**SUBJECT: NOTICE OF AVAILABILITY OF A DRAFT ENVIRONMENTAL IMPACT STATEMENT/
ENVIRONMENTAL IMPACT REPORT FOR THE BERTHS 121-131 CONTAINER
TERMINAL REDEVELOPMENT PROJECT (SCH#2014041050)**

The U.S. Army Corps of Engineers, Los Angeles District (Corps) and the City of Los Angeles Harbor Department (Harbor Department) have prepared a joint Draft Environmental Impact Statement/Environmental Impact Report (Draft EIS/EIR) for the following proposed project in the Port of Los Angeles (Port):

Berths 121-131 Container Terminal Redevelopment Project

The proposed project consists of various improvements to an existing marine container terminal located at Berths 121-131 in the West Basin of the Los Angeles Harbor. In general, the proposed project would improve the container-handling efficiency and capacity by dredging and disposing of the dredged material, demolishing and reconstructing the wharf at Berths 126-129, relocating existing cranes to Berths 121-125, adding new, larger cranes at Berths 126-129, expanding the on-dock rail, installing electrically-powered, rail-mounted gantry cranes, and issuing a new 30-year entitlement.

The Draft EIS/EIR identifies potentially significant and unavoidable impacts associated with the following:

- Air Quality and Meteorology (CEQA and NEPA; construction and operation)
- Greenhouse Gas Emissions (CEQA)

All other project-level impacts were determined to be mitigatable to less than significant, less than significant without mitigation measures, or no impact. The project includes facilities and sites that are identified on the State of California Hazardous Waste and Substances Site List (also known as the Cortese List, compiled pursuant to California Government Code 65962.5).

Availability:

The 45-day public review period starts on **March 13, 2026** and ends on **April 27, 2026**. A copy of the document is available for public review on the Port of Los Angeles website at: <https://www.portoflosangeles.org/ceqa>. A printed hard copy is available for review by appointment only with the Harbor Department's Environmental Management Division located at 425 South Palos Verdes Street, San Pedro, California 90731. Please call (310) 732-3765 to schedule an appointment. The public notice is also available online at the Corps website at: <https://www.spl.usace.army.mil/Media/Public-Notices/Regulatory-Public-Notices/>

Public Meeting:

A virtual public meeting will be held on **April 16, 2026**, at 4:00 p.m. Participation in the public meeting by federal, state and local agencies and other interested organizations and people is encouraged. This meeting will be conducted in English with simultaneous English/Spanish translation services available.
