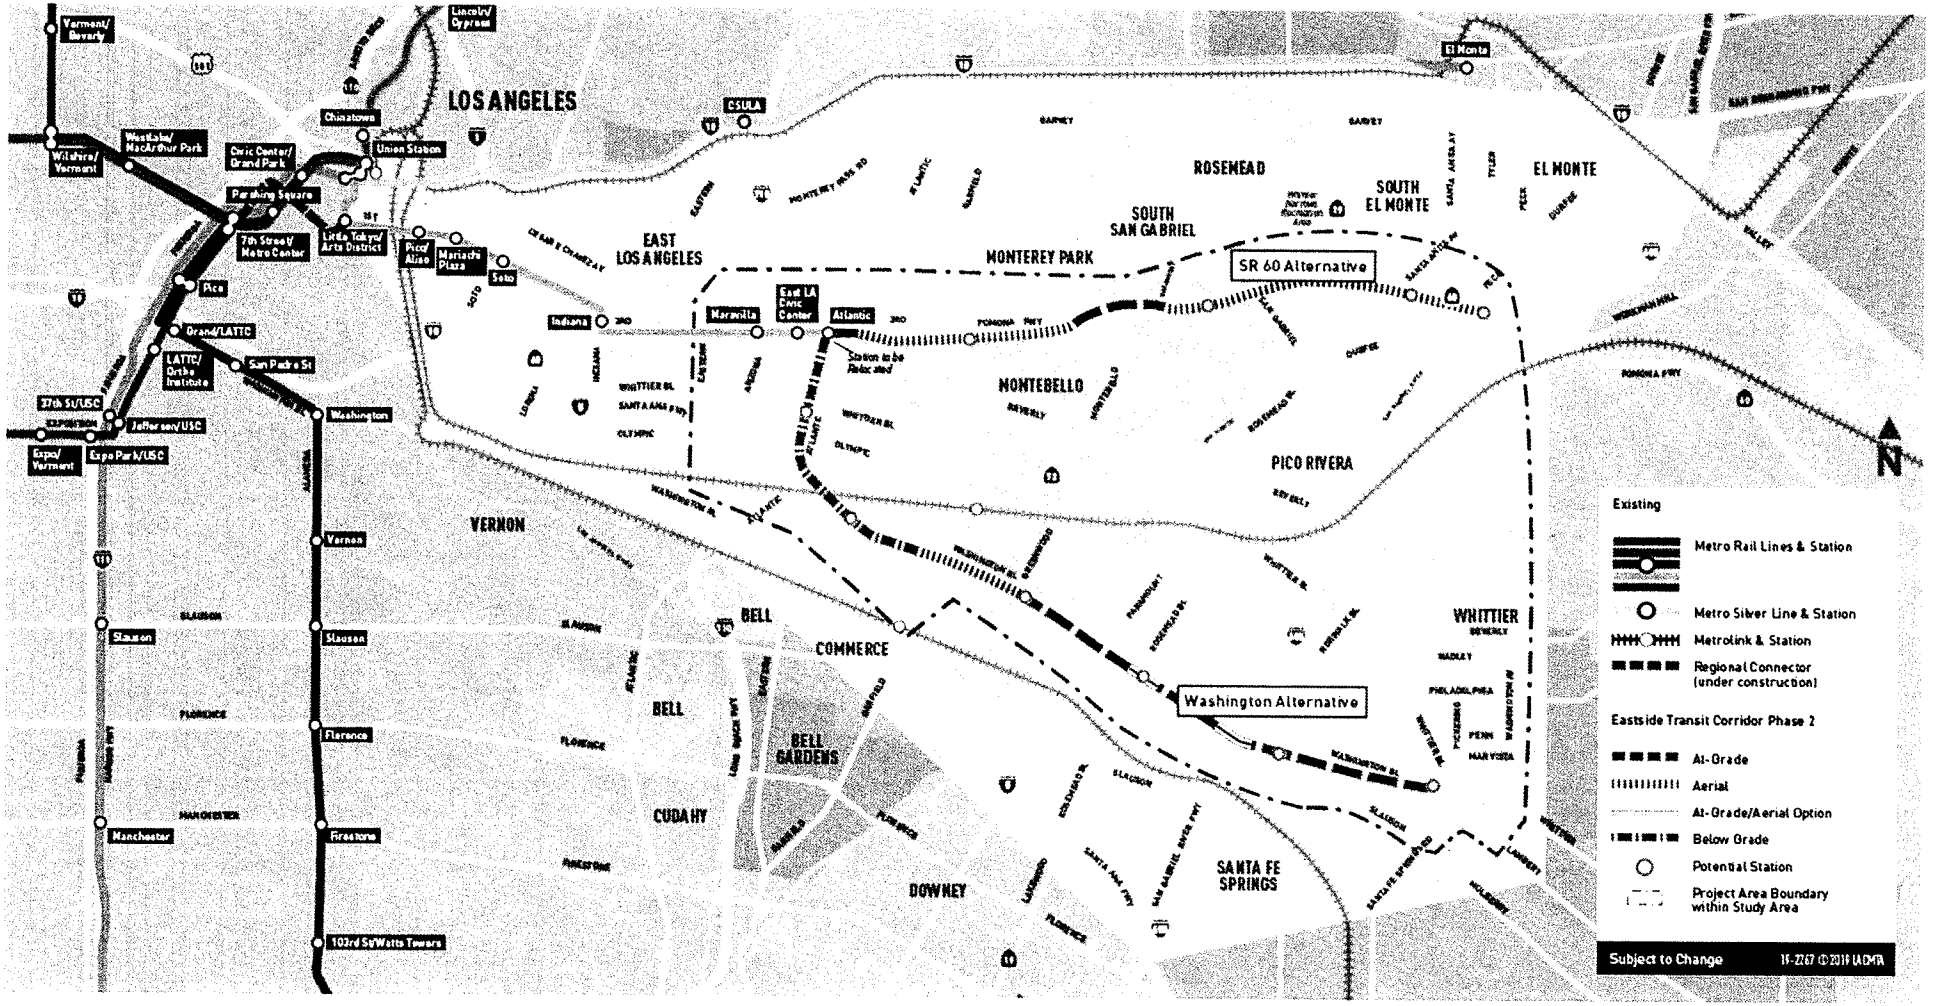
- **Combined Alternative**: This LRT alternative would be a combination of the SR 60 and Washington Alternatives and would require infrastructure and operational elements that would otherwise not be required if only one of the alternatives was operated as a "stand alone" line. Specifically, the Combined Alternative would contain a wye junction in East Los Angeles that would connect the SR 60 and Washington Alternatives, allowing train movements between both alignments.

Consultation
If you have any information or concern regarding potential impacts on prehistoric sites, sacred sites, and/or traditional cultural properties that would be relevant to this Project, please contact Mary Nguyen (FTA) or Jenny Cristales-Cevallos (LACMTA) at the following addresses.

Mary Nguyen Environmental Protection Specialist Federal Transit Administration, Region 9 Los Angeles Metropolitan Office 888 South Figueroa Street, Suite 440 Los Angeles, CA 90017-5467	Jenny Cristales-Cevallos Senior Manager, Transportation Planning Countywide Planning Los Angeles County Metropolitan Transportation Authority One Gateway Plaza Los Angeles, CA 90012

If you are interested in participating as a Consulting Party for this Project undertaking under the AB 52 guidelines, please respond in writing within 30 days of receipt of this letter to the contact information provided on the attached form (Attachment 2). On the form, include a statement of demonstrated interest in pre-historic and/or historic resources associated with this Project.

If you would like additional information or have any questions about the Project, please feel free to contact Mary Nguyen, Environmental Protection Specialist, by phone (213) 202-3960 or by email at mary.nguyen@dot.gov.



Sincerely,

For Ray Tellis
Regional Administrator

RE: Section 106 Consultation/AB 52 Notification of Undertaking for the Eastside Transit Corridor Phase 2 Project, Los Angeles County, California

Dear Chairperson Goad:

The Federal Transit Administration (FTA), in cooperation with the Los Angeles County Metropolitan Transportation Authority (LACMTA), is conducting consultation under the National Historic Preservation Act (NHPA) of 1966, as amended, for the Eastside Transit Corridor Phase 2 Project (Project) in Los Angeles County, California. LACMTA will seek federal funds from FTA for the Project and therefore, the Project is a federal undertaking subject to Section 106 of the NHPA. FTA is the federal lead agency under the National Environmental Policy Act (NEPA) and LACMTA serves as the lead agency under the California Environmental Quality Act (CEQA) in the preparation of a Supplemental Draft Environmental Impact Statement/Recirculated Draft Environmental Impact Report (SDEIS/RDEIR). FTA is contacting interested parties, including Native American tribes and consulting parties per 36 CFR Part 800.2(c) to identify prehistoric sites, sacred sites, and/or traditional cultural properties located in the vicinity of the Project Area. You have been identified as a party with interest or knowledge of the Project study area.

The Project is also subject to CEQA and consultation requirements under Assembly Bill (52) 52 (Public Resources Code 21080.3.1) regarding Native American groups. As such, this letter also serves to initiate consultation with Native American groups in compliance with AB 52.

