

Indices of Commenters and Index of Primary Forms

This chapter provides indices related to comments received on the Draft Environmental Impact Report (Draft EIR) for the Delta Conveyance Project (project). The following indices list the comment letter numbers and names and titles of commenters, when provided, from federal agencies and elected officials; Tribal governments; state agencies and elected officials; local/regional agencies and elected officials; nongovernmental organizations; and members of the public, and include form letter and form plus letter commenters. These indices are organized by organization type, letter number, and commenter name. Readers and commenters can use these indices to identify the letter number or comment numbers associated with their submissions and then find the comments and responses in the comment response tables that are contained in Volume 2, Chapter 4, *Response to Comments Tables*. Indices are organized by commenter type as described in Table 2-1. If a “/” is shown in a table, it indicates that the information was not provided or was not legible. The easiest way to find a letter is to search by the commenter’s name or the organization with which the commenter is affiliated.

Index 5 Individuals

The following index includes comments submitted by individuals as well as those who submitted comments that are in part form letter and in part unique. Commenters who provided comments that were in part forms or petitions will see a Primary Form number associated with their comment letter. These commenters should cross reference *Index 6, Form Submissions and Petition Signatories* to locate the letter number for the form they submitted. Responses to both the unique portion and form portion of comments are found in Volume 2, Chapter 4.

Index 6 Form Letter Submissions and Petition Signatories

Form letters are defined as those letters that are identical in content but submitted by multiple individuals. DWR received approximately 650 form letters and petitions. The primary forms were selected as the representative letter for all identical letters received. Table 2-2 provides the primary forms identified during the review of comment letters.

Table 2-2. Index of Primary Forms

Form Number	Form Description	Letter Number	Chapter 4 Table Number
1	I oppose the Delta tunnels because ...	276	Table 4-5
2	As a concerned resident ...	197	Table 4-5

3	Sierra Club form	88	Table 4-5
4	I urge you to reject the Delta Tunnel project ...	349	Table 4-5
5	I am writing to submit comments ...	600	Table 4-5

Each form letter is responded to only once. Readers can locate the responses to the form letter they submitted by finding their name, primary form number, corresponding letter number, and chapter 4 table number in the following index. DWR also received approximately 100 signatures on one petition which was identified as letter 716 and is responded to in Chapter 4, Table 4-5. The names of those who signed the petition are in the following index.
