Re: SCH #2022020221

Ms. Cha-Haydostian:

The Fresno Area of the California Highway Patrol (CHP) RECEIVED THE “Notice of Preparation,” of a Draft Environmental Impact Report for project H-Land Specific Plan for the State Clearinghouse (SCH) number 2022020221. After review, we have some concerns with traffic congestions which could result along county highway travel around the project area.

The Department’s concerns with the potential impact of this project include the following: increased traffic congestion, additional enforcement demands, and increased incidents requiring emergency response during construction. Commercial truck trailer combination vehicle traffic on local highways will increase as materials and products are transported to and from the worksite.

This project could have a negative impact on our operations due to increased traffic congestion, which would necessitate the need for additional traffic control measures to mitigate the potential increase in traffic crashes. We are hopeful work project operators will diligently establish, monitor, and enforce work project rules related to vehicle safety as CHP personnel work to ensure compliance with the California Vehicle Code provisions.

If you have any questions, or require further assistance, please contact the Lieutenant David Singer at (559) 705-2200.

Sincerely,

A handwritten signature in blue ink that reads "I. Holguin".

I. HOLGUIN, Captain
Commander
