# GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

To maintain currency of the following federal and state databases, EDR contacts the appropriate governmental agency on a monthly or quarterly basis, as required.

**Number of Days to Update:** Provides confirmation that EDR is reporting records that have been updated within 90 days from the date the government agency made the information available to the public.

**STANDARD ENVIRONMENTAL RECORDS**

***Lists of Federal NPL (Superfund) sites***

NPL: National Priority List

National Priorities List (Superfund). The NPL is a subset of CERCLIS and identifies over 1,200 sites for priority cleanup under the Superfund Program. NPL sites may encompass relatively large areas. As such, EDR provides polygon coverage for over 1,000 NPL site boundaries produced by EPA's Environmental Photographic Interpretation Center (EPIC) and regional EPA offices.

Proposed NPL: Proposed National Priority List Sites

A site that has been proposed for listing on the National Priorities List through the issuance of a proposed rule in the Federal Register. EPA then accepts public comments on the site, responds to the comments, and places on the NPL those sites that continue to meet the requirements for listing.

NPL LIENS: Federal Superfund Liens

Federal Superfund Liens. Under the authority granted the USEPA by CERCLA of 1980, the USEPA has the authority to file liens against real property in order to recover remedial action expenditures or when the property owner received notification of potential liability. USEPA compiles a listing of filed notices of Superfund Liens.

***Lists of Federal Delisted NPL sites***

Delisted NPL: National Priority List Deletions

The National Oil and Hazardous Substances Pollution Contingency Plan (NCP) establishes the criteria that the EPA uses to delete sites from the NPL. In accordance with 40 CFR 300.425.(e), sites may be deleted from the NPL where no further response is appropriate.

SEMS: Superfund Enterprise Management System

SEMS (Superfund Enterprise Management System) tracks hazardous waste sites, potentially hazardous waste sites, and remedial activities performed in support of EPA's Superfund Program across the United States. The list was formerly know as CERCLIS, renamed to SEMS by the EPA in 2015. The list contains data on potentially hazardous waste sites that have been reported to the USEPA by states, municipalities, private companies and private persons, pursuant to Section 103 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). This dataset also contains sites which are either proposed to or on the National Priorities List (NPL) and the sites which are in the screening and assessment phase for possible inclusion on the NPL.

***Lists of Federal CERCLA sites with NFRAP***

SEMS-ARCHIVE: Superfund Enterprise Management System Archive

SEMS-ARCHIVE (Superfund Enterprise Management System Archive) tracks sites that have no further interest under the Federal Superfund Program based on available information. The list was formerly known as the CERCLIS-NFRAP, renamed to SEMS ARCHIVE by the EPA in 2015. EPA may perform a minimal level of assessment work at a site while it is archived if site conditions change and/or new information becomes available. Archived sites have been removed and archived from the inventory of SEMS sites. Archived status indicates that, to the best of EPA's knowledge, assessment at a site has been completed and that EPA has determined no further steps will be taken to list the site on the National Priorities List (NPL), unless information indicates this decision was not appropriate or other considerations require a recommendation for listing at a later time. The decision does not necessarily mean that there is no hazard associated with a given site; it only means that. based upon available information, the location is not judged to be potential NPL site.

***Lists of Federal RCRA TSD facilities***

RCRA-TSDF: RCRA - Treatment, Storage and Disposal

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Transporters are individuals or entities that move hazardous waste from the generator offsite to a facility that can recycle, treat, store, or dispose of the waste. TSDFs treat, store, or dispose of the waste.

***Local Brownfield lists***

US BROWNFIELDS: A Listing of Brownfields Sites
Brownfields are real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. Cleaning up and reinvesting in these properties takes development pressures off of undeveloped, open land, and both improves and protects the environment. Assessment, Cleanup and Redevelopment Exchange System (ACRES) stores information reported by EPA Brownfields grant recipients on brownfields properties assessed or cleaned up with grant funding as well as information on Targeted Brownfields Assessments performed by EPA Regions. A listing of ACRES Brownfield sites is obtained from Cleanups in My Community. Cleanups in My Community provides information on Brownfields properties for which information is reported back to EPA, as well as areas served by Brownfields grant programs.

DEED: Deed Restriction Listing

Site Mitigation and Brownfields Reuse Program Facility Sites with Deed Restrictions & Hazardous Waste Management Program Facility Sites with Deed / Land Use Restriction. The DTSC Site Mitigation and Brownfields Reuse Program (SMBRP) list includes sites cleaned up under the program's oversight and generally does not include current or former hazardous waste facilities that required a hazardous waste facility permit. The list represents deed restrictions that are active. Some sites have multiple deed restrictions. The DTSC Hazardous Waste Management Program (HWMP) has developed a list of current or former hazardous waste facilities that have a recorded land use restriction at the local county recorder's office. The land use restrictions on this list were required by the DTSC HWMP as a result of the presence of hazardous substances that remain on site after the facility (or part of the facility) has been closed or cleaned up. The types of land use restriction include deed notice, deed restriction, or a land use restriction that binds current and future owners.

EPA WATCH LIST: EPA WATCH LIST

EPA maintains a "Watch List" to facilitate dialogue between EPA, state and local environmental agencies on enforcement matters relating to facilities with alleged violations identified as either significant or high priority. Being on the Watch List does not mean that the facility has actually violated the law only that an investigation by EPA or a state or local environmental agency has led those organizations to allege that an unproven violation has in fact occurred. Being on the Watch List does not represent a higher level of concern regarding the alleged violations that were detected, but instead indicates cases requiring additional dialogue between EPA, state and local agencies - primarily because of the length of time the alleged violation has gone unaddressed or unresolved.

2020 COR ACTION: 2020 Corrective Action Program List

The EPA has set ambitious goals for the RCRA Corrective Action program by creating the 2020 Corrective Action Universe. This RCRA cleanup baseline includes facilities expected to need corrective action. The 2020 universe contains a wide variety of sites. Some properties are heavily contaminated while others were contaminated but have since been cleaned up. Still others have not been fully investigated yet, and may require little or no remediation. Inclusion in the 2020 Universe does not necessarily imply failure on the part of a facility to meet its RCRA obligations.

RMP: Risk Management Plans

When Congress passed the Clean Air Act Amendments of 1990, it required EPA to publish regulations and guidance for chemical accident prevention at facilities using extremely hazardous substances. The Risk Management Program Rule (RMP Rule) was written to implement Section 112(r) of these amendments. The rule, which built upon existing industry codes and standards, requires companies of all sizes that use certain flammable and toxic substances to develop a Risk Management Program, which includes a(n): Hazard assessment that details the potential effects of an accidental release, an accident history of the last five years, and an evaluation of worst-case and alternative accidental releases; Prevention program that includes safety precautions and maintenance, monitoring, and employee training measures; and Emergency response program that spells out emergency health care, employee training measures and procedures for informing the public and response agencies (e.g the fire department) should an accident occur.

HIST FTTS: FIFRA/TSCA Tracking System Administrative Case Listing
A complete administrative case listing from the FIFRA/TSCA Tracking System (FTTS) for all ten EPA regions. The information was obtained from the National Compliance Database (NCDB). NCDB supports the implementation of FIFRA (Federal Insecticide, Fungicide, and Rodenticide Act) and TSCA (Toxic Substances Control Act). Some EPA regions are now closing out records. Because of that, and the fact that some EPA regions are not providing EPA Headquarters with updated records, it was decided to create a HIST FTTS database. It included records that may not be included in the newer FTTS database updates. This database is no longer updated.

UMTRA: Uranium Mill Tailings Sites

Uranium ore was mined by private companies for federal government use in national defense programs. When the mills shut down, large piles of the sand-like material (mill tailings) remain after uranium has been extracted from the ore. Levels of human exposure to radioactive materials from the piles are low; however, in some cases tailings were used as construction materials before the potential health hazards of the tailings were recognized.

US AIRS (AFS): Aerometric Information Retrieval System Facility Subsystem (AFS)

The database is a sub-system of Aerometric Information Retrieval System (AIRS). AFS contains compliance data on air pollution point sources regulated by the U.S. EPA and/or state and local air regulatory agencies. This information comes from source reports by various stationary sources of air pollution, such as electric power plants, steel mills, factories, and universities, and provides information about the air pollutants they produce. Action, air program, air program pollutant, and general level plant data. It is used to track emissions and compliance data from industrial plants.

ABANDONED MINES: Abandoned Mines

An inventory of land and water impacted by past mining (primarily coal mining) is maintained by OSMRE to provide information needed to implement the Surface Mining Control and Reclamation Act of 1977 (SMCRA). The inventory contains information on the location, type, and extent of AML impacts, as well as, information on the cost associated with the reclamation of those problems. The inventory is based upon field surveys by State, Tribal, and OSMRE program officials. It is dynamic to the extent that it is modified as new problems are identified and existing problems are reclaimed.

HAZNET: Facility and Manifest Data

Facility and Manifest Data. The data is extracted from the copies of hazardous waste manifests received each year by the DTSC. The annual volume of manifests is typically 700,000 - 1,000,000 annually, representing approximately 350,000 - 500,000 shipments. Data are from the manifests submitted without correction, and therefore many contain some invalid values for data elements such as generator ID, TSD ID, waste category, and disposal method. This database begins with calendar year 1993.

WASTEWATER PITS: Oil Wastewater Pits Listing
Water officials discovered that oil producers have been dumping chemical-laden wastewater into hundreds of unlined pits that are operating without proper permits. Inspections completed by the Central Valley Regional Water Quality Control Board revealed the existence of previously unidentified waste sites. The water boards review found that more than one-third of the region's active disposal pits are operating without permission.

WDR: Waste Discharge Requirements Listing
In general, the Waste Discharge Requirements (WDRs) Program (sometimes also referred to as the "Non Chapter 15 (Non 15) Program") regulates point discharges that are exempt pursuant to Subsection 20090 of Title 27 and not subject to the Federal Water Pollution Control Act. Exemptions from Title 27 may be granted for nine categories of discharges (e.g., sewage, wastewater, etc.) that meet, and continue to meet, the preconditions listed for each specific exemption. The scope of the WDRs Program also includes the discharge of wastes classified as inert, pursuant to section 20230 of Title 27.

**EDR HIGH RISK HISTORICAL RECORDS**

***EDR Exclusive Records***

EDR MGP: EDR Proprietary Manufactured Gas Plants

The EDR Proprietary Manufactured Gas Plant Database includes records of coal gas plants (manufactured gas plants) compiled by EDR's researchers. Manufactured gas sites were used in the United States from the 1800's to 1950's to produce a gas that could be distributed and used as fuel. These plants used whale oil, rosin, coal, or a mixture of coal, oil, and water that also produced a significant amount of waste. Many of the byproducts of the gas production, such as coal tar (oily waste containing volatile and non-volatile chemicals), sludges, oils and other compounds are potentially hazardous to human health and the environment. The byproduct from this process was frequently disposed of directly at the plant site and can remain or spread slowly, serving as a continuous source of soil and groundwater contamination.

EDR Hist Auto: EDR Exclusive Historical Auto Stations

EDR has searched selected national collections of business directories and has collected listings of potential gas station/filling station/service station sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include gas station/filling station/service station establishments. The categories reviewed included, but were not limited to gas, gas station, gasoline station, filling station, auto, automobile repair, auto service station, service station, etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

**OTHER DATABASE(S)**

Depending on the geographic area covered by this report, the data provided in these specialty databases may or may not be complete. For example, the existence of wetlands information data in a specific report does not mean that all wetlands in the area covered by the report are included. Moreover, the absence of any reported wetlands information does not necessarily mean that wetlands do not exist in the area covered by the report.

Sensitive Receptors: There are individuals deemed sensitive receptors due to their fragile immune systems and special sensitivity to environmental discharges. These sensitive receptors typically include the elderly, the sick, and children. While the location of all sensitive receptors cannot be determined, EDR indicates those buildings and facilities - schools, daycares, hospitals, medical centers, and nursing homes - where individuals who are sensitive receptors are likely to be located.

EDR’s GeoCheck Physical Setting Source Addendum is provided to assist the environmental professional in forming an opinion about the impact of potential contaminant migration.

Assessment of the impact of contaminant migration generally has two principle investigative components:

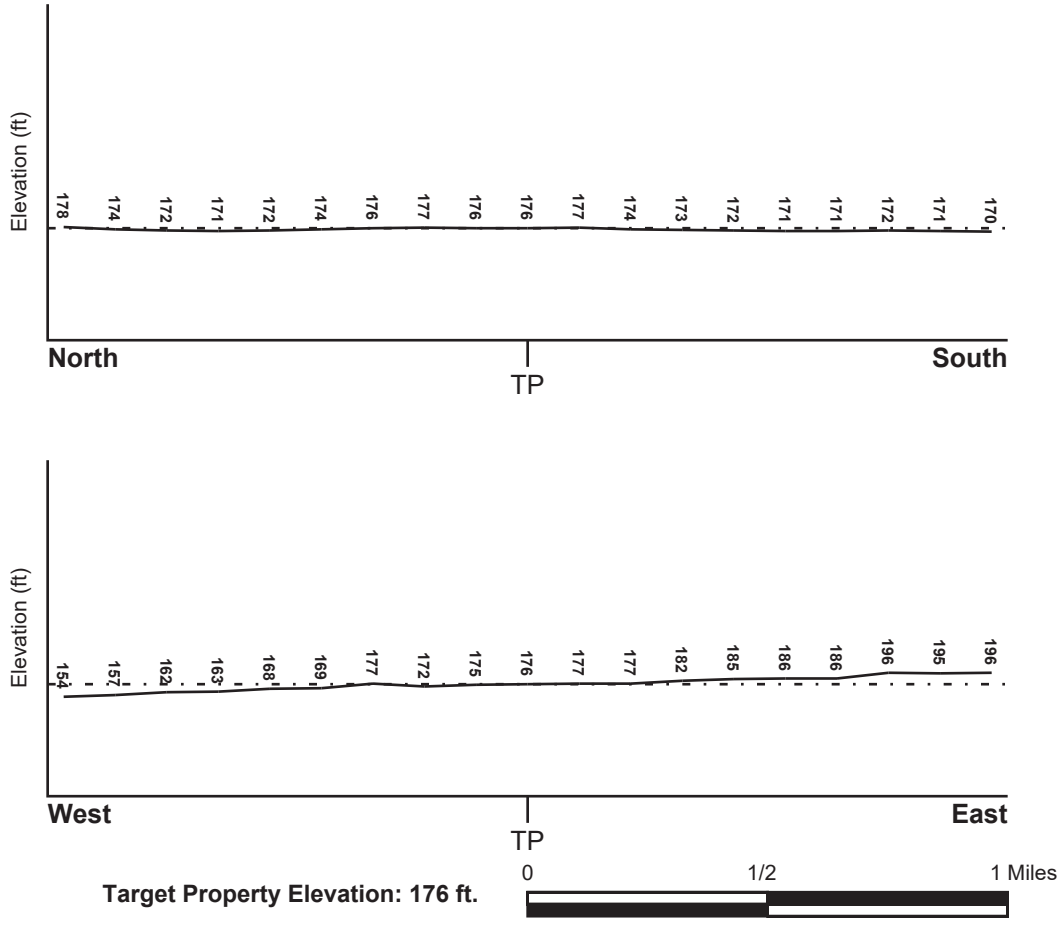
1. Groundwater flow direction, and
2. Groundwater flow velocity.

Groundwater flow direction may be impacted by surface topography, hydrology, hydrogeology, characteristics of the soil, and nearby wells. Groundwater flow velocity is generally impacted by the nature of the geologic strata.

# GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

**GROUNDWATER FLOW DIRECTION INFORMATION**

Groundwater flow direction for a particular site is best determined by a qualified environmental professional using site-specific well data. If such data is not reasonably ascertainable, it may be necessary to rely on other sources of information, such as surface topographic information, hydrologic information, hydrogeologic data collected on nearby properties, and regional groundwater flow information (from deep aquifers).



**TOPOGRAPHIC INFORMATION**

Surface topography may be indicative of the direction of surficial groundwater flow. This information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

**TARGET PROPERTY TOPOGRAPHY**

General Topographic Gradient: General WSW

**SURROUNDING TOPOGRAPHY: ELEVATION PROFILES**

Source: Topography has been determined from the USGS 7.5' Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified.

## HYDROLOGIC INFORMATION

Surface water can act as a hydrologic barrier to groundwater flow. Such hydrologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Refer to the Physical Setting Source Map following this summary for hydrologic information (major waterways and bodies of water).

## HYDROGEOLOGIC INFORMATION

Hydrogeologic information obtained by installation of wells on a specific site can often be an indicator of groundwater flow direction in the immediate area. Such hydrogeologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Search Radius: 1.000 Mile.

EDR has developed the AQUIFLOW Information System to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted by environmental professionals to regulatory authorities at select sites and has extracted the date of the report, groundwater flow direction as determined hydrogeologically, and the depth to water table.

## GROUNDWATER FLOW VELOCITY INFORMATION

Groundwater flow velocity information for a particular site is best determined by a qualified environmental professional using site specific geologic and soil strata data. If such data are not reasonably ascertainable, it may be necessary to rely on other sources of information, including geologic age identification, rock stratigraphic unit and soil characteristics data collected on nearby properties and regional soil information. In general, contaminant plumes move more quickly through sandy-gravelly types of soils than silty-clayey types of soils.

## GEOLOGIC INFORMATION IN GENERAL AREA OF TARGET PROPERTY

Geologic information can be used by the environmental professional in forming an opinion about the relative speed at which contaminant migration may be occurring.

**DOMINANT SOIL COMPOSITION IN GENERAL AREA OF TARGET PROPERTY**

The U.S. Department of Agriculture's (USDA) Soil Conservation Service (SCS) leads the National Cooperative Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. The following information is based on Soil Conservation Service SSURGO data.

## TOPOGRAPHIC INFORMATION

USGS 7.5' Digital Elevation Model (DEM)
Source: United States Geologic Survey
EDR acquired the USGS 7.5' Digital Elevation Model in 2002 and updated it in 2006. The 7.5 minute DEM corresponds to the USGS 1:24,000- and 1:25,000-scale topographic quadrangle maps. The DEM provides elevation data with consistent elevation units and projection.

Current USGS 7.5 Minute Topographic Map

## HYDROLOGIC INFORMATION

Flood Zone Data: This data was obtained from the Federal Emergency Management Agency (FEMA). It depicts 100-year and 500-year flood zones as defined by FEMA. It includes the National Flood Hazard Layer (NFHL) which incorporates Flood Insurance Rate Map (FIRM) data and Q3 data from FEMA in areas not covered by NFHL.

NWI: National Wetlands Inventory. This data, available in select counties across the country, was obtained by EDR in 2002, 2005 and 2010 from the U.S. Fish and Wildlife Service.

## HYDROGEOLOGIC INFORMATION

AQUIFLOW$^{R}$ Information System
Source: EDR proprietary database of groundwater flow information
EDR has developed the AQUIFLOW Information System (AIS) to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted to regulatory authorities at select sites and has extracted the date of the report, hydrogeologically determined groundwater flow direction and depth to water table information.

## GEOLOGIC INFORMATION

STATSGO: State Soil Geographic Database
Source: Department of Agriculture, Natural Resources Conservation Service (NRCS)
The U.S. Department of Agriculture's (USDA) Natural Resources Conservation Service (NRCS) leads the national Conservation Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. Soil maps for STATSGO are compiled by generalizing more detailed (SSURGO) soil survey maps.

SSURGO: Soil Survey Geographic Database
Source: Department of Agriculture, Natural Resources Conservation Service (NRCS)
Telephone: 800-672-5559
SSURGO is the most detailed level of mapping done by the Natural Resources Conservation Service, mapping scales generally range from 1:12,000 to 1:63,360. Field mapping methods using national standards are used to construct the soil maps in the Soil Survey Geographic (SSURGO) database. SSURGO digitizing duplicates the original soil survey maps. This level of mapping is designed for use by landowners, townships and county natural resource planning and management.

FEDERAL WATER WELLS

PWS: Public Water Systems
Source: EPA/Office of Drinking Water
Telephone: 202-564-3750
Public Water System data from the Federal Reporting Data System. A PWS is any water system which provides water to at least 25 people for at least 60 days annually. PWSs provide water from wells, rivers and other sources.

PWS ENF: Public Water Systems Violation and Enforcement Data
Source: EPA/Office of Drinking Water
Telephone: 202-564-3750
Violation and Enforcement data for Public Water Systems from the Safe Drinking Water Information System (SDWIS) after August 1995. Prior to August 1995, the data came from the Federal Reporting Data System (FRDS).

USGS Water Wells: USGS National Water Inventory System (NWIS)
This database contains descriptive information on sites where the USGS collects or has collected data on surface water and/or groundwater. The groundwater data includes information on wells, springs, and other sources of groundwater.

## OTHER STATE DATABASE INFORMATION

Groundwater Ambient Monitoring & Assessment Program
State Water Resources Control Board
Telephone: 916-341-5577
The GAMA Program is Californias comprehensive groundwater quality monitoring program. GAMA collects data by testing the untreated, raw water in different types of wells for naturally-occurring and man-made chemicals. The GAMA data includes Domestic, Monitoring and Municipal well types from the following sources, Department of Water Resources, Department of Heath Services, EDF, Agricultural Lands, Lawrence Livermore National Laboratory, Department of Pesticide Regulation, United States Geological Survey, Groundwater Ambient Monitoring and Assessment Program and Local Groundwater Projects.

INSTRUCTIONS FOR REQUESTING RECORDS

(California Public Records Act, Govt. Code Sections 6250-6276.48)

1. In order to expedite your request, please fill out the form completely. Requests may also be submitted by phone at (909) 396-3700, by facsimile to (909) 396-3330, or by email to PublicRecordsRequests@aqmd.gov.

2. Requests must be for records prepared, owned, used, or retained by the District (Gov. Code Sec. 6252(e)). Requests should be for clearly identifiable records. The District is not required to create a new record in response to a request. The District will assist the requestor in making a request that describes reasonably identifiable records (Gov. Code Sec. 6253.1). Documents will not be provided if disclosure would infringe upon a copyright, trade secret, or is otherwise exempt in accordance with state law.

3. A search for facility records can only be conducted by one or all of the following:

-- a) Facility Name, Address, or Identification Number

-- b) Facility Application Number, or Permit to Operate Number; or

-- c) Facility Notice of Violation/Notice to Comply Number.

4. You will be notified within ten (10) days whether your request seeks copies of disclosable public records prepared, owned, used, or retained by this agency. In some cases, the District may need an additional 14 days to respond. If so, you will be notified in writing. You will also be provided an estimated date of when the records will be made available.

5. Communications regarding your request, and any records, will be provided by email, unless specified otherwise.

6. If the search for records finds the records voluminous, you will be notified of the approximate number of pages and/or length of time it will take to process your request.

7. If the records you requested have been marked confidential by the source of the record, you will be notified and given the option of continuing with the District's Trade Secret process.

8. If your request is to review records, rather than receive copies, the District will notify you once the records are gathered, and arrangements will be made for your review.

9. The charge for the direct cost of duplication is as follows: Paper Copies, $0.15/page each over 10 pages (first 10 pages are free); Copied CD's or flash drives, no charge; and Copied Audio Tapes, $5.00 each. After a preliminary estimate, advance payment may be required.

10. If the request is for information in an electronic format, the requestor shall bear the cost of producing a copy of the record, including the cost to construct the record and the cost of programming and computer services necessary to produce a copy of the record, when either of the following applies: (1) the District would be required to produce a copy of an electronic record and the record is one that is produced only at otherwise regularly scheduled intervals, or (2) the request would require data compilation, extraction, or programming to produce the record. (Gov. Code Sec. 6253.9(b)). The transfer of gathered electronic records onto CD, DVD or flash drive typically costs $10.00 each. An invoice will accompany your records when completed.

Note: For further information, please refer to the District's Guidelines for Implementing the California Public Records Act. The Guidelines are available in the lobby of the District Headquarters or on the District's web site at www.aqmd.gov.

Note: If you have questions pertaining to the submittal of a Public Records Act request, you may contact the Public Records Unit, (909) 396-3700, Tuesday through Friday, 7:00 a.m. to 5:30 p.m. Our Fax number is (909) 396-3330. Our email address is PublicRecordsRequests@aqmd.gov.

Dear Requestor:

We have received your Public Records Act Request from the Department of Toxic Substances Control (DTSC). After a thorough review of our files, no site records were found pertaining to the sites/facilities referenced above.

A large number of our records are available on EnviroStor, an online database that provides non-confidential, public access to DTSCs Data Management System. It tracks our cleanup, permitting, enforcement and investigation efforts at hazardous waste facilities and sites with known or suspected contamination issues. EnviroStor is available 24/7, 365 days a year. The data reflects the latest updates as they are entered in the system. Access it from your computer or smartphone, the local library – anywhere Internet access is available. Just go to www.envirostor.dtsc.ca.gov. You'll find a step-by-step tour of EnviroStor under the "How to Use EnviroStor" menu on the website.

If you have any questions or would like further information regarding your request, please contact me at 714-4845337 or via email at CypressFileRoom@dtsc.ca.gov.

# Emergency Response/Contingency Plan

**(Hazardous Materials Business Plan Module)**

*Authority Cited: HSC§ 25504(b); 19 CCR §2731; 22 CCR §66262.34(a)(4)*

All facilities that handle hazardous materials in HMBP quantities must have a written emergency response plan. In addition, facilities that generate 1,000 kilograms or more of hazardous waste (or more than 1 kilogram of acutely hazardous waste or 100 kilograms of debris resulting from the spill of an acutely hazardous waste) per month, or accumulate more than 6,000 kilograms of hazardous waste on-site at any one time, must prepare a hazardous waste contingency plan. Because the requirements are similar, they have been combined in a single document, provided below, for your convenience. This plan is a required module of the Hazardous Materials Business Plan (HMBP). **If you already have a plan that meets these requirements, you should not complete the blank plan, below, but you must include a copy of your existing plan as part of your HMBP.**

This site-specific Emergency Response/Contingency Plan is the facility's plan for dealing with emergencies and shall be implemented immediately whenever there is a fire, explosion, or release of hazardous materials that could threaten human health and/or the environment. **At least one copy of the plan shall be maintained at the facility for use in the event of an emergency and for inspection by the local agency.** A copy of the plan and any revisions must be provided to any contractor, hospital, or agency with whom special (i.e., contractual) emergency services arrangements have been made *(see section 3, below)*.

**1. Evacuation Plan:**

a. The following alarm signal(s) will be used to begin evacuation of the facility *(check all that apply)*:

☐ Bells; ☐ Horns/Sirens; ☒ Verbal *(i.e., shouting)*; ☐ Other *(specify* _____

b. ☐ Evacuation map is prominently displayed throughout the facility.

*Note: A properly completed HMBP Site Plan satisfies contingency plan map requirements. This drawing (or any other drawing that shows primary and alternate evacuation routes, emergency exits, and primary and alternate staging areas) must be prominently posted throughout the facility in locations where it will be visible to employees and visitors.*

**3. Arrangements With Emergency Responders:**

If you have made special (i.e., contractual) arrangements with any police department, fire department, hospital, contractor, or State or local emergency response team to coordinate emergency services, describe those arrangements below:

A contract has been established with Hazmat Response, Inc. which can deliver teams of skilled and experienced field personnel and other technical experts to handle the mitigation and remediation of a significant release, spill, leak, etc.

## 4. Emergency Procedures:

Emergency Coordinator Responsibilities:

a. Whenever there is an imminent or actual emergency situation such as a explosion, fire, or release, the emergency coordinator *(or his/her designee when the emergency coordinator is on call)* shall:
   i. Identify the character, exact source, amount, and areal extent of any released hazardous materials.
   ii. Assess possible hazards to human health or the environment that may result from the explosion, fire, or release. This assessment must consider both direct and indirect effects *(e.g., the effects of any toxic, irritating, or asphyxiating gases that are generated, the effects of any hazardous surface water run-off from water or chemical agents used to control fire, etc.).*
   iii. Activate internal facility alarms or communications systems, where applicable, to notify all facility personnel.
   iv. Notify appropriate local authorities *(i.e., call 911).*
   v. Notify the State Office of Emergency Services at 1-800-852-7550.
   vi. Monitor for leaks, pressure build-up, gas generation, or ruptures in valves, pipes, or other equipment shut down in response to the incident.
   vii. Take all reasonable measures necessary to ensure that fires, explosions, and releases do not occur, recur, or spread to other hazardous materials at the facility.

b. Before facility operations are resumed in areas of the facility affected by the incident, the emergency coordinator shall:
   i. Provide for proper storage and disposal of recovered waste, contaminated soil or surface water, or any other material that results from a explosion, fire, or release at the facility.
   ii. Ensure that no material that is incompatible with the released material is transferred, stored, or disposed of in areas of the facility affected by the incident until cleanup procedures are completed.
   iii. Ensure that all emergency equipment is cleaned, fit for its intended use, and available for use.
   iv. Notify the California Environmental Protection Agency's Department of Toxic Substances Control, the local CUPA, and the local fire department's hazardous materials program that the facility is in compliance with requirements b-i and b-ii, above.

Responsibilities of Other Personnel:

On a separate page, list any emergency response functions not covered in the "Emergency Coordinator Responsibilities" section, above. Next to each function, list the job title or name of each person responsible for performing the function. Number the page(s) appropriately.

## 5. Post-Incident Reporting/Recording:

The time, date, and details of any hazardous materials incident that requires implementation of this plan shall be noted in the facility's operating record.

Within 15 days of any hazardous materials emergency incident or threatened hazardous materials emergency incident that triggers implementation of this plan, a written Emergency Incident Report, including, but not limited to a description of the incident and the facility's response to the incident, must be submitted to the California Environmental Protection Agency's Department of Toxic Substances Control, the local CUPA, and the local fire department's hazardous materials program. The report shall include:

a. Name, address, and telephone number of the facility's owner/operator;
b. Name, address, and telephone number of the facility;
c. Date, time, and type of incident *(e.g., fire, explosion, etc.)*;
d. Name and quantity of material(s) involved;
e. The extent of injuries, if any;
f. An assessment of actual or potential hazards to human health or the environment, where this is applicable;
g. Estimated quantity and disposition of recovered material that resulted from the incident;
h. Cause(es) of the incident;
i. Actions taken in response to the incident;
j. Administrative or engineering controls designed to prevent such incidents in the future.

## 6. Earthquake Vulnerability: [19 CCR §2731(e)]

As an attachment to this plan, you must identify any areas of the facility and mechanical or other systems that require immediate inspection or isolation because of their vulnerability to earthquake-related ground motion.

## 7. Hazard Mitigation/Prevention/Abatement [19 CCR §2731(c)]

As an attachment to this plan, you must include procedures that provide for mitigation, prevention, or abatement of hazards to persons, property, or the environment. These procedures must be scaled appropriately for the size and nature of the business, the nature of the damage potential of the hazardous materials handled, and the proximity of the business to residential areas and other populations.

**8. Emergency Equipment:**

22 CCR §66265.52(e) [as referenced by 22 CCR §66262.34(a)(4)] requires that emergency equipment at the facility be listed. Completion of the following Emergency Equipment Inventory Table meets this requirement.

## EMERGENCY EQUIPMENT INVENTORY TABLE

# Employee Training Plan

**(Hazardous Materials Business Plan Module)**

*Authority Cited: HSC, Section 25504(c); 22 CCR §66262.34(a)(4)*

All facilities that handle hazardous materials in HMBP quantities must have a written employee training plan. This plan is a required module of the Hazardous Materials Business Plan (HMBP). A blank plan has been provided below for you to complete and submit if you do not already have such a plan. **If you already have a brief written description of your training program that addresses all subjects covered below, you are not required to complete the blank plan, below, but you must include a copy of your existing document as part of your HMBP.**

Check all boxes that apply. *[Note: Items marked with an asterisk (*) are required.]*:

1. **Personnel** are trained in the following procedures:

| | |
|---|---|
| ☒ | Internal alarm/notification * |
| ☒ | Evacuation/re-entry procedures & assembly point locations* |
| ☒ | Emergency incident reporting |
| ☐ | External emergency response organization notification |
| ☒ | Location(s) and contents of Emergency Response/Contingency Plan |
| ☐ | Facility evacuation drills, that are conducted at least *(specify)*: *(e.g., "Quarterly", etc.)* |

2. **Chemical Handlers** are additionally trained in the following:

| | |
|---|---|
| ☒ | Safe methods for handling and storage of hazardous materials * |
| ☐ | Location(s) and proper use of fire and spill control equipment |
| ☒ | Spill procedures/emergency procedures |
| ☒ | Proper use of personal protective equipment * |
| ☒ | Specific hazard(s) of each chemical to which they may be exposed, including routes of exposure *(i.e., inhalation, ingestion, absorption)* * |
| ☐ | **Hazardous Waste Handlers/Managers** are trained in all aspects of hazardous waste management specific to their job duties *(e.g., container accumulation time requirements, labeling requirements, storage area inspection requirements, manifesting requirements, etc.)* * |

3. **Emergency Response Team Members** are capable of and engaged in the following:

*Complete this section only if you have an in-house emergency response team*

| | |
|---|---|
| ☐ | Personnel rescue procedures |
| ☐ | Shutdown of operations |
| ☐ | Liaison with responding agencies |
| ☐ | Use, maintenance, and replacement of emergency response equipment |
| ☐ | Refresher training, which is provided at least annually * |
| ☐ | Emergency response drills, which are conducted at least *(specify)*: *(e.g., "Quarterly", etc.)* |

# Record Keeping

**(Hazardous Materials Business Plan Module)**

All facilities that handle hazardous materials must maintain records associated with their management. A summary of your record keeping procedures is a required module of the Unidocs Hazardous Materials Business Plan (HMBP). A blank summary has been provided below for you to complete and submit if you do not already have such a document. **If you already have a brief written description of your hazardous materials record keeping systems that addresses all subjects covered below, you are not required to complete this page, but you must include a copy of your existing document as part of your HMBP.**

Check all boxes that apply. The following records are maintained at the facility. *[Note: Items marked with an asterisk (*) are required.]*:

| | |
|---|---|
| ☒ | Current employees' training records *(to be retained until closure of the facility)* * |
| ☒ | Former employees' training records *(to be retained at least three years after termination of employment)* * |
| ☒ | Training Program(s) *(i.e., written description of introductory and continuing training)* * |
| ☒ | Current copy of this Emergency Response/Contingency Plan * |
| ☒ | Record of recordable/reportable hazardous material/waste releases * |
| ☒ | Record of hazardous material/waste storage area inspections * |
| ☒ | Record of hazardous waste tank daily inspections * |
| ☐ | Description and documentation of facility emergency response drills |

*Note: The above list of records does not necessarily identify every type of record required to be maintained by the facility.*

***Note: The following section applies where local agencies require facility owners/operators to perform and document routine facility self-inspections:***

**A copy of the Inspection Check Sheet(s) or Log(s) used in conjunction with required routine self-inspections of your facility must be submitted with your HMBP.** *[Exception: Unidocs provides a Hazardous Materials/Waste Storage Area Inspection Form that you may use if you do not already have your own form. If you use the Unidocs form (available at* **www.unidocs.org***), you do not need to attach a copy.]*

Check the appropriate box:

| | |
|---|---|
| ☒ | We will use the Unidocs "Hazardous Materials/Waste Storage Area Inspection Form" to document inspections. |
| ☐ | We will use our own documents to record inspections. ***(A blank copy of each document used must be attached to this HMBP.)*** |

# EMERGENCY ACTION PLAN

# CROWNE PLAZA/FULLERTON

- EXECUTICE OFFICE –

CC: F. VILLICANA 8-27-08

# Management Instructions

The following outlines are procedures for all employees and management in case of fire, earthquake, bomb threats, civil disorder, or power outage. The following people should be contacted immediately in the following order:

1. Chief engineer
2. Charles Yang
3. General Manager
4. AGM
5. Manager on Duty

In the event of any of the following emergencies, the front desk will become the command center to coordinate all of the activities in the hotel.

The following procedures should be done immediately:

1. Chief engineer and his staff will immediately proceed to the troubled area and report the situation back to the front desk.
2. The GM or AGM will assume command of the front desk and coordinate the activities of the hotel.
3. In the absence of either one of them, the Manager on duty will assume command and coordinate the activities of the hotel.
4. The front desk will immediately comprise a list of all occupied rooms and hotel guests and all handicapped guests that are in the hotel, which may need assistance. All department managers will immediately secure their areas and report to the front desk to assist as needed.

# Fire Emergency Procedures

The following procedures should be followed in case of fire:

1. Instructions for reporting a fire:
    a. Remain calm but react quickly.
    b. Immediately pull the nearest fire alarm available, then call the front desk and describe to the front desk agent the exact location of the fire.
    c. Never yell fire or exhibit any action, which could start a panic with hotel guests or staff.
    d. Return to the designated fire area with a hose line or extinguisher and attempt to extinguish or contain the fire if possible using this equipment without endangering you life or safety.
    e. If the fire cannot be extinguished evacuate the area, close all doors and windows, and proceed to safety while trying to help any guests or staff who may need assistance.
2. Instructions for the front desk:
    a. Immediately notify the fire department giving them the name and address of the hotel and the location of the fire.
    b. Immediately notify the senior manager on duty of the fire and tell them where it is located.
    c. When the fire department arrives the GM, AGM, or Manager on duty will order a floor or area to be evacuated. Begin immediately to systematically ring the rooms in that area notifying the guests of the order to evacuate that area. Deliver the following message in a calm and steady voice, **"I am sorry to disturb you, the management has asked that all guests in your area vacate immediately. Please close all windows and doors as you leave".**

# Front Desk Staff
# Steps for Reporting a Fire

**When the alarm system sounds:**

a. Notify the fire department at 911 giving them the name and hotel location, and zone a fire from the indicator board located behind the front desk. Note the zone light flashing and refer to the zone chart posted to determine location.

b. Call the following hotel staff and inform them that the fire alarm has gone off, and there may be an actual emergency within the hotel.
   1. Chief engineer
   2. AGM
   3. Manager on Duty
   4. GM

c. When it has been determined that the building is in an unfounded alarm condition, hotel guests and staff should be immediately informed and the fire department should be called and notified that it is a false alarm.

d. In the event that there is an actual fire:
   1. The front desk staff should remain calm and wait from instructions from senior management.
   2. The bell staff should stand by the main doors to direct the fire department upon arrival to the fire zone in the hotel.
   3. The front desk should immediately make a list of all disabled guests in the hotel, and management should immediately assign someone to a physically assist them with the evacuation of the fire area.
   4. The front desk will stand by the switchboard system to answer all calls in a prompt manner to reassure the guests, and to explain to them what is going on.
   5. Should there be an actual fire in the building, begin systematically calling all guests in the zone of the fire. Notify guests there is no need to panic, however they are ordered to evacuate the area, and deliver the following message in a calm and reassuring manner, **"I am sorry to disturb you, but the management asked that all guests in your area evacuate their rooms immediately. Please close your sliding glass doors and your room doors as you leave. Under no circumstances for your own safety, take the elevator. Proceed to either end of the corridor and take the stairwell down. Please proceed as far from the building as possible to the middle of the parking lot area, and wait for instructions."**

# Bellmen

## What to do during a fire alarm

When the alarm system sounds:

a. The elevators will proceed to the nearest floor away from the fire and the doors will open.
b. Immediately proceed to the front entrance and clear the front driveway/porters area for the fire department. Be ready to immediately direct the fire department to the fire zone.
c. Stand by to answer guest's questions regarding the alarm conditions, and instructions from senior management. In the interim the following message should be delivered to guests, **"Please remain clam the building is in a state of alarm, and emergency services have been notified. Please remain clam, we will have further instructions for you in a few moments".**
d. Should the alarm be unfounded elevators should be returned to service as quickly as possible, and all guests should be informed of the false alarm.
e. Should the alarm be an actual fire or emergency all guests should be directed to the outside parking lots of the hotel. Guests in the specific fire zone will be called to evacuate by the front desk staff, and a staff person should be assigned to assist with the elderly or handicapped guests.

# Engineering
# What to do in case of a fire alarm

When the alarm system sounds:

a. One engineer should immediately contact front desk and determine the location/zone on the indicator panel.
b. The engineering staff should immediately go to the location indicated on the alarm.
c. The engineers will immediately report back to the command zone upon the inspection of the following:
    1. Unfounded alarm do to an inadequately tripped smoke detector
    2. Unfounded alarm do to a pulled alarm station.
    3. An actual fire.
d. Should a fire actually be discovered and is in it's small stages, you may attempt to extinguish the fire with the fire house or extinguisher. However, do not attempt to extinguish a fire that begins to get out of control or would threaten ones safety.
e. Instead, begin to assist in an orderly evacuation of all guests located in the fire alarm zone. This should be done to include one floor above and one floor below, and lend any physical assistance necessary to the elderly or physically disabled guests. Direct all guests to the nearest stairwell, and to outside parking lots. Remain calm in letting guests know that everything is under control and that there is no need to panic.
f. Assist the fire department if possible to the fire alarm zone keeping in mind that once the fire department arrives they assume command of the situation and the building.
g. Should the alarm be unfounded, notify the front desk staff, or senior manager on duty to call the fire department and immediately reset the fire alarm systems with out delay. See that all elevators are put back into service as quickly as possible.

# Security/Night Audit

When the fire alarm system sounds:

a. Determine the fire alarm zone/location from the indicator board.
b. Security / Maintenance will proceed to the zone to determine if the alarm is unfounded or an actual fire exists.
c. Call the fire department immediately and remain by the phone to communicate further instructions. (See front desk procedures for fire.)
d. The chief engineer, GM, AGM, should be notified immediately and advised of the situation.
e. Direct the fire department to the alarm zone.
f. If the alarm has been determined to be unfounded, call the fire department immediately. Notify the proper management, and security will immediately reset the alarm system and return elevators to operational status.
g. If it is found that an actual fire condition exists, security will assist any guests in an orderly evacuation via the exit stairwells to the outside parking lot. An evacuation should be done for one floor above and one floor below the fire zone, keeping in mind that the elderly and handicapped should be given special assistance.
h. The night audit should run a complete backup record of all transactions and secure all cash and deposits. They should remain behind the front desk in the command zone answering the phone and assisting in any way possible as long as it is determined it is safe, and they are in no physical danger.

# All Department Heads
# What to Do During a Fire Alarm

When the alarm system sounds:

a. Call the front desk operator to determine the location.
b. Inform the staff to remain calm and wait for further instructions from senior management. Sales staff and any administrative management will immediately proceed to the front desk, and wait for instructions from either the GM, AGM, or the senior manager on duty.
c. The GM, AGM, or the Manager on Duty will assume command of the hotel, and their instructions should be flowed with out question, so that we can have an orderly and calm chain of command.
d. Should a fire condition exist direct an orderly evacuation of your department to an outside parking lot area, and await instructions from a senior manager.
e. In the kitchen area the Executive Chef or designated Manager on Duty are to see that all stoves, ovens, and grills are turned off and all refrigerators and freezers in storerooms are secured.
f. The Executive Housekeeper or Supervisor should immediately see that all laundry equipment is turned off and that the laundry area is secure along with store rooms.

# Alarm System

The alarm system company is EARL Security & Fire Alarm Company. Smoke alarm resets and fire alarm resets are the responsibilities of the engineering department, and should be done immediately upon an "All Clear" situation.

# Hot Water/Tower Building

**Boiler Room**

To shut off hot water to Tower you must first go into the Chiller Room, which is the Center door on the roof. Breaker panel is located in East wall. Turn Breaker #12 off. (You must always turn breaker off first or you will burn up the pumps). After the breaker is turned off, use next page to see what valves need to be shut off. Valves that look like this Turn valves so handle is not in the same direction as pipe. (You must turn valve slow or you will blow pipe). Valves that look like this turn this type of valve clockwise to shut off. (Same as above turn the valve very slow or you will blow the pipe). Hot water should be off now.

When repair is over, first turn all valves back (very slowly. Water Pressure will be at valve so be careful). After all valves are open, go back to chiller room. Turn Breaker #12 back on, (only after water is turned back on).

# Hot Water/Guest Rooms

Boiler Room "Patio"

To shut off hot water to Guest Rooms, enter Patio boiler room (rear of kitchen). You must first turn off all breakers marked with a blue ** (all breakers must be turned off or you will burn up pumps). Breakers will be found on north wall. Use next page to see what valves need to be shut off. Valves that look like this or turn handle so it is not in the same direction as pipe. (You must turn valve slow or you will blow pipes). Valves that look like this or turn this valve clockwise to shut off (as above turn valve slow or you will blow pipe). Hot water should be off.

When Repair is over, first turn all valves back very slowly. Water pressure will be right at valve, so be careful. After valves are open, turn breakers back on.

# Hot Water (Boiler Room Patio)

**Kitchen, Ruby Begonias**

To shut off hot water to the kitchen, or Ruby's, enter the patio boiler room (rear of kitchen). You must first turn off all breakers marked with a blue *. (All breakers must be turned off first or you will burn up the pumps). Breakers will be found on the north wall. Use the next page for what valves need to be shut off. Valves that look like this - turn handle so it is not in the same direction as the pipe. (You must turn valve slow or you will blow the pipe). Valves that look like this - turn this type of valve clockwise to shut off (as above turn the valve slow or you will blow the pipe). Hot water should be off.

When repair is over, first turn all valves back (very slowly water pressure will be right at valve so be careful). After valves are open, then turn breakers back on.

# Evacuation Procedures

Before an evacuation is put into effect personnel should be dispatched to the stairwell entrances on each floor to direct and reassure guests. Elevators may not be used under any circumstances unless instructed by the Fire Marshall or city official. When the evacuation begins, in a calm and reassuring voice the following message should be transmitted to all hotel guests, **"Management requests that all guests and visitors evacuate the hotel, or evacuate specific areas as a precaution. Please leave the building by the nearest exit taking your room key with you. Please walk, do not run".** In fire evacuations the message should indicate for guests to close room windows and doors. In a bomb evacuation, the message should indicate that guests should leave windows open. Under no circumstances do you mention the reason for the evacuation. When directed by the management the front desk should systematically begin to ring the rooms indicating to the guests the following, **"I'm sorry to disturb you, but the management has asked that all guests in your area vacate their rooms immediately for security reasons. Please use the stairwells at the end of the corridor to leave the floor". (In fire evacuations – "please close all windows and doors behind you"). (In a bomb evacuation – "Please leave all windows open").**

The front desk should list all occupied rooms that did not respond to the call. Notify Management immediately so steps could be taken to physically check these rooms.

1. In the high rise building, in the event that a fire does occur both the floors above and below should be evacuate.
2. Doors to the tower stairwells should be kept closed, but floor monitors should remain in the vicinity to help direct guests out of the Tower stairwells.
3. If it is necessary to evacuate the entire building, have the Fire Department determine if the elevators may be used. Otherwise, direct occupants of the floors to the nearest stairwells for evacuation.
4. To regulate the flow of guests in the stairwells alternate floors may be assigned different stairwells, thus providing an interval of two full flights between evacuating floors.
5. Hotel management or staff should be assigned to each entrance of the building to oversee evacuation and to prevent anyone from entering.
6. When emergency equipment and personnel arrive at the hotel they should be directed by hotel management or assigned staff to the scene of the emergency. All other personnel should kindly reassure our guests of their safety, making an orderly departure easier.
7. One the ground level when guests emerge from stairwells, they are to assembly 250 feet or more from the outer parts of the building. The designated area should not interfere with emergency vehicle route, and should attempt to be behind a solid cover if a bomb threat is detected for a possible blast.
8. If the location of a bomb is known at the very least, the floors above and below should be evacuated. If possible, the entire building should be evacuated. Or if responsible officials request this action, do not hesitate to comply. In the Tower building, people on floors above the location should be evacuated first. Immediately after the evacuation, every guest room should be checked to make

sure everyone has complied with these instructions. Also, that both the elderly and handicapped have received any special assistance needed.

9. Engineering staff should shut off all gas and fuel lines at the main connections. This should be done by knowledge personnel who are familiar the equipment shut down procedures. When it is safe they should be able to put back into operational status. (Boilers, pumps, and other appliances). Under no circumstances should the front desk command center be left unmanned unless it is determined that it is unsafe. At which time, that are should be evacuated as well. The command center should be relocated to the parking lot area.

# Earthquake and Emergency Procedures

During:

1. Do not get under beds or furniture during earthquakes, but lay next to the bed. Under no circumstances lay under the bed. The bed will cushion the falling debris, however, it is possible that you may be crushed if you are under the bed or tables.
2. If you are in an elevator stop at the nearest floor, and take cover against the interior walls. Brace yourself against the wall and duck and cover yourself with your arms. As soon as possible, move to an open area outdoors. Stay away from trees, power lines, and other structures.

After:

1. Remain covered for a few minutes. There may be aftershocks.
2. Move to the center of the building. Do not evacuate unless you are instructed to unless you are in immediate danger.
3. Hotel staff should immediately check for injured guests or staff members and administer first aid. Seriously injured persons should not be moved unless they are in immediate danger of further injury.
4. In the event of fatalities cover the bodies and notify the proper authority. They should not be moved.
5. To assist management and fellow staff with any special needs.
6. Personnel should be assigned to check for fire hazards. Staff should be advised not to smoke or light matches. Flashlights should be used only if power is off. Sparklers, flares, matches, or light switches could ignite leaking gas.
7. Immediately clean up any dangerous materials that may have been spilled.
8. Under no circumstances should elevators be used.
9. Replace telephone receives to their cradles, but do not use them unless there is a fire or serious injury.
10. Cooperate completely with the senior management and the front desk command center. Do not do anything until you receive specific instructions.
11. Remain calm, do not spread rumors, and reassure and help others.
12. If possibly listen for emergency information over a battery operated radio, but above all remain calm.

# Bomb Threats

1. In the receipt of a bomb threat, it should be reported immediately to the senior on duty, the GM, or the AGM without delay.
2. The GM or AGM, or senior on duty should assess the situation and take immediate steps to secure the services of the police department. Any report of a bomb threat orally or in writing is to be treated as the real thing.
3. The GM, AGM, or senior manager on duty will inform the police of all information, and assist the police with their investigation.
4. Direct all inquires from the media or other representatives to the GM or AGM, and all comments about the situation should be made by the executive office only.
5. If a bomb threat is in writing, save all materials such as paper, envelopes, etc. They may be used as evidence and may determine the specific device used. Under no circumstances should radios be used during a search. Radios may set of the device by causing an electrical interference.
6. The senior manager on duty will assign a responsible person to keep a log of all events occurring from the time of the threat to the end. Under no circumstances may anyone give an "all clear" signal until it has been approved by the GM, AGM, or Manager on duty. In the event that it is determined that an evacuation is needed the GM, AGM, or manager on duty will determine which rooms are to be evacuated and when. They will also determine which routes are to be used during the evacuation, and which employees are to assist during the evacuation.
7. The person receiving the bomb threat is to fill out a bomb threat checklist as soon as possible.
8. The GM, AGM, or the manager on duty will complete a written incident report and evaluation of what happened.
9. Should an evacuation become necessary, all procedures as defined in the evacuation outline should be followed.
10. Under no circumstances should a guest or employees return to the building after an evacuation without proper authorization from the police, fire department, and senior management.
11. The evacuation of the building will inconvenience our guests. She anyone request a refund please do so. If necessary every attempt should be made in assisting the guest with moving to another hotel.
12. The GM and AGM are responsible to see that all incident reports are completed, copies of the police reports, and all other statements necessary are done immediately.

It is essential the we reemphasize three key parts:

1. A high percentage of all bomb threats are false.
2. Do not overreact, over step your authority in responding to the bomb threat, or panic.
3. In a calm manner follow all of the procedures to alert management and authorities regarding the bombe threat. Remember that a calm appearance and strict adherence to procedures can avoid liabilities help stop a panic, and above all avoid possibility of a fatality.

# Letter and Parcel Bomb Recognition Points

- Foreign mail, air mail and special delivery
- Restrictive markings such as confidential, personal, etc.
- Excessive postage
- Handwritten or poorly type addresses
- Incorrect titles
- Titles but no names
- Misspellings of common words
- Oil stains or discolorations
- No return address
- Excessive weight
- Rigid envelope
- Lopsided or uneven envelope
- Protruding wires or tinfoil
- Excessive securing material such as masking tape, string, etc.
- Visual distractions

If you are suspicious of a mailing and are unable to verify the contents with the addressee or sender:

1. Do not open the article
2. Isolate the mailing and evacuate the immediate area
3. Do not put in water or a confined space such as a desk drawer or filing cabinet
4. If possible, open windows in the immediate area to assist in venting potential explosive gases.
5. If you have any reason to believe a letter or parcel is suspicious, do not take a chance or worry about possible embarrassment if the item turns out to be innocent. Instead, contact your local police department and Postal Inspector for professional assistance. Especially note packages addressed to a future guest and designated "Hold for Arrival".

## LEGISLATIVE REQUIREMENTS

Chapter 6.95 of Division 20 of the California Health and Safety Code (H&SC) and Section 11022 of Title 42 of the United States Code contain the minimum requirements for hazardous material inventory reporting and data management. These regulations require businesses within this jurisdiction to complete a chemical inventory form to disclose hazardous materials stored, used, or handled on site. This disclosure information will assist emergency responders in planning for and handling emergencies involving hazardous materials. The main program objective is to safeguard the lives of emergency responders, the public, and to minimize property loss.

