Re: SCH #2023100842, Revision to SDG Commerce 220 Distribution Center Draft EIR NOA

The City requests to extend the Draft EIR public noticing period end date for the SDG Commerce 220 project from July 26 to August 2, 2024. The City would also like to update the NOA with the attached revisions. The revisions are necessary to reflect the new public noticing end date, and the Public Workshop date is changed from July 25 to July 30, 2024. The revision also fixes several weblinks because the City updated their entire website on July 2, 2024. There were also several typos that were fixed in the subject line and body.
