Land Use – Checklist & Application Package

REQUIRED MATERIALS AND INFORMATION

The following information is required to be submitted with your application. If additional information is necessary for application review, Department staff will notify applicants and/or authorized agents. We are now accepting initial application materials in digital format but may request hard copies of documents and plans as necessary review and processing. Digital files should be in PDF format, and in a higher resolution to support digital review of all plan and map details.

FORMS

For applications via the Online Permit Portal: please upload this complete and digitally signed application package PLN-1000 (as detailed below).

Please provide one (1) completed copy of the following form:

- ☒ **PLN-1000: Land Use Application Checklist & Package.** This form conveniently combines all the following forms into one, and begins with a Checklist of Materials and Information Requirements for Applications
 - GEN-3000: General Application Contact Information
 - PLN-1004: Land Use – Project Information Form
 - PLN-1003: Environmental Description Form
 - PLN-1006: Information Disclosure form
 - PLN-1012: Land Use Consent of Property Owner form (only if applicant does not own the property)
 - PLN-1122: Hazardous Waste and Substances Statement Disclosure (PLN-1122)
- ☐ **Accessory Application form(s), if applicable.** These forms are not included in this package. Examples include, but are not limited to:
 - Curb, Gutter, and Sidewalk Waiver
 - Tree Removal form
 - Variance Application form

FEES

- ☐ Application fee (refer to current [fee schedule](#))

SITE LAYOUT PLAN(S)

For applications via the Online Permit Portal: please upload during initial application submittal. The Department may request up to 4 copies of full-sized hard copy plans for inter-agency review as necessary.

Plans should consist of an accurate drawing of the property, and the site plan must show the following items (where they apply to your site):

- ☒ Exterior boundaries and dimensions of the entire site
- ☒ North arrow and scale

Land Use – Checklist & Application Package

- ☒ Slope contour map (except when a grading plan is required), showing the following:
 - *Inside urban reserve lines* – show contours at 5-foot intervals for undeveloped areas and 2-foot intervals for building sites and paved or graded areas
 - *Outside urban reserve lines* – show contours at 10-foot intervals for undeveloped areas and 2-foot intervals for building sites
 - *Steep slopes* – areas in excess of 30% slope may be designated as such and contours omitted, unless proposed for grading, construction or other alterations
- ☐ General location of major topographic and man-made features, such as rock outcrops, bluffs, streams, swales and graded areas
- ☒ Location, dimensions, and use of all existing and proposed structures on the property, including buildings, decks, balconies, fences, walls, and other structural elements that extend into yard areas
- ☐ Location, name, width, and pavement type of adjacent and on-site streets/alleys
- ☐ Existing/proposed curbs, gutters, and sidewalks. Include all points of access, both existing and proposed
- ☒ Types and location of existing/proposed water supply and sewage disposal facilities
- ☒ Location and dimensions of all existing/proposed easements, driveways and parking areas (enclosed or open), including pavement type
- ☒ Location, diameter (at 4 feet above grade), species, approximate canopy cover (dripline) of all trees on the site, noting which will remain and which are proposed for removal, and include proposals for replacement of trees to be removed
- ☒ All areas proposed for grading and landscaping
- ☐ Any areas proposed to be reserved and maintained as open space
- ☐ Location, use and approximate dimensions of all structures within 100 feet of the site's boundaries
- ☒ A vicinity map showing precisely how to drive to the site. (include street names and distances to help with describing how to get to the site)
- ☐ Coastal Access - If the project is within the coastal zone and located between the ocean and the nearest public road, applications shall include the locations of the nearest public access points to the beach
- ☒ Preliminary Floor Plans and Architectural Elevations – showing height of buildings and structures, color, texture and material of exterior finishes and roofing (not required for most agricultural buildings)
- ☒ Elevations – (relative height) from the finish floor of the garage or other parking area to the edge of the pavement or road at the driveway entrance
- ☐ Legal Lot Verification – how the parcel(s) was/were legally created

Land Use – Checklist & Application Package

SUPPLEMENTAL INFORMATION

The following information may be required, depending on your Land Use application type.

If you had a pre-application meeting and any of these items were indicated, they are required for a complete submittal. For applications via the Online Permit Portal, these can be uploaded with your initial application submittal, or later when your full Plan Case has been created.

