Paul N. Caporaso
Department of City Planning
221 N Figueroa Street Room 1350
Los Angeles, CA 90012

Dear Paul N. Caporaso:

[ENV-0000-0000-EIR]

The proposed, "Wilshire and Cloverdale Project" is located at 5350-5376 Wilshire Boulevard, Los Angeles CA 90036. The Reporting District (RD 0735) and project site is within the geographical boundaries of the Los Angeles Police Department's, Wilshire Division. A project of this size could have an impact on police services within the Wilshire Area. The Department is available for advisement on crime prevention features appropriate for the design of this project. The Department strongly recommends that the developers contact the Public Engagement Section's "Crime Prevention Through Environmental Design" (CPTED) unit.

Upon completion of your project, you are encouraged to provide the Commanding Officer of Wilshire Division with a copy of the project. Wilshire Community Police Station's Commanding Officer is Captain III Sonia Monico. Wilshire Community Police Station is located at 4861 West Venice Boulevard, Los Angeles, CA 90019 (RD 0765). Captain Monico's phone number is (213) 473-0558. The diagrams should include access routes and any additional information that might facilitate police response.

Should you have any further questions, please contact Officer James Nichols at LAPD Public Engagement Section (PES), "Crime Prevention Through Environmental Design" at Phone number (213) 486-6000 or via e-mail at CPTED@lapd.online.

Respectfully,

MICHEL R. MOORE
Chief of Police

Office of Operations

Enclosure

Project Location /Description:

The "Wilshire and Cloverdale Project" site is located at 5350-5376 Wilshire Boulevard, Los Angeles, CA 90036. Additional locations are 706-716 South Cloverdale Avenue and 721-725 South Detroit Street. These addresses are located within the Wilshire District Community Plan Area, in the City of Los Angeles. The Project proposes to construct a mixed-use development comprised of residential and commercial use with associated parking on 1.36 acres.

The project proposes to construct a podium type residential tower comprised up to 419 residential units. This would include 47 "Extremely Low-Income" affordable units. The project would also include a 2,645 square-foot, ground floor restaurant and 47,533 square feet of open space. The existing 2-story commercial buildings, including the "Los Angeles Historical-Cultural Monument" (#451), would be retained and would provide 42,092 square feet of office and restaurant uses.

This project will be constructed within the boundaries of the Los Angeles Police Department's Wilshire Division. Wilshire Division services the communities of Park La Brea, Hancock Park, Wilshire Vista, Carthay Square, Pic Fair Village, Faircrest Heights, Miracle Mile, Greater Wilshire/Hancock Park, Melrose Hill, South Hollywood, parts of West Hollywood and Spaulding Square.

A summarization of this project's Environmental Impact Report (EIR), is to identify and assess the project's potential impact on the public's quality of life issues and concerns. This is in accordance with section 15083 of the California Environmental Quality Act (CEQA). This EIR will also assess the project's potential impact on police protection services, the resources needed, the resources available and the impact these services and resources will have on the immediate community.

Purpose of Proposed Project:

The proposed "Wilshire and Cloverdale Project" in total, proposes to include 44,737 square feet of commercial floor area and remove 6,137 square feet of existing commercial floor area. The project would provide up to 443 vehicle parking spaces. 377 of those spaces would be residential and 66 would be commercial parking spaces. These parking spaces would be built within four levels of below grade parking and five levels of above grade parking. Included in the build would be approximately 202 short-term and long-term bicycle parking spaces. Access to the site will be through two, two-way driveways along Cloverdale Avenue and Detroit Street. Upon completion of the project, the total floor area would be 420,201 square feet, with a maximum building height of 46 stories at approximately 530 feet.

Project Distance and Times:

The measured time and distance to 5350-5376 Wilshire Boulevard from Wilshire Division Police Station is approximately 7 minutes@1.5 miles. The time and distance to 706 South Cloverdale Avenue is 7 minutes@1.5 miles. The time and distance to 721 South Detroit Street is 7 minutes@1.5 miles.

These distances and times were calculated from a departure point starting from Wilshire Community Police Station. These arrival times were also configured utilizing some traffic delays. Estimated times of arrival can vary depending on divisional call load, time of the day, traffic delays and types of calls being responded to. Additionally, because of this new commercial and residential build, calculated response times could be shortened or extended due to the project bringing in more vehicle and pedestrian populous traffic in this given area.

The reporting district for Wilshire Community Police Station is RD 0765. Their phone number is (213) 473-0476.

