Required Information

Project Title: WA211 WELL 11 PIPELINE

Local Government/Lead Agency: City of Chino

Contact Person: Natalie Avila

Street Address: 12302 San Antonio Avenue

City: Chino

Zip: 91710

Phone: 909-334-3406

Fax: _____

Email: navila@cityofchino.org

Specific Area Subject to Proposed Action

County: San Bernardino

City/Community: Chino

Project Description:

The City of Chino will install a new 16" raw water transmission pipeline which will convey groundwater from the City's Well 11 to the City's Eastside Water Treatment Facility to remove 1,2,3 TCP and Nitrate from the groundwater. The pipeline alignment is generally from the Well 11 site, east to San Antonio Avenue, south on San Antonio Avenue to Walnut Avenue, west on Walnut Avenue to Cypress Avenue, south on Cypress Avenue to Chino Avenue to tie into an existing 18" raw water transmission pipeline.

Re: Native American Tribal Consultation, Pursuant to the Assembly Bill 52 (AB 52), Amendments to the California Environmental Quality Act (CEQA) (Chapter 532, Statutes of 2014), Public Resources Code Sections 5097.94 (m), 21073, 21074, 21080.3.1, 21080.3.2, 21082.3, 21083.09, 21084.2 and 21084.3, MA211 Well 11 Pipeline Project, San Bernardino County

Dear Ms. Avila:

Pursuant to Public Resources Code section 21080.3.1 (c), attached is a consultation list of tribes that are traditionally and culturally affiliated with the geographic area of the above-listed project. Please note that the intent of the AB 52 amendments to CEQA is to avoid and/or mitigate impacts to tribal cultural resources, (Pub. Resources Code §21084.3 (a)) ("Public agencies shall, when feasible, avoid damaging effects to any tribal cultural resource.")

Public Resources Code sections 21080.3.1 and 21084.3(c) require CEQA lead agencies to consult with California Native American tribes that have requested notice from such agencies of proposed projects in the geographic area that are traditionally and culturally affiliated with the tribes on projects for which a Notice of Preparation or Notice of Negative Declaration or Mitigated Negative Declaration has been filed on or after July 1, 2015. Specifically, Public Resources Code section 21080.3.1 (d) provides:

Within 14 days of determining that an application for a project is complete or a decision by a public agency to undertake a project, the lead agency shall provide formal notification to the designated contact of, or a tribal representative of, traditionally and culturally affiliated California Native American tribes that have requested notice, which shall be accomplished by means of at least one written notification that includes a brief description of the proposed project and its location, the lead agency contact information, and a notification that the California Native American tribe has 30 days to request consultation pursuant to this section.

The AB 52 amendments to CEQA law does not preclude initiating consultation with the tribes that are culturally and traditionally affiliated within your jurisdiction prior to receiving requests for notification of projects in the tribe's areas of traditional and cultural affiliation. The Native American Heritage Commission (NAHC) recommends, but does not require, early consultation as a best practice to ensure that lead agencies receive sufficient information about cultural resources in a project area to avoid damaging effects to tribal cultural resources.

The NAHC also recommends, but does not require that agencies should also include with their notification letters, information regarding any cultural resources assessment that has been completed on the area of potential effect (APE), such as:

1. The results of any record search that may have been conducted at an Information Center of the California Historical Resources Information System (CHRIS), including, but not limited to:

nahc@nahc.ca.gov
NAHC.ca.gov

- A listing of any and all known cultural resources that have already been recorded on or adjacent to the APE, such as known archaeological sites;
- Copies of any and all cultural resource records and study reports that may have been provided by the Information Center as part of the records search response;
- Whether the records search indicates a low, moderate, or high probability that unrecorded cultural resources are located in the APE; and
- If a survey is recommended by the Information Center to determine whether previously unrecorded cultural resources are present.

2. The results of any archaeological inventory survey that was conducted, including:

- Any report that may contain site forms, site significance, and suggested mitigation measures.

All information regarding site locations, Native American human remains, and associated funerary objects should be in a separate confidential addendum, and not be made available for public disclosure in accordance with Government Code section 6254.10.

3. The result of any Sacred Lands File (SLF) check conducted through the Native American Heritage Commission was negative.

4. Any ethnographic studies conducted for any area including all or part of the APE; and

5. Any geotechnical reports regarding all or part of the APE.

Lead agencies should be aware that records maintained by the NAHC and CHRIS are not exhaustive and a negative response to these searches does not preclude the existence of a tribal cultural resource. A tribe may be the only source of information regarding the existence of a tribal cultural resource.