The H&SC also requires a Business Emergency Plan (BEP). The intent of the BEP is to assist in mitigating a release or threatened release of a hazardous material, and to minimize any potential harm or damage to human health or the environment.

In accordance with the provisions of Chapter 6.95, disclosure of hazardous materials shall be updated at least annually.

**Haz Mat Reporting Forms can be found at: http://www.ochealthinfo.com/regulatory/cupa/forms.htm**

These forms will satisfy disclosure requirements of State laws as well as Sections 311 and 312 of Federal law (EPCRA - SARA Title III).
This agency is mandated to maintain files of all chemical inventory information and business plans. During our regular business hours, this information shall be made available for public inspection. Trade secret and other confidential information will not be available for public inspections.

## REPORTING REQUIREMENTS

**What is a hazardous material?**
Any material, because of its quantity, concentration, physical or chemical characteristics, poses a significant present or potential hazard to human health and safety or the environment if released into the work place or the environment; or any material that is required to have a Material Safety Data Sheet according to Title 8 Section 339 of the California Code of Regulations.

**When is disclosure required?** If you use, handle or store hazardous materials in quantities equal to or more than:

**55 gallons of a liquid**
**500 pounds of a solid**
**200 cubic feet of a gas**

**AND/OR:**

**Extremely Hazardous Substances (EHS)** – Federal and State law now mandates special reporting of chemicals listed on the Federal EPA EHS list. You must report these chemicals if the amount on site at any given time exceeds the "Threshold Planning Quantity" (TPQ) for that material, or if it exceeds the California threshold quantities listed above (55 gallons, 500 pounds, 200 cubic feet), **whichever is less**.

EXAMPLE: *Chlorine gas is on the EHS list, with a TPQ of 100 pounds. You have up to 150 pounds stored on site at any given time (standard chlorine cylinder is 150 lbs.). Even though you handle less than the 500-pound basic quantity, you must still disclose.*

The EHS list can be found on the EPA web site at:

http://yosemite.epa.gov/oswer/ceppoweb.nsf/content/chemicals.htm

RECEIVED HCA
AUG 17 2012
ENVIRONMENTAL HLTH

**Hazardous Waste** – Hazardous waste is also a hazardous material and **MUST** be disclosed. Hazardous waste will not be counted for the number of billable hazardous materials.

## EXCEPTIONS

Disclosure is **not** required for the following:

1. Oxygen, nitrogen and nitrous oxide maintained by a physician, dentist, podiatrist, veterinarian, or pharmacist in quantities equal to or less than 1000 cubic feet at any one time, at his or her office or place of business.
2. Lubricating oil is exempt for a single business facility, if the total volume of each type of lubricating oil handled at that facility does not exceed 55 gallons and the total volume of all types of lubricating oil handled at that facility does not exceed 275 gallons, at any one time.
   *For purposes of this paragraph, "lubricating oil" means any oil intended for use in an internal combustion crankcase, or the transmission, gearbox, differential, or hydraulic system of an automobile, bus, truck, vessel, plane, heavy equipment, or other machinery powered by an internal combustion or electric powered engine. "Lubricating oil" does not include used or waste oil.*
3. Hazardous material contained solely in a consumer product for direct distribution to, and use by, the general public (this exemption does **not** include the materials used to manufacture these products).
4. Any material that is in-transit under active shipping papers. This applies to chemical distributors who receive, then re-distribute materials in their original containers, without bulk storage and handling or repackaging; **and** the materials are on site for 30 days or less.

## BUSINESS EMERGENCY PLAN

Every business subject to the Hazardous Materials Program shall develop and implement a Business Emergency Plan (BEP). The BEP shall include the following minimum emergency response procedures for a release or threatened release of hazardous materials, scaled appropriately for the size and nature of the business, the nature of the damage potential of the hazardous materials handled, and the proximity of the business to residential areas and other populations:

(a) immediate notification of:
  (1) local emergency response personnel;
  (2) the administering agency and the State Office of Emergency Services;
  (3) persons within the facility who are necessary to respond to an incident;

(b) identification of local emergency medical assistance appropriate for potential accident scenarios;

(c) mitigation, prevention, or abatement of hazards to persons, property, or the environment;

(d) immediate notification and evacuation of the facility; and

(e) identification of areas of the facility and mechanical or other systems that require immediate inspection or isolation because of their vulnerability to earthquake related ground motion.

Training for all new employees and annual training, including refresher courses, for all employees in safety procedures in the event of a release or threatened release of a hazardous material, including, but not limited to, familiarity with the plans and procedures specified in subdivision (b). These training programs may take into consideration the position of each employee.

A business may use the attached BEP *template* for submittal if appropriate for the company size and materials handled. However, the business may be required to submit additional information or documentation if the BEP is determined to be deficient by the agency.

Please read the information and instructions sheets carefully and return **the completed forms within 30 days of receipt to:**

**County of Orange CUPA**
**1241 E. Dyer Road, Suite 120**
**Santa Ana, CA 92705**

## FEES

Fees are for recovery of costs to operate the Hazardous Materials Management Section and are based upon the number of chemicals used, handled, or stored by your business.

## FINES

Failure to comply or falsification of BEP and/or Inventory information is subject to fines and penalties.

1. Failure to develop, implement a Business Emergency Plan and/or disclose all regulated materials shall be civilly liable for up to two thousand dollars ($2,000) for each day in which the violation occurs.
2. Any business that knowingly fails to comply with this program, after reasonable notice of the violation, shall be civilly liable to the administering county or city in an amount not to exceed five thousand dollars ($5,000) for each day in which the violation occurs.
3. Any person that knowingly violates Section 25503.5, 25503.7, 25503.8, 25505, 25508, 25509, 25509.3, 25510, or 25533 after reasonable notice of the violation, is, upon conviction, guilty of a misdemeanor. This section does not preempt any other applicable criminal or civil penalties.
4. Any person or business that fails to immediately report a release or threatened release shall, upon conviction, be punished by a fine of not more than twenty-five thousand dollars ($25,000) for each day of violation, or by imprisonment in the county jail for not more than one year, or by both the fine and imprisonment. Furthermore, if the violation results in, or significantly contributes to, an emergency, including a fire, to which the county or city is required to respond, the person shall also be assessed the full cost of the county or city emergency response, as well as the cost of cleaning up and disposing of the hazardous materials.

Verification of disclosure information will be handled through the annual CUPA Inspection Program.

The submission of any information required under this program does not affect any other liability or responsibility of a business with regard to safeguarding the health and safety of an employee or any other person.

Compliance with this chapter shall not be deemed to be compliance with the duty of care required of any business for purposes of any judicial or administrative proceeding conducted pursuant to any other provision of law.

## REPORTING CHANGES

You are required by law to notify our office in writing of any changes in the business and/or chemical inventory information within 15 days. Such changes include but are not limited to the following:

- ☐ Any handling of previously undisclosed hazardous materials subject to disclosure.
- ☐ Changes in quantity of a previously disclosed hazardous material.
- ☐ Change of business address.
- ☐ Change of business ownership.
- ☐ Change of business name.

Changes in your Business Emergency Plan shall be submitted to this office within 30 days. If in doubt about whether you must report, please call this office at (714) 433-6000 to inquire.

## INCIDENT vs. RESPONSE

**If you have a release or a threatened release of hazardous materials and require emergency response, call 911.** If you have a release or threatened release that is not an Emergency as described here, then 911 can be omitted; go to the Notification requirement below.

**Person responsible for calling 911:**

A hazardous materials **Incident** is a spill or release that can be absorbed, neutralized or otherwise controlled at the time of release; and can be controlled by the employees in the immediate work area or by maintenance personnel without exposure or health & safety hazards.

A hazardous material **Response** requires a response effort by employees from outside the immediate release area, or by other designated responders (e.g. fire dept), to an occurrence that results, or is likely to result, in an uncontrolled release of a hazardous substance.

## NOTIFICATION

Both **Incidents** and **Responses** are considered releases/spills for the purpose of notification. Your business shall provide an immediate, verbal report of any release or threatened release of a hazardous material to the Administering Agency and State OES as soon as: 1) a person has knowledge of the release or threatened release; and 2) notification can be provided without impeding immediate control of the release or threatened release. Those numbers are:

State Office of Emergency Services (OES):

## T-Mobile Hazard Communications Training Course Summary (a/o March 2010)

T-Mobile employees who in the line of their job description or duties are exposed to any chemical are required to participate in the online Hazard Communications Training Course at minimum once a year. The course objectives and brief description of the purpose of the standard are outlined below:

**Learning Objectives:**

- After completing the online course, employee will be able to:
- Understand the purpose of the Hazard Communication Standard
- Recognize who is covered by the Hazard Communication Standard
- State the four basic parts of the Hazard Communication Standard (Hazard determination or assessment; the written program, MSDS and labels and training)
- Identify physical and health hazards of chemicals
- List what items should be included in a hazardous chemical inventory
- Recognize what should be included in the written Hazard Communication program and what is the appropriate PPE to be used with any given possible chemical exposure.
- Recognize the information contained in a material safety data sheet (MSDS) and how it is used and maintained in the workplace and be able to identify the NFPA signage requirement and rating systems used in labeling. (i.e.; Blue, Red, Yellow and White as well as ~~W~~ and OX)

**Purpose of the Hazard Communication Standard:**

- The OSHA HazCom Standard is found in 29 CFR 1910.1200
- Requires employers to find all of the potential hazards of materials in the workplace and to tell their employees about those hazards
- Makes sure that employers and employees know the hazards of chemicals they work with and how to protect themselves (reducing injuries and illnesses due to hazardous chemicals).
- Ensures that the hazards of all chemicals produced in or imported into the US are examined, and that the requirements for hazard communication in the workplace are the same everywhere in the country.

COUNTY OF ORANGE CERTIFIED UNIFIED PROGRAM AGENCY - CUPA
HEALTH CARE AGENCY / ENVIRONMENTAL HEALTH
1241 E. DYER ROAD, SUITE 120, SANTA ANA, CA 92705-5611

TELEPHONE:

## LEGISLATIVE REQUIREMENTS

Chapter 6.95 of Division 20 of the California Health and Safety Code (H&SC) and Section 11022 of Title 42 of the United States Code contain the minimum requirements for hazardous material inventory reporting and data management. These regulations require businesses within this jurisdiction to complete a chemical inventory form to disclose hazardous materials stored, used, or handled on site. This disclosure information will assist emergency responders in planning for and handling emergencies involving hazardous materials. The main program objective is to safeguard the lives of emergency responders, the public, and to minimize property loss.

The H&SC also requires a Business Emergency Plan (BEP). The intent of the BEP is to assist in mitigating a release or threatened release of a hazardous material, and to minimize any potential harm or damage to human health or the environment.

In accordance with the provisions of Chapter 6.95, disclosure of hazardous materials shall be updated at least annually.

**Haz Mat Reporting Forms can be found at: http://www.ochealthinfo.com/regulatory/cupa/forms.htm**

These forms will satisfy disclosure requirements of State laws as well as Sections 311 and 312 of Federal law (EPCRA - SARA Title III).
This agency is mandated to maintain files of all chemical inventory information and business plans. During our regular business hours, this information shall be made available for public inspection. Trade secret and other confidential information will not be available for public inspections.

## REPORTING REQUIREMENTS

**What is a hazardous material?**
Any material, because of its quantity, concentration, physical or chemical characteristics, poses a significant present or potential hazard to human health and safety or the environment if released into the work place or the environment; or any material that is required to have a Material Safety Data Sheet according to Title 8 Section 339 of the California Code of Regulations.

**When is disclosure required?** If you use, handle or store hazardous materials in quantities equal to or more than:

**55 gallons of a liquid**
**500 pounds of a solid**
**200 cubic feet of a gas**

**AND/OR:**

**Extremely Hazardous Substances (EHS)** – Federal and State law now mandates special reporting of chemicals listed on the Federal EPA EHS list. You must report these chemicals if the amount on site at any given time exceeds the "Threshold Planning Quantity" (TPQ) for that material, or if it exceeds the California threshold quantities listed above (55 gallons, 500 pounds, 200 cubic feet), **whichever is less**.

EXAMPLE: *Chlorine gas is on the EHS list, with a TPQ of 100 pounds. You have up to 150 pounds stored on site at any given time (standard chlorine cylinder is 150 lbs.). Even though you handle less than the 500-pound basic quantity, you must still disclose.*

The EHS list can be found on the EPA web site at:

http://yosemite.epa.gov/oswer/ceppoweb.nsf/content/chemicals.htm

**Hazardous Waste** – Hazardous waste is also a hazardous material and MUST be disclosed. Hazardous waste will not be counted for the number of billable hazardous materials.

## EXCEPTIONS

Disclosure is **not** required for the following:

1. Oxygen, nitrogen and nitrous oxide maintained by a physician, dentist, podiatrist, veterinarian, or pharmacist in quantities equal to or less than 1000 cubic feet at any one time, at his or her office or place of business.
2. Lubricating oil is exempt for a single business facility, if the total volume of each type of lubricating oil handled at that facility does not exceed 55 gallons and the total volume of all types of lubricating oil handled at that facility does not exceed 275 gallons, at any one time.
   *For purposes of this paragraph, "lubricating oil" means any oil intended for use in an internal combustion crankcase, or the transmission, gearbox, differential, or hydraulic system of an automobile, bus, truck, vessel, plane, heavy equipment, or other machinery powered by an internal combustion or electric powered engine. "Lubricating oil" does not include used or waste oil.*
3. Hazardous material contained solely in a consumer product for direct distribution to, and use by, the general public (this exemption does **not** include the materials used to manufacture these products).
4. Any material that is in-transit under active shipping papers. This applies to chemical distributors who receive, then re-distribute materials in their original containers, without bulk storage and handling or repackaging; **and** the materials are on site for 30 days or less.

## BUSINESS EMERGENCY PLAN

Every business subject to the Hazardous Materials Program shall develop and implement a Business Emergency Plan (BEP). The BEP shall include the following minimum emergency response procedures for a release or threatened release of hazardous materials, scaled appropriately for the size and nature of the business, the nature of the damage potential of the hazardous materials handled, and the proximity of the business to residential areas and other populations:

(a) immediate notification of:
   (1) local emergency response personnel;
   (2) the administering agency and the State Office of Emergency Services;
   (3) persons within the facility who are necessary to respond to an incident;

(b) identification of local emergency medical assistance appropriate for potential accident scenarios;

(c) mitigation, prevention, or abatement of hazards to persons, property, or the environment;

(d) immediate notification and evacuation of the facility; and

(e) identification of areas of the facility and mechanical or other systems that require immediate inspection or isolation because of their vulnerability to earthquake related ground motion.

Training for all new employees and annual training, including refresher courses, for all employees in safety procedures in the event of a release or threatened release of a hazardous material, including, but not limited to, familiarity with the plans and procedures specified in subdivision (b). These training programs may take into consideration the position of each employee.

A business may use the attached BEP *template* for submittal if appropriate for the company size and materials handled. However, the business may be required to submit additional information or documentation if the BEP is determined to be deficient by the agency.

Please read the information and instructions sheets carefully and return **the completed forms within 30 days of receipt to:**

**County of Orange CUPA**
**1241 E. Dyer Road, Suite 120**
**Santa Ana, CA 92705**

## FEES

Fees are for recovery of costs to operate the Hazardous Materials Management Section and are based upon the number of chemicals used, handled, or stored by your business.

## FINES

Failure to comply or falsification of BEP and/or Inventory information is subject to fines and penalties.

1. Failure to develop, implement a Business Emergency Plan and/or disclose all regulated materials shall be civilly liable for up to two thousand dollars ($2,000) for each day in which the violation occurs.
2. Any business that knowingly fails to comply with this program, after reasonable notice of the violation, shall be civilly liable to the administering county or city in an amount not to exceed five thousand dollars ($5,000) for each day in which the violation occurs.
3. Any person that knowingly violates Section 25503.5, 25503.7, 25503.8, 25505, 25508, 25509, 25509.3, 25510, or 25533 after reasonable notice of the violation, is, upon conviction, guilty of a misdemeanor. This section does not preempt any other applicable criminal or civil penalties.
4. Any person or business that fails to immediately report a release or threatened release shall, upon conviction, be punished by a fine of not more than twenty-five thousand dollars ($25,000) for each day of violation, or by imprisonment in the county jail for not more than one year, or by both the fine and imprisonment. Furthermore, if the violation results in, or significantly contributes to, an emergency, including a fire, to which the county or city is required to respond, the person shall also be assessed the full cost of the county or city emergency response, as well as the cost of cleaning up and disposing of the hazardous materials.

Verification of disclosure information will be handled through the annual CUPA Inspection Program.

The submission of any information required under this program does not affect any other liability or responsibility of a business with regard to safeguarding the health and safety of an employee or any other person.

Compliance with this chapter shall not be deemed to be compliance with the duty of care required of any business for purposes of any judicial or administrative proceeding conducted pursuant to any other provision of law.

## REPORTING CHANGES

You are required by law to notify our office in writing of any changes in the business and/or chemical inventory information within 15 days. Such changes include but are not limited to the following:

- ☐ Any handling of previously undisclosed hazardous materials subject to disclosure.
- ☐ Changes in quantity of a previously disclosed hazardous material.
- ☐ Change of business address.
- ☐ Change of business ownership.
- ☐ Change of business name.

Changes in your Business Emergency Plan shall be submitted to this office within 30 days. If in doubt about whether you must report, please call this office a

## INCIDENT vs. RESPONSE

**If you have a release or a threatened release of hazardous materials and require emergency response, call 911.** If you have a release or threatened release that is not an Emergency as described here, then 911 can be omitted; go to the Notification requirement below.

**Person responsible for calling 911:**

A hazardous materials **Incident** is a spill or release that can be absorbed, neutralized or otherwise controlled at the time of release; and can be controlled by the employees in the immediate work area or by maintenance personnel without exposure or health & safety hazards.

A hazardous material **Response** requires a response effort by employees from outside the immediate release area, or by other designated responders (e.g. fire dept), to an occurrence that results, or is likely to result, in an uncontrolled release of a hazardous substance.

## NOTIFICATION

Both **Incidents** and **Responses** are considered releases/spills for the purpose of notification. Your business shall provide an immediate, verbal report of any release or threatened release of a hazardous material to the Administering Agency and State OES as soon as: 1) a person has knowledge of the release or threatened release; and 2) notification can be provided without impeding immediate control of the release or threatened release. 3. Describe your business's procedures in the event of a release or threatened release of hazardous materials. Include all activities for the mitigation, prevention, or abatement of hazards to persons, property, or the environment such as:
   a) Actions taken to prevent a release from occurring.
   b) Actions or equipment to prevent a release from spreading.
   c) Actions for stopping a release.
   d) Methods for clean up and disposal of released materials.

   Include attachments as necessary

**Prevention** - Hazardous materials at sites consist of "sealed" batteries within a sealed self-contained cabinet preventing accidental release.

**Mitigation** - Evacuate any necessary employees from the area of the spill. Using absorbent materials make make sure that spilled material is contained and prevented from contaminating to ground, soil, water, or discharge off the property. Technicians will contact supervisor and supervisor will contact local outsourced vendors to assess, contain and/or clean any releases.

**Abatement** -The response to the limited spill is the following: employees involved in the clean up of a spill will wear protective rubber gloves, safety glasses, and additional protective clothing. Absorbed material will be placed in a leak-proof container and be properly labeled as hazardous waste. The waste will be lawfully disposed as hazardous waste. Necessary notifications shall be made to the Health Hazardous Materials Division.

4. Describe your facility emergency notification and evacuation procedure. What communications or alarms are used? How do these operate during a power failure? Specify emergency exits and employee staging areas.

Verbal. Call 911.

5) Identify all areas of the facility and mechanical or other systems that require immediate inspection or isolation because of their vulnerability to earthquake related ground motion.

Hazardous Waste/Hazardous Materials Storage Areas. BTS Cabinet

**EMPLOYEE TRAINING PROGRAM** – The training program shall, at a minimum, include:

a) methods for safe handling of hazardous materials;
b) procedures for coordination with local emergency response organizations;
c) use of emergency response equipment and supplies under the control of the handler, and
d) implementation of the Business Emergency Plan and notification requirements.

Current employees' training records (to be retained until closure of the facility.

## California Annotated Site Map

Site maps are necessary to:

(1) Assist emergency response crews in locating hazardous materials.

(2) Appraise risk during an emergency.

(3) Assist you in the training of employees.

(4) Assist you in drafting your emergency response plans.

Use the 8 1/2 x 11 size map grid page included in this packet only. The map page may be photocopied.

For larger sites, provide a general layout on one page and separate map pages for each floor or area.

A list of map symbols and a site map example are included to assist you. If it becomes necessary to use any other symbol on the map(s) you submit, include a reference (i.e. the meaning) of the symbol. Symbols may be neatly drawn and printed by hand.

Do not use colors to differentiate items. Colors do not copy well.

## General Site Map Layout:

1. Scale of map
2. Site orientation (North arrow)
3. Loading areas
4. Parking lots & Internal roads
5. Storm & Sewer Drains
6. Adjacent property use
6. Locations and names of adjacent streets, alleys
7. Access and egress points and roads

## Individual Facility/Building Maps

- A specific map is required for each building, floor, or area, as needed, for a business.
- Again, use only the 8 1/2 x 11 map grid provided.
- Do not use colors to differentiate items. Colors do not copy well.
- Maps must be approximately to scale.
- Individual building map must include:

1. Location of building in relation to street
2. Location of each storage area
3. Location of each hazardous material handling area
4. Location of emergency response equipment. For example, equipment for fire suppression, approach and mitigation, protective clothing, medical response, etc.

# CROWNE PLAZA/FULLERTON

- EXECUTICE OFFICE –

# Management Instructions

The following outlines are procedures for all employees and management in case of fire, earthquake, bomb threats, civil disorder, or power outage. The following people should be contacted immediately in the following order:

1. Chief engineer
2. Charles Yang
3. General Manager
4. AGM
5. Manager on Duty

In the event of any of the following emergencies, the front desk will become the command center to coordinate all of the activities in the hotel.

The following procedures should be done immediately:

1. Chief engineer and his staff will immediately proceed to the troubled area and report the situation back to the front desk.
2. The GM or AGM will assume command of the front desk and coordinate the activities of the hotel.
3. In the absence of either one of them, the Manager on duty will assume command and coordinate the activities of the hotel.
4. The front desk will immediately comprise a list of all occupied rooms and hotel guests and all handicapped guests that are in the hotel, which may need assistance. All department managers will immediately secure their areas and report to the front desk to assist as needed.

# Fire Emergency Procedures

The following procedures should be followed in case of fire:

1. Instructions for reporting a fire:
    a. Remain calm but react quickly.
    b. Immediately pull the nearest fire alarm available, then call the front desk and describe to the front desk agent the exact location of the fire.
    c. Never yell fire or exhibit any action, which could start a panic with hotel guests or staff.
    d. Return to the designated fire area with a hose line or extinguisher and attempt to extinguish or contain the fire if possible using this equipment without endangering you life or safety.
    e. If the fire cannot be extinguished evacuate the area, close all doors and windows, and proceed to safety while trying to help any guests or staff who may need assistance.
2. Instructions for the front desk:
    a. Immediately notify the fire department giving them the name and address of the hotel and the location of the fire.
    b. Immediately notify the senior manager on duty of the fire and tell them where it is located.
    c. When the fire department arrives the GM, AGM, or Manager on duty will order a floor or area to be evacuated. Begin immediately to systematically ring the rooms in that area notifying the guests of the order to evacuate that area. Deliver the following message in a calm and steady voice, **"I am sorry to disturb you, the management has asked that all guests in your area vacate immediately. Please close all windows and doors as you leave".**

# Front Desk Staff
# Steps for Reporting a Fire

**When the alarm system sounds:**

a. Notify the fire department at 911 giving them the name and hotel location, and zone a fire from the indicator board located behind the front desk. Note the zone light flashing and refer to the zone chart posted to determine location.

b. Call the following hotel staff and inform them that the fire alarm has gone off, and there may be an actual emergency within the hotel.
   1. Chief engineer
   2. AGM
   3. Manager on Duty
   4. GM

c. When it has been determined that the building is in an unfounded alarm condition, hotel guests and staff should be immediately informed and the fire department should be called and notified that it is a false alarm.

d. In the event that there is an actual fire:
   1. The front desk staff should remain calm and wait from instructions from senior management.
   2. The bell staff should stand by the main doors to direct the fire department upon arrival to the fire zone in the hotel.
   3. The front desk should immediately make a list of all disabled guests in the hotel, and management should immediately assign someone to a physically assist them with the evacuation of the fire area.
   4. The front desk will stand by the switchboard system to answer all calls in a prompt manner to reassure the guests, and to explain to them what is going on.
   5. Should there be an actual fire in the building, begin systematically calling all guests in the zone of the fire. Notify guests there is no need to panic, however they are ordered to evacuate the area, and deliver the following message in a calm and reassuring manner, **"I am sorry to disturb you, but the management asked that all guests in your area evacuate their rooms immediately. Please close your sliding glass doors and your room doors as you leave. Under no circumstances for your own safety, take the elevator. Proceed to either end of the corridor and take the stairwell down. Please proceed as far from the building as possible to the middle of the parking lot area, and wait for instructions."**

# Bellmen

## What to do during a fire alarm

When the alarm system sounds:

a. The elevators will proceed to the nearest floor away from the fire and the doors will open.
b. Immediately proceed to the front entrance and clear the front driveway/porters area for the fire department. Be ready to immediately direct the fire department to the fire zone.
c. Stand by to answer guest's questions regarding the alarm conditions, and instructions from senior management. In the interim the following message should be delivered to guests, **"Please remain clam the building is in a state of alarm, and emergency services have been notified. Please remain clam, we will have further instructions for you in a few moments".**
d. Should the alarm be unfounded elevators should be returned to service as quickly as possible, and all guests should be informed of the false alarm.
e. Should the alarm be an actual fire or emergency all guests should be directed to the outside parking lots of the hotel. Guests in the specific fire zone will be called to evacuate by the front desk staff, and a staff person should be assigned to assist with the elderly or handicapped guests.

