CUPA COMPLIANCE INSPECTION REPORT

NAME: **TAMCO** FACILITY ID: **FA0006582**

ADDRESS: **12459 ARROW RTE STE B** CERS ID:**10152245**

CITY: **RANCHO CUCAMONGA** STATE: **CA** ZIP CODE: **91739** INSPECTION DATE: **12/12/2022**

Consent granted by:

☒ **inspect** ☒ **photograph** **Name:** ROUX/ERM **Title:** PERMIT SR0202355

UST REMOVAL PERMIT SR0202355

PURPOSE:
On site to witness the removal of two (one (1) split) Joor Underground Storage Tanks (USTs), piping and Underground Storage Containments (UDCs) and to witness associated soil samples. Photos were taken this date.

PERSONS ONSITE:
On Site Contact: Daniel Zaragoza, Roux
Contractor On Site: Roux, Silverado, ERM
Certifications: Current
Sampling: Daniel Zaragoza, Roux
CIH: Nancy Carraway, CIH
Other On Site: Tammie Graciano, Rancho Cucamonga Fire Department

REMOVAL OBSERVATIONS/INSPECTION
- All UST removal Contractor certifications on site and reviewed. All appropriate for the work being conducted.
- Roux/ERM rinsed out the UST on site. Manifest generated.
- Roux/ERM used a calibrated CGI and PID and measured 0% LEL.
- Nancy Carraway certified the Tank Closure and provided the Tank Closure Forms.
- UST inerted with Dry Ice prior to transport.
- UST pulled and placed onto truck and transported.
- No staining or smell or signs of contamination observed.

SOIL SAMPLING OBSERVATIONS:
- Four (4) samples were taken. Two (2) below the USTs and two (2) Stockpile.
- Lab testing methods from the SBCFD removal guidelines.
- Chain of Custody Reviewed and properly transported.

TANK REMOVAL AND SOIL SAMPLING REQUIREMENTS COMPLETED.
- Inspection conditions of this permit are verified complete.

Submit a UST Closure Report within sixty (60) days of the UST removal/soil sampling date to GKovach@sbcfire.org and usttestresults@sbcfire.org.

Update of the California Environmental Reporting System (CERS) required for UST Permanent Closure.

Any questions about this inspection report contact Gerrit Kovach at GKovach@sbcfire.org or 909-454-8364.

PRELIMINARY FIELD INSPECTION REPORT

NAME: TAMCO / CMC
ADDRESS: 12459 ARROW ROUTE
CITY: RANCHO CUCAMONGA STATE: CA ZIP CODE: 91739
FACILITY ID: FA0006582
CERS ID: 10152245
INSPECTION DATE: 12/12/22

The following is a preliminary list of violations observed at the time of inspection. The final report may list additional violations. Violations must be corrected within 30 days of inspection unless otherwise specified below.

An inspection was conducted to determine compliance with applicable Underground Storage Tank (UST) and/or hazardous materials and/or hazardous waste laws and regulations. Consent to INSPECT and PHOTOGRAPH was granted by ROUX, ERM. Title: CONTRACTORS

Discussed correct of the following violations within 30 days of inspection: FINAL REMOVAL

CONTRACTORS: ERM, ROUX
CIH: NANCY CARAWAY
SAMPLER: ROUX, ZARAGOZA

- ONE SPLIT UST (10K DIESEL, 2K GASOLINE) REMOVED.
- SAMPLES TAKEN.
- HAZ WASTE TANK CLOSURE FORM AND MANIFESTS RECEIVED.
- FULL REPORT TO FOLLOW
- CERS UPDATE REQUIRED. FINAL CLOSURE REPORT DUE IN 60 DAYS.

Contact Gerrit Kovach at GKovach@sbcfire.org or (909) 454-8364 with any questions regarding this report. A final report will be provided within 65 days. *Final Report may contain additional violations.* ***COMPLETE DETAILED ELECTRONIC REPORT TO FOLLOW***

Refer to Title 19, Title 22 and Title 23 of the California Code of Regulations (CCR), Chapters 6.5, 6.67, 6.7 and 6.95 of the California Health and Safety Code (CHSC), and Division 3 of Title 2 of the San Bernardino County Code (SBCC).

Rancho Cucamonga Fire Protection District
Prevention Bureau Standard

Title: **Hazardous Materials Storage Tank Abandonment/Removal**	
Standard # 57-1	Effective: Jan. 1999
Number of Pages: 4	Revised: January 2014

INTENT

The intent of this standard is to establish requirements for obtaining a permit to abandon, remove, or modify a hazardous materials storage tank.

AUTHORITY

This standard is in accordance with RCFPD Ordinance FD 54 and the 2013 California Fire Code.

ADOPTED STANDARD

1. **Permit Required**

A Fire District permit is required in order to abandon, remove, or modify any hazardous material storage tank.

a. **Permit Process/Plan Submittal**

i. A completed application for permit (Appendix A) and three sets of plans must be submitted to the Fire District for review and approval prior to any work being performed at the site.

ii. The following is the minimum information, where applicable, that must be included with the plan submittal and the permit application.

- ☑ Site Information
- ☑ Property Owner Information
- ☑ Current Occupant Information
- ☑ Contractor Information
- ☐ Consultant Information
- ☐ Degassing contractor information
- ☑ Hazardous Waste hauler information
- ☑ Marine Chemist or Certified Industrial Hygienist information
- ☑ The scope of work to be performed
- ☑ The method of abandonment/removal
- ☑ A soil sampling plan that will determine whether or not regulated products have leaked or otherwise been released into the soil. The plan will include details demonstrating that the sampling will be done in accordance with accepted methods and will provide the name of the California state certified laboratory that will perform the analysis.
- ☐ Projected job schedule
- ☐ Work site respiratory protection action levels
- ☐ Compliance with fire retardant clothing requirement for site workers
- ☑ A site specific health and safety plan
- ☑ A detailed and scaled site plan, including location of tank(s), piping, openings, buildings and structures; Property lines; and underground utilities. Provide note about contacting Underground Service Alert (USA) prior to excavation.
- ☐ Provide note indicating if a Confined Space Entry Permit is required.

iii. The following are the required documents, where applicable, that must be included with the plan submittal and the permit application.

- ☑ Application for Rancho Cucamonga Fire District Hazardous Materials Storage Tank Removal Permit
- ☑ Photocopy of City of Rancho Cucamonga Business License
- ☑ Photocopy of Cal/OSHA excavation permit
- ☑ Photocopies of Worker's Comp and liability insurance policies
- ☑ Photocopy of California contractors license with hazmat endorsement
- ☐ Proof of tank contents or results of lab samples

b. **Permit Fees**

All required fees shall be paid prior to permit issuance.

2. **Inspector Required**

A qualified fire inspector must be present at the site during abandonment/removal operations.

a. The following, where applicable, must be present on-site during operations. This list shall be placed on the plans.

- ☐ Cal/OSHA qualified person for the excavators
- ☑ Cal/OSHA annual crane certificate
- ☑ Marine Chemist or C.I.H. Certification
- ☐ SCAQMD degassing permit
- ☑ EPA generator identification number
- ☑ Copies of employee HAZWOPER training records
- ☑ Company Safety Plan

b. The following are additional general site requirements that will be monitored as applicable by the Fire Inspector. This list shall be placed on the plans.

- ☐ The contractor appearing on the tank removal permit is responsible and accountable for the job site. The contractor shall either perform the work and/or be on site to oversee subcontractors.
- ☐ All Cal/OSHA excavation regulations are strictly enforced
- ☐ All Cal/OSHA safety equipment requirements are strictly enforced
- ☐ All DMV/DOT regulations are strictly enforced
- ☐ Fire retardant clothing shall be worn while working around flammable/combustible vapors.
- ☐ Elimination of ignition sources shall be in accordance with nationally recognized standards
- ☐ Equipment shall be bonded and/or grounded and listed for use in hazardous locations
- ☐ All work performed on the tank shall be done with non-sparking tools, except work that may be performed in accordance with NFPA 306 and under the supervision of a certified Marine Chemist or tanks which contain 0% LEL constantly monitored by a trained and qualified person, with standard tools.
- ☐ A combustible gas indicator (CGI) and an oxygen meter shall be on site, calibrated, and operated by a trained and qualified person (documentation required). Continuous readings shall be taken around the job site to detect accumulation of explosive vapors. If 20% LEL is detected, all operations will halt and you will have one half hour for the dissipation of vapors or the job will be shut down.

  Note: Conversion charts or an instrument capable of monitoring the specific tank contents is required. Instruments shall be protected from sensor poisoning from leaded fuels.
- ☐ Piping shall be flushed before it is disconnected from the tank; if not, it is subject to being hauled as a hazardous waste.

- ☐ A ratio of 25 pounds of dry ice per 1,000 gallons of tank capacity is required to render a tank inert.
- ☐ Tank shall be emptied and rendered inert prior to disturbing tank and surrounding material (i.e. concrete, asphalt, supports, etc.)
- ☐ Dispensers which are no longer going to be used shall be removed.

3. **Prohibited Practices**

Where applicable to the particular job, the following items are prohibited:

- ☐ Removing a hazardous materials storage tank from the excavation or site without a Fire Inspector present. Violations may be subject to criminal and/or civil action.
- ☐ Performing any work prior to the arrival of the Fire Inspector as specified above.
- ☐ Exceeding a 30 minute delay in work or from scheduled inspection start time. Violations may result in additional fees, shutdown, or both.
- ☐ Excavating prior to required notification to Cal/OSHA

4. **Reports Required**

Where applicable to the particular job, the following reports shall be provided to the Fire District:

- ☐ California Hazardous Waste Manifest.
- ☐ Name and address of the licensed Treatment, Storage, and Disposal Facility.
- ☐ Applicable chain of custody and disposal documentation.
- ☐ Tank destruction certificate.
- ☐ Soil sampling report.

5. **Acknowledgement**

I/We acknowledge that we have received and understand RCFPD Standard 34-1 Hazardous Materials Storage Tank Abandonment/Removal.

Name/Title

San Bernardino County Fire Dept.
Hazardous Materials Division
620 South E. Street
San Bernardino, CA 92415
Attn; Theresa Congdon

July 8, 2014

Dear Theresa,

Please accept this as the work plan for the removal of the underground fuel tank located at CMC Rebar-Etiwanda, 12451 Arrow Route, Rancho Cucamonga, CA 91739.

Dennis D. Rock Construction, a division of, and 1st Alert a dba of, Lensaro Inc., a California Corporation, will provide all equipment, labor, and material to accomplish the following scope of work.

SCOPE OF WORK Removal of one twelve thousand (12,000) gallon underground tank, associated piping, fuel pump dispenser, fuel island, and UST monitor system including:

- Notification of all agencies as may be required, i.e. SCAQMD, County, City, Fire Dept., Dept. of Public Works, Waste Management, Underground/aboveground Tank Unit, the local CUPA, Dig Alert, etc.
- Disconnect all power, and empty, flush and rinse all product piping lines back to tank. Disconnect and cap all lines and pump openings. Strip fuel island of all hardware. Removal and disposal of required concrete slab. Perform all required excavation to expose piping and tank. Backfill removed from under location of former dispenser and on top of the existing tanks will be stockpiled separately for sampling.
- Removal of associated piping, as may be required, to fuel island including removal of island.
- Tank will be triple rinsed, cleaned and vacuumed clean and dry with a vacuum truck and certified clean by a Marine Chemist as non hazardous material. 300 pounds of dry ice will then be added to the tank with the permission of the inspector. Rinsate to be disposed of under Uniform Hazardous Materials Manifest.
- Tank will be removed from the excavation by crane or, with the permission of the inspector broken up in the excavation, and including piping, placed on a truck for export as non hazardous material to a certified disposal facility.
- Securing of required soil samples under tank invert and product line and from stockpiled backfill at the direction of an Agency Inspector. All sampling performed per Title 23, Chapter 3, Subchapter 16, Section 2649 and/or EPA method 5035.
- Submit samples to a California Certified Laboratory and have analyzed using DHS protocol 8015M/gas and Diesel, and 8260/MTBE/Oxygenates.
- Decommissioning and removal of electronic monitoring system.
- Backfill with stockpiled excavated material, if appropriate, and imported granular material and compact same to approximately 90%. Backfill material graded to match existing subgrade.

923 CHIPPEWA, ANAHEIM, CA 92801 • 714-776-1581 • FAX 956-7827 • CSLB 474674 A, B-1, HAZ

- Disposal of non hazardous debris and site cleanup. Resurface excavated area to match existing.
- Final documentation prepared and submitted to the San Bernardino County Fire Hazardous Materials Division.

Thank you for the opportunity to prepare this work plan for you and I am looking forward to working with you. If questions should arise concerning this bid please call.

Sincerely,

Dennis D Rock

___ Project Sign In/Out Requirements: _N/A_____

_X_* Site Occupant's Emergency Evacuation Plan

_X_* Site Occupant's Safety Requirements for Visitors or Contractors.

___* Confined Space Entry Procedures (identify location and nature of confined space):

___N/A_____

_X_* Electrical Lockout/Tagout Procedures (identify system and personnel involved):

REMOVAL OF POWER TO TANK, ISLAND, PUMP AND MONITOR SYSTEM

_X_* Capping, Disconnect, Flushing of Lines (identify system(s) and personnel involved):

CONTRACTOR --EMPTY FUEL LINE TO TANKS PRIOR TO REMOVING PIPING SYSTEMS _____

___* Set up of Decontamination Area: _____

_X_* Excavation Shoring: BENCH IF REQUIRED – NO EXCAVATION ENTRY BELOW TOP OF TANK

___* Medical Surveillance Program

_X_* Heat Stress Prevention Procedures DRINK PLENTY OF FLUIDS

_X_* Air Monitoring (identify equipment): REA __MULTIREA LITE__5 GAS

___* Personnel Monitoring (identify equipment and personnel involved):

_____

_X_ Other: SOIL MONITORING AQMD R1166 REA MULTIREA LITE 5 GAS

6) POTENTIAL HAZARDOUS MATERIAL EXPOSURES

According to available information, the following controlled substances may be present at the site, or from neighboring sites, from known past or present process/storage activities:

Substance	Location (soil, water, stored, in process, etc.)
_X_* __# 2 DIESEL FUEL_____	___STORED IN TANK_____
_____	_____

Note: Material Safety Data Sheets or other similar documents must be attached. Information must include exposure limits.

7) POTENTIAL PHYSICAL HAZARDS

Specific to the Project Site (describe nature and source of potential problems as applicable).

___ Overhead power lines that may be affected by project work:

_____

_X__ Vehicle traffic: _____ TRUCK TRAFFIC AT STREET_____

___ Pedestrian traffic: _____

___ Overhead cranes or other heavy moving equipment: _____

_____

___ Underground utilities that may be encountered: _____

_____

_X_ Condition of walking/working surfaces: _UNEVEN FOOTING_____

___ Lighting/Ventilation: _____

_X_ Awkward or confining work area: WORKING ON TOP OF TANK_

_X_ Excessive Noise: ___HEAVY EQUIPMENT_____

_X_ Open pits or trenches: _____TANK EXCAVATION_____

___ Airborne contaminants: _____

___ Steam lines, or other sources of possible contact with temperature extremes:

_____

___ Other: _____

8) PERSONAL PROTECTIVE EQUIPMENT

Based on evaluation of site conditions, planned project activities, material safety data, and in accordance with the safety requirements of site occupant operations, project personnel will be required to wear the following personal protective equipment:

___ Hard Hat ___ Safety Glasses ___ with Side Shields

___ Chemical Splash Goggles ___ Face Shield

_X_ Gloves (identify type): _____LEATHER_____

___ Steel Toed Safety Boots ___ Shoes ___

_X_ Sturdy work shoes or boots without steel toes.

___ Tyvek type coveralls ___ with hood ___ with foot covers

_X_ Special full body cover (identify type): _FRC COVERALLS_____

___* Respirators (identify type and attach instructions for wear and care):

_____

_X_ Hearing Protection (identify type). _____SOFT PLUGS_____

___* Safety belt/life line (attach procedures and instructions for use).

_X_ Other (identify and attach applicable information): AS MAY BE DIRECTED BY SAFETY OFFICER___DENNIS D. ROCK_____

SAFETY AND EMERGENCY EQUIPMENT AND SUPPLIES

The following will be on-site for use by project personnel as needed during project work:

_X_ First Aid Kit _X_ Trained/Certified First Aider On-site

_X_ Person Trained/Certified to administer CPR On-site

_X_ Fire Extinguisher ___ Fire Hose ___ Fire Blanket

___ Fire alarm system (explain): _____

___ Smoke Detectors ___ Fire Sprinkler System

_X_ Mobile Phone ___ Facility Phones ___ Pay Phones

___ Walkie-Talkies ___ CB Radio ___ Other: _____

_X_ Barricades _X_ Caution Tape _X_ Signs Specific to Project

___ Safety Shower _X_ Eye Wash Station

___ Weather Monitoring (wind direction and speed, thermometer)

___ Decontamination Supplies (identify): _____

___ Spill containment supplies (identify): _____

_____

___ Other (explain): _____

_____

10) TRAINING

Project personnel will be instructed on all items checked in this plan during a pre-job orientation.

11) DOCUMENTATION

See provided attachments.

12) EMERGENCY PROCEDURES

An Emergency Call List is provided below.

Specific Emergency Procedures, pertaining to the potential emergency conditions checked above, are as follows.

IN THE CASE OF AN EMERGENCY CALL

1. 911
2. DENNIS D. ROCK CONSTRUCTION 714-776-1581
3. WARREN DUNCAN CONTRACTING 909-880-8501

VARIOUS LOCATIONS
RULE 1166 CONTAMINATED SOIL MITIGATION PLAN

Reference is made to your application (A/N 560867) for the excavation and handling of VOC-contaminated soil at **various locations** within the South Coast Air Quality Management District.

In accordance with Rule 1166 (c), this approved plan is required prior to commencing excavation of any areas, sites, or locations which has previously been used to store or transfer volatile organic compounds (VOC) or during the excavation, handling, or storage of VOC-contaminated soils.

The rights and privileges granted through the issuance of this plan are restricted exclusively to the plan holder to whom it was issued, and are non-transferable, even with the written or expressed consent of the plan holder listed above.

A VARIOUS LOCATIONS PLAN can be used at a site to excavate and remove a maximum of 2000 cubic yards of VOC contaminated soil at the site. Any treatment or additional excavation of VOC contaminated soil at the site will require the issuance of a SITE SPECIFIC plan by the AQMD. Multiple use of VARIOUS LOCATIONS PLANS to excavate over 2000 cubic yards of contaminated soil for the same site is prohibited per Rule 1166.

This excavation and mitigation plan has been approved under the provisions of Rule 1166 of the Rules and Regulations of the AQMD and is subject to the following conditions.

THIS PLAN WILL EXPIRE ONE YEAR FROM THE ISSUE DATE AND THERE IS NO AUTOMATIC RENEWAL PROCESS.

All Various Locations Plans expire one (1) year from the date of issuance. To apply for a new Plan, submit an Application with the filing fee at least one month prior to the Plan expiration date. For an application package and fee information please go to the SCAQMD web page at http://www.aqmd.gov/comply/formsbyrule.htm and look for Rule 1166 information. For questions call 909-396-2326."

PLAN CONDITIONS

SECTION I – GENERAL REQUIREMENTS

1. A SIGNED COPY OF THIS PLAN SHALL BE PRESENT AT EACH EXCAVATION SITE AT ALL TIMES AND SHALL BE MADE AVAILABLE TO AQMD PERSONNEL UPON REQUEST.

2. THIS PLAN IS NOT VALID FOR THE EXCAVATION OF VOC CONTAMINATED SOILS AT LANDFILLS OR SITES USED FOR DISPOSAL OF REFUSE OR OTHER TYPES OF WASTE.

3. THIS PLAN DOES NOT ALLOW THE TREATMENT OF VOC-CONTAMINATED SOIL BY THERMAL, CHEMICAL, OR MECHANICAL PROCESSES. ANY OF THE ABOVE TREATMENT PROCESSES REQUIRES A PERMIT TO OPERATE FROM THE AQMD AND A SITE-SPECIFIC RULE 1166 PLAN.

4. THIS PLAN DOES NOT ALLOW BACK-FILLING OF TREATED VOC CONTAMINATED SOIL. BACK-FILLING OF TREATED VOC CONTAMINATED SOIL MAY BE ALLOWED UNDER A SITE SPECIFIC RULE 1166 PLAN.

5. A) THE TOTAL QUANTITY OF VOC CONTAMINATED SOIL EXCAVATED AND HANDLED AT EACH SITE SHALL NOT EXCEED **2,000 CUBIC YARDS.** THIS TOTAL INCLUDES ANY VOC CONTAMINATED SOILS EXCAVATED FROM THIS LOCATION UNDER A VARIOUS LOCATION PLAN WITHIN THE LAST TWELVE (12) CALENDAR MONTHS. EXCAVATIONS INVOLVING QUANTITIES IN EXCESS OF 2000 CUBIC YARDS OF VOC CONTAMINATED SOIL REQUIRES THE APPLICATION SUBMITTAL FOR A SITE SPECIFIC RULE 1166 EXCAVATION PLAN.

6. THE AQMD SHALL BE IMMEDIATELY NOTIFIED OF ANY COMPLAINTS RECEIVED AS A RESULT OF ACTIVITIES CONDUCTED UNDER THIS PLAN. SUCH NOTIFICATION SHALL INCLUDE THE NATURE OF THE COMPLAINT, NUMBER OF COMPLAINANTS AND THE ACTION TAKEN BY THE PLAN HOLDER TO MITIGATE THE SOURCE OF THE COMPLAINT.

7. DURING EACH STEP OF THE PROCESS UP TO AND INCLUDING THE REMOVAL AND DISPOSAL PROCESS, ALL PRECAUTIONS AND MEASURES SHALL BE TAKEN TO MINIMIZE THE RELEASE OF VOC, ODOR AND DUST. THIS INCLUDES BUT IS NOT LIMITED TO:

   A) THE USE OF ADDITIONAL PLASTIC SHEETING OR SUPPRESSANT ON EXPOSED SOIL SURFACES AND WORK AREAS,

   B) MAINTAINING PAVED PUBLIC STREETS FREE OF SOIL DEPOSITS, AND

   C) OPERATING SUCH THAT VOC SOIL SHALL NOT BE SPREAD ON-SITE OR OFF-SITE; AND NOT PERFORMING ANY UNNECESSARY MOVEMENT OR AGITATION OF SOIL, INCLUDING THE RESHAPING OR RELOCATION OF STOCKPILES, THAT MAY CAUSE THE UNCONTROLLED EVAPORATION OF VOCs INTO THE ATMOSPHERE.

8. FOR THE PURPOSES OF RULE 1166 AND THIS PLAN, SOIL MEASURED PURSUANT TO RULE 1166 AS VOC CONTAMINATED SOIL, IS CONSIDERED AS VOC CONTAMINATED SOIL FROM THE TIME OF MEASUREMENT ONWARD, UNTIL THE SOIL IS TREATED PURSUANT TO AN APPROVED AQMD TREATMENT PROCESS.

SECTION II – PRIOR TO EXCAVATION

9. AT LEAST **24 HOURS** PRIOR TO COMMENCING EXCAVATION OR GRADING OF SOIL AT THE SITE, THE EXECUTIVE OFFICER OR DESIGNEE SHALL BE NOTIFIED OF THE EXCAVATION BY FAX USING A FORM APPROVED BY THE EXECUTIVE OFFICER WHICH IS FULLY COMPLETED AND INCLUDING, THE NAME OF THE COMPANY PERFORMING THE EXCAVATION, AND THE APPLICATION NUMBER LISTED ON THIS MITIGATION PLAN. THE NOTIFICATION SHALL BE MADE BY FAXING THE NOTIFICATION FORM AT (909) 396-3342. FAX NOTIFICATIONS WILL RECEIVE A REFERENCE NUMBER BY RETURN FAX OR CAN BE OBTAINED REFERENCING THE FAX NOTIFICATION BY PHONE TUESDAY THROUGH FRIDAY DURING BUSINESS HOURS AT 909 396-2326. THE REFERENCE NUMBER SHALL BE RETAINED AS PROOF OF COMPLIANCE WITH THIS REQUIREMENT.

REFERENCE NO: 369478 NOTIFICATION DATE: 8/5/14

10. COMPLETE VERIFICATION INFORMATION IN CONDITION NO. 29 AND OBTAIN REQUIRED SIGNATURES, PRIOR TO COMMENCING EXCAVATION.

SECTION III – MONITORING

11. DURING THE EXCAVATION PROCESS, AN ORGANIC VAPOR ANALYZER (OVA) SHALL BE ON SITE AT ALL TIMES. THE OVA SHALL BE MAINTAINED IN GOOD WORKING ORDER AT ALL TIMES AND SHALL BE CALIBRATED BY THE MANUFACTURER AT LEAST ONCE EVERY THREE MONTHS. THE CALIBRATION OF THE OVA SHALL BE VERIFIED USING CERTIFIED CALIBRATION GAS AT THE BEGINNING OF EACH WORKING DAY WITH THE PROCEDURES SPECIFIED BY THE MANUFACTURER. IF A CALIBRATION GAS OTHER THAN HEXANE IS USED, EACH MEASURED READING SHALL BE CORRELATED TO AND EXPRESSED AS HEXANE, USING EQUIVALENCY FACTORS PROVIDED BY THE MANUFACTURER.

12. ALL MONITORING SHALL BE CONDUCTED AT A DISTANCE NO MORE THAN 3 INCHES ABOVE THE SOIL SURFACE USING AN OVA DESCRIBED IN CONDITION NO. 11 ABOVE. **MONITORING SHALL BE CONDUCTED AT A MINIMUM FREQUENCY OF ONE READING FOR EVERY TWO CUBIC YARDS OF SOIL EXCAVATED, NOT TO EXCEED FIFTEEN MINUTES BETWEEN READINGS. ALL READINGS SHALL BE TAKEN NO LATER THAN THREE (3) MINUTES AFTER EACH LOAD OF SOIL IS EXCAVATED.**

13. ALL MONITORING SHALL BE CONDUCTED BY TRAINED PERSONNEL WHO ARE PROFICIENT IN THE USE OF THE HYDROCARBON MONITOR SELECTED FOR USE AT THIS SITE.

14. WRITTEN RECORDS OF OVA MONITORING AND CALIBRATIONS REQUIRED ABOVE SHALL BE KEPT IN A FORMAT APPROVED BY THE AQMD. THE APPROVED FORMAT IS INCLUDED ON PAGE 8 OF THIS PLAN. THE CERTIFICATION ON ALL RECORDS SHALL BE SIGNED AND DATED ON THE DAY THE MEASUREMENTS ARE OBSERVED.

15. UPON DETECTION OF VOC CONTAMINATED SOIL (READINGS 50 PPM OR GREATER), THE EXECUTIVE OFFICER OR DESIGNEE SHALL BE NOTIFIED **WITHIN 24 HOURS** OF THE FIRST DETECTION OF VOC CONTAMINATION. THE NOTIFICATION SHALL BE MADE BY FAXING THE NOTIFICATION FORM TO (909) 396-3342 OR CALLING (909) 396-2326. A REFERENCE NUMBER WILL BE FAXED BACK OR WILL BE ISSUED WHEN THE PHONE NOTIFICATION IS RECEIVED. ALL PHONE NOTIFICATIONS SHALL BE FOLLOWED BY MAILING THE NOTIFICATION FORM TO THE DISTRICT POSTMARKED **WITHIN 48 HOURS**. THE REFERENCE NUMBER WILL BE RETAINED AS PROOF OF COMPLIANCE WITH THIS REQUIREMENT.

REFERENCE NO: 369478 NOTIFICATION DATE: 8/5/14

SECTION IV – HANDLING AND STORAGE

16. ALL VOC-CONTAMINATED SOIL BELOW 1000 PPM SHALL BE STOCKPILED, COVERED WITH PLASTIC SHEETING AND STORED SEPARATELY FROM NON-VOC-CONTAMINATED SOIL, OR IMMEDIATELY TRANSPORTED TO A TREATMENT FACILITY.

17. A STOCKPILE SHALL NOT CONTAIN MORE THAN 400 CUBIC YARDS OF SOIL.

18. IF THE OVA MEASUREMENT IS GREATER THAN 50 PPMV BUT LESS THAN 1000 PPMV

    A) THE AFFECTED WORK AREA AND LOAD OF SOIL SHALL BE SPRAYED WITH WATER AND/OR APPROVED VAPOR SUPPRESSANT.

    B) CONTAMINATED SOIL IN STOCKPILES SHALL BE COVERED WITH PLASTIC SHEETING WHICH OVERLAP A MINIMUM OF TWENTY-FOUR INCHES AND ARE SECURED SO THAT NO PORTION OF THE CONTAMINATED SOIL IS EXPOSED TO THE ATMOSPHERE. IN THE COURSE OF HANDLING THE STOCKPILE, ONLY THE WORKING FACE OF THE STOCKPILE MAY BE UNCOVERED.

19. IF THE SOIL OVA MEASUREMENT EQUALS OR IS GREATER THAN 1000 PPM, NOTIFY THE DISTRICT IMMEDIATELY OR WITHIN ONE HOUR OF DETECTION AND,

    A) THE AFFECTED SOIL AND WORKING AREA SHALL BE IMMEDIATELY SPRAYED WITH WATER OR AN APPROVED VAPOR SUPPRESSANT, AND EITHER:

        i) THE CONTAMINATED SOIL EXCAVATED SHALL BE IMMEDIATELY PLACED IN AQMD APPROVED SEALED CONTAINERS EQUIPPED WITH VAPOR TIGHT LIDS, OR,

        ii) THE SOIL SHALL BE DIRECTLY LOADED IN TRUCKS, SPRAYED WITH ADDITIONAL WATER OR APPROVED VAPOR SUPPRESSANT, COVERED, AND TRANSPORTED IMMEDIATELY OFF SITE TO AN APPROVED TREATMENT FACILITY, OR,

    B) HANDLED BY ALTERNATIVE STORAGE METHODS WITH PRIOR WRITTEN APPROVAL FROM THE AQMD.

20. DURING EXCAVATION, THE ONLY EXPOSED VOC CONTAMINATED SOIL SHALL BE RESTRICTED TO THE IMMEDIATE WORKING AREA OF THE SITE OR STOCKPILE. ALL OTHER PORTIONS OF THE STOCKPILE SHALL BE COVERED WITH PLASTIC SHEETING, WITH SEAMS, WHICH OVERLAP A MINIMUM OF TWENTY-FOUR INCHES AND ARE SECURED WITH DUCT TAPE. ANY EXPOSED VOC-CONTAMINATED SOIL SURFACES (WORK FACE) SHALL BE KEPT MOIST WITH WATER OR OTHER APPROVED SUPPRESSANTS AT ALL TIMES, AND SHALL BE RE-COVERED DURING PERIODS OF INACTIVITY LONGER THAN ONE (1) HOUR. AT THE END OF EACH WORKING DAY, ALL STOCKPILES SHALL BE COMPLETELY COVERED AND SECURELY ANCHORED TO PREVENT ANY EXPOSURE OF SOIL TO THE ATMOSPHERE.

21. ONCE COVERED WITH PLASTIC SHEETING, STOCKPILES SHALL REMAIN UNDISTURBED UNTIL REMOVED FROM SITE.

22. DAILY INSPECTIONS SHALL BE CONDUCTED OF ALL COVERED VOC-CONTAMINATED STOCKPILES TO ENSURE THE INTEGRITY OF THE PLASTIC COVER. SUCH INSPECTIONS SHALL INCLUDE A VISUAL INSPECTION OF ALL SEAMS AND PLASTIC COVER SURFACES. ANY HOLES, TEARS OR ANY OTHER POTENTIAL SOURCES OF FUGITIVE VOC EMISSIONS SHALL BE REPAIRED IMMEDIATELY. DAILY RECORDS SHALL BE MAINTAINED TO ENSURE COMPLIANCE WITH THIS CONDITION.

SECTION V – SOIL REMOVAL AND DISPOSAL

23. ALL EXCAVATED VOC-CONTAMINATED SOIL SHALL BE REMOVED FROM THE SITE WITHIN **THIRTY (30) DAYS** OF ITS EXCAVATION.

24. ALL VOC-CONTAMINATED SOIL REMOVED FROM THE SITE SHALL COMPLY WITH THE FOLLOWING:

    A) BE TRANSPORTED TO AN APPROVED TREATMENT/DISPOSAL FACILITY. IT SHALL BE THE RESPONSIBILITY OF THE PLAN HOLDER TO ENSURE THAT THE RECEIVING TREATMENT/DISPOSAL FACILITY HAS RECEIVED APPROVAL FROM THE APPROPRIATE ENVIRONMENTAL OVERSIGHT AGENCIES TO HANDLE AND TREAT VOC CONTAMINATED SOILS.

    B) WHEN LOADING IS COMPLETED AND DURING TRANSPORTATION, NO EXCAVATED MATERIAL SHALL EXTEND ABOVE THE SIDES OR REAR OF THE TRUCK OR TRAILER.

    C) PRIOR TO COVERING/TARPING, LOADED CONTAMINATED SOIL SHALL BE TREATED BY SPRAYING WITH WATER OR DUST SUPPRESSANTS.

    D) THE TRUCK OR TRAILER SHALL BE COMPLETELY COVERED/TARPED PRIOR TO LEAVING THE SITE TO PREVENT PARICULATE EMISSIONS TO THE ATMOSPHERE.

    E) THE EXTERIOR OF THE TRUCKS (INCLUDING THE TIRES) SHALL BE CLEANED OFF PRIOR TO THR TRUCKS LEAVING THE EXCAVATION SITE.

SECTION VI - RECORDS AND REPORTING

25. A WRITTEN REPORT SHALL BE PROVIDED TO THE AQMD WITHIN 30 DAYS OF INITIAL DETECTION OF CONTAMINATED SOIL, WHICH INCLUDES THE FOLLOWING INFORMATION.

    A) THE STATUS OF THE EXCAVATION PIT, AND ANY VOC CONTAMINATED SOIL REMAINING ON SITE.

    A) A BRIEF SUMMARY INDICATING IF ADDITIONAL CLEAN UP EFFORTS ARE NECESSARY, THE ADDITIONAL QUANTITY OF VOC CONTAMINATED SOILS TO BE EXCAVATED AND THE PROJECTED SCHEDULE OF THE EXCAVATION.

26. RECORDS OF DISPOSAL SHALL BE MAINTAINED FOR ALL VOC-CONTAMINATED SOIL REMOVED FROM THIS SITE. SUCH RECORDS SHALL BE CLEARLY LABELED "**SCAQMD RULE 1166-VOC CONTAMINATED SOIL**" AND SHALL INCLUDE THE IDENTIFICATION AND THE LOCATION OF, 1) THE GENERATOR, 2) TRANSPORTER AND 3) RECEIVING FACILITY. IN ADDITION, SUCH RECORDS SHALL BE SIGNED AND DATED BY EACH OF THE ABOVE PARTIES INDICATING RECEIPT OR RELINQUISHMENT OF THE VOC-CONTAMINATED SOIL AT THE TIME CUSTODY IS TRANSFERRED.

27. RECORDS OF DISPOSAL OF VOC-CONTAMINATED SOIL SHALL BE MAINTAINED ON SITE DURING THE EXCAVATION AND LATER MAINTAINED FOR A PERIOD OF TWO (2) YEARS. THE RECORDS SHALL BE MADE AVAILABLE TO AQMD PERSONNEL UPON REQUEST.

28. WITHIN **THIRTY (30) DAYS** AFTER THE EXCAVATION AT THE SITE IS COMPLETED, THE WRITTEN RECORDS UNDER CONDITIONS NO. 14, 22, AND 27 SHALL BE SUBMITTED TO THE AQMD AT THE FOLLOWING ADDRESS.

Address	City	Zip

I CERTIFY THAT I HAVE REVIEWED AND UNDERSTAND THE CONDITIONS CONTAINED WITHIN THIS PLAN. IN SIGNING BELOW, I ACKNOWLEDGE THAT UNDER THE PROVISIONS OF RULE 1166, I CAN BE HELD RESPONSIBILE FOR THE REQUIREMENTS SET FORTH IN THIS PLAN.

Responsible Party: X 8/9/14	Responsible Party Signature: Tim Folsom	Date Signed: 8/8/14
General Contractor	General Contractor Signature	Date Signed
Excavation Contractor: DENNIS D. ROCK	Excavation Contractor Signature: Dennis D Rock	Date Signed: 8/8/14
Environmental Consultant	Environmental Consultant Signature	Date Signed

DEFINITIONS

Excavation	Is the process of digging out and removing materials including any material necessary to that process such as the digging out and removal of asphalt or concrete necessary to expose, dig out and remove known VOC contaminated soil.
Organic Vapor Analyzer (OVA)	For the purposes of this plan, an OVA is an hydrocarbon monitor utilizing flame ionization, photo ionization or other analytical methods complying with 40 CFR PART 60 APPENDIX A, EPA METHOD 21 SECTION 3, "DETERMINATION OF VOLATILE ORGANIC COMPOUND LEAKS, MONITORING INSTRUMENT SPECIFICATIONS. The monitor shall be capable of being calibrated using hexane at a range of 0 parts per million by volume (PPMV) to 50 PPMV, and at a detection range of at least 30 PPMV to 1100 PPMV
Responsible Party	For the purposes of this plan, Responsible Party is the party financially responsible for initiating the excavation. This may include the property owner or the tank operator. This excludes contractors working for the property owner or operator, and any other party that lacks the direct authority to immediately treat all VOC contaminated soils generated at the excavation site.
VOC Contaminated Soil	Is soil that registers a concentration of 50 PPM or greater of volatile organic compounds as measured before suppression materials have been applied and at a distance of no more than three inches from the surface of the excavated soil with an organic vapor analyzer calibrated with hexane.
Volatile Organic Compound (VOC)	Is any volatile compound of carbon, excluding methane, carbon monoxide, carbon dioxide, carbonic acid, metallic carbides or carbonates, ammonium carbonate, and exempt compounds. Exempt compounds areas defined in Rule 102 – Definitions of Terms.

Once issued, this plan is subject to further review by the AQMD and may be revoked if excavation activities are found in violation of plan conditions or AQMD's Rules and Regulations. Failure to comply with one or more of the conditions contained within this plan constitutes a violation of Rules 221 and 1166.

Other governmental agencies may require approval before any excavation begins. It shall be the responsibility of the applicant to obtain that approval. The South Coast Air Quality Management District shall not be responsible or liable for any losses because of measures required or taken pursuant to the requirements of this approved Rule 1166 Contaminated Soil Mitigation Plan.

Questions regarding this plan should be directed to David Jones at (909) 396-2317.

Rv11/17/04

Rule 203 and Rule 1166 Form Notification Instructions

Use this form to notify of operation of a Soil Vapor Extraction unit (SVE) at any site for more than 5 days per permit condition (R203); or for notifying about R1166 projects prior to excavating soil that is known or suspected to contain Volatile Organic Compounds (VOC), VOC tank excavation, discovering the presence of > 50 ppm and 1000 ppm VOC contaminated soil during soil excavation, or to notify of onsite VOC contaminated soil mitigation or treating.
For questions check our website at **www.aqmd.gov** or call the Hotline at **(909) 396-2326**

NOTIFICATION FEES: Per Rule 301(x) any person required to submit a notification per Rule 1166 projects or Rule 203 - Soil Vapor Extraction projects must pay a notification fee per notification.

FAX all notifications to **(909) 396-3342** and then ***MAIL*** the form and fee within 48 hours of fax to:

SCAQMD Rule 1166 / 203 Notifications, File # 55641, Los Angeles, CA 90074-5641

Notifications must include the following *MANDATORY* information:

Faxback # - Provide your fax # at the top of the Notification Form if you want a **Reference #** faxed back to you.

Notification Type - *CIRCLE the type of Notification.* **Original** is for new or initial Notifications. **Revisions** are for updating information on notifications in which the project End Date has not expired. Provide the most recent prior Reference # issued for **Revisions or Cancellations.**

Project Type - *CIRCLE the type of work* you are submitting a notification for. A separate notification and fee is required for each type of work selected.

Mitigation Plan/Permit - Each Project Type requires a valid R1166 Mitigation Plan ***or*** SVE Permit # *(important).*

Site Contractor Information - Provide the information for the actual contractor ***doing the work.*** The AQMD ID #, also known as Company or Facility ID #, can be found on the contractor's AQMD Mitigation Plan, Permits or invoices.

Site Information - Provide the site name and complete address. Include the street number and name, city, zip code, and nearest cross street. Give more detailed directions for site(s) difficult to locate.

Project Dates - Provide the project Start and End Dates. Any changes will require a Revision notification.

Tank Information - For R1166 tank excavation specify the tank capacity, the VOC material stored in the tank, and if the tank is above ground (a/g) or underground (u/g).

Information Certification - The notification must be signed and dated by the contractor doing the work or authorized representative to confirm that the information provided is complete and accurate.

SOIL/TANK EXCAVATION NOTIFICATION Rule 1166(c)(1)(B) **Notify 24 hours prior of intent to *Excavate* known** or suspected VOC storage and/or transfer equipment (includes diesel and waste oil tanks); or ***handling*** known or suspected VOC contaminated soil. **NOTE:** Soil excavation > 5,000 cubic yards may require a R403 Fugitive Dust Plan.

DETECTING/FINDING VOC SOIL NOTIFICATION - Rule 1166(c)(1)(D)(ii) **Notify of finding VOC contaminated soil**

- within **1 hour** of detecting VOC greater than **1000 ppm***
- within **24 hours** of detecting VOC greater than **50 ppm**
- within **1 hour** of an excavation due to a breakdown requiring a Rule 430 notification to SCAQMD

EMERGENCY NOTIFICATION Rule 1166(c)(1)(B) **Notify prior to start work of any incident declared an emergency by** an authorized agency requiring immediate tank removal/repairs or excavating/handling known or suspected VOC soil:

- **Call** 1-800-CUT-SMOG prior to excavating or fax the emergency notification to 909-396-3342 and
- **Mail** the notification within 48 hours after the excavation including the agency Order or Declaration.

SOIL VAPOR EXTRACTION NOTIFICATION (SVE - Rule 203 *) **Notify upon the 5th day after operating at a new site:** Notifying of ***start-up*** or ***testing*** of operation of portable Soil Vapor Extraction equipment lasting 5 days or more. Provide the distance in feet to the nearest sensitive receptor ***if*** the site is located less than ¼ mile from any Long-Term Health Care Facility, Rehabilitation Center, Convalescent Center, Retirement Home, Residence, School, Playground, Child Care Center or Athletic Facility (* *See your SVE permit condition requirements*).

MITIGATION/TREATING VOC SOIL NOTIFICATION (Rule 203 *) **Notify per Permit condition requirements when:** Notifying of on-site ***mitigation*** or ***treating*** of VOC contaminated soil (* *See your Permit condition requirements*).

COMMENTS

Please ***DO NOT*** Mail your original form and check to the Diamond Bar office. **Always** mail your original form and payment to the LOS ANGELES address. And we suggest that you do mail it "Certified Mail - Returned Receipt Requested." The address in Los Angeles is to the Bank of America where the account of ours for this program is held and the deposits are handeled much faster and in an orderly way. Their office is not able to handle Federal Express mail, but it is less expensive to send it Certifed Mail - Returned Receipt Requested AND you DO get confirmation that the correspondence you send to the Los Angeles address IS actually received because of the Returned Receipt.

Thank You.

Notification(s) FEE REVISION

DATE: July 1, 2014

TO: Whom it May Concern

FROM: Scott Robins
AQMD

FAX: 909.396.3342
PHONE: 909.396.2560

Subject: R1149 & R1166 FEES Started July 1, 2014

The new fee for Notifications as of July 1, 2014 is:

$57.18

This fee is for both Original Notifications and also for Follow-up Notifications - two separate fees need to be paid for each type of Notifications.

Please note for Follow-up Notifications that the box marked as Revision (prior ref #) needs to have the Original notification number typed in that area as well. We will assign a new Reference # and Fax it back to you just like we do for the Original Notifications.

Please FAX the Original Notification Form and Follow-ups to (909) 396-3342. After we assign Reference# the form will be faxed back to you with the number appearing in the upper right-hand area of the form right next to "Reference_____." ***WRITE THAT NUMBER ON THE FORM YOU FAXED TO US BEFORE YOU MAIL IT TO US WITH YOUR CHECK FOR $57.18.***

Then mail your Original or Follow-up/Revision (prior ref #) form with the notification number we assign to with your check for $57.18 to:

In the event of any physical or atmospheric changes affecting the STANDARD SAFETY DESIGNATIONS assigned to any of the above spaces, this certificate is voided, or if there is any question about the conditions, immediately stop all work and contact the undersigned Marine Chemist.

QUALIFICATIONS: Transfer of ballast, cargo, fuel, or manipulation of valves or closure equipment tending to alter conditions in pipelines, tanks, or compartments subject to gas accumulation, unless specifically approved on this Certificate, requires inspection and a new Certificate for spaces so affected. All lines, vents, heating coils, valves, and similar enclosed appurtenances shall be considered "not safe" unless otherwise specifically designated. Movement of the vessel from its specific location voids the Certificate unless shifting of the vessel with the facility has been specifically authorized on this Certificate.

STANDARD SAFETY DESIGNATIONS: (partial list, paraphrased from NFPA 306, Subsections 4.3.1 through 4.3.6).

ATMOSPHERE SAFE FOR WORKERS: In the compartment or space so designated (a) the oxygen content of the atmosphere is at least 19.5 percent and not greater than 22 percent by volume; (b) the concentration of flammable materials is below 10 percent of the lower explosive limit; (c) any toxic materials in the atmosphere associated with cargo, fuel, tank coatings, inerting mediums, or fumigants are within permissible concentrations at the time of the inspection.

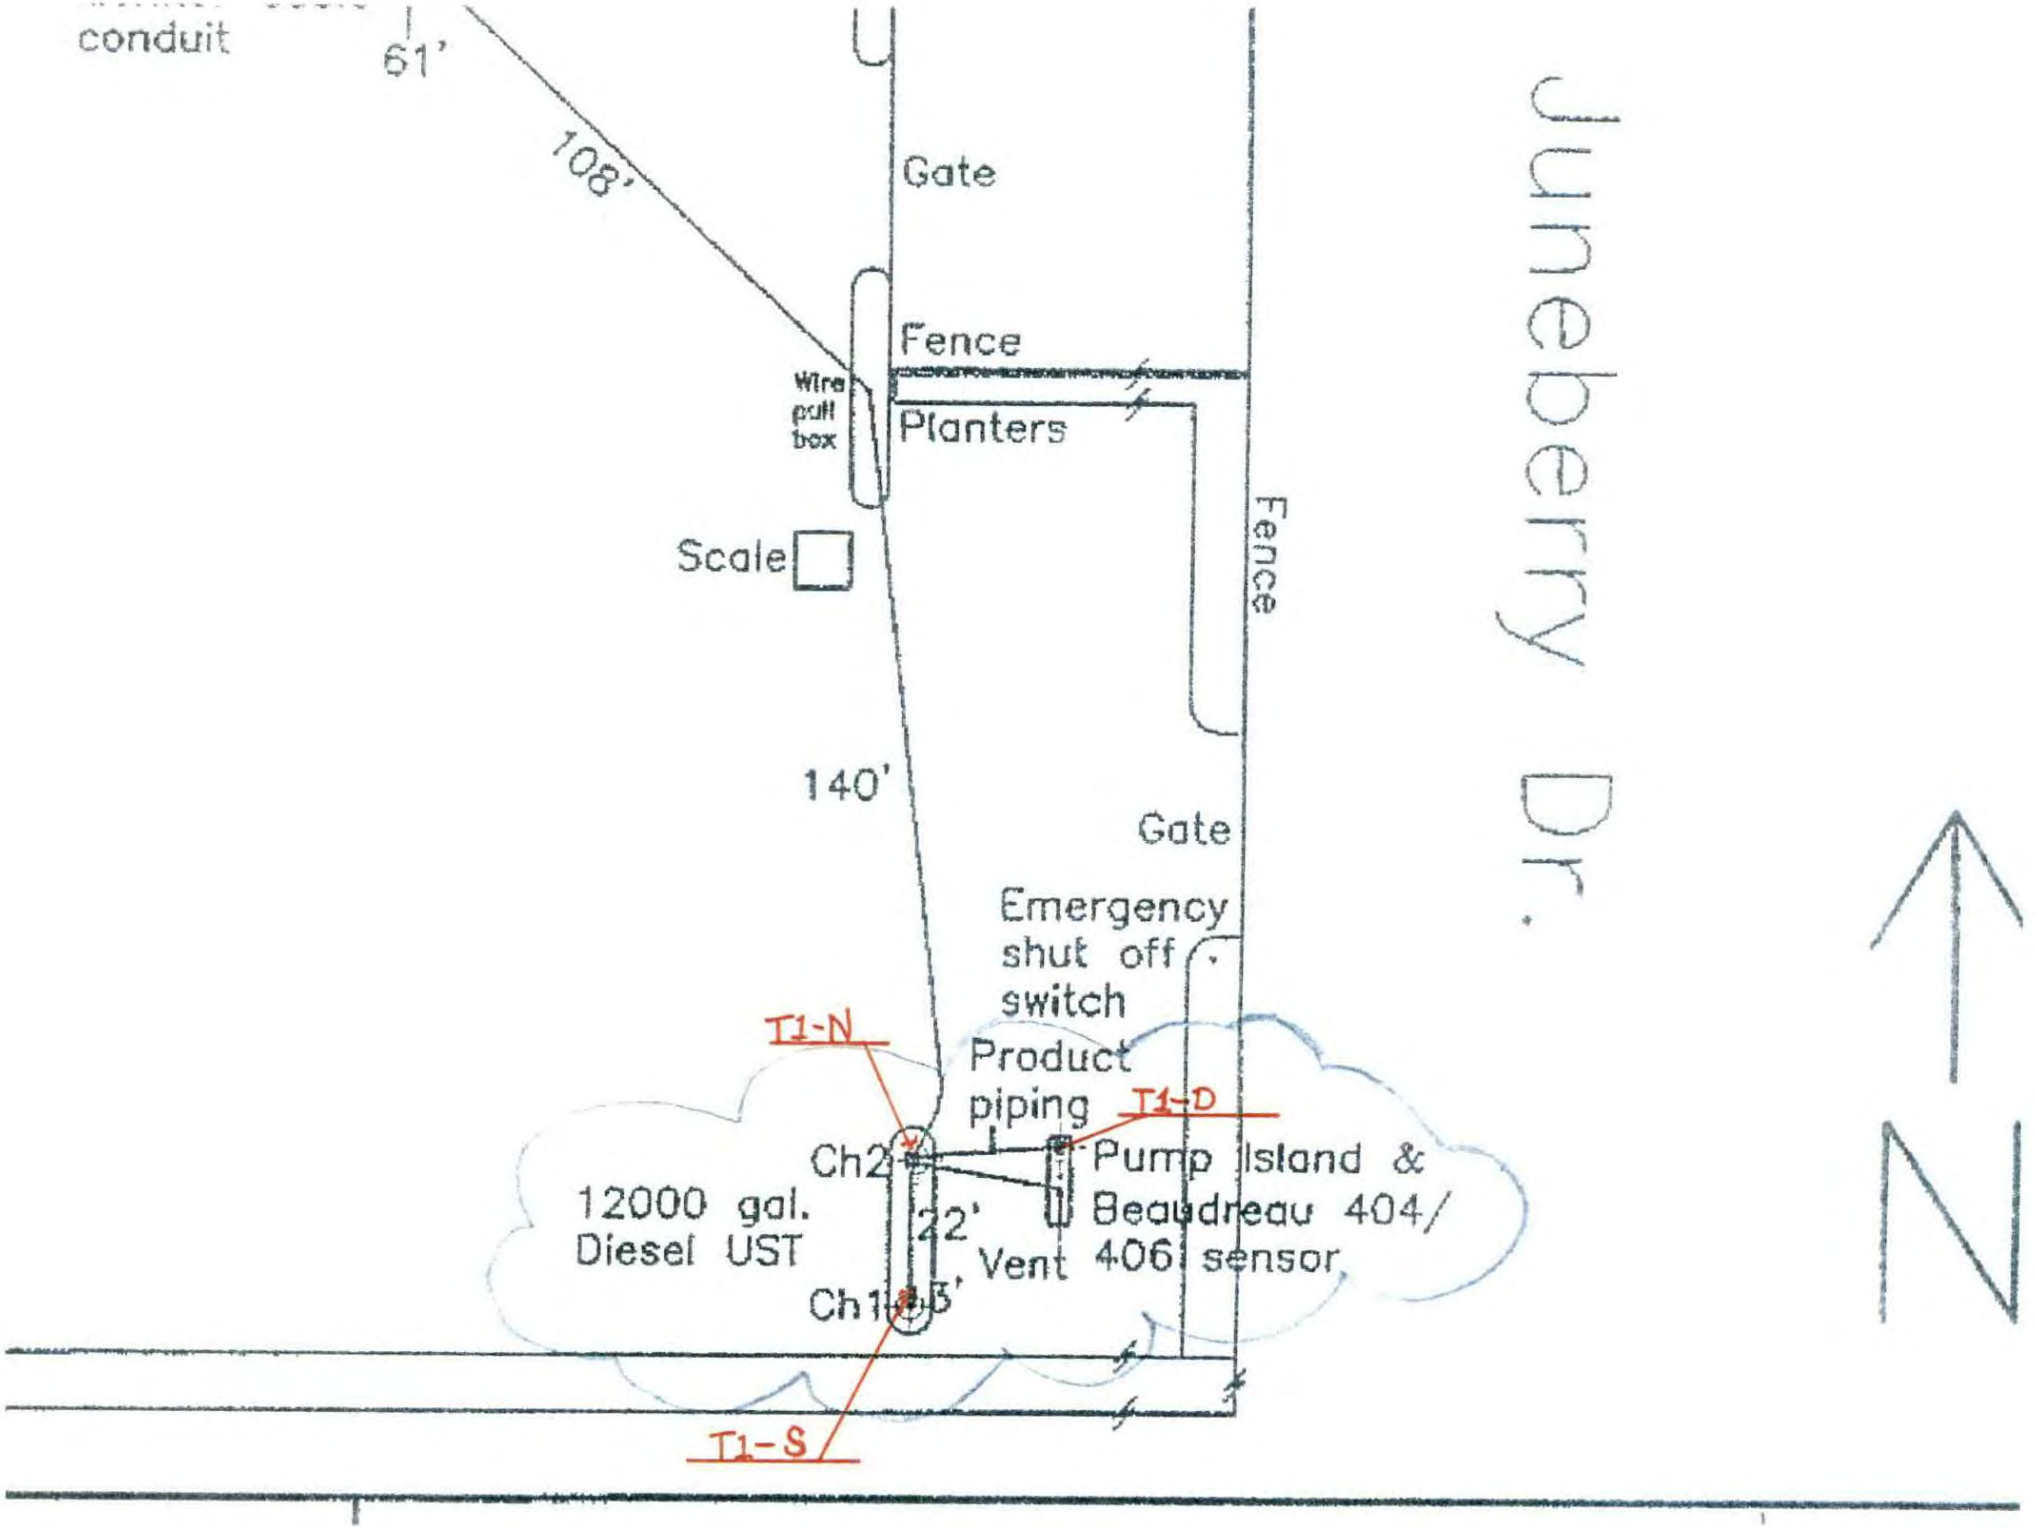
NOT SAFE FOR WORKERS: In the compartment or space so designated, entry is not permitted.

ENTER WITH RESTRICTIONS: In the compartment or space so designated, entry for work is permitted only if conditions of proper protective equipment, or clothing, or time, or all of the aforementioned, as appropriate, are as specified.