Project Description
The proposed Eastside Transit Corridor Phase 2 Project would extend the existing Metro Gold Line, linking communities east of Los Angeles to the regional transit network. The Project area consists of portions of eight incorporated cities, including Commerce, Montebello, Monterey Park, Pico Rivera, Rosemead, Santa Fe Springs, South El Monte, and Whittier, as well portions of unincorporated Los Angeles County, including East Los Angeles and West Whittier-Los Nietos (see Attachment 1). Additional information can be found at the Project website at: https://www.metro.net/projects/eastside_phase2/.

Attachment 1 also shows the following three build alternatives for light rail transit (LRT) in the Project area:

- **State Route 60 (SR 60) Alternative**: This LRT alternative would extend the existing Metro Gold Line from the existing Atlantic Station in East Los Angeles to the City of South El Monte. It would include four aerial stations. The alignment would be located primarily along the south side of the SR 60 Freeway right-of-way (ROW), except for a segment that would run along the north side of SR 60 to avoid the OII Superfund Site in Monterey Park.

- **Washington Alternative**: This LRT alternative would extend the Metro Gold Line from the existing Atlantic Station in East Los Angeles to the City of Whittier. It would include six stations in a mix of underground, aerial and at-grade configurations. The alignment configuration would also vary, transitioning from underground to aerial to at-grade along various portions of the alternative. Design options for potential aerial configurations along Washington Boulevard are also under consideration.

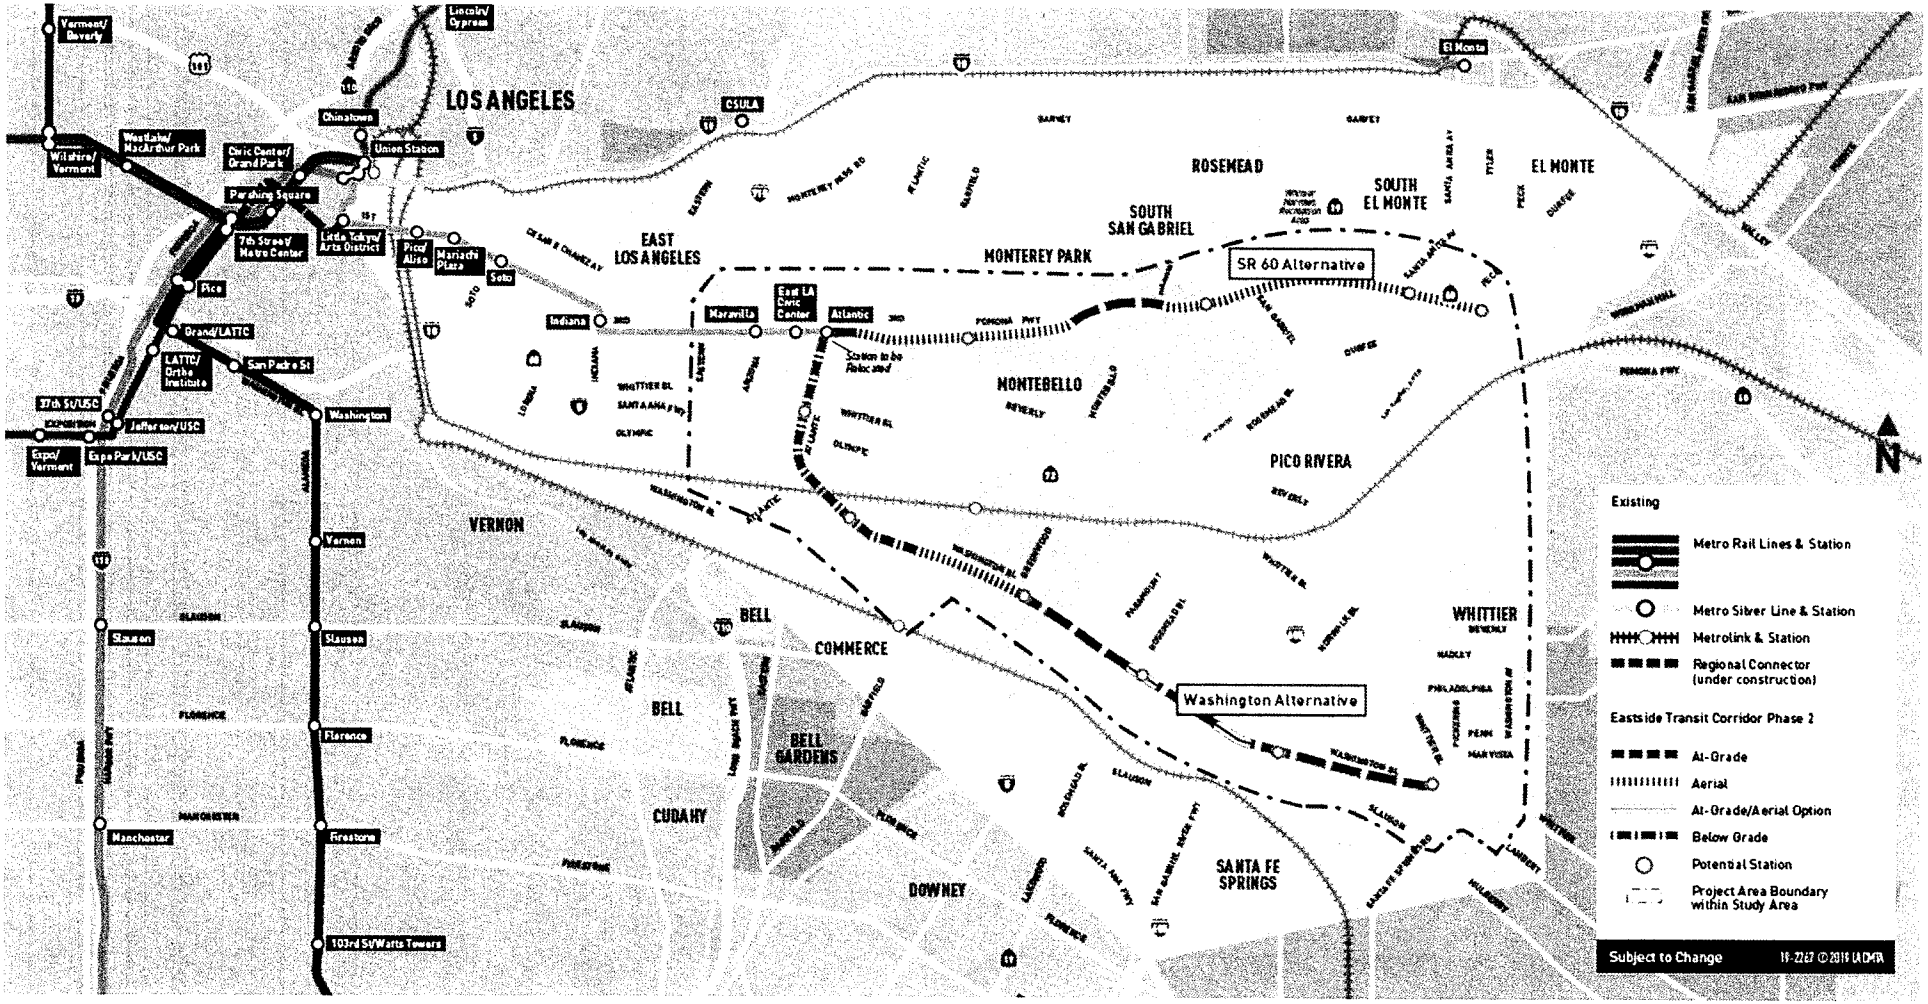
- **Combined Alternative**: This LRT alternative would be a combination of the SR 60 and Washington Alternatives and would require infrastructure and operational elements that would otherwise not be required if only one of the alternatives was operated as a "stand alone" line. Specifically, the Combined Alternative would contain a wye junction in East Los Angeles that would connect the SR 60 and Washington Alternatives, allowing train movements between both alignments.

Consultation
If you have any information or concern regarding potential impacts on prehistoric sites, sacred sites, and/or traditional cultural properties that would be relevant to this Project, please contact Mary Nguyen (FTA) or Jenny Cristales-Cevallos (LACMTA) at the following addresses.

Mary Nguyen Environmental Protection Specialist Federal Transit Administration, Region 9 Los Angeles Metropolitan Office 888 South Figueroa Street, Suite 440 Los Angeles, CA 90017-5467	Jenny Cristales-Cevallos Senior Manager, Transportation Planning Countywide Planning Los Angeles County Metropolitan Transportation Authority One Gateway Plaza Los Angeles, CA 90012

If you are interested in participating as a Consulting Party for this Project undertaking under the AB 52 guidelines, please respond in writing within 30 days of receipt of this letter to the contact information provided on the attached form (Attachment 2). On the form, include a statement of demonstrated interest in pre-historic and/or historic resources associated with this Project.

If you would like additional information or have any questions about the Project, please feel free to contact Mary Nguyen, Environmental Protection Specialist, by phone (213) 202-3960 or by email at mary.nguyen@dot.gov.



Sincerely,

for Ray Tellis
Regional Administrator