# Engineering
# What to do in case of a fire alarm

When the alarm system sounds:

a. One engineer should immediately contact front desk and determine the location/zone on the indicator panel.
b. The engineering staff should immediately go to the location indicated on the alarm.
c. The engineers will immediately report back to the command zone upon the inspection of the following:
    1. Unfounded alarm do to an inadequately tripped smoke detector
    2. Unfounded alarm do to a pulled alarm station.
    3. An actual fire.
d. Should a fire actually be discovered and is in it's small stages, you may attempt to extinguish the fire with the fire house or extinguisher. However, do not attempt to extinguish a fire that begins to get out of control or would threaten ones safety.
e. Instead, begin to assist in an orderly evacuation of all guests located in the fire alarm zone. This should be done to include one floor above and one floor below, and lend any physical assistance necessary to the elderly or physically disabled guests. Direct all guests to the nearest stairwell, and to outside parking lots. Remain calm in letting guests know that everything is under control and that there is no need to panic.
f. Assist the fire department if possible to the fire alarm zone keeping in mind that once the fire department arrives they assume command of the situation and the building.
g. Should the alarm be unfounded, notify the front desk staff, or senior manager on duty to call the fire department and immediately reset the fire alarm systems with out delay. See that all elevators are put back into service as quickly as possible.

# Security/Night Audit

When the fire alarm system sounds:

a. Determine the fire alarm zone/location from the indicator board.
b. Security / Maintenance will proceed to the zone to determine if the alarm is unfounded or an actual fire exists.
c. Call the fire department immediately and remain by the phone to communicate further instructions. (See front desk procedures for fire.)
d. The chief engineer, GM, AGM, should be notified immediately and advised of the situation.
e. Direct the fire department to the alarm zone.
f. If the alarm has been determined to be unfounded, call the fire department immediately. Notify the proper management, and security will immediately reset the alarm system and return elevators to operational status.
g. If it is found that an actual fire condition exists, security will assist any guests in an orderly evacuation via the exit stairwells to the outside parking lot. An evacuation should be done for one floor above and one floor below the fire zone, keeping in mind that the elderly and handicapped should be given special assistance.
h. The night audit should run a complete backup record of all transactions and secure all cash and deposits. They should remain behind the front desk in the command zone answering the phone and assisting in any way possible as long as it is determined it is safe, and they are in no physical danger.

# All Department Heads
# What to Do During a Fire Alarm

When the alarm system sounds:

a. Call the front desk operator to determine the location.
b. Inform the staff to remain calm and wait for further instructions from senior management. Sales staff and any administrative management will immediately proceed to the front desk, and wait for instructions from either the GM, AGM, or the senior manager on duty.
c. The GM, AGM, or the Manager on Duty will assume command of the hotel, and their instructions should be flowed with out question, so that we can have an orderly and calm chain of command.
d. Should a fire condition exist direct an orderly evacuation of your department to an outside parking lot area, and await instructions from a senior manager.
e. In the kitchen area the Executive Chef or designated Manager on Duty are to see that all stoves, ovens, and grills are turned off and all refrigerators and freezers in storerooms are secured.
f. The Executive Housekeeper or Supervisor should immediately see that all laundry equipment is turned off and that the laundry area is secure along with store rooms.

# Alarm System

The alarm system company is EARL Security & Fire Alarm Company. Smoke alarm resets and fire alarm resets are the responsibilities of the engineering department, and should be done immediately upon an "All Clear" situation.

# Hot Water/Tower Building

**Boiler Room**

To shut off hot water to Tower you must first go into the Chiller Room, which is the Center door on the roof. Breaker panel is located in East wall. Turn Breaker #12 off. (You must always turn breaker off first or you will burn up the pumps). After the breaker is turned off, use next page to see what valves need to be shut off. Valves that look like this Turn valves so handle is not in the same direction as pipe. (You must turn valve slow or you will blow pipe). Valves that look like this turn this type of valve clockwise to shut off. (Same as above turn the valve very slow or you will blow the pipe). Hot water should be off now.

When repair is over, first turn all valves back (very slowly. Water Pressure will be at valve so be careful). After all valves are open, go back to chiller room. Turn Breaker #12 back on, (only after water is turned back on).

# Hot Water/Guest Rooms

Boiler Room "Patio"

To shut off hot water to Guest Rooms, enter Patio boiler room (rear of kitchen). You must first turn off all breakers marked with a blue ** (all breakers must be turned off or you will burn up pumps). Breakers will be found on north wall. Use next page to see what valves need to be shut off. Valves that look like this or turn handle so it is not in the same direction as pipe. (You must turn valve slow or you will blow pipes). Valves that look like this or turn this valve clockwise to shut off (as above turn valve slow or you will blow pipe). Hot water should be off.

When Repair is over, first turn all valves back very slowly. Water pressure will be right at valve, so be careful. After valves are open, turn breakers back on.

# Hot Water (Boiler Room Patio)

**Kitchen, Ruby Begonias**

To shut off hot water to the kitchen, or Ruby's, enter the patio boiler room (rear of kitchen). You must first turn off all breakers marked with a blue *. (All breakers must be turned off first or you will burn up the pumps). Breakers will be found on the north wall. Use the next page for what valves need to be shut off. Valves that look like this - turn handle so it is not in the same direction as the pipe. (You must turn valve slow or you will blow the pipe). Valves that look like this - turn this type of valve clockwise to shut off (as above turn the valve slow or you will blow the pipe). Hot water should be off.

When repair is over, first turn all valves back (very slowly water pressure will be right at valve so be careful). After valves are open, then turn breakers back on.

# Evacuation Procedures

Before an evacuation is put into effect personnel should be dispatched to the stairwell entrances on each floor to direct and reassure guests. Elevators may not be used under any circumstances unless instructed by the Fire Marshall or city official. When the evacuation begins, in a calm and reassuring voice the following message should be transmitted to all hotel guests, **"Management requests that all guests and visitors evacuate the hotel, or evacuate specific areas as a precaution. Please leave the building by the nearest exit taking your room key with you. Please walk, do not run".** In fire evacuations the message should indicate for guests to close room windows and doors. In a bomb evacuation, the message should indicate that guests should leave windows open. Under no circumstances do you mention the reason for the evacuation. When directed by the management the front desk should systematically begin to ring the rooms indicating to the guests the following, **"I'm sorry to disturb you, but the management has asked that all guests in your area vacate their rooms immediately for security reasons. Please use the stairwells at the end of the corridor to leave the floor". (In fire evacuations – "please close all windows and doors behind you"). (In a bomb evacuation – "Please leave all windows open").**

The front desk should list all occupied rooms that did not respond to the call. Notify Management immediately so steps could be taken to physically check these rooms.

1. In the high rise building, in the event that a fire does occur both the floors above and below should be evacuate.
2. Doors to the tower stairwells should be kept closed, but floor monitors should remain in the vicinity to help direct guests out of the Tower stairwells.
3. If it is necessary to evacuate the entire building, have the Fire Department determine if the elevators may be used. Otherwise, direct occupants of the floors to the nearest stairwells for evacuation.
4. To regulate the flow of guests in the stairwells alternate floors may be assigned different stairwells, thus providing an interval of two full flights between evacuating floors.
5. Hotel management or staff should be assigned to each entrance of the building to oversee evacuation and to prevent anyone from entering.
6. When emergency equipment and personnel arrive at the hotel they should be directed by hotel management or assigned staff to the scene of the emergency. All other personnel should kindly reassure our guests of their safety, making an orderly departure easier.
7. One the ground level when guests emerge from stairwells, they are to assembly 250 feet or more from the outer parts of the building. The designated area should not interfere with emergency vehicle route, and should attempt to be behind a solid cover if a bomb threat is detected for a possible blast.
8. If the location of a bomb is known at the very least, the floors above and below should be evacuated. If possible, the entire building should be evacuated. Or if responsible officials request this action, do not hesitate to comply. In the Tower building, people on floors above the location should be evacuated first. Immediately after the evacuation, every guest room should be checked to make

sure everyone ha[illegible]omplied with these instructions. Also, [illegible]t both the elderly and handicapped have received any special assistance needed.

9. Engineering staff should shut off all gas and fuel lines at the main connections. This should be done by knowledge personnel who are familiar the equipment shut down procedures. When it is safe they should be able to put back into operational status. (Boilers, pumps, and other appliances). Under no circumstances should the front desk command center be left unmanned unless it is determined that it is unsafe. At which time, that are should be evacuated as well. The command center should be relocated to the parking lot area.

# Earthquake and Emergency Procedures

During:

1. Do not get under beds or furniture during earthquakes, but lay next to the bed. Under no circumstances lay under the bed. The bed will cushion the falling debris, however, it is possible that you may be crushed if you are under the bed or tables.
2. If you are in an elevator stop at the nearest floor, and take cover against the interior walls. Brace yourself against the wall and duck and cover yourself with your arms. As soon as possible, move to an open area outdoors. Stay away from trees, power lines, and other structures.

After:

1. Remain covered for a few minutes. There may be aftershocks.
2. Move to the center of the building. Do not evacuate unless you are instructed to unless you are in immediate danger.
3. Hotel staff should immediately check for injured guests or staff members and administer first aid. Seriously injured persons should not be moved unless they are in immediate danger of further injury.
4. In the event of fatalities cover the bodies and notify the proper authority. They should not be moved.
5. To assist management and fellow staff with any special needs.
6. Personnel should be assigned to check for fire hazards. Staff should be advised not to smoke or light matches. Flashlights should be used only if power is off. Sparklers, flares, matches, or light switches could ignite leaking gas.
7. Immediately clean up any dangerous materials that may have been spilled.
8. Under no circumstances should elevators be used.
9. Replace telephone receives to their cradles, but do not use them unless there is a fire or serious injury.
10. Cooperate completely with the senior management and the front desk command center. Do not do anything until you receive specific instructions.
11. Remain calm, do not spread rumors, and reassure and help others.
12. If possibly listen for emergency information over a battery operated radio, but above all remain calm.

# Bomb Threats

1. In the receipt of a bomb threat, it should be reported immediately to the senior on duty, the GM, or the AGM without delay.
2. The GM or AGM, or senior on duty should assess the situation and take immediate steps to secure the services of the police department. Any report of a bomb threat orally or in writing is to be treated as the real thing.
3. The GM, AGM, or senior manager on duty will inform the police of all information, and assist the police with their investigation.
4. Direct all inquires from the media or other representatives to the GM or AGM, and all comments about the situation should be made by the executive office only.
5. If a bomb threat is in writing, save all materials such as paper, envelopes, etc. They may be used as evidence and may determine the specific device used. Under no circumstances should radios be used during a search. Radios may set of the device by causing an electrical interference.
6. The senior manager on duty will assign a responsible person to keep a log of all events occurring from the time of the threat to the end. Under no circumstances may anyone give an "all clear" signal until it has been approved by the GM, AGM, or Manager on duty. In the event that it is determined that an evacuation is needed the GM, AGM, or manager on duty will determine which rooms are to be evacuated and when. They will also determine which routes are to be used during the evacuation, and which employees are to assist during the evacuation.
7. The person receiving the bomb threat is to fill out a bomb threat checklist as soon as possible.
8. The GM, AGM, or the manager on duty will complete a written incident report and evaluation of what happened.
9. Should an evacuation become necessary, all procedures as defined in the evacuation outline should be followed.
10. Under no circumstances should a guest or employees return to the building after an evacuation without proper authorization from the police, fire department, and senior management.
11. The evacuation of the building will inconvenience our guests. She anyone request a refund please do so. If necessary every attempt should be made in assisting the guest with moving to another hotel.
12. The GM and AGM are responsible to see that all incident reports are completed, copies of the police reports, and all other statements necessary are done immediately.

It is essential the we reemphasize three key parts:

1. A high percentage of all bomb threats are false.
2. Do not overreact, over step your authority in responding to the bomb threat, or panic.
3. In a calm manner follow all of the procedures to alert management and authorities regarding the bombe threat. Remember that a calm appearance and strict adherence to procedures can avoid liabilities help stop a panic, and above all avoid possibility of a fatality.

Hello inspector Rodriguez!

Yes I have removed the chairs and tables.
I have also posted the ocupancy sign.

I am sending before and after pictures regarding the tables.

Thank you

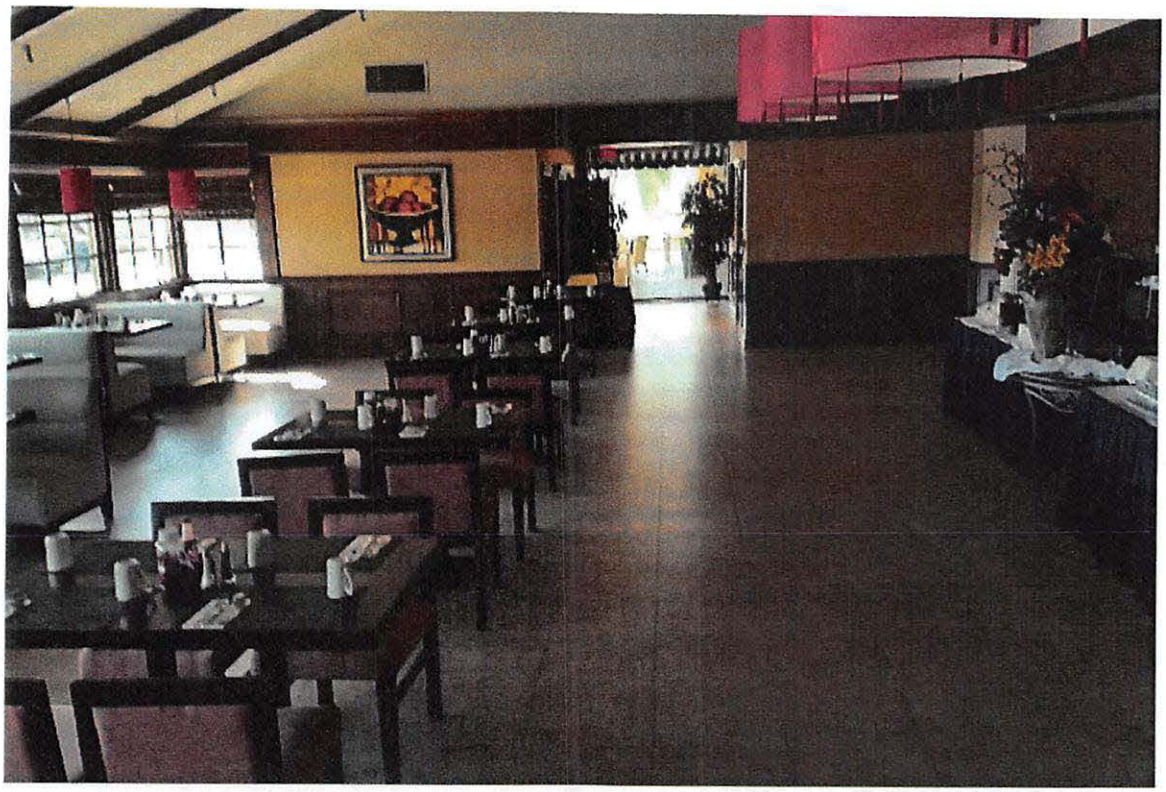
Macario,



Just checking to see if we are done with the Red Restaurant. Has the sign been posted and the seats removed? If so, please send a picture for photo verification. Thank you.

RE: Fire and Life Safety Inspection

A fire and life safety inspection was conducted on August 26, 2008. The following items must be corrected to meet the minimum fire and life safety requirements for this facility:

1. Conditions in the northwest first floor storage rooms constitute a **fire hazard:**
   a. Storage shall be orderly and 18" below sprinkler heads, remove excessive combustible material storage. [CFC 315]
   b. Provide and maintain approved electrical, remove electrical wiring and outlet on door. [CFC 605.1]
   c. Provide and maintain fire resistive construction, repair all holes in ceilings and walls. [CFC 703.1]
   d. Provide and maintain approved venting for heating and/or air condition units, per manufacturer's instructions and Mechanical Code requirements.
2. Fire alarm panel was replaced in 2007, provide approved plans and permits. [CFC 901.3]
3. Fire sprinkler system shall be maintained. Loose escutcheons shall be secured. Spark sprinkler head boxes shall be mounted. OS&Y shall be chained with a breakaway lock. [CFC 901]
4. Provide and maintain fire resistive construction. All holes in walls and ceilings in tower and south building storage rooms shall be repaired. [CFC 703.1]
5. Storage shall be orderly and maintained 18" below sprinkler heads, provide access and egress inside all storage areas. [CFC 315]
6. Provide and maintain approved electrical. Remove extension cords in kitchen. Provide cover plates on all outlets and junction boxes. [CFC 605]
7. Provide and maintain 36" clearance around all electrical panels in storage rooms and laundry area. [CFC 605]
8. Provide and maintain exits signs and emergency illumination. Repair emergency lighting in tower south side stairwell (1st floor). Provide approved exit signs in courtyard indicating direction of egress travel. *Refer to the City of Fullerton Building Division for assistance with courtyard exit signage.* [CFC 1006 & 1011]
9. Repair or replace fire doors in tower elevator lobbies, doors are not closing properly. [CFC 1003]
10. Post occupant load sign in Crowne 1 room. [CFC 1004.3]

11. Provide keys in front entrance Knox box. Provide Knox padlocks on front gates. [CFC 902.4]
12. Provide and maintain a Hazardous Materials Disclosure and Business Emergency Plan per enclosed packet. For assistance contact Hazardous Materials Specialist Corrie Allen at (714) 738-3160. [CFC 2701]

Dear Daniel:

The annual Fire & Life Safety Inspection was completed on August 26, 2008 by Macario Rosas, and Fullerton Fire Department Inspectors Dawn Revelle and Steve Long. The hotel is well maintained with no serious fire code violations. The life safety systems were all properly maintained. Minor corrections were required of the following conditions in order to provide minimum life safety conditions:

Code Referenced: 2007 California Fire Code

1. Storage shall be orderly
   - Maintain 18 inches of clearance under sprinkler heads.
   - Maintain a pathway through the storage area.

2. Extension cords shall not be used as a substitute for permanent wiring.
   - roof, first floor storage in room 144, kitchen

3. Exit signs shall have two sources of illumination. Emergency lights shall be operational.

4. Occupant load sign missing in the Crown 1 room.

5. Spare sprinkler head boxes to be mounted on wall.

6. Loose escutcheons to be secured

7. Loose tiles on roof to be secured.

8. Provide 36 inches of clearance in front of electrical panels in laundry.

9. Adjust fire door to close completely.

10. Provide keys for KNOX box at front entrance.

11. Provide exit signs in courtyard.

12.

Please consider this report a Notice to comply. You have 30 days in which to correct the items of concern. Thank you in advance for your cooperation.

If you have any questions, please contact me at

Sincerely,

Steve Long

Account #EARL2505

Dear Inspector Thompson:

Regarding the Fire Alarm System for the Crowne Plaza Hotel & Resort located at 1500 S. Raymond Ave. in Fullerton, CA 912831, there were false alarms with the system yesterday, but the system has now been restored back to normal working condition.

Today, EARL Security, Inc. technicians Danny Hoang and Joe Montes did troubleshooting on the system and found that there problems with three of the mini modules. They replaced the three mini modules and tested the system. The system is now back to normal.

Please call me at [redacted] if we need to provide any further information.

Thank you for your attention.

Sincerely,

Danny Hoang

Dear Daniel,

Please find attached copy of the inspection notice from yesterday's inspection. The original copy and attachments will be mailed to your attention.

As for your stairwell doors the 2007 California Fire Code effective January 1, 2008 does not permit the doors to be locked from the stairwell side.

Inspector Long and I will re-inspect with Macario on Monday, September 30, 2008 at 9:00am. Should you have any questions please feel free to call me directly at (714) 738-5352.

Thank you,

Dear Mr. Percy Asst' General Manager

Ref: Crown Plaza Fullerton, 1500 S. Raymond Avenue, Fullerton, 92831

Thank you very much for walking the exterior exit doors of your occupancy. As I told you, the Fire Department had received a guest compliant about some exterior exit doors being locked shut with padlocks and chains. At the time of our inspection I did not observe any such conditions.

I did however note that several of the glass exit doors in non-use areas were secured with the key operated locking device installed on the door as well as there were magnetic electric locking devices installed on these glass doors and the door into the conference rooms from the inside corridors. I am forwarding the name, address and telephone number of the Building Official for your information. Please contact Hadi and he will inform you of the requirements to meet in order to install magnetic locks on exit doors. For sure the fire department would require Knox key switches to over ride the system for any emergencies.

I would recommend that your contact Hadi as soon as possible as this is a modification to the exit system.

**•Comments:**

During our meeting last week there were several items that I mentioned I would check out for you as follows:

1. **Power supply for elevator equipment.** Confirming that Penguin Engineering is a contractor for the City of Fullerton in good standing. According to Mr. Cortes of Penguin Engineering, he is recommending that the power supply equipment at your facility be replaced.

2. **Door hardware for interior stairwells on six story hi-rise.** According to the 2001 California Building Code Section 403.14.4, Locking of Stairway Doors. When exit doors from corridors to exit stairways are locked to prohibit access from the stairway side, conformance with Section 403.9 shall be provided, or, in lieu thereof, master keys which will unlock all such doors from the stairway side shall be provided in such numbers and locations as provided by the enforcing agency. We are therefore requesting that you provide key-access hardware on all the stairway doors, and that the keys be accessible in a Knox Box installed on the north side main access to the hi-rise. Extra keys should also be placed in the Knox Box located at the main south entrance of the hotel by the front desk.

Hopefully this answers all the pending questions. I've also attached a copy of the October 8th inspection report for the assembly and kitchen areas for your review. I will all you early in February for status and re-inspection of completed corrections.

Should you have any questions or need further assistance please contact me directly

Thank you!

Dear Mr. Shaughnessy:

RE: Annual fire inspection for hotel.

fax - 714 - 520 - 5831

Steven Shaughnessy
Director of Operations
Four Points by Sheraton Fullerton

Four Points Sheraton

1500 South Raymond Avenue, Fullerton, CA 92831

The Four Points by Sheraton Fullerton is independently owned by Huoyen International, Inc. and operated under a license issued by The Sheraton Corporation.

A fire and life safety inspection was conducted on October 17, 2003 by Fullerton Fire Department Inspector Dawn Revelle. This inspection revealed the necessity for correction of the following conditions in order to provide the minimum life safety conditions:

Office Areas

1. Provide and maintain approved exit and emergency illumination. [CFC 1211]

2. Provide and maintain approved electrical. Remove extension cords, and provide cover plates on all open electrical boxes. [CFC 8504 and 8506]

3. Maintain fire alarm panel, train staff to report trouble lights immediately. [CFC 1001]

4. Provide and maintain fire resistive construction. Replace ceiling tiles, repair all holes in walls. [CFC 1112}

Three-Story

1. Provide building department permit for patio enclosure on three adjoining first story rooms (southeast wing). Refer to building department correction notice dated October 28,2003. [CBC 106.1]

2. Provide cover plates for electrical outlets and timers. Laundry room on south side and storage room on north side, and storage room on south side. [CFC 8504]

3. Provide "Not An Exit" sign for north doors to patio area in laundry room (in English and Spanish). [FFD Recommendation]

4. Provide and maintain approved exit and emergency illumination. [CFC 1211]

5. Provide and maintain 30" clearance around all electrical panels. [CFC 8509]

6. Maintain smoke detectors in all rooms, including storage and service rooms. [CFC 1001]

Six-Story High Rise

1. Provide and maintain fire resistive construction. Refer to building department correction notice dated October 28, 2003. [CFC 1112]

2. Provide and maintain emergency power source for elevator. Refer to building department correction notice dated October 28, 2003 [CBC 3003]

3. Provide and maintain approved door hardware in stairwells, and adjust door closures. [CFC 1207]

General

1. Provide 5 year certification, or proof of system in service date for sprinkler system if less than five years. [CFC 1001]

2. Provide and maintain one hour fire resistive construction in Main Electrical Room. [CFC 1112]

3. Provide Knox Padlock on south west chained driveway entrance. [CFC 902]

4. Fire alarm testing, smoke detector, emergency lighting, emergency elevator power source, fire extinguisher inspection, and fire drill records shall be provided as required. The Fire and Emergency Pre-Plan Book needs to be provided as per FFD guidelines. [CFC 1303]

5. Complete and return a Hazardous Materials Disclosure-Business Emergency Plan for the chemicals stored at your facility (chlorine, pool acid, and LPG). Contact Inspector Corrie Allen, Hazardous Materials Specialist, at (714) 738-3119 for assistance in completing your plan.

Your consideration in the correction of the above conditions will be very much appreciated. Please consider this letter as a **NOTICE TO COMPLY**, dated November 12, 2003. A re-inspection will be held 30 days from the receipt of this letter.

If you have any questions or need further assistance please contact the undersigned at

# Chapter 30
# ELEVATORS, DUMBWAITERS, ESCALATORS AND MOVING WALKS

## SECTION 3001 — SCOPE

The provisions of this chapter shall apply to the design, construction, installation, operation, alteration and repair of elevators, dumbwaiters, escalators and moving walks and their hoistways.

*[For DSA/AC] EXCEPTION: For accessibility requirements for special access lifts, see California Code of Regulations, Title 24, Part 7, Article 7-15, Sections 7-3093 through 7-3094.5 and Part 2, Sections 1110A and 1116B.*

*3001.1 [For DSA/AC & HCD 1 and HCD 1/AC] Referenced Standards. For elevators and special access lifts in covered multifamily dwellings see Chapter 11A, Section 1110A.*

*For accessibility requirements for elevators and special access (wheelchair) lifts in public accommodations, commercial buildings, and publicly funded, owned or leased housing, see Chapter 11B, Section 1116B.*

## SECTION 3002 — ELEVATOR AND ELEVATOR LOBBY ENCLOSURES

Walls and partitions enclosing elevator and dumbwaiter hoistway shafts and escalator shafts shall not be of less than the fire-resistive construction required under Types of Construction in Chapter 6 of this code.

Elevator hoistway shaft enclosure walls not required to have a fire-resistive rating may be constructed with glass. Such glass shall be laminated glass that passes the test requirements of UBC Standard 24-2, Part I.

Elevator lobbies shall have at least one means of egress. The use of exit or exit-access doors shall not require keys, tools, or special knowledge or effort.

## SECTION 3003 — SPECIAL PROVISIONS

**3003.1 Number of Cars in Hoistway.** When there are three or fewer elevator cars in a building, they may be located within the same hoistway enclosure. When there are four elevator cars, they shall be divided in such a manner that at least two separate hoistway enclosures are provided. When there are more than four elevators, not more than four elevator cars may be located within a single hoistway enclosure.

**3003.2 Smoke-detection Recall.** When the elevator vertical travel is 25 feet (7620 mm) or more, each associated elevator lobby or entrance area and associated machine rooms shall be provided with an approved, listed smoke detector for elevator recall purposes only. The detector may serve to close the elevator lobby door and additional doors at the hoistway opening allowed in Section 3006.

