State Clearinghouse Number (if submitted to State Clearinghouse): 2022050436

Project Title: Cargill Mixed Sea Salts Processing and Brine Discharge Project

Project Applicant: Cargill, Incorporated, 7220 Central Avenue, Newark, CA 94560

Project Location (include county): 7220 Central Ave, Newark, CA, and roadway ROWs, Alameda County

Project Description:

The project would enable the enhanced processing and removal of up to approximately 600,000 tons per year of mixed sea salts (MSS) in existing ponds at Cargill's Solar Salt Facility in Newark, CA by harvesting additional liquid brine from the MSS matrices in these ponds as commercial product, dissolving the residual MSS solids in the ponds using San Francisco Bay water, and transferring the resulting brine to the East Bay Discharger Authority's (EBDA's) combined effluent pipeline for discharge into the Bay under EBDA's National Pollutant Discharge Elimination System permit. The MSS brine would be discharged to the EBDA system at a rate of up to approximately 2.0 million gallons per day over an approximate 10- to 15-year timeframe. The proposed project has an onsite component of pipelines and pumping facilities within the existing Solar Salt Facility and an offsite component that would involve construction of approximately 15.6 miles of new underground pipeline primarily within roadway rights-of-way to connect the Solar Salt Facility into EBDA's system just downstream of the Oro Loma Sanitary District/Castro Valley Sanitary District Water Pollution Control Plant in San Lorenzo (see Attachment 1, Project Location)

This is to advise that the East Bay Dischargers Authority has approved the above (Lead Agency or Responsible Agency)

described project on 7/17/25 and has made the following determinations regarding the above described project.

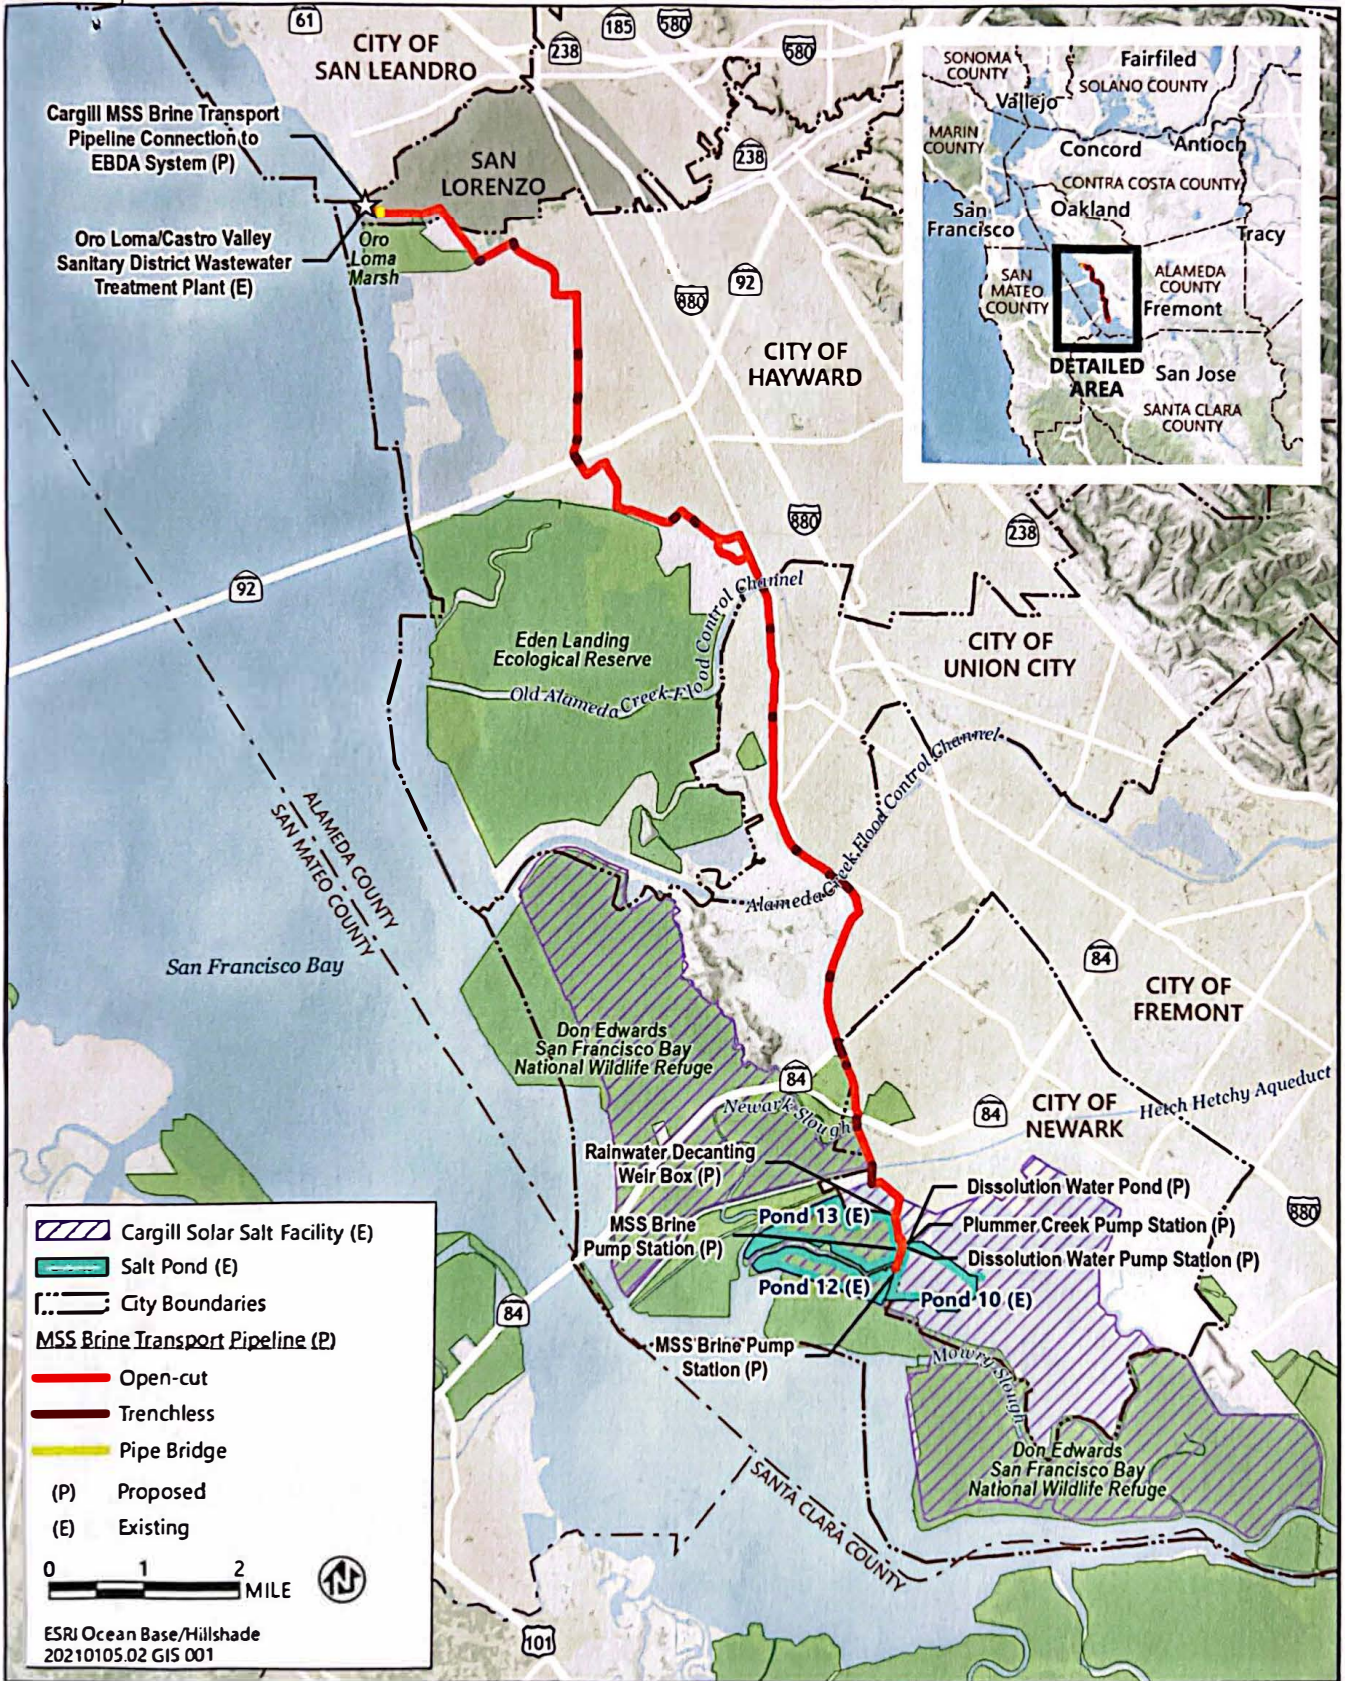

- 1. The project will have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan was adopted for this project.
5. A statement of Overriding Considerations was adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:

2651 Grant Avenue, San Lorenzo, CA 94580
