## Notice of Determination

To: **Yolo County Clerk**                      **Office of Planning and Research**  
**625 Court Street, B01**                      **1400 Tenth St., Rm 113**  
**Woodland, CA 95695**                      **Sacramento, CA 95814**

Subject: **Filing of Notice of Determination in compliance with Section 21152 of the Public Resources Code and Section 15094 of the California Environmental Quality Act (CEQA) Guidelines**

Project Title: **Landfill Gas Beneficial Use Project, Yolo County Central Landfill**

State Clearinghouse Number: **2020080465**

Applicant/Owner: **Yolo County Department of Community Services**  
**Division of Integrated Waste Management**  
**44090 County Road 28H**  
**Woodland, CA 95776**  
**Lead Agency Contact: Stephanie Cormier, Assistant Director; (530) 666-8041**

Project Location: **44090 County Road 28H, Woodland, CA 95776 (APN: 042-140-006)**

Project Description: The Project is subject to an Addendum Environmental Impact Report #3 (Addendum EIR) based on the previously certified 2021 Yolo County Central Landfill Permit Revisions EIR (SCH #2020080465), certified on November 9, 2021. The Addendum EIR was adopted by the Yolo County Board of Supervisors on May 26, 2026, to authorize clarification and amplify information pertaining to expanded biogas uses contained in the Certified EIR. This clarification is found to be consistent with the Project elements analyzed in the 2021 EIR regarding the use of new equipment and operations for the use of landfill gas (LFG) and biogas to produce renewable natural gas (RNG) to continue producing electricity. It has been determined that there are no new significant environmental effects and no substantial increase in the severity of previously identified significant environmental effects associated with the LFG and biogas beneficial use project.

Notice: This is to advise that on May 26, 2026, the Yolo County Board of Supervisors adopted Addendum #3 to the 2021 Yolo County Central Landfill Permit Revisions EIR. Pursuant to Section 21152 of the PRC and Section 15094 of the CEQA Guidelines, the following determinations have been made:

1. The project will not cause a new significant effect on the environment or substantially increase the severity of a previously identified significant environmental effect.
2. An Addendum Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA and adopted by the County.
3. No new mitigation measures, other than those required by the 2021 Certified EIR, were required for the approval of the project.
4. A statement of Overriding Considerations was not adopted for this project.

This is to certify that the Addendum Environmental Impact Report, and the record of project approval, are available to the general public at the Yolo County Department of Community Services, 292 West Beamer Street, Woodland, CA 95695, (530) 666-8041, [stephanie.cormier@yolocounty.org](mailto:stephanie.cormier@yolocounty.org).