When the lobby or entrance area smoke detector, or machine room smoke detector, is activated, elevator doors shall be prevented from opening and all cars serving that lobby or entrance area, or served by equipment in that machine room, shall return to the main floor where they shall be under manual control only. If the main floor or transfer floor lobby or entrance-area smoke detector is activated, all cars serving the main floor or transfer floor shall return to a location approved by the chief of the fire department and building official where they shall be under manual control only.

**3003.3 Standby Power.** Standby power when required by Section 403 shall be provided to at least one elevator in each bank. Standby power shall be manually transferable to all *[for OSHPD 1, 2 & 4] or any other* elevators in each bank *[for OSHPD 1, 2 & 4] and shall be capable of operating the elevator with a full load at a speed of not less than 150 feet per minute (0.762 m/s).* Standby power shall be provided by an approved self-contained generator set to operate automatically whenever there is a loss of electrical power to the building. The generator set shall be located in a separate room enclosed by at least a one-hour fire-resistive occupancy separation. The generator shall have a fuel supply adequate to operate the equipment connected to it for a minimum of two hours *[for SFM] six hours.*

**EXCEPTIONS:** 1. Where a single elevator serves all floor levels in the building and is located so that all areas of the building can be reached within a travel distance of 300 feet (91 440 mm) from the elevator, then only that elevator need be provided with standby power.

2. Standby power shall be capable of operating one elevator at a time in any bank or group of banks having a common lobby.

**NOTE:** A bank of elevators is a group of elevators or a single elevator controlled by a common operating system; that is, all those elevators that respond to a single call button constitute a bank of elevators. There is no limit on the number of cars that may be in a bank or group, but there may not be more than four cars within a common hoistway.

**3003.4 Size of Cab and Control Locations.**

**3003.4.1 General.** In buildings three or more stories in height served by an elevator or a building served by an elevator required by Chapter 11, at least one elevator serving all floors shall accommodate a wheelchair, in accordance with this section.

*[For DSA/AC] EXCEPTION: For accessibility requirements for size of cab and control locations in accessible housing, see Chapter 11A, Section 1110A.1.2 and for public buildings, public accommodations, commercial buildings, and publicly funded housing, see Chapter 11B, Section 1116B.1.1.*

**3003.4.2 Operation and leveling.** The elevator shall be automatic and be provided with a self-leveling feature that will automatically bring the car to the floor landings within a tolerance of plus or minus $^1/_2$ inch (12.7 mm) under normal loading and unloading conditions. This self-leveling shall, within its zone, be entirely automatic and independent of the operating device and shall correct the overtravel or undertravel. The car shall also be maintained approximately level with the landing, irrespective of load.

*[For DSA/AC] EXCEPTION: For accessibility requirements for operation and leveling in accessible housing, see Chapter 11A, Section 1110A.1.3. For public buildings, public accommodations, commercial buildings and publicly funded housing, see Chapter 11B, Section 1116B.1.2.*

**3003.4.3 Door operation.** Power-operated horizontally sliding car and hoistway doors opened and closed by automatic means shall be provided.

**3003.4.4 Door size.** Minimum clear width for elevator doors shall be 36 inches (914 mm).

**EXCEPTIONS:** 1. When approved by the building official, the minimum door width may be reduced to 32 inches (813 mm) for a car with dimensions as permitted by the exception to Section 3003.4.7.

Hi Hadi,

I inspected the Four Points hotel last Friday and found some structural problems along with some fire and building code violations. I'm concerned about the structural integrity of the 6 story hi-rise stairwells. I noticed cracks in the drywall tape/seams, particularly on the 5th and 6th floors, as well as many holes in the drywall from electrical and sprinkler work. In the older 3 story section of the hotel they have modified 3 first floor hotel rooms by enclosing the outdoor patios, and they are using the enclosed patios and hotel rooms for excessive combustible storage. The maintenance supervisor stated that they did the add-on to the patios about a year ago, and didn't think they had a permit for the work? He also mentioned that they had some sprinkler work done a few months ago, and I'm guess this was also done without a building permit. Additionally, along with problems with the fire alarm system, their generator has been out of service for over 5 years, so they have no emergency power source for their hi-rise elevators or lighting.

I'm sending over our new form to report the possible building code violations. However, I'm hoping that I could go along with a building inspector to review these problems on site ASAP? Please advise.

Thanks,
Dawn

Fullerton, CA 92832

Dear Mr. Purcy:

RE: Annual fire inspection for assembly areas, restaurant, kitchen and bar/lounge area.

A fire and life safety inspection was conducted on October 7, 2003 by Fullerton Fire Department Inspector Dawn Revelle. This inspection revealed the necessity for correction of the following conditions in order to provide the minimum life safety conditions:

Assembly and Kitchen Areas

1. Provide and maintain approved exit signs, and exit illumination. [CFC 1211]

2. Provide and maintain approved electrical cover plates in kitchen area. [CFC 8504]

3. Provide and maintain fire extinguishers for every 75 feet of travel. [CFC 1002]

4. Service hood and duct system every six months. [CFC 1001]

5. Secure compressed gas cylinders at all times. [CFC 7401]

6. Post occupant load sign(s) in all assembly areas that accommodate 50 or more persons. (See attached updated occupant load listing.) [CFC 2501}

7. Discontinue use of LPG heaters immediately in the outdoor covered patio area. See Fullerton Fire Department Standard #58, Section 3.d. LPG containers shall not be located less than 5 feet from any building or public way; or beneath combustible overhangs, awnings, sunshades, decorations, etc.. Obtain fire department permit for use in any other approved area. [CFC 105]

8. Obtain annual fire department candle permit for four (4) pre-approved candle assemblies utilized in restaurant and banquet facilities. Candle use is restricted to pre-approved candle assemblies only. Refer banquet clients with new candle assemblies to Fire Prevention Division for no-charge sub-permits. [CFC 1109]

Your consideration in the correction of the above conditions will be very much appreciated. Please consider this letter as a **NOTICE TO COMPLY**, dated October 8, 2003. A re-inspection will be held 30 days from the receipt of this letter.

If you have any questions or need further assistance please contact the undersigned at

### DECLARATIONS

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Fullerton Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Fullerton Municipal Code.

LICENSED CONTRACTORS DECLARATION

I hereby affirm *under penalty of perjury* that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

I hereby affirm *under penalty of perjury* that I am exempt from the Contractors License Law for the following reason (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commending with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.).

☐ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.).

### DECLARATIONS

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Fullerton Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Fullerton Municipal Code.

### DECLARATIONS

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Fullerton Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Fullerton Municipal Code.

LICENSED CONTRACTORS DECLARATION

I hereby affirm *under penalty of perjury* that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

I hereby affirm *under penalty of perjury* that I am exempt from the Contractors License Law for the following reason (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code. The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.).

☐ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.).

BUILDING PERMIT
Issued by
DEVELOPMENT SERVICES
DEPARTMENT
CITY OF FULLERTON

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

1. That notice has been given or that the [illegible] be used only in compliance with the Fullerton Building Code, the California Labor Code and all other applicable ordinances and laws.
2. That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.
3. That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.
4. That a double fee will be paid for any permit issued after any work thereby allowed has been commenced.
5. I agree that the city may enter upon the premises at any reasonable time to inspect any work done under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the building code.
6. That, as required by California Code of Civil Procedure section 1193 (1) the name, [illegible] of the construction lender, or the fact that there is no known construction lender, for the work authorized by this permit is [illegible]
7. That I hold a now valid State of California Contractor's License No. [illegible] Class [illegible] and have indicate whether exemption is claimed under any of the following sections of the California Business and Professions Code):

# BUILDING PERMIT
Issued by
DEVELOPMENT SERVICES
DEPARTMENT
CITY OF FULLERTON

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

1. That notice has been given me that this permit is to be used only in compliance with the Fullerton Building Code, the California Labor Code and all other applicable ordinances and laws.
2. That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.
3. That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.
4. That a double fee will be paid for any permit issued after any work thereby allowed has been commenced.
5. I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the building code.
6. That, as required by California Code of Civil Procedure section 1193 (b) the name, branch designation if any, and address of the constructor lender, or the fact that there is no known constructor lender, for the work authorized by this permit as follows: _____
7. That I hold a now valid State of California Contractor's License No. _____ Class _____ or if none, indicate whether exemption is claimed under any of the following sections of the California Business and Professions Code:
   7044 ☐ 7045 ☐ 7048 ☐ 7051 ☐
   7046 ☐ 7049 ☐ 7050 ☐ 7051.5 ☐
   7052 ☐ 7053 ☐
8. That I will not employ any person to perform any work authorized by this permit unless such person is registered to perform such work pursuant to the provisions of Chapter 9 of Division 3 of the Business and Professions Code or is exempt therefrom and has a certificate of consent to self-insure or a certificate of Workmen's Compensation Insurance under California Labor Code section 3700. (Delete if a certificate of consent to self-insure or a certificate of Workmen's Compensation Insurance is filed with the Development Services Department as authorized by said section 3800.)
9. That application is hereby made for a building permit to construct the work described herein, and upon the issuance of the permit attached hereto, and upon payment of the required fees and charges I agree to:

THIS PERMIT SHALL EXPIRE BY LIMITATION AND BECOME NULL AND VOID IF THIS WORK IS NOT COMMENCED OR COMMENCED AND SUSPENDED AFTER A PERIOD OF 120 DAYS. NEW PERMIT REQUIRED TO COMMENCE WORK.

Gentlemen:

Please accept this letter as H and O Company's declaration to the effect that we are in possession of the knowledge that the Tower Sign for the Hilton Inn, Fullerton could be at the height of 70 feet; however, we have elected to erect the sign at a lower height.

The above is with the understanding that we will not be able to raise the sign at a later date.

I agree to comply with all City ordinances and State laws relating to building construction, and hereby authorize representatives of the City to enter upon the above mentioned property for inspection purposes. I certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction. Section 7031.5 Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prohibits any contractor not licensed pursuant to the Contractors' License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) from bidding on any such work or from building or constructing any such structure unless he has had a valid contractor's license at the time he submitted his bid. Section 7028.15 Business and Professions Code: Any person who engages in the business or acts in the capacity of a contractor in any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, without having a valid contractor's license in full force and effect at the time he submits his bid or enters into the agreement to perform such work, or who engages in such business or acts in such capacity during the period his license is suspended, is guilty of a misdemeanor.

# BUILDING PERMIT
Issued by
## DEVELOPMENT SERVICES DEPARTMENT
## CITY OF FULLERTON

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

1. That notice has been given me that this permit may be used only in compliance with the Fullerton Building Code, the California Labor Code and all other applicable ordinances and laws.
2. That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.
3. That this permit does not allow, and separate permits are required for, gas, plumbing, electrical, heating and air conditioning work.
4. That a double fee will be paid for any permit issued after any work thereby allowed has been commenced.
5. I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Building Code.
6. That, as required by California Code of Civil Procedure section 1189 (g) the name, branch designation if any, and address of the construction lender, or the fact that there is no known construction lender, for the work authorized by this permit as follows: _____

7. That I hold a now valid State of California Contractor's License No. _____ Class _____ or if none, indicate whether exemption is claimed under any of the following sections of the California Business and Professions Code:

| | | | |
|---|---|---|---|
| 7044 ☐ | 7045 ☐ | 7046 ☐ | 7047 ☐ |
| 7048 ☐ | 7049 ☐ | 7050 ☐ | 7051 ☐ |
| 7052 ☐ | 7053 ☐ | | |

8. That I will not employ any person to perform any work authorized by this permit in any manner so as to require me to provide Workmens compensation insurance under California Labor Code section 3800. (Or give if a certificate is filed with the Development Services Department as authorized by said section 3800.)
9. That application is hereby made for a building permit to construct the work of improvement described on the permit attached hereto and hereby tender all required fees and charges therefor.

**THIS PERMIT SHALL EXPIRE BY LIMITATION AND BECOME NULL AND VOID IF THIS WORK IS NOT COMMENCED OR COMMENCED AND SUSPENDED AFTER A PERIOD OF 120 DAYS. NEW PERMIT REQUIRED TO COMMENCE WORK.**

# BUILDING PERMIT
## Issued by
## DEVELOPMENT SERVICES DEPARTMENT
## CITY OF FULLERTON

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

1. That notice has been given me that this permit may be used only in compliance with the Fullerton Building Code, the California Labor Code and all other applicable ordinances and laws.
2. That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.
3. That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.
4. That a double fee will be paid for any permit issued after any work thereby allowed has been commenced.
5. I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the building code.
6. That, as required by California Code of Civil Procedure section 1193 (j) the name, branch designation if any, and address of the construction lender, or the fact that there is no known construction lender, for the work authorized by this permit as follows: _____
7. That I hold a valid State of California Contractor's License No. _____ Class _____ if none, indicate whether exemption is claimed under any of the following sections of the California Business and Professions Code:

   7044 ☐ 7045 ☐ 7046 ☐ 7047 ☐
   7048 ☐ 7049 ☐ 7050 ☐ 7051 ☐
   7052 ☐ 7054 ☐

8. That I have a certificate to perform the work or make the contract for the performance of the work or am exempt from the requirement to provide Workers' Compensation insurance under California Labor Code section 3700, as I have filed with the Development Services Department as authorized by said section.
9. That applicant will not employ any person in any manner so as to become subject to the Workers' Compensation laws of California, and hereby certifies that he is required to provide Workers' Compensation insurance for the protection of his employees.

THIS PERMIT SHALL EXPIRE BY LIMITATION AND BECOME NULL AND VOID IF THIS WORK IS NOT COMMENCED OR COMMENCED AND SUSPENDED AFTER A PERIOD OF 120 DAYS. NEW PERMIT REQUIRED TO COMMENCE WORK.

## DEVELOPMENT SERVICES DEPARTMENT

To obtain this permit you must read and complete the applicable sections below.

That owner has been granted an exemption from the contractor's license law for the following reason: Section 7044 Business and Professions Code, Article 3, Chapter 9, Division 3 of the Business and Professions Code and I am exempt from licensing in compliance with the following Section of the Code: and also other applicable local ordinances.

That this permit does not include the installation, addition or alteration of any plumbing, electrical, heating or air conditioning equipment which is regulated by ordinances of this jurisdiction and for which a separate permit is required, but that I, the owner, shall employ licensed contractors for such work and obtain all required permits and inspections.

That this permit does not include the construction, addition or alteration of any structure for which a separate permit is required for any plumbing, electrical, heating or air conditioning equipment regulated by ordinances of this jurisdiction.

That a double fee will be paid if work is started prior to obtaining a permit, as required by ordinance.

I agree that I shall not rely upon any person employed by the City of Los Angeles to supervise, direct or control my work or work of any employee. I shall not assert any claim against the City of Los Angeles on account of any injury occurring to me or any employee of mine while performing work authorized by this permit. I shall indemnify and hold harmless the City of Los Angeles from any liability imposed upon the City of Los Angeles for injury to persons or damage to property resulting from or growing out of my doing work authorized by this permit whether or not due or caused in part by the negligence of the City of Los Angeles, its officers or employees. I shall at my own expense defend any and all actions brought against the City of Los Angeles because of such injuries or damage and I shall pay all expenses and satisfy all judgments which may be incurred by or rendered against the City of Los Angeles in connection therewith.

I agree that I have read the foregoing statement and that I fully understand it.

I HEREBY AFFIRM UNDER PENALTY OF PERJURY

That I am exempt from the contractor's license law for the following reason: I am not subject to the provisions of Section 7000 et seq. of Division 3 of the Business and Professions Code and my exemption is set forth below under the appropriate classification:

PERMIT NUMBER 35367 TYPE OF PERMIT addition

## DEVELOPMENT SERVICES DEPARTMENT

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given to him that this permit may be used only in compliance with the Fullerton Municipal Code and all other applicable ordinances and laws.

That this permit does not allow occupancy and that no occupancy is permitted other than that for which this permit is issued or for which it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

That a double fee will be paid for any permit issued after any work thereby allowed has been commenced.

I agree that the city may enter upon the job premises at any reasonable time to inspect the work installed under this permit, to remove any work performing construction at my own expense, and to otherwise act as may be required by the Fullerton Municipal Code.

LICENSED CONTRACTOR'S DECLARATION

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class | Lic. Number | Date | Contractor

OWNER-BUILDER DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason: Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for the permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds improvements thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve the property for the purpose of sale.)

☐ I, as owner of the property, am exempt under Sec. _____ B&P Code for this reason: _____

To construct the proposed [illegible] and Permit Application and plans submitted [illegible] and specifications.

To comply with all provisions of laws and ordinances governing this permit and to perform all work in the Fullerton Municipal Code and all other applicable ordinances and laws.

The issuance of this permit or approval of plans, specifications and computations shall not be construed to be a permit for, or an approval of, any violation of any of the provisions of the Fullerton Municipal Code or of any other ordinance or regulation of this jurisdiction.

That in the event separate permits are required for plumbing, electrical, heating and air conditioning work, such permits shall be obtained.

That a double fee will be charged for any permit issued after any work on the site has been commenced.

I agree that I shall be responsible for the following which occurs on all work for which this permit is issued: all violations of the Fullerton Municipal Code relating to construction or the use of the premises; all violations of any state law or city ordinance; and all damages to persons or property that occur as a result of any construction performed at this location, whether such construction be performed by me or my employees or by my subcontractors or their employees. Such responsibility shall include the payment of all fines, attorney's fees and costs incurred by the City of Fullerton, and the posting of any cash deposits or bonds which may be required by the Fullerton Municipal Code or by any board, agency or commission of the City of Fullerton, as a result of violations of law or ordinances committed in the course of construction or use of the premises.

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class [illegible] License Number 431057 Date 2-20-85 Signature [illegible] Sherman

OWNER-BUILDER DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason: Section 7031.5 Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for the permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds improvements thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale).

I, as owner of the property, am exempt from the Contractor's License Law for the following reason (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.):

I am exempt under Sec. [illegible] B&PC for the reason [illegible]

Date [illegible] Owner [illegible]

WORKERS' COMPENSATION DECLARATION

I hereby affirm that I have a certificate of consent to self-insure or a certificate of Workers' Compensation insurance, or a copy certified by the insurance carrier that has been filed with the Director of Industrial Relations as provided for by Section 3800, Labor Code. Policy No. [illegible] Company [illegible]

Certificate expires on (date) [illegible] Agent [illegible]

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation laws of California.

Date 2/20/85 Applicant Frank McSherman

WARNING: Failure to secure workers' compensation coverage if you employ another person or persons to perform work for you may subject you to criminal penalties and civil fines up to one hundred thousand dollars ($100,000), in addition to the cost of compensation, damages as provided for in Section 3706 of the Labor Code, interest, and attorney's fees. Should injury or illness result to any person employed by you on any work for which this permit is issued, you may be assessed additional penalties for failure to secure workers' compensation coverage. You should consult with your insurance carrier or attorney to determine the extent of your liability. I hereby affirm that I have read the above statement and that I understand my obligations thereunder. I understand that in the event that I should become subject to the Workers' Compensation provisions of the Labor Code, I must forthwith comply with such provisions or this permit shall be deemed revoked.

CERTIFICATE OF PROCEEDING AGENCY

I hereby affirm that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097, Civ. C.). Lender's Name [illegible] Lender's Address [illegible]

I certify that I have examined this application and declare that the above statements are correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes.

Issued by
## DEVELOPMENT SERVICES DEPARTMENT
## CITY OF FULLERTON

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

1. That notice has been given me that this permit may be used only in compliance with the Fullerton Building Code, the California Labor Code and all other applicable ordinances and laws.
2. That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.
3. That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.
4. That a double fee will be paid for any permit issued after any work thereby allowed has been commenced.
5. I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the building code.
6. That, as required by California Code of Civil Procedure section 1193 (j) the name, license designation, if any, and address of the construction lender, or the fact that there is no known construction lender, for the work authorized by this permit as follows: _____
7. That I hold a now valid State of California Contractor's License No. _____ Class _____ (If none, indicate whether exemption is claimed under any of the following sections of the California Business and Professions Code).

   7044 ☐ 7045 ☐ 7046 ☐ 7047 ☐
   7048 ☐ 7049 ☐ 7050 ☐ 7051 ☐
   7052 ☐ 7053 ☐
8. That I will not employ any person to perform any work authorized by this permit in any manner so as to require me to provide Workmens Compensation Insurance under the California Labor Code section 3800. (Delete if a certificate of consent has been filed with the Development Services Department as authorized by said section 3800.)
9. That application is hereby made for a building permit to construct the work of improvement described on the permit attached hereto, and hereby tenders all required fees and charges therefore.

**THIS PERMIT SHALL EXPIRE BY LIMITATION AND BECOME NULL AND VOID IF THIS WORK IS NOT COMMENCED OR COMMENCED AND SUSPENDED AFTER A PERIOD OF 120 DAYS. NEW PERMIT REQUIRED TO COMMENCE WORK.**

BUILDING PERMIT

**Issued by**

**DEVELOPMENT SERVICES DEPARTMENT**

**CITY OF FULLERTON**

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares.

1. That notice has been given me that this permit may be used only in compliance with the Fullerton Building Code, the California Labor Code and all other applicable ordinances and laws.
2. That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.
3. That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.
4. That a double fee will be paid for any permit issued after any work thereby allowed has been commenced.
5. I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the building code.
6. That, as required by California Code of Civil Procedure section 1193 (j) the name, branch designation if any, and address of the construction lender, or the fact that there is no known construction lender, for the work authorized by this permit is as follows: _____

_____

7. That I hold a now valid State of California Contractor's License No. _____ Class _____ If none, indicate whether exemption is claimed under any of the following sections of the California Business and Professions Code:

   7044 ☐ 7045 ☐ 7046 ☐ 7047 ☐
   7048 ☐ 7049 ☐ 7050 ☐ 7051 ☐
   7052 ☐ 7053 ☐

8. That I will not employ any person to perform any work authorized by this permit in any manner so as to require me to provide Workmens Compensation Insurance under California Labor Code section 3800. (Delete if a certificate is filed with the Development Services Department as authorized by said section 3800.)
9. That application is hereby made for a building permit to construct the work of improvement described in the permit attached hereto, and hereby tender all required fees and charges therefore.

## BUILDING DIVISION

JOB ADDRESS 1500 S. RAYMOND

PERMIT NUMBER 91-03105 TYPE OF PERMIT SIGN

## DECLARATIONS

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given to me that this permit is to be used only in compliance with the Fullerton Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until notice has been approved in writing by the office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

I agree that the city may enter upon the job premise at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Fullerton Municipal Code.

LICENSED CONTRACTOR'S DECLARATION

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class B Number 478882 Date 7/17/91

OWNER-BUILDER DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) license pursuant to the Contractor's License Law.)

I am exempt under Sec. & B.P.C. for the following reason:

Date Owner

WORKER'S COMPENSATION DECLARATION

I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Worker's Compensation Insurance, or a copy thereof (Sec. 3800, Labor Code).

Policy No. 2-91-[illegible]

This section is hereby furnished by the following insurance carrier:

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

This section need not be completed if the permit is for one hundred dollars ($100) or less.)

I certify that in the performance of the work for which this permit is issued, I SHALL NOT EMPLOY ANY PERSON IN ANY MANNER SO AS TO BECOME SUBJECT TO THE WORKERS' COMPENSATION LAWS OF CALIFORNIA.

Date Applicant

NOTICE TO APPLICANT: If after making this Certificate of Exemption, you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

CONSTRUCTION LENDING AGENCY

I hereby affirm that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097, Civ. C.). Lender's Name

Lender's Address

I certify that I have read this application and state that the above information is correct. I agree to comply with all city ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes.

THE PERMIT SHALL EXPIRE BY LIMITATION AND BECOME NULL AND VOID IF THIS WORK IS NOT COMMENCED WITHIN 180 DAYS, SHOULD ANY WORK, AUTHORIZED BY THIS PERMIT, BE SUSPENDED OR ABANDONED FOR 180 DAYS. THIS PERMIT SHALL BECOME NULL AND VOID, A NEW PERMIT WILL BE REQUIRED FOR ANY EXPIRED PERMIT.

AGREEMENT FOR REMOVAL OF A TRAILER

THIS AGREEMENT WITNESSETH:

THAT WHEREAS, the undersigned has applied for a permit from the City of Fullerton to locate a trailer in said City in the particulars and upon the real property, described in said application; and located in the north parking lot of Hilton Inn on the northeast corner of Assessor's Parcel 267-031-15(Map dated March, 1975) 1500 S. Raymond Ave.

WHEREAS, no permit therefor may be issued unless said applicant agrees to remove in the manner required by law and by said permit, within a time limit specified therefor, said trailer and do all work commenced under the authority of such permit, and to furnish to said City a cash or surety bond to secure such performance,

NOW, THEREFORE, in consideration of the premises and the issuance of said permit by said City, the undersigned agrees:

1. To remove, within one year from the location thereof, in compliance with said permit, the Fullerton Municipal Code, and all other laws pertaining thereto, said trailer and all of the temporary installation work described in said application that is commenced by the undersigned pursuant to the authority of said permit, including all work appurtenant thereto that is required to obtain a certificate of occupancy of such trailer after its installation.

2. That said City may, but shall not be required, to complete, or cause to be completed, any of said removal work commenced by the undersigned and not completed within said time, or any extension thereof granted by the City Council of City, time being hereby agreed to be of the essence of this Agreement.

3. To pay to said City upon demand, and notice of its election to complete any such removal work commenced pursuant to said permit and not completed within said time, such reasonable sum as the City may estimate to be the cost to remove said trailer and work, including all payments to, and for the benefit of, any of its employees in connection with such completion, plus ten percent of all of such costs for its overhead expenses therefor, and that if the amount so paid by the undersigned is insufficient to pay for all of said costs and expenses, the undersigned will upon demand therefor, pay any such deficiency to said City, and that any such payment made upon the basis of any such estimate shall be paid upon the condition that any amount thereof in excess of the said costs and expenses of such removal, shall be returned by said City to the undersigned upon the completion of said removal.

4. That no modification of, or waiver of any rights under, this Agreement shall be effective unless authorized by the City Council of the City.

5. The undersigned agrees to pay to said City, upon demand, such sum as the Court may adjudge to be the reasonable value of all legal services rendered to said City in any action upon this Agreement and said Bond, or either of them, in which a judgment is ordered in favor of said City and that said sum may be added to said judgment in said action.

# CASH BOND

Pursuant to the requirements of Agreement for recordation of a Parcel Map for Lot Division No 656, the undersigned hereby deposits with the City of Fullerton a Cash Bond in the sum of $ 1000.00 upon the following conditions:

In the event the conditions of said Lot Division are fully complied with and the agreement executed by the undersigned in favor of the City of Fullerton pertaining to said Lot Division is fully performed, all in compliance with all laws and regulations pertaining thereto, said sum is to be returned to the undersigned. Otherwise, said City may, without notice to the undersigned, cause all of the work required to fulfill all of said conditions and provisions of said Lot Division and agreement to be done and completed at the expense of the undersigned, and for such purpose may use all or any part of said sum and may apply therefrom sufficient funds to pay all of its costs in connection therewith, including all of its costs in furnishing its equipment and employees therefor, and including its overhead expenses therefor, and for any legal services rendered to it in any action brought upon said agreement.

Any part of said funds not so used or applied by said City shall be returned to the undersigned.

Executed at Fullerton, California this 9th day of April 1973.

AGREEMENT FOR THE RECORDATION OF A PARCEL MAP

THIS AGREEMENT WITNESSETH:

THAT WHEREAS, the undersigned has applied to the City of Fullerton for authority to (divide land, establish or readjust property lines, eliminate property lines, or combine lots in said City, in accordance with application for Lot Division No. 656, in the particulars and upon the real property more particularly described in said application; and

WHEREAS, such authority has been granted upon condition that no permit for the improvement of said property may be issued unless said applicant agrees to record a Parcel Map therefor in the manner required by law and by Planning Commission Resolution 3759 of November 8, 1972, within ninety days of the date of execution of this agreement, and furnishes said City a cash performance bond in the amount of one thousand dollars ($1,000.00) to assure compliance with said agreement;

NOW, THEREFORE, in consideration of the premises and the issuance of said improvement permit by said City, the undersigned agrees:

1. To record, with the Recorder's office of the County of Orange, State of California, within ninety days from the date of execution of this Agreement in compliance with said Resolution, the Fullerton Municipal Code, and all other laws pertaining thereto, said Parcel Map, and to do all work necessary or required to fulfill all conditions precedent to such recordation.

2. That said City may, but shall not be required to, cause to be recorded the above Parcel Map and cause all work to be done and requirements to be fulfilled as conditions precedent to such recordation, if not recorded within said time, or any extension thereof granted by the City Council of the City, time being hereby agreed to be of the essence of this Agreement.

3. That the City may take and apply from the said cash bond all of its costs to cause the recordation of said Parcel Map and to complete any necessary work not completed within said time required as a condition to record said Parcel Map, including all payments to and for the benefit of, any of its employees in connection with any surveying, checking or recordation, plus ten percent of all such costs for its overhead expenses therefor.

4. That if the amount of said cash bond is insufficient to pay for all of said costs and expenses, the undersigned will, upon demand therefor, pay any such deficiency to said City; however, if the amount of such bond is in excess of the said costs and expenses, such excess shall be returned by said City to the undersigned upon the completion of said recordation.

5. That no modification of, or waiver of any rights under, this Agreement shall be effective unless authorized by the City Council of the City.

6. The undersigned agrees to pay to said City, upon demand, such sum as the Court may adjudge to be the reasonable value of all legal services rendered to said City in any action upon this Agreement and said Bond, or either of them, in which a judgment is ordered in favor of said City and that said sum may be added to said judgment in said action.

Executed at Fullerton, California this 9th day of April, 1973.

AGREEMENT FOR GRADING AND SLOPE PLANTING

This agreement witnesseth:

That whereas the undersigned has applied for a permit from the City of Fullerton to do certain grading and slope planting work in said City in the particulars and upon the real property, described in said application and

Whereas no permit therefor may be issued unless said applicant agrees to do, complete within the time limit specified therefor, and maintain until a root system has been established to the satisfaction of the Building Director, all work commenced under the authority of such permit in the manner required by law and by said permit and to furnish to said City a cash or surety bond to secure such performance and maintenance plus all of its overhead expenses therefor.

Now therefore in consideration of the premises and the issuance of said permit by said City the undersigned hereby agrees:

(1) To do and complete, on or before JULY 15, 1968, in compliance with said permit, the Fullerton Municipal Code, and all other laws pertaining thereto, all of the grading and slope planting work described in said application that is commenced by the undersigned pursuant to the authority of said permit, and to maintain such planting until a root system has been established to the satisfaction of the Building Director;

(2) That said City may cause to be completed and so maintained any of said work commenced and not completed by said date, or any extension of time therefor granted by the Building Director. Time is expressly agreed to be of the essence hereof. The undersigned hereby agrees to pay to said City upon demand all of its costs to complete and so maintain said work, including all payments to, and for the benefit of, any of its employees in connection with its completion of said work, plus ten percent of all of such costs for its overhead expenses therefor.

(3) That any extension of time granted by the Building Director of said City shall not constitute any waiver by said City of any of its other rights hereunder.

(4) The undersigned agrees to pay to said City such sum as the court may ajudge to be the reasonable value of all legal services rendered to said City in any action upon this agreement and said bond, or either of them, in which a judgment is ordered in favor of said City and that said sum may be added to said judgment in said action.

## DECLARATIONS

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Fullerton Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy (see final inspection).

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

I agree that a city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Fullerton Municipal Code.

LICENSED CONTRACTORS DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractor License Law for the following reason (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.)

I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.)

I am exempt under Sec. 17 B & P.C. for this reason:

## BUILDING DIVISION

JOB ADDRESS: 1500 S. RAYMOND

PERMIT NUMBER: 105856 TYPE OF PERMIT: RES PL36

### DECLARATIONS

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be issued only in compliance with the Fullerton Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Fullerton Municipal Code.

LICENSED CONTRACTOR'S DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class: B Lic. No: 538617

Exp. Date: 6/30/99 Owner for: Director

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractor's License Law for the following reason: Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.)

I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

I am exempt under Sec. ____, B. & P.C. for this reason: ____

Date: ____ Owner: ____

WORKERS' COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following declarations:

I have and will maintain a certificate of consent to self-insure for workers' compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

I have and will maintain workers' compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and the policy number are:

Carrier: SCIF Exp. Date: 4/1/98

Policy Number: 2887470215

This section need not be completed if the permit is for one hundred dollars ($100) or less.

I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that, if I should become subject to the workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

Date: 2/27/98 Contractor: [signature]

WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL, AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS ($100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

CONSTRUCTION LENDING AGENCY

I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097, Civ. C.)

Lender's Name: ____

Lender's Address: ____

I certify that I have read this application and state that the above information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this county to enter upon the above-mentioned property for inspection purposes.

THE PERMIT SHALL EXPIRE BY LIMITATION AND BECOME NULL AND VOID IF THE WORK IS NOT COMMENCED WITHIN 180 DAYS. SHOULD ANY WORK, AUTHORIZED BY THIS PERMIT, BE SUSPENDED OR ABANDONED FOR 180 DAYS, THIS PERMIT SHALL BE NULL AND VOID AND A NEW PERMIT SHALL BE REQUIRED FOR ANY EXPIRED PERMIT.

### DECLARATIONS

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That he/she has been given notice that this permit may be used only in compliance with the Fullerton Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy and that no occupancy is permitted of the construction for which this permit is issued until it has been approved in writing by the building official for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

OWNER-BUILDER DECLARATION

I hereby affirm that I am exempt from the Contractors License Law for the following reason: Sec. 7031.5 Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044 Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds improvements thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.)

I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044 Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds improvements thereon, and who contracts for such projects with contractor(s) licensed pursuant to the Contractors License Law.)

I am exempt under Sec. 17 B & P C for this reason

## BUILDING DIVISION

JOB ADDRESS 1500 S. Raymond

PERMIT NUMBER 97-0213 TYPE OF PERMIT REPR

### DECLARATIONS

To obtain this permit, the undersigned hereby makes this application and agrees, certifies and declares:

That no work by virtue hereof will be commenced until this permit is issued only in compliance with the Fullerton Municipal Code and all other applicable ordinances and laws.

That this permit does not allow occupancy and that no occupancy is permitted, of the construction for which this permit is issued, until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow and separate permits are required for any plumbing, electrical, heating and air conditioning work.

I agree that the city may enter upon the job at any reasonable time to inspect any work installed under this permit, to remove any non-conforming work in violation of any ordinance, and to otherwise act as and when required by the Fullerton Municipal Code.

LICENSED CONTRACTOR'S DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class B Lic. No 635701

Lic. Date 6-30-97 City Business Tax No.

OWNER BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason: Sec. 7031.5 Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds improvements thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. However, the builder-owner will not be exempt if he or she has employed or retained a licensed contractor for the project.)

I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds improvements thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.)

I am exempt under Sec. _____ B.& P.C. for this reason

Date _____ Owner _____

WORKER'S COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following declarations:

I have and will maintain a certificate of consent to self-insure for workers' compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

I have and will maintain workers' compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are:

## INSPECTION RECORD

### BUILDING DIVISION

JOB ADDRESS: 1500 S. RAYMOND

PERMIT NUMBER: 7010564 TYPE OF PERMIT: ELEC

### DECLARATIONS

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Fullerton Municipal Code and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow sewer and separate permits are required for any plumbing, electrical, heating and air conditioning work.

That I shall at any time upon the job premises at any reasonable time furnish any work installed under this permit, to remove any non-conforming construction, at my own expense, and to otherwise abide by all laws and orders relevant to the Fullerton Building Code.

LICENSED CONTRACTORS DECLARATION

I hereby affirm under penalty of perjury that I am licensed under the provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class: C10 License No. 460570

Exp. Date: 12/31/98 Contractor: [signature]

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason: Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9, commencing with Section 7000 of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the owner of the property, or his employees, builds or improves thereon, and who does such work himself or herself or through his own employees, provided that such improvements are not intended or offered for sale, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

I, as owner of the property, am exempt from the Contractors License Law because I will be contracting with duly licensed contractors to perform all the work on the project (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.)

I am exempt under Sec. _____ B. & P.C. for this reason: _____

Date: _____ Owner: _____

WORKERS' COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following declarations:

I have and will maintain a certificate of consent to self-insure for workers' compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

I have and will maintain workers' compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and the policy number are:

Carrier: Exempt

Policy Number: _____

I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that, should I become subject to the workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

Date: 2/28/97 Applicant: [signature]

WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL, AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS ($100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

CONSTRUCTION LENDING AGENCY

I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097, Civ. C.).

Lender's name: _____

Lender's address: _____

I certify that I have read this application and state that the above information is correct. I agree to comply with all city ordinances and state laws relating to building construction, and hereby authorize representatives of the county to enter upon the above-mentioned property for inspection purposes.

THE PERMIT SHALL EXPIRE BY LIMITATION AND BECOME NULL AND VOID IF THE WORK IS NOT COMMENCED WITHIN 180 DAYS, SHOULD ANY WORK AUTHORIZED BY THIS PERMIT BE SUSPENDED OR ABANDONED FOR 180 DAYS, THE PERMIT SHALL BE NULL AND VOID. A NEW PERMIT MAY BE REQUIRED FOR ANY EXPIRED PERMIT.

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Sec. 7031.5 Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

... I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044 Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.)

... I, as owner of the property, am exclusively contracting with contractors to construct the project (Sec. 7044 Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.)

... I am exempt under Sec. ... B & P for this reason ...

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason: (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Sec. on 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

... as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.);

... as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.);

... I am exempt under Sec. 17 ... B. & P.C. for this reason ...

### DECLARATIONS

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Fullerton Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow and separate permits are required for any plumbing, electrical, heating and air conditioning work.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Fullerton Municipal Code.

LICENSED CONTRACTORS DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

JOB ADDRESS 1550 S Lawrence

PERMIT NUMBER [illegible] NUMBER [illegible] TYPE OF PERMIT [illegible] ETI/SET [illegible]

### DECLARATIONS

To obtain a permit, the undersigned hereby files this application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Fullerton Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Fullerton Municipal Code.

LICENSED CONTRACTORS DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class [illegible] Lic. No. [illegible]

Exp. Date 12-30-99 Contractor [illegible]

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).)

[illegible] I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.)

[illegible] I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.)

[illegible] I am exempt under Sec. [illegible] B & P.C. for this reason [illegible]

Date [illegible] Owner [illegible]

WORKERS' COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following declarations:

[illegible] I have and will maintain a certificate of consent to self-insure for workers' compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

[illegible] I have and will maintain workers' compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are:

Carrier [illegible] Exp. Date [illegible]

Policy Number [illegible]

This section need not be completed if the permit is for one hundred dollars ($100) or less.

[illegible] I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that if I should become subject to the workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

Date [illegible] Applicant [illegible]

**WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL, AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS ($100,000), IN ADDITION TO THE COST OF COMPENSATION DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.**

CONSTRUCTION LENDING AGENCY

I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued (Sec. 3097, Civ. C.)

Lender's Name [illegible]

PERMIT NUMBER 97-05570 TYPE OF PERMIT SFD

### DECLARATIONS

To obtain this permit, the undersigned hereby files this application and acknowledges, and declares as follows:

That no work has been done on the site that this permit may be used only in compliance with the Fullerton Municipal Code and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, at the completion of the construction for which this permit is issued until it has been approved in writing by the Building Official for occupancy after final inspection.

That this permit does not allow and separate permits are required for any plumbing, electrical, heating and air conditioning work.

I agree that the City may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to comply with all laws and ordinances when required by the Fullerton Municipal Code.

LICENSED CONTRACTOR'S DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

## BUILDING DIVISION

JOB ADDRESS: 1500 S. RAYMOND

PERMIT NUMBER: 96-03882 TYPE OF PERMIT: BLDG STREET: 3165

## DECLARATIONS

To obtain this permit, the undersigned hereby files in application and agrees, certifies and declares:

That notice has been given me that this permit may be used only in compliance with the Fullerton Municipal Code, and all other applicable ordinances and laws.

That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection.

That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.

I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the Fullerton Municipal Code.

LICENSED CONTRACTORS DECLARATION 711541

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

___ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.).

___ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.)

### DECLARATIONS

I declare that I have read the application and state that the above information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this county to enter upon the above-mentioned property for inspection purposes.

LICENSED CONTRACTORS DECLARATION

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class | License No.

Exp. Date | Contractor

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractor's License Law for the following reason (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500):

[ ] I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.)

[ ] I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.)

[ ] I am exempt under Sec. ____ B & P.C. for this reason

# BUILDING PERMIT
## Issued by
## DEVELOPMENT SERVICES DEPARTMENT
## CITY OF FULLERTON

To obtain this permit, the undersigned hereby files this application and agrees, certifies and declares

1. That notice has been given me that this permit may be used only in compliance with the Fullerton Building Code, the California Labor Code and all other applicable ordinances and laws.
2. That this permit does not allow occupancy, and that no occupancy is permitted, of the construction for which this permit is issued until it has been approved in writing by this office for occupancy after final inspection
3. That this permit does not allow, and separate permits are required for, any plumbing, electrical, heating and air conditioning work.
4. That a double fee will be paid for any permit issued after any work thereby allowed has been commenced
5. I agree that the city may enter upon the job premises at any reasonable time to inspect any work installed under this permit, to remove any non-conforming construction at my own expense, and to otherwise act as and when required by the building code.
6. That, as required by California Code of Civil Procedure section 1193 (j) the name, branch designation if any, and address of the construction lender, or the fact that there is no known construction lender, for the work authorized by this permit is as follows:_____
7. That I hold a now valid State of California Contractor's License No._____ Class_____ (If none, indicate whether exemption is claimed under any of the following sections of the California Business and Professions Code)

   7044 ☐ 7045 ☐ 7046 ☐ 7047 ☐
   7048 ☐ 7049 ☐ 7050 ☐ 7051 ☐
   7052 ☐ 7053 ☐
8. That I will not employ any person to perform any work authorized by this permit in any manner so as to require me to provide Workmens Compensation Insurance under California Labor Code section 3800 (Delete if a certificate is filed with the Development Services Department as authorized by said section 3800
9. That application is hereby made for a building permit to construct the work of improvement described in the permit attached hereto, and hereby tenders all required fees and charges therefore.

I have carefully examined and know the contents of the application and state that all the statements therein are correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.

I agree that the permit may enter upon the premises of my property for the purpose of inspecting the work installed under this permit. I agree to comply with all applicable laws regulating construction and to do all work in accordance with the Uniform Building Code, Uniform Plumbing Code, Uniform Mechanical Code, and the National Electrical Code.

Dear Mr. Bockstruck:

This letter confirms the completion of the recent site investigation and remedial action for the underground storage tank(s) located at the above described location. Thank you for your cooperation throughout this investigation. Your willingness and promptness in responding to our inquires concerning the former underground storage tank(s) are greatly appreciated.

Based on the information in the above-referenced file and with the provision that the information provided to this agency was accurate and representative of site conditions, no further action related to the underground tank release is required.

This notice is issued pursuant to a regulation contained in Section 2721(e) of Title 23 of the California Code of Regulations.

Please contact our office at (714) 738-6500 if you have any questions regarding this matter.

Does the corrective action protect public health for current land use? YES [X] NO [ ]

**SITE MANAGEMENT REQUIREMENTS**
Should corrective action be reviewed if land use changes? YES [ ] NO [X]

**V. ADDITIONAL COMMENTS, DATA, ETC.**

**Site History/Land Use:**

The site functioned as a corrugated cardboard box manufacturing facility for many years. The seven tanks were removed on February 17 and 18, 1987 under oversight of the Orange County Health Care Agency and the California Water Resources Control Board. Confirmation samples collected during UST removal indicated no purgeable organics and TPH concentrations up to 91 mg/kg. No documentation of UST closure was found.

**Site Investigations/Remediation:**

On August 27 and 28, 2008, seven (7) borings were advanced to a depth of 30 feet with a Geoprobe rig. The assessment showed contamination at 5 feet near former tank 102, 1,490 mg/kg TPH heavy oil range (C22-C40), but that contamination did not migrate deeper with 25 feet of clean of ND soil samples. Remaining soil samples were ND for VOCs and TPH..

**Geology and Hydrogeology:**

The site is located in the Orange County Groundwater Basin.

**1424 S. Raymond Ave.**
**Fullerton, CA 92634**

**V. ADDITIONAL COMMENTS, DATA, ETC. – continued:**

**RECOMMENDATION FOR CLOSURE**

Based on the following factors, site closure is recommended for this site:

- The seven USTs have been removed from the site.
- The soil impacts are minimal and have been vertically defined to a depth of 5 feet bgs.
- Groundwater has not been encountered and is projected to occur at 60 feet or more beneath the site. Soil borings have investigated to a depth of 30 feet.
- The property is zoned for commercial / industrial use.
- Given the current and future site use, there appears to be no risk to human health with respect to the residual contaminant mass.
- Given the depth to groundwater, the level of TPH – heavy oil impacts, and the general Risk Appraisal guidelines provided in the LUFT Manual, there appears to be no risk to groundwater as a result of the residual contaminant mass.

Subject: Petroleum-Contaminated Soil at Cardlock Fuels Systems, Inc. 1431 N. Raymond Avenue, Anaheim, CA. Case No. 083003965T

Dear Mr. Keolanui:

This letter confirms the completion of site investigation and remedial action for the diesel fuel, gasoline, and MTBE contamination that was first discovered during upgrades of the underground fuel tank systems at the site in March 2003. With the provision that the information provided to this Department is accurate and representative of existing conditions, it is the position of this office that no further action is required at this time. The enclosed case summary provides additional information.

Please be advised that this letter does not relieve you of any liability under the California Health and Safety Code or Water Code for past, present or future operations at the site. Nor does it relieve you of the responsibility to clean up existing, additional or previously unidentified conditions at the site which cause or threaten to cause pollution or nuisance or otherwise pose a threat to water quality or public health.

Additionally, be advised that changes in the present or proposed use of the site may require further site characterization and mitigation activity. It is the property owner's responsibility to notify this Department of any changes in report content, future contamination findings or site usage.

If you have any questions, please contact me at (714) 765-4288.

Sincerely,

Ralph J. McCaffrey

## V. COMMENTS AND SUMMARY

In March 2003, Cardlock Fuels Systems, Inc. undertook modifications to the underground diesel fuel tank to correct failures noted during secondary containment (SB 989) testing. While the top of the tank

and pipelines were exposed, evidence of diesel fuel spillage was noted. Laboratory testing confirmed that the soil near the tank fill location (at about 5 feet below the surface) contained 4,450 mg/kg diesel fuel. Four truckloads of diesel-impacted soil was excavated from this area and hauled off-site. In April 2003 this Department opened a UST cleanup case and directed Cardlock Fuels to assess the extent of petroleum contamination at the site.

The facility had a previous UST cleanup case (Geotracker 083001161T - opened in November 1992 and closed a year later). The prior cleanup case involved excavation and offsite disposal of 1,640 tons of petroleum (diesel & gasoline) contaminated soil. Post-excavation verification samples indicated that only as much as 379 mg/kg diesel fuel range hydrocarbons remained in the soil in 1993.

In August 2003, three Geoprobe borings were advanced near the diesel fuel UST. The goal was to reach to a depth of approximately 50 feet below the surface during the assessment. Although the Geoprobe penetrated to a depth of 55 feet in boring B1, it was only capable of reaching 45 feet in boring B2 and 35 feet in boring B3. With the exception of a silty soil lens encountered at a depth of 27 to 32 feet below the surface, the soil consisted of fine and coarse grained sand. The silty soil sample at 30 feet deep from boring B1 contained 8,000 mg/kg TPH-d (gasoline range was not tested), 8 mg/kg toluene, 18 mg/kg ethylbenzene, 94 mg/kg xylene, and 4.7 mg/kg MTBE, but no benzene was detected. MTBE was detected in almost all of the soil samples collected in the investigation, but generally the concentrations were very low (<.1 mg/kg) in each of the three Geoprobe borings.

A hollow stem auger was later used to drill three additional borings. These were positioned around the USTs, surrounding the earlier Geoprobe borings. Groundwater was encountered at about 56 feet bgs in two of the three borings (B5 & B6) during the drilling. One groundwater grab sample was collected from B6. Although 3 soil samples were found to have 0.038, 0.310 and 0.420 mg/kg MTBE, no other contaminants were detected in the soil samples from these borings. No contaminants were detected in the groundwater grab sample.

Because of the proximity of the MTBE in soil to groundwater, Cardlock was directed to perform cleanup of the soil contamination and perform a groundwater monitoring program. In June 2004 three groundwater monitoring wells were installed around the tank cavity. A significant easterly groundwater gradient (0.15 ft/ft) was encountered at the site. Two of the wells had water at 56 and 57 feet bgs, and the third well showed a depth to water of 67 feet. Only minor hits of contamination were noted in the soil samples during well drilling – the highest MTBE concentration noted at 30 ft bgs was 0.740 mg/kg. With one minor exception (1.6 ug/l MTBE in MW-1) the initial round of groundwater sampling was non-detect for all constituents. Subsequent groundwater monitoring six months later detected MTBE with only as much as 19 ug/l, and below detection limits thereafter.

In October 2005, Cardlock installed three, dual-nested vapor extraction wells. These were screened in an effort to focus cleanup on the silty soil lens. An SVE system equipped with two 1000-pound activated carbon canisters was installed and began operating on February 13, 2006. According to vapor sampling, only one of the vapor well locations (VE-1) was noted to have significant vapor concentrations. Shortly after startup, this well had 4,200 ug/l gasoline range hydrocarbons (1,037 ppmv). After a few months, the vapor concentration VE-I had dropped to 64 ppmv.

The SVE system operated for a total of five months. After which a vapor rebound test was performed. Vapor samples collected at the end of the rebound test on July 5, 2006 were all non-detect.

Groundwater monitoring was conducted at the site from June 2004 to March 2006. The highest amount of MTBE detected in the groundwater was 19 ug/l in December 2004. Since then, all contaminants in the groundwater have been at concentrations less than method detection limits.

The City of Anaheim's nearest active, domestic water well is about 1 mile from the site.

The responsible party has requested site closure. This Department concurs with the request for closure for the following reasons:

1. The source of the contamination has been removed to the extent practical. The UST systems have been upgraded to meet today's strict standards. A soil vapor extraction system was used to remove the more volatile petroleum hydrocarbon constituents.

2. Approximately 116 tons of petroleum-impacted soil in the area of the USTs was excavated and disposed off-site.

3. The soil and groundwater contamination at the site have been assessed, and contamination does not appear to have migrated beyond the property line. The groundwater contours suggest that the gradient is from the USTs at the western perimeter, toward the center of the site.

4. Groundwater monitoring was conducted for two years. Only very low concentrations of petroleum hydrocarbons and MTBE were ever detected in the groundwater. Contaminants were not detected in any of the monitoring wells during the five recent quarterly sampling periods.

5. No benzene was detected in the final soil vapor samples, nor was benzene detected in final groundwater samples. As the site is presently a vehicle fueling facility, any threat to public health from the presence of residual petroleum products is understood and accepted.

**REGIONAL BOARD CONCURRENCE**

Kenneth R. Williams, Chief of the Pollution Investigation Section of the California Regional Water Quality

Control Board, Santa Ana Region, concurred with these findings on March 14, 2007.

# North & South Basin Groundwater Cleanup Update

**January 2022**

The Orange County Water District (OCWD; the District) manages and protects the Orange County Groundwater Basin that underlies north and central Orange County, from which 19 cities and water agencies draw their water supply. OCWD implements a proactive groundwater and surface water monitoring program to protect the quality of the groundwater basin and ensure the water it provides meets all state and federal drinking water standards.

Industrial chemicals have impacted areas in the northern and southern parts of the groundwater basin: North Basin (near Fullerton, Anaheim, and Placentia) and South Basin (near Santa Ana, Tustin, and Irvine). OCWD is proactively seeking ways to clean up the pollution in a united effort with state and federal regulatory agencies.

Below is an update on activities in and around the North and South Basin sites. OCWD will continue to update stakeholders as the need arises.

## North Basin

- With oversight from the United States Environmental Protection Agency (EPA), OCWD is conducting a Remedial Investigation/Feasibility Study (RI/FS) to further characterize areas with elevated contaminant concentrations (the RI) and develop and evaluate alternatives (the FS) for an Interim Remedy to remediate parts of the plume that pose a more imminent threat to local groundwater supplies.
- OCWD has submitted several draft reports that make up the RI Report. EPA has reviewed those reports and provided comments, and OCWD and its consultants are preparing a Final RI Report. The Final RI Report is expected to be completed in February or March 2022.
- OCWD and its consultants have identified practical remedial technologies that could be applied to the North Basin Interim Remedy, combined those technologies into remedial alternatives, and evaluated those alternatives using seven criteria, including effectiveness, implementability and cost. Because of the large area and depth of the VOC plume that will be remediated as part of the Interim Remedy (approximately five square miles and over 400 feet deep), a practical alternative to keep the contamination from spreading further is to use a network of extraction wells, treating the extracted groundwater to remove the contaminants, and then recharging the treated water back into the aquifer or directly using it. OCWD is currently working on a Draft FS Report, expected to be completed in April or May 2022, for EPA and state agency review.
- Two state agencies, the Santa Ana Regional Water Quality Control Board (RWQCB) and Department of Toxic Substances Control (DTSC), are overseeing the investigation and remediation of sites where releases of contaminants occurred. The RWQCB and DTSC

oversee the work by responsible parties to investigate and eliminate sources of contamination, which is key to addressing the problem.

