SUBJECT: *Filing of Notice of Determination pursuant to Public Resources Code § 21108*

State Clearinghouse Number: 2020060424

Project Title: Yuba City Boat Ramp Sediment Removal Project (California Endangered Species Act Incidental Take Permit No. 2081-2020-057-02-A1 (ITP)).

Project Location: The Yuba City Boat Ramp Sediment Removal Project (Project) is located at the confluence of the Feather and Yuba Rivers in the cities of Yuba City and Marysville, in Sutter and Yuba Counties, respectively. The approximate center of the Project is located at latitude 39.1307°, longitude -121.598673°.

Project Description: The amended ITP (Amendment No. 1) amends the original ITP executed on June 1, 2021, to renew the original ITP with an expiration date of June 1, 2031, and provides administrative changes to the project description.

The Amended Project will result in temporary impacts to 14.40 acres of Central Valley spring-run Chinook salmon (*Oncorhynchus tshawytscha*) habitat. The project is expected to result in incidental take of Central Valley spring-run Chinook salmon (*Oncorhynchus tshawytscha*), which are designated as a threatened species under the California Endangered Species Act. The ITP referenced above as issued by CDFW authorizes incidental take of species listed under CESA that may occur as a result of Project implementation.

This is to advise that CDFW, acting as a responsible agency, executed the above-described amendment on the date signed below and made the following determinations regarding the above-described project:

1. The project will not have a significant effect on the environment.
2. An environmental impact report was prepared by the lead agency for the original project.
3. Additional mitigation measures were not made as a condition of CDFW's approval of the project.
4. A mitigation reporting or monitoring plan was adopted by CDFW for this project.
5. A Statement of Overriding Considerations was not adopted by CDFW for this project.

Notice of Determination

2

6. Findings were made by CDFW pursuant to Public Resources Code § 21081(a).

7. Compliance with the environmental filing fee requirement at Fish and Game Code § 711.4:

A copy of a receipt showing prior payment was submitted to CDFW.

The environmental impact report prepared by the lead agency for the Project is available to the general public at the office location listed above for the lead agency. CDFW's administrative record of proceedings related to the Incidental Take Permit is available to the public for review at CDFW's regional office.