SAFE FOR HOT WORK: In the compartment or space so designated (a) the oxygen content of the atmosphere is not greater than 22 percent by volume; (b) the concentration of flammable materials in the atmosphere is less than 10 percent of the lower explosive limit; (c) the residues, scale, or preservative coatings are cleaned sufficiently to prevent the spread of fire and are not capable of producing a higher concentration than permitted by (a) or (b); (d) all adjacent spaces, containing or having contained flammable or combustible materials shall be sufficiently cleaned of residues, scale, or preservative coatings to prevent the spread of fire, or they are inerted. Ship's fuel tanks, lube tanks, or engine room or fire room bilges, or other machinery spaces, are treated in accordance with the Marine Chemist's requirements.

SAFE FOR LIMITED HOT WORK: In the compartment or space so designated (a) portions of the space meet the requirements for Safe for Hot Work and Partial Cleaning, as applicable, or (b) the space is inerted, adjacent spaces meet the requirements for Safe for Hot Work, and hot work is restricted to specific locations; (c) portions of the space shall meet the requirements for Safe for Hot Work, as applicable, and the nature or type of hot work is limited or restricted.

NOT SAFE FOR HOT WORK: In the compartment or space so designated, hot work is not permitted.



CHEMISTS ENDORSEMENT: This is to certify that I have personally determined that all spaces in the foregoing list are in accordance with NFPA 306 Control of Gas Hazards on Vessels and have found the condition of each to be in accordance with its assigned designation.

The undersigned acknowledges receipt of this Certificate under NFPA 306 and understands conditions and limitations under which it was issued, and the requirements for maintaining its validity.

This Certificate is based on conditions existing at the time the inspection herein set forth was completed and is issued subject to compliance with all qualifications and instructions.

Data Qualifiers and Definitions

Qualifiers

B	Analyte was present in an associated method blank. Associated sample data was reported with qualifier.
B1	Analyte was present in an sample and associated method blank greater than MDL but less than DRL. Associated sample data was reported with qualifier.
BQ1	No valid test replicates. Result may be greater. Best result was reported with qualifier. Sample toxicity possible.
BQ2	No valid test replicates.
BQ3	Minimum DO is less than 1.0 mg/L. Result may be greater and reported with qualifier.
C	Laboratory Contamination.
D	The sample duplicate RPD was not within control limits, the sample data was reported without further clarification.
DW	Sample result is calculated on a dry weigh basis
J	Reported value is estimated
L	The laboratory control sample (LCS) or laboratory control sample duplicate (LCSD) was out of control limits. Associated sample data was reported with qualifier.
M	The matrix spike (MS) or matrix spike duplicate (MSD) was not within control limits due to matrix interference. The associated LCS and/or LCSD was within control limits and the sample data was reported without further clarification.
NC	The analyte concentration in the sample exceeded the spike level by a factor of four or greater, spike recovery and limits do not apply.
P	Sample was received without proper preservation according to EPA guidelines.
Q1	Analyte Calibration Verification exceeds criteria and the result was reported with qualifier.
Q2	Analyte calibration was not verified and the result was estimated and reported with qualifier.
Q3	Analyte initial calibration was not available or exceeds criteria. The result was estimated and reported with qualifier.
Q4	Analyte result out of calibration range and was reported with qualifier
S	The surrogate recovery was out of control limits due to matrix interference. The associated method blank surrogate recovery was within control limits and the sample data was reported without further clarification.
T	Sample was extracted/analyzed past the holding time.
T2	Sample was analyzed ASAP but received and analyzed past the 15 minute holding time.
TIC	Tentatively Identified Compounds

Definitions

DF	Dilution Factor
MDL	Method Detection Limit
ND	Analyte was not detected or was less than the detection limit.
RDL	Reporting Detection Limit

SAMPLE ACCEPTANCE CHECKLIST

Section 1

Client: DENNIS D. ROCK Project: _____

Date Received: 8/14/14 Sampler's Signature Present: (Yes) No

Sample temperature: _____

Sample(s) received in cooler: (Yes) No (Skip Section 2)

Shipping Information: _____

Section 2

Was the cooler packed with: ✓ Ice ____ Ice Packs ___ Bubble Wrap ___ Styrofoam ____ Paper ____None ___ Other_____

Cooler Temperature: 6°C *(Acceptance range is 0 to 6 Deg. C. or arrival on ice; For Microbiology sample ≤ 10 Deg. C or arrival on ice)*

Section 3	YES	NO	N/A
Was a COC received?	✓		
Were IDs present?	✓		
Were sampling dates & times present?	✓		
Was a signature present?	✓		
Were tests clearly indicated?	✓		
Were custody seals present?		✓	
If Yes – were they intact?			✓
Were all samples sealed in plastic bags?	✓		
Did all samples arrive intact? If no, indicate below.	✓		
Did all bottle labels agree with COC? (ID, dates and times)	✓		
Were correct containers used for the tests required?	✓		
Was a sufficient amount of sample sent for tests indicated?	✓		
Was there headspace in VOA vials?			✓
Were the containers labeled with correct preservatives?			✓
Was total residual chlorine measured (Fish Bioassay samples only)? * **If the answer is no, please inform Fish Bioassay Dept. immediately.*			✓

No.	✓	REQUIRED CORRECTIONS
		ACCESS
1		Maintain fire lane free of obstructions.
2		Provide fire lane identification.
3		Provide approved address numbers/building identification.
4		Provide approved key box/lock/switch and/or keys for fire department access.
		EXITING
5		Remove obstructions at exits, doors, aisles, corridors, stairways, etc.
6		Exit door to open without a key or any special knowledge/effort.
7		Provide sign over main exit door - "This door to remain unlocked during business hours".
8		Repair non-operable exit door hardware.
9		Remove obstructions from door required to be closed.
10		Remove locks/latches from doors with panic hardware.
11		Remove storage from unprotected stairway.
12		Provide/maintain exit sign/emergency lighting.
		FIRE EXTINGUISHERS
13		Have fire extinguisher(s) serviced and tagged.
14		Provide/install fire extinguisher(s) as indicated.
15		Provide clear access to fire extinguisher(s).
16		Provide an approved means of indicating fire extinguisher location.
		FIRE PROTECTION EQUIPMENT
17		Maintain, repair, paint, inspect, and/or test sprinkler/standpipe system/hydrant/FDC/PIV.
18		Maintain 3 ft. minimum clearance for access/use of fire appliances/equipment.
19		Secure all system control valves in the open position.
20		Replace damaged/painted/missing sprinkler heads/FDC caps.
21		Provide 5 year certification test for sprinkler/standpipe system.
22		Provide sprinkler coverage in unprotected areas.
23		Provide spare sprinkler heads (min. 6) and/or compatible wrench.
24		Hood and duct extinguishing system to be serviced and tagged.
25		Remove grease from hood, duct, and filters. (KEEP CLEAN)
		FIRE ALARM SYSTEMS
26		Maintain, repair, inspect, and/or test fire alarm system.
27		Provide/maintain operable smoke detectors in each dwelling unit.
		FIRE SEPARATIONS
28		Repair damage to required fire resistive construction.
29		Provide/repair self or automatic closing fire rated assemblies.
30		Keep attic access and scuttle openings closed.
		ELECTRICAL
31		Discontinue use of extension cords.
32		Install permanent wiring for fixed and stationary appliances.
33		Provide cover plates for all junction boxes. Provide blanks for electrical panel.
34		Remove exposed wiring or protect in approved conduit.
35		Provide a 30x36 inch clear space to and in front of electrical panel.
36		Maintain wiring in good condition and protect from damage.
		FLAMMABLE LIQUIDS • COMPRESSED GASES
37		Provide a flammable liquid storage cabinet or reduce storage to 10 gallons or less.
38		Remove all flammable liquids not used for maintenance purposes.
39		Store flammable liquids away from exits, stairs, or corridors.
40		Clean up spilled flammable liquid.
41		Replace lids on all flammable liquid storage containers not in immediate use.
42		Remove all fueled vehicles from dwelling units.
43		Secure compressed gas cylinders. Identify product name.
		STORAGE • HOUSEKEEPING
44		Arrange storage in an orderly manner to provide access/egress.
45		Remove combustible storage from boiler, mechanical, and electrical room.
46		Reduce storage to 24 inches below ceiling or 18 inches below sprinkler heads.
47		Provide metal or approved non-combustible trash container with lid.
48		Remove lint/debris from behind washers and dryers.
49		Remove waste/rubbish materials from the premises.
50		Keep dumpsters 5 feet away from combustible walls, eaves, or openings.
51		Provide required clearance from combustible materials and/or vegetation.
		MISCELLANEOUS
52		Other violations and comments.

NO VIOLATIONS NOTED - Thank you for helping to keep our community safe!

In the event of any physical or atmospheric changes affecting the STANDARD SAFETY DESIGNATIONS assigned to any of the above spaces, this certificate is voided, or if there is any question about the conditions, immediately stop all work and contact the undersigned Marine Chemist.

QUALIFICATIONS: Transfer of ballast, cargo, fuel, or manipulation of valves or closure equipment tending to alter conditions in pipelines, tanks, or compartments subject to gas accumulation, unless specifically approved on this Certificate, requires inspection and a new Certificate for spaces so affected. All lines, vents, heating coils, valves, and similar enclosed appurtenances shall be considered "not safe" unless otherwise specifically designated. Movement of the vessel from its specific location voids the Certificate unless shifting of the vessel with the facility has been specifically authorized on this Certificate.

STANDARD SAFETY DESIGNATIONS: (partial list, paraphrased from NFPA 306, Subsections 4.3.1 through 4.3.6).

ATMOSPHERE SAFE FOR WORKERS: In the compartment or space so designated (a) the oxygen content of the atmosphere is at least 19.5 percent and not greater than 22 percent by volume; (b) the concentration of flammable materials is below 10 percent of the lower explosive limit; (c) any toxic materials in the atmosphere associated with cargo, fuel, tank coatings, inerting mediums, or fumigants are within permissible concentrations at the time of the inspection.

NOT SAFE FOR WORKERS: In the compartment or space so designated, entry is not permitted.

ENTER WITH RESTRICTIONS: In the compartment or space so designated, entry for work is permitted only if conditions of proper protective equipment, or clothing, or time, or all of the aforementioned, as appropriate, are as specified.

SAFE FOR HOT WORK: In the compartment or space so designated (a) the oxygen content of the atmosphere is not greater than 22 percent by volume; (b) the concentration of flammable materials in the atmosphere is less than 10 percent of the lower explosive limit; (c) the residues, scale, or preservative coatings are cleaned sufficiently to prevent the spread of fire and are not capable of producing a higher concentration than permitted by (a) or (b); (d) all adjacent spaces, containing or having contained flammable or combustible materials shall be sufficiently cleaned of residues, scale, or preservative coatings to prevent the spread of fire, or they are inerted. Ship's fuel tanks, lube tanks, or engine room or fire room bilges, or other machinery spaces, are treated in accordance with the Marine Chemist's requirements.

SAFE FOR LIMITED HOT WORK: In the compartment or space so designated (a) portions of the space meet the requirements for Safe for Hot Work and Partial Cleaning, as applicable, or (b) the space is inerted, adjacent spaces meet the requirements for Safe for Hot Work, and hot work is restricted to specific locations; (c) portions of the space shall meet the requirements for Safe for Hot Work, as applicable, and the nature or type of hot work is limited or restricted.

NOT SAFE FOR HOT WORK: In the compartment or space so designated, hot work is not permitted.

CHEMISTS ENDORSEMENT: This is to certify that I have personally determined that all spaces in the foregoing list are in accordance with NFPA 306 Control of Gas Hazards on Vessels and have found the condition of each to be in accordance with its assigned designation.

The undersigned acknowledges receipt of this Certificate under NFPA 306 and understands conditions and limitations under which it was issued, and the requirements for maintaining its validity.

This Certificate is based on conditions existing at the time the inspection herein set forth was completed and is issued subject to compliance with all qualifications and instructions.

GENERATOR'S INITIAL COPY

San Bernardino County Fire Dept.

July 8, 2014

Hazardous Materials Division

620 South E. Street

San Bernardino, CA 92415

Attn; Theresa Congdon

Dear Theresa,

Please accept this as the work plan for the removal of the underground fuel tank located at CMC Rebar-Etiwanda, 12451 Arrow Route, Rancho Cucamonga, CA 91739.

Dennis D. Rock Construction, a division of, and 1st Alert a dba of, Lensaro Inc., a California Corporation, will provide all equipment, labor, and material to accomplish the following scope of work.

SCOPE OF WORK Removal of one twelve thousand (12,000) gallon underground tank, associated piping, fuel pump dispenser, fuel island, and UST monitor system including:

- Notification of all agencies as may be required, i.e. SCAQMD, County, City, Fire Dept., Dept. of Public Works, Waste Management, Underground/aboveground Tank Unit, the local CUPA, Dig Alert, etc.
- Disconnect all power, and empty, flush and rinse all product piping lines back to tank. Disconnect and cap all lines and pump openings. Strip fuel island of all hardware. Removal and disposal of required concrete slab. Perform all required excavation to expose piping and tank. Backfill removed from under location of former dispenser and on top of the existing tanks will be stockpiled separately for sampling.
- Removal of associated piping, as may be required, to fuel island including removal of island.
- Tank will be triple rinsed, cleaned and vacuumed clean and dry with a vacuum truck and certified clean by a Marine Chemist as non hazardous material. 300 pounds of dry ice will then be added to the tank with the permission of the inspector. Rinsate to be disposed of under Uniform Hazardous Materials Manifest.
- Tank will be removed from the excavation by crane or, with the permission of the inspector broken up in the excavation, and including piping, placed on a truck for export as non hazardous material to a certified disposal facility.
- Securing of required soil samples under tank invert and product line and from stockpiled backfill at the direction of an Agency Inspector. All sampling performed per Title 23, Chapter 3, Subchapter 16, Section 2649 and/or EPA method 5035.
- Submit samples to a California Certified Laboratory and have analyzed using DHS protocol 8015M/gas and Diesel, and 8260/MTBE/Oxygenates.
- Decommissioning and removal of electronic monitoring system.
- Backfill with stockpiled excavated material, if appropriate, and imported granular material and compact same to approximately 90%. Backfill material graded to match existing subgrade.

Theresa Congdon,

We have decided to remove the UST at this location and Dennis D Rock Construction will be submitting for the permit to do this in the required time frame. No work was performed on the permit to replace the dispenser on site so if you can cancel it at my request, please do so. I have informed Western Pump and instructed them to cancel as well.

Thank you,

Mr. Folsom -

I understand that you believe that the UDC will fail the SB989 test
By conducting, the SB989 test the contractor can identify if the failure at the electrical penetration or product penetration and propose corrective action which may range from new split penetration boot to tightening/repairs under the dispenser requiring breaking of concrete.

The only repair allowed without permit is tightening of clamps, this is not applicable to the situation at this facility.
No sealant may be applied and no new components without plans and a permit.
COMPLIANCE REQUIREMENT:

1) Conduct SB989 and precision line test prior to July 10, 2014
2) Provide addendum with fee for any repairs and obtain permit prior to July 17, 2014 OR if no repairs are needed, schedule monitoring certification by July 17, 2014.

Optionally, if the facility wishes to apply for UST system removal apply for permit by July 17, 2014 and remove UST by August 17, 2014.

Subject: RE: REQUEST FOR EXTENSION SR#0044233

Good Afternoon ,

The Plan Condition Letter dated June 10, 2014 required completion of all testing and scheduling of final inspection within 30 days, by July 10, 2014.
We concur that the final inspection should be conducted with the annual monitoring certification.
The monitoring certification is due annually on or before July 9th (7/9/12 and 7/9/13, historically)
Therefore, the site will be subject to enforcement action after July 10, 2014.

In order to address this concern:

1) Identify the date when the proposed the required SB989 and precision line test will occur and provide written notification to our department.

Both tests should be able to be conducted on the same day prior to July 10, 2014.

2) By July 17, 2014 provide written documentation of test results and modification to plans (if required). If additional plans are required to be reviewed than additional time will be granted to allow for expanded scope of work. Be aware that additional review time and inspections are subject to additional fees. Hopefully, the SB989 test and precision line test will document that no additional work is required.
3) If no additional work is required than call to schedule the final inspection by July 17, 2014 and the first available inspection date will met the requirement for the time line.

Please feel free to email myself or inspector May if I can provide further clarification.

Respectfully,

Theresa Congdon

Dear Sir and Madam –

In reference to the above permit we kindly ask for an extension of (60) days to complete the work and schedule an inspection in accordance with the permit requirements. Namely, we are currently working with the customer on scheduling the testing in accordance with the conditions of the permit and will know the extent of work which will be needed in order to comply only after the test results are available which will not be until the week of June 30th or July 7th. We may have to make additional repairs which will involve part procurement and consultations with your department. This is all prior to the installation of the refurbished dispensing unit which customer plans to install instead of the damaged dispenser. We also wish to fully comply with your directive that any requests for inspection be made at least (10) business days in advance.

At the same time, customer respectfully requests that their annual monitoring certification be conducted at the same time with the permit closeout inspection as requested by Inspector Jose May.

Please grant the extension and confirm as above and let us know accordingly as soon as possible.

Thank you very much.

Best regards,

Dejan Ristic

State Contractor's License No.	Types of Licenses	Expiration Date
578191 & 474674	A, B, HAZ	9/30/2015 & 6/30/15

NOTE: The State of California has determined that tanks used for the storage of any hazardous or flammable substance shall be considered hazardous even if all contents have been removed.

All storage tanks shall be hauled as hazardous waste, accompanied by a state hazardous waste manifest, and taken to a licensed treatment, storage and disposal facility (TSDF); or if the tanks are triple rinsed on site and the rinsate manifested and hauled to a licensed TSDF, the tank may be handled as nonhazardous.

For information on licensed TSDFs that can accept nonrinsed tanks, contact the State of California Department of Health Services, Toxic Substance Control at (800) 258-6942.

Rancho Cucamonga Fire Protection District
Prevention Bureau Standard

Title: **Hazardous Materials Storage Tank Abandonment/Removal**	
Standard # 57-1	Effective: Jan. 1999
Number of Pages: 4	Revised: January 2014

INTENT

The intent of this standard is to establish requirements for obtaining a permit to abandon, remove, or modify a hazardous materials storage tank.

AUTHORITY

This standard is in accordance with RCFPD Ordinance FD 54 and the 2013 California Fire Code.

ADOPTED STANDARD

1. **Permit Required**

A Fire District permit is required in order to abandon, remove, or modify any hazardous material storage tank.

a. **Permit Process/Plan Submittal**

i. A completed application for permit (Appendix A) and three sets of plans must be submitted to the Fire District for review and approval prior to any work being performed at the site.

ii. The following is the minimum information, where applicable, that must be included with the plan submittal and the permit application.

- ☑ Site Information
- ☑ Property Owner Information
- ☑ Current Occupant Information
- ☑ Contractor Information
- ☐ Consultant Information
- ☐ Degassing contractor information
- ☑ Hazardous Waste hauler information
- ☑ Marine Chemist or Certified Industrial Hygienist information
- ☑ The scope of work to be performed
- ☑ The method of abandonment/removal
- ☑ A soil sampling plan that will determine whether or not regulated products have leaked or otherwise been released into the soil. The plan will include details demonstrating that the sampling will be done in accordance with accepted methods and will provide the name of the California state certified laboratory that will perform the analysis.
- ☐ Projected job schedule
- ☐ Work site respiratory protection action levels
- ☐ Compliance with fire retardant clothing requirement for site workers
- ☑ A site specific health and safety plan
- ☑ A detailed and scaled site plan, including location of tank(s), piping, openings, buildings and structures; Property lines; and underground utilities. Provide note about contacting Underground Service Alert (USA) prior to excavation.
- ☐ Provide note indicating if a Confined Space Entry Permit is required.

iii. The following are the required documents, where applicable, that must be included with the plan submittal and the permit application.

- ☑ Application for Rancho Cucamonga Fire District Hazardous Materials Storage Tank Removal Permit
- ☑ Photocopy of City of Rancho Cucamonga Business License
- ☑ Photocopy of Cal/OSHA excavation permit
- ☑ Photocopies of Worker's Comp and liability insurance policies
- ☑ Photocopy of California contractors license with hazmat endorsement
- ☐ Proof of tank contents or results of lab samples

b. **Permit Fees**

All required fees shall be paid prior to permit issuance.

2. **Inspector Required**

A qualified fire inspector must be present at the site during abandonment/removal operations.

a. The following, where applicable, must be present on-site during operations. This list shall be placed on the plans.

- ☐ Cal/OSHA qualified person for the excavators
- ☑ Cal/OSHA annual crane certificate
- ☑ Marine Chemist or C.I.H. Certification
- ☐ SCAQMD degassing permit
- ☑ EPA generator identification number
- ☑ Copies of employee HAZWOPER training records
- ☑ Company Safety Plan

b. The following are additional general site requirements that will be monitored as applicable by the Fire Inspector. This list shall be placed on the plans.

- ☐ The contractor appearing on the tank removal permit is responsible and accountable for the job site. The contractor shall either perform the work and/or be on site to oversee subcontractors.
- ☐ All Cal/OSHA excavation regulations are strictly enforced
- ☐ All Cal/OSHA safety equipment requirements are strictly enforced
- ☐ All DMV/DOT regulations are strictly enforced
- ☐ Fire retardant clothing shall be worn while working around flammable/combustible vapors.
- ☐ Elimination of ignition sources shall be in accordance with nationally recognized standards
- ☐ Equipment shall be bonded and/or grounded and listed for use in hazardous locations
- ☐ All work performed on the tank shall be done with non-sparking tools, except work that may be performed in accordance with NFPA 306 and under the supervision of a certified Marine Chemist or tanks which contain 0% LEL constantly monitored by a trained and qualified person, with standard tools.
- ☐ A combustible gas indicator (CGI) and an oxygen meter shall be on site, calibrated, and operated by a trained and qualified person (documentation required). Continuous readings shall be taken around the job site to detect accumulation of explosive vapors. If 20% LEL is detected, all operations will halt and you will have one half hour for the dissipation of vapors or the job will be shut down.

  Note: Conversion charts or an instrument capable of monitoring the specific tank contents is required. Instruments shall be protected from sensor poisoning from leaded fuels.
- ☐ Piping shall be flushed before it is disconnected from the tank; if not, it is subject to being hauled as a hazardous waste.

- ☐ A ratio of 25 pounds of dry ice per 1,000 gallons of tank capacity is required to render a tank inert.
- ☐ Tank shall be emptied and rendered inert prior to disturbing tank and surrounding material (i.e. concrete, asphalt, supports, etc.)
- ☐ Dispensers which are no longer going to be used shall be removed.

3. **Prohibited Practices**

Where applicable to the particular job, the following items are prohibited:

- ☐ Removing a hazardous materials storage tank from the excavation or site without a Fire Inspector present. Violations may be subject to criminal and/or civil action.
- ☐ Performing any work prior to the arrival of the Fire Inspector as specified above.
- ☐ Exceeding a 30 minute delay in work or from scheduled inspection start time. Violations may result in additional fees, shutdown, or both.
- ☐ Excavating prior to required notification to Cal/OSHA

4. **Reports Required**

Where applicable to the particular job, the following reports shall be provided to the Fire District:

- ☐ California Hazardous Waste Manifest.
- ☐ Name and address of the licensed Treatment, Storage, and Disposal Facility.
- ☐ Applicable chain of custody and disposal documentation.
- ☐ Tank destruction certificate.
- ☐ Soil sampling report.

5. **Acknowledgement**

I/We acknowledge that we have received and understand RCFPD Standard 34-1 Hazardous Materials Storage Tank Abandonment/Removal.

Attn; Theresa Congdon

July 8, 2014

Dear Theresa,

Please accept this as the work plan for the removal of the underground fuel tank located at CMC Rebar-Etiwanda, 12451 Arrow Route, Rancho Cucamonga, CA 91739.

Dennis D. Rock Construction, a division of, and 1st Alert a dba of, Lensaro Inc., a California Corporation, will provide all equipment, labor, and material to accomplish the following scope of work.

SCOPE OF WORK Removal of one twelve thousand (12,000) gallon underground tank, associated piping, fuel pump dispenser, fuel island, and UST monitor system including:

- Notification of all agencies as may be required, i.e. SCAQMD, County, City, Fire Dept., Dept. of Public Works, Waste Management, Underground/aboveground Tank Unit, the local CUPA, Dig Alert, etc.
- Disconnect all power, and empty, flush and rinse all product piping lines back to tank. Disconnect and cap all lines and pump openings. Strip fuel island of all hardware. Removal and disposal of required concrete slab. Perform all required excavation to expose piping and tank. Backfill removed from under location of former dispenser and on top of the existing tanks will be stockpiled separately for sampling.
- Removal of associated piping, as may be required, to fuel island including removal of island.
- Tank will be triple rinsed, cleaned and vacuumed clean and dry with a vacuum truck and certified clean by a Marine Chemist as non hazardous material. 300 pounds of dry ice will then be added to the tank with the permission of the inspector. Rinsate to be disposed of under Uniform Hazardous Materials Manifest.
- Tank will be removed from the excavation by crane or, with the permission of the inspector broken up in the excavation, and including piping, placed on a truck for export as non hazardous material to a certified disposal facility.
- Securing of required soil samples under tank invert and product line and from stockpiled backfill at the direction of an Agency Inspector. All sampling performed per Title 23, Chapter 3, Subchapter 16, Section 2649 and/or EPA method 5035.
- Submit samples to a California Certified Laboratory and have analyzed using DHS protocol 8015M/gas and Diesel, and 8260/MTBE/Oxygenates.
- Decommissioning and removal of electronic monitoring system.
- Backfill with stockpiled excavated material, if appropriate, and imported granular material and compact same to approximately 90%. Backfill material graded to match existing subgrade.

- Disposal of non hazardous debris and site cleanup. Resurface excavated area to match existing.
- Final documentation prepared and submitted to the San Bernardino County Fire Hazardous Materials Division.

Thank you for the opportunity to prepare this work plan for you and I am looking forward to working with you. If questions should arise concerning this bid please call.

Sincerely,

Dennis D Rock

1. Introduction

Roux Associates, Inc, (Roux) has prepared this *Underground Storage Tank Removal Report* (Report) on behalf of BTC III Arrow Route CC LP for the industrial property located at 12451 Arrow Route, Rancho Cucamonga, California (the Site; Figure 1). This Report summarizes the findings, observations, soil sampling, and laboratory analysis conducted during the excavation and permanent removal of an estimated 10,000-gallon single walled steel underground storage tank (UST). The UST was discovered on April 5, 2023 during demolition activities in Parcel 2 at the southern portion of the Site (Figure 2). The UST was discovered when heavy equipment removed a concrete slab and associated footings in the former melt shop. No product pipelines, vents, or other infrastructure associated with the UST were observed, nor was any reference to the UST noted in available historical site documentation. The UST was removed under the oversight of the San Bernardino County Fire Protection District (SBCFPD) and the Rancho Cucamonga Fire Protection District (RCFPD) on June 28, 2023.

The purpose of this Report is to provide all necessary documentation for UST removal (including permitting, disposal manifests, and certificate of recycling), report general observations during the removal, and provide laboratory analytical results of soil confirmation samples collected beneath the UST after removal. This Report satisfies the reporting requirements of the SBCFPD and the RCFPD for UST closure.

The property owner and responsible party is:

BTC III Arrow Route CC LP
4675 MacArthur Court, Suite 625
Newport Beach, California 92660

1.1 Site Description and Background

The Site is located at 12451 Arrow Route, Rancho Cucamonga, San Bernardino County, California, Assessor's Parcel Numbers (APNs) 0229-121-34, 0229-121-33, 0229-131-19, and 0229-121-35 (Parcels 1 through 4, respectively) and consists of approximately 95 acres of land bound by Arrow Route to the north and the Atchison Topeka and Santa Fe Railroad to the south, see Figure 2. Prior to decommissioning, the Site was most recently occupied by Commercial Metals Company (CMC), a steel mill; CMC Rebar, a rebar manufacturing facility; and Phoenix Industries, a slag processing facility. Steel mill operations existed on-Site from the 1950s until 2019 when milling operations were phased out.