- EPA is conducting a Comprehensive RI to investigate parts of the plume that are outside the Interim Remedy Containment Area, where additional data are needed to delineate the extent of the contamination and determine if the Interim Remedy will need to be augmented by additional remediation. The initial work being conducted by EPA includes three to five adjacent monitoring wells (each completed at a different depth) at five locations (a total of 19 wells). To date, sixteen monitoring wells have been installed at four locations. Drilling and well construction at the fifth location is expected to be conducted this year. These monitoring wells will help define the boundaries and depth of the leading edge of the contaminant plume. Additional monitoring wells are planned, pending available funding.

## South Basin

- The remedial investigation phase of the South Basin Remedial Investigation/Feasibility Study (RI/FS) is complete, and the process has moved to the FS phase. Engineering Analytics, Inc. (EA), the District's RI/FS consultant, is conducting the FS to identify, develop, and evaluate potential remedial alternatives to address groundwater contamination in the South Basin area. The following activities have been completed or are being performed by EA in support of the FS:
    - Technologies for potential interim remedial measures were evaluated, and a draft technologies screening technical memo was prepared and submitted to the Technical Advisory Committee (TAC) for review in the first quarter of 2021. Review comments have been received and are being incorporated in the draft FS Report.
    - A numerical groundwater flow model of the South Basin area was developed and was used to evaluate remedial alternatives.
    - A detailed evaluation of selected remedial alternatives technical memo, which included the groundwater modeling of alternatives, was completed and submitted to the TAC for review in the fourth quarter of 2021. Review comments have been received and are being incorporated in the draft FS Report.
    - The draft FS report is scheduled for submittal to the TAC in the first quarter of 2022.
- The TAC, comprising staff from the RWQCB, the State Water Board Division of Financial Assistance (DFA), and OCWD met to discuss comments on the draft technologies screening technical memo.
- South Basin documents may be accessed via OCWD's website (see link below) and are also available for public review at the following repositories:
    - Santa Ana Public Library, 26 Civic Center Plaza, Santa Ana, CA 92701
    - OC Library - Heritage Park, 14361 Yale Avenue, Irvine, CA 92604
    - Tustin Public Library, 345 East Main Street, Tustin, CA 92780

# Miscellaneous

# *Steve Kerchner, SST*

Mr. Kerchner has a BS in Forestry from U.C. Berkeley (1975) and has holds a certificate in Toxic & Hazardous Materials Control & Management from University of California, Los Angeles (1991). Mr. Kerchner has over 20 years experience in environmental and air quality related fields, and has completed several hundred Phase I Environmental Assessments and asbestos surveys. Additionally, Mr. Kerchner has completed numerous environmental investigations related to underground storage tank removals and other environmental processes. Specifically, his experience includes performing Phase I Environmental Site Assessments, soil and groundwater investigations, air quality monitoring, AB2588 "toxic hot spot" inventories, asbestos and lead investigations, UST removals, UST monitoring system upgrades, NPDES permitting, and remediation oversight. Additionally, Mr. Kerchner's experience includes work in the private sector for both Lockheed Electronics and Northrop Services Consulting Group; and for the past 13 years in the environmental consulting industry for various firms including AeroVironment, GeoResearch, and Bradley Environmental.

**Professional Certifications:**

Certificate in Toxic & Hazardous Materials Management, UCLA
Certified Site Surveillance Technician, California DOSH
AHERA Asbestos Building Inspector/Management Planner
AHERA Asbestos Contractor Supervisor
40-hr HAZWOPER

**Project Highlights:**

Pacific Crest Bank, Agoura, CA - Performed due diligence projects including Phase I ESAs and Transaction Screens on an ongoing basis for commercial, multi-family, and industrial sites throughout Southern California and Arizona. Performed field work for Phase II soil and groundwater investigations for dry cleaners and former automotive sites.

Fremont Investment and Loan - Performed Phase I ESAs and asbestos surveys for new loan origination and foreclosure projects throughout Southern California. Projects have included commercial and industrial properties.

Redevelopment Project, Anaheim, CA - Led project team that assessed the viability of acquiring and demolishing a 28 acre site containing commercial structures. Work included Phase I ESA, investigation of former gas station site, and pre-renovation asbestos/lead surveys of buildings at the site.

Blackburne and Brown, Sacramento, CA - Performed Phase I ESAs for commercial and multi-family properties throughout Southern California. Additionally, performed soil and groundwater investigation field work and report preparation for UST removal projects and former dry cleaner projects.

# *Kevin F. Gallagher, SST, Principal*

Mr. Gallagher has a BS in Mechanical Engineering from University of Lowell (1989). Kevin has over 20 years experience in the environmental consulting industry. His experience has ranged from building inspections for asbestos, to performing hundreds of Phase I and II Environmental Site Assessments, to being responsible as a technical manager for a national staff of Environmental Site Assessment personnel for a national environmental consulting firm. Kevin has organized, reviewed and handled customer interface for major national customers for over 15 years, and understands the process. Additionally, he has completed multiple courses in underground storage tank removal and investigation.

**Licenses and Certifications:**

Asbestos Site Surveillance Technician, California Division of Occupational Safety and Health
AHERA Asbestos Contractor Supervisor
AHERA Asbestos Building Inspector
Lead Awareness Training (29 CFR 1926.62)
40 Hour HAZWOPER (OSHA 29 CFR 1910.120)

**Project Highlights:**

Citibank, N.A.- National point of contact and technical manager for all Environmental Site Assessment work for client and various conduit programs throughout the United States.

JPMorgan Chase Bank, N.A. - National point of contact and technical manager for all Environmental Site Assessment work for client throughout the United States.

Comerica Bank - National point of contact and technical manager for all Environmental Site Assessment work for client throughout the United States.

Union Bank - National point of contact and technical manager for all Environmental Site Assessment work for client throughout the United States

Kimco Realty Corporation- National point of contact and technical manager for all Phase I, Phase II, and asbestos management services for client throughout the United States.

Former Doc Milgroms Cleaner, Northridge, CA - Senior Project Manager for investigation and remediation of solvent impacted site with agency oversight.

State of California, Real Estate Services Division, Napa State Hospital - Member of asbestos survey team for over 1 million square foot facility involving database generation.

Simpson Paper Company, Anderson Mill - Project Manager for an asbestos survey team that inspected an entire pulp and paper mill collecting over 1,500 bulk asbestos samples and preparing a database generated report.

# PRELIMINARY REPORT

*In response to the application for a policy of title insurance referenced herein,* ***Chicago Title Company*** *hereby reports that it is prepared to issue, or cause to be issued, as of the date hereof, a policy or policies of title insurance describing the land and the estate or interest therein hereinafter set forth, insuring against loss which may be sustained by reason of any defect, lien or encumbrance not shown or referred to as an exception herein or not excluded from coverage pursuant to the printed Schedules, Conditions and Stipulations or Conditions of said policy forms.*

*The printed Exceptions and Exclusions from the coverage and Limitations on Covered Risks of said policy or policies are set forth in Attachment One. The policy to be issued may contain an arbitration clause. When the Amount of Insurance is less than that set forth in the arbitration clause, all arbitrable matters shall be arbitrated at the option of either the Company or the Insured as the exclusive remedy of the parties. Limitations on Covered Risks applicable to the CLTA and ALTA Homeowner's Policies of Title Insurance which establish a Deductible Amount and a Maximum Dollar Limit of Liability for certain coverages are also set forth in Attachment One. Copies of the policy forms should be read. They are available from the office which issued this report.*

*This report (and any supplements or amendments hereto) is issued solely for the purpose of facilitating the issuance of a policy of title insurance and no liability is assumed hereby. If it is desired that liability be assumed prior to the issuance of a policy of title insurance, a Binder or Commitment should be requested.*

*The policy(s) of title insurance to be issued hereunder will be policy(s) of Chicago Title Insurance Company, a Florida corporation.*

***Please read the exceptions shown or referred to herein and the exceptions and exclusions set forth in Attachment One of this report carefully. The exceptions and exclusions are meant to provide you with notice of matters which are not covered under the terms of the title insurance policy and should be carefully considered.***

***It is important to note that this preliminary report is not a written representation as to the condition of title and may not list all liens, defects and encumbrances affecting title to the land.***

## EXCEPTIONS
## (Continued)

26. Any rights of the parties in possession of a portion of, or all of, said Land, which rights are not disclosed by the public records.

The Company will require, for review, a full and complete copy of any unrecorded agreement, contract, license and/or lease, together with all supplements, assignments and amendments thereto, before issuing any policy of title insurance without excepting this item from coverage.

The Company reserves the right to except additional items and/or make additional requirements after reviewing said documents.

**PLEASE REFER TO THE "INFORMATIONAL NOTES" AND "REQUIREMENTS" SECTIONS WHICH FOLLOW FOR INFORMATION NECESSARY TO COMPLETE THIS TRANSACTION.**

**END OF EXCEPTIONS**

# REQUIREMENTS SECTION

1. Unrecorded matters which may be disclosed by an Owner's Affidavit or Declaration. A form of the Owner's Affidavit/Declaration is attached to this Preliminary Report/Commitment. This Affidavit/Declaration is to be completed by the record owner of the land and submitted for review prior to the closing of this transaction. Your prompt attention to this requirement will help avoid delays in the closing of this transaction. Thank you.

   The Company reserves the right to add additional items or make further requirements after review of the requested Affidavit/Declaration.

2. The Company will require the following documents for review prior to the issuance of any title insurance predicated upon a conveyance or encumbrance by the corporation named below:

   Name of Corporation: Huoyen International, Inc., a California corporation

   a) A Copy of the corporation By-laws and Articles of Incorporation

   b) An original or certified copy of a resolution authorizing the transaction contemplated herein

   c) If the Articles and/or By-laws require approval by a 'parent' organization, a copy of the Articles and By-laws of the parent

   The Company reserves the right to add additional items or make further requirements after review of the requested documentation.

**END OF REQUIREMENTS**

# INFORMATIONAL NOTES SECTION

1. Note: There are NO conveyances affecting said Land recorded within 24 months of the date of this report.

2. None of the items shown in this report will cause the Company to decline to attach ALTA Endorsement Form 9 to an Extended Coverage Loan Policy, when issued.

3. The Company is not aware of any matters which would cause it to decline to attach CLTA Endorsement Form 116 indicating that there is located on said Land Commercial properties, known as 1500 South Raymond Avenue, located within the city of Fullerton, California, , to an Extended Coverage Loan Policy.

4. Note: The policy of title insurance will include an arbitration provision. The Company or the insured may demand arbitration. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the insured arising out of or relating to this policy, any service of the Company in connection with its issuance or the breach of a policy provision or other obligation. Please ask your escrow or title officer for a sample copy of the policy to be issued if you wish to review the arbitration provisions and any other provisions pertaining to your Title Insurance coverage.

5. Notice: Please be aware that due to the conflict between federal and state laws concerning the cultivation, distribution, manufacture or sale of marijuana, the Company is not able to close or insure any transaction involving Land that is associated with these activities.

6. Pursuant to Government Code Section 27388.1, as amended and effective as of 1-1-2018, a Documentary Transfer Tax (DTT) Affidavit may be required to be completed and submitted with each document when DTT is being paid or when an exemption is being claimed from paying the tax. If a governmental agency is a party to the document, the form will not be required. DTT Affidavits may be available at a Tax Assessor-County Clerk-Recorder.

# Wire Fraud Alert

This Notice is not intended to provide legal or professional advice. If you have any questions, please consult with a lawyer.

All parties to a real estate transaction are targets for wire fraud and many have lost hundreds of thousands of dollars because they simply relied on the wire instructions received via email, without further verification. **If funds are to be wired in conjunction with this real estate transaction, we strongly recommend verbal verification of wire instructions through a known, trusted phone number prior to sending funds.**

In addition, the following non-exclusive self-protection strategies are recommended to minimize exposure to possible wire fraud.

- **NEVER RELY** on emails purporting to change wire instructions. Parties to a transaction rarely change wire instructions in the course of a transaction.
- **ALWAYS VERIFY** wire instructions, specifically the ABA routing number and account number, by calling the party who sent the instructions to you. DO NOT use the phone number provided in the email containing the instructions, use phone numbers you have called before or can otherwise verify. **Obtain the phone number of relevant parties to the transaction as soon as an escrow account is opened**. DO NOT send an email to verify as the email address may be incorrect or the email may be intercepted by the fraudster.
- **USE COMPLEX EMAIL PASSWORDS** that employ a combination of mixed case, numbers, and symbols. Make your passwords greater than eight (8) characters. Also, change your password often and do NOT reuse the same password for other online accounts.
- **USE MULTI-FACTOR AUTHENTICATION** for email accounts. Your email provider or IT staff may have specific instructions on how to implement this feature.

# FIDELITY NATIONAL FINANCIAL, INC.
# PRIVACY NOTICE

Effective August 1, 2021

Fidelity National Financial, Inc. and its majority-owned subsidiary companies (collectively, "FNF," "our," or "we") respect and are committed to protecting your privacy. This Privacy Notice explains how we collect, use, and protect personal information, when and to whom we disclose such information, and the choices you have about the use and disclosure of that information.

A limited number of FNF subsidiaries have their own privacy notices. If a subsidiary has its own privacy notice, the privacy notice will be available on the subsidiary's website and this Privacy Notice does not apply.

## Collection of Personal Information

FNF may collect the following categories of Personal Information:

- contact information (*e.g.*, name, address, phone number, email address);
- demographic information (*e.g.*, date of birth, gender, marital status);
- identity information (*e.g.* Social Security Number, driver's license, passport, or other government ID number);
- financial account information (*e.g.* loan or bank account information); and
- other personal information necessary to provide products or services to you.

We may collect Personal Information about you from:

- information we receive from you or your agent;
- information about your transactions with FNF, our affiliates, or others; and
- information we receive from consumer reporting agencies and/or governmental entities, either directly from these entities or through others.

## Collection of Browsing Information

FNF automatically collects the following types of Browsing Information when you access an FNF website, online service, or application (each an "FNF Website") from your Internet browser, computer, and/or device:

- Internet Protocol (IP) address and operating system;
- browser version, language, and type;
- domain name system requests; and
- browsing history on the FNF Website, such as date and time of your visit to the FNF Website and visits to the pages within the FNF Website.

Like most websites, our servers automatically log each visitor to the FNF Website and may collect the Browsing Information described above. We use Browsing Information for system administration, troubleshooting, fraud investigation, and to improve our websites. Browsing Information generally does not reveal anything personal about you, though if you have created a user account for an FNF Website and are logged into that account, the FNF Website may be able to link certain browsing activity to your user account.

## Other Online Specifics

Cookies. When you visit an FNF Website, a "cookie" may be sent to your computer. A cookie is a small piece of data that is sent to your Internet browser from a web server and stored on your computer's hard drive. Information gathered using cookies helps us improve your user experience. For example, a cookie can help the website load properly or can customize the display page based on your browser type and user preferences. You can choose whether or not to accept cookies by changing your Internet browser settings. Be aware that doing so may impair or limit some functionality of the FNF Website.

Web Beacons. We use web beacons to determine when and how many times a page has been viewed. This information is used to improve our websites.

Do Not Track. Currently our FNF Websites do not respond to "Do Not Track" features enabled through your browser.

Links to Other Sites. FNF Websites may contain links to unaffiliated third-party websites. FNF is not responsible for the privacy practices or content of those websites. We recommend that you read the privacy policy of every website you visit.

## Use of Personal Information

FNF uses Personal Information for three main purposes:

- To provide products and services to you or in connection with a transaction involving you.
- To improve our products and services.
- To communicate with you about our, our affiliates', and others' products and services, jointly or independently.

## When Information Is Disclosed

We may disclose your Personal Information and Browsing Information in the following circumstances:

- to enable us to detect or prevent criminal activity, fraud, material misrepresentation, or nondisclosure;
- to nonaffiliated service providers who provide or perform services or functions on our behalf and who agree to use the information only to provide such services or functions;

- to nonaffiliated third party service providers with whom we perform joint marketing, pursuant to an agreement with them to jointly market financial products or services to you;
- to law enforcement or authorities in connection with an investigation, or in response to a subpoena or court order; or
- in the good-faith belief that such disclosure is necessary to comply with legal process or applicable laws, or to protect the rights, property, or safety of FNF, its customers, or the public.

The law does not require your prior authorization and does not allow you to restrict the disclosures described above. Additionally, we may disclose your information to third parties for whom you have given us authorization or consent to make such disclosure. We do not otherwise share your Personal Information or Browsing Information with nonaffiliated third parties, except as required or permitted by law. We may share your Personal Information with affiliates (other companies owned by FNF) to directly market to you. Please see "Choices with Your Information" to learn how to restrict that sharing.

We reserve the right to transfer your Personal Information, Browsing Information, and any other information, in connection with the sale or other disposition of all or part of the FNF business and/or assets, or in the event of bankruptcy, reorganization, insolvency, receivership, or an assignment for the benefit of creditors. By submitting Personal Information and/or Browsing Information to FNF, you expressly agree and consent to the use and/or transfer of the foregoing information in connection with any of the above described proceedings.

**Security of Your Information**
We maintain physical, electronic, and procedural safeguards to protect your Personal Information.

**Choices With Your Information**
If you do not want FNF to share your information among our affiliates to directly market to you, you may send an "opt out" request as directed at the end of this Privacy Notice. We do not share your Personal Information with nonaffiliates for their use to direct market to you without your consent.

Whether you submit Personal Information or Browsing Information to FNF is entirely up to you. If you decide not to submit Personal Information or Browsing Information, FNF may not be able to provide certain services or products to you.

## CALIFORNIA LAND TITLE ASSOCIATION
## STANDARD COVERAGE POLICY – 1990

### EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy and the Company will not pay loss or damage, costs, attorneys' fees or expenses which arise by reason of:

1. (a) Any law, ordinance or governmental regulation (including but not limited to building or zoning laws, ordinances, or regulations) restricting, regulating, prohibiting or relating (i) the occupancy, use, or enjoyment of the land; (ii) the character, dimensions or location of any improvement now or hereafter erected on the land; (iii) a separation in ownership or a change in the dimensions or area of the land or any parcel of which the land is or was a part; or (iv) environmental protection, or the effect of any violation of these laws, ordinances or governmental regulations, except to the extent that a notice of the enforcement thereof or a notice of a defect, lien, or encumbrance resulting from a violation or alleged violation affecting the land has been recorded in the public records at Date of Policy.
   (b) Any governmental police power not excluded by (a) above, except to the extent that a notice of the exercise thereof or notice of a defect, lien or encumbrance resulting from a violation or alleged violation affecting the land has been recorded in the public records at Date of Policy.
2. Rights of eminent domain unless notice of the exercise thereof has been recorded in the public records at Date of Policy, but not excluding from coverage any taking which has occurred prior to Date of Policy which would be binding on the rights of a purchaser for value without knowledge.
3. Defects, liens, encumbrances, adverse claims or other matters:
   (a) whether or not recorded in the public records at Date of Policy, but created, suffered, assumed or agreed to by the insured claimant;
   (b) not known to the Company, not recorded in the public records at Date of Policy, but known to the insured claimant and not disclosed in writing to the Company by the insured claimant prior to the date the insured claimant became an insured under this policy;
   (c) resulting in no loss or damage to the insured claimant;
   (d) attaching or created subsequent to Date of Policy; or
   (e) resulting in loss or damage which would not have been sustained if the insured claimant had paid value for the insured mortgage or for the estate or interest insured by this policy.
4. Unenforceability of the lien of the insured mortgage because of the inability or failure of the insured at Date of Policy, or the inability or failure of any subsequent owner of the indebtedness, to comply with the applicable doing business laws of the state in which the land is situated.
5. Invalidity or unenforceability of the lien of the insured mortgage, or claim thereof, which arises out of the transaction evidenced by the insured mortgage and is based upon usury or any consumer credit protection or truth in lending law.
6. Any claim, which arises out of the transaction vesting in the insured the estate of interest insured by this policy or the transaction creating the interest of the insured lender, by reason of the operation of federal bankruptcy, state insolvency or similar creditors' rights laws.

### EXCEPTIONS FROM COVERAGE - SCHEDULE B, PART I

This policy does not insure against loss or damage (and the Company will not pay costs, attorneys' fees or expenses) which arise by reason of:

1. Taxes or assessments which are not shown as existing liens by the records of any taxing authority that levies taxes or assessments on real property or by the public records.
   Proceedings by a public agency which may result in taxes or assessments, or notices of such proceedings, whether or not shown by the records of such agency or by the public records.
2. Any facts, rights, interests, or claims which are not shown by the public records but which could be ascertained by an inspection of the land or which may be asserted by persons in possession thereof.
3. Easements, liens or encumbrances, or claims thereof, not shown by the public records.
4. Discrepancies, conflicts in boundary lines, shortage in area, encroachments, or any other facts which a correct survey would disclose, and which are not shown by the public records.
5. (a) Unpatented mining claims; (b) reservations or exceptions in patents or in Acts authorizing the issuance thereof; (c) water rights, claims or title to water, whether or not the matters excepted under (a), (b) or (c) are shown by the public records.
6. Any lien or right to a lien for services, labor or material not shown by the public records.

## ALTA HOMEOWNER'S POLICY OF TITLE INSURANCE

### EXCLUSIONS

In addition to the Exceptions in Schedule B, You are not insured against loss, costs, attorneys' fees, and expenses resulting from:

1. Governmental police power, and the existence or violation of those portions of any law or government regulation concerning:
   a. building;
   b. zoning;
   c. land use;
   d. improvements on the Land;
   e. land division; and
   f. environmental protection.
   This Exclusion does not limit the coverage described in Covered Risk 8.a., 14, 15, 16, 18, 19, 20, 23 or 27.
2. The failure of Your existing structures, or any part of them, to be constructed in accordance with applicable building codes. This Exclusion does not limit the coverage described in Covered Risk 14 or 15.
3. The right to take the Land by condemning it. This Exclusion does not limit the coverage described in Covered Risk 17.
4. Risks:
   a. that are created, allowed, or agreed to by You, whether or not they are recorded in the Public Records;
   b. that are Known to You at the Policy Date, but not to Us, unless they are recorded in the Public Records at the Policy Date;

The use of this Form is restricted to CLTA subscribers in good standing as of the date of use. All other uses are prohibited. Reprinted under license or express permission from the California Land Title Association.

c. that result in no loss to You; or
d. that first occur after the Policy Date - this does not limit the coverage described in Covered Risk 7, 8.e., 25, 26, 27 or 28.

5. Failure to pay value for Your Title.
6. Lack of a right:
   a. to any land outside the area specifically described and referred to in paragraph 3 of Schedule A; and
   b. in streets, alleys, or waterways that touch the Land.

   This Exclusion does not limit the coverage described in Covered Risk 11 or 21.
7. The transfer of the Title to You is invalid as a preferential transfer or as a fraudulent transfer or conveyance under federal bankruptcy, state insolvency, or similar creditors' rights laws.
8. Contamination, explosion, fire, flooding, vibration, fracturing, earthquake, or subsidence.
9. Negligence by a person or an Entity exercising a right to extract or develop minerals, water, or any other substances.

## LIMITATIONS ON COVERED RISKS

Your insurance for the following Covered Risks is limited on the Owner's Coverage Statement as follows:

- For Covered Risk 16, 18, 19, and 21 Your Deductible Amount and Our Maximum Dollar Limit of Liability shown in Schedule A.

## 2006 ALTA LOAN POLICY (06-17-06)

## EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy, and the Company will not pay loss or damage, costs, attorneys' fees, or expenses that arise by reason of:

1. (a) Any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) restricting, regulating, prohibiting, or relating to
   (i) the occupancy, use, or enjoyment of the Land;
   (ii) the character, dimensions, or location of any improvement erected on the Land;
   (iii) the subdivision of land; or
   (iv) environmental protection;

   or the effect of any violation of these laws, ordinances, or governmental regulations. This Exclusion 1(a) does not modify or limit the coverage provided under Covered Risk 5.
   (b) Any governmental police power. This Exclusion 1(b) does not modify or limit the coverage provided under Covered Risk 6.
2. Rights of eminent domain. This Exclusion does not modify or limit the coverage provided under Covered Risk 7 or 8.
3. Defects, liens, encumbrances, adverse claims, or other matters
   (a) created, suffered, assumed, or agreed to by the Insured Claimant;
   (b) not Known to the Company, not recorded in the Public Records at Date of Policy, but Known to the Insured Claimant and not disclosed in writing to the Company by the Insured Claimant prior to the date the Insured Claimant became an Insured under this policy;
   (c) resulting in no loss or damage to the Insured Claimant;
   (d) attaching or created subsequent to Date of Policy (however, this does not modify or limit the coverage provided under Covered Risk 11, 13 or 14); or
   (e) resulting in loss or damage that would not have been sustained if the Insured Claimant had paid value for the Insured Mortgage.
4. Unenforceability of the lien of the Insured Mortgage because of the inability or failure of an Insured to comply with applicable doing-business laws of the state where the Land is situated.
5. Invalidity or unenforceability in whole or in part of the lien of the Insured Mortgage that arises out of the transaction evidenced by the Insured Mortgage and is based upon usury or any consumer credit protection or truth-in-lending law.
6. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights laws, that the transaction creating the lien of the Insured Mortgage, is
   (a) a fraudulent conveyance or fraudulent transfer, or
   (b) a preferential transfer for any reason not stated in Covered Risk 13(b) of this policy.
7. Any lien on the Title for real estate taxes or assessments imposed by governmental authority and created or attaching between Date of Policy and the date of recording of the Insured Mortgage in the Public Records. This Exclusion does not modify or limit the coverage provided under Covered Risk 11(b).

The above policy form may be issued to afford either Standard Coverage or Extended Coverage. In addition to the above Exclusions from Coverage, the Exceptions from Coverage in a Standard Coverage policy will also include the following Exceptions from Coverage:

## EXECUTIVE SUMMARY

The site is located close to a freeway on the outskirts of an industrial area. A relatively large number of hazardous contamination incidents have occurred in this industrial area. All the known incidents are, however, controlled, and Jungren & Duran, Inc. recommends no further investigation into the historic conditions or uses of the subject property. Underground water contamination in the area is under control and not likely to pose an environmental threat to the site. If property development is planned to include the use of groundwater, additional research of KWQCB agency site specific records would be warranted.

## PURPOSE

The purpose of this Phase I Environmental Site Assessment is to review the readily available past and current land use data for indications of the manufacture, use, storage and disposal of hazardous substances at the site, to evaluate the data and render findings for the potential for site contamination resulting from past or present land-use activities, and to the extent possible, adjacent off-site operations, and to provide recommendations for further site investigations, as appropriate.

