Present Land Use/Zoning/General Plan Designation:

County Assessor Use Code: 4300 Irrigated Land / Kern County Zoning Designation: Agriculture

Project Description: *(please use a separate page if necessary)*

The District proposed to construct a 50-acre recharge pond that would expose sand for percolation at 8 feet deep. Approximately 650,000 cubic yards of soil would be excavated and used to construct berms to contain the pond. Maximum recharge estimates, based on a full-year operation schedule, would average 24,500 AFY. Water from existing District sources would be delivered to the recharge pond via the existing Corn Camp Canal and/or 7th Standard Pipeline. The District would also install a pump station and 30-foot-tall water storage tank.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "**X**".
If you have already sent your document to the agency please denote that with an "**S**".

x	Air Resources Board	x	Office of Historic Preservation
	Boating & Waterways, Department of		Office of Public School Construction
	California Emergency Management Agency		Parks & Recreation, Department of
	California Highway Patrol		Pesticide Regulation, Department of
