Environmental Interest/Information System:
The Resource Conservation and Recovery Act Information System (RCRAInfo) is EPA's comprehensive information system in support of the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. It tracks many types of information about generators, transporters, treaters, storers, and disposers of hazardous waste.

Click this hyperlink while viewing on your computer to access additional FINDS: detail in the EDR Site Report.

Violation Date:	04-11-2023
Citation:	22 CCR 15 66265.52 - California Code of Regulations, Title 22, Chapter 15, Section(s) 66265.52
Violation Description:	Failure to include all of the following in the Contingency Plan: description of actions personnel will take in response to a release or emergency, arrangements with local authorities, list of emergency coordinators including name, addresses & phone numbers, list of emergency equipment and their physical description, location and capabilities, evacuation plan, and OES phone number. (If the owner or operator has already prepared a Spill Prevention, Control, and Countermeasures (SPCC) Plan or some other emergency or contingency plan, the owner or operator need only amend that plan to incorporate hazardous waste management provisions.)
Violation Notes:	OBSERVATION: The Emergency Response Plan and procedures submitted in the California Environmental Reporting System did not include completion of section C12, section G. Communication and Alarms Systems #30 and the information listed section G3 for Safety and First Aid, Fire Fighting and Spill Control and Clean-Up is not accurate. CORRECTIVE ACTION: Revise the Emergency Response Plan and procedures to include all required content and submit electronically in the California Environmental Reporting System. NOTE: Please notify Brion McGinness at mcginnessb@saccounty.gove following correction of this violation.

Citation: 23 CCR 16 2712(b)(1)(G) - California Code of Regulations, Title 23, Chapter 16, Section(s) 2712(b)(1)(G)
Violation Description: Failure to comply with one or more of the following overfill prevention equipment requirements: Alert the transfer operator when the tank is 90 percent full by restricting the flow into the tank or triggering an audible and visual alarm; or Restrict delivery of flow to the tank at least 30 minutes before the tank overfills, provided the restriction occurs when the tank is filled to no more than 95 percent of capacity; and activate an audible alarm at least five minutes before the tank overfills; or Provide positive shut-off of flow to the tank when the tank is filled to no more than 95 percent of capacity; or Provide positive shut-off of flow to the tank so that none of the fittings located on the top of the tank are exposed to product due to overfilling. Install/retrofit overfill prevention equipment that does not use flow restrictors on vent piping to meet overfill prevention equipment requirements when the overfill prevention equipment is installed, repaired, or replaced on and after October 1, 2018. For USTs installed before October 1, 2018, perform an inspection by October 13, 2018 and every 36 months thereafter. For USTs installed on and after October 1, 2018, perform an inspection at installation and every 36 months thereafter. Inspected within 30 days after a repair to the overfill prevention equipment. Inspected using an applicable manufacturer guidelines, industry codes, engineering standards, or a method approved by a professional engineer. Inspected by a certified UST service technician. Maintain records of overfill prevention equipment inspection for 36 months.
Violation Notes: Returned to compliance on 03/08/2019. OBSERVATION: Owner/Operator did not have the overfill protection equipment inspected by a qualified technician by October 13, 2018. The drop tube with mechanical flapper was inspected and passed today. Ensure that the overfill protection equipment is inspected every 36 months thereafter. CORRECTIVE ACTION: No further action is required at this time. Corrected on site.

Violation Description:	Failure to obtain a permit or grant of interim status after generator has accumulated hazardous waste on-site for longer than 90 days.
Violation Notes:	Returned to compliance on 08/31/2020. OBSERVATION: A pallet with 9 X 5 gallon buckets and 4 X 15 gallon drums of hazardous waste located in bay S2 did not include labels and a manifest/receipt demonstrating disposal within the past 90 days was not available. CORRECTIVE ACTION: Dispose of described hazardous waste and submit a copy of the manifest/receipt to this department. NOTE: According to the operator the facility was in the process of conducting house cleaning activities. The pallet of described waste was accumulated as a result of the house cleaning.

Violation Description: Failure of the spill bucket to have a minimum capacity of five gallons.
Violation Notes: Returned to compliance on 04/29/2014. OBSERVATION: The 87 direct-bury spill container failed when tested. All spill containers shall have a minimum capacity of five gallons and be capable of containing a spill or overfill until it is detected or cleaned up. CORRECTIVE ACTION: The 87 spill bucket drain was cleaned and put back in place at time of inspection. The spill bucket was retested and passed at time of inspection. Submit passing test results to this office Attn: J Pollack.

Environmental Interest/Information System:
The Resource Conservation and Recovery Act Information System (RCRAInfo) is EPA's comprehensive information system in support of the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. It tracks many types of information about generators, transporters, treaters, storers, and disposers of hazardous waste.

Address: 322 N 12TH ST
City,State,Zip: SACRAMENTO, CA 95811
Site ID: 21087
CERS ID: 10217470
CERS Description: Chemical Storage Facilities

Violations:
Site ID: 21087
Site Name: COMMERCE PRINTING SERVICES
Violation Date: 07-19-2016
Citation: HSC 6.5 25201.5(i) - California Health and Safety Code, Chapter 6.5, Section(s) 25201.5(i)
Violation Description: Failure to submit to the CUPA an amended notification within 30 days of any change in operation which necessitates modifying any of the information submitted in the notification.
Violation Notes: Returned to compliance on 08/03/2016. Observation: The current facility Tiered Permitting Notification - 'On Site Hazardous Waste Treatment Notification - Unit Page' states that the waste alkaline developer on site is treated (neutralized) using NS-5 Citric Acid solution. During the facility inspection it was determined that the NS-5 neutralizer is Sulfuric Acid based, not Citric Acid. Correction: Complete an updated facility Tiered Permitting Notification that correctly identifies the hazardous waste treatment activities on site. Submit this updated Tiered Permitting Notification through the on-line CERS database. Notify Specialist Ryan Artz when this has been corrected.

Citation: HSC 6.95 25508(a)(1) - California Health and Safety Code, Chapter 6.95, Section(s) 25508(a)(1)
Violation Description: Failure to establish and electronically submit an adequate emergency response plan and procedures for a release or threatened release of a hazardous material.
Violation Notes: Returned to compliance on 08/03/2016. Observation: Per the CERS HMP review, please correct the following deficiencies in regards to the Emergency Response / Contingency Plan. On the Emergency Response Plan, make the following corrections: 1. Add the CUPA phone number 916-875-8550 under section C. Emergency Communications. 2. Under section H. Earthquake Vulnerability, update the location field of Hazardous Materials / Waste Storage Area from "NE Corner Storage Room" to include the locations of where all the hazardous materials and wastes are kept.

	1, Section(s) 265.173
Violation Description:	Failure to properly close hazardous waste containers when not in active use.
Violation Notes:	Returned to compliance on 05/19/2014. OBSERVATION: Observed one 5 gallon bucket of alcohol replacement stored next to the printing line and one 55 gallon drum of Shell S3 BA 100 oil next to the binding area that were open. CORRECTIVE ACTION: Submit photos to this department demonstrating that the containers listed above have been properly closed. Faciltiy closed containers during time of inspection. Violation corrected on site.

Citation:	22 CCR 12 66262.34(e) - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.34(e)
Violation Description:	Failure to meet the following conditions of satellite accumulation regulations: Accumulate up to 55 gallons of hazardous waste or one

COMMERCE PRINTING SERVICES (Continued) **S113016986**

quart of acute hazardous waste at or near the initial point of accumulation which was under the control of the operator. Total time hazardous waste can be accumulated onsite in any generator accumulation area is one year, i.e., the combined accmulation time at a satellite accumulation point and at a 90/180/270 accumulation area (depending on size of generator and distance transported), whichever comes first. The generator complies with section 66265.171, 66265.172, and 66265.173(a). The container must be clearly marked with the initial date that hazardous waste is first placed in the container and labelled with the words Hazardous Waste including specified information Container must be labelled with the date the satellite accumulation limit is reached and moved within three days after reaching the 55 gallon (or one quart) limit to a 90 day accumulation area 55 gallons (or one quart of acute hazardous waste) of waste per process may be accumulated

Violation Notes: Returned to compliance on 08/03/2023. Observation: A 30 gallon hazardous waste accumulation container of 'Non-RCRA hazardous waste solid' drained used filters was observed to have an accumulation start date noted as 3/15/2022. Satellite hazardous waste accumulation allows for the accumulation of hazardous waste, with certain restrictions, for up to 1 year from the accumulation start date. Correction: Dispose of the above noted hazardous waste accumulation container of spent filters through a licensed hazardous waste hauler and submit a copy of the disposal documentation to EMD Specialist Ryan Artz.

Address: 2809 B ST
City,State,Zip: SACRAMENTO, CA 95816
Site ID: 102518
CERS ID: 10001635
CERS Description: Chemical Storage Facilities

Violations:
Site ID: 102518
Site Name: Caltrans-South Bridge Crew
Violation Date: 10-16-2015
Citation: 22 CCR 12 66262.12 - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.12
Violation Description: Failure to obtain and/or maintain an Active EPA ID.
Violation Notes: Returned to compliance on 12/16/2015. OBSERVATION: The generator has not obtained an active EPA ID number to manage hazardous waste. A hazardous waste generator shall not treat, store, dispose of, transport or offer for transportation, hazardous waste without an active EPA ID number. CORRECTIVE ACTION: Submit an application to the California Department of Toxic Substances Control to obtain an EPA ID number. Submit a copy of the completed application to this department.
Violation Division: Sacramento County Env Management Department
Violation Program: HW
Violation Source: CERS,

Site ID: 102518
Site Name: Caltrans-South Bridge Crew
Violation Date: 10-16-2015
Citation: 22 CCR 16 66266.130 - California Code of Regulations, Title 22, Chapter 16, Section(s) 66266.130
Violation Description: Failure to properly handle, manage, label, and recycle used oil and fuel filters.
Violation Notes: Returned to compliance on 10/16/2015. OBSERVATION: One 5gal container of used oil and fuel filters located in the hazardous waste container was observed open and without a label. CORRECTIVE ACTION: Submit photos to this department demonstrating that the used oil and fuel filters are being properly managed or submit a bill of lading to this department demonstrating proper disposal. Corrected at time of inspection.
Violation Division: Sacramento County Env Management Department

Site Name: Caltrans-South Bridge Crew
Violation Date: 08-02-2018
Citation: HSC 6.95 25508(a)(1) - California Health and Safety Code, Chapter 6.95, Section(s) 25508(a)(1)
Violation Description: Failure to complete and electronically submit hazardous material inventory information for all reportable hazardous materials on site at or above reportable quantities.
Violation Notes: Returned to compliance on 08/22/2018. OBSERVATION: Chemical inventory

CALTRANS-SOUTH BRIDGE CREW (Continued) **S117338553**

information for all reportable hazardous materials on site at or above reportable quantities have not been completed and electronically submitted to this department. CORRECTIVE ACTION: Complete the chemical inventory information for Diesel Exhaust Fluid (DEF) and 15W-40 Motor oil and submit electronically in the California Environmental Reporting System.

