San Diego, CA 92101

Project Title: Modification to Rates, Times, and Exception to Days of Operation for Tidelands Public Meters and Pay Stations
Project Applicant: Liza Anderson, Department Business Manager, Field Operations – Parking, San Diego Unified Port District, 3165 Pacific Highway, San Diego, CA 92101; (619) 686-6433
Project Location – Specific: Shelter Island; Spanish Landing; North Embarcadero Corridor; Embarcadero Marina Park North; and Embarcadero Marina Park South
Project location – City: San Diego
Project Location – County: San Diego

Description of Nature, Purpose, and Beneficiaries of Project: The project would modify parking rate range, hours, and exception to the days of operation for all tidelands public parking meter and pay station locations throughout Shelter Island, Spanish Landing, North Embarcadero Corridor (along North Harbor Drive extending from the Crescent Area to Ruocco Park including Tuna Harbor and District-managed parking at the RaDD IQHQ facility), Embarcadero Marina Park North (EMPN) and Embarcadero Marina Park South (EMPS). The project includes amendments to Article 8, Sections 8.10 and 8.14 of the San Diego Unified Port District Code (Port Code) to change the parking rate range, hours, and exception to the days of operation for the public parking meters and pay stations in these areas.

Proposed Rate Change
The project will amend Article 8, Section 8.10 of the Port Code to modify the rate range of $1.00 to $2.50 to $1.00 to $3.50 per hour for parking meter and pay station locations at Shelter Island, Spanish Landing, the North Embarcadero Corridor, EMPN, and EMPS. The existing Port Code would provide the Executive Director of the District the authority to approve rate adjustments seven (7) days in advance in increments of $0.25 and up to $1.00 at a time, and in no instance could the parking rate exceed $3.50 per hour. Parking rates will be posted at the parking meters/pay stations and/or posted on a nearby sign. The public and stakeholders would be notified of changes to the hourly rate, no less than seven (7) calendar days before the change becomes effective via the District's website, in accordance with existing Port Code.

Implementation of Lower Cost Access Program
As part of the new rate range adjustment and to maintain lower-cost access to the waterfront, the District will implement a program that will allow parking benefits to State of California Golden Bear Pass holders within District-managed public parking spaces throughout the North Embarcadero Corridor. This parking benefit program would provide parking free of charge to members of the public with a Golden Bear pass displayed. Appropriate signage identifying the acceptance of the Golden Bear pass for free parking will be provided by the District at designated parking areas and pay stations, and corresponding information will be posted to the District's website. While Golden Bear pass holders may park free of charge, the posted time limits will remain in effect for pass holders to ensure turnover and maintain adequate public access to the waterfront.

Proposed Hours and Exception to Days of Enforcement
The project will amend Article 8, Section 8.14 of the Port Code to modify the time of operation of the parking meters and pay stations from 10:00 a.m. to 8:00 p.m. to 10:00 a.m. to 10:00 p.m., seven days per week, for the parking meters located in the North Embarcadero Corridor, EMPN, and EMPS; the current hours of operation at Shelter Island and Spanish Landing would remain in effect. The project will also amend Article 8, Section 8.14 of the Port

Code to add Juneteenth National Independence Day (Juneteenth), which occurs annually on June 19, as a recognized holiday in which parking meters are not enforced, and to rename the existing holiday currently recognized as Cesar Chavez Day to Farmworkers Day. In addition to the proposed inclusion of the Juneteenth holiday, all parking meters and pay stations will continue to not be enforced on the following holidays: New Year's Day, Martin Luther King, Jr.'s Birthday, Farmworkers Day (previously Cesar Chavez Day), Memorial Day, July 4th, Labor Day, Indigenous People's Day, Veteran's Day, Thanksgiving Day, and Christmas Day. While payment will not be required for the listed holidays, the posted time limits at all parking meter and pay station locations will remain in effect.

Name of Public Agency Approving Project: San Diego Unified Port District (SDUPD)

Exempt Status: (Check one):

- ☐ Ministerial (Sec. 21080(b)(1); 15268);
- ☐ Declared Emergency (Sec. 21080(b)(3); 15269(a));
- ☐ Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- ■ **Categorical Exemption: Existing Facilities (SG § 15301) (Class 1)**
- ■ **Statutory Exemption. State code number: Rates, Tolls, Fares, and Charges (SG § 15273)**

Reason Why Project is Exempt: The proposed project is determined to be Statutorily Exempt pursuant to California Environmental Quality Act (CEQA) Guidelines Section 15273 (Rates, Tolls, Fares, and Charges) and/or Categorically Exempt pursuant to CEQA Guidelines Section 15301 (Existing Facilities), and Sections 2.h. and/or 3.a. of the District's Guidelines for Compliance with CEQA. Sections 2.h. and 3.a. of the District's CEQA Guidelines are as follows:

2.h. Rates; Tolls, Fares, and Charges (SG § 15273): CEQA does not apply to rates or other charges established by the District for the purpose of meeting operational expenses; purchasing or leasing supplies, equipment, or materials; meeting financial reserve needs; obtaining funds for capital projects necessary to maintain service; or obtaining funds necessary to maintain intra-city transfers as are authorized by city charter. The public agency shall incorporate written findings in the record of any proceedings in which an exemption under this section is claimed, setting forth with specificity the basis for the claim of the exemption.

AND/OR

3.a. Existing Facilities (SG § 15301) (Class 1): Includes operation, repair, maintenance, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that previously existing.

The Statutory Exemption listed above is appropriate for the proposed project because it would modify the rates, hours, and days of operation for existing public parking meters at the North Embarcadero, Tuna Harbor, and Ruocco Park, and would also allow the District's Executive Director to establish parking rates at the above-mentioned parking meters and pay stations up to the maximum parking rates previously-approved by the Board, for the following purposes:

1. The modification to parking rate range, hours of operation, and exception to days of operation for all tidelands public parking meters and pay stations are comparable to other beach cities and are to meet operational expenses of the District.

2. The modification to parking rate range, hours of operation, and exception to days of operation for all tidelands public parking meters and pay stations may increase parking revenue by approximately $1,000,000 in the next fiscal year's budget and are to meet financial reserve needs and requirements of the District.

3. The modification to parking rate range, hours of operation, and exception to days of operation for all tidelands public parking meters and pay stations are not to obtain funds for capital projects for expansion of systems.

The existing facilities Categorical Exemption listed above is appropriate for the proposed project because the activity in question will only involve an operational change of existing public parking meters and pay stations, and will involve no expansion of use beyond that previously existing.

The District has determined none of the six exceptions to the use of a categorical exemption apply to this project (CEQA Guidelines Section 15300.2).
