Sunnyvale

Project is an Addendum of the Program EIR for
the Civic Center Modernization Master Plan

- An Addendum to the Program Environmental Impact Report (EIR) for the Civic Center Modernization Master Plan was prepared to evaluate minor design revisions resulting from the schematic design phase of the project. Phase I of the Master Plan includes an addition to the Public Safety Building and a new Civic Center building.,The revisions include 10% increase in the floor area of the Civic Center building than evaluated in the Program EIR and also involves removal of additional trees, including eight additional protected trees. Based on the project revisions, the Addendum concludes that none of the potential environmental impacts of the revised Phase I project will result in new environmental effects that were not previously evaluated in the Program EIR, nor will the changes substantially increase the severity of previously identified environmental effects within the meaning of Section 15162 of the CEQA Guidelines.

- The project is exempt from additional CEQA review per CEQA Guidelines section 15183 and Public Resources Code Sections 21083.3.

- The Civic Center Modernization Master Plan Program EIR was approved on September 25, 2018, and NOD was filed as shown in Attachment 1.

- As per Fish and Wildlife and California Code sections: Only **one filing is required for each project**, even if multiple notices of determination are filed for a project, unless the project is tiered or phased or separate environmental documents are required [(Fish and Wildlife 711.4(g); 14 California Code of Regulations 753.5(e)(3))]. The fee must be paid with the **first notice of determination that is filed; the applicant must attach copies of the receipt** to any additional notices of determination required for the project [(14 California Code of Regulations 753.5(e)(4)]. The County Clerks and Office of Planning and Research are required to maintain records of all environmental documents received, and remit the filing fees monthly to the Department of Fish and Wildlife [(Fish and Wildlife 7411.4(e)(1)].