Violation Division: Sacramento County Env Management Department
Violation Program: HMRRP
Violation Source: CERS,

Site ID: 102518
Site Name: Caltrans-South Bridge Crew
Violation Date: 10-16-2015
Citation: HSC 6.5 Multiple Sections - California Health and Safety Code, Chapter 6.5, Section(s) Multiple Sections
Violation Description: Haz Waste Generator Program - Operations/Maintenance - General
Violation Notes: Returned to compliance on 10/16/2015. OBSERVATION: 55gal drum of used sand blasting material and paint chips located in the shop was observed without a label. CORRECTIVE ACTION: Submit a photo to this department demonstrating that the container listed above has been properly labeled. REPEAT VIOLATION Corrected at time of inspection.
Violation Division: Sacramento County Env Management Department
Violation Program: HMRRP
Violation Source: CERS,

Site ID: 102518
Site Name: Caltrans-South Bridge Crew
Violation Date: 10-16-2015
Citation: 22 CCR 12 66262.34(b)(1) - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.34(b)(1)
Violation Description: Failure to dispose of hazardous waste after the first 100-kilogram threshold amount was accumulated within a 90 day period.
Violation Notes: Returned to compliance on 12/16/2015. OBSERVATION: 55gal drum of waste oil located in the hazardous waste container and 6 55gal drums of waste paint, sand blasting material, bird poop, used absorbent have not been picked up within the required time frame. Facility has not had a waste pick up since 4/26/2013, and a manifest/receipt demonstrating disposal within the 180 days was not available. CORRECTIVE ACTION: Dispose of HAZARDOUS WASTE listed above and submit a copy of the manifest/receipt to this department.
Violation Division: Sacramento County Env Management Department
Violation Program: HW
Violation Source: CERS,

Site ID: 102518
Site Name: Caltrans-South Bridge Crew
Violation Date: 08-02-2018
Citation: HSC 6.95 25505(a)(4) - California Health and Safety Code, Chapter 6.95, Section(s) 25505(a)(4)
Violation Description: Failure to provide initial and annual training to all employees in safety procedures in the event of a release or threatened release of a hazardous material or failure to document and maintain training records for a minimum of three years.
Violation Notes: Returned to compliance on 08/22/2018. OBSERVATION: Annual employee training in safety procedures in the event of a release or threatened release of a hazardous material including familiarity with the emergency response plan has not been provided since April 2017.

CALTRANS-SOUTH BRIDGE CREW (Continued) **S117338553**

CORRECTIVE ACTION: Establish and electronically submit an employee training program containing provisions to ensure initial and annual training for all applicable employees in safety procedures in the event of a release or threatened release of a hazardous material and release reporting procedures. Submit documentation to the unified program agency demonstrating appropriate personnel have received training and maintain ongoing annual training records for a minimum of three years.

Violation Division: Sacramento County Env Management Department
Violation Program: HMRRP

Violation Date: 06-25-2024
Citation: HSC 6.95 25505(a)(4) - California Health and Safety Code, Chapter 6.95, Section(s) 25505(a)(4)
Violation Description: Failure to provide initial and annual training to all employees in safety procedures in the event of a release or threatened release of a hazardous material or failure to document and maintain training records for a minimum of three years.
Violation Notes: OBSERVATION: The business did not provide one or more of the following: initial employee training, adequate employee training, annual employee training and/or maintenance of records of employee training. At the time of inspection, annual employee training documentation was not provided. CORRECTIVE ACTION: Provide all employees with required training that includes: safe handling hazardous materials, emergency response procedures, and proper use of response equipment. Maintain records of training available for 3 years. Submit documentation of correction to this department.

Site Name: HANSEN MACHINE WORKS
Violation Date: 08-03-2016
Citation: 22 CCR 12 66262.40(a) - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.40(a)
Violation Description: Failure to keep a copy of each properly signed manifest for at least three years from the date the waste was accepted by the initial transporter. The manifest signed at the time the waste was accepted for transport shall be kept until receiving a signed copy from the designated facility which received the waste.
Violation Notes: Returned to compliance on 08/04/2016. OBSERVATION: Disposal receipts for used oil taken to AutoZone were not available at time of inspection. CORRECTIVE ACTION: Provide copies of used oil disposal receipts to this department.
Violation Division: Sacramento County Env Management Department
Violation Program: HW
Violation Source: CERS,

Evaluation:
Eval General Type: Compliance Evaluation Inspection
Eval Date: 04-05-2023
Violations Found: Yes
Eval Type: Routine done by local agency
Eval Notes: The inspection report was emailed on 04/06/23 to Scott McMillen at hansenmachine@att.net. Ensure that the facility site map is updated with all compressed gas cylinder locations.

CERS HAZ WASTE:
Name: STATE MILITARY LOGISTICS FACILITY (CA ARNG)
Address: 2814 B ST
City,State,Zip: SACRAMENTO, CA 95816
Site ID: 402858
CERS ID: 10218160
CERS Description: Hazardous Waste Generator

Violations:
Site ID: 402858
Site Name: STATE MILITARY LOGISTICS FACILITY (CA ARNG)
Violation Date: 12-13-2016
Citation: HSC 6.5 25123.3(h)(1)(c) - California Health and Safety Code, Chapter 6.5, Section(s) 25123.3(h)(1)(c)
Violation Description: Failure to send hazardous waste offsite for treatment, storage, or disposal of acute/extremely hazardous waste after the first 1-kilogram threshold amount was accumulated within a 90 day period.
Violation Notes: Returned to compliance on 03/01/2017. OBSERVATION: 5 containers of waste were observed without hazardous waste labels, but with dates indicating 2014 and 2004 accumulation dates, and no manifests were available since 2011. CORRECTIVE ACTION: Submit a manifest to this department demonstrating proper disposal and management of hazardous wastes.
Violation Division: Sacramento County Env Management Department
Violation Program: HW
Violation Source: CERS,

Site ID: 402858
Site Name: STATE MILITARY LOGISTICS FACILITY (CA ARNG)
Violation Date: 12-13-2016
Citation: 22 CCR 23 66273.34 - California Code of Regulations, Title 22, Chapter 23, Section(s) 66273.34
Violation Description: Failure to label or mark each individual or container or the designated area of universal waste as required. 1) Waste batteries shall be marked with "Universal Waste-Battery(ies) . 2) Mercury containing equipment shall be marked with "Universal Waste -Mercury-Containing Equipment . 3) Lamps shall be marked with Universal Waste-Lamp(s) . 4)Each electronic devices or the container or the designated area shall be marked with Universal Waste-Electronic Device(s) . 5) Each CRTs or the container or the designated area shall be marked with "Universal Waste-CRT(s) . 6) CRT glass or the designated area shall be marked with Universal Waste-CRT glass .

STATE MILITARY DEPOT (Continued) **1000397424**

Violation Notes:	Returned to compliance on 03/01/2017. OBSERVATION: Universal waste handler failed to label or mark universal waste containers or areas with the words Universal Waste and the type of waste (batteries, mercury containing equipment, lamps/bulbs, electronic devices, CRTs, aerosol cans). CORRECTIVE ACTION: Label universal wastes with the required information. Submit documentation to this Department demonstrating that the universal waste is properly labeled.
Violation Division:	Sacramento County Env Management Department
Violation Program:	HW
Violation Source:	CERS,
Site ID:	402858
Site Name:	STATE MILITARY LOGISTICS FACILITY (CA ARNG)
Violation Date:	07-03-2013
Citation:	19 CCR 4 2729.5 - California Code of Regulations, Title 19, Chapter 4, Section(s) 2729.5
Violation Description:	Failure to submit inventory reports (Activities, Owner/Operator, Hazardous Materials Descriptions and Map pages, if required. Documentation must be resubmitted (for facilities which exceed EPCRA thresholds) or re-certified (for facilities which do not exceed EPCRA thresholds) by March 1.
Violation Notes:	Returned to compliance on 07/09/2013. Incorrect business Activities checked and Emergency Contact information on Owner operator form. Update and resubmit HMP.
Violation Division:	Sacramento County Env Management Department
Violation Program:	HMRRP
Violation Source:	CERS,
Site ID:	402858
Site Name:	STATE MILITARY LOGISTICS FACILITY (CA ARNG)
Violation Date:	12-13-2016
Citation:	22 CCR 12 66262.34(f) - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.34(f)
Violation Description:	Failure to properly label hazardous waste accumulation containers and portable tanks with the following requirements: "Hazardous Waste", name and address of the generator, physical and chemical characteristics of the Hazardous Waste, and starting accumulation date.
Violation Notes:	Returned to compliance on 03/01/2017. OBSERVATION: In the hazardous waste containment storage unit there were 5 containers observed without proper hazardous waste labels. CORRECTIVE ACTION: Properly label all hazardous waste containers that accumulate waste and submit photos to this department.
Violation Division:	Sacramento County Env Management Department
Violation Program:	HW
Violation Source:	CERS,
Site ID:	402858
Site Name:	STATE MILITARY LOGISTICS FACILITY (CA ARNG)
Violation Date:	07-03-2013
Citation:	HSC 6.95 25504(c) - California Health and Safety Code, Chapter 6.95, Section(s) 25504(c)
Violation Description:	Failure to include provisions in the business plan to ensure that appropriate personnel receive initial and annual training.
Violation Notes:	Returned to compliance on 07/23/2013. Initial training complete - no annual refresher training for materials handling and spill response in place currently.

Environmental Interest/Information System:
The Resource Conservation and Recovery Act Information System (RCRAInfo) is EPA's comprehensive information system in support of the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. It tracks many types of information about generators, transporters, treaters, storers, and disposers of hazardous waste.
California's Hazardous Waste Tracking System Data Mart (HWTS-DATAMART) provides information on hazardous waste shipments for generators,

STATE MILITARY DEPOT (Continued) **1000397424**

transporters, and treatment, storage, and disposal facilities.

Violations:

Site ID:	294
Site Name:	Caliber Collision Center- Sacramento - N 12th St 1290
Violation Date:	07-11-2014
Citation:	22 CCR 12 66262.34(f) - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.34(f)
Violation Description:	Failure to properly label hazardous waste accumulation containers with the following requirements: "Hazardous Waste", name and address of the generator, physical and chemical characteristics of the Hazardous Waste, and starting accumulation date.
Violation Notes:	Returned to compliance on 07/11/2014. OBSERVATION: Observed one 30 gallon metal trash can containing bondo dust located in the paint shop without a hazardous waste label. CORRECTIVE ACTION: Submit a photo to this department demonstrating that the container listed above has been properly labeled. A label with the appropraite information was placed on the can during the time of inspection. Violation corrected on site.

Citation:	22 CCR 12 66262.40(a) - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.40(a)
Violation Description:	Failure to keep a copy of each properly signed manifest for at least three years from the date the waste was accepted by the initial transporter. The manifest signed at the time the waste was accepted for transport shall be kept until receiving a signed copy from the designated facility which received the waste.
Violation Notes:	Returned to compliance on 07/24/2017. OBSERVATION: Uniform Hazardous

CALIBER COLLISION CENTER- SACRAMENTO - N 12TH ST 1290 (Continued) **S105270713**

Waste Manifests for sanding dust, waste paint and waste solvents were not available at the time of inspection. CORRECTIVE ACTION: Locate a copy of all Uniform Hazardous Waste Manifests for sanding dust, waste paint, and wast solvent for the last three years and submit copies to this department.

Violation Division: Sacramento County Env Management Department

Violation Source: CERS,

Site ID: 294
Site Name: Caliber Collision Center- Sacramento - N 12th St 1290
Violation Date: 07-17-2023
Citation: 22 CCR 12 66262.34(f) - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.34(f)
Violation Description: Failure to properly label hazardous waste accumulation containers and portable tanks with the following requirements: "Hazardous Waste", name and address of the generator, physical and chemical characteristics of the Hazardous Waste, and starting accumulation date.
Violation Notes: Returned to compliance on 09/06/2023. Observation: Approximately 25 spray cups, partially full with waste paint products, were observed unlabeled on the work bench in the paint booth area. All hazardous waste accumulation containers are required to be labeled with hazardous waste accumulation labeling information. Correction: Consolidate the hazardous waste paint products noted above into a properly labeled hazardous waste accumulation container and submit photo documentation showing violation correction to EMD Specialist Ryan Artz.

Site ID: 294
Site Name: Caliber Collision Center- Sacramento - N 12th St 1290
Violation Date: 07-14-2017
Citation: 22 CCR 12 66262.11 - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.11
Violation Description: Failure to determine if wastes generated are hazardous waste by using generator knowledge or applying testing method.
Violation Notes: OBSERVATION: The sanding dust located in the body shop on the office side of facility was observed being disposed of in the trash and trash dumpster and a proper waste determination has not been made. CORRECTIVE ACTION: Immediately cease disposing of sanding dust in the trash on the body shop located on the office side of facility. Submit documentation to this department demonstrating that the sanding dust has been properly characterized to determine if it is a hazardous waste. If determined to be hazardous submit a manifest/receipt documenting proper disposal and a statement demonstrating how you will manage it in the future. Keep the test results, waste analyses, or other determinations at least three years from the date that the waste was last sent to on-site or off-site treatment, storage, or disposal.

PACIFIC FLOORING SUPPLY (Continued) **S102317841**

CERS:
Name: PACIFIC FLOORING SUPPLY
Address: 1527 N C ST
City,State,Zip: SACRAMENTO, CA 95811
Site ID: 54721
CERS ID: 10218352
CERS Description: Chemical Storage Facilities

Violations:
Site ID: 54721
Site Name: PACIFIC FLOORING SUPPLY
Violation Date: 03-15-2021
Citation: HSC 6.95 25505(a)(4) - California Health and Safety Code, Chapter 6.95, Section(s) 25505(a)(4)
Violation Description: Failure to provide initial and annual training to all employees in safety procedures in the event of a release or threatened release of a hazardous material or failure to document and maintain training records for a minimum of three years.
Violation Notes: Returned to compliance on 05/04/2022. Observation: The facility owner/operator has not maintained annual hazard communication (Haz Comm) employee training. Annual Haz Comm training is required to be performed and documented. Correction: Provide applicable facility staff with documented Haz Comm training and submit training outline and roster sign off sheet to Specialist Ryan Artz.
Violation Division: Sacramento County Env Management Department
Violation Program: HMRRP
Violation Source: CERS,

Site ID: 54721
Site Name: PACIFIC FLOORING SUPPLY
Violation Date: 06-10-2024
Citation: HSC 6.95 25505(c) - California Health and Safety Code, Chapter 6.95, Section(s) 25505(c)
Violation Description: Failure to have a business plan readily available to personnel of the business or the unified program facility with responsibilities for emergency response or training.
Violation Notes: OBSERVATION: The business has not made the Hazardous Materials Business Plan readily available to personnel of the business or the unified program facility with responsibilities for emergency response or training. CORRECTIVE ACTION: Provide a readily available Hazardous Materials Business Plan to personnel of the business or the unified program facility with responsibilities for emergency response or training. Submit documentation that appropriate personnel have the business plan readily available.
Violation Division: Sacramento County Env Management Department
Violation Program: HMRRP
Violation Source: CERS,

Site ID: 54721
Site Name: PACIFIC FLOORING SUPPLY
Violation Date: 06-10-2024
Citation: HSC 6.95 25505(a)(4) - California Health and Safety Code, Chapter 6.95, Section(s) 25505(a)(4)
Violation Description: Failure to provide initial and annual training to all employees in safety procedures in the event of a release or threatened release of a hazardous material or failure to document and maintain training records for a minimum of three years.

PACIFIC FLOORING SUPPLY (Continued) **S102317841**

Violation Notes: Undetermined Inspection Element: Employee Hazard Communication hazardous materials training was not available for review at the time of facility inspection. Submit copy of current staff Hazard Communication hazardous material training outline and roster sheet to EMD Specialist Ryan Artz.

Environmental Interest/Information System:
All generators and treatment, storage, and disposal (TSD) facilities who handle hazardous waste are required to report to the EPA Administrator at least once every two years. The data collected is used to create the National Biennial Resource Conservation and Recovery Act (RCRA) Hazardous Waste Report. This data is processed within the RCRA Information (RCRAInfo) database
THE EMISSION INVENTORY SYSTEM (EIS) MAINTAINS AN INVENTORY OF LARGE STATIONARY SOURCES AND VOLUNTARILY-REPORTED SMALLER SOURCES OF AIR POINT POLLUTANT EMITTERS. IT CONTAINS INFORMATION ABOUT FACILITY SITES AND THEIR PHYSICAL LOCATION, EMISSIONS UNITS, EMISSIONS PROCESSES, RELEASE POINTS, CONTROL APPROACHES, AND REGULATIONS. FACILITY INVENTORY DATA ARE KEPT SEPARATE FROM THE EMISSIONS DATA AND HAVE STABLE IDENTIFIERS TO IMPROVE CONTINUITY FROM YEAR TO YEAR AND TO HELP

BLUE DIAMOND GROWERS (Continued) **1000252323**

IDENTIFY DUPLICATE OR MISSING FACILITIES
The Integrated Compliance Information System (ICIS) provides a database that, when complete, will contain integrated enforcement and compliance information across most of EPA's programs. The vision for ICIS is to replace EPA's independent databases that contain enforcement data with a single repository for that information. Currently, ICIS contains all Federal Administrative and Judicial enforcement actions and a subset of the Permit Compliance System (PCS), which supports the National Pollutant Discharge Elimination System (NPDES). This information is maintained in ICIS by EPA in the Regional offices and it at Headquarters. A future release of ICIS will completely replace PCS and will integrate that information with Federal actions already in the system. ICIS also has the capability to track other activities that support compliance and enforcement programs, including incident tracking, compliance assistance, and compliance monitoring.
The Toxic Release Inventory System (TRIS) is a publicly available EPA database reported annually by certain covered industry groups, as well as federal facilities. It contains information about more than 650 toxic chemicals that are being used, manufactured, treated, transported, or released into the environment, and includes information about waste management and pollution prevention activities.
The Resource Conservation and Recovery Act Information System (RCRAInfo) is EPA's comprehensive information system in support of the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. It tracks many types of information about generators, transporters, treaters, storers, and disposers of hazardous waste.
The California Environmental Protection Agency (CalEPA) has recently implemented a new data warehouse system (nSite). This data warehouse combines and merges facility and site information from five different systems managed within CalEPA. The five systems are: California Environmental Reporting System (CERS),EnviroStor, GeoTracker, California Integrated Water Quality System (CIWQS), andToxic Release Inventory (TRI).
The Department of Labor, Occupational Safety and Health Administration information system consists of inspection case detail for approximately 100,000 OSHA inspections conducted annually. The FRS dataset includes facilities that had inspections within the last 7 years within the mining, oil and gas, utilities, and manufacturing sectors.
California's Hazardous Waste Tracking System Data Mart (HWTS-DATAMART) provides information on hazardous waste shipments for generators, transporters, and treatment, storage, and disposal facilities.

Violations:
Site ID: 12727
Site Name: BLUE DIAMOND GROWERS
Violation Date: 02-19-2009
Citation: HSC 6.67 Multiple Sections - California Health and Safety Code, Chapter 6.67, Section(s) Multiple Sections
Violation Description: RCRA Large Quantity Generator Program - Administration/Documentation - General
Violation Notes: Returned to compliance on 04/30/2010.
Violation Division: Sacramento County Env Management Department
Violation Program: HWLQG
Violation Source: CERS,

Site ID: 12727
Site Name: BLUE DIAMOND GROWERS
Violation Date: 06-22-2022
Citation: 22 CCR 15 66265.173 - California Code of Regulations, Title 22, Chapter 15, Section(s) 66265.173
Violation Description: Failure to meet the following container management requirements: (a) A container holding hazardous waste must always be closed during storage, except when it is necessary to add or remove waste. (b) A container holding hazardous waste must not be opened, handled, or stored in a manner which may rupture the container or cause it to leak.
Violation Notes: Returned to compliance on 06/22/2022. Observation: A 5 gallon hazardous waste accumulation container of spent solvents was observed in the QA lab fume hood was left open. All hazardous waste accumulation containers are required to be kept closed unless adding/removing materials. Correction: This violation was corrected on-site at the time of facility inspection. Closed.
Violation Division: Sacramento County Env Management Department
Violation Program: HW
Violation Source: CERS,

Site ID: 12727
Site Name: BLUE DIAMOND GROWERS
Violation Date: 06-22-2022
Citation: 22 CCR 12 66262.34(f) - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.34(f)
Violation Description: Failure to properly label hazardous waste accumulation containers and portable tanks with the following requirements: "Hazardous Waste", name and address of the generator, physical and chemical characteristics of the Hazardous Waste, and starting accumulation date.
Violation Notes: Returned to compliance on 07/14/2022. Observation: A 1 gallon hazardous waste accumulation container of 'Sprint Waste-Acid,' observed in the QA lab, was missing hazardous waste labeling. Correction: Properly label the above noted hazardous waste accumulation container and submit photo documentation showing

violation correction to EMD Specialist Ryan Artz.
Violation Division: Sacramento County Env Management Department
Violation Program: HW
Violation Source: CERS,

Site ID: 12727
Site Name: BLUE DIAMOND GROWERS
Violation Date: 09-01-2015
Citation: 40 CFR 1 265.31 - U.S. Code of Federal Regulations, Title 40, Chapter 1, Section(s) 265.31
Violation Description: Failure to maintain and operate the facility to minimize the possibility of a fire, explosion, or any unplanned sudden or non-sudden release of hazardous waste or hazardous waste constituents to the air, soil, or surface water which could threaten human health or the environment..
Violation Notes: Returned to compliance on 09/14/2015. OBSERVATION: Two open containers of waste oil were observed inside the shop just outside of patio area. CORRECTIVE ACTION: Submit photos/documentation to this department demonstrating the open containers have been properly removed and managed.
Violation Division: Sacramento County Env Management Department
Violation Program: HMRRP
Violation Source: CERS,

Site ID: 12727
Site Name: BLUE DIAMOND GROWERS
Violation Date: 10-24-2018
Citation: 22 CCR 12 66262.11 - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.11
Violation Description: Failure to determine if wastes generated are hazardous waste by using generator knowledge or applying testing method.
Violation Notes: Returned to compliance on 11/05/2018. OBSERVATION: Used oily absorbent was observed disposed of in a 32gal drum labeled "wire only" and a proper waste determination has not been made. CORRECTIVE ACTION: Immediately cease disposing of used oily absorbent into a non-hazardous waste container. Submit documentation to this department demonstrating that the used oily solids have been properly characterized to determine if it is a hazardous waste. If determined to be hazardous submit a manifest/receipt documenting proper disposal and a statement demonstrating how you will manage it in the future. Keep the test results, waste analyses, or other determinations at least three years from the date that the waste was last sent to on-site or off-site treatment, storage, or disposal.
Violation Division: Sacramento County Env Management Department

Violation Source: CERS,

Site ID: 12727
Site Name: BLUE DIAMOND GROWERS
Violation Date: 09-01-2015
Citation: 22 CCR 12 66262.40(c) - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.40(c)
Violation Description: Failure to determine if the waste generated is a hazardous waste and to maintain analysis results for three years.
Violation Notes: Returned to compliance on 09/14/2015. OBSERVATION: Finely divided metal generated from maintenance and repair at the facility are being recycled as scrap metal and also disposed of in the trash. Finely

BLUE DIAMOND GROWERS (Continued) **S112999025**

divided metal less than 100 microns in size do not meet the definition of scrap metal. CORRECTIVE ACTION: Immediately stop recycling and disposing of in the trash finely divided metal. Submit documentation to this department demonstrating that the finely divided metal has been properly characterized to determine if it is a hazardous waste. If determined to be hazardous submit manifests/receipts documenting proper disposal and a statement demonstrating how you will manage it in the future. Keep the test results, waste analyses, or other determinations at least three years from the date that the waste was last sent to on-site or off-site treatment, storage, or disposal.

Site Name: BLUE DIAMOND GROWERS
Violation Date: 02-19-2009
Citation: HSC 6.67 Multiple Sections - California Health and Safety Code, Chapter 6.67, Section(s) Multiple Sections
Violation Description: RCRA Large Quantity Generator Program - Administration/Documentation - General
Violation Notes: Returned to compliance on 04/30/2010.
Violation Division: Sacramento County Env Management Department
Violation Program: HWLQG
Violation Source: CERS,

Site ID: 12727
Site Name: BLUE DIAMOND GROWERS
Violation Date: 06-22-2022
Citation: 22 CCR 15 66265.173 - California Code of Regulations, Title 22, Chapter 15, Section(s) 66265.173
Violation Description: Failure to meet the following container management requirements: (a) A container holding hazardous waste must always be closed during storage, except when it is necessary to add or remove waste. (b) A container holding hazardous waste must not be opened, handled, or stored in a manner which may rupture the container or cause it to leak.
Violation Notes: Returned to compliance on 06/22/2022. Observation: A 5 gallon hazardous waste accumulation container of spent solvents was observed in the QA lab fume hood was left open. All hazardous waste accumulation containers are required to be kept closed unless adding/removing materials. Correction: This violation was corrected on-site at the time of facility inspection. Closed.

	Chapter 12, Section(s) 66262.34(f)
Violation Description:	Failure to properly label hazardous waste accumulation containers and portable tanks with the following requirements: "Hazardous Waste", name and address of the generator, physical and chemical characteristics of the Hazardous Waste, and starting accumulation date.
Violation Notes:	Returned to compliance on 07/14/2022. Observation: A 1 gallon hazardous waste accumulation container of 'Sprint Waste-Acid,' observed in the QA lab, was missing hazardous waste labeling. Correction: Properly label the above noted hazardous waste accumulation container and submit photo documentation showing violation correction to EMD Specialist Ryan Artz.
Violation Division:	Sacramento County Env Management Department
Violation Program:	HW
Violation Source:	CERS,
Site ID:	12727
Site Name:	BLUE DIAMOND GROWERS
Violation Date:	09-01-2015
Citation:	40 CFR 1 265.31 - U.S. Code of Federal Regulations, Title 40, Chapter 1, Section(s) 265.31
Violation Description:	Failure to maintain and operate the facility to minimize the possibility of a fire, explosion, or any unplanned sudden or non-sudden release of hazardous waste or hazardous waste constituents to the air, soil, or surface water which could threaten human health or the environment..
Violation Notes:	Returned to compliance on 09/14/2015. OBSERVATION: Two open containers of waste oil were observed inside the shop just outside of patio area. CORRECTIVE ACTION: Submit photos/documentation to this department demonstrating the open containers have been properly removed and managed.
Violation Division:	Sacramento County Env Management Department
Violation Program:	HMRRP
Violation Source:	CERS,
Site ID:	12727
Site Name:	BLUE DIAMOND GROWERS
Violation Date:	10-24-2018
Citation:	22 CCR 12 66262.11 - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.11
Violation Description:	Failure to determine if wastes generated are hazardous waste by using generator knowledge or applying testing method.
Violation Notes:	Returned to compliance on 11/05/2018. OBSERVATION: Used oily absorbent was observed disposed of in a 32gal drum labeled "wire only" and a proper waste determination has not been made. CORRECTIVE ACTION: Immediately cease disposing of used oily absorbent into a non-hazardous waste container. Submit documentation to this department demonstrating that the used oily solids have been properly characterized to determine if it is a hazardous waste. If determined to be hazardous submit a manifest/receipt documenting proper disposal and a statement demonstrating how you will manage it in the future. Keep the test results, waste analyses, or other determinations at least three years from the date that the waste was last sent to on-site or off-site treatment, storage, or disposal.

BLUE DIAMOND GROWERS (Continued) **S112999025**

Site ID: 12727
Site Name: BLUE DIAMOND GROWERS
Violation Date: 09-01-2015
Citation: 22 CCR 12 66262.40(c) - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.40(c)
Violation Description: Failure to determine if the waste generated is a hazardous waste and to maintain analysis results for three years.
Violation Notes: Returned to compliance on 09/14/2015. OBSERVATION: Finely divided metal generated from maintenance and repair at the facility are being recycled as scrap metal and also disposed of in the trash. Finely divided metal less than 100 microns in size do not meet the definition of scrap metal. CORRECTIVE ACTION: Immediately stop recycling and disposing of in the trash finely divided metal. Submit documentation to this department demonstrating that the finely divided metal has been properly characterized to determine if it is a hazardous waste. If determined to be hazardous submit manifests/receipts documenting proper disposal and a statement demonstrating how you will manage it in the future. Keep the test results, waste analyses, or other determinations at least three years from the date that the waste was last sent to on-site or off-site treatment, storage, or disposal. REPEAT VIOLATION

CERS Description:	Chemical Storage Facilities

Violations:

Site ID:	19269
Site Name:	CISCO AIR SYSTEMS, INC
Violation Date:	12-05-2014
Citation:	HSC 6.95 25505(a)(4) - California Health and Safety Code, Chapter 6.95, Section(s) 25505(a)(4)
Violation Description:	Failure to provide initial and annual training to all employees in safety procedures in the event of a release or threatened release of a hazardous material or failure to document and maintain training records for a minimum of three years.
Violation Notes:	OBSERVATION: Annual training documentation for all applicable employees was not available during the time of the inspection.

CISCO AIR SYSTEMS, INC (Continued) **U001615316**

CORRECTIVE ACTION: Submit documentation to this department demonstrating that employees have received training on safe handling of hazardous materials and the Emergency Response Plan.

Violation Division: Sacramento County Env Management Department
Violation Program: HMRRP
Violation Source: CERS,

Site ID: 19269
Site Name: CISCO AIR SYSTEMS, INC
Violation Date: 08-12-2024
Citation: HSC 6.95 25508(a)(3) - California Health and Safety Code, Chapter 6.95, Section(s) 25508(a)(3)
Violation Description: Failure to complete and electronically submit hazardous material inventory information for all reportable hazardous materials on site at or above reportable quantities.
Violation Notes: OBSERVATION: Chemical inventory information for all reportable hazardous materials on site at or above reportable quantities have not been completed and electronically submitted to this department. The following hazardous material were observed in the storage warehouse but are not included in the most recent CERS submittal which was in 2021: 1) S2Mx100-55 gallons in eleven 5 gallon plastic containers. 2) CS46 Lubricate: 375 gallons in seventy-five 5 gallon plastic containers. 3) AEON 9000sp-Lubricate: 300 gallons in 60 five gallon buckets. The following hazardous waste containers were observed in the oil pit: 1) Oily solids (waste oil absorbent pads): Two 55 gallon metal drums 2) Used oil filters (metal): Three 55 gallon metal drums Please include all of these observed hazardous material and hazardous waste along with all the ones in the 2021 inventory list. CORRECTIVE ACTION: Complete the chemical inventory information for all reportable hazardous materials at or above reportable

Violation Date: 12-04-2017
Citation: 22 CCR 15 66265.174 - California Code of Regulations, Title 22, Chapter 15, Section(s) 66265.174
Violation Description: Failure to inspect weekly, areas where hazardous waste containers are stored or transferred. The owner or operator shall look for leaking containers and for deterioration of containers and the containment system caused by corrosion or other factors.
Violation Notes: Returned to compliance on 12/21/2017. OBSERVATION: Weekly hazardous waste container inspections were not available during the time of the inspection. CORRECTIVE ACTION: Begin conducting hazardous waste container inspections. Submit documentation to this department demonstrating that the waste oil containers are being inspected on a weekly basis.
Violation Division: Sacramento County Env Management Department
Violation Program: HW
Violation Source: CERS,

Site ID: 19269
Site Name: CISCO AIR SYSTEMS, INC
Violation Date: 12-04-2017
Citation: HSC 6.5 25201(a) - California Health and Safety Code, Chapter 6.5, Section(s) 25201(a)
Violation Description: Failure of a storage facility, treatment facility, transfer facility, resource recovery facility, or disposal site to accept, treat, store, or dispose of a hazardous waste at the facility, area, or site, without a hazardous waste facilities permit or other grant of authorization from the department, or a permit-by-rule, conditional authorization, or conditional exemption permit from the CUPA.
Violation Notes: Returned to compliance on 01/31/2018. OBSERVATION: During the time of the inspection there was a compressor oil washing area which drains into a sump which is then pumped into a polyurethane tank where enzyme is added prior to being discharged into the sewer a proper waste determination has not been made. CORRECTIVE ACTION: Immediately cease washing compressors. Submit documentation to this department demonstrating that the waste oil prior to going in to the polyurethane tank has been properly characterized to determine if it is a hazardous waste. If determined to be hazardous submit a manifest/receipt documenting proper disposal and a statement demonstrating how you will

CISCO AIR SYSTEMS, INC (Continued) **U001615316**

	manage it in the future. Keep the test results, waste analyses, or other determinations at least three years from the date that the waste was last sent to on-site or off-site treatment, storage, or disposal.

Site History:	In June 1988, approximately 5,000 cubic yards of diesel contaminated soil were excavated from the Public Storage property at 1625 North C Street in Sacramento. The soil was transported to Harbor Sand and Gravel facility for bioremediation treatment. Following removal of the soil in 1992 it was discovered that the liner beneath the bioremediation pad had been breached in some areas. Soil in the area showed evidence of hydrocarbon contamination. In 1993, the soil under the bioremediation pad was evaluated and about 800 cubic yards of soil were removed and sent for disposal at the City landfill. Soil containing total petroleum hydrocarbons as diesel (TPHd) concentrations greater than 50 milligrams per kilogram (mg/kg) was excavated. The maximum TPHd soil concentration remaining in soil at the Site following the excavation was 47 mg/kg. On 11 August 1994, SCEMD issued a No Further Action letter for the Site.

BELL MARINE CO, INC (Continued) **S108743089**

	Section(s) 25507
Violation Description:	Failure to adequately establish and implement a business plan when storing/handling a hazardous material at or above reportable quantities.
Violation Notes:	Returned to compliance on 03/08/2024. OBSERVATION: The training program for safe handling of hazardous materials has not been adequately implemented as demonstrated by the storage conditions of the following compressed gas cylinders: 1) Five 132 cu. ft compressed gas cylinder of acetylene located in the shop area 2) One ~ 286 cu. ft compressed gas cylinder of acetylene located in the shop area The safety data sheets (SDS) for all gases listed above state that a compressed gas cylinder should be stored upright, with valve protection cap in place and firmly secured to prevent falling or being knocked over. CORRECTIVE ACTION: Submit photos to this department demonstrating that the training program is being implemented and the compressed gas cylinders are properly stored according to their SDS.
Violation Division:	Sacramento County Env Management Department
Violation Program:	HMRRP
Violation Source:	CERS,
Site ID:	11625
Site Name:	BELL MARINE CO, INC
Violation Date:	03-13-2014
Citation:	22 CCR 12 66262.34(f) - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.34(f)
Violation Description:	Failure to properly label hazardous waste accumulation containers with the following requirements: "Hazardous Waste", name and address of the generator, physical and chemical characteristics of the Hazardous Waste, and starting accumulation date.
Violation Notes:	Returned to compliance on 06/24/2014. OBSERVATION: Several open 5 gallon buckets partially filled with Used Oil were observed in the Shop Area without a hazardous waste label. CORRECTIVE ACTION: Submit a photo to this department demonstrating that the container listed above has been properly labeled. If employee refresher training directs staff to empty all oil into the waste oil tank after generation then labels will not be necessary on the containers, and a statement regarding the training of staff in this area will suffice.

Violation Description:	Failure to complete and electronically submit hazardous material inventory information for all reportable hazardous materials on site at or above reportable quantities.
Violation Notes:	Returned to compliance on 02/08/2024. OBSERVATION: Chemical inventory information for all reportable hazardous materials on site at or above reportable quantities have not been completed and electronically submitted to this department. The Hazardous Materials Inventory Chemical Description needs to be updated to add: Propane (325 gallons/ 11,586 cubic feet) located near the caretaker's residence, used drained metal filters (55 gallons) located near the shop, used paper filters (55 gallons) located near the shop, and grease waste (55 gallons) located near the shop. The Hazardous Materials Inventory Chemical Description needs to be updated for the quantities of: acetylene (880 cubic feet) located in the shop area. CORRECTIVE ACTION: Complete the chemical inventory information for all reportable hazardous materials at or above reportable quantities and submit electronically in the California Environmental Reporting System.

Violation Date:	07-18-2017
Citation:	22 CCR 12 66262.11 - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.11
Violation Description:	Failure to determine if wastes generated are hazardous waste by using generator knowledge or applying testing method.
Violation Notes:	Returned to compliance on 07/26/2017. OBSERVATION: Finely divided metal generated from metal grinding processes are being recycled as scrap metal. Finely divided metal less than 100 microns in size do not meet the definition of scrap metal. CORRECTIVE ACTION: Immediately stop recycling finely divided metal. Submit documentation to this department demonstrating that the finely divided metal has been properly characterized to determine if it is a hazardous waste. If determined to be hazardous submit manifests/receipts documenting proper disposal and a statement demonstrating how you will manage it in the future. Keep the test results, waste analyses, or other determinations at least three years from the date that the waste was last sent to on-site or off-site treatment, storage, or disposal.

Violation Date:	03-13-2014
Citation:	40 CFR 1 265.31 - U.S. Code of Federal Regulations, Title 40, Chapter 1, Section(s) 265.31
Violation Description:	Failure to maintain and operate the facility to minimize the possibility of a fire, explosion, or any unplanned sudden or non-sudden release of hazardous waste or hazardous waste constituents to the air, soil, or surface water which could threaten human health or the environment..
Violation Notes:	Returned to compliance on 06/24/2014. OBSERVATION: The training program for safe handling of hazardous materials has not been adequately implemented - including but not limited to: containers, tanks, and totes must be kept closed unless in use; stored in a manner to prevent rupture, leaking or structural deterioration; compatible with contents. Storage area must be maintained to separate incompatible materials. Employees must implement their training on safe handling of hazardous materials. *Spare Oxygen and Acetylene cylinders are being stored together in the shop area. *Oily water mixture in east most oil tank secondary containment. *Several partially filled 5 gallon containers of waste oil with unsecured lids in shop area. CORRECTIVE ACTION: Compressed gas fuels (Acetylene) and oxidizers (Oxygen) shall be separated by at least twenty feet. Used oil should be emptied from the containers into the used oil tank as close to the time of generation as possible. Close all hazardous materials [Truncated]

Environmental Interest/Information System:
All generators and treatment, storage, and disposal (TSD) facilities who handle hazardous waste are required to report to the EPA Administrator at least once every two years. The data collected is used to create the National Biennial Resource Conservation and Recovery Act (RCRA) Hazardous Waste Report. This data is processed within the RCRA Information (RCRAInfo) database
The Resource Conservation and Recovery Act Information System (RCRAInfo) is EPA's comprehensive information system in support of the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. It tracks many