This information will aid tribes in determining whether to request formal consultation. In the event that they do, having the information beforehand will help to facilitate the consultation process.

If you receive notification of change of addresses and phone numbers from tribes, please notify the NAHC. With your assistance, we can assure that our consultation list remains current.

If you have any questions, please contact me at my email address: Andrew.Green@nahc.ca.gov.

Sincerely,

Andrew Green
Cultural Resources Analyst

RE: Formal Notification of a Proposed Project within the geographic area that is traditionally and culturally affiliated with the Gabrieleno Band of Mission Indians-Kizh Nation

Pursuant to Public Resources Code § 21080.3(b), Assembly Bill 52, this letter provides formal notification of the proposed "Well 11 Pipeline Alignment Project" (herein, "Project"), which is located within the geographic area that is traditionally and culturally affiliated with the Gabrieleno Band of Mission Indians-Kizh Nation. As requested by the Gabrieleno Band of Mission Indians-Kizh Nation, this notice includes:

- A description of the proposed project;
- The project's location;
- The lead agency contact information; and
- A clear and definitive statement that the tribe has 30 day to request consultation.

If this box is checked, a separate notice under Senate Bill 18 has also been sent to you for this project.

Project Description

The City of Chino proposes to install a new 16" raw water transmission pipeline which would convey groundwater from the City's Well 11 to the City's Eastside Water Treatment Facility to remove 1,2,3 trichloropropane (TCP) and nitrate from the groundwater. The 16" pipe is intended to convey the raw water to the Eastside Water Treatment Plant (EWTF) for treatment. The Project consists of engineering a minimum 4' depth of existing Well 11 site, linear feet (LF) at a existing roads from the the ETWF.

Project Location

The subject Well 11 Bernardino County ir (SR) 60 Freeway.

which is located in San uth of the State Route

West Hills, CA, 91307

RE: Formal Notification of a Proposed Project within the geographic area that is traditionally and culturally affiliated with the Gabrielino-Tongva Tribe

Pursuant to Public Resources Code § 21080.3(b), Assembly Bill 52, this letter provides formal notification of the proposed "Well 11 Pipeline Alignment Project" (herein, "Project"), which is located within the geographic area that is traditionally and culturally affiliated with the Gabrielino-Tongva Tribe. As requested by the Gabrielino-Tongva Tribe, this notice includes:

- A description of the proposed project;
- The project's location;
- The lead agency contact information; and
- A clear and definitive statement that the tribe has 30 day to request consultation.

If this box is checked, a separate notice under Senate Bill 18 has also been sent to you for this project.

Project Description

The City of Chino proposes to install a new 16" raw water transmission pipeline which would convey groundwater from the City's Well 11 to the City's Eastside Water Treatment Facility to remove 1,2,3 trichloropropane (TCP) and nitrate from the groundwater. The 16" pipe is intended to convey the raw water to the Eastside Water Treatment Plant (EWTF) for treatment. The Project consists of engineering, design, and installation of approximately 8,300 linear feet (LF) at a minimum 4' depth of cover for the 16-inch raw water transmission pipe in existing roads from the existing Well 11 site, joining an existing 18" raw water transmission pipe at the ETWF.

Project Location

The subject Well 11 site is addressed at 12301 San Antonio Avenue, which is located in San Bernardino County in the City of Chino, west of San Antonio Avenue and south of the State Route (SR) 60 Freeway.

13220 Central Avenue, Chino, California 91710 Mailing Address: P.O.
Box 667, Chino, California 91708-0667
(909) 334-3250 • (909) 334-3720 Fax
Web Site: www.cityofchino.org

The pipeline alignment is generally from the Well 11 site, east to San Antonio Avenue, south on San Antonio Avenue to Walnut Avenue, west on Walnut Avenue to Cypress Avenue, south on Cypress Avenue to Chino Avenue to tie into an existing pipeline at the intersection of Chino Avenue and Cypress Avenue which continues to the Eastside Water Treatment Facility (EWTF) located at 7537 Schaefer Avenue, Ontario, CA. The Project site remains in the prism of the existing roadway rights-of-way.

Request for Consultation

If you have any comments or concerns regarding potential impacts to tribal cultural resources (as defined in Public Resources Code § 21074) in relation to the proposed project, please provide a written request for consultation to the address below or via email on or before Monday, November 8, 2021 (within 30 days of receipt of this notice) and include the name of a designated lead contact person.
