**Project Description:** The proposed project consists of the construction of an approximately 1.4-acre Park as referenced in the previously approved CityWalk Master Plan as the South Parkway Green. The proposed park is a publicly accessible, privately owned facility that will continue to be maintained by the property owner for the use of the neighborhood and community.

The CityWalk Master Plan analyzed buildout potential for up to 4,500 dwelling units, a 169-key hotel, 166,000 square feet of commercial uses, three new parking structures, and publicly accessible, privately owned and maintained park and public spaces. The project site is one out of the three parcels that comprise the Bishop Ranch 1A (BR-1A) neighborhood, which is part of the CityWalk Master Plan and was analyzed by the CityWalk Master Plan EIR. The CityWalk Master Plan was approved for up to 750 residential units in addition to the Park site for the BR-1A neighborhood. The Project occupies the southwest portion of the neighborhood, with the previously approved Belmont Village senior care facility to the East, and the BR-1A Apartment project to the North. The proposed Park Project was anticipated by the Citywalk Master Plan and analyzed by the CityWalk Master Plan Environmental Impact Report (SCH# 2019090586)
