SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code § 21108

State Clearinghouse Number: 2022070096

Project Title: State Route 84 Storm Damage Permanent Restoration Project (California Endangered Species Act Incidental Take Permit No. 2081-2024-063-03 (ITP))

Project Location: The Project site is located on the eastbound edge of State Route 84 at post mile (PM) 7.5 and along the right bank of San Gregorio Creek in unincorporated San Mateo County. The Project site is located within Section 22, Township 7S, Range 4W (GPS Coordinates 37.3119893, -122.2822320).

Project Description: The purpose of the Project is to construct a steel casing tangent wall and realign a portion of San Gregorio Creek to prevent erosion and protect infrastructure along the eastern creek bank at Bridge #35. The existing concrete pile cap on the secant wall will be removed, and the eastern bank will be excavated to install a new 110-foot-long steel casing tangent wall. The area behind the wall will be backfilled with cellular concrete and the roadway repaved. Following wall installation, the creek will be realigned westward, and a hybrid bioengineered bank—featuring soil-wrapped benches, rock riprap, rootwads, and a rock deflector—will be constructed to stabilize the channel and improve habitat. A temporary creek diversion system will be installed during construction.

The Project will result in impacts to 0.238 acres of Central California Coast Coho Salmon (*Oncorhynchus kisutch*) habitat including temporary impacts to 0.126 acres; the Project will permanently remove 0.112 acres of Central California Coast Coho Salmon habitat. The project is expected to result in incidental take of Central California Coast Coho Salmon, which is designated as an endangered species under CESA. The ITP referenced above as issued by CDFW authorizes incidental take of species listed under CESA that may occur as a result of Project implementation.

This is to advise that CDFW, acting as [☐ the lead agency / ☒ a responsible agency] approved the above-described project on 6/11/2025 and made the following determinations regarding the above-described project:

1. The project [☐ will / ☒ will not] have a significant effect on the environment (This determination is limited to effects within CDFW's permitting jurisdiction as a responsible agency).
2. [☐ An environmental impact report / ☒ A negative declaration] was prepared by the lead agency for the original project.
3. Additional mitigation measures [☒ were / ☐ were not] made a condition of CDFW's approval of the project.
4. A mitigation reporting or monitoring plan [☒ was / ☐ was not] adopted by CDFW for this project.
5. A Statement of Overriding Considerations [☐ was / ☒ was not] adopted by CDFW for this project.
6. Findings [☐ were / ☒ were not] made by CDFW pursuant to Public Resources Code § 21081(a). CDFW did, however, adopt findings to document its compliance with CEQA.
7. Compliance with the environmental filing fee requirement at Fish and Game Code § 711.4 (check one):
 - ☐ Payment is submitted with this notice.
 - ☒ A copy of a receipt showing prior payment was submitted to CDFW.

Notice of Determination**- 2 -**

- ☒ Responsible Agency statement: The Mitigated Negative Declaration prepared by the lead agency for the Project is available to the general public at the office location listed above for the lead agency. CDFW's administrative record of proceedings related to the incidental take permit is available to the public for review at CDFW's regional office.