1.2 Regional Geology

The Site is located along the northeastern portion of the Chino Subbasin within the Upper Santa Ana Valley Groundwater Basin. The regional geology at the Site consists of consolidated and semi-consolidated Quaternary deposits of alluvium, lake, playa, and terrace. Soils on the site can generally be described as sand, sand with gravel, and sand with silt. The soil on Parcel 3 where the UST was located consists of sand or sand with silt to 5 feet below ground surface (bgs), sand with silt to 29 feet bgs, and a dense silty layer from 29 to 34 feet bgs. Depth to groundwater is approximately 430 feet bgs and the groundwater has an overall southwest gradient.

2. Field Activities

All activities performed and detailed as part of this Report were conducted under the supervision of a registered California Professional Geologist.

2.1 Tank Discovery

The UST was discovered on April 5, 2023 during slab demolition activities in the southeast portion of Parcel 2 (Figures 2 and 3) and was unknown prior to slab demolition and soil excavation. No references related to the UST could be located in the available historical documents. The single wall steel UST had an approximate 10,000-gallon capacity. No associated product pipelines, vents, or dispensers were observed in the area of the tank. After discovery, all work in the immediate vicinity of the UST was stopped and the area secured to prevent further disturbance.

At the time of discovery, approximately 15-inches of liquid remained in the UST, which appeared to be oily water. A sample of the liquid from within the UST was collected and submitted to Enthalpy Analytical of Orange, California for analysis of volatile organic compounds (VOCs) by United States Environmental Protection Agency (USEPA) Method 8260B; total petroleum hydrocarbons (TPH) as gasoline range organics (GRO), diesel range organics (DRO), and oil range organics (ORO) by USEPA Method 8015B; and Title 22 metals by USEPA Method 6010B/7000 (Appendix A). Based on these sample results, the UST contents were determined to be diesel fuel.

On May 9, 2023, World Oil Environmental Services removed the UST liquid contents (1,400 gallons) for offsite disposal at World Oil Recycling of Compton, California under uniform hazardous waste manifest (Appendix B).

2.2 Pre-Field Activities

Prior to the start of UST removal field activities, Roux prepared a Site-specific health and safety plan (HASP) to ensure worker safety. In addition to containing information regarding Roux's standard safety practices, the HASP describes potential hazards relating to Site activities and provides the locations and contact information of nearby emergency services. The HASP was kept on Site when fieldwork occurred and was reviewed and signed by Site workers during the daily tailgate health and safety meeting prior to work each day.

2.3 Permitting

Two permits were obtained prior to removal of the UST. A SBCFPD UST Closure Permit (SR0202862) was obtained and dated June 5, 2023 (Appendix C). An RCFPD Permit to Abandon/Remove Hazardous Materials Storage Tank (FES2023-00031) was obtained and dated June 5, 2023 (Appendix D).

2.4 UST Removal

The UST was removed on June 28, 2023 under the oversight of RCFPD Inspector Graciano and SBCFD Inspector Zakhary. The San Bernardino County UST Removal Inspection Report prepared by Inspector Zakhary is included as Appendix E. Silverado Contractors, Inc. (Silverado) removed approximately 5 yards of soil that remained on top of the tank and stockpiled it on plastic. Roux personnel monitored the soil and general work area with a photoionization detector (PID) calibrated to 100 parts per million (ppm) hexane gas

per South Coast Air Quality Management District (SCAQMD) Rule 1166 requirements. The excavation work was performed under Roux's SCAQMD Various Locations Permit (ID 189893).

Nieto & Sons (Nieto) cleaned the UST with pressurized water via the central bung hole in the top of the tank. The residual contents of the UST (soil/sludge and rinseate) were evacuated via a vacuum truck. A flame ionization detector (FID) confirmed that the UST atmosphere was less than 1% of the lower explosive limit (LEL) and Nieto cut windows in the tank with an intrinsically safe rivet buster to access more of the tank for cleaning. Approximately 800 gallons of liquid and solids were collected and transported off-Site by Nieto and Sons Trucking, Inc. classified as UN1203, Gasoline Mixture, 3, PG II under Hazardous Waste Generator ID CAD982361404. A copy of the rinseate hazardous waste manifest is included as an attachment to this Report (Appendix F).

Following cleaning, The UST was certified clean by Ms. Nancy Carraway, Certified Industrial Hygienist (CIH), as recyclable metal. The Hazardous Waste Tank Closure Certification is included in Appendix G.

Per RCFPD guidelines, approximately 250 pounds of dry ice (25 pounds of dry ice per 1,000 gallons of UST capacity) was placed in the tank. An FID was used to confirm the atmosphere in the UST had an LEL of zero percent, and removal of the UST was approved by RCFPD and SBCFD. The UST was then lifted and placed on a truck for immediate transport and disposal. The UST was observed to be in poor condition, with visible holes and corrosion. No impacted soil was observed (visual or olfactory) beneath the UST. The UST was transported to SA Recycling located at 15615 Arrow Highway, Fontana, California 92335. The Tank Recycling Receipt is included in Appendix H. A photographic log is included as Appendix I.

Following removal of the UST, collection of confirmation soil samples was witnessed by Inspectors Graciano and Zakhary and the excavation was secured pending receipt of laboratory analytical results, discussed below.

2.5 Confirmation Sampling Procedures and Laboratory Analysis

Roux personnel collected confirmation soil samples per the UST removal permit requirements and under the supervision/direction of the SBCFPD and RCFPD inspectors on June 28, 2023. One composited soil sample (SS-1) was collected from the approximate 10 cubic yard stockpile generated on June 28, 2023. The composite sample was collected from eight randomized locations within the stockpile at least 6 inches below the stockpile surface with a spade.

Two discrete confirmation samples (UST-1 and UST-2) were collected from the soil at each end of the UST invert. The samples were collected directly into the sample jars from the excavator bucket, which had been filled with native soil from 3 feet beneath the tank invert. During sample collection, no visual or olfactory evidence of hydrocarbon impact was observed, and PID readings taken from the excavator bucket at the time of sampling were less than 1 ppm.

All soil samples were collected in laboratory-provided 8-ounce jars and preserved 40-milliliter (mL) terracore® USEPA Method 5035 sample kits. Soil samples were labeled, placed in an ice chest, and transported under proper chain-of-custody protocol to Enthalpy Analytical, a state certified analytical laboratory in Orange, California.

Per the UST removal permit conditions, all samples collected were analyzed for total petroleum hydrocarbons (TPH) in the gasoline range (C_5-C_{12}) and the diesel range (C_{10}-C_{24}) using USEPA Method 8015M and for a

select list of volatile organic compounds (VOCs) including benzene, toluene, ethylbenzene, and xylenes (BTEX) and fuel oxygenates methyl-tertiary-butyl ether (MTBE), tertiary-butyl alcohol (TBA), and naphthalene by USEPA Method 8260B.

3. Results

Analytical results from the soil sampling are summarized in Tables 1 and 2, and laboratory results are included as Appendix A. VOC results were compared to Department of Toxic Substances Control (DTSC) and USEPA industrial soil screening levels (SLs) and TPH results were compared to San Francisco Regional Water Quality Control Board (SFRWQCB) commercial/industrial shallow soil screening levels. Detected analytes are summarized in the table below.

Table: Detected Analytes in Confirmation Soil Samples

Analyte [1]	Screening Level [2]	Tank bottom confirmation samples		Stockpile samples
		UST-1	UST-2	SS-1
TPH-d	1,200 (SFBRWQCB)	170	--	5,100
TBA	6,500 (USEPA)	0.014	--	--

Notes:

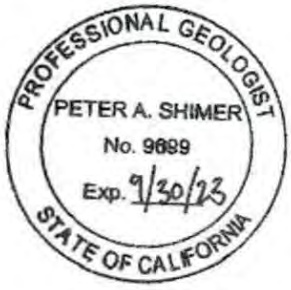
[1] All results in units of milligrams per kilogram (mg/kg). "—" = not detected above laboratory reporting limits.

[2] Most conservative applicable screening level shown for comparison to analytical results. Refer to Tables 1 and 2 for all applicable screening levels used in the evaluation of analytical results.

Results from both confirmation samples UST-1 and UST-2 indicate the soil beneath the former UST was not impacted by a release. TPH-d was detected in the stockpile sample, SS-1, at a concentration of 5,100 mg/kg, above the SFBRWQCB Industrial SL of 1,200 mg/kg.

4.Conclusions and Recommendations

In accordance with SBCFPD and RCFPD UST closure requirements, one single-wall 10,000-gallon UST was certified clean and removed from the Site under the supervision of inspectors from the SBCFPD and RCFPD on June 28, 2023. Prior to its removal, the UST was triple rinsed and rendered inert by placing dry ice within the UST. The UST was lifted onto a truck and disposed of at a recycling facility.



During the UST removal, the tank was observed to be in poor condition, but there was no visual or olfactory evidence of soil staining or a release beneath the UST or in the UST excavation. Confirmation soil samples collected beneath the UST do not indicate a release from the tank. DRO detected in soil stockpile sample SS-1 was above applicable screening levels and the stockpiled soil is not appropriate for re-use on-Site. Roux recommends that this soil be removed and disposed of at an appropriate off-Site facility. This soil removal is planned to coincide with other impacted soil removals planned in 2023, which will be conducted under DTSC oversight.

Removal and sampling activities described in this Report were performed under the supervision of the undersigned California Professional Geologist.

Roux is available to answer any questions regarding this *Underground Storage Tank Removal Report*. Please contact Peter Shimer at 925-818-6276 or via email at pshimer@rouxinc.com or Mauricio H. Escobar at 310-879-4920 or via email at mescobar@rouxinc.com.

Case Narrative

Roux Associates, Inc. 5150 E. Pacific Coast Hwy. Suite 450 Long Beach, CA 90804 Peter Shimer	Lab Job Number: 482845 Location: BTC III - CMC, 3200.0007L Date Received: 04/05/23

This data package contains sample and QC results for one water sample, requested for the above referenced project on 04/05/23. The sample was received cold and intact.

TPH-Extractables by GC (EPA 8015B):

- UFS- II (lab # 482845-001) was diluted due to the dark and viscous nature of the sample extract.
- No other analytical problems were encountered.

Volatile Organics by GC/MS (EPA 8260B):

- UFS- II (lab # 482845-001) was diluted due to high hydrocarbons.
- No other analytical problems were encountered.

Metals (EPA 6010B and EPA 7470A):

- Low recoveries were observed for a number of analytes in the MS/MSD of UFS- II (lab # 482845-001); the LCS was within limits, and the associated RPDs were within limits.
- No other analytical problems were encountered.

Case Narrative

Roux Associates, Inc. 5150 E. Pacific Coast Hwy. Suite 450 Long Beach, CA 90804 Peter Shimer	Lab Job Number: 487720 Project No: CMC Location: BTC III - CMC, 3200.0007L Date Received: 06/29/23

This data package contains sample and QC results for three soil samples, requested for the above referenced project on 06/29/23. The samples were received cold and intact.

Volatile Organics by GC/MS (EPA 8260B):

- SS-1 (lab # 487720-003) was diluted due to high hydrocarbons.
- No other analytical problems were encountered.

SAMPLE ACCEPTANCE CHECKLIST

Section 1

Client: Roux Associates Project: BTC III - CMC

Date Received: 6/29/23 Sampler's Name Present: [X] Yes [ ] No

Section 2

Sample(s) received in a cooler? [X] Yes, How many? 1 [ ] No (skip section 2) Sample Temp (°C) (No Cooler): _____

Sample Temp (°C), One from each cooler: #1: 5.8 #2: _____ #3: _____ #4: _____

(Acceptance range is < 6°C but not frozen (for Microbiology samples, acceptance range is < 10°C but not frozen). It is acceptable for samples collected the same day as sample receipt to have a higher temperature as long as there is evidence that cooling has begun.)

Shipping Information: _____

Section 3

Was the cooler packed with: [X] Ice [ ] Ice Packs [ ] Bubble Wrap [ ] Styrofoam [ ] Paper [ ] None [ ] Other _____

Cooler Temp (°C): #1: 0.0 #2: _____ #3: _____ #4: _____

Section 4	YES	NO	N/A
Was a COC received?	X		
Are sample IDs present?	X		
Are sampling dates & times present?	X		
Is a relinquished signature present?	X		
Are the tests required clearly indicated on the COC?	X		
Are custody seals present?		X	
If custody seals are present, were they intact?			X
Are all samples sealed in plastic bags? (Recommended for Microbiology samples)			X
Did all samples arrive intact? If no, indicate in Section 4 below.	X		
Did all bottle labels agree with COC? (ID, dates and times)	X		
Were the samples collected in the correct containers for the required tests?	X		
Are the containers labeled with the correct preservatives?	X		
Is there headspace in the VOA vials greater than 5-6 mm in diameter?			X
Was a sufficient amount of sample submitted for the requested tests?	X		

Section 5 Explanations/Comments

Section 6

For discrepancies, how was the Project Manager notified? [ ] Verbal PM Initials: _____ Date/Time _____

[ ] Email (email sent to/on): _____ / _____

Project Manager's response:

Completed By: _____ Date: 6/29/23

12459 ARROW RTE, B, RANCHO CUCAMONGA, CA 91739
(FA0006582, CERS ID# 10152245)

Permit: **UST Closure**

Approval Date: **June 5, 2023**

Attention: **Daniel Zaragoza (dzaragoza@rouxinc.com)**

The submitted work plan for the above referenced Underground Storage Tank (UST) System has been conditionally approved.

Any other modifications or repairs must have prior approval from this Office. UST systems shall comply with all applicable design, construction, and monitoring requirements described in California Health and Safety Code (CHSC) Chapter 6.7, California Code of Regulations (CCR) Title 23 Chapter 16, and the San Bernardino County Code (SBCC).

SCOPE OF WORK

The conditionally approved scope of work includes (but is not limited to):

- Removal of 4,000 gallon found UST and associated piping.

INSPECTION REQUIREMENTS

The following inspection(s) must be witnessed by this agency:

PRE-FINAL REQUIREMENTS

The following requirements must be met prior to scheduling for a Final Inspection:

- Underground Storage Tank (UST) Closure Requirements included with the removal permit.
- Tank cleaning activities must NOT be conducted more than forty-eight (48) hours prior to the UST Closure Inspection. Failure to abide by this will subject the site to another round of cleaning.
- The attached "Hazardous Waste Tank Closure Notification Form" shall be signed by the individual that will be on site to certify the removal. Complete the attached form and submit to ustclerk@sbcfire.org no less than forty-eight (48) hours prior to tank cleaning/rinsing. Refer to attached instructions for details.
- Cleaning and rinsing activities may go unwitnessed following notification.

FINAL INSPECTION

- Provide rinsate/cleaning documentation to the inspector on site for review.
- The UST owner/operator Certifying Person shall document tank closure on the attached "Hazardous Waste Tank Closure Certification" Form during the inspection.
- The inspector will verify lower explosive levels (LEL) and oxygen readings. Inspector will authorize addition of dry ice and removal of UST.
- Conduct removal of the UST(s).
- Conduct soil sample collection from below the tank and associated piping, dispensers, and

BOARD OF DIRECTORS
Col. Paul Cook (Ret.) Vice Chairman,First District
Jesse Armendarez Second District
Dawn Rowe Chair, Third District
Curt Hagman Fourth District
Joe Baca Jr. Fifth District
Leonard X. Hernandez Chief Executive Officer

stockpile per removal guidelines (Included with Permit).
- Additional requirements may be required at the discretion of the inspector.

POST-FINAL REQUIREMENTS

The following requirements must be met after the Final Inspection:

- Submit a UST Closure Report within sixty (60) days of the UST removal/soil sampling date to usttestresults@sbcfire.org. Failure to submit all required documentation within the allotted time frame may result in enforcement action.
- If contamination above detection limits is identified, it is the responsibility of the tank owner/operator to complete an Unauthorized Release Report (URR) and submit to this CUPA within five (5) days.
- All closure documentation will be copied to the Regional Water Quality Control Board for review.

PERMIT EXPIRATION

This permit expires on **06/05/2024**. The final inspection must be completed on or prior to this date. If the project extends beyond this date, contact the UST Front Counter Technician at (909) 386-8464.

INSPECTION SCHEDULING

All UST inspections must be scheduled 10 business days in advance. To schedule an inspection, e-mail ustclerk@sbcfire.org with the facility name, address, FA# / SR#, and type of inspection in the subject line. In the body of the e-mail, list the requested dates and times for the inspection.

TEST RESULTS

All required test results shall be sent to usttestresults@sbcfire.org with a cc to the inspector onsite within 30 days of testing. Failure to provide test results will result in a Notice of Violation.

Adhere to the current installation and testing requirements set forth by the manufacturer and the inspection requirements contained in this letter of approval. Any changes to the conditionally approved construction plans will require As-Built plans prior to the final inspection along with the applicable permit fees. Contractor and Technician certifications shall remain current throughout the project.

Gerrit Kovach, REHS, ICC-UI
Hazardous Materials Specialist
UST Program

APPENDIX D

Rancho Cucamonga Fire Protection District Permit to Abandon/Remove Hazardous Materials Storage Tank

Rancho Cucamonga Fire Protection District

10500 Civic Center Drive, Rancho Cucamonga, CA 91730
(909) 477-2770 www.RCFire.org

SPECIAL EVENT PERMIT

THIS PERMIT SHALL BE CONSPICUOUSLY POSTED ON THE PREMISES AT ALL TIMES

Permit Number: FSE2023-00031

Issued Date: 07/31/2023
Expiration Date: 07/31/2023

Permitted Operation, Use or Activity:
Hazardous Materials Tank – Remove or Abandon in Place

Special Conditions

In accordance with the terms of application on file with the Prevention Bureau and subject to the provisions of the California Fire Code and other regulations of the Fire District. This permit is issued and accepted on the condition that all applicable sections of the California Fire Code and other related regulations are complied with. This permit does not take place of any license required by law. This permit is not transferable. Any changes in the use or occupancy of premises shall require a new permit.

Issued To:

Roux Associates, Inc.
12459 ARROW RTE
RANCHO CUCAMONGA, CA 91739

Rancho Cucamonga Fire Protection District

Fire District Standard 57-1

Title: **Hazardous Materials Storage Tank Abandonment/Removal**	
Primary Code Reference: Fire Code Chapters 50 and 57	Effective: Jan. 1999
Number of Pages: 4	Updated: January 2020 for consistency with the 2019 California Fire Code

INTENT

The intent of this Standard is to establish requirements for obtaining a permit to abandon, remove, or modify a hazardous materials storage tank.

AUTHORITY

This Standard is in accordance with Fire District Ordinance FD 57 and the 2019 California Fire Code.

ADOPTED STANDARD

1. **Permit Required.** A Fire District permit is required in order to abandon, remove, or modify any hazardous material storage tank.
   a. **Permit Process/Plan Submittal**
      i. A completed application for permit (Appendix A) and three sets of plans must be submitted to the Fire District for review and approval prior to any work being performed at the site.
      ii. The following is the minimum information, where applicable, that must be included with the plan submittal and the permit application.
      - ❑ Site Information
      - ❑ Property Owner Information
      - ❑ Current Occupant Information
      - ❑ Contractor Information
      - ❑ Consultant Information
      - ❑ Degassing contractor information
      - ❑ Hazardous Waste hauler information
      - ❑ Marine Chemist or Certified Industrial Hygienist information
      - ❑ The scope of work to be performed
      - ❑ The method of abandonment/removal
      - ❑ A soil sampling plan that will determine whether or not regulated products have leaked or otherwise been released into the soil. The plan will include details demonstrating that the sampling will be done in accordance with accepted methods and will provide the name of the California state certified laboratory that will perform the analysis.
      - ❑ Projected job schedule
      - ❑ Work site respiratory protection action levels
      - ❑ Compliance with fire retardant clothing requirement for site workers
      - ❑ A site specific health and safety plan
      - ❑ A detailed and scaled site plan, including location of tank(s), piping, openings, buildings and structures; Property lines; and underground utilities. Provide note about contacting Underground Service Alert (USA) prior to excavation.
      - ❑ Provide note indicating if a Confined Space Entry Permit is required.

iii. The following are the required documents, where applicable, that must be included with the plan submittal and the permit application.
- ☐ Application for Rancho Cucamonga Fire District Hazardous Materials Storage Tank Removal Permit
- ☐ Photocopy of City of Rancho Cucamonga Business License
- ☐ Photocopy of Cal/OSHA excavation permit
- ☐ Photocopies of Worker's Comp and liability insurance policies
- ☐ Photocopy of California contractor's license with hazmat endorsement
- ☐ Proof of tank contents or results of lab samples

b. **Permit Fees.** All required fees shall be paid prior to permit issuance.

2. **Onsite Requirements.** A qualified fire inspector must be present at the site during abandonment/ removal and inerting operations.
   a. The following, where applicable, must be present on-site during operations.
      - ☐ Cal/OSHA qualified person for the excavators
      - ☐ Cal/OSHA annual crane certificate
      - ☐ Marine Chemist or C.I.H. Certification
      - ☐ SCAQMD degassing permit
      - ☐ EPA generator identification number
      - ☐ Copies of employee HAZWOPER training records
      - ☐ Company Safety Plan

   b. The following are additional general site requirements that will be monitored as applicable by the Fire Inspector.
      - ☐ The contractor appearing on the tank removal permit is responsible and accountable for the job site. The contractor shall either perform the work and/or be on site to oversee subcontractors.
      - ☐ All Cal/OSHA excavation regulations are strictly enforced
      - ☐ All Cal/OSHA safety equipment requirements are strictly enforced
      - ☐ All DMV/DOT regulations are strictly enforced
      - ☐ Fire retardant clothing shall be worn while working around flammable/combustible vapors.
      - ☐ Elimination of ignition sources shall be in accordance with nationally recognized standards
      - ☐ Equipment shall be bonded and/or grounded and listed for use in hazardous locations
      - ☐ All work performed on the tank shall be done with non-sparking tools, except work that may be performed in accordance with National Fire Protection Association (NFPA) Standard 306 and under the supervision of a certified Marine Chemist, or tanks which contain 0% LEL constantly monitored by a trained and qualified person with standard tools.
      - ☐ A combustible gas indicator (CGI) and an oxygen meter shall be on site, calibrated and operated by a trained and qualified person (documentation required). Continuous readings shall be taken around the job site, tank, and associated piping and dispensers being removed to detect accumulation of explosive vapors. If 20% LEL is detected, all operations will halt for at least one half hour to allow for the dissipation of vapors.
        Note: Conversion charts or an instrument capable of monitoring the specific tank contents is required. Instruments shall be protected from sensor poisoning from leaded fuels.

- Piping shall be flushed before it is disconnected from the tank; if not, it is subject to being hauled as a hazardous waste.
- A ratio of 25 pounds of dry ice per 1,000 gallons of tank capacity is required to render a tank inert. If instrument readings indicate that a tank has not been fully inerted, additional applications of dry ice at a ratio of 25 pound of dry ice per 1,000 gallons of tank capacity will be required until tank is verified to be inert.
- Tank shall be emptied and rendered inert prior to disturbing tank and surrounding material (i.e. concrete, asphalt, supports, etc.)
- Dispensers which are no longer going to be used shall be removed.

3. **Prohibited Practices.** Where applicable to the particular job, the following items are prohibited:
   - Removing a hazardous materials storage tank from the excavation or site without a Fire Inspector present. Violations may be subject to criminal and/or civil action.
   - Performing any work prior to the arrival of the Fire Inspector as specified above.
   - Exceeding a 30 minute delay in work or from scheduled inspection start time. Violations may result in additional fees, shutdown, or both.
   - Excavating prior to required notification to Cal/OSHA

4. **Reports Required.** Where applicable to the particular job, the following reports shall be provided to the Fire District:
   - California Hazardous Waste Manifest.
   - Name and address of the licensed Treatment, Storage, and Disposal Facility.
   - Applicable chain of custody and disposal documentation.
   - Tank destruction certificate.
   - Soil sampling report.

5. **Acknowledgement**

I/We acknowledge that we have received and understand RCFPD Standard 57-1 Hazardous Materials Storage Tank Abandonment/Removal.

Application for Permit to Abandon/Remove Hazardous Materials Storage Tank

Note: This permit is only issued to licensed California Contractors and Property Owners

Date(s): 04/19/2023 **Time:** 10:30 AM

Site Information

Site Address: 12459 Arrow Route, Rancho Cucamonga, CA 91739 Phone Number: _____

Name of Business: BTC III Arrow Route CC LP Contact Person: Chris Sanford

Applicant Information

Company Name: Roux Associates, Inc. Phone Number: (562) 446-8640

Address: 5150 E PCH Ste. #450, Long Beach, CA 90804 Contact Person: Daniel Zaragoza

Contractor Information

Company Name: Silverado Contractors, Inc. Phone Number: (909) 949-6025

Address: 2855 Mandela Pkwy, Oakland, CA 94608 Contact Person: Jimmy Saldivar

Method of Abandonment (check one)

☑ Triple rinsed, certified, rendered inert, and hauled from site
☐ Hauled as hazardous waste
☐ Triple rinsed, certified, filled with slurry, and abandoned in place

Briefly describe the scope of work to be performed and the number of tanks to be removed/abandoned:

Removal and abandonment of one (1) 4,000 gallon tank and its associated piping. Confirmation soil sampling will be performed according to the soil plan included in the application following removal.

San Bernardino County Fire Protection District UST Removal Inspection Report

CUPA
San Bernardino County Fire Department • Hazardous Materials Division
620 South "E" Street, San Bernardino, CA 92415-0153 • (909) 386-8401 FAX (909) 386-8460 • www.sbcfire.org

CUPA COMPLIANCE INSPECTION REPORT

NAME: **TAMCO** FACILITY ID: **FA0006582**

ADDRESS: **12459 ARROW RTE STE B** CERS ID:**10152245**

CITY: **RANCHO CUCAMONGA** STATE: **CA** ZIP CODE: **91739** INSPECTION DATE: **6/28/2023**

Consent granted by:

☒ **inspect** ☒ **photograph** **Name:** ROUX/ERM **Title:** PERMIT SR0202862

UST REMOVAL PERMIT SR0202862

PURPOSE:
On site to witness the removal of a found Underground Storage Tanks (UST), all associated piping and to witness associated soil samples. Photos were taken this date.

PERSONS ONSITE:
On Site Contact: Peter Shimer, Roux Senior Geologist
Contractor On Site: Roux, Silverado, ERM
Certifications: Current
Sampling: John Cameron, Roux
CIH: Nancy Carraway, CIH
Other On Site: Tammie Graciano, Rancho Cucamonga Fire Department

REMOVAL OBSERVATIONS/INSPECTION
- All UST removal Contractor certifications on site and reviewed. All appropriate for the work being conducted.
- Roux/ERM rinsed out the UST on site. Manifest generated.
- Roux/ERM used a calibrated CGI and PID and measured 0% LEL.
- Nancy Carraway certified the Tank Closure and provided the Tank Closure Forms.
- UST inerted with Dry Ice prior to transport.
- UST pulled and placed onto truck and transported.
- No staining or smell or signs of contamination observed.

SOIL SAMPLING OBSERVATIONS:
- Three (3) samples were taken. Two (2) below the UST and one (1) Stockpile.
- Lab testing methods from the SBCFD removal guidelines.
- Chain of Custody Reviewed and properly transported.

TANK REMOVAL AND SOIL SAMPLING REQUIREMENTS COMPLETED.
- There were no associated piping or Underground Storage Containments (UDCs).
- Based on dimensions, UST is calculated to be approximately 10,000 gallons.
- Inspection conditions of this permit are verified complete.

Submit a UST Closure Report within sixty (60) days of the UST removal/soil sampling date to mzakhary@sbcfire.org and usttestresults@sbcfire.org.

Update of the California Environmental Reporting System (CERS) required for UST Permanent Closure.
Any questions about this inspection report contact Mary Zakhary at mzakhary@sbcfire.org

A copy of this report will be emailed to csanford@aresmgmt.com; pshimer@rouxinc.com

REQUEST FOR A CERTIFIED HAZARDOUS MATERIALS RECORDS SEARCH FINDING REPORT

The main focus of a REQUEST FOR A CERTIFIED HAZARDOUS MATERIALS RECORDS SEARCH FINDING REPORT is to determine whether there exists in San Bernardino County Fire Protection District (SBCFPD) any record relating to contamination or reports of spills at a particular site. A Certified Hazardous Materials Records Search Finding Report should reveal whether there are any facilities at the site that are subject to current or past regulatory activity by SBCFPD, such as underground storage tanks, hazardous material handlers, hazardous waste generators, and CalARP facilities, as well as any reports of spills, incidents, complaints, or cleanup activity, which can be a useful tool in providing a history of compliance or non-compliance.

