Natural Resources, Industrial General, Industrial/Coastal Dependent, Single Family Residential

Project Description: (please use a separate page if necessary)

The Samoa Peninsula Right-of-Way Maintenance Project would authorize long-term maintenance of existing Humboldt Bay Municipal Water District (HBMWD) potable and non-potable water transmission infrastructure located on the Samoa Peninsula in Humboldt County. Project activities include vegetation management to maintain access roads and utility corridors, maintenance and protection of water infrastructure, reburial of exposed pipelines, replacements of electrical conduits and poles, maintenance of the discharge overflow pipe area, and implementation of habitat restoration that will serve as biological compensatory mitigation. The project will maintain access to HBMWD infrastructure, maintain reliable water delivery service, and secure regulatory approval for long-term maintenance activities.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".

☐ Air Resources Board	☒ Office of Historic Preservation
