PROJECT LOCATION: 2223 G Street (FAX Administration building) as outlined in Exhibit A.

PROJECT DESCRIPTION: Environmental Assessment Application No. P21-04668 was filed by Brian Cetti, on behalf of the City of Fresno Department of Transportation and pertains to the FAX Administration building. The applicant proposes to replace the FAX Administration building HVAC system.

This project is exempt under Section 15301/Class 1 and Section 15303/Class 3 of the California Environmental Quality Act (CEQA) Guidelines as follows:

Under Section 15301/Class 1, the proposed project is exempt from CEQA requirements when the project consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. The key consideration is whether the project involves negligible or no expansion of use.

Under Section 15303/Class 3 the of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. The numbers of structures described in this section are the maximum allowable on any legal parcel.

The proposed project is consistent with the Class 1 and Class 3 exemptions because the project is requesting to make improvements to an existing facility by replacing the HVAC system on the subject property to meet current standards. Replacement parts for the existing equipment are not available due to the age of the equipment. The proposed project involves negligible expansion of the existing use and will have substantially the same purpose.

None of the exceptions to Categorical Exemptions set forth in the CEQA Guidelines, Section 15300.2 apply to the project. Furthermore, the proposed project is not expected to have a

E202110000241

significant effect on the environment. A categorical exemption, as noted above, has been prepared for the project and the area is not environmentally sensitive.