Once SBCFPD has completed its records search, a Certified Hazardous Materials Records Search Finding Report will be prepared and issued. Such report will detail all SBCFPD records associated with a particular site by type, date, location, and status (where applicable). All files identified in a Certified Hazardous Materials Records Search Finding Report can be made available for copies and/or review upon request.

If the completed records search reveals no SBCFPD record of hazardous material activity at the site, a Certified Hazardous Materials Records Search Finding Report will be issued, noting that "no records" were identified.

Please provide a specific site address or location description. If a situs address does not exist or cannot be found, list another type of location identifier such as Assessor Parcel Number (preferable), cross streets or intersections (e.g., NWC 5th Ave. & Main St.), and/or legal description. If possible, please attach a map to this request form.

** IMPORTANT –THIS PAGE MUST BE SIGNED PRIOR TO SUBMITTAL **

DISCLAIMER: While all attempts are made to provide accurate, current, and reliable information, San Bernardino County Fire Protection District *(further referred to as SBDFPD)* recognizes the possibility of human error. Therefore, SBCFPD, its officers, employees, agents and volunteers, make no representations as to the accuracy, completeness or suitability of a Certified Hazardous Materials Records Search Finding Report and provides a Certified Hazardous Materials Records Search Finding Report "as is," with no warranties, express or implied, including the implied warranty of fitness for a particular purpose. In no event shall SBCFPD be liable for any damages of any nature whatsoever, arising out of the issuance of a Certified Hazardous Materials Records Search Finding Report. SBCFPD therefore assumes no liability for damages incurred directly or indirectly as a result of any errors, omissions or discrepancies in a Certified Hazardous Materials Records Search Finding Report.

RELEASE AND INDEMNIFICATION: In consideration for the issuance of a Certified Hazardous Materials Records Search Finding Report, I hereby release and forever discharge SBCFPD, its officers, employees, agents and volunteers from any and all claims, actions, losses, damages and/or liability in connection with SBCFPD's issuance of a Certified Hazardous Materials Records Search Finding Report, including, but not limited to, claims that may arise due to the active or passive negligence of SBCFPD, its officers, employees, agents and volunteers.

I am familiar with the provisions of California Civil Code Section 1542, which provides as follows:

"A general release does not extend to claims which the creditor does not know or suspect to exist in his or her favor at the time of executing the release, which if known by him or her must have materially affected his or her settlement with the debtor."

I hereby expressly waive any and all rights that I may have there under. I understand and acknowledge the significance and consequence of this specific waiver of California Civil Code Section 1542 and assume full responsibility for any injuries, damages, losses or liabilities that I may hereafter discover as possibly resulting from SBCFPD's issuance of a Certified Hazardous Materials Records Search Finding Report.

In further consideration for SBCFPD's issuance of a Certified Hazardous Materials Records Search Finding Report, I hereby agree, for myself, my heirs, administrators, executors and assigns, that I shall indemnify, defend (with counsel approved by County) and hold harmless SBCFPD, its officers, employees, agents and volunteers from any and all claims, demands, actions or suits arising out of or in connection with SBCFPD's issuance of a Certified Hazardous Materials Records Search Finding Report brought by any third party.

* * *

I have read the above terms and conditions, including the paragraphs entitled "DISCLAIMER" and "RELEASE AND INDEMNIFICATION", and by my signature below, I affirm that I understand these terms and conditions and accept them as part of my REQUEST FOR A CERTIFIED HAZARDOUS MATERIALS RECORDS SEARCH FINDING REPORT.

I hereby request a Certified Hazardous Materials Records Search Finding Report for the location described on Page 1 of this application.

- ☐ **I am including payment of the initial fee of $136.00, for the first hour of research, by check or money order, payable to San Bernardino County Fire Protection District, or by credit card payment taken over the phone. I understand that research exceeding one hour will be billed at the rate of $136.00 for each additional hour spent by SBCFPD in completing this request.**
- ☐ **I have faxed or emailed this request and will forward payment along with the original request form within 48 hours.**

SUBJECT: REMOVAL OF UNDERGROUND STORAGE TANK (S)
LOCATED AT CMC REBAR-ETIWANDA
12451 ARROW RTE, RANCHO CUCAMONGA, CA 91739
(LOG#070914-01, SR#0044292, FA#0003266)

This Department has received the closure information including analytical soil sampling results associated with this UST removal. The soil sampling activity and removal of (1) 12,000 gallon double walled fiberglass UST was witnessed by a representative of this Department on August 14, 2014. Soil samples were collected within the tank excavation at approximately 16 feet below grade and from the area where the dispenser was removed at 6 feet below grade. Total petroleum hydrocarbons and volatile organic results were near or below detection limits.

Based on the information in the above referenced report and with the provision that the information provided to this agency was accurate and representative of site conditions, no further action is required. Please be advised that this no further action determination does not relieve you of the responsibility to clean up existing, additional or previously unidentified conditions at the site which are a nuisance, cause or threaten to cause pollution, or otherwise pose a threat to water quality or public health.

This notice is pursuant to the permanent closure requirements contained in Section 2672 of Title 23 of the California Code of Regulations and Section 25298 (c) of the California Health and Safety Code.

If you have any questions, please contact the undersigned at (909) 386-8464 or email tcongdon@sbcfire.org.

Lab Request: 344869
Report Date: 08/21/2014
Date Received: 08/14/2014
Client ID: 2320

This laboratory request covers the following listed samples which were analyzed for the parameters indicated on the attached Analytical Result Report. All analyses were conducted using the appropriate methods. Methods accredited by NELAC are indicated on the report. This cover letter is an integral part of the final report.

Sample #	Client Sample ID
344869-001	T1-S
344869-002	T1-N
344869-003	T1-D

Thank you for the opportunity to be of service to your company. Please feel free to call if there are any questions regarding this report or if we can be of further service.

Data Qualifiers and Definitions

Qualifiers

B	Analyte was present in an associated method blank. Associated sample data was reported with qualifier.
B1	Analyte was present in an associated method blank greater than MDL but less than DRL. Associated sample data was reported with qualifier.
BQ1	No valid test replicates. Result may be greater. Best result was reported with qualifier. Sample toxicity possible.
BQ2	No valid test replicates.
BQ3	Minimum DO is less than 1.0 mg/L. Result may be greater and reported with qualifier.
C	Laboratory Contamination.
D	The sample duplicate RPD was not within control limits, the sample data was reported without further clarification.
DW	Sample result is calculated on a dry weigh basis
J	Reported value is estimated
L	The laboratory control sample (LCS) or laboratory control sample duplicate (LCSD) was out of control limits. Associated sample data was reported with qualifier.
M	The matrix spike (MS) or matrix spike duplicate (MSD) was not within control limits due to matrix interference. The associated LCS and/or LCSD was within control limits and the sample data was reported without further clarification.
NC	The analyte concentration in the sample exceeded the spike level by a factor of four or greater, spike recovery and limits do not apply.
P	Sample was received without proper preservation according to EPA guidelines.
Q1	Analyte Calibration Verification exceeds criteria and the result was reported with qualifier.
Q2	Analyte calibration was not verified and the result was estimated and reported with qualifier.
Q3	Analyte initial calibration was not available or exceeds criteria. The result was estimated and reported with qualifier.
Q4	Analyte result out of calibration range and was reported with qualifier
S	The surrogate recovery was out of control limits due to matrix interference. The associated method blank surrogate recovery was within control limits and the sample data was reported without further clarification.
T	Sample was extracted/analyzed past the holding time.
T2	Sample was analyzed ASAP but received and analyzed past the 15 minute holding time.
TIC	Tentatively Identified Compounds

Definitions

DF	Dilution Factor
MDL	Method Detection Limit
ND	Analyte was not detected or was less than the detection limit.
RDL	Reporting Detection Limit

APPLICATION FOR PERMIT

INSTALL, CONDUCT PROCESSES, STORE, HANDLE, KEEP FOR SALE OR CONDUCT OPERATIONS, INCLUDING OR CREATING CONDITIONS DEEMED HAZARDOUS TO LIFE AND/OR PROPERTY

The undersigned hereby applies for a permit to:

(✓) Conduct Operations ( ) Manufacture ( ) Store ( ) Install

( ) Other (Specify)_____

At: Business Name TAMCO

Address 12451 Arrow Route

Briefly describe operation(s). Where applicable, list all hazardous materials being stored or used. Provide "Hazardous Materials Safety Data Sheets" (MSDS) for all substances used or manufactured.

The removal of underground storage tank shall conducted in accordance UFC, Article 79, 2001 Edition (4) 12000 gallon Tanks)

(Attach separate sheet if necessary)

( ) If checked, two sets of plans and construction details shall be submitted with this application.

Conditions, surroundings and arrangements shall be in accordance with Fire Prevention Regulations and the premises shall be subject to periodic inspections for compliance with all regulations or conditions imposed. Permit is subject to revocation for failure to comply with those fire regulations and conditions in effect at the time of inspection and does not imply approval of any zoning, planning and/or building department regulations.

Print Applicant's Name X Ecology Control Ind Phone X (310) 628-4258

Applicant's Signature _____ **Date** _____

By signing, Applicant acknowledges receiving this Notice of Payment Due issued pursuant to the current Permit Fee Resolution of the Rancho Cucamonga Fire Protection District. To pay this bill by mail, make a check or money order for the Total Due payable to Rancho Cucamonga Fire District. Do not send cash. Please include invoice number shown above on your check or money order. Your cancelled check serves as your receipt. Send check or money order along with the Remittance Copy to **Rancho Cucamonga Fire District, PO Box 807, Rancho Cucamonga, CA 91729-0807**. Fees can be paid with cash, Visa, or MasterCard at Rancho Cucamonga City Hall, 10500 Civic Center Dr. Payments are considered past due at 30 days from the date of the Notice of Payment Due. If payment is not received within 60 days, the Notice of Payment Due will be sent out for collection. Collection efforts may adversely affect your credit rating. Approved permits will not be issued until all Fire Code violations have been corrected and permit fees have been paid. Conducting regulated operations without a permit could result in the issuance of an Administrative Citation.

NOTE: The State of California has determined that tanks used for the storage of any hazardous or flammable substance shall be considered hazardous even if all contents have been removed.

All storage tanks shall be hauled as hazardous waste, accompanied by a state hazardous waste manifest, and taken to a licensed treatment, storage and disposal facility (TSDF); or if the tanks are triple rinsed on site and the rinsate manifested and hauled to a licensed TSDF, the tank may be handled as nonhazardous.

For information on licensed TSDFs that can accept nonrinsed tanks, contact the State of California Department of Health Services, Toxic Substance Control at (800) 258-6942.

☐ Inspection Fee(s) Only; Permit Not Required ☐ Permit and Inspection Fees ☒ Permit Fee(s) Only

☒ The Applicant named above hereby applies for an Operational Permit pursuant to Chapter 1, Section 105 of the California Fire Code as amended. The Applicant certifies that permitted operations shall at all times be in accordance with the Fire Code and applicable Fire District Standards and Regulations. The premises where the permitted operations are conducted are subject at all times to inspections to ensure compliance with the conditions of the permit. Issued permits are subject to revocation for cause as allowed by the Fire Code. Approval of this permit application and/or issuance of an Operational Permit does not imply approval of any Zoning, Planning, or Building Code provision, requirement, or regulation.

Permit Code	Inspection and/or Permit Category / Subcategory	Fee
MVFD	MOTOR VEHICLE FUEL DISPENSING.	330.00
	UNATTENDED, SELFSERVE DIESEL.	
	18,000 GALLON UST.

☒ Annual Permit ☐ Single Use Permit ☐ Non-Profit Organiztion Fee Reduction Applied ☐ Fee Waived per District Policy

Applicant's Signature MAILED **Date** _____

By signing, Applicant acknowledges receiving this Notice of Payment Due issued pursuant to the current Permit Fee Resolution of the Rancho Cucamonga Fire Protection District. To pay this bill by mail, make a check or money order for the Total Due payable to Rancho Cucamonga Fire District. Do not send cash. Please include invoice number shown above on your check or money order. Your cancelled check serves as your receipt. Send check or money order along with the Remittance Copy to **Rancho Cucamonga Fire District, PO Box 807, Rancho Cucamonga, CA 91729-0807**. Fees can be paid with cash, Visa, or MasterCard at Rancho Cucamonga City Hall, 10500 Civic Center Dr. Payments are considered past due at 30 days from the date of the Notice of Payment Due. If payment is not received within 60 days, the Notice of Payment Due will be sent out for collection. Collection efforts may adversely affect your credit rating. Approved permits will not be issued until all Fire Code violations have been corrected and permit fees have been paid. Conducting regulated operations without a permit could result in the issuance of an Administrative Citation.

No.	✓	REQUIRED CORRECTIONS
		ACCESS
1		Maintain fire lane free of obstructions.
2		Provide fire lane identification.
3		Provide approved address numbers/building identification.
4		Provide approved key box/lock/switch and/or keys for fire department access.
		EXITING
5		Remove obstructions at exits, doors, aisles, corridors, stairways, etc.
6		Exit door to open without a key or any special knowledge/effort.
7		Provide sign over main exit door - "This door to remain unlocked during business hours".
8		Repair non-operable exit door hardware.
9		Remove obstructions from door required to be closed.
10		Remove locks/latches from doors with panic hardware.
11		Remove storage from unprotected stairway.
12		Provide/maintain exit sign/emergency lighting.
		FIRE EXTINGUISHERS
13		Have fire extinguisher(s) serviced and tagged.
14		Provide/install fire extinguisher(s) as indicated.
15		Provide clear access to fire extinguisher(s).
16		Provide an approved means of indicating fire extinguisher location.
		FIRE PROTECTION EQUIPMENT
17		Maintain, repair, paint, inspect, and/or test sprinkler/standpipe system/hydrant/FDC/PIV.
18		Maintain 3 ft. minimum clearance for access/use of fire appliances/equipment.
19		Secure all system control valves in the open position.
20		Replace damaged/painted/missing sprinkler heads/FDC caps.
21		Provide 5 year certification test for sprinkler/standpipe system.
22		Provide sprinkler coverage in unprotected areas.
23		Provide spare sprinkler heads (min. 6) and/or compatible wrench.
24		Hood and duct extinguishing system to be serviced and tagged.
25		Remove grease from hood, duct, and filters. (KEEP CLEAN)
		FIRE ALARM SYSTEMS
26		Maintain, repair, inspect, and/or test fire alarm system. Provide a copy of the report.
27		Provide/maintain operable smoke detectors in each dwelling unit.
		FIRE SEPARATIONS
28		Repair damage to required fire resistive construction.
29		Provide/repair self or automatic closing fire rated assemblies.
30		Keep attic access and scuttle openings closed.
		ELECTRICAL
31		Discontinue use of extension cords.
32		Install permanent wiring for fixed and stationary appliances.
33		Provide cover plates for all junction boxes. Provide blanks for electrical panel.
34		Remove exposed wiring or protect in approved conduit.
35		Provide a 30x36 inch clear space to and in front of electrical panel.
36		Maintain wiring in good condition and protect from damage.
		FLAMMABLE LIQUIDS • COMPRESSED GASES
37		Provide a flammable liquid storage cabinet or reduce storage to 10 gallons or less.
38		Remove all flammable liquids not used for maintenance purposes.
39		Store flammable liquids away from exits, stairs, or corridors.
40		Clean up spilled flammable liquid.
41		Replace lids on all flammable liquid storage containers not in immediate use.
42		Remove all fueled vehicles from dwelling units.
43		Secure compressed gas cylinders. Identify product name.
		STORAGE • HOUSEKEEPING
44		Arrange storage in an orderly manner to provide access/egress.
45		Remove combustible storage from boiler, mechanical, and electrical room.
46		Reduce storage to 24 inches below ceiling or 18 inches below sprinkler heads.
47		Provide metal or approved non-combustible trash container with lid.
48		Remove lint/debris from behind washers and dryers.
49		Remove waste/rubbish materials from the premises.
50		Keep dumpsters 5 feet away from combustible walls, eaves, or openings.
51		Provide required clearance from combustible materials and/or vegetation.
		MISCELLANEOUS
52		Other violations and comments.

NO VIOLATIONS NOTED - Thank you for helping to keep our community safe!

RANCHO CUCAMONGA FIRE PROTECTION DISTRICT
These plans have been reviewed for compliance with all applicable codes and standards as adopted by the Rancho Cucamonga Fire District.
☐ Approved Pending Fees
☐ Approved for installation.
☐ Disapproved, resubmit with corrections
This review does not relieve the developer, architect, designer, contractor, or installer of the responsibility to meet all of the applicable Federal, State, County, City, Fire District Laws, Codes, Ordinances or Regulations.
Subject to final approval by field inspections and test.
Reviewed by: TR Date: 3/11/99
Inspected by: Date:

GENERAL REQUIREMENTS

1. Contractor shall comply with all Cal OSHA excavation requirements.

2. A competent person (as required by Cal OSHA) shall be on site during excavations 5 feet or greater.

3. The fire inspector shall be on site for excavation, degassing, cutting, washing, inerting, certifying tanks clean, pulling tanks.

4. Appropriate fire safety equipment shall be utilized at all times.

5. The contractor appearing on the FSD permit is responsible and accountable for the job site. The contractor shall either perform the work and/or be on site to oversee subcontractors.

6. Contractor shall post NO SMOKING signs and prohibit smoking and other ignition sources a minimum of 50 feet from the job site.

UPGRADE NOTES

1. INSTALL NEW BRAVO BOX UNDER THE NORTH DISPENSER. (SEE DETAIL A ON SHEET 2)
2. INSTALL NEW OVERFILL DROP TUBE VALVE AND TANK BOTTOM PROTECTOR ON THE DIESEL FILL. (SEE DETAIL B ON SHEET 2)
3. FLUSH, CLEAN, SLURRY-FILL, CAP & ABANDON IN PLACE EXISTING UNDERGROUND PIPING
4. REMOVE DISPENSER AND PATCH ISLAND WITH CONCRETE TO MATCH TOP OF ISLAND SURFACE

7. A combustible gas indicator and an oxygen meter shall be on site, calibrated, and operated by a trained and qualified person (documentation required). Continuous readings shall be taken around the job site to detect accumulation of explosive vapors. If 20% LEL is detected, all operations will halt and the contractor will have a half hour for the dissipation of vapors or the job will be shut down. NOTE: Conversion charts or an instrument capable of monitoring the specific tank contents is required. Instruments shall be protected from sensor poisoning from leaded fuels.

8. Contractor shall test existing primary and secondary piping for integrity.

9. Contractor shall remove dispensers and stow them for reinstallation.

10. Contractor shall sawcut islands and break concrete to facilitate installation of new dispenser pans.

11. Contractor shall install new Bravo boxes and connect existing Red Thread fiberglass pipe to new dispenser pans.

12. Contractor shall install new EBW overfill prevention drop tubes in the diesel fill port.

13. Contractor shall retest the primary and secondary piping to verify its integrity.

14. Contractor shall replace broken concrete to match existing concrete.

15. Contractor shall reinstall the North dispenser.

☐ The Applicant named above hereby applies for an Operational Permit pursuant to Chapter 1, Section 105 of the California Fire Code as amended. The Applicant certifies that permitted operations shall at all times be in accordance with the Fire Code and applicable Fire District Standards and Regulations. The premises where the permitted operations are conducted are subject at all times to inspections to ensure compliance with the conditions of the permit. Issued permits are subject to revocation for cause as allowed by the Fire Code. Approval of this permit application and/or issuance of an Operational Permit does not imply approval of any Zoning, Planning, or Building Code provision, requirement, or regulation.

By signing, Applicant acknowledges receiving this Notice of Payment Due issued pursuant to the current Permit Fee Resolution of the Rancho Cucamonga Fire Protection District. To pay this bill by mail, make a check or money order for the Total Due payable to Rancho Cucamonga Fire District. Do not send cash. Please include invoice number shown above on your check or money order. Your cancelled check serves as your receipt. Send check or money order along with the Remittance Copy to **Rancho Cucamonga Fire District, PO Box 807, Rancho Cucamonga, CA 91729-0807**. Fees can be paid with cash, Visa, or MasterCard at Rancho Cucamonga City Hall, 10500 Civic Center Dr. Payments are considered past due at 30 days from the date of the Notice of Payment Due. If payment is not received within 60 days, the Notice of Payment Due will be sent out for collection. Collection efforts may adversely affect your credit rating. Approved permits will not be issued until all Fire Code violations have been corrected and permit fees have been paid. Conducting regulated operations without a permit could result in the issuance of an Administrative Citation.

☐ Inspection Fee(s) Only; Permit Not Required ☐ Permit and Inspection Fees ☒ Permit Fee(s) Only

☒ The Applicant named above hereby applies for an Operational Permit pursuant to Chapter 1, Section 105 of the California Fire Code as amended. The Applicant certifies that permitted operations shall at all times be in accordance with the Fire Code and applicable Fire District Standards and Regulations. The premises where the permitted operations are conducted are subject at all times to inspections to ensure compliance with the conditions of the permit. Issued permits are subject to revocation for cause as allowed by the Fire Code. Approval of this permit application and/or issuance of an Operational Permit does not imply approval of any Zoning, Planning, or Building Code provision, requirement, or regulation.

Permit Code	Inspection and/or Permit Category / Subcategory	Fee
MVFD	MOTOR VEHICLE FUEL DISPENSING.	330.00
	UNATTENDED, SELFSERVE DIESEL.	
	18,000 GALLON UST.

Applicant's Signature MAILED **Date** _____

By signing, Applicant acknowledges receiving this Notice of Payment Due issued pursuant to the current Permit Fee Resolution of the Rancho Cucamonga Fire Protection District. To pay this bill by mail, make a check or money order for the Total Due payable to Rancho Cucamonga Fire District. Do not send cash. Please include invoice number shown above on your check or money order. Your cancelled check serves as your receipt. Send check or money order along with the Remittance Copy to **Rancho Cucamonga Fire District, PO Box 807, Rancho Cucamonga, CA 91729-0807**. Fees can be paid with cash, Visa, or MasterCard at Rancho Cucamonga City Hall, 10500 Civic Center Dr. Payments are considered past due at 30 days from the date of the Notice of Payment Due. If payment is not received within 60 days, the Notice of Payment Due will be sent out for collection. Collection efforts may adversely affect your credit rating. Approved permits will not be issued until all Fire Code violations have been corrected and permit fees have been paid. Conducting regulated operations without a permit could result in the issuance of an Administrative Citation.

No.	✓	REQUIRED CORRECTIONS
		ACCESS
1		Maintain fire lane free of obstructions.
2		Provide fire lane identification.
3		Provide approved address numbers/building identification.
4		Provide approved key box/lock/switch and/or keys for fire department access.
		EXITING
5		Remove obstructions at exits, doors, aisles, corridors, stairways, etc.
6		Exit door to open without a key or any special knowledge/effort.
7		Provide sign over main exit door - "This door to remain unlocked during business hours".
8		Repair non-operable exit door hardware.
9		Remove obstructions from door required to be closed.
10		Remove locks/latches from doors with panic hardware.
11		Remove storage from unprotected stairway.
12		Provide/maintain exit sign/emergency lighting.
		FIRE EXTINGUISHERS
13		Have fire extinguisher(s) serviced and tagged.
14		Provide/install fire extinguisher(s) as indicated.
15		Provide clear access to fire extinguisher(s).
16		Provide an approved means of indicating fire extinguisher location.
		FIRE PROTECTION EQUIPMENT
17		Maintain, repair, paint, inspect, and/or test sprinkler/standpipe system/hydrant/FDC/PIV.
18		Maintain 3 ft. minimum clearance for access/use of fire appliances/equipment.
19		Secure all system control valves in the open position.
20		Replace damaged/painted/missing sprinkler heads/FDC caps.
21		Provide 5 year certification test for sprinkler/standpipe system.
22		Provide sprinkler coverage in unprotected areas.
23		Provide spare sprinkler heads (min. 6) and/or compatible wrench.
24		Hood and duct extinguishing system to be serviced and tagged.
25		Remove grease from hood, duct, and filters. (KEEP CLEAN)
		FIRE ALARM SYSTEMS
26		Maintain, repair, inspect, and/or test fire alarm system. Provide a copy of the report.
27		Provide/maintain operable smoke detectors in each dwelling unit.
		FIRE SEPARATIONS
28		Repair damage to required fire resistive construction.
29		Provide/repair self or automatic closing fire rated assemblies.
30		Keep attic access and scuttle openings closed.
		ELECTRICAL
31		Discontinue use of extension cords.
32		Install permanent wiring for fixed and stationary appliances.
33		Provide cover plates for all junction boxes. Provide blanks for electrical panel.
34		Remove exposed wiring or protect in approved conduit.
35		Provide a 30x36 inch clear space to and in front of electrical panel.
36		Maintain wiring in good condition and protect from damage.
		FLAMMABLE LIQUIDS • COMPRESSED GASES
37		Provide a flammable liquid storage cabinet or reduce storage to 10 gallons or less.
38		Remove all flammable liquids not used for maintenance purposes.
39		Store flammable liquids away from exits, stairs, or corridors.
40		Clean up spilled flammable liquid.
41		Replace lids on all flammable liquid storage containers not in immediate use.
42		Remove all fueled vehicles from dwelling units.
43		Secure compressed gas cylinders. Identify product name.
		STORAGE • HOUSEKEEPING
44		Arrange storage in an orderly manner to provide access/egress.
45		Remove combustible storage from boiler, mechanical, and electrical room.
46		Reduce storage to 24 inches below ceiling or 18 inches below sprinkler heads.
47		Provide metal or approved non-combustible trash container with lid.
48		Remove lint/debris from behind washers and dryers.
49		Remove waste/rubbish materials from the premises.
50		Keep dumpsters 5 feet away from combustible walls, eaves, or openings.
51		Provide required clearance from combustible materials and/or vegetation.
		MISCELLANEOUS
52		Other violations and comments.

NO VIOLATIONS NOTED - Thank you for helping to keep our community safe!

NO.	LOCATION / REMARKS
52	IT APPEARS THAT THE LPG TANK HAS BEEN REMOVED AND REINSTALLED FROM ITS PREVIOUSLY APPROVED LOCATION. SUBMIT PLANS AND OBTAIN PERMITS AND APPROVALS WITHIN 90 DAYS, OR PROVIDE PLANS, PERMITS, AND DOCUMENTATION FOR THE RE-INSTALLATION.
43	SECURE ALL COMPRESSED GAS CYLINDERS IN AN APPROVED MANNER.
43	STORE LPG CYLINDERS OUT SIDE OF SEA CONTAINERS.
52	REPLACE ALL SIGNAGE FOR DIESEL PUMPS, INCLUDING SHUT-OFF AND SIGNAGE IN ACCORDANCE WITH 2010 CFC SECTION 2204.3.5 AND 22056

RANCHO CUCAMONGA FIRE PROTECTION DISTRICT
These plans have been reviewed for compliance with all applicable codes and standards as adopted by the Rancho Cucamonga Fire District.
☐ Approved Pending Fees
☐ Approved for installation.
☐ Disapproved, resubmit with corrections
This review does not relieve the developer, architect, designer, contractor, or installer of the responsibility to meet all of the applicable Federal, State, County, City, Fire District Laws, Codes, Ordinances or Regulations.
Subject to final approval by field inspections and test.
Reviewed by: TR Date: 3/11/99
Inspected by: Date:

GENERAL REQUIREMENTS

1. Contractor shall comply with all Cal OSHA excavation requirements.

2. A competent person (as required by Cal OSHA) shall be on site during excavations 5 feet or greater.

3. The fire inspector shall be on site for excavation, degassing, cutting, washing, inerting, certifying tanks clean, pulling tanks.

4. Appropriate fire safety equipment shall be utilized at all times.

5. The contractor appearing on the FSD permit is responsible and accountable for the job site. The contractor shall either perform the work and/or be on site to oversee subcontractors.

