Notice of Availability (NOA) of a Final Environmental Impact Report (EIR)/Environmental Assessment (EA) with Finding of No Significant Impact for the State Route 1/Lincoln Boulevard Multimodal Improvements Project

The California Department of Transportation (Caltrans), in cooperation with the City of Los Angeles, has completed a Final Environmental Impact Report/Environmental Assessment (EIR/EA) for the State Route 1/Lincoln Boulevard Multimodal Improvements Project. The proposed project would improve circulation and safety along Lincoln Boulevard by constructing an additional southbound lane, installing sidewalks and protected bicycle lanes, and implementing complete streets and other related improvements along an approximate 0.61-mile segment of Lincoln Boulevard between Jefferson Boulevard (PM 30.16) and just south of Fiji Way (PM 30.74). The project work activities primarily occur in the City of Los Angeles, with potential temporary construction easements and partial right-of-way acquisitions needed in the north and northwest within parcels that are located within unincorporated Los Angeles County. The project will create a new multi-modal corridor for all user types and improve traffic operations, while minimizing impacts to the Ballona Wetlands Reserve, Ballona Creek, and other environmental resources. This notice is to inform you that the Final EIR/EA and Finding of No Significant Impact (FONSI) for the proposed project was approved and is available to the public.

The document was distributed to those who made substantive comments on the Final EIR/EA and to those who requested a copy. The Final EIR/EA with FONSI is available online at:
https://dot.ca.gov/caltrans-near-me/district-7/district-7-projects/d7-sr1multimodalimprovementsproject

The Final EIR/EA with FONSI will be available for reading and a hard copy of the document is available for viewing at the following locations during normal business hours:

- Playa Vista Branch Library, 6400 Playa Vista Dr., Los Angeles, CA 90094

- Lloyd Taber Library, 4533 Admiralty Way, Marina Del Rey, CA 90292
- Venice-Abbot Kinney Memorial Branch Library, Venice, CA 90291
- Westchester-Loyola Village Branch Library, 7114 W. Manchester Avenue, Los Angeles, CA 90045
- Caltrans, District 7, 100 S. Main Street, Los Angeles, CA 90012

If you have any questions, please contact Rocky Rojas, Senior Environmental Scientist (Acting), at (213) 266-3772. Thank you for your interest in this important transportation project.

Sincerely,

Kelly Ewing-Toledo
