
Central Valley Regional Water Quality Control Board

California Environmental Quality Act Notice of Determination in compliance with Section 21008 or 21152 of the Public Resources Code

To: Office of Planning and Research
P.O. Box 3044
Sacramento, CA 95812-3044

From: California Regional Water Quality Control Board
Central Valley Region, Redding Office
364 Knollcrest Drive, Suite 205
Redding, CA 96002

Date: 12 June 2026

State Clearinghouse Number:
2021090147

Project Title:
County Road 66B Bridge Replacement Project (WDID 5A11CR00059)

Project Location - Specific:
Address: Bridge No. 11C-0068, County Road 66B
Assessor's Parcel Number(s): 013-250-021, 013-250-037, 013-210-034
Latitude: 39.42850° and Longitude: -122.05000°

Project Location - County:
Glenn County

Name of Applicant:
Talia Richardson
Interim Public Works Director
Glenn County Agency of Public Works
777 North Colusa Street
Willows, CA 95988

Description of Nature, Purpose, and Beneficiaries of Project:
The project proposes to replace the existing bridge with a single span, precast prestressed concrete voided slab bridge. The new bridge will satisfy the current roadway width geometry standards as well as provide approved bridge railing and approach guardrail. The installation of rock slope protection will result in permanent impacts to Colusa Drain, as well as temporary impact for work access.

There are currently property access points at three of the four corners of the existing bridge that are used by residents and heavy agricultural equipment. These access openings accommodate ingress and egress of a loaded double semi- truck trailers. The access road alignments proposed accommodate truck turns for a double semi-truck trailer, but only in a direction away from the bridge. Providing adequate truck turns toward the bridge would require the access roads to be shifted further into the adjacent properties, therefore requiring the take of productive farmland. The proposed access road alignment limits both environmental and right of way impacts. The access road alignments will result in permanent impacts to adjacent wetlands, as well as temporary impacts for work access.

Name of Public Agency Approving Project:

This is to advise that the Central Valley Regional Water Quality Control Board, as a Responsible Agency, has approved the above-described project on 12 June 2026 and has made the following determinations regarding the above described project:

1. The Central Valley Regional Water Quality Control Board considered the Initial Study/Mitigated Negative Declaration as prepared by the County of Glenn.
2. The Project will not have a significant effect on the environment.
3. Mitigation measures were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan was adopted for this project.
5. A Statement of Overriding Considerations was not adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.

The Initial Study/Mitigated Negative Declaration is available to the general public at: 516 West Sycamore Street, Willows, CA 95988.

The record of project approval is available to the general public at: [Central Valley Regional Water Quality Control Board's Adopted Orders Web page](https://www.waterboards.ca.gov/centralvalley/board_decisions/adopted_orders/401_wq_certs/) (https://www.waterboards.ca.gov/centralvalley/board_decisions/adopted_orders/401_wq_certs/).