6. Contractor shall post NO SMOKING signs and prohibit smoking and other ignition sources a minimum of 50 feet from the job site.

UPGRADE NOTES

1. INSTALL NEW BRAVO BOX UNDER THE NORTH DISPENSER. (SEE DETAIL A ON SHEET 2)
2. INSTALL NEW OVERFILL DROP TUBE VALVE AND TANK BOTTOM PROTECTOR ON THE DIESEL FILL. (SEE DETAIL B ON SHEET 2)
3. FLUSH, CLEAN, SLURRY-FILL, CAP & ABANDON IN PLACE EXISTING UNDERGROUND PIPING
4. REMOVE DISPENSER AND PATCH ISLAND WITH CONCRETE TO MATCH TOP OF ISLAND SURFACE

7. A combustible gas indicator and an oxygen meter shall be on site, calibrated, and operated by a trained and qualified person (documentation required). Continuous readings shall be taken around the job site to detect accumulation of explosive vapors. If 20% LEL is detected, all operations will halt and the contractor will have a half hour for the dissipation of vapors or the job will be shut down. NOTE: Conversion charts or an instrument capable of monitoring the specific tank contents is required. Instruments shall be protected from sensor poisoning from leaded fuels.

8. Contractor shall test existing primary and secondary piping for integrity.

9. Contractor shall remove dispensers and stow them for reinstallation.

10. Contractor shall sawcut islands and break concrete to facilitate installation of new dispenser pans.

11. Contractor shall install new Bravo boxes and connect existing Red Thread fiberglass pipe to new dispenser pans.

12. Contractor shall install new EBW overfill prevention drop tubes in the diesel fill port.

13. Contractor shall retest the primary and secondary piping to verify its integrity.

14. Contractor shall replace broken concrete to match existing concrete.

15. Contractor shall reinstall the North dispenser.

SUBJECT: UST ABANDONMENT CHECK LIST AND INFORMATION NOTICE

Site Address AMERON Concrete Steel Pipe 12455 ARROW ROUTE ETIWANDA, CA. 91739			
Date of Call	Person Calling	Company Name	Phone Number
	RAY FLETCHER	ENCON Environmental Corp.	562-982-0273
Requested Date of Insp.	Estimated Start Time	Estimated Finish Time	Permit Number
	9-29-98	10/5 or 10/6	

INSTRUCTIONS: When you call to make an appointment, have the shaded boxes completed.

HOW ARE YOU GOING TO ABANDON THE TANKS?

Triple Rinsed & Inverted ☒ Hauled as Hazardous Waste ☐ Abandoned & Filled in Place ☐

DO YOU KNOW THE FOLLOWING?

- ♦ If the FSD permit fee has been paid on each tank.
- ♦ If you do not have the Fire District permit number, you are not guaranteed an inspection.
- ♦ An emergency inspection is not a guaranteed inspection under any circumstances.

DO YOU HAVE THE FOLLOWING REQUIRED ITEMS?

- ♦ A Rancho Cucamonga Fire Protection District permit.
- * ♦ A Rancho Cucamonga Business License # Applied 9-22-98 pd 346.00 Copy enclosed
- ♦ An AQMD permitted degassing contract whose equipment is approved.
- * ♦ A CAL OSHA excavating permit # 562017.
- ♦ An EPA generators ID # CAT 080033202
- * ♦ A contractor license that is approved for underground tank work, including hazardous endorsement: A, B, C36, C61-D40. # 748576
- ♦ A licensed hazardous waste hauler for tank when abandoning tank as hazardous waste. Name: N/A # De-Gas + Triple Rinsed on site + Shipped as Non-Haz
- ♦ A detailed scaled plan depicting tank, piping, vent and fill; buildings or structures; property lines; and overhead/underground utilities. The use of an Underground Service Alert to locate underground utilities will meet this requirement, if noted on the plan.
- * ♦ A site specific health and safety plan per CCR Title 8 3203(A) 1509(c) requirement.
- ♦ Analytical results of tank contents or written documentation of contents prior to commencement of work.
- ♦ A Marine Chemist to certify the tank clean.
- * ♦ Copies of Worker's Comp and liability insurance.
- ♦ A high pressure washer, minimum 2000 psi.
- ♦ A crane that is capable of lifting the tank safely.
- ♦ A back hoe or auger with extensions for soil sampling, **you cannot enter the excavation** without approved Cal OSHA shoring or complying slopes.

* **Copies of documents required with submittal.**

Rancho Cucamonga Fire Protection District

10500 Civic Center Drive, Rancho Cucamonga, CA 91730
(909) 477-2770 www.RCFire.org

OPERATING PERMIT

THIS PERMIT SHALL BE CONSPICUOUSLY POSTED ON THE PREMISES AT ALL TIMES

Permit Number: FIRE2020-00343

Issued Date: 04/22/2021

Expiration Date: 7/30/2022

Permitted Operations, Uses, Activities, and Conditions:

Permit	Notes
Hazardous Material in Excess - Gallons 251 - 500	Corrosive liquids
Cryogenic Fluids	6,000 gallon Nitrogen
Flammable and Combustible Liquids - 251 - 500 gallons or less over max allowable quantity	385 gallons
Hazardous Material in Excess - Gallons 251 - 500	Oxidizers Liquid and Solid
Hot Work – Program	Oxygen and Acetylene
LP Gas – Store, use, handle, dispense, sell	499 gallon tank and 8 gallon cylinders for forklifts
Hazardous Material in Excess - Gallons 251 - 500	

In accordance with the terms of application on file with the Prevention Bureau and subject to the provisions of the California Fire Code and other regulations of the Fire District. This permit is issued and accepted on the condition that all applicable sections of the California Fire Code and other related regulations are complied with. This permit does not take place of any license required by law. This permit is not transferable. Any changes in the use or occupancy of premises shall require a new permit.

Inspection Report

Inspector: Tammie Graciano; **E-Mail:** Tammie.Graciano@CityofRC.us

Inspection Report Number
FIRE2018-00284

Inspection Date
05/31/2018

Business Address
Tree Island Wire
12459 ARROW RTE Unit A
RANCHO CUCAMONGA, CA 91739

Initial Inspection Date
05/31/2018

Corrections Needed

EXITING

Exit door to open without a key or any special knowledge/effort.

1. Exit door in storage container.
2. Remove door latch on exit door - EVG area.

FIRE EXTINGUISHERS

Provide/install fire extinguisher(s) as indicated.

1. Upstairs maintenance and office area.

Service and tag extinguisher.

1. Water treatment enclosure

STORAGE - HOUSEKEEPING

Identify tote with label containing condenser water.

Inspection Comment

Re inspection on or before 7/9/2018.

Orders and Acknowledgements

By order of the Fire Chief, you are hereby required to immediately make the corrections listed in this report or show cause why you should not be required to do so. This report serves an official Notice and Order of the Fire District. Willful failure to comply with this Notice and Order is a misdemeanor. Violations which are not corrected immediately and/or remain after the re-inspection may be processed as a criminal and/or civil offense or administrative citations may be issued.

The Applicant named above hearby applies for an Operation Permit pursuant to Chapter 1, Section 105 of the California Fire Code as amended. The Applicant certifies that permitted operations shall at all times be in accordance with the Fire Code and applicable Fire District Standards and Regulations. The premises where the permitted operations are conducted are subject at all times to inspections to ensure compliance with the conditions of the permit. Issued permits are subject to revocation for cause as allowed by the Fire Code. Approval of this permit application and/or issuance of an Operational Permit does not imply approval of any Zoning, Planning, or Building Code provision, requirement, or regulation.

Rancho Cucamonga Fire Protection District

10500 Civic Center Drive, Rancho Cucamonga, CA 91730
(909) 477-2770 www.RCFire.org

OPERATING PERMIT

THIS PERMIT SHALL BE CONSPICUOUSLY POSTED ON THE PREMISES AT ALL TIMES

Permit Number: FIRE2022-00729

Issued Date: 10/26/2022

Expiration Date: 9/26/2024

Permitted Operations, Uses, Activities, and Conditions:

Permit	Notes
Hazardous Material in Excess - Gallons 251 - 500	Corrosive liquids
Cryogenic Fluids	6,000 gallon Nitrogen
Flammable and Combustible Liquids - 251 - 500 gallons or less over max allowable quantity	385 gallons
Hazardous Material in Excess - Gallons 251 - 500	Oxidizers Liquid and Solid
Hot Work – Program	Oxygen and Acetylene
LP Gas – Store, use, handle, dispense, sell	499 gallon tank and 8 gallon cylinders for forklifts
Hazardous Material in Excess - Gallons 251 - 500	

In accordance with the terms of application on file with the Prevention Bureau and subject to the provisions of the California Fire Code and other regulations of the Fire District. This permit is issued and accepted on the condition that all applicable sections of the California Fire Code and other related regulations are complied with. This permit does not take place of any license required by law. This permit is not transferable. Any changes in the use or occupancy of premises shall require a new permit.

☐ Inspection Fee(s) Only; Permit Not Required ☐ Permit and Inspection Fees ☐ Permit Fee(s) Only

☐ The Applicant named above hereby applies for an Operational Permit pursuant to Appendix Chapter 1, Section 105 of the California Fire Code as amended. The Applicant certifies that permitted operations shall at all times be in accordance with the Fire Code and applicable Fire District Standards and Regulations. The premises where the permitted operations are conducted are subject at all times to inspections to ensure compliance with the conditions of the permit. Issued permits are subject to revocation for cause as allowed by the Fire Code. Approval of this permit application and/or issuance of an Operational Permit does not imply approval of any Zoning, Planning, or Building Code provision, requirement, or regulation.

☐ Annual Permit ☐ Single Use Permit ☐ Non-Profit Organiztion Fee Reduction Applied ☐ Fee Waived per District Policy

Applicant's Signature _____ Date 11/18/10

By signing, Applicant acknowledges receiving this Notice of Payment Due issued pursuant to the current Permit Fee Resolution of the Rancho Cucamonga Fire Protection District. To pay this bill by mail, make a check or money order for the Total Due payable to Rancho Cucamonga Fire District. Do not send cash. Please include invoice number shown above on your check or money order. Your cancelled check serves as your receipt. Send check or money order along with the Remittance Copy to **Rancho Cucamonga Fire District, PO Box 807, Rancho Cucamonga, CA 91729-0807.** Fees can be paid with cash, Visa, or MasterCard at Rancho Cucamonga City Hall, 10500 Civic Center Dr. Payments are considered past due at 30 days from the date of the Notice of Payment Due. If payment is not received within 60 days, the Notice of Payment Due will be sent out for collection. Collection efforts may adversely affect your credit rating. Approved permits will not be issued until all Fire Code violations have been corrected and permit fees have been paid. Conducting regulated operations without a permit could result in the issuance of an Administrative Citation.

NOTE: The State of California has determined that tanks used for the storage of any hazardous or flammable substance shall be considered hazardous even if all contents have been removed.

All storage tanks shall be hauled as hazardous waste, accompanied by a state hazardous waste manifest, and taken to a licensed treatment, storage and disposal facility (TSDF); or if the tanks are triple rinsed on site and the rinsate manifested and hauled to a licensed TSDF, the tank may be handled as nonhazardous.

For information on licensed TSDFs that can accept nonrinsed tanks, contact the State of California Department of Health Services, Toxic Substance Control at (800) 258-6942.

LICENSED CONTRACTOR'S DECLARATION

☐ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☒ I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

☒ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

☐ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

I am exempt under Sec. _____ B.&P.C. for this reason _____

Owner _____ Date 6/29/82

[X] I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

[ ] I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

[ ] I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

[ ] I am exempt under Sec. _____, B. & P. C. for this reason _____

CERTIFICATION OF APPLICANT FOR BUILDING PERMIT

I have read this application and agree to comply with all laws regulating construction. I certify that in the performance of this work I shall not employ any person in any manner violating Workers' Compensation laws.

California Health & Safety Code, Sec. 17922.6, requires applicants for building permits to show that a Division of Industrial Safety permit has been obtained, unless the applicant signs this Certificate below.

☐ I certify that no excavation five (5) or more feet in depth, into which a person is required to descend, will be made in connection with work authorized by this permit, and that no building, structure, scaffolding, falsework, or demolition or dismantling thereof, will be more than thirty-six (36) feet high.

☐ As owner/builder I will not employ anyone to do work which would require a permit from the Division of Industrial Safety, as noted above unless such person has a permit from that division.

Permit No. 80-3812 Validation JR Date 11/24/80

LICENSED CONTRACTOR'S DECLARATION

☐ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☐ I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

○ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

○ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

○ I am exempt under Sec. _____ B. & P.C. for this reason _____

Date 11/24/80 Signature [signature]

WORKERS' COMPENSATION DECLARATION

☐ I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof. (Sec. 3800, Labor Code.)

Policy No. _____ Company _____

○ Copy is filed with the city. ○ Certified copy is hereby furnished.

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(This section need not be completed if the permit is for one hundred dollars ($100) or less.)

☐ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

CONSTRUCTION LENDING AGENCY

☐ I hereby affirm that there is a construction lending agency for the performance of the work for which this permit is issued. (Sec. 3097, Civil Code.)

Lender's Name _____

Lender's Address _____

I certify that I have read this application and state that the foregoing indicated declarations are correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes.

Signature of Applicant [signature] Date 11/24/80

LICENSED CONTRACTOR'S DECLARATION

☐ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☐ I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

☒ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

○ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

○ I am exempt under Sec. _____ B. & P.C. for this reason _____

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(This section need not be completed if the permit is for one hundred dollars ($100) or less.)

☐ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

I certify that I have read this application and state that the above information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes.

LICENSED CONTRACTOR'S DECLARATION

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

☐ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

☐ I am exempt under Sec. _____ B. & P. C. for this reason _____

LICENSED CONTRACTOR'S DECLARATION

☐ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 8 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☐ I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 8 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

○ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

○ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

○ I am exempt under Sec. _____, B. & P. C. for this reason _____

Date 6/25/80 Owner Mark Kelting

WORKERS' COMPENSATION DECLARATION

☐ I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof. (Sec. 3800, Labor Code.)

Policy No. _____ Company _____

○ Copy is filed with the city. ○ Certified copy is hereby furnished.

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

☒ (This section need not be completed if the permit is for one hundred dollars ($100) or less.)

I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

CONSTRUCTION LENDING AGENCY

☐ I hereby affirm that there is a construction lending agency for the performance of the work for which this permit is issued. (Sec. 3097, Civil Code.)

Lender's Name _____

Lender's Address _____

I certify that I have read this application and state that the foregoing information is correct. CERTIFICATION OF APPLICANT FOR BUILDING PERMIT

I have read this application and agree to comply with all laws regulating construction. I certify that in the performance of this work I shall not employ any person in any manner violating Workers' Compensation laws.

California Health & Safety Code, Sec. 17922.6, requires applicants for building permits to show that a Division of Industrial Safety permit has been obtained, unless the applicant signs this Certificate below.

☐ I certify that no excavation five (5) or more feet in depth into which a person is required to descend, will be made in connection with work authorized by this permit, and that no building, structure, scaffolding, falsework, or demolition or dismantling thereof, will be more than thirty-six (36) feet high.

☐ As owner/builder I will not employ anyone to do work which would require a permit from the Division of Industrial Safety, as noted above unless such person has a permit from that division.

Division of Industrial Safety Permit No. — 12/9/77

LICENSED CONTRACTOR'S DECLARATION

☒ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☐ I hereby affirm that I am exempt from the Contractor's License Law for the following reason:

○ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale.

○ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project.

○ I am exempt under Sec. _____, B. & P. C. for the reason: _____

Date _____ Owner _____

WORKERS' COMPENSATION DECLARATION

☒ I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof. (Sec. 3800, Labor Code.)

Policy No. 00075310ST Company [illegible]

☒ Copy is filed with the city ○ Certified copy is hereby furnished.

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(This portion need not be completed if the permit is for one hundred dollars ($100) or less)

☐ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

I certify that I have read this application and state that the foregoing indicated declarations are correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes.

LICENSED CONTRACTOR'S DECLARATION

☐ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 8 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☐ I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 8 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

○ I, as owner of the property or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

○ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

○ I am exempt under Sec. _____ B. & P. C. for this reason _____

Date 12/16/80

WORKERS' COMPENSATION DECLARATION

☐ I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof. (Sec. 3700, Labor Code.)

Policy No. _____ Company _____

○ Copy is filed with the city. ○ Certified copy is hereby furnished.

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

LICENSED CONTRACTOR'S DECLARATION

☑ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☐ I hereby affirm that I am exempt from the Contractor's License Law for the following reason:

○ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale

○ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project

○ I am exempt under Sec. ____ B & P.C. for the reason: ____

Date ____ Owner ____

WORKERS COMPENSATION DECLARATION

☑ I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers Compensation Insurance, or a certified copy thereof. (Sec. 3800, Labor Code.)

Policy No. COOO753106 Company Calif. Casualty

○ Copy is filed with the city ○ Certified copy is hereby furnished

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(This section need not be completed if the permit is for one hundred dollars ($100) or less.)

☐ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers Compensation Laws of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

I certify that I have read this application and state that the foregoing indicated declarations are correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes.

LICENSED CONTRACTOR'S DECLARATION

☐ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☐ I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5 Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

☑ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

☑ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

○ I am exempt under Sec. _____ B. & P. C. for this reason _____

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors' State License Law for the reason(s) indicated below by the checkmark(s) I have placed next to the applicable item(s) (Section 7031.5, Business and Professions Code): Any city or county that requires a permit to construct, alter, improve demolish, or repair any structure, prior to its issuance, also requires the applicant for the permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt from licensure and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do (_) all of or (_) portions of the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who, through employees' or personal effort, builds or improves the property, provided that the improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the Owner-Builder will have the burden of proving that it was not built of improved for the purpose of sale.).

☐ I, as owner of the property, am exclusively contracting with licensed Contractors to construct the project (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who builds or improves thereon, and who contracts for the projects with a licensed Contractor pursuant to the Contractors' Stete License Law.).

☐ I am exempt from licensure under the Contractors' State License Law for the following reason:

_____

By my signature below I acknowledge that, except for my personal residence in which I must have resided for at least one year prior to completion of the improvements covered by this permit, I cannot legally sell a structure that I have built as an owner-builder if it has not been constructed in its entirety by licensed contractors. I understand that a copy of the applicable law, Section 7044 of the Business and Professions Code, is available upon request when this application is submitted or at the following Web site: http://www.leginfo.ca.gov/calaw.html.

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors' State License Law for the reason(s) indicated below by the checkmark(s) I have placed next to the applicable item(s) (Section 7031.5, Business and Professions Code): Any city or county that requires a permit to construct, alter, improve demolish, or repair any structure, prior to its issuance, also requires the applicant for the permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt from licensure and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do (_) all of or (_) portions of the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who, through employees' or personal effort, builds or improves the property, provided that the improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the Owner-Builder will have the burden of proving that it was not built of improved for the purpose of sale.).

☐ I, as owner of the property, am exclusively contracting with licensed Contractors to construct the project (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who builds or improves thereon, and who contracts for the projects with a licensed Contractor pursuant to the Contractors' State License Law.).

☐ I am exempt from licensure under the Contractors' State License Law for the following reason:

_____

By my signature below I acknowledge that, except for my personal residence in which I must have resided for at least one year prior to completion of the improvements covered by this permit, I cannot legally sell a structure that I have built as an owner-builder if it has not been constructed in its entirety by licensed contractors. I understand that a copy of the applicable law, Section 7044 of the Business and Professions Code, is available upon request when this application is submitted or at the following Web site: http://www.leginfo.ca.gov/calaw.html.

RE: Grading permit No. PMT 2012-02492
Address: 12459 Arrow Route
Parcel Map 7847 parcels 1-3, inclusive

I hereby approve the final grading for the referenced project in accordance with the responsibilities as defined in Appendix J of the latest California Building Code and as amended by the current adopting ordinance. Final grading has been completed substantially in conformance with the approved grading plan wich includes: completion of all engineered drainage devices and retaining walls, setting of all monuments and lot corners in accordance with the recorded tract map, location and inclination of all manufactured slopes, and construction of earthen berms and positive building pad drainage.

All structures including fences and walls constructed on property corners, property lines or elsewhere have been located in compliance with the approved plot plan or precise grading plan as applicable. All required and approved changes are as shown in the attachments and will be included in the "As-Built" grading plan.

Sincerely,

Kevin J. Richer

NOTICE TO PROPERTY OWNER

Dear Property Owner:

An applicant for a building permit has been submitted in your name listing you as the builder of the property improvements specified at 12459-B ARROW ROUTE.

We are providing you with an Owner-Builder Acknowledgment and Information Verification Form to make you aware of your responsibilities and possible risk you may incur by having this permit issued in your name as the Owner-Builder.

We will not issue a building permit until you have read, initialed your understanding of each provision, signed and returned this form to us at our official address indicated. An agent of the owner cannot execute this notice unless you, the property owner, obtain the prior approval of the permitting authority.

OWNER'S ACKNOWLEDGMENT AND VERIFICATION OF INFORMATION

DIRECTIONS: Read and initial each statement below to signify you understand or verify this information.

1. I understand a frequent practice of unlicensed persons is to have the property owner obtain an "Owner-Builder" building permit that erroneously implies that the property owner is providing his or her own labor and material personally. I, as an Owner-Builder, may be held liable and subject to serious financial risk for any injuries sustained by an unlicensed person and his or her employees while working on my property. My homeowner's insurance may not provide coverage for those injuries. I am willfully acting as an Owner-Builder and am aware of the limits of my insurance coverage for injuries to workers on my property.

2. I understand building permits are not required to be signed by property owners unless they are *responsible* for the construction and are not hiring a licensed Contractor to assume this responsibility.

3. I understand as an "Owner-Builder" I am the responsible party of record on the permit. I understand that I may protect myself from potential financial risk by hiring a licensed Contractor and having the permit filed in his or her name instead of my own.

4. I understand Contractors are required by law to be licensed and bonded in California and to list their license numbers on permits and contracts.

Mayor L. DENNIS MICHAEL • *Mayor Pro Tem* SAM SPAGNOLO
Council Members WILLIAM J. ALEXANDER, CHUCK BUQUET, DIANE WILLIAMS
City Manager JOHN R. GILLISON

THE CITY OF RANCHO CUCAMONGA

5. I understand if I employ or otherwise engage any persons other than California licensed Constructors, and the total value of my construction is at least five hundred dollars ($500.00), including labor and materials, I may be considered an "employer" under state and federal law.

6. I understand if I am considered an "employer" under state and federal law, I must register with the state and federal government, withhold payroll taxes, provide workers' compensation disability insurance, and contribute to unemployment compensation for each "employee". I also understand my failure to abide by these laws may subject me to serious financial risk.

7. I understand under California Contractors' State License Law, an Owner-Builder who builds single-family residential structures cannot legally build them with the intent to offer them for sale, unless *all* work is performed by licensed subcontractors and the number of structures does not exceed four within any calendar year, or all of the work is performed under contract with a licensed general building Contractor.

8. I understand as an Owner-Builder, if I sell the property for which this permit is issued, I may be held liable for any financial or personal injuries sustained by any subsequent owner(s) that result from any latent construction defects in the workmanship or materials.

9. I understand I may obtain more information regarding my obligations as an "employer" from the Internal Revenue Service, the United States Small Business Administration, the California Department of Benefit Payments, and the California Division of Industrial Accidents. I also understand I may contact the California Division of Industrial Accidents. I also understand I may contact the California Contractors' State License Board (CSLB) at 1-800-321-CSLB (2752) or www.cslb.ca.gov for more information about licensed contractors.

10. I am aware of and consent to an Owner-Builder building permit applied for in my name, and understand that I am the party legally and financially responsible for proposed construction activity at the following address:

11. I agree that, as the party legally and financially responsible for this proposed construction activity, I will abide by all applicable laws and requirements that govern Owner-Builder as well as employers.

12. I agree to notify the issuer of this form immediately of any additions, deletions, or changes to any of the information I have provided on this form.

Licensed contractors are regulated by laws designed to protect the public. If you contract with someone who does not have a license, the Contractors' State License Board may be unable to assist you with any financial loss you may sustain as a result of a complaint. Your only remedy against unlicensed Contractors may be in civil court. It is also important for you to understand that if an unlicensed Contractor or employee of that individual or firm is injured while working on

Mayor L. DENNIS MICHAEL • *Mayor Pro Tem* SAM SPAGNOLO

THE CITY OF RANCHO CUCAMONGA

your property, you may be held liable for damages. If you obtain a permits as Owner-Builder and wish to hire Contractors, you will be responsible for verifying whether or not those Contractors are properly licensed and the status of their workers' compensation insurance coverage.

Before a building permit can be issued, this form must be completed and signed by the property owner and returned to the agency responsible for issuing the permit.

Note: Verification of the property owner's signature is required prior to the issuance of a permit. Please provide either a copy of the property owner's official driver's license or have this form notarized prior to submitting your request.

DEPARTMENT COPY

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors' State License Law for the reason(s) indicated below by the checkmark(s) I have placed next to the applicable item(s) (Section 7031.5, Business and Professions Code): Any city or county that requires a permit to construct, alter, improve demolish, or repair any structure, prior to its issuance, also requires the applicant for the permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt from licensure and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do (_) all of or (_) portions of the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who, through employees' or personal effort, builds or improves the property, provided that the improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the Owner-Builder will have the burden of proving that it was not built of improved for the purpose of sale.).

☐ I, as owner of the property, am exclusively contracting with licensed Contractors to construct the project (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who builds or improves thereon, and who contracts for the projects with a licensed Contractor pursuant to the Contractors' State License Law.).

☐ I am exempt from licensure under the Contractors' State License Law for the following reason:

_____

By my signature below I acknowledge that, except for my personal residence in which I must have resided for at least one year prior to completion of the improvements covered by this permit, I cannot legally sell a structure that I have built as an owner-builder if it has not been constructed in its entirety by licensed contractors. I understand that a copy of the applicable law, Section 7044 of the Business and Professions Code, is available upon request when this application is submitted or at the following Web site: http://www.leginfo.ca.gov/calaw.html.

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors' State License Law for the reason(s) indicated below by the checkmark(s) I have placed next to the applicable item(s) (Section 7031.5, Business and Professions Code): Any city or county that requires a permit to construct, alter, improve demolish, or repair any structure, prior to its issuance, also requires the applicant for the permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt from licensure and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

- ☐ I, as owner of the property, or my employees with wages as their sole compensation, will do ( ) all of or ( ) portions of the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who, through employees' or personal effort, builds or improves the property, provided that the improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the Owner-Builder will have the burden of proving that it was not built of improved for the purpose of sale.).
- ☐ I, as owner of the property, am exclusively contracting with licensed Contractors to construct the project (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who builds or improves thereon, and who contracts for the projects with a licensed Contractor pursuant to the Contractors' State License Law.).
- ☐ I am exempt from licensure under the Contractors' State License Law for the following reason:

By my signature below I acknowledge that, except for my personal residence in which I must have resided for at least one year prior to completion of the improvements covered by this permit, I cannot legally sell a structure that I have built as an owner-builder if it has not been constructed in its entirety by licensed contractors. I understand that a copy of the applicable law, Section 7044 of the Business and Professions Code, is available upon request when this application is submitted or at the following Web site: <http://www.leginfo.ca.gov/calaw.html>.

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors' State License Law for the reason(s) indicated below by the checkmark(s) I have placed next to the applicable item(s) (Section 7031.5, Business and Professions Code): Any city or county that requires a permit to construct, alter, improve demolish, or repair any structure, prior to its issuance, also requires the applicant for the permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt from licensure and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

- ☐ I, as owner of the property, or my employees with wages as their sole compensation, will do ( ) all of or ( ) portions of the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who, through employees' or personal effort, builds or improves the property, provided that the improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the Owner-Builder will have the burden of proving that it was not built of improved for the purpose of sale.).
- ☐ I, as owner of the property, am exclusively contracting with licensed Contractors to construct the project (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who builds or improves thereon, and who contracts for the projects with a licensed Contractor pursuant to the Contractors' State License Law.).
- ☐ I am exempt from licensure under the Contractors' State License Law for the following reason:

By my signature below I acknowledge that, except for my personal residence in which I must have resided for at least one year prior to completion of the improvements covered by this permit, I cannot legally sell a structure that I have built as an owner-builder if it has not been constructed in its entirety by licensed contractors. I understand that a copy of the applicable law, Section 7044 of the Business and Professions Code, is available upon request when this application is submitted or at the following Web site: <http://www.leginfo.ca.gov/calaw.html>.

