State Clearinghouse Number 2023030750 NOD correction

Dear Alicea Norsby,

This memo requests that the previously submitted Notice of Determination (NOD) from the California Department of Fish and Wildlife, acting as a responsible agency under CEQA, be withdrawn and replaced with the attached corrected NOD. The original submission incorrectly identified the lead agency. The revised NOD properly identifies Caltrans District 9 as the lead agency for the project. Thank you for your attention to this matter.

Sincerely,

DocuSigned by:
