PROJECT TITLE: Environmental Review No. 8437 –Skaggs Bridge Park ADA Improvement

PROJECT APPLICANT/SPONSOR: Fresno County Design Division

PROJECT LOCATION – COUNTY: The Park is located north of the intersection of North Madera Avenue and West Barstow Avenue in unincorporated Fresno County. The Park is open for day use with approximately 17 acres developed in trees and turf. (016-060-01T) (5901 North Madera Avenue) (Sup. Dist. 2).

DESCRIPTION OF PROJECT: The County of Fresno's Department of Public Works and Planning (County) is proposing to make park improvements to Skaggs Bridge Park (Park).

The Park is open for day use with approximately 17 acres developed in trees and turf. Access to the San Joaquin River makes the Park a popular attraction amongst county residents year-round. Current amenities within the Park include picnic tables, barbecue areas, recreational playgrounds, public restrooms and other minor elements such as signage, lighting, and benches.

The County proposes to improve the existing amenities and create new opportunities for recreation at the Park with the following scope of work:

Install two ADA compliant parking lots consisting of approximately 100 new parking stalls within a 50,000 square foot area. This project will install approximately 1,000 linear feet of six-foot-tall chain-link fence along the southside of the Park to limit afterhours trespassing and increase safety.

- Replace existing shelters with new premanufactured shelters that will have a shelter foundation of 2-3 feet deep and a new concrete pad poured underneath each of the new shelters,
- Install new prefabricated playground structures,
- Perform necessary improvements to parking stalls and public restrooms to make them ADA compliant,
- Build new or replace existing non-ADA asphalt concrete or concrete paths leading to new park improvements where the final layout of the path will be determined based on connectivity and the existing grade,

E202310000221

- Replace existing and/or install new picnic tables and barbeque grills,
- Install underground electrical conduits in 12 to 18 inch wide by 30-inch-deep trenches to provide power to new shelter and playground structures, and
- Remove and/or trim trees as necessary to install new paths, play structures, and shelters.

Improvement of the project would allow compliance with the Americans With Disabilities Act (ADA).

NAME OF PUBLIC AGENCY APPROVING PROJECT: Fresno County Board of Supervisors, Department of Public Works and Planning, Community Development Division.

NAME OF PERSON OR AGENCY CARRYING OUT PROJECT: Fresno County Department of Public Works and Planning, Design Division, Contact: Gloria Hensley (559) 600-0523.

EXEMPT STATUS: Statutory exemption: Section 15301 and 15311

REASONS WHY THE PROJECT IS EXEMPT: The projects involves minor alteration to an existing facility, the installation of ADA compliant automatic opening doors, and the installation of a new small paved parking lot; adjacent to the facility site. The project will not affect any historic resources, the project site is not located in a flood hazard area, nor is the project site located on or near any known hazardous waste sites. Approval of this project will not result in any land use changes or an increase in density.