## 1.0 SCOPE OF WORK

The scope of work is in accordance with RTC standard guidelines (See Appendix 10.j) and contractual agreement with Huo-Yen Yang.

## 2.0 ASSET INFORMATION

| City and State of financial institution: | Not available |

## 3.0 SITE BACKGROUND

**Site Description and Improvements:** The property is occupied by Days Inn, a franchised motel. It is located on 1500 South Raymond Avenue in Fullerton, California. The buildings on the lot consist of a L-shaped patio building with restaurant-lounge attached and a tower building containing guest rooms (See Appendix 10.c.i). The L-shaped patio building is a 3-story concrete block building with concrete floors and cantilevered, concrete walkways on both sides, from which the guest rooms are accessed. The restaurant-lounge area is a conventional wood-frame structure. The tower appears to be a concrete building with a steel framed mechanical penthouse. The exterior is concrete and stucco. The size of the lot is approximately 5 acres.

**Legal Description of the Site:** The legal description of the property is that portion of Parcel 1, as per parcel map in book 58, page 17 of parcel maps, formerly Lot 1 of Tract #5876, as per map in book 227, page 4 thru 6 of maps, formerly known as that portion of the northwest quarter of Section 2, Township 4 south, Range 10 west, described in Metes and Bounds, being the southerly portion of Lots 2 and 3, A. Goodwin Tract, as per map in book 8, page 63 of misc. maps, all as on file in the records of Orange County, California.

**Property Owner:** Title search identifies the current owner as Aetna Life Insurance Company, a Connecticut corporation.

**Properties surrounding the Site:** As part of the site reconnaissance, Kathy Ung of Jungren & Duran, Inc. on April 6, 1995 conducted a drive-through of the area within a one-mile radius of the property to observe land use.

The immediate vicinity consists mainly of industrial and commercial properties. Across Raymond Avenue, west of the property is Tyson Food and Ultramar Gas Station. East of the property is Penzoil and Diversified Mailing Inc. A railroad spur is located west of the property. South of the property, across Burton Street is the Atchison Topeka and Santa Fe Railroad and Freeway 91. There are mostly residential houses south of the 91 Freeway.

## 4.0 SITE HISTORY

Summary: The subject property is located in an industrial area, MP4000 zoning (Manufacturing Park, 4000 sq. ft. minimum building area). The area is close to freeway 91, which is the boundary between the City of Fullerton and the City of Anaheim. According to the records of the Building Department, the L-shaped building was built in 1968 and the tower was added in about 1973. No records indicating contamination were found in the Water and Fire Departments files. The City Directories, Criss Cross and Orange County Business & Industrial Directories, and The Historic Building Survey Report conducted by the Fullerton Landmark Commission do not have any information or history that might have significant impact on the property. Neither title search nor review of aerial photos indicates any business on this property that could have resulted in contamination.

12/12/85: The tower building on the site has been built. The neighborhood is mainly unchanged.

6/3/88: No change since the previous photo.

1/11/92: The water tank east of the site, at the intersection of Orangethorpe and the Union Pacific Railroad, has been removed. No other major changes.

**Other Sources and Interviews:** The Southern Orange County Criss Cross and Orange County Business & Industrial City Directories do not have any information concerning the lot. However, the mailing routes in the directories do show that the major mailing routes prior to 1940 were on Orangethorpe and Raymond. There was a listing of six (6) families on South Raymond. The Final Historic Building Survey Report, 2/1/78 - 3/31/79, does not show any historical significant of the property. The above directories and other library resources did not indicate any environmental hazard or historical importance of the property (Interview by Kathy Ung on April 6, 1995, with Ms. Cathy Thompson, a librarian in The Albert Launer Memorial Local History Room). The Water and Fire Department found no records of contamination of the site (Telephone interview by Kathy Ung on March 24, 1995, with Elaine Wise and Mear Sattahi, Water Engineering Dept. and Steve Long of the Fire Prevention Dept.).

Title search and aerial photos indicate no need for additional research and no historical maps were investigated. There are no special resources, see Section 7.0. No special resources list was developed.

## 5.0 REGULATORY REVIEW

Summary: There are one hundred fifteen (115) potential waste sites within a one-mile radius of the site, most of which required no further action and have been closed.

There are two (2) hazardous waste generator, storage, or disposal sites within a one-mile radius of the site.

There are forty-one (41) leaking underground tanks reported within a one-mile radius of the site. Most sites are either closed or under restoration.

Northrop Corporation, 500 E. Orangethorpe Avenue, Anaheim, California, has been identified to be storing and/or to be brokers and disposers of PCB. It is located about 1/2 mile northwest of the site.

Our review of General Public Records and Regulatory Agency Inquiries determined no sources of on-site contamination. Known off-site contamination is being monitored.

Review of Regulatory Compliance Records and Environmental Databases

The following regulatory agency databases were examined by Jungren & Duran during our investigation. Shown below is a short summary of the findings. Included as an appendix to this report is a map showing location and a complete listing of all sites within a half- and one-mile radius of the site.

**Federal Sources:**

**NPL** **National Priority List, U.S. EPA:** Sites qualified to receive funding under the Superfund provision of CERCLA. As of January 2, 1995, no sites listed in this database are located within a one mile radius of the site.

**CERCLIS** **Sites designated as actually or potentially contaminated sites under CERCLA, U.S. EPA:** As of January 2, 1995, twelve (12) sites listed in this database are located within a one mile radius of the subject property. Most sites require no further action and cleanup requirements for the others have been completed.

**FEDFAC** **Federal Facilities:** Federal facilities with known or suspected environmental problems. The Federal Facilities Hazardous Waste Compliance Docket is tracked separately to comply with a Federal Court order. As of September 2, 1994, no sites listed in this database are located within a one mile radius of the site.

**ERNS** **Federal Emergency Response Notification System:** Sites with previous hazardous materials spill. Twenty-three (23) sites listed in this database are located within a mile radius of the site as of 1993.

**SETS** **Site Enforcement Tracking System:** When expending Superfund Money at a CERCLA Site, EPA must conduct a search to identify parties with potential financial responsibility for remediation of uncontrolled

hazardous waste sites. EPA regional Superfund Waste Management Staff issues a notice letter to the potentially responsible party. As of April 18, 1994, two (2) sites listed in this database are located within a one mile radius of the site.

**RCRA** **Violators List:** The Resource Conservation and Recovery Act (RCRA) requires regulation of hazardous waste generators, transporters, and storage/treatment/disposal sites. As of September 20, 1994, two (2) sites listed in this database are located within a one mile radius of the site.

**FD** **Federal Enforcement Dockets:** The US EPA, Office of Enforcement, maintains a list of sites under enforcement by the US EPA. No site listed in this database is located within a one mile radius of the site.

**California State Sources:**

**AW** **Annual Work Plan:** The plan identifies California hazardous waste sites targeted for cleanup by responsible parties, the California and the Federal Environmental Protection Agency over the next five years (previously known as Bond Expenditure Plan). As of December 23, 1994, no site listed in this database is located within a one mile radius of the site.

**CALS** **CALSITES:** The Historical Abandoned Site Survey Program identifies certain potential hazardous waste sites (previously known as The Abandoned Sites Program Information System, ASPIS). As of December 23, 1994, there are one hundred fifteen 115 sites listed in this database located within a one mile radius of the site. Of these 115 sites, 77 require no further action (NFA), 19 cases are closed, 7 sites require site screening, 4 are under preliminary endangerment assessment, low priority, and 6 in medium priority, and 2 are still under EPA investigation.

**CORTESE** **Hazardous Waste and Substances Site List, CAL-EPA:** Thirty-three (33) sites listed in this database are located within a one mile radius of the site as of November 1990. Of the thirty-three (33), 11 sites are contaminated large public wells, 18 sites have leaking tanks, and 4 are abandoned sites.

**LUST** **Leaking Underground Storage Tanks, California Regional Water Resources Control Board:** As of April 25, 1994, forty-one (41) sites listed in this database are located within a one mile radius of the subject property. Of the 41 sites, 28 cases have been closed, 6 are having "pollution characterization", "preliminary site assessment is underway" for 4 cases, 2 cases are developing "remediation plans", and 1 preliminary site assessment workplan has been submitted.

**SWIS** **Solid Waste Information System:** The California Waste Management Board maintains lists of certain facilities, i.e., Active Solid Waste Disposal Sites, Inactive or Closed Solid Waste Disposal Sites and Transfer Facilities. As of December 1, 1994, no sites listed in this database were located within a one mile radius of the site.

**Regional Sources:**

**LUST(R)** **Leaking Underground Storage Tanks - Regional:** There are thirty-nine (39) sites listed in this database, located within a one mile radius of the site. Of the 39 sites, 26 are "closed", 1 has "preliminary site assessment workplan submitted", 3 have "preliminary site assessment underway", 2 have "remedial action", and 7 is having "pollution characterization".

**NT** **Toxic Releases:** The California Regional Water Quality Control Boards and local Department of Health Services keep track of toxic release to the environment. Thirteen (13) sites listed in this database are located within a one mile radius of the property. Of the 13 sites, 3 sites are closed, on 3 sites remedial actions are underway, on 5 sites remediation plans are submitted, and 2 sites have confirmed leaks.

**TPC** **Toxic Pits cleanup facilities:** The California Water Quality Control Board maintains an inventory of sites with toxic pits in the state. No sites listed in this database are located within a one mile radius of the site.

**SWAT(R)** **Solid Waste Assessment Test - Regional:** Sites with more than 50,000 cubic yards of waste are required to provide sufficient information to the Regional Water Quality Control Board to determine whether the site has discharged hazardous substance that will have an impact on the

environment. One (1) site listed in this database is located within a one mile radius of the site. It has a priority rank of 15, meaning the site operator is required to file Solid Waste Assessment Test report by July 1, 2001.

WIP **Well Investigation Program:** The Well Investigation Program identifies groundwater that is already contaminated and empowers the California Department of Health Services and local health officers to order ongoing monitoring programs. Thirteen (13) sites listed in this database are located within a one mile radius of the site.

**Operating Permits:**

RCRA-G **Resource Conservation and Recovery Information System - Generators:** All hazardous waste generators are required to notify EPA of their existence by submitting the Federal Notification of Regulated Waste Activity Form or a state equivalent form. As of September 1, 1994, there are seventy-one (71) sites listed in this database located within a half mile radius of the site. Of these 71 sites, 23 are small generators (generating 100kg/mo but < 1000kg/mo of non-acutely hazardous waste), 23 are large generators (generate at least 1000kg/mo of non-acutely hazardous waste), 2 are transporters, and the sizes of the 23 others have not yet been identified by the EPA.

RCRA-T **Resource Conservation and Recovery Information System - Treatment, Storage & Disposal (TSD):** As of April 11, 1994, no sites listed in this database are located within a one mile radius of the site.

SARA **SARA Title III, section 313 (TRIS):** This title requires the owner or the operators of facilities with more than 10 employees and listed under Standard Industrial Classification (SIC) Codes 20 through 39 to report the manufacturing, processing or use of more than the threshold of certain chemical or chemical categories listed under section 313. No sites listed in this database are located within a half mile radius of the site.

NC **Nuclear Regulatory Commission Licensees:** Regulation of Nuclear facilities. No sites listed in this database are located within a half mile radius of the site.

PB

**PCB Waste Handlers Database:** The U.S. Environmental Protection Agency tracks generators, transporters, commercial stores and/or brokers and disposers of PCB's according to the Toxic Substance Control Act. One (1) site listed in this database is located within a half mile radius of the site.

PCS

**Permit Compliance System:** PCS tracks permit, compliance, and enforcement states of NPDES (National Pollutant Discharge Elimination System) facilities. No sites listed in this database are located within a half mile radius of the site.

AFS

**AIRS Facility System:** AFS contains emissions and compliance data on air pollution point sources tracked by the U.S. EPA and state and local environmental regulatory agencies. There are seven "criteria pollutants" for which data must be reported to EPA and stored in AIRS: PM10 (particulate matters less than 10 microns in size), carbon monoxide, sulfur dioxide, nitrogen dioxide, lead, reactive volatile organic compounds (VOC), and ozone. Eight (8) sites listed in this database are located within a half mile radius of the site.

PE

**Section Seven Tracking System (SSTS):** SSTS tracks the registration of all pesticide producing establishments and tracks annually the types and amounts of pesticides, active ingredients, and devices that are produced, sold or distributed each year. No sites listed in this database are located within a half mile radius of the site.

FIFRA

**FIFRA/TSCA Tracking System/National Compliance Database (FTTS/NCDB):** NCDB supports implementation of the Federal Insecticide, Fungicide and Rodenticide Control Act (FIFRA) and the Toxic Substance Control Act (TSCA). One (1) site listed in this database is located within a half mile radius of the site.

DO

**Enforcement Docket System (DOCKET)/Consent Decree Tracking System (CDETS):** DOCKET tracks civil judicial cases against environmental polluters, while CDETS processes court settlements, called consent decrees. No sites listed in this database are located within a half mile radius of the site.

**CD** **Criminal Docket System (C-DOCKET):** The C-Docket handles data for all environmental statues and tracks enforcement actions from the initial stages of investigation through conclusion. No sites listed in this database are located within a half mile radius of the site.

**FI** **Federal Facilities Information System (FFIS):** FFIS contains a list of all Treatment Storage and Disposal Facilities (TSDs) owned and operated by federal agencies. No sites listed in this database are located within a half mile radius of the site.

**CI** **Chemicals in Commerce Information System (CICIS):** CICIS allows EPA to maintain a comprehensive listing of over 70,000 chemical substances that are manufactured or imported and are regulated under TSCA. One (1) site listed in this database is located within a half mile radius of the site.

**FN** **FINDS EPA Facility Index System:** The U.S. EPA maintains an index system of all facilities which are regulated or have been assigned an identification number for other purposes. Facilities that have been reported elsewhere in the Environmental Databases will not be included in this listing. No sites listed in this database are located within a half mile radius of the site.

**HWIS** **Hazardous Waste Information System:** The Department of Toxic Substance Control, California Environmental Protection Agency, maintains a data base keeping track of the movement and disposal of hazardous waste by issuing permits to the one who requested. Thirty-six (36) sites listed in this database located within a half mile radius of the site have requested the permit. Most of these sites contain either organic or inorganic wastes.

**UST** **Permitted Underground Storage Tanks - State Water Quality Control Board:** Home and farm heating fuel tanks with capacities of 1,100 gallons or less and "structures such as sumps, separators, storm drains, catch basins, oil field gathering lines, refinery pipelines, lagoons, evaporation ponds, well cellars, separation sumps, lined and unlined pits, sumps and lagoons" except those defined as UST under HSWA or may be regulated to protect water quality under the Porter-Cologne Water Quality Control Act are excluded. Twenty-nine (29) sites listed in this database are located within a half mile radius of the site.

Review of General Public Records and Regulatory Agency Inquiry

**County of Orange Health Services Agency:** According to the response from the Orange County Health Care Agency, Custodian of Records, no hazardous waste records were found on the property (Appendix 10.g).

**Fire Department Files:** According to Steve Long of Fullerton City Fire Department, no incidents, leaking underground storage tanks, hazardous materials storage, or any kind of violation found on the site (Steve Long called on March 30, 1995, in response to the request letter from Kathy Ung, see Appendix 10.g).

**Building Department Files:** On March 28, 1995, Kathy Ung visited the Fullerton City Building Department. No notices of violation were found. However, there were files of building, electrical, & plumbing permits, drawings, and structural calculations for remodeling as well as the construction of the buildings. Construction plans of the property and other drawings were not allowed to be copied without the approval of the designers and architectures. We made copies of the building permits, the certificate of occupancy, notification from the City, and letters from Engineering firms. They are included in the appendix. There were only one certificate of occupancy found, dated 1969 for Holiday Inn. File found in 1973 indicated the name of the property as Hilton Inn. A.J.R. Inn, LTD was the name used in 1978. Griswold's Inn is used from 1985-1991. The 1991 record is the most recent file of the property. Days Inn, owned by a Connecticut Corporation, Aetna Life Insurance Co., had not been indicated in any of the City Building Department records for the property (See Appendix 10.g).

**Hazardous/Regulated Wastes:** According to the City of Fullerton Fire Department, Building Department, and water Department, and the Orange County Health Department, no specific permits for hazardous or regulated wastes were found on the site.

**Underground Storage Tanks (USTs):** No permits for underground storage tanks were found on file for the subject site from the Building Department permits search or the updated Environmental Database search or Fullerton City Fire and Water Department records.

**Discharge Incidents:** According to the updated Environmental Database, Fullerton City Fire Department, Building Department, Water Department, and the Orange County Health Department, no record of discharge or release incidents on the subject property was found.

**Discharge Permits:** No discharge permits for the subject property was found on file with the Fullerton City Fire Department, Building Department, Water Department, the Orange County Health Department, and the Environmental Databases.

**Water Department:** According to Elaine Wise of Fullerton Water Engineering Department, no productive wells were found in the city files. Groundwater flow in the southwest direction and water table is approximately 100 ft. below surface. She also indicated that there is a 12-inches cast iron drain pipe running in a loop, main on Burton St., from Manhattan Ave., Orangethorpe Ave., and Raymond Ave. Mear Sattahi of Fullerton Water Engineer indicated that he had no records of any underground water contamination from the depth of 1300 ft. to 1500 ft. He found no record of any contamination violation reported (Per phone conversation with Elaine Wise and Mear Sattahi by Kathy Ung on March 3, 1995). See also the Annual Water Quality Report 1993 in Appendix 10.g.

**Regulatory Agency Inquiry (Special Resources):** Based on the information provided by the Fullerton Building Department, the Chain of Title, and what is observed on aerial photos, the site has not been used for anything other than farming and hotel purposes. The Fish and Wildlife Service found no special resources on the site (See Section 7.0).

## 6.0 SITE INVESTIGATIONS AND REVIEW OF HAZARDS

Summary: The site investigation revealed no evidence of any kind of contamination or flood problem on site. A Comprehensive asbestos inspection has been conducted by TRC Environmental Consultants, Inc. in 1991. They found some asbestos containing material and suggested that an Operations and Maintenance (O&M) Plan to be implemented as soon as practicable.

**Site Inspection:** J.E. Jungren, principal engineer, and Kathy Ung, staff engineer of Jungren & Duran, Inc. performed a site investigation on February 24, 1995. Kathy Ung visited the site again on April 6, 1995 for a drive-through of the area.

The property buildings included the L-shaped building, tower building, and restaurant-lounge section. It has a swimming pool in the center of all the buildings. A low spot was noticed in the parking area but no other indication of chemical release was observed on the site. No transformers were observed on the property.

**Topography:** The site is located approximately 177 feet above mean sea level. It slopes gently in a Southwest direction.

**Soils and Geology:** The buildings are located on a level building pad. Site topography indicates no fill operation. No subsurface exploration was performed.

According to a survey made by The United States Department of Agriculture in 1978, the soils in this area belong to the Metz series. The soils of this series occur on flood plains and alluvial fans. They formed in mixed alluvium. They are over 5 feet deep and are somewhat excessively well drained, and have moderately rapid subsoil permeability. The surface layer is loamy sand underlain by stratified loamy sand, sandy loam, and very fine sandy loam. They are moderately alkaline and calcareous throughout. If the soil is bare, runoff is slow, and the erosion hazard is slight. Shrink-swell potential is low; corrosion risk is high for untreated steel.

The map from which this information was gathered is intended for general planning. Areas, shown containing a soil with certain characteristics, may also contain soils with different characteristics.

**Hydrology:** Kathy Ung visited the Engineering Division of the Building Department on April 6, 1994 and talked to George Lin, Civil Engineer. He told us that he does not have any drawing showing the elevation of storm drain pipes or sewer pipes. He did provide maps indicating the depth of sewer mainhole and location of drainage facilities at the surrounding (See Appendix 10.g).

See earlier comments under the heading **"Water Department"** on the previous page.

**Chemicals and Raw Material Usage:** No chemicals or other raw materials were observed on the site during the inspection..

**Polychlorinated Biphenyls (PCBs):** No transformers, capacitors or other electrical equipment likely to contain PCB compounds were observed on the site. However, PCB has been found on Northrop Corporation, located on 500 E. Orangethrope Avenue, Anaheim.

**Asbestos-containing Materials (ACM):** Asbestos-containing materials were found on site during an asbestos inspection in 1991, by TRC Environmental Consultants, Inc. This inspection report recommended the initiation of an Operation and maintenance Plan.

**Lead:** Tests done by the local utility company show that drinking water does not exceed maximum contaminant levels (See Appendix 10.g). No suspected lead-containing paint was found on the site.

**Radon:** The State of California Department of Health Services (DHS) is participating in the United States Environmental Protection Agency's (EPA) State Radon Survey. California was divided into nine sampling regions for the survey using general geology, climate, and existing radon distribution knowledge. Based on the interim results of the survey the region which includes the Property Site area demonstrated less than 1% probability that elevated levels of radon [>4 pico curies/liter (pCi/l)] exist in structures in that region. Factors that contribute to elevated radon levels are: high levels of uranium within the soil, air tight construction for extremely cold climates, and basement below ground construction with minimal or no ventilation. Source: State of California Department of Health Services, "California Statewide Radon Survey Interim Results".

It is highly unlikely that elevated radon gas levels would be detected. Although the only method of determining the presence of radon gas is to have analytical procedures conducted in the specific area of concern, Jungren & Duran, Inc. recommends no further action with respect to radon gas at the Property Site.

**Hazardous Substances:** According to the Fullerton City Fire Department, Water Department, Building Department, and Library resources, the environmental databases, and the Orange County Health Department, no hazardous or regulated wastes are generated or stored on-site.

**On-Site Landfills:** No evidence of on-site landfill activities was observed or found with the Orange County Health Department and the environmental databases.

**Pits, Sumps, Drywells, and Catch Basins:** No drywells, catch basins, pits, sumps, or clarifiers were observed.

**On-Site Aboveground and Underground Storage Tanks:** No aboveground or underground storage tanks were observed on the site.

**Off-Site Aboveground and Underground Storage Tanks:** No aboveground storage tanks were observed but there are 41 underground storage tanks off-site, within one mile radius of the subject site, all cases are either closed or being monitored.

## 7.0 SPECIAL RESOURCE ISSUES

No original research using guidelines developed for NEPA or CEQA environmental review was conducted for this site assessment. The location of the property is in a suburban area, which makes the presence of natural resources very unlikely. The Fish and Wildlife Service and other local agencies were contacted. The results of the following special resources are gathered from information provided by the governmental agencies and observation (See Appendix 10.g for any documented information from the agencies).

**Sole Source Aquifers:** According to the Water Department, there is no sole source aquifer within one mile radius of the site.

**Wetlands and Floodplains:** According to the Water Department and The Fish and Wildlife Service, there are no wetlands and floodplains within one mile radius of the site. However, the lot is located in a 500-year flood area (See Appendix 10.b - FIRM)

**Wild and Scenic rivers:** No wild or scenic rivers were identified within one mile radius of the site.

**Coastal Dunes and Beaches:** No coastal dunes and beaches are located near the study site.

**Threatened or Endangered Species:** The Fish and Wildlife Service has no records indicating threatened or endangered species on the site.

**Critical and Unique Habitat:** The Fish and Wildlife Service has no records indicating the existence of any critical and unique habitat on site.

**Archaeological Resources:** According to historical resources from the City of Fullerton main library, no archaeological resources were found on site.

**Historic Buildings, Structures, or Sites:** According to the Final Historic Building Survey Report (2/1/78 to 3/31/79), the property is not designated as historic building, structure, or site.

**Designated Natural Landmarks:** According to the Final Historic Building Survey Report (2/1/78 to 3/31/79), the property is not designated as a natural landmark.

**Recreational Areas or Areas Managed for Conservation Purposes:** According to the Thomas Guide and Tom Jelliek, librarian of the City of Fullerton main library, reference department, the property is not a recreational area or area managed for conservation purpose.

**Special Resource Procedures and Sources:** No environmental impact reports, or other studies were found for the vicinity of the study site.

## 8.0 PERSONS PERFORMING THE PHASE I ESA:

J.E. Jungren, Ph.D., P.E., R.E.A. has been Project Manager for the project. He has more than forty years experience of architecture, engineering and construction. He has been involved with environmental engineering since 1979.

Kathy Ung, EIT has been the Project Engineer. She is a graduate of civil-environmental engineering at University of California, Irvine, and has worked with Jungren & Duran, Inc. for the last three years.

## 9.0 SUMMARY AND CONCLUSIONS

**Nature and Extent of Contamination:**

On-site

Jungren & Duran, Inc. found no documentary or visual evidence that the site has been subject to contamination.

Off-site

Neither site background, site history, review of regulatory agency records, site investigation, nor special resources revealed any evidence that the property has been impacted by off-site sources of contamination.

No chemical usage was found, to be associated with this site, which would indicate the existence of residual chemical compounds in the soils.

The majority of reported environmental hazardous sites listed in the environmental database are either closed or controlled. Environmental concern sites are mostly located southwest of the site which mean underground contamination is not likely to have impact on the site due to the direction of underground flow, southwest.

**Summary and Recommendations Concerning Additional Investigations:** The site is located close to a freeway on the outskirts of an industrial area. A relatively large number of hazardous contamination incidents have occurred in this industrial area. All the known incidents are, however, controlled, and Jungren & Duran, Inc. recommends no further investigation into the historic conditions or uses of the subject property. Underground water contamination of the vicinity sites is under control and not likely to pose an environmental threat to the site. If property development is planned to include the use of groundwater, additional research of KWQCB agency site specific records would be warranted.

## GENERAL CONDITIONS:

This investigation addressed the likelihood of hazardous substances contamination resulting from past and current known uses of the Property and the immediately adjacent properties. This investigation was limited to visual observation of surface conditions at the Property, interviews with public agency personnel, and a review of readily available reports and literature. Sampling and laboratory analysis was not undertaken as a part of this investigation. This approach reflects current professional practice for Phase I site assessments. No warranty or guarantee of Property conditions is intended.

As a result, certain conditions, such as the following, may not be revealed: Naturally occurring toxins in the subsurface soils, rocks, water, or the toxicity of the on site flora; Toxicity of substances common in current habitable environments, such as stored household products, building materials, and consumables; Biological pathogens; A contaminant plume below ground surface from an off site source; Contaminants or contaminant concentrations that do not violate present regulatory standards, but may violate future such standards; Unknown site contamination, such as "midnight" dumping and/or accidental spillage which may occur following the site visit by Jungren & Duran, Inc.

Opinions and judgements expressed herein, which are based on our understanding and interpretation of current regulatory standards, should not be construed as legal opinions.
