Project Title: Fenton Parkway Bridge Project

Project Applicant: San Diego State University

Project Location (include county): 2021 Fenton Parkway, San Diego, San Diego County, CA, 92108

Project Description: The San Diego Water Board issued a Clean Water Act section 401 water quality certification (Certification No. R9-2025-0150) to the Project Applicant to construct a vehicular and pedestrian bridge spanning the San Diego River from Fenton Parkway to the north to Camino Del Rio North to the south. The bridge will be a conventional prestressed concrete girder structure supported by abutments in the river embankments and piers within the river channel. The Project will improve local and regional connectivity and provide a high-water crossing in an area prone to significant flooding.

This is to advise that the San Diego Water Board, a Responsible Agency, has approved the above-described project on August 11, 2025, and has made the following determinations regarding the above-described project.

1. The project will have a significant effect on the environment. This determination is limited to effects within the San Diego Water Board's purview as a Responsible Agency.
2. The San Diego Water Board considered the environmental impact report prepared by the Lead Agency for this project pursuant to the provisions of CEQA.

3. Mitigation measures were made a condition of the San Diego Water Board's approval of the project.
4. A mitigation reporting or monitoring plan was adopted by the San Diego Water Board for this project.
5. A statement of Overriding Considerations was adopted by the San Diego Water Board for this project.
6. Findings were made by the San Diego Water Board pursuant to the provisions of CEQA.

The final EIR prepared for the project is available to the general public at the office of the Lead Agency listed above. The record associated with the San Diego Water Board's decision is available at 2375 Northside Drive, Ste. 100, San Diego CA 92108, ph. 619-521-1990 (Electronic File No./PIN 897582).
