Coastal Dependent Industrial, Natural Resources, Commercial, Public Facility

Project Description: (please use a separate page if necessary)

The project will provide new multipurpose, heavy-lift marine terminal facility to support the offshore wind energy industry and, potentially, in the future, other coastal-dependent industries. The project also includes a 30-acre solar array and 1.2 mile long bike path adjacent to the terminal site, and additional improvements on Woodley Island to support fishery and recreation.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
