SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code § 21108
 State Clearinghouse Number: 2009091126

Project Title: California High-Speed Train Project: Fresno to Bakersfield Major Amendment No. 32 (California Endangered Species Act Incidental Take Permit No. 2081-2015-024-04 (ITP))

Project Location: The Project includes the California High Speed Train (HST) alignment beginning on the south side of the G Street and San Benito Street intersection, north of Highway 41, in the City of Fresno, Fresno County, California. From this intersection, the Fresno to Bakersfield HST alignment extends south either along or adjacent to the Burlington Northern Santa Fe Railway (BNSF) for approximately 99 miles before reaching the section endpoint, at the intersection of 7th Standard Road, and Santa Fe Way, within the city limits of Shafter, in Kern County, California.

Project Description: The original Project involved the construction of the California HST alignment. This Major Amendment No. 32 contemplates an increase in Project-related incidental take as a result of Covered Activities.

The Project is expected to result in incidental take of western burrowing owl (*Athene cunicularia hypugaea*, BUOW) which is designated as a candidate species under the California Endangered Species Act (CESA). This Major Amendment No. 32 adds BUOW as a Covered Species subject to take authorization which will be impacted by Covered Activities, updated associated Conditions of Approval, adds species-specific Conditions of Approval for BUOW and updates the Project impacts to reflect the loss of BUOW habitat. The ITP referenced above as issued by CDFW authorizes incidental take of species listed under CESA that may occur as a result of Project implementation.

This to advise that CDFW, acting as [the lead agency / a responsible agency] approved the above -described project on 6/26/2025 and made the following determinations regarding the above -described project:

1. The project [will / will not] have a significant effect on the environment (This determination is limited to effects within CDFW's permitting jurisdiction as a responsible agency).
2. [An environmental impact report / A negative declaration] was prepared by the lead agency for the original project.
3. Additional mitigation measures [were / were not] made a condition of CDFW's approval of the project.
4. A mitigation reporting or monitoring plan [was / was not] adopted by CDFW for this project.
5. A Statement of Overriding Considerations [was / was not] adopted by CDFW for this project.

Notice of Determination

- 6. Findings [were / were not] made by CDFW pursuant to Public Resources Code § 21081(a).
- 7. Compliance with the environmental filing fee requirement at Fish and Game Code § 711.4 (check one):
 - Payment is submitted with this notice.
 - A copy of a receipt showing prior payment was submitted to CDFW.
- Responsible Agency statement: The EIR prepared by the lead agency for the Project is available to the general public at the office location listed above for the lead agency. CDFW's administrative record of proceedings related to the incidental take permit is available to the public for review at CDFW's regional office.
