Attachment – Project Description

The Metro C Line Extension to Torrance (the project) would extend light rail transit service approximately 4.5 miles from the existing Redondo Beach (Marine) Station southeast to the Mary K. Giordano Regional Transit Center in Torrance along portions of the Metro-owned Right of Way (ROW), Interstate 405, and Hawthorne Blvd (State Route 107). The project would include two new stations, located in Redondo Beach (South Bay Galleria Station) and Torrance (Torrance Transit Center Station). The project alignment would be fully grade-separated from all roadways. Based on new operating patterns implemented by Metro in 2025, the project would operate as the southern part of the Metro K Line with direct access to Los Angeles International Airport and connections to the Metro C and E Lines.

The Draft Environmental Impact Report (EIR) for the project was released to the public on January 26, 2023 for a 61-day public comment period, ending on March 27, 2023. The Final EIR was released on September 11, 2025 and was certified by the Metro Board of Directors on January 22, 2026.