Divisional Geographic's /Demographics:

Wilshire Community Police Station's geographical area of patrol is approximately 13.97 square miles and consists of 57 Reporting Districts. The service boundaries for Wilshire Division are as follows:

To the West is La Cienega Boulevard, Schumacher Drive, San Vicente Boulevard, Clifton Way, North Robertson Boulevard, Burton Way, South Doheny Drive, Beverly Boulevard, North La Cienega Boulevard, Rosewood Avenue, North Croft Avenue, Clinton Avenue, North Orlando Avenue, Rosewood Avenue, North Sweetzer Avenue, Melrose Avenue and La Cienega Boulevard.

To the North is Santa Monica Boulevard, North Kings Road, Waring Avenue, North Sweetzer Avenue, Willoughby Avenue, Crescent Heights Boulevard, Romaine Street, Hayworth Avenue, Willoughby Avenue, North Vista Street, Romaine Street, North La Brea Avenue, Willoughby Avenue, Seward Street and Melrose Avenue.

To the East is North Gower Street, Beverly Boulevard, North and South Plymouth Boulevard, Wilshire Boulevard, South Bronson Avenue, West 8th Street, Crenshaw Boulevard, Olympic Boulevard, South Bronson Avenue, Country Club Drive and Arlington Avenue.

To the South is Highway 10, the Santa Monica Freeway, Washington Boulevard, South Fairfax Avenue and Washington Boulevard.

The proposed, "Wilshire and Cloverdale Project" is in RD 0735 (Los Angeles Police Department 's Wilshire Division). The borders for RD 0735 are as follows:

Reporting District 0735

To the West is Hauser Boulevard.

To the North is West 6th Street.

To the East is South La Brea Avenue.

To the South is Wilshire Boulevard, South Cloverdale Avenue and West 8th Street.

Wilshire Division

Wilshire Division has approximately 224 sworn full-time police personnel, 15 Sworn Reserve Police Officers and 10 civilian support staff.

The Wilshire area of Los Angeles is a culturally diverse community with a registered population of over 249,200 residents (according to the 2020 U.S. Census and the Los Angeles Almanac). As being a culturally diverse community, the Wilshire area of Los Angeles is abundant with a multitude of ethnically diverse populous.

This 249,200, resident population amount does not reflect citizens from outside the area visiting local businesses, churches, residences and educational institutions. To add these extra citizens into the equation would inflate the overall populous number of this community and alter the officer to resident ratio. The police officer to resident ratio equates to one police officer for every 1,042 Wilshire residents (1 042:1ratio). This is a given residential patrol impact for monitoring Wilshire Division's 13.97 square mile patrol area.

The Wilshire area of Los Angeles is concentrated in the mid-town area of Los Angeles, California. Using a city geographical map as a visual aid, this division is located north of US Interstate 10, Santa Monica Freeway and south of the Hollywood 101 Freeway.

To the north, Wilshire Division borders LAPD's Hollywood Division and the Los Angeles County, West Hollywood Sheriff. To the west is LAPD's West Los Angeles Division and the City of Beverly Hills. To the south is LAPD's Southwest Division and Culver City. To the east is LAPD's Olympic Division.

Some points of interest that the Wilshire area of Los Angeles offers is, Arlington Heights, Harvard Heights, West Adams Heights, Faircrest Heights, Carthay Circle, Country Club Park, Fairfax, Greater Wilshire, Hancock Park, Little Ethiopia, Melrose, Melrose Hill, Mid-Wilshire, Miracle Mile, Park La Brea, Wilshire Vista, Windsor Square and Olympic Park.

The Los Angeles Police Department

The Los Angeles Police Department currently has 9,001 sworn personnel and 2,807 civilian employees. These city police employees cater to a Los Angeles City population of approximately 3,822,238. This population amount is current as of July 1st 2021 (according to 2020-2022 American Community Survey and the 2020 US Census for year 2022, V2022). Additionally, this amount does not include all residents and non-residents, but only reflects those individuals that responded to the 2020 Census.

This population equates to a resident to officer ratio of 425 residents for every 1 officer (425:1). The 3,822,238, population amount, depicts a firm registered value of the population for the City of Los Angeles. However, this number can also be fluid.