Site Name: BATTERY BILL, INC
Violation Date: 10-20-2020
Citation: HSC 6.95 Multiple - California Health and Safety Code, Chapter 6.95, Section(s) Multiple
Violation Description: Business Plan Program - Operations/Maintenance - General
Violation Notes: Returned to compliance on 10/28/2020. Observation: Two unlabeled containers of product battery acid were observed on the work bench in the main charging station. All hazardous materials containers are required to be labeled to clearly identify contents. Correction: Clearly label each battery acid container mentioned above and submit photo documentation to Specialist Ryan Artz showing violation correction.
Violation Division: Sacramento County Env Management Department
Violation Program: HMRRP
Violation Source: CERS,

Site ID: 97549
Site Name: BATTERY BILL, INC
Violation Date: 04-05-2022
Citation: HSC 6.95 25508.1(a)-(f) - California Health and Safety Code, Chapter 6.95, Section(s) 25508.1(a)-(f)
Violation Description: Failure to electronically update business plan within 30 days of any one of the following events: A 100 percent or more increase in the quantity of a previously disclosed material. Any handling of a previously undisclosed hazardous materials at or above reportable quantities. A change of business address, business ownership, or business name. A substantial change in the handler's operations that requires modification to any portion of the business plan.
Violation Notes: Returned to compliance on 04/13/2022. Observation: The currently submitted HMBP business activities sheet lists an incorrect facility EPA ID#. Also, the HMBP contingency plan lists an outdated primary emergency contact name/phone number on page 2. Correction: Update each of the HMBP deficiencies noted above on the CERS database and notify Specialist Ryan Artz when completed.

Violation Date: 04-05-2022
Citation: 22 CCR 23 66273.34 - California Code of Regulations, Title 22, Chapter 23, Section(s) 66273.34
Violation Description: Failure to label or mark each individual or container or the

BATTERY BILL, INC (Continued) **S102320011**

designated area of universal waste as required. 1) Waste batteries shall be marked with "Universal Waste-Battery(ies) . 2) Mercury containing equipment shall be marked with "Universal Waste -Mercury-Containing Equipment . 3) Lamps shall be marked with Universal Waste-Lamp(s) . 4)Each electronic devices or the container or the designated area shall be marked with Universal Waste-Electronic Device(s) . 5) Each CRTs or the container or the designated area shall be marked with "Universal Waste-CRT(s) . 6) CRT glass or the designated area shall be marked with Universal Waste-CRT glass .

Violation Notes: Returned to compliance on 04/13/2022. Observation: A 55 gallon drum of 'mixed batteries' in the main shop was observed missing required Universal Waste Accumulation labeling. Correction: Properly label the above noted Universal Waste accumulation container and submit photo documentation showing violation correction to Specialist Ryan Artz.
Violation Division: Sacramento County Env Management Department
Violation Program: HW
Violation Source: CERS,

Site ID: 97549
Site Name: BATTERY BILL, INC
Violation Date: 04-05-2022
Citation: HSC 6.95 25505(c) - California Health and Safety Code, Chapter 6.95, Section(s) 25505(c)
Violation Description: Failure to have a business plan readily available to personnel of the business or the unified program facility with responsibilities for emergency response or training.
Violation Notes: Returned to compliance on 04/13/2022. Observation: The facility hazardous materials business plan (HMBP) contingency plan was not readily available to site staff at the time of facility inspection. Correction: Obtain and make available a current copy of the facility HMBP contingency plan and submit statement to Specialist Ryan Artz explaining how this violation was corrected.
Violation Division: Sacramento County Env Management Department
Violation Program: HMRRP
Violation Source: CERS,

Site ID: 97549
Site Name: BATTERY BILL, INC
Violation Date: 10-20-2020
Citation: 40 CFR 1 265.31 - U.S. Code of Federal Regulations, Title 40, Chapter 1, Section(s) 265.31
Violation Description: Failure to maintain and operate the facility to minimize the possibility of a fire, explosion, or any unplanned sudden or non-sudden release of hazardous waste or hazardous waste constituents to air, soil, or surface water which could threaten human health or the environment.
Violation Notes: Returned to compliance on 10/28/2020. Observation: Various auto battery storage racks were observed to have the secondary containment area full of sodium bicarbonate to capture and neutralize acid spills. Several areas of the sodium bicarbonate secondary containment appeared to be contaminated with previous spills from lead/acid storage batteries. Correction: Remove and properly dispose of all sodium bicarbonate media that has been contaminated with lead/acid battery spills. Submit photo of cleaned up secondary containment and accumulation of waste contaminated sodium bicarbonate to Specialist Ryan Artz.

Completed Document Type:	Phase 1
Completed Date:	03/14/2000
Comments:	Pursuant to the MOU, DTSC has reviewed a Phase I Environmental Site Assessment for the Volunteers of America (VOA). The subject property is a vacant recently constructed commerical building. VOA is proposing to complete finishing the interior of the building and utilize for their administrative offices. A Supplemental Phase I Environmental Site Assessment Report was prepared by DTSC and concluded that no action was needed for this property: there is no contamination on the property.

CHEMCO DIVISION (Continued) **S101628287**

Citation: HSC 6.5 Multiple Sections - California Health and Safety Code, Chapter 6.5, Section(s) Multiple Sections
Violation Description: Haz Waste Generator Program - Operations/Maintenance - General
Violation Notes: Returned to compliance on 09/09/2015. OBSERVATION: Multiple empty 55-gal containers that previously stored hazardous materials were observed outside behind the shop without labels identifying the containers as empty. CORRECTIVE ACTION: All containers >5 gal that previously stored hazardous materials must be marked as "Empty." Per Robert Brown, empty containers regularly transported for recycling by Industrial Containers Services. Submit photos/documentation to John Williams (williamsjohn@saccounty.net) demonstrating that the empty containers listed above have been marked with the date they were emptied and are being properly managed pursuant to 22 CCR 11 66261.7. Corrected onsite at time of inspection.

Citation: 22 CCR 12 66262.40(a) - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.40(a)
Violation Description: Failure to keep a copy of each properly signed manifest for at least three years from the date the waste was accepted by the initial transporter. The manifest signed at the time the waste was accepted for transport shall be kept until receiving a signed copy from the

URBAN ART LITHOGRAPHY, INC (Continued) **S108757147**

designated facility which received the waste.
Violation Notes: Returned to compliance on 02/20/2018. OBSERVATION: Uniform Hazardous Waste Manifests for waste ink for 2016 were not available at the time of inspection. CORRECTIVE ACTION: Locate a copy of all Uniform Hazardous Waste Manifests for waste ink and submit copies to this department.
Violation Division: Sacramento County Env Management Department
Violation Program: HW
Violation Source: CERS,

Site ID: 165011
Site Name: URBAN ART LITHOGRAPHY, INC
Violation Date: 02-14-2018
Citation: 22 CCR 12 66262.34(f) - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.34(f)
Violation Description: Failure to properly label hazardous waste accumulation containers and portable tanks with the following requirements: "Hazardous Waste", name and address of the generator, physical and chemical characteristics of the Hazardous Waste, and starting accumulation date.
Violation Notes: Returned to compliance on 02/20/2018. OBSERVATION: Observed two 5 gallon plastic drums of used oil located in the back of the printing shop without a hazardous waste label. CORRECTIVE ACTION: Submit a photo to this department demonstrating that the containers listed above have been properly labeled.

Hazardous Waste Summary:

Waste Code:	D001
Waste Description:	Ignitable Waste
Waste Code:	D002
Waste Description:	Corrosive Waste
Waste Code:	D006
Waste Description:	Cadmium
Waste Code:	D007
Waste Description:	Chromium
Waste Code:	D008
Waste Description:	Lead
Waste Code:	D035
Waste Description:	Methyl Ethyl Ketone
Waste Code:	F001
Waste Description:	The Following Spent Halogenated Solvents Used In Degreasing: Tetrachloroethylene, Trichlorethylene, Methylene Chloride, 1,1,1-Trichloroethane, Carbon Tetrachloride And Chlorinated Fluorocarbons; All Spent Solvent Mixtures/Blends Used In Degreasing Containing, Before Use, A Total Of Ten Percent Or More (By Volume) Of One Or More Of The Above Halogenated Solvents Or Those Solvents Listed In F002, F004, And F005; And Still Bottoms From The Recovery Of These Spent Solvents And Spent Solvent Mixtures.
Waste Code:	F002
Waste Description:	The Following Spent Halogenated Solvents: Tetrachloroethylene, Methylene Chloride, Trichloroethylene, 1,1,1-Trichloroethane, Chlorobenzene, 1,1,2-Trichloro-1,2,2-Trifluoroethane, Ortho-Dichlorobenzene, Trichlorofluoromethane, And 1,1,2, Trichloroethane; All Spent Solvent Mixtures/Blends Containing, Before Use, A Total Of Ten Percent Or More (By Volume) Of One Or More Of The Above Halogenated Solvents Or Those Solvents Listed In F001, F004, And F005; And Still Bottoms From The Recovery Of These Spent Solvents And Spent Solvent Mixtures.

RIGHT CHOICE SECURITY (Continued) **1024877356**

Waste Code: F003
Waste Description: The Following Spent Nonhalogenated Solvents: Xylene, Acetone, Ethyl Acetate, Ethyl Benzene, Ethyl Ether, Methyl Isobutyl Ketone, N-Butyl Alcohol, Cyclohexanone, And Methanol; All Spent Solvent Mixtures/Blends Containing, Before Use, Only The Above Spent Nonhalogenated Solvents; And All Spent Solvent Mixtures/Blends Containing, Before Use, One Or More Of The Above Nonhalogenated Solvents, And A Total Of Ten Percent Or More (By Volume) Of One Or More Of Those Solvents Listed In F001, F002, F004, And F005; And Still Bottoms From The Recovery Of These Spent Solvents And Spent Solvent Mixtures.

Waste Code: F004
Waste Description: The Following Spent Nonhalogenated Solvents: Cresols, Cresylic Acid, And Nitrobenzene; And The Still Bottoms From The Recovery Of These Solvents; All Spent Solvent Mixtures/Blends Containing, Before Use, A Total Of Ten Percent Or More (By Volume) Of One Or More Of The Above Nonhalogenated Solvents Or Those Solvents Listed In F001, F002, And F005; And Still Bottoms From The Recovery Of These Spent Solvents And Spent Solvent Mixtures.

Waste Code: F005
Waste Description: The Following Spent Nonhalogenated Solvents: Toluene, Methyl Ethyl Ketone, Carbon Disulfide, Isobutanol, Pyridine, Benzene, 2-Ethoxyethanol, And 2-Nitropropane; All Spent Solvent Mixtures/Blends Containing, Before Use, A Total Of Ten Percent Or More (By Volume) Of One Or More Of The Above Nonhalogenated Solvents Or Those Solvents Listed In F001, F002, Or F004; And Still Bottoms From The Recovery Of These Spent Solvents And Spent Solvent Mixtures.

Waste Code: U002
Waste Description: 2-Propanone (I) (Or) Acetone (I)

Waste Code: U080
Waste Description: Methane, Dichloro- (Or) Methylene Chloride

Waste Code: U134
Waste Description: Hydrofluoric Acid (C,T) (Or) Hydrogen Fluoride (C,T)

Waste Code: U154
Waste Description: Methanol (I) (Or) Methyl Alcohol (I)

Waste Code: U159
Waste Description: 2-Butanone (I,T) (Or) Methyl Ethyl Ketone (Mek) (I,T)

Waste Code: U161
Waste Description: 4-Methyl-2-Pentanone (I) (Or) Methyl Isobutyl Ketone (I) (Or) Pentanol, 4-Methyl-

Waste Code: U220
Waste Description: Benzene, Methyl- (Or) Toluene

Waste Code: U228
Waste Description: Ethene, Trichloro- (Or) Trichloroethylene

Waste Code: U239
Waste Description: Benzene, Dimethyl- (I,T) (Or) Xylene (I)

Hazardous Waste Summary:
Waste Code: D001

RIGHT CHOICE SECURITY (Continued) **1024876484**

Waste Description: Ignitable Waste

Waste Code: D002
Waste Description: Corrosive Waste

Waste Code: D006
Waste Description: Cadmium

Waste Code: D007
Waste Description: Chromium

Waste Code: D008
Waste Description: Lead

Waste Code: D035
Waste Description: Methyl Ethyl Ketone

Waste Code: F001
Waste Description: The Following Spent Halogenated Solvents Used In Degreasing: Tetrachloroethylene, Trichlorethylene, Methylene Chloride, 1,1,1-Trichloroethane, Carbon Tetrachloride And Chlorinated Fluorocarbons; All Spent Solvent Mixtures/Blends Used In Degreasing Containing, Before Use, A Total Of Ten Percent Or More (By Volume) Of One Or More Of The Above Halogenated Solvents Or Those Solvents Listed In F002, F004, And F005; And Still Bottoms From The Recovery Of These Spent Solvents And Spent Solvent Mixtures.

Waste Code: F002
Waste Description: The Following Spent Halogenated Solvents: Tetrachloroethylene, Methylene Chloride, Trichloroethylene, 1,1,1-Trichloroethane, Chlorobenzene, 1,1,2-Trichloro-1,2,2-Trifluoroethane, Ortho-Dichlorobenzene, Trichlorofluoromethane, And 1,1,2, Trichloroethane; All Spent Solvent Mixtures/Blends Containing, Before Use, A Total Of Ten Percent Or More (By Volume) Of One Or More Of The Above Halogenated Solvents Or Those Solvents Listed In F001, F004, And F005; And Still Bottoms From The Recovery Of These Spent Solvents And Spent Solvent Mixtures.

Waste Code: F003
Waste Description: The Following Spent Nonhalogenated Solvents: Xylene, Acetone, Ethyl Acetate, Ethyl Benzene, Ethyl Ether, Methyl Isobutyl Ketone, N-Butyl Alcohol, Cyclohexanone, And Methanol; All Spent Solvent Mixtures/Blends Containing, Before Use, Only The Above Spent Nonhalogenated Solvents; And All Spent Solvent Mixtures/Blends Containing, Before Use, One Or More Of The Above Nonhalogenated Solvents, And A Total Of Ten Percent Or More (By Volume) Of One Or More Of Those Solvents Listed In F001, F002, F004, And F005; And Still Bottoms From The Recovery Of These Spent Solvents And Spent Solvent Mixtures.

Waste Code: F004
Waste Description: The Following Spent Nonhalogenated Solvents: Cresols, Cresylic Acid, And Nitrobenzene; And The Still Bottoms From The Recovery Of These Solvents; All Spent Solvent Mixtures/Blends Containing, Before Use, A Total Of Ten Percent Or More (By Volume) Of One Or More Of The Above Nonhalogenated Solvents Or Those Solvents Listed In F001, F002, And F005; And Still Bottoms From The Recovery Of These Spent Solvents And

RIGHT CHOICE SECURITY (Continued) **1024876484**

Spent Solvent Mixtures.

Waste Code: F005
Waste Description: The Following Spent Nonhalogenated Solvents: Toluene, Methyl Ethyl Ketone, Carbon Disulfide, Isobutanol, Pyridine, Benzene, 2-Ethoxyethanol, And 2-Nitropropane; All Spent Solvent Mixtures/Blends Containing, Before Use, A Total Of Ten Percent Or More (By Volume) Of One Or More Of The Above Nonhalogenated Solvents Or Those Solvents Listed In F001, F002, Or F004; And Still Bottoms From The Recovery Of These Spent Solvents And Spent Solvent Mixtures.

Waste Code: U002
Waste Description: 2-Propanone (I) (Or) Acetone (I)

Waste Code: U080
Waste Description: Methane, Dichloro- (Or) Methylene Chloride

Waste Code: U134
Waste Description: Hydrofluoric Acid (C,T) (Or) Hydrogen Fluoride (C,T)

Waste Code: U154
Waste Description: Methanol (I) (Or) Methyl Alcohol (I)

Waste Code: U159
Waste Description: 2-Butanone (I,T) (Or) Methyl Ethyl Ketone (Mek) (I,T)

Waste Code: U161
Waste Description: 4-Methyl-2-Pentanone (I) (Or) Methyl Isobutyl Ketone (I) (Or) Pentanol, 4-Methyl-

Waste Code: U220
Waste Description: Benzene, Methyl- (Or) Toluene

Waste Code: U228
Waste Description: Ethene, Trichloro- (Or) Trichloroethylene

Waste Code: U239
Waste Description: Benzene, Dimethyl- (I,T) (Or) Xylene (I)

Address: 83 N 17TH ST
City,State,Zip: SACRAMENTO, CA 95811
Site ID: 389324
CERS ID: 10217545
CERS Description: Chemical Storage Facilities

Violations:
Site ID: 389324
Site Name: CAPITAL MACHINE CORPORATION
Violation Date: 05-19-2017
Citation: HSC 6.95 25505(a)(4) - California Health and Safety Code, Chapter 6.95, Section(s) 25505(a)(4)
Violation Description: Failure to provide initial and annual training to all employees in safety procedures in the event of a release or threatened release of a hazardous material or failure to document and maintain training records for a minimum of three years.
Violation Notes: Returned to compliance on 05/23/2017. OBSERVATION: INITIAL / ANNUAL training documentation for all applicable employees was not available. Current training documentation was not available at time of inspection. CORRECTIVE ACTION: Submit documentation to this department demonstrating that employees have received training on safe handling of hazardous materials and the Emergency Response Plan.
Violation Division: Sacramento County Env Management Department
Violation Program: HMRRP
Violation Source: CERS,

Site ID: 389324
Site Name: CAPITAL MACHINE CORPORATION
Violation Date: 05-20-2014
Citation: HSC 6.95 25504(a) - California Health and Safety Code, Chapter 6.95, Section(s) 25504(a)
Violation Description: Failure to complete and/or submit hazardous material inventory forms for all reportable hazardous materials on site.
Violation Notes: Returned to compliance on 11/05/2014. OBSERVATION: The facility has not submitted the Hazardous Materials Inventory Chemical Description page for propylene, waste oil, and waste coolant to this department. CORRECTIVE ACTION: Complete and submit the Hazardous Materials Inventory Chemical Description page for all materials listed above electronically in this department's e-Reporting Portal or in the California Environmental Reporting System.
Violation Division: Sacramento County Env Management Department
Violation Program: HMRRP
Violation Source: CERS,

Site ID: 389324
Site Name: CAPITAL MACHINE CORPORATION
Violation Date: 07-10-2023
Citation: HSC 6.5 25123.3(h)(2) - California Health and Safety Code, Chapter 6.5, Section(s) 25123.3(h)(2)
Violation Description: Failure to determine the status of any hazardous waste if a signed copy of the manifest isn t received within 35 days of the date the waste was accepted by the initial transporter and/or to submit an Exception Report to DTSC if a signed copy of the manifest isn t received within 60 days of the date the waste was accepted by the initial transporter.

