Project Title: Christian Valley Park Community Service District Water Storage Tank Project

Project Applicant: Christian Valley Park Community Service District

Project Location (include county): 5174 Westridge Circle, Auburn, CA (APN 077-251-006) (Placer County)

Project Description:

The Christian Valley Park CSD Tank Project (project) would construct two 0.75 million gallon water storage tanks on a 1.75-acre site to replace the existing storage volume stored in the existing reservoir on the project site. The cover of the existing reservoir has deteriorated such that it is now considered too much of a risk, and replacing the cover would be too costly and would result in a substandard project compared to replacing the reservoir with steel tanks. No expansion of the storage service area, storage capacity, or other facilities is proposed.

This is to advise that the Christian Valley Park Community Service District has approved the above (X) Lead Agency or () Responsible Agency

described project on May 8, 2018 and has made the following determinations regarding the above described project