The ethnic break-down of The City of Los Angeles, according to the 2021 American Community Survey (ACS) and Wikipedia is:

- 46.9% Hispanic / Latin
- 28.9% White (Non-Hispanic)
- 11.7% Asian
- 8.3% Black / African American
- 0.73% Native American
- 0.16% Native Hawaiian / Pacific Islander
- 3.4% Other/two or more races

Divisional Support and Communication:

There are many specialized support units, divisions, sections and services available to Wilshire Division within the LAPD (i.e., Air Support, Detectives, Bike Unit, K9 and Metro / SWAT) to support any additional policing needs Wilshire Division may encounter. These services are available to supplement and complement Wilshire area policing. In utilizing these available resources, the Los Angeles Police Department can meet the demanded needs of police services for the Wilshire Courtyard Redevelopment Project.

Wilshire Community Police Station's emergency response system is directly linked to the Los Angeles Police Department's Communication and Dispatch Center. Communication Division has the responsibility to staff this Dispatch Center. The staff are incident trained personnel that will respond to radioed and telephoned calls for service. They would then dispatch these requests to the proper emergency and non-emergency personnel required or requested. Then they would provide the city personnel involved with the necessary information to execute their duties for any given incident.

These operations are performed on a 24 hour a day, 7 days a week, 365 days a year basis. This includes 911 emergency calls (police, fire and medical). In referencing Communication Division, their main area of concentration is the dispatching and follow-up of police calls for service. Communication Division's "Emergency Operations Center" (EOC / DOC), also works in concert with the Los Angeles Fire Department's (LAFD) "Metropolitan Fire Communications Center" (MFC). Additional emergency response entities that Communication Division interacts with are, but not limited to, is the Los Angeles County Fire Department (LACoFD), the Los Angeles County Sheriff's Department (LASD) and other regional city police and fire agencies. This interaction is performed to ensure coordinated responses to all emergencies and incidents that occur, will occur or have occurred in Los Angeles City and Los Angeles County regions.

Divisional and Citywide Response Times:

According to the Los Angeles Police Department's Computer Statistics Division (COMPSTAT) the average police response time to emergency, high priority calls in the Wilshire Area (Code 3 calls) was 4.0 minutes. This was done with a dispatch median time of 1.3 minutes. The medium high priority response time (Code 2) was 20.0 minutes. This was done with a dispatch median time of 3.2 minutes. Low priority, non-emergency response times was 29.2 minutes. These low priority calls had a dispatch median time of 7.6 minutes.

These response times were taken from the statistics submitted by Wilshire Division to COMPSTAT for a 4-week period, between July 16, 2023 through August 12, 2023. During this same 4-week period Wilshire Division answered 270 emergency calls for service, 990 medium high priority calls, and 826 low priority calls.

Citywide response times during this same 4-week period was 4.7 minutes for emergency, high priority calls. The dispatch median time was 1.5 minutes. The medium high priority response times were 16.4 minutes with a dispatch time of 5.0 minutes. Low priority response times were 31.5 minutes with a dispatch time of 14.1 minutes.

These response times were taken from the statistics submitted by Wilshire Division to COMPSTAT for a 4-week period between July 16, 2023 through August 12, 2023. During this same 4-week period, Wilshire Division answered 290 emergency calls for service, 1,269 medium high priority calls and 1,043 low priority calls.

Citywide, for the same 4-week period, the Los Angeles Police Department answered 7,233 emergency calls for service, 28,754 medium high priority calls and 20,168 low priority calls. The response times stated are adequate performance times for this police division.

Statistics:

The following is one month of crime statistics for RD 0735 (Wilshire and Cloverdale Project) and 5-year crime statistics for Wilshire Division (WILS) for the years 2019-2023. Also included are Citywide crime statistics, broken down by year and by month for the same period.

Citywide 5-year crime totals:

Wilshire Division Crime YTD and 5-year totals	2023	2022	2021	2020	2019	Crime in RD 0735 7-16-2023 / 8-12-2023

Currently, there are no planned improvements to the Wilshire Community Police Station or its protection facilities. If there are any planned project improvements or non-planned improvements, they are only intended for the service areas of the "Wilshire and Cloverdale Project" site. Additionally, at this time, there are no special police protection requirements needed by law enforcement because of the specific attributes of the Wilshire and Cloverdale Project site.

The Wilshire and Cloverdale Project, individually or combined with other past or present projects, will not result in the need for new or altered police facilities.

This concludes the Wilshire and Cloverdale Project, Environmental Impact Report. If there are any further questions regarding this report, please email them to CPTED@lapd.online for the fastest response time.

Thank You for your patience,