CAPITAL MACHINE CORPORATION (Continued) **S113134298**

Violation Notes:	Returned to compliance on 07/12/2023. Observation: The waste generator (Capital Machine Corp.) did not obtain the destination facility signed copy of uniform hazardous waste manifest 024625690 (1/18/2023) within 60 days of waste shipment and did not file an exception report with the California Department of Toxic Substances Control (DTSC). Correction: Obtain the destination facility signed copy of the above noted uniform hazardous waste manifest and submit copy to EMD Specialist Ryan Artz, or file an manifest exception report with DTSC and cc' EMD Specialist Ryan Artz on that correspondence.
Violation Division:	Sacramento County Env Management Department
Violation Program:	HW
Violation Source:	CERS,
Site ID:	389324
Site Name:	CAPITAL MACHINE CORPORATION
Violation Date:	05-20-2014
Citation:	22 CCR 12 66262.34(d) - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.34(d)
Violation Description:	Failure to dispose of hazardous waste within 180 days (or 270 if waste is transported over 200 miles) for the generator who generates less than 1000 kilogram per month, but more than 100 kilograms per month.
Violation Notes:	Returned to compliance on 06/02/2014. OBSERVATION: Observed two 55 gallon drums of waste oil with a start accumulation date of June 2013 and two 55 gallon drums of used coolant without a start accumulation date located in the outside waste storage area and a manifest/receipt demonstrating disposal within the past 180 days was not available. CORRECTIVE ACTION: Dispose of waste oil and wasste coolant and submit a copy of the manifest/receipt to this department.
Violation Division:	Sacramento County Env Management Department
Violation Program:	HW
Violation Source:	CERS,
Site ID:	389324

CAPITAL MACHINE CORPORATION (Continued) **S113134298**

Violation Description: Failure to properly label hazardous waste accumulation containers with the following requirements: "Hazardous Waste", name and address of the generator, physical and chemical characteristics of the Hazardous Waste, and starting accumulation date.
Violation Notes: Returned to compliance on 06/02/2014. OBSERVATION: Observed two 55 gallon drums of used oil and two 55 gallon drums of used coolant located in the outside storage area without the following information on the label: start accumualtion dates. CORRECTIVE ACTION: Submit photos to this department demonstrating that the container listed above has been properly labeled.
Violation Division: Sacramento County Env Management Department
Violation Program: HW
Violation Source: CERS,

Site ID: 389324
Site Name: CAPITAL MACHINE CORPORATION
Violation Date: 05-20-2014
Citation: 22 CCR 12 66262.40(c) - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.40(c)
Violation Description: Failure to determine if the waste generated is a hazardous waste and to maintain analysis results for three years.
Violation Notes: Returned to compliance on 06/02/2014. OBSERVATION: Finely divided metal generated from metal grinding are being recycled as scrap metal. Finely divided metal less than 100 microns in size do not meet the definition of scrap metal. CORRECTIVE ACTION: Immediately stop recycling finely divided metal. Submit documentation to this department demonstrating that the finely divided metal has been properly characterized to determine if it is a hazardous waste. If determined to be hazardous submit manifests/receipts documenting proper disposal and a statement demonstrating how you will manage it in the future. Keep the test results, waste analyses, or other determinations at least three years from the date that the waste was last sent to on-site or off-site treatment, storage, or disposal.

Treat To Water:	Minor Threat to Water Quality. A violation of a regional board order should cause a relatively minor impairment of beneficial uses compared to a major or minor threat. Not: All nurds without a TTWQ will be considered a minor threat to water quality unless coded at a higher Level. A Zero (0) may be used to code those NURDS that are found to represent no threat to water quality.
Complexity:	Category C - Facilities having no waste treatment systems, such as cooling water dischargers or thosewho must comply through best management practices, facilities with passive waste treatment and disposal systems, such as septic systems with subsurface disposal, or dischargers having waste storage systems with land disposal such as dairy waste ponds.

Citation:	22 CCR 12 66262.34(d) - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.34(d)
Violation Description:	Failure to dispose of hazardous waste within 180 days (or 270 if waste is transported over 200 miles) for the generator who generates less than 1000 kilogram per month, but more than 100 kilograms per month.
Violation Notes:	Returned to compliance on 02/11/2015. OBSERVATION: Waste oily solids last manifest pickup listed as 4-15-13, waste metal dust pickup up every 14 to 16 months per manifest. CORRECTIVE ACTION: Dispose of any hazardous waste that has been on site for longer than 180 days and submit a copy of the manifest/receipt to this department.

	6.95, Section(s) 25508(a)(1)
Violation Description:	Failure to complete and electronically submit a site map with all required content.
Violation Notes:	Returned to compliance on 03/11/2015. OBSERVATION: The annotated site map submitted to this department does not include all hazardous materials and waste. CORRECTIVE ACTION: Revise the annotated Site Map to include all required content and submit electronically in this department's e-Reporting Portal or in the California Environmental Reporting System.

Violation Date:	05-18-2023
Citation:	HSC 6.5 25143.9 - California Health and Safety Code, Chapter 6.5, Section(s) 25143.9
Violation Description:	Failure to manage a recyclable material pursuant to HSC 6.5 25143.2(b), (c), or (d).
Violation Notes:	Returned to compliance on 06/01/2023. Observation: Facility is currently reclaiming spent cutting coolant on-site instead of hazardous waste disposal. The spent cutting coolant awaiting reclamation was missing ERM - Excluded Recycle Materials labeling. Correction: Properly label the spent cutting coolant ERM accumulation tote and submit photo to EMD Specialist Ryan Artz.

Violation Date:	11-01-2021
Citation:	40 CFR 1 265.173 - U.S. Code of Federal Regulations, Title 40, Chapter 1, Section(s) 265.173
Violation Description:	Failure to meet the following container management requirements: (a) A container holding hazardous waste must always be closed during storage, except when it is necessary to add or remove waste. (b) A container holding hazardous waste must not be opened, handled, or stored in a manner which may rupture the container or cause it to leak.
Violation Notes:	Returned to compliance on 11/18/2021. Observation: Hazardous waste accumulation containers of spent black oxide solution, oily debris, and used oil were observed left open at the time of facility inspection. All hazardous waste accumulation containers are required to be kept closed unless adding/removing material. Correction: Properly close each of the above noted hazardous waste accumulation containers and submit photo documentation showing violation correction to Specialist Ryan Artz.

MARTIN SPROCKET & GEAR INC (Continued) **1000412297**

	Section(s) 25189.5(a)
Violation Description:	Failure to dispose of hazardous waste at a facility which has a permit from DTSC or disposing of hazardous waste at any point which is not authorized.
Violation Notes:	Returned to compliance on 04/20/2022. This inspection element is currently undetermined pending the hazardous waste determination noted in hazardous waste inspection violation Q259. If the waste paint booth filters are determined to be a regulated hazardous waste, document how they will be managed and disposed of and submit response to Specialist Ryan Artz.

Citation:	HSC 6.95 25508(a)(1) - California Health and Safety Code, Chapter 6.95, Section(s) 25508(a)(1)
Violation Description:	Failure to complete and electronically submit the Business Activities Page and/or Business Owner Operator Identification Page.
Violation Notes:	Returned to compliance on 05/09/2018. OBSERVATION: The owner operator page lists older personnel for the emergency contact and the business activities page indicates the facility is applicable to APSA and the facility does not store >1320 gallons on site. CORRECTIVE ACTION: Update the above sections and resubmit through CERS.

Citation:	HSC 6.95 25508(a)(3) - California Health and Safety Code, Chapter 6.95, Section(s) 25508(a)(3)
Violation Description:	Failure to complete and electronically submit hazardous material inventory information for all reportable hazardous materials on site at or above reportable quantities.
Violation Notes:	Returned to compliance on 11/17/2021. Observation: The following reportable quantity hazardous materials/hazardous wastes were observed on-site during facility inspection but have not been disclosed on a hazardous material business plan - chemical inventory sheet. All HMBP reportable quantity hazardous materials are required to be disclosed on an HMBP chemical inventory sheet. - Automax 45 -hazardous waste cutting coolant -hazardous waste used oils -compressed oxygen - caustic bath solution 50% -sulfuric acid bath solution 20% -black oxide solution 50% - waste paint - Pinnacle paint -hazardous waste potassium hydroxide -hazardous waste rinse waters -hazardous waste caustic soap -Powder quench solution -hazardous waste metal fines -H35 Hydrogen/Argon compressed Correction: Complete an HMBP chemical inventory sheet for each of the reportable quantity hazardous materials on the CERS database and notify Specialist Ryan Artz when this has been completed.

Citation:	22 CCR 12 66262.34(e) - California Code of Regulations, Title 22, Chapter 12, Section(s) 66262.34(e)
Violation Description:	Failure to meet the following conditions of satellite accumulation regulations: Accumulate up to 55 gallons of hazardous waste or one quart of acute hazardous waste at or near the initial point of accumulation which was under the control of the operator. Total time hazardous waste can be accumulated onsite in any generator accumulation area is one year, i.e., the combined accmulation time at a satellite accumulation point and at a 90/180/270 accumulation area (depending on size of generator and distance transported), whichever comes first. The generator complies with section 66265.171, 66265.172, and 66265.173(a). The container must be clearly marked with the initial date that hazardous waste is first placed in the container and labelled with the words Hazardous Waste including specified information Container must be labelled with the date the satellite accumulation limit is reached and moved within three days after reaching the 55 gallon (or one quart) limit to a 90 day accumulation area 55 gallons (or one quart of acute hazardous waste) of waste per process may be accumulated
Violation Notes:	Returned to compliance on 06/01/2023. Observations: Hazardous waste accumulation tote of oily water was observed to have an accumulation start date noted as 10/5/2021. Also, a 55 gallon hazardous waste accumulation container of aerosol can flammable juice was observed with an accumulation start date noted as 11/11/2021. Satellite hazardous waste accumulation allows for the accumulation of hazardous waste, with certain restrictions, for up to 1 year from the accumulation start date. Correction: Dispose of all hazardous waste noted above that has accumulated on-site for greater than 1 year through a licensed hazardous waste hauler and submit a copy of the disposal documentation to EMD Specialist Ryan Artz.

Violation Date:	11-01-2021
Citation:	40 CFR 1 265.31 - U.S. Code of Federal Regulations, Title 40, Chapter 1, Section(s) 265.31
Violation Description:	Failure to maintain and operate the facility to minimize the possibility of a fire, explosion, or any unplanned sudden or non-sudden release of hazardous waste or hazardous waste constituents to air, soil, or surface water which could threaten human health or the environment.
Violation Notes:	Returned to compliance on 11/17/2021. Observations: During the facility walk through inspection, spills of hazardous waste cutting coolants and used oils were observed around several of the process machinery, on top of hazardous waste accumulation drums, surrounding the air compressor oil/water separator, and in the hazardous waste drum secondary containments. Also spill residue from lead acid battery boil overs was observed in the battery charging area of the shop. Hazardous waste spills housekeeping was observed to be poor throughout the shop areas inspected. All hazardous wastes generated on-site including spills are required to be managed in a manner to prevent unplanned discharge to the environment. Correction: Thoroughly clean up each of the hazardous waste spill areas noted above and submit photo documentation showing violation correction to Specialist Ryan Artz.
