Present Land Use/Zoning/General Plan Designation:

Various Locations. No central location. 160 square miles within Stanislaus County, 8 miles within San Joaquin County, 400 square mile "joint electric distribution service area".

Project Description: *(please use a separate page if necessary)*

The Modesto Irrigation District (MID) is authorized by the California Water Code and other relevant law to provide electrical service to an area of approximately 568 square miles in portions of San Joaquin, Stanislaus, and Tuolumne counties. MID is required to provide electrical service within its "traditional service area" of approximately 160 square miles, all within Stanislaus County, and within the City of Mountain House, approximately eight square miles, within San Joaquin County. It may also provide service to customers in a 400-square mile "joint electric distribution service area" in San Joaquin and Stanislaus counties, where MID may compete with other utilities. ThisUpdated PEIR is intended to provide CEQA environmental review for ESI Program activities during the 2025 – 2032 planning period.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