Environmental Description

PLN-1003
01/01/2020

The California Environmental Quality Act (CEQA) requires all state and local agencies to consider and mitigate environmental impacts for their own actions and when permitting private projects. The Act also requires that an environmental impact report (EIR) be prepared for all actions that may significantly affect the quality of the environment. The information you provide on this form will help the Department of Planning and Building determine whether your project will significantly affect the quality of the environment.

To ensure that your environmental review is completed as quickly as possible, please remember to:

1. Answer ALL the questions as accurately and completely as possible.
2. Include any additional information or explanations where you believe it would be helpful or where required. Include additional pages if needed.
3. If you are requesting a land division or a re-zoning, be sure to include complete information about future development that may result from the proposed land division or rezoning.
4. Include references to any reports or studies you are aware of that might be relevant to the questions asked or the answers you provide.

Should a determination be made that the information is inaccurate or insufficient, you will be required to submit additional information upon request.

Information Disclosure Form

PLN-1006
01/24/2020

Time Limits for Processing and Public Notice Distribution Requirements

California state law (California Government Code Section 65941.5) requires that the County provide the following information to applicants, when a permit application is filed:

- Not later than 30 days after a land use or land division application is received, the county must notify the project applicant or designated representative in writing either that the application is complete, or that items are necessary to complete the application. If you are not notified in writing, the application is considered complete. Any land use or land division application receiving a Negative Declaration must be approved or denied within 60 days of its adoption. If the project is exempt under CEQA, the project must be approved or denied within 90 days of acceptance. For land use/land division applications subject to an Environmental Impact Report (EIR), project approval/denial shall be within six months of the certification of the EIR. The County of San Luis Obispo processes the land use application and the environmental review concurrently, so these decisions are made simultaneously. (Government Code Sections 65943 and 65950, et seq.)
- A project applicant may make a written request to the county to receive notice of any proposal to adopt or amend the general plan and the land use, real property division, building and construction, road name and addressing, and growth management ordinances which might reasonably be expected to affect that applicant's project. The county offers a subscription service for notification of either: (1) all applications received by the county, or (2) Planning Commission agendas. The cost for each of these services is established by the county fee ordinance. (Government Code Sections 65945, 65945.3 and 65945.5)
- When a property was created through recordation of a final or parcel map, and it is within five years of recordation, the county cannot withhold or condition the issuance of building permits for residential units based on conformance with conditions that could have been imposed as conditions of the tentative map, except where: (1) A failure to do so would place subdivision residents or residents in the immediate area in a condition perilous to health, safety or both; or (2) The condition is required in order to comply with state or federal law. (Government Code Section 65961)
- Copies of Government Code Sections are available at the County of San Luis Obispo Law Library, County Government Center, San Luis Obispo, California.

Right to Farm Disclosure

The County of San Luis Obispo recognizes the statewide policy to protect and encourage Agriculture. Sections 3482.5 and 3482.6 of the California Civil Code and Chapter 5.16. of the San Luis Obispo County Code protect certain, pre-existing agricultural production and processing operations ("agricultural operation") from nuisance claims. If your property is near a protected agricultural operation, you may be subject to certain inconveniences and/or discomforts which are protected by law. In order for the agricultural operation to be protected, the following requirements of Civil Code Sections 3482.5 and 3482.6 must be satisfied:

Information Disclosure Form

1. The agricultural operation must be conducted or maintained for commercial purposes;
2. The agricultural operation must be conducted or maintained in a manner consistent with proper and accepted customs and standards as established and followed by similar agricultural operations in the same locality;
3. The agricultural operation predated the affected use(s) on your property; (4) The agricultural operation has been in existence for more than three years; and (5) The agricultural operation was not a nuisance at the time it began.

If your property is near an agricultural operation in the unincorporated area of the County which satisfies the above requirements, you may at times be subject to one or more inconveniences and/or discomfort arising from that operation. Such inconveniences may include (depending upon the type of agricultural operation protected), but are not necessarily limited to, the following: noise, odors, fumes, dust, legal pesticide use, fertilizers, smoke, insects, farm personnel and truck traffic, visual impacts, night time lighting, operation of machinery and the storage, warehousing and processing of agricultural products or other inconveniences or discomforts associated with the protected agricultural operations. For additional information pertaining to this disclosure and the Right to Farm Ordinance, or concerns with an agricultural operation, please contact the San Luis Obispo County Agricultural Commissioner's Office.

Landfill Disclosure

Please answer the following question: "This project is within ½ mile of one of the landfills in the North County planning area (Paso Robles Municipal or Chicago Grade Landfills)" ☐ Yes ☒ No
