Greetings,

Based on the GPS coordinates imbedded in the links below, it appears this project affects your command. I will let you take it from here.

Thanks, Kevin

Subject: Environmental Document Review – SCH # 2021120436 – Due to Special Projects Section by 02/04/2022

Good afternoon,

Special Projects Section (SPS) recently received the referenced Notice of Environmental Impact document from the State Clearinghouse (SCH) outlined in the following Web site:

[State Route 239 Project \(ca.gov\)](https://www.ca.gov/state-route-239-project/)

Please note, there will also be an online public scoping meeting on Thursday, January 20, 2022, at 1730 hours. Additional information about the project and meeting can be found here: [State Route 239 Project – Online Open House \(sr239project.net\)](https://www.sr239project.net/).

Due to the project's geographical proximity, please use the attached checklist to assess its potential impact to local operations and public safety. If impact is determined, responses should be e-mailed to directly to SPS at

EIR@chp.ca.gov, with CC to myself. Special Projects Section will then coordinate the responses from both Valley Division and Golden Gate Division and provide them to the Lead Agency and SCH.

Please feel free to e-mail me if you have any questions.

Thank you,

Kristen Lange, Staff Services Analyst
Special Projects Section, Transportation Planning Unit