I agree to comply with all city and county ordinances & state laws relating to building construction, & hereby authorize representatives of this city to enter above mentioned property for inspection purposes.

Signature of Applicant or Agent _____ Date 11-3-14

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors' State License Law for the reason(s) indicated below by the checkmark(s) I have placed next to the applicable item(s) (Section 7031.5, Business and Professions Code): Any city or county that requires a permit to construct, alter, improve demolish, or repair any structure, prior to its issuance, also requires the applicant for the permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt from licensure and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

- ☐ I, as owner of the property, or my employees with wages as their sole compensation, will do (_) all of or (_) portions of the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who, through employees' or personal effort, builds or improves the property, provided that the improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the Owner-Builder will have the burden of proving that it was not built of improved for the purpose of sale.).
- ☐ I, as owner of the property, am exclusively contracting with licensed Contractors to construct the project (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who builds or improves thereon, and who contracts for the projects with a licensed Contractor pursuant to the Contractors' State License Law.).
- ☐ I am exempt from licensure under the Contractors' State License Law for the following reason:

By my signature below I acknowledge that, except for my personal residence in which I must have resided for at least one year prior to completion of the improvements covered by this permit, I cannot legally sell a structure that I have built as an owner-builder if it has not been constructed in its entirety by licensed contractors. I understand that a copy of the applicable law, Section 7044 of the Business and Professions Code, is available upon request when this application is submitted or at the following Web site:
<http://www.leginfo.ca.gov/calaw.html>.

LICENSED CONTRACTOR'S DECLARATION

☐ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☒ I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, *Business and Professions Codes*: *Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).*

☒ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, *Business and Professions Code*: *The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.*)

☒ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (Sec. 7044, *Business and Professions Code*: *The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.*)

◯ I am exempt under Sec. _____ B. & P. C. for this reason _____

Date 11/18/83 Owner TAMCO BY Richard Larson

WORKERS' COMPENSATION DECLARATION

☒ I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof. (Sec. 3800, Labor Code).

Policy No. 2014-00 053498 Company WAUSAU INS. COS.

◯ Copy is filed with the city. ◯ Certified copy is hereby furnished.

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(This section need not be completed if the permit is for one hundred dollars ($100) or less.)

☐ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

CONSTRUCTION LENDING AGENCY

☐ I hereby affirm that there is a construction lending agency for the performance of the work for which this permit is issued. (Sec. 3097, *Civil Code*.)

Lender's Name _____

Lender's Address _____

I certify that I have read this application and state that the foregoing indicated declarations are correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes.

LICENSED CONTRACTOR'S DECLARATION

☐ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☐ I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (*Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).*

☒ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (*Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.*)

☐ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (*Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.*)

☐ I am exempt under Sec. _____ B. & P.C. for this reason _____

Date _____ Owner _____

WORKERS' COMPENSATION DECLARATION

☐ I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof. (*Sec. 3800, Labor Code.*)

Policy No. _____ Company _____

☐ Copy is filed with the city. ☐ Certified copy is hereby furnished.

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(*This section need not be completed if the permit is for one hundred dollars ($100) or less.*)

☒ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

CONSTRUCTION LENDING AGENCY

☐ I hereby affirm that there is a construction lending agency for the performance of the work for which this permit is issued. (*Sec. 3097, Civil Code.*)

Lender's Name _____

Lender's Address _____

I certify that I have read this application and state that the foregoing indicated declarations are correct. I agree to comply with all City and County ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes.

CERTIFICATION OF APPLICANT FOR BUILDING PERMIT

I have read this application and agree to comply with all laws regulating construction. I certify that in the performance of this work I shall not employ any person in any manner violating Workers' Compensation laws.

California Health & Safety Code, Sec. 17922.5, requires applicants for building permits to show that a Division of Industrial Safety permit has been obtained, unless the applicant signs this Certificate below.

☐ I certify that no excavation five (5) or more feet in depth, into which a person is required to descend, will be made in connection with work authorized by this permit, and that no building, structure, scaffolding, falsework, or demolition or dismantling thereof, will be more than thirty-six (36) feet high.

☐ As owner/builder I will not employ anyone to do work which would require a permit from the Division of Industrial Safety, as noted above unless such person has a permit from that division.

Division of Industrial Safety Permit No.

LICENSED CONTRACTOR'S DECLARATION

☐ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☐ I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (*Sec. 7031.5. Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred Dollars ($500).*

◯ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (*Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.*)

◯ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (*Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.*)

◯ I am exempt under Sec. _____ B. & P.C. for this reason _____

Date 7/24/80 Owner [signature]

WORKERS' COMPENSATION DECLARATION

☐ I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof. (*Sec. 3800, Labor Code.*)

Policy No. _____ Company _____

◯ Copy is filed with the city. ◯ Certified copy is hereby furnished.

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(*This section need not be completed if the permit is for one hundred dollars ($100) or less.*)

☐ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

CONSTRUCTION LENDING AGENCY

☐ I hereby affirm that there is a construction lending agency for the performance of the work for which this permit is issued. (*Sec. 3097, Civil Code.*)

LICENSED CONTRACTOR'S DECLARATION

[ ] I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

[ ] I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, *Business and Professions Codes: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).*

[X] I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, *Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.*)

[ ] I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (Sec. 7044, *Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.*)

[ ] I am exempt under Sec. _____ B. & P. C. for this reason _____

Date 10/2/80 Owner _____

WORKERS' COMPENSATION DECLARATION

[ ] I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof. (Sec. 3800, *Labor Code.*)

Policy No. _____ Company _____

( ) Copy is filed with the city. ( ) Certified copy is hereby furnished.

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(*This section need not be completed if the permit is for one hundred dollars* ($100) *or less.*)

[ ] I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

CONSTRUCTION LENDING AGENCY

[ ] I hereby affirm that there is a construction lending agency for the performance of the work for which this permit is issued. (Sec. 3097, *Civil Code.*)

Lender's Name _____

Lender's Address _____

I certify that I have read this application and state that the foregoing indicated description is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes.

LICENSED CONTRACTOR'S DECLARATION

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

☐ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

Permit No. 80-3602 Validation JM Date 11-5-80

LICENSED CONTRACTOR'S DECLARATION

☐ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☒ I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (*Sec. 7031.5, Business and Professions Codes: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).*

○ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (*Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.*)

○ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (*Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.*)

○ I am exempt under Sec. ____ B. & P. C. for this reason ____

LICENSED CONTRACTOR'S DECLARATION

☒ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7051) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☐ I hereby affirm that I am exempt from the Contractor's License Law for the following reason:

○ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale.

○ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project.

○ I am exempt under Sec. _____, B. & P. C. for this reason: _____

Date _____ Owner _____

WORKERS' COMPENSATION DECLARATION

☒ I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof. (Sec. 3800, Labor Code.)

Policy No. _____ Company _____

○ Copy is filed with the city. ○ Certified copy is hereby furnished.

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(This section need not be completed if the permit is for one hundred dollars ($100) or less.)

☐ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

NOTICE TO APPLICANT: If after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be revoked.

I certify that I have read this application and state that the foregoing information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes.

LICENSED CONTRACTOR'S DECLARATION

[ ] I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

[X] I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

[ ] I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

[X] I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

[ ] I am exempt under Sec. _____ B. & P. C. for this reason _____

LICENSED CONTRACTOR'S DECLARATION

☐ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☒ I hereby affirm that I am exempt from the Contractor's License Law for the following reason:

○ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale.

☒ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project.

○ I am exempt under Sec. _____, B. & P. C. for the reason: _____

Date 2-27-90 Owner _____

WORKERS' COMPENSATION DECLARATION

☐ I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof. (Sec. 3800, Labor Code.)

Policy No. _____ Company _____

○ Copy is filed with the city. ○ Certified copy is hereby furnished.

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(This section need not be completed if the permit is for one hundred dollars ($100) or less.)

☒ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

I certify that I have read this application and state that the foregoing indicated declarations are correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes.

LICENSED CONTRACTOR'S DECLARATION

☐ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

James C. Southerland

OWNER-BUILDER DECLARATION

☐ I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, *Business and Professions Code*: *Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).*

○ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, *Business and Professions Code*: *The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.*)

○ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (Sec. 7044, *Business and Professions Code*: *The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.*)

○ I am exempt under Sec. _____ B. & P. C. for this reason _____

LICENSED CONTRACTOR'S DECLARATION

☐ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☐ I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, *Business and Professions Codes: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).*

☑ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, *Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.*)

☑ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (Sec. 7044, *Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.*)

○ I am exempt under Sec. _____ B. & P. C. for this reason _____

THIS IS A PERMIT WHEN PROPERLY COMPLETED AND SIGNED. THIS PERMIT IS SUBJECT TO EXPIRATION IF THE WORK AS DESCRIBED IN THE PERMIT IS NOT COMMENCED, IS ABANDONED, OR IS SUSPENDED FOR MORE THAN 180 DAYS.

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors' State License Law for the reason(s) indicated below by the checkmark(s) I have placed next to the applicable item(s) (Section 7031.5, Business and Professions Code): Any city or county that requires a permit to construct, alter, improve demolish, or repair any structure, prior to its issuance, also requires the applicant for the permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt from licensure and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

- ☐ I, as owner of the property, or my employees with wages as their sole compensation, will do (_) all of or (_) portions of the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who, through employees' or personal effort, builds or improves the property, provided that the improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the Owner-Builder will have the burden of proving that it was not built of improved for the purpose of sale.).
- ☐ I, as owner of the property, am exclusively contracting with licensed Contractors to construct the project (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who builds or improves thereon, and who contracts for the projects with a licensed Contractor pursuant to the Contractors' State License Law.).
- ☐ I am exempt from licensure under the Contractors' State License Law for the following reason:

_____

By my signature below I acknowledge that, except for my personal residence in which I must have resided for at least one year prior to completion of the improvements covered by this permit, I cannot legally sell a structure that I have built as an owner-builder if it has not been constructed in its entirety by licensed contractors. OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors' State License Law for the reason(s) indicated below by the checkmark(s) I have placed next to the applicable item(s) (Section 7031.5, Business and Professions Code): Any city or county that requires a permit to construct, alter, improve demolish, or repair any structure, prior to its issuance, also requires the applicant for the permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt from licensure and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do (_) all of or (_) portions of the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who, through employees' or personal effort, builds or improves the property, provided that the improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the Owner-Builder will have the burden of proving that it was not built of improved for the purpose of sale.).

☐ I, as owner of the property, am exclusively contracting with licensed Contractors to construct the project (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who builds or improves thereon, and who contracts for the projects with a licensed Contractor pursuant to the Contractors' State License Law.).

☐ I am exempt from licensure under the Contractors' State License Law for the following reason:

_____

By my signature below I acknowledge that, except for my personal residence in which I must have resided for at least one year prior to completion of the improvements covered by this permit, I cannot legally sell a structure that I have built as an owner-builder if it has not been constructed in its entirety by licensed contractors. I understand that a copy of the applicable law, Section 7044 of the Business and Professions Code, is available upon request when this application is submitted or at the following Web site: http://www.leginfo.ca.gov/calaw.html.

LICENSED CONTRACTOR'S DECLARATION

☐ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☒ I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

○ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

☒ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

○ I am exempt under Sec. _____ B. & P.C. for this reason _____

Date 2/24/88 Owner [signature]

WORKERS' COMPENSATION DECLARATION

☐ I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof. (Sec. 3800, Labor Code.)

Policy No. _____ Company _____

○ Copy is filed with the city. ○ Certified copy is hereby furnished.

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(This section need not be completed if the permit is for one hundred dollars ($100) or less.)

☒ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

CONSTRUCTION LENDING AGENCY

☐ I hereby affirm that there is a construction lending agency for the performance of the work for which this permit is issued. (Sec. 3097, Civil Code.)

Lender's Name _____

Lender's Address _____

I certify that I have read the application and state that the foregoing indicated declarations are correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes.

RE: PUBLIC RECORDS REQUEST of September 05, 2023, Reference # R007700-090523

Dear Lindsey Dandridge-Perry,

The City of Rancho Cucamonga, City Clerk's Office received the below records request from you on September 05, 2023.

"I would like to review any current or historical building permits for address 12343 Arrow Route, Rancho Cucamonga CA 91739 (APN 0229-121-34-0000)."

The City has determined there are no responsive documents to your request.

If you have any questions, or wish to discuss this further, please contact the Building and Safety department directly at (909) 774-4227.

Sincerely,

Kimberly Solorio
Records Management Analyst
City Clerk's Office/Records Management
records@cityofrc.us
T. (909)-774-2023 Fax (909) 919-2952

LICENSED CONTRACTOR'S DECLARATION

☒ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☐ I hereby affirm that I am exempt from the Contractor's License Law for the following reason:

○ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale.

○ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project.

○ I am exempt under Sec. _____, B. & P.C. for the reason: _____

Date _____ Owner _____

WORKERS' COMPENSATION DECLARATION

☒ I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a copy thereof, as required by Sec. 3800, Labor Code for the performance of the work for which this permit is issued.

Policy No. WPS9230203 Insurance Company TRAVELERS

○ Copy is filed with the city ○ Certified copy is hereby furnished.

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(This section need not be completed if the permit is for one hundred dollars ($100) or less.)

☐ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

I certify that I have read the application and state that the foregoing information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes.

LICENSED CONTRACTORS DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 *(commencing with Section 7000)* of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class B, C-10 Lic. No. 305570

Date 4-24-95 Contractor KENT ELECTRIC CO.

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason *(Sec. 7031.5, Business and Professions Code: Any City or County which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (Commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).)*

○ I, as owner of the property; or my employees with wages as their sole compensation, will do the work, and the structure is not intended for sale *(Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.)*.

○ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project *(Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.)*.

○ I am exempt under Sec. _____ B.&P.C. for this reason _____

Date _____ Owner _____

WORKERS' COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following declarations:

○ I have and will maintain a certificate of consent to self-insure for workers' compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

○ I have and will maintain workers' compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are:

Carrier CNA Policy Number 129463271

(This section need not be completed if the permit is for one hundred dollars ($100) or less).

10-1-95

○ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to workers' compensation laws of California, and agree that if I should become subject to workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

Date: 4-24-95 Applicant: KENT ELECTRIC CO.

WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS ($100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR ON SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

CONSTRUCTION LENDING AGENCY

I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued *(Sec 3097, Civ. C.)*.

LICENSED CONTRACTORS DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 *(commencing with Section 7000)* of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class _____ Lic. No. _____

Date _____ Contractor _____

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason *(Sec. 7031.5, Business and Professions Code: Any City or County which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (Commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).)*

☐ I, as owner of the property; or my employees with wages as their sole compensation, will do the work, and the structure is not intended for sale *(Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.)*.

☒ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project *(Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.)*.

☐ I am exempt under Sec. _____ B.&P.C. for this reason _____

Date 4/19/95 Owner Paul Greco

WORKERS' COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following declarations:

☐ I have and will maintain a certificate of consent to self-insure for workers' compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

☐ I have and will maintain workers' compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are:

Carrier _____ Policy Number _____

(This section need not be completed if the permit is for one hundred dollars ($100) or less).

☒ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to workers' compensation laws of California, and agree that if I should become subject to workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

Date: 4/19/95 Applicant: Paul Greco

WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS ($100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR ON SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

CONSTRUCTION LENDING AGENCY

I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued *(Sec 3097, Civ. C.)*.

Lender's Name N/A

Lender's Address _____

I certify that I have read this application and state that the above information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this county to enter upon the above mentioned property for inspection purposes.

Signature of Applicant or Agent Paul Greco Date 4/19/95

This is a building permit when properly filled out, signed and validated, and is subject to expiration if work thereunder is not commenced or is suspended or abandoned for 180 days.

LICENSED CONTRACTORS DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 *(commencing with Section 7000)* of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class B,C-10 Lic. No. 305570

Date 12-17-98 Contractor Kent Electric Co

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason *(Sec. 7031.5, Business and Professions Code: Any City or County which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (Commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).)*

○ I, as owner of the property; or my employees with wages as their sole compensation, will do the work, and the structure is not intended for sale *(Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.).*

○ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project *(Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.).*

○ I am exempt under Sec. _____ B.&P.C. for this reason _____

Date _____ Owner _____

WORKERS' COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following declarations:

○ I have and will maintain a certificate of consent to self-insure for workers' compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

✓ I have and will maintain workers' compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are:

Carrier UCO CAS. Co. Policy Number CFA 04063800

(This section need not be completed if the permit is for one hundred dollars ($100) or less).

✓ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to workers' compensation laws of California, and agree that if I should become subject to workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

Date: 1-26 99 Applicant: Kent Elect. Co.

WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS ($100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR ON SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

CONSTRUCTION LENDING AGENCY

I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued *(Sec 3097, Civ. C.)*.

Lender's Name _____

Lender's Address _____

I certify that I have read this application and state that the above information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this county to enter upon the above mentioned property for inspection purposes.

KENT ELECTRIC CO.

Signature of Applicant or Agent _____ Date ~~12-17-98~~ 1-26 99

This is a building permit when properly filled out, signed and validated, and is subject to expiration if work thereunder is not commenced or is suspended or abandoned for 180 days.

LICENSED CONTRACTORS DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 *(commencing with Section 7000)* of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class _____ Lic. No. _____

Date _____ Contractor _____

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason *(Sec. 7031.5, Business and Professions Code: Any City or County which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (Commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).)*

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended for sale *(Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does the work himself or herself or through his or her employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.).*

☑ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project *(Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.).*

☐ I am exempt under Sec. _____ B.&P.C. for this reason _____

Date 1-5-99 3/18/98 Owner Carlos F. Garcia

WORKERS' COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following declarations:

☐ I have and will maintain a certificate of consent to self-insure for workers' compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

☐ I have and will maintain workers' compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are:

Carrier _____ Policy Number _____

(This section need not be completed if the permit is for one hundred dollars ($100) or less).

☑ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to workers' compensation laws of California, and agree that if I should become subject to workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

Date: 3/18/98 1-5-99 Applicant: Carlos F. Garcia

WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS ($100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR ON SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

CONSTRUCTION LENDING AGENCY

I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued *(Sec 3097, Civ. C.)*.

Lender's Name N/A

Lender's Address _____

I certify that I have read this application and state that the above information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this county to enter upon the above mentioned property for inspection purposes.

Signature of Applicant or Agent Carlos F. Garcia Date 1-5-99 3/18/98

This is a building permit when properly filled out, signed and validated, and is subject to expiration if work thereunder is not commenced or is suspended or abandoned for 180 days.

LICENSED CONTRACTORS DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 *(commencing with Section 7000)* of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class B,C-10 Lic. No. 305570

Date 2-26-98 Contractor KENT ELECTRIC CO

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason *(Sec. 7031.5, Business and Professions Code: Any City or County which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (Commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).)*

○ I, as owner of the property; or my employees with wages as their sole compensation, will do the work, and the structure is not intended for sale *(Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.)*

○ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project *(Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.)*

○ I am exempt under Sec. _____ B.&P.C. for this reason _____

Date _____ Owner _____

WORKERS' COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following declarations:

○ I have and will maintain a certificate of consent to self-insure for workers' compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

● I have and will maintain workers' compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are:

Carrier UNICOA Policy Number CEA04063800

(This section need not be completed if the permit is for one hundred dollars ($100) or less).

ep-10-1-98

○ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to workers' compensation laws of California, and agree that if I should become subject to workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

Date: 2-26-98 Applicant: _____

WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS ($100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR ON SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

CONSTRUCTION LENDING AGENCY

I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued *(Sec 3097, Civ. C.)*.

Lender's Name _____

Lender's Address _____

I certify that I have read this application and state that the above information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this county to enter upon the above mentioned property for inspection purposes.

Signature of Applicant or Agent _____ Date 2-26-98

This is a building permit when properly filled out, signed and validated, and is subject to expiration if work thereunder is not commenced or is suspended or abandoned for 180 days.

LICENSED CONTRACTOR'S DECLARATION

☐ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☑ I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

○ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

○ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

○ I am exempt under Sec. _____ B. & P.C. for this reason _____

Date _____ Owner _____

WORKERS' COMPENSATION DECLARATION

☒ I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof. (Sec. 3800, Labor Code.)

Policy No. _____ Company _____

○ Copy is filed with the city. ○ Certified copy to be hereby furnished.

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(This section need not be completed if the permit is for one hundred dollars ($100) or less.)

☐ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

CONSTRUCTION LENDING AGENCY

☐ I hereby affirm that there is a construction lending agency for the performance of the work for which this permit is issued. (Sec. 3097, Civil Code.)

Lender's Name NONE

Lender's Address "

I certify that I have read this application and state that the foregoing indicated declarations are correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes.

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors' State License Law for the reason(s) indicated below by the checkmark(s) I have placed next to the applicable item(s) (Section 7031.5, Business and Professions Code): Any city or county that requires a permit to construct, alter, improve demolish, or repair any structure, prior to its issuance, also requires the applicant for the permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt from licensure and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do (_) all of or (_) portions of the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who, through employees' or personal effort, builds or improves the property, provided that the improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the Owner-Builder will have the burden of proving that it was not built of improved for the purpose of sale.).

☐ I, as owner of the property, am exclusively contracting with licensed Contractors to construct the project (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who builds or improves thereon, and who contracts for the projects with a licensed Contractor pursuant to the Contractors' State License Law.).

☐ I am exempt from licensure under the Contractors' State License Law for the following reason:

_____

By my signature below I acknowledge that, except for my personal residence in which I must have resided for at least one year prior to completion of the improvements covered by this permit, I cannot legally sell a structure that I have built as an owner-builder if it has not been constructed in its entirety by licensed contractors. I understand that a copy of the applicable law, Section 7044 of the Business and Professions Code, is available upon request when this application is submitted or at the following Web site: http://www.leginfo.ca.gov/calaw.html.

PERMANENT DOCUMENT

NOTICE TO PROPERTY OWNER

Dear Property Owner:

An applicant for a building permit has been submitted in your name listing you as the builder of the property improvements specified at 12455 ARROW ROUTE

We are providing you with an Owner-Builder Acknowledgment and Information Verification Form to make you aware of your responsibilities and possible risk you may incur by having this permit issued in your name as the Owner-Builder.

We will not issue a building permit until you have read, initialed your understanding of each provision, signed and returned this form to us at our official address indicated. An agent of the owner cannot execute this notice unless you, the property owner, obtain the prior approval of the permitting authority.

OWNER'S ACKNOWLEDGMENT AND VERIFICATION OF INFORMATION

DIRECTIONS: Read and initial each statement below to signify you understand or verify this information.

RM 1. I understand a frequent practice of unlicensed persons is to have the property owner obtain an "Owner-Builder" building permit that erroneously implies that the property owner is providing his or her own labor and material personally. I, as an Owner-Builder, may be held liable and subject to serious financial risk for any injuries sustained by an unlicensed person and his or her employees while working on my property. My homeowner's insurance may not provide coverage for those injuries. I am willfully acting as an Owner-Builder and am aware of the limits of my insurance coverage for injuries to workers on my property.

RM 2. I understand building permits are not required to be signed by property owners unless they are *responsible* for the construction and are not hiring a licensed Contractor to assume this responsibility.

2009-02693

RJM 3. I understand as an "Owner-Builder" I am the responsible party of record on the permit. I understand that I may protect myself from potential financial risk by hiring a licensed Contractor and having the permit filed in his or her name instead of my own.

RJM 4. I understand Contractors are required by law to be licensed and bonded in California and to list their license numbers on permits and contracts.

RJM 5. I understand if I employ or otherwise engage any persons other than California licensed Constructors, and the total value of my construction is at least five hundred dollars ($500.00), including labor and materials, I may be considered an "employer" under state and federal law.

RJM 6. I understand if I am considered an "employer" under state and federal law, I must register with the state and federal government, withhold payroll taxes, provide workers' compensation disability insurance, and contribute to unemployment compensation for each "employee". I also understand my failure to abide by these laws may subject me to serious financial risk.

RJM 7. I understand under California Contractors' State License Law, an Owner-Builder who builds single-family residential structures cannot legally build them with the intent to offer them for sale, unless *all* work is performed by licensed subcontractors and the number of structures does not exceed four within any calendar year, or all of the work is performed under contract with a licensed general building Contractor.

RJM 8. I understand as an Owner-Builder, if I sell the property for which this permit is issued, I may be held liable for any financial or personal injuries sustained by any subsequent owner(s) that result from any latent construction defects in the workmanship or materials.

RJM 9. I understand I may obtain more information regarding my obligations as an "employer" from the Internal Revenue Service, the United States Small Business Administration, the California Department of Benefit Payments, and the California Division of Industrial Accidents. I also understand I may contact the California Division of Industrial Accidents. I also understand I may contact the California Contractors' State License Board (CSLB) at 1-800-321-CSLB (2752) or www.cslb.ca.gov for more information about licensed contractors.

RJM 10. I am aware of and consent to an Owner-Builder building permit applied for in my name, and understand that I am the party legally and financially responsible for proposed construction activity at the following address:

RJM 11. I agree that, as the party legally and financially responsible for this proposed construction activity, I will abide by all applicable laws and requirements that govern Owner-Builder as well as employers.

RM 2. I agree to notify the issuer of this form immediately of any additions, deletions, or changes to any of the information I have provided on this form.

Licensed contractors are regulated by laws designed to protect the public. If you contract with someone who does not have a license, the Contractors' State License Board may be unable to assist you with any financial loss you may sustain as a result of a complaint. Your only remedy against unlicensed Contractors may be in civil court. It is also important for you to understand that if an unlicensed Contractor or employee of that individual or firm is injured while working on your property, you may be held liable for damages. If you obtain a permits as Owner-Builder and wish to hire Contractors, you will be responsible for verifying whether or not those Contractors are properly licensed and the status of their workers' compensation insurance coverage.

Before a building permit can be issued, this form must be completed and signed by the property owner and returned to the agency responsible for issuing the permit.

Note: A copy of the property owner's driver's license, form notarization, or other verification acceptable to the agency is required to be presented when the permit is issued to verify the property owner's signature.

Signature of property owner Richard L. Muller Date: 3/17/10

DEPARTMENT COPY

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors' State License Law for the reason(s) indicated below by the checkmark(s) I have placed next to the applicable item(s) (Section 7031.5, Business and Professions Code): Any city or county that requires a permit to construct, alter, improve demolish, or repair any structure, prior to its issuance, also requires the applicant for the permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt from licensure and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).):

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do (_) all of or (_) portions of the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who, through employees' or personal effort, builds or improves the property, provided that the improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the Owner-Builder will have the burden of proving that it was not built of improved for the purpose of sale.).

☐ I, as owner of the property, am exclusively contracting with licensed Contractors to construct the project (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who builds or improves thereon, and who contracts for the projects with a licensed Contractor pursuant to the Contractors' State License Law.).

☐ I am exempt from licensure under the Contractors' State License Law for the following reason:

_____

By my signature below I acknowledge that, except for my personal residence in which I must have resided for at least one year prior to completion of the improvements covered by this permit, I cannot legally sell a structure that I have built as an owner-builder if it has not been constructed in its entirety by licensed contractors. I understand that a copy of the applicable law, Section 7044 of the Business and Professions Code, is available upon request when this application is submitted or at the following Web site: http://www.leginfo.ca.gov/calaw.html.

DECLARATION REGARDING CONSTRUCTION LENDING AGENCY

I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued (Section 3097, Civil Code).

