SUBJECT: *Filing of Notice of Determination pursuant to Public Resources Code section 21108*

State Clearinghouse Number: 2019049093

Project Title: Tisdale Weir Rehabilitation and Fish Passage Project (Streambed Alteration Agreement EPIMS Notification No. SUT-16818-R2)

Project Location (include county): The project is located at the Sacramento River and Sutter Bypass, in the County of Sutter, State of California; Sections 25, 26, 35, 36 of Township 14 N, Range 1 E, and Section 30 of Township 14 E of the Tisdale Weir USFS Survey 7.5 Quadrangle, Mt. Diablo Base & Meridian. APN's: 21-100-008 & 09, 110-001 & 002 & 023, 280-007 & 008, 290-001.

Project Description: The California Department of Fish and Wildlife (CDFW) has amended Streambed Alteration Agreement EPIMS Notification Number SUT-16818-R2, pursuant to Section 1602 of the Fish and Game Code to the project Applicant, Department of Water Resources.

The amendment will account for an additional 0.02 acres of vegetation/tree limbing and removal. The vegetation/tree limbing and removal is necessary to facilitate a large crane needed to construct the weir notch and north abutment, as well as install battered piles. The canopy of a large and small valley oak tree would be reduced back six feet with side trimming and less than 25% of the canopy crown would be removed.

This is to advise that CDFW, acting as a Responsible Agency, executed the above Streambed Alteration Agreement amendment on the date signed below and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

1. The project will not have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2. CDFW considered the environmental impact report prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures were made a condition of CDFW's approval of the project.

Notice of Determination

- 4. A mitigation reporting or monitoring plan was not adopted by CDFW for this project.
- 5. A statement of overriding considerations was not adopted by CDFW for this project.
- 6. Findings were made by CDFW pursuant to California Code of Regulations section 15091.

The final environmental impact report prepared for the project is available to the general public at the office location listed above for the Lead Agency. CDFW's record of execution of the above Streambed Alteration Agreement as Responsible Agency is available at CDFW's regional office.
