Project Title: Well 84 Antelope/Don Julio Addendum to 2017 Barrett Ranch East FEIR

Project Applicant: Sacramento Suburban Water District

Project Location: 38.704095, -121.345012

Project Description: Construction of water supply well facilities to serve as a potable water supply source for the District's North Service Area and consists of one water supply well and associated above ground well equipping improvements/components.

This is to advise that on July 14 ,2022, the Lead Agency approved an Addendum to the 2017 Final Environmental Impact Report (FEIR) for the Barrett Ranch East development that was certified on April 5, 2017. The Addendum found and determined that the changes in the project associated with Well 84 Project, the 2017 FEIR remains adequate and no subsequent Environmental Impact Report or further CEQA review is required for the Well 84 Project.

Subsequently, State Water Resources Control Board (Responsible Agency) has approved the above-described Well 84 Project on September 11, 2026 and has made the following determinations regarding the above-described Project:

1. The Project will not have a significant effect on the environment. This determination is limited to the effects within the State Water Board's permitting jurisdiction as a Responsible Agency.
2. An Addendum to the Environmental Impact Report was prepared for this Project pursuant to the provisions of CEQA.
3. Mitigation measures were not made a condition of the State Water Board's approval of the Project.
4. A mitigation monitoring and reporting plan/program was not adopted by the State Water Board for the Project.

A record of Project approval is available to the general public upon request at the State Water Board, DDW office listed above. The Negative Declaration/Mitigated Negative Declaration is available from the Lead Agency.
