PROJECT TITLE: Project Homekey – Economy Inn, Sylmar

PROJECT LOCATION -- Specific: Economy Inn, 12783 San Fernando Road, Sylmar, CA 91342

PROJECT LOCATION – City: Los Angeles

PROJECT LOCATION – County: Los Angeles

DESCRIPTION OF NATURE, PURPOSE, AND BENEFICIARIES OF PROJECT: The State's Homekey Program (Homekey), has made funding available for local jurisdictions to purchase hotels and other properties to be used as interim and permanent housing for people experiencing homelessness (PEH) who are impacted by COVID-19. In September 2021, the California Department of Housing and Community Development (HCD) announced the availability of approximately \$1.45 billion of Homekey grant funding through its Round 2 Notice of Funding Availability (NOFA). In late October 2021, the County's Chief Executive Office (CEO) released a Request for Statement of Interest (RFSI) for the identification of nonprofit or for-profit entities (Corporations) to apply jointly with the County of Los Angeles (County) for the Homekey Round 2 NOFA. Selected Corporations would own and, in some cases, operate properties acquired through Homekey Round 2. The County received more than 30 responses to the RFSI, and identified 11 Corporations with whom to submit applications to HCD by January 31, 2022. Selected Corporations have performed due diligence on the properties to ensure the properties are appropriate for use as interim or permanent supportive housing for PEH, and to support a fair market purchase price for the properties. The State's Homekey Round 2 funds will be used to pay for the cost to acquire, develop, and/or rehabilitate each property. In some cases, a local match will be required to acquire, develop, and/or rehabilitate each property. On January 25, 2021, the County authorized applications for 19 proposed Homekey projects, and found the projects to be exempt from CEQA. This Project consists of a 33-unit motel that will be renovated for permanent supportive housing.

Summary of Reasons Why Project is Exempt Attachment

The Project utilizes Homekey grant funds and other public funds and will provide housing units for individuals and families who are experiencing homelessness or who are at risk of homelessness. The Project consists of a 33-unit motel that will be renovated for permanent supportive housing. Renovations include adding a kitchenette to each unit, new finishes, ADA upgrades, hardscape and landscape upgrades, mechanical, electrical and plumbing systems upgrades, roof replacement and infilling the pool.

The Project is exempt from CEQA because it meets the requirements of Government Code Section 65650 et seq., as it is a "supportive housing" development, as defined therein, and Public Resources Code Section 21080.50, as it is an "interim motel housing project" as defined therein. The Project is also exempt pursuant to Public Resources Code Section 21080.27, as it is an emergency shelter or supportive housing development within the City of Los Angeles, partially funded by the County of Los Angeles. Further, the Project is exempt from CEQA pursuant to Section 21080(b)(4) of the Public Resources Code and Section 15269(c) of the State CEQA Guidelines, which exempts specific actions necessary to prevent or mitigate an emergency, the current homelessness crisis facing the County. The Project is also categorically exempt pursuant to State CEQA Guidelines Sections 15301 (Existing Facilities) because the Project consists of the renovation of an existing motel for permanent supportive housing purposes with negligible or no expansion of its existing or former use, and 15332 (Infill Development) because the Project is urban in-fill development that is consistent with the applicable general plan and zoning, is within in a city on a site of no more than five acres, has no value as habitat, will not result in significant effects relating to traffic, noise, air quality or water quality and will be adequately served by existing utilities and public services. The Project is also exempt pursuant to Class 1 of the County's Environmental Document Reporting Procedures and Guidelines, Appendix G. In addition, based on the record of the Project, it will comply with all applicable regulations, and is not in a sensitive environment and there are no cumulative impacts, unusual circumstances, damage to scenic highways, listing on hazardous waste site lists compiled pursuant to Government Code Section 65962.5, or indication that it may cause a substantial adverse change in the significance of a historical resource that would make the exemptions inapplicable.
