Subject: UPDATE TO NOTICE OF PREPARATION FOR THE GAVIOTA CREEK IMPROVEMENT PROJECT (EA 05-1M440/05-1N830)

To Whom it May Concern:

The Notice of Preparation of a Draft Programmatic Environmental Impact Report for the Gaviota Creek Improvement Project was submitted to the State Clearinghouse on October 18, 2022 for circulation through December 1, 2022.

Caltrans recently identified a change to the project scope and has added Segment D to the project. Caltrans also corrected an error in the Notice of Preparation that stated a 2081 Incidental Take Permit would not be required for the project. It was corrected in Table 1 and in the Biological Resources section on page 8. The attached Notice of Preparation was updated to reflect these changes. Accordingly, the public circulation period has been extended such that all comments are due to Caltrans by December 16, 2022.

Please find attached the updated Notice of Preparation as well as the updated Notice of Completion.

Sincerely,

Dianna Beck
