FINDING OF NO SIGNIFICANT IMPACT (FONSI)
NOTICE OF AVAILABILITY (NOA)

Pursuant to USDOT Order 5610.1C, Paragraph 5.b

Date: 11/2/2026

To: State Clearinghouse (For USPS Deliveries)
PO Box 3044
Sacramento, CA, 95812-3044

From: California Department of Transportation

District 7
100 S. Main Street
Los Angeles, CA 90012

State Clearinghouse Number: 2018031048

Project Description: The California Department of Transportation (Caltrans), proposes to improve circulation and safety along Lincoln Boulevard by constructing an additional southbound lane, installing sidewalks and protected bicycle lanes, and implementing complete streets and other related improvements along an approximate 0.61-mile segment of Lincoln Boulevard between Jefferson Boulevard (PM 30.16) and just south of Fiji Way (PM 30.74). The project activities primarily occur in the City of Los Angeles, with potential temporary construction easements and partial right-of-way acquisitions needed in the north and northwest within parcels that are located within unincorporated Los Angeles County. The project will create a new multi-modal corridor for all user types and improve traffic operations, while minimizing impacts to the Ballona Wetlands Reserve, Ballona Creek, and other environmental resources.

This is to advise you that a Finding of No Significant Impact (FONSI) has been made for this project by the California Department of Transportation as assigned by the Federal Highway Administration pursuant to 23 USC 327. A copy of the FONSI and the attached Environmental Assessment can be obtained from the California Department of Transportation office located at the above address and online at the Project website:
