Project Title: Plumas County General Plan Housing Element 7th Cycle 2024-2029
Fall 2026 General Plan Amendment (GPA 6-24/25-03)

Project Applicant: Plumas County

Project Location: The entirety of the unincorporated area of Plumas County

Description of Project: The Housing Element Update is a comprehensive assessment of existing and projected housing needs for all economic segments of the County. The purpose of the Housing Element is to identify housing solutions that address local housing needs and to meet or exceed the County's unincorporated area Regional Housing Need Allocation (RHNA). The 154-unit RHNA for unincorporated Plumas County for the planning period beginning June 30, 2024, and ending June 30, 2029, as follows: Very Low Income 38 units, Low Income 24 units, Moderate Income 29 units, and Above Moderate Income 63 units. Acutely Low and Extremely Low Income RHNA is included in the Very Low Income Category and Acutely Low Income is assumed to be approximately 5% of the Very Low Income RHNA or 2 units and Extremely Low Income is assumed to be approximately 20% of the Very Low Income RHNA or 8 units.

Name of Public Agency Approving Project: Plumas County Board of Supervisors

Name of Person or Agency Carrying Out Project: Plumas County and various housing stakeholders

Exempt Status:

[X] No possible significant environmental effect [Sec. 21082.2; 15061(b)(3)];

Reason why project is exempt: The project is exempt from the requirements of CEQA under CEQA Guidelines Section 15061(b)(3) because after conducting the environmental impact analysis, which showed no potential adverse effects on the physical environment and would not result in any direct or indirect physical changes, as the proposed project is strictly a policy document that does not provide any entitlement or grant of approval for development. All future housing development would require project specific review and would be, as applicable, subject to federal, state, and local land use, building, and zoning regulations. No redesignations or rezones are required to meet the County's RHNA. Therefore, it can be seen with certainty that there is no impact or possibility that the proposed project may have a significant effect on the environment and that the common sense CEQA exemption applies to the proposed project.
