County of Riverside
2720 Gateway Drive
Riverside, CA 92507

SUBJECT: *Filing of Notice of Determination in compliance with Section 21108 or 21152 of the Public Resources Code*

State Clearinghouse Number (if submitted to Clearinghouse): 2020020363

Project Title: Perris Valley Storm Drain Channel Trail – Phase 2

Project Applicant: City of Perris

Lead Agency Contact Person: Kenneth Phung

Area Code/Telephone: (951) 943-5003 EXT 257

Project Location (include County): The project site is located along the Perris Valley Storm Drain Channel extending from Nuevo Road to South Perris Metrolink Station at Case Road, in the City of Perris, Riverside County, California, 92571.

Project Description: Addendum No. 1 to Mitigated Negative Declaration (MND) No.2351 (SCH No. 2020020363)– The proposal is a revision to the southern portion of the Perris Valley Storm Drain Channel Trail – Phase 2 (approved by the City on April 20, 2020). The two key changes in design are 1) to the drainage crossings of the 7th Street Channel (formerly referred to as G Street) and the San Jacinto River Channel after its confluence with the Perris Valley Storm Drain Channel and 2) a realignment of the trail from the west side to the east side of the San Jacinto River Channel south of the I-215 freeway. Instead of spanning these two drainages, the Revised Project proposes a low-flow Arizona crossing at-grade at the confluence of the 7th Street Channel and the San Jacinto River Channel immediately downstream of I-215 freeway, with the trail then extending out of the channel to the eastern side of the river.

This is to advise that the City of Perris Development Services Department approved the above-described project on July 23, 2026, and made the following determinations:

1. The project will not have a significant effect on the environment.
2. An Addendum to an existing Mitigated Negative Declaration (SCH No. 2020020363) was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation Measures were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan was adopted for this project.
5. A Statement of Overriding Considerations was not adopted for the existing Mitigated Negative Declaration.
6. Findings were not made for the existing MND pursuant to the provisions of CEQA.

This is to certify that MND Addendum No. 1 along with the existing MND (SCH No. 2020020363) with comments and responses and record of project approval is available to the General Public at:
