CEQA NOTICE OF DETERMINATION

To: County Clerk, County of Orange

From: County of Orange
OC Public Works, OC Development Services/Planning

FILED
JAN 29 2026
HUGH NGUYEN, CLERK-RECORDER
BY: _____ DEPUTY

Subject: Notice of Determination Filing
per Public Resources Code Section 21108 or 21152

Planning Application Number (PA): Use Permit PA23-0119

State Clearinghouse Number (if applicable): 1996121072

Project Title: Saddleback Meadows

Project Location(s): Eastern side of El Toro Road, approximately ½ mile south of the intersection of Santiago Canyon Road (El Toro Road) and Live Oak Canyon Road, in Unincorporated Orange County

Project Description: Use Permit PA23-0119 is required to establish residential development standards for the Saddleback Meadows development through a Planned Development (PD) combining district to facilitate development of the approved 181-unit development. The Use Permit is consistent with the General Plan Land Use designation, Suburban Residential (1B) consistent with the applicable Land Use Element Goals, and compliant with site development standards proposed through the PD Combining District as allowed by Zoning Code Section 7-9-48. The Use Permit follows June 24, 2025, Board approval of the Final Tract Map 15230.

Applicant Contact Person: Michael Recupero, Recupero and Associates, Inc.

Address and Phone Number of Applicant: 31877 Del Obispo Street, Suite 204, San Juan Capistrano, CA 92675-3228, (949) 429-6300

Previously adopted or certified document: ☐ Not based on a previous document.

☒ Based on a previous documents:

Revised Subsequent EIR (RSEIR) 566, certified by the Board on November 5, 2002, RSEIR 566 Addendum No. 1 administratively approved on August 11, 2004, and RSEIR 566 Addendum No. 2, administratively approved on September 26, 2022

The County of Orange, as Lead Agency, has made the following determination on the above-described project.

1. The project was approved by the Board of Supervisors on November 5, 2002; Changed Plan CP170051 to AP 98-2 were approved by the Director, OC Public Works, designee, on September 20, 2022, and Final Tract Map 15230 and Subdivision Improvement Agreement was approved on June 24, 2025.

ORANGE COUNTY
OC Public Works

2. The Revised Subsequent Environmental Impact Report566 was prepared and certified pursuant to the provisions of CEQA.

3. The project will not have a significant effect on the environment because:

a. Mitigation measures, project design features, or both were incorporated into the project.

b. A Statement of Overriding Considerations was adopted for this project.

c. Findings and Facts were made pursuant to CEQA Guidelines 15091 (Statement of Facts and Findings).

A copy of the Revised Subsequent Environmental Impact Report 566 and Addendums and the record of the project approval is on file and may be examined during regular business hours at the following location: OC Public Works, OC Development Services/Planning, 601 N. Ross Street, First Floor, Santa Ana, CA 92701. (714) 667-8888.

Change Plan: CP170051 to AP 98-2 (Saddleback Meadows)

State Clearinghouse Number (if applicable): 1996121072

Project Title: Changed Plan CP170051 to AP 98-2 (Area Plan – Saddleback Meadows) and Substantial Conformance for VTTM 15230 – Revision No. 2

Project Location(s): The 222.2-acre project site is located on vacant land on the eastern side of El Toro Road, approximately one-half mile south of the intersection of Santiago Canyon Road (El Toro Road) and Live Oak Canyon Road.

Project Description: The Proposed Project (181 Units) reduces impacts associated with the Modified Project (266 Units), including impacts to biological and aesthetic resources and surrounding land uses, and grading area requirements, all of which previously were found to be less than significant. The Proposed Project (181 Units) has been redesigned to:

- Eliminate 85 residential units from the eastern portions of the project site to increase the distance between proposed development areas and adjacent land uses. The Modified Project (266 Units) proposed a buffer area with a minimum width of 100 feet, and the current Proposed Project (181 Units) proposes to increase the buffer to existing land uses to the north, south and east.
- Reduce the development impact area from 134.0-acres to 78.3 acres, a 38% reduction.
- Increase the percentage of the project site devoted to open space from (73% to 84%).
- Eliminate the Modified Project's (266 Units) 1.4-million-gallon offsite water tank and associated access road located near the easterly Project site boundary. The Trabuco Canyon Water District (TCWD) has provided a study that affirms that they can provide water and sewer service to the project site from another alternative involving off-site storage and parallel pipelines to another existing water storage facility that the developers will participate in and contribute funding.
- Reconfigure the local riding and hiking trail that previously extended to the easterly boundary of the project site and proposed construction of an offsite eastern ridgetop rest area. The local riding and hiking trail alignment now parallels the spine road and terminates at the spine road rest area cul-de-sac with a rest area. Signage will be posted limiting the use of the trail from dawn to dusk.
- Continue to include a back cut slope to screen views of the eastern portion of the development area; that is, located along "I" Street and to the east as shown on the 2nd Revised VTTM 15230.
- Continue to include an earthen berm along "G" Street to partially screen views of the project from the Hidden Ridge community and areas to the south
- Eliminate the residential development area in the eastern portion of the project site while maintaining the same general spine road alignment as the Modified Project (266 units) for the balance of the development area. Minimum residential lot size is 4,000 SF. These design changes result in a net decrease of 85 residential units as compared to the Modified Project.

- Widen and increase the acreage of the central open space area to increase the opportunity for wildlife movement, both east-west and north-south.
- Continue to provide for biological resource mitigation/restoration plan within the 142.8 acre Biological Resources Mitigation Area, which will also protected with a conservation easement to the California Department of Fish and Wildlife (CDFW). This area will also include five (5) existing onsite ponds that will be preserved, three (3) engineered ponds will be created, and five (5) small hand-constructed ponds will be created for hydrology and habitat purposes. A total of thirteen (13) ponds will be located on site.
