County Clerk
County of San Diego
1600 Pacific Highway, Suite 103
San Diego, CA 92101

SUBJECT: Filing of Notice of Determination in Compliance with Section 21108 or 21152 of the Public Resources Code

State Clearinghouse No. SCH #2010051001 (Previous SCH #1990011025)

Project Title: Mid-Coast Corridor Transit Project

Project Applicant: San Diego Association of Governments (SANDAG)

Project Location: City of San Diego and County of San Diego

Project Description:

The Mid-Coast Corridor Transit Project will extend the San Diego Trolley Blue Line from the Santa Fe Depot in Downtown San Diego north to the Old Town Transit Center (OTTC) via the existing Trolley tracks. New tracks would then extend north for 11 miles to the University Towne Centre (UTC) Transit Center in University City. Nine new stations (four at grade and five aerial) would be built at the following locations: Tecolote Road, Clairemont Drive, Balboa Avenue, Nobel Drive, Veterans Administration Medical Center, University of California San Diego (UCSD) West Campus (now referred to as Pepper Canyon), UCSD East Campus (now referred to as Voigt Drive), Executive Drive, and the UTC Transit Center. With this extension, the project would provide for continuous service on the Trolley Blue Line from the San Ysidro Transit Center at the U.S.-Mexico international border to University City. In addition to the 11 miles of new Trolley tracks and nine new stations, the project includes upgrades to existing facilities between the Santa Fe Depot and the OTTC, and the acquisition of new Trolley vehicles for the extended project operation. The project alignment would be located primarily within existing Metropolitan Transit System, City of San Diego, or California Department of Transportation right-of-way; along local streets; and within the Los Angeles-San Diego-San Luis Obispo Rail Corridor Agency and Interstate 5 corridors.

The San Diego Association of Governments (SANDAG) served as the lead agency for the Final Supplemental Environmental Impact Report/Subsequent Environmental Impact Report (Final SEIS/SEIR) for the Mid-Coast Corridor Transit Project. On November 21, 2014, the SANDAG Board of Directors certified the Final SEIS/SEIR and adopted the Findings of Fact, the Statement of Overriding Considerations, the Mitigation Monitoring and Reporting Program, and finally, the project itself. The Notice of Determination for the Final SEIS/SEIR was filed with the San Diego County Clerk on November 21, 2014, and with the Governor's Office of Planning and Research on November 24, 2014.

SANDAG proposes roadway modifications on the University of California, San Diego (UCSD) campus near the Mid-Coast Corridor Transit Project UCSD West Station (now referred to as the Pepper Canyon Station). The agency prepared an Addendum to the Final SEIS/SEIR to evaluate the environmental impacts of these modifications. The Addendum provides the documentation to demonstrate that 1) no new significant unavoidable impacts would result from relocation of the TPSSs, 2) the impact conclusions in the Final SEIS/SEIR remain unchanged, and 3) relocating the TPSSs would not result in or create any of the conditions in

Public Resources Code Section 21166 or Section 15162 of the CEQA Guidelines that would necessitate the preparation of a Subsequent or Supplemental EIR. The Board of Directors has made the following determinations in consideration of the aforementioned Addendum and its associated Final SEIS/SEIR, appendices, technical studies, comments, reports, public notices, and other documents:

1. The Mitigation Monitoring and Reporting Program that was adopted on November 21, 2014 would be adequate in the mitigation of potential impacts of the changes to the project described in the Addendum to less-than-significant levels.
2. The Findings of Fact adopted on November 21, 2014 continue to be representative of the project inclusive of the changes to the project described in the Addendum.
3. The Statement of Overriding Considerations adopted on November 21, 2014 continues to be representative of the project inclusive of the changes to the project described in the Addendum.

The Addendum and the Final SEIS/SEIR with comments and responses and record of project approval are available to the General Public at: **401 B Street, Suite 800, San Diego, CA 92101.**

Signature (SANDAG):  **Title:** Keith Greer, Principal Planner / 619-699-7390
