 Drainage/Absorption Population/Housing Balance Toxic/Hazardous Cumulative Effects
 Economic/Jobs Public Services/Facilities Traffic/Circulation Other: _____

Present Land Use/Zoning/General Plan Designation:

General Industry and Transportation (Oakland); General and Maritime Industry (Alameda)

Project Description: (please use a separate page if necessary)

The proposed Oakland Harbor Turning Basins Widening Project involves widening the turning basins at the Oakland Seaport (Seaport). The turning basin in the Seaport's inner harbor would be widened by 334 feet, from its current diameter of 1,500 feet to 1,834 feet and would require removal of landside property along the shoreline at the Seaport in the City of Oakland and along the shoreline in the City of Alameda. The turning basin in the Seaport's outer harbor would be widened by 315 feet, from its current diameter of 1,650 feet to 1,965 feet; widening the turning basin in the outer harbor does not require the removal of landside property.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X". If you have already sent your document to the agency please denote that with an "S".
