Project Location: City-wide and within the City's sphere of influence

Project Description: The project is an update to the City of Clovis Active Transportation Plan. The Plan identifies strategies to improve safety and accessibility for active forms of travel and supplements previous plans of City of Clovis General Plan (2014) and the City of Clovis Active Transportation Plan (2016). The Plan meets all of the Active Transportation Program Guidelines specified by the California Transportation Commission.

Specific development is not being proposed under the Plan and adoption of this CEQA document would not authorize any development. The City's Plan is a programmatic document that proposes goals and policies pertaining to the future of active modes of transportation, such as walking and bicycling, in the City of Clovis. It is intended as a guidance document with the ultimate vision of a connected and complete network of trails, walkways, and bikeways that provides convenient and intuitive connections to key destinations, supports travel within and between neighborhoods, and encourages walking and bicycling for transportation and recreation around the City.

This is to advise that the **City of Clovis** has approved the above-described project on November 13, 2023 and has made the following determinations regarding the above described project:
