University of California Davis
California 95616

Subject: Filing of Notice of Determination in Compliance with Section 21108 or 21152 of the Public Resource Code.

State Clearinghouse Number: 2017012008
Project Title: CVET Operations Center and Shelter Medicine Center
Project Applicant: University of California, Davis
Project Location: University of California, Davis
County: Yolo County

Project Description: The California Veterinary Emergency Team (CVET) Operations Center and Shelter Medicine Clinic Project would construct approximately 8,000 square feet of new development consisting of three small structures: a CVET Operations Center, carport, and Shelter Medicine Clinic. The project would relocate CVET from South Campus and Shelter Medicine Services from the Center for Companion Health building to purpose-built facilities on the west side of the Health Sciences District, supporting expanded operations, vehicle storage, and veterinary education and clinical training. The project site is largely undeveloped and would be cleared and graded for construction, while retaining the existing paved access area. Project improvements include new buildings, driveways, accessible parking, pathways, utilities, fencing, landscaping, stormwater bioretention planters, and a trash enclosure.

This Notice of Determination is to advise that the University of California as Lead Agency has approved the above-described project on *November 9th, 2026* and has made the following determinations:

1. The Project would not cause any significant environmental impacts nor an increase in the severity of significant impacts previously studied in the UC Davis 2018 Long Range Development Plan Environmental Impact Report (2018 LRDP EIR).
3. Mitigation measures from the UC Davis 2018 LRDP EIR were made a condition of the approval of the project; no new project-specific mitigation measures are required.
4. The implementation of applicable UC Davis 2018 LRDP EIR mitigation measures will be monitored and reported pursuant to the Final EIR's MMRP.
5. The previous statement of overriding considerations in the UC Davis 2018 LRDP EIR was reaffirmed for this project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the Final Environmental Impact Report and *Addendum August 2026* to the UC Davis 2018 LRDP EIR with comments and responses and record of project approval is available at https://environmentalplanning.ucdavis.edu/current-projects and at UC Davis Campus and Environmental Planning, University of California, 255 Cousteau Place, Davis, CA 95618.
