Subject: Revision to Notice of Preparation for the Capitol Mall Office Building Demolition Project (SCH# 2026030128) to Correct a Typographical Error

To Whom it May Concern,

In accordance with the instructions for the State Clearinghouse Memo Process to request a revision to a submitted document, we are providing this memo to request correction of a typographical error to a previously submitted and accepted Notice of Preparation (NOP).

The NOP is for the Capitol Mall Office Building Demolition Project (SCH# 2026030128) and was posted on March 3, 2026. On Page 6 of the NOP, in the section titled Public Review Period, the word "March" is missing from the date identified for the scoping meeting. A corrected version of the NOP is attached. The corrected NOP meets all OCR and flattening requirements as identified in the instructions for the Clearinghouse Memo Process.

If there are any questions, please contact Ascent, the consultant for the Department of General Services, for this project. Sean Bechta is the Project Manager (sean.bechta@ascent.inc; Desk: 916.930.3180; Cell: 916.494.4955).

Sincerely,

X Stephanie Coleman
