SUBJECT: NOTICE OF AVAILABILITY OF A DRAFT REVISED SUPPLEMENTAL ENVIRONMENTAL IMPACT REPORT FOR THE BERTHS 97-109 [CHINA SHIPPING] CONTAINER TERMINAL PROJECT (SCH NO. 2003061153)

The City of Los Angeles Harbor Department (Harbor Department) has prepared a Draft Revised Supplemental Environmental Impact Report (Revised SEIR) for the following project at the Port of Los Angeles:

BERTHS 97-109 [CHINA SHIPPING] CONTAINER TERMINAL PROJECT

This Draft Revised SEIR was prepared in response to, and in compliance with, the May 24, 2024 San Diego County Superior Court Peremptory Writ of Mandate (Writ) and provides the additional information, analyses, and/or disclosures required by the Writ to address deficiencies in the prior SEIR certified by the City of Los Angeles Board of Harbor Commissioners on October 8, 2019 (2019 SEIR). Pursuant to Public Resources Code Section 21168.9(b), the scope of this Draft Revised SEIR is limited to addressing only the court-ordered items necessary to bring the 2019 SEIR into compliance with the California Environmental Quality Act. Reviewers of the Draft Revised SEIR should therefore limit their comments to the additional information and new analysis provided (i.e., Mitigation Measure (MM) AQ-9 - Alternative Maritime Power, MM AQ-31: At-Berth Regulations, MM: GHG2: GHG Reduction Offsets, and update of the 2019 SEIR Emissions Impact Analysis). The remainder of the 2019 SEIR was either not challenged and therefore remains valid or has not been revised and is not being recirculated for public comment.