_____

Lender's name

_____

Lender's Address

Hazardous Materials

1. Will the applicant or future building occupant handle a hazardous material or a mixture containing a hazardous material equal at or exceeding 55 gallons, 500 lbs, or 200 cubic feet? (_) YES (_) NO
2. Will the applicant or future building occupant have any amount of hazardous waste (including used oil), category 1 or 2 pesticides, explosives, or radioactive materials? (_) YES (_) NO
3. Will the applicant or future building occupant handle an extremely hazardous substance in quantities exceeding the threshold planning quantity? (_) YES (_) NO
4. Will the applicant or future building occupant handle a regulated substance or a mixture containing a regulated substance in a quantity equal to or greater than the threshold quantity specified on the list of regulated substances? (_) YES (_) NO
5. Will the facility have any of the following equipment? (_) YES (_) NO

Char Broiler
Spray booth
Internal combustion engine>50 hp
Abrasive blasting cabinet/room
Motor fuel storage and disposing equipment
Dry cleaning machine
Printing press
Boiler/combustion equipment>2 Mil BTU/ hr input
Bag house/cartridge-type dust filter/scrubber

6. Will any of the following operations be performed? (_) YES (_) NO

Applications of paint or adhesives,
Molding, extruding or curing of plastics,
Storage of acids, solvents, organic liquids, or fuels,
Etching, plating, casting, or melting of metals,
Mixing and blending of liquids and/or powders,
Production of fumes, dust smoke or strong odors.

YES answers any of items 1-4, please contact San Bernardino County Environmental Health at 909 386-8430.
YES answers to items 5 or 6, please contact South Coast Air Quality Management District at 800 388-2121.

By my signature below, I certify to each of the following:
I am (X) a California licensed contractor or (_) the property owner or (_) authorized to act on the property owner's behalf.
I have read this application and the information I have provided is correct.
I agree to comply with all applicable city and county ordinances and state laws relating to building construction.
I authorize representatives of this city to enter the above-identified property for inspection purposes.

LICENSED CONTRACTOR'S DECLARATION

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

☒ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

☐ I am exempt under Sec. _____ B. & P. C. for the reason _____

Date 4-23-80 Owner _____

Re: Ameron Pipe
12455 Arrow Route
P.C. #95.0222

Gentlemen:

This is a cover letter intended to help with your re-check of our plans for the project referenced above. We are addressing each consecutive item as detailed in your correction list of 1/24/95.

Item I-C (F.D.C.): Revisions have been made per your standard #4019. See sheet 1 of 2 - "Fire Service Detail" in the lower left corner of the sheet.

Item I-E (Flow Test): All flow test data has been added to the "Site Plan General Notes" on sheet 1 of 2 at the right side of the sheet.

Item II-E.2 (Storage Arrangement): No storage of commodity is intended. The building is a "pass-through" pipe coating process facility.

Item II-E.4: The Test Certificate note has been added to the "Site Plan General Notes" on sheet 1 of 2.

Item III-A (P.I.V. Location): The P.I.V. is currently located approximately 850' from the building and at least 6'-0" from the F.D.C. near the service vault. Site fire hydrants will be located no closer the 40'-0" from the structure. All work will be per your standard #4019.

Item III-B (Fire Hydrant Type): The fire hydrant types have been revised per your "Fire Hydrant/Installation Standards". See sheet 1 of 2 "Underground Symbol Legend" for site hydrants and the note at the upper center of sheet regarding the one street hydrant.

Item III-D.2: Thrust block details have been added at the upper center of sheet 1 of 2.

Item III-D.3: Depth of bury is noted in the "Site Plan General Notes" under Item 2.

Item V-B.1 (Hangers): Hanger details have been added to sheet 2 of 2 at the bottom or the sheet below the Building Cross Section.

J. M. CARDEN SPRINKLER CO. INC.

2909 FLETCHER DRIVE, LOS ANGELES, CALIFORNIA 90065

Item V-B.3 (E.Q.B.): Earthquake brace details and zone analysis has be added to sheet 2 of 2 at the right side of the plan.

Item V-C.2 (Insp. Test): Inspector's Test pipe has been cut and the 3/4" orifice size has been added at column lines 1 and E on sheet 2 of 2.

Item V-G.3 (Special Considerations): Under this type of construction the deflector distance (16" Max) is typical for combustible and noncombustible construction. The actual deflector distance will be 11". See sheet 2 of 2 "System General Notes" Item 4, directly above the north arrow on the plan.

Item VI-A (Roof Construction): See sheet 2 of 2 "System General Notes".

Item VII-C (Water Supply): The flow test used for calculation purposes has been reduced 10% from the actual data. The 3.60 psi / 4.4% buffer shown on the calculations cover sheet is above and beyond the required 10% buffer. Notes to this effect have been added to the calculations.

Please call if you have any questions or comments and, thank you for your assistance.

Respectfully,

Brett Tucker

LISTING SERVICE

Listing Expires:
June 30, 1996

LISTING No: 7165-0559:114

CATEGORY: Control Units (Non High-Rise)

LISTEE: Silent Knight, 7550 Meridian Circle, Maple Grove MN 55369-4927
Contact: Brian Foltz (612) 493-6400

DESIGN: Model 5104. Provides automatic, manual and waterflow service when used as a central station protective premise unit. Intended to monitor various initiating devices and transmit to a central station receiving unit various preprogrammed alarm and trouble signals. Refer to listee's data sheet for detailed product description, electrical rating and operational considerations.

OPTIONS: Refer to listee's data sheet for required/optional accessories. When required, accessories shall be CSFM listed.

INSTALLATION: In accordance with listee's printed installation instructions and applicable codes and ordinances.

MARKING: Listee's name, model number and UL label.

APPROVAL: Listed control unit for use with separately listed compatible initiating and indicating devices.

This listing is based upon technical data submitted by the applicant. CSFM staff has reviewed the test results and/or other data but does not make an independent verification of any claims. This listing is not an endorsement or recommendation of the item listed. This listing should not be used to verify correct operational requirements or installation criteria. Refer to listee's data sheet, installation instructions and/or other suitable information sources.

ISSUED: MARCH 31, 1995
Effective issue date to expiration date

SILENT KNIGHT
FIRE SYSTEMS™

COMMERCIAL FIRE ALARMS

Model 5104
Fire Control Communicator

FEATURES

- UL 864 Listed for NFPA 71
- Can be Used Stand Alone or as a Slave Communicator
- Four Fully Supervised Inputs
- Downloadable for Remote Programming, Control and Monitoring
- Fuseless Overload Protection with Automatic Reset Circuitry and Fault Indicators
- Dual Phone Line Interface
- Automatic 24 Hour Test
- Reports in SIA and Most Major Communications Formats

5104

DESCRIPTION

The Silent Knight Model 5104 is an 4-zone fire control communicator. It is designed specifically to offer digital fire reporting over ordinary telephone lines rather than costly leased lines.

The Model 5104 is approved for use in applications required to meet UL 864 and NFPA 71 requirements. These requirements include the monitoring of local evacuation controls. The 5104 will monitor dry contact alarm and trouble outputs and transmit a separate code for each.

The Model 5104 can be used stand alone to monitor sprinkler systems for waterflow, supervisory, and gate valve tamper conditions. It can also be used stand alone for automatic fire detection system for structures that are not required to have a fire alarm system but want property protection (to call the fire department after hours).

The Model 5104 is fully supervised. Its microprocessor constantly runs programs to monitor AC, standby battery, zone inputs, and the telephone line connections. If a fault condition is detected, it sounds a local trouble audible and reports the condition to the central station. If one of the telephone lines faults, for more than 45 seconds, it will automatically switch to the other to report the failure.

The Model 5104 conducts an automatic self-test every 24 hours—at a time you select—and sends a report to the central station. It uses the industry standard SIA reporting format as well as other major formats to transmit to most central station receivers.

The communicator will signal activation and restoration and trouble conditions on any of the four inputs. There is one Style D (Class A) input, and three Style A (Class B) inputs. If an application requires a different input configuration, the individual input styles may be changed by using a Model 7181 Fire Zone Converter Module. The 7181 also allows use of two-wire type smoke detectors, instead of the normal four-wire contact type, for automatic fire detection applications.

A single, programmable output is provided for alarm or dialer failed conditions. This output cannot be used for evacuation purposes.

Fuseless electronics provide built-in overload protection with automatic reset that eliminates the cause of most field service calls.

LISTING SERVICE

Listing Expires
June 30, 1996

LISTING No. 7770-0328:001

CATEGORY: Valves/Switches

LISTEE: Potter, 2081 Craig Road, St. Louis, MO 63146
Contact: Matthew Springli (800)325-3936

DESIGN: Vane and pressure type water flow alarm switches listed below. Refer to listee's data sheet for detailed product description and operational considerations.

Vane Types:

VSR-CF	VSR-D	VSR-F	VSR-SF
VSR-FE-2	VS-SP	VS-F	

Pressure Type:

WFS-B	WFSR-C	WFSPD-B
PS-10A	PS-100A	WFSR-F

INSTALLATION: In accordance with listee's printed installation instructions and applicable codes and ordinances.

MARKING: Listee's name, model number and UL or FM label.

APPROVAL: Listed as waterflow alarm switches for use with fire sprinkler systems. Vane models may be used in wet pipe systems; pressure models may be used in wet or dry systems. Model VSR-CF is for use on K,L or M copper pipe (2-4") and listed CPVC pipe (2-3"). Model VSR-SF for use on 1, 1¼ and 1½" steel, copper or listed plastic pipe. Vane type switches may be used outdoors when the outdoor temperature never falls below 40°F.

Rev. 11-29-93

Optional: Cover Tamper Switch Order Stk. No. 0090018

GENERAL INFORMATION

The Model VSR-F is a vane type waterflow switch for use on wet sprinkler systems. It is UL Listed and FM approved for use on steel pipe; schedules 10 through 40 sizes 2" thru 8".

The unit may also be used as a sectional waterflow detector on large systems.

The unit contains two single pole, double throw, snap action switches and an adjustable pneumatic retard. The switches are actuated when a flow of 10 gallons per minute or more occurs downstream of the device. The flow condition must exist for a period of time necessary to overcome the selected retard period.

ENCLOSURE: The unit is enclosed in a general purpose, cast aluminum housing. The cover is held in place with two tamper resistant screws which require a special key for removal. A field installable cover tamper switch is available as an option which may be used to indicate unauthorized removal of the cover. See Bulletin 763 for installation instructions of this switch.

INSTALLATION: See Fig.2

These devices may be mounted on a horizontal or vertical pipe. On horizontal pipe they should be installed on the top side of the pipe where they will be accessible. The units should not be installed within 6 inches of a fitting which changes the direction of the waterflow or within 24 inches of a valve or drain.

Drain the system and drill a hole in the pipe using a circular saw in a slow speed drill. The 2" and 2 1/2" devices require a hole with a min. dia. of 1 1/8" to a max. dia. of 1 5/16". All other sizes require a hole with a min. dia. of 1 7/8" to a max. dia. of 2 1/16".

Clean the inside pipe of all growth or other material for a distance equal to the pipe diameter on either side of the hole.

Roll the vane so that it may be inserted into the hole; do not bend or crease it. Insert the vanes so that the arrow on the saddle points in the direction of the waterflow. Install the saddle strap and tighten nuts alternately to an eventual 50 ft-lbs.of torque. See Fig. 2. The vane must not rub the inside of the pipe or bind in any way.

POTTER

PCVS

Potter Control Valve Switch

Potter Electric Signal Company 2081 Craig Rd, St. Louis, MO 63146 / (800) 325-3936 / (314) 878-4321

The Model PCVS is a weatherproof and tamper resistant switch for monitoring the open position of Fire Sprinkler Control valves of the post indicator, butterfly and other types. Two S.P.D.T. contacts are provided which will operate when the valve position is altered from an open state.

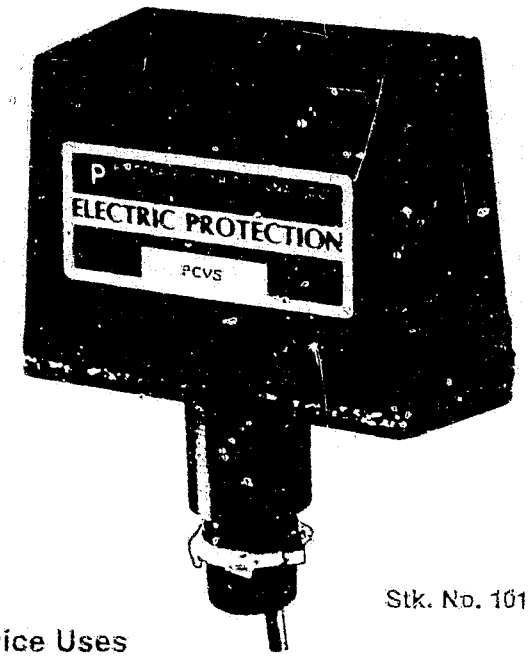
PCVS

The unit mounts in a 1/2" NPT tapped hole in the post indicator or butterfly valve housing. The device is engaged by the indicating assembly of the post indicator or the operating mechanism of the butterfly valve, actuating switches when the valve is fully open. The unit should be installed where it is accessible for service.

Slide on Installation / Adjustable Trip Rod

This device is mounted by screwing the pipe nipple into place then sliding the unit onto the nipple and locking it in place with set screws. This trip rod is adjustable to accomodate variable applications. A hex key is furnished with each device for these adjustments.

Two Conduit Entrances



Two conduit entrances are provided for ease of installation.

Tamper Resistant Cover Screws

The cover is held in place by two tamper resistant screws that require a special tool to remove. The tool is furnished with each device and should be left with the building owner or responsible party. Replacement or additional cover screws and hex keys are available. See ordering information on page 6.

Note

REPLACING THE TAMPER-RESISTANT COVER SCREWS WITH A DIFFERENT TYPE SCREW WILL VOID UNDERWRITERS LABORATORY LISTING AND F.M. APPROVAL.

SERVICE AGREEMENT

This Agreement, made this 31st of July, 1995, by an between SOUTHERN CALIFORNIA ALARM SERVICE, INC., hereafter referred to as "Company", and AMERON referred to as "Purchaser" witnesseth:

1. GENERAL

SOUTHERN CALIFORNIA ALARM SERVICE, INC, agrees to provide services as described herein on the property located at 12455 Arrow Route in accordance with the Standard Conditions for Services set forth on the following pages.

2. PRICING

Purchaser agrees to pay the Company the sum of $ 591.00 * per year (payable semi-annually $ 295.50 * in advance) during the term of this agreement. * Plus Tax.

3. TERM OF AGREEMENT

The agreement shall run for a period of one (1) year from the date hereof, and may be terminated by the parties hereunto at any time upon mutual consent. Upon the termination of the one year period specified, this agreement shall continue in effect from year to year unless terminated, by wirtten notice by either party given to the other, no less than thirty (30) days prior to the anniversary date of this agreement.

4. SERVICES PROVIDED

(a) SOUTHERN CALIFORNIA ALARM SERVICE, INC., will provide on-call response as per Rancho Cucamonga Fire Department requirements for Fire Alarm Systems.

(b) See Page (4), Exhibit A for equipment covered under this Agreement.

5. IN WITNESS WHEREOF, the parties have executed this Agreement the day and year listed below:

DATE	SOUTHERN CALIFORNIA ALARM SERVICE, INC.
7-31-95	Tony Lane
8-2-95	PURCHASER

STANDARD CONDITIONS FOR SERVICE

Sale of any services or related material covered by this Agreement is conditioned upon the terms and conditions herein. Any additional or different terms and conditions proposed by the Purchaser are objected to and will not be binding upon Southern California Alarm Services, Inc. hereafter referred to as SCAS, unless specifically assented to in writing by SCAS's authorized representative. Any order for or any statement of intent to purchase hereunder or any direction to proceed with the work shall constitute assent to SCAS's terms and conditions.

1. RESPONSIBILITIES OF SCAS: For the charges listed, during the terms of this Agreement, SCAS shall furnish maintenance or other services or parts as follows:

A. Preventative maintenance as determined to be necessary by SCAS. As set forth on Page 1, the schedule will be either SCAS's standard schedule based on its evaluation of the specific requirements of the Equipment or a specific number of visits per year. SCAS shall determine the amount of time required to perform preventative maintenance.

B. On-call remedial maintenance services for Equipment failure during the Period of Maintenance specified on Page 1.

(aa) SCAS agrees to provide emergency service, upon receipt of notice from the Purchaser of the necessity of said service, as soon as it is reasonably practicable to do so. SCAS will make every reasonable effort to immediately attend to the emergency needs of the Purchaser, but it can make no guaranty in connection with the time period that may be necessary to properly service the system and order and/or repair malfunctioning components.

(bb) In the event an Equipment malfunction has not been remedied by the end of the Period of Maintenance, allowable remedial service will be resumed at the outset of the next Period of Maintenance unless Purchaser requests that service be continued without interruption and SCAS agrees. In the latter event, Purchaser will pay SCAS's then current prices for services and materials purchased outside the Period of Maintenance. In addition, Purchaser may request that remedial maintenance be initiated outside the Period of Maintenance and, subject to the availability of personnel, SCAS may respond at its option and at its current rates for such services (including travel time and material utilized).

C. Provide Purchaser with a designated point of contact and make arrangements for the service representative to receive notification of malfunction from the Purchaser.

D. Provide necessary test equipment required to perform maintenance services under this Agreement.

E. In its performance hereunder, SCAS will use parts which are new or equivalent to new in condition. Replacement parts exchanged during the Period of Maintenance will be furnished without extra charge; otherwise, Purchaser will pay SCAS's established prices for such parts. All parts and assemblies replaced by SCAS at anytime will become the property of SCAS.

2. ENGINEERING CHANGES: Mandatory, non-warranty engineering changes issued without charge by a manufacturer of equipment shall be made by SCAS with prior notice to Purchaser. The adoption of any other engineering changes issued by an equipment manufacturer will be the subject of mutual agreement between SCAS and Purchaser. Engineering changes will be scheduled and installed at a mutually agreeable time during the Period of Maintenance. Where, in the opinion of SCAS, such installation requires services of material in excess of those for a normal preventative maintenance call, such excess shall be paid for by the Purchaser at SCAS's then current prices.

3. RESPONSIBILITIES OF PURCHASER: Purchaser shall have the following responsibilities under this Agreement:

A. Promptly notify SCAS of any trouble or malfunction which comes to Purchaser's attention.

B. Purchaser will pay scheduled mileage charge per mile for all emergency service calls.

C. Provide working space, including adequate heat, light, ventilation, electric current, and electrical outlets for the use of SCAS maintenance personnel.

D. Allow SCAS full and free access to the Equipment for purposes of this Agreement. SCAS shall also have access to and use of any machines, attachments or features of the Equipment necessary to provide the specified maintenance services at no charge to SCAS.

E. Purchaser represents that it has the authority to enter into this Agreement.

F. Purchaser shall not authorize or cause maintenance repairs or modifications to be made or attempted to the Equipment during the term of the Agreement, except as specified and approved by SCAS.

G. Purchaser will pay SCAS at its then current prices and under its applicable conditions of sale for any services or materials furnished which fall within the article entitled "Exclusions".

H. Provide SCAS with designated Purchaser employee or employees as maintenance contacts.

I. Maintain site environmental conditions throughout the period of this Agreement in accordance with the specifications established by the Equipment manufacturer.

J. Purchaser agrees to make all payments due under this Agreement without setoff of any kind and will not permit grounds to exist for insecurity to SCAS as to Purchaser's performance.

4. EQUIPMENT CONDITION: Prior to the Commencement Date of maintenance under this Agreement, the Equipment shall be subject to inspection by SCAS to determine if it is in acceptable condition for maintenance under this Agreement. Any repairs, adjustments, or parts then deemed necessary by SCAS to bring the Equipment up to an acceptable condition shall be made prior to the commencement of maintenance service, and shall be the responsibility of the Purchaser. Any such repairs, adjustments or parts furnished by SCAS will be provided under the provisions of this Agreement at its then current prices.

If, in the opinion of SCAS personnel, normal maintenance routines cannot keep any Equipment in satisfactory operating condition or the Equipment cannot be properly or economically repaired on site due to excessive wear or deterioration or obsolescence, SCAS reserves the right to exclude those items from the terms of this Agreement. In such event, Purchaser will receive an appropriate reduction in the monthly charges to adjust for the Equipment so excluded. For excluded Equipment, any further services or materials provided by SCAS will be furnished under its applicable conditions of sale and at then current prices.

5. EXCLUSIONS: Unless SCAS specifically agrees otherwise in writing, SCAS's performance under this Agreement does not include:

A. Installation of Equipment or services or parts required to install, maintain or remove accessories, attachments, machines, other devices not itemized on "List of Equipment".

B. Services required to diagnose problems which are not Equipment hardware problems.

C. Services, repairs or parts required to repair damage to the Equipment caused by or resulting from acts of God, fire, water, weather, earthquake, explosions, smoke, aircraft, motor vehicle, collapse of building, strike, riot or vandalism, failure of electrical power, power surges, air conditioning or humidity control, hardware design problems, equipment incompatibility problems, improper input/output signals to Equipment connections, software, operator error, neglect or misuse by an entity other than SCAS, or any cause than ordinary use.

D. Electrical work external to the Equipment, painting or refinishing equipment, making specification changes, or performing services in connection to the relocation of equipment.

6. SALES AND SIMILAR TAXES: SCAS's prices do not include sales, use, excise, value-added or similar taxes. Consequently, in addition to the price specified herein, Purchaser shall pay, or reimburse SCAS for, the gross amount of any present or future sales, use, excise, value-added or other similar tax applicable to the price, sale or furnishing of any services or products hereunder, or to their use by SCAS or Purchaser, or in lieu thereof Purchaser shall provide SCAS with tax exemption evidence acceptable to the taxing authorities.

7. FINANCIAL CONDITION: If the financial condition of Purchaser at any time does not, in the judgement of SCAS, justify continuance of the work to be performed hereunder on the terms of payment agreed upon, SCAS may require full or partial payment in advance or shall be entitled to cancel the Agreement and shall receive reimbursement for its reasonable and proper cancellation charges. The foregoing is in addition to such other rights as SCAS may have in law or equity, or in any bankruptcy-type proceeding.

8. WARRANTY: SCAS warrants to Purchaser that the service will be performed in a competent manner and material furnished under this Agreement will be free of defects in material or workmanship. If any failure to meet the foregoing warranty appears within the term of this Agreement, if notified in writing thereof, SCAS will correctly reperform the services identified or replace the defective material provided.

8. THE FOREGOING PARAGRAPH sets forth the exclusive remedy of Purchaser and the sole liability of SCAS and is exclusive and in lieu of all other warranties whether written, oral, implied or statutory (except as to title of SCAS furnished material or replacement parts.) The foregoing warranty does not affect any express warranty in a seperate Agreement which may apply to the equipment on which the work was performed. NO WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR PURPOSE SHALL APPLY.

Title and risk of loss to any equipment repaired or replaced shall remain with Purchaser regardless of where the corrective work takes place.

10. DELAY IN PERFORMANCE: SCAS shall not be liable for any delay in performance due to (1) Causes beyond its reasonable control, (2) Acts of God, acts of Purchaser, acts of civil or military authority, priorities, fires, strikes or other labor disturbances, floods, epidemics, war, riot, delays in transportation or car shortages, or (3) inability to obtain or delay in obtaining , due to causes beyond its reasonable control, suitable labor, material, or facilities required for this Agreement. In the event of any such delay, the time of performance shall be extended for a period equal to the time lost by reason of the delay.

In the event SCAS's performance is delayed by late delivery of Equipment, parts, or supplies covered by any other Agreement, or is delayed by prerequisite work by others, SCAS shall be entitled to price adjustment for costs resulting therefrom, in addition to extension of the time of performance.

11. CHANGES AND ATTACHMENTS: Any changes or relocation in the equipment or attachment made by Purchaser may result in adjustment of the monthly charges to reflect the added costs incurred because of the changes, relocation or attachments. If, at any time, any such changes, relocation or attachments create a safety hazard or interference with the normal and satisfactory operation or maintenance of the Equipment, SCAS may, upon written notice to Purchaser, require that such safety hazard or interference be promptly corrected at Purchaser's expense. SCAS continued maintenance of the Equipment which has been changed, relocated or to which attachments have been made does not constitute an approval of the changes, relocation or attachment or a waiver of any rights it may otherwise have.

12. BILLING:

A. For the services enumerated herein, SCAS may unilaterally change the Agreement charge at any time after the initial 12 months of the initial term. SCAS agrees to give Purchaser at least 30 days advance written notice specifying the new Agreement charges and their effective date.

B. As required, other bills will be rendered for services performed ,pursuant to paragraph 3B and 3G above.

C. Purchaser agrees to pay any and all bills within ten (10) days after presentation of same. A Service Charge will be billed for any overdue amount, per SCAS's Customer Service Procedures.

D. The parties agree that due to the nature of the services to be provided by SCAS, the payments to be made by the Purchaser for the term of this Agreement form an integral part of SCAS's anticipated profits; that in the event of the Purchasers default it would be impossible to fix SCAS's actual damages. Therefore, in the event the Purchaser defaults in the payment of any aforementioned charges to be paid to SCAS, the entire balance of all payments for the entire term herein shall immediately become due and payable, and the Purchaser shall be liable therefore.

13. LIMITS OF LIABILITY:

A. SCAS does not represent or warrant: that the maintenance service will prevent any loss or injury by burglary, fire, hold-up, assault or otherwise, or that the maintenance-service will in all cases provide the protection for which it is intended. Purchaser acknowledges and agrees: that SCAS has made no representations or warranties, express or implied as to any matter whatsoever, including without limitation the condition of the monitoring equipment, its merchantability or its fitness for any particular purpose; nor has Purchaser relied on any representations or warranties, express or implied. Purchaser further acknowledges and agrees that any affirmation, fact or promise shall not be deemed to create an express warranty and that there are no warranties which extend beyond the face of the Agreement hereof. Purchaser further acknowledges and agrees that SCAS is not an insurer; and that Purchaser assumes all risk of loss or damage to Purchaser's premise or to the contents thereof, as well as risk of injury and risk to physical well-being of persons therein.

B. Purchaser acknowledges and agrees that it is impractical and extremely difficult to fix the actual damages, if any, which may proximately result from a failure of SCAS to perform any of the obligations herein, including, but not limited to, installation, service, programming, maintenance of SCAS's equipment, or the failure of SCAS's equipment to properly operate or other failure of the maintenance service, with a resulting property damage or loss, personal injury, or medical condition because of, among other things:

a. The uncertain amount of value of Purchaser's property or the property of others kept on the premises which may be lost, stolen, destroyed, damaged or otherwise effected by occurrences which the system or service is designed to detect or divert;

b. The uncertainty of the response time of the police, fire department, ambulance service or other emergency agency or person, should the police, fire department, ambulance service or other emergency agency or person be dispatched as a result of a signal being received.

c. The inability to ascertain what portion, if any, of any loss would be proximately caused by SCAS's failure to perform or by its equipment to operate;

d. The nature of service to be performed by SCAS.

C. Purchaser understands and agrees that if SCAS should be found liable (whether under a theory of warranty, contract, negligence, product liability, or otherwise) for loss of damage due to a failure of the installation, monitoring, maintenance service, or the Equipment in any respect whatsoever, SCAS's liability shall be an amount equal to one (1) year's service agreement fee or two hundred fifty dollars ($250.00) whichever is less, as liquidated damages, and not as penalty and this liability shall be exclusive; that the provisions of this section shall apply if loss or damage, irrespective of cause or origin, results directly or indirectly to persons or property, from performance or non-performance of the obligations imposed by this Agreement or from negligence, active or otherwise, of SCAS, its agents, assigns or employees.

D. If Purchaser wishes SCAS to assume a limited liability in lieu of the liquidated damages as hereinabove set forth, Purchaser may obtain from SCAS a limitation of liability by paying an additional monthly service charge to SCAS. If Purchaser elects to exercise this option, a rider shall be attached to this Agreement setting forth the terms, conditions and the amount of the limited liability, and the additional monthly charge. Such rider and additional obligation shall in no way be interpreted to hold SCAS as an insurer.

E. Purchaser agrees to, and shall indemnify and save harmless SCAS, its employees and agents from and against all third party claims, lawsuits, and losses alleged to be caused by SCAS's non-performance or negligence (whether passive or active) in the performance of the service obligations set forth in this Agreement.

F. In no event shall SCAS be liable for any loss or damage whatsoever arising from its failure to discover or repair latent defects or defects inherent in the design of the equipment or the system configuration.

14. FALSE ALARMS, LICENSES AND PERMITS

SCAS shall not be responsible for any fees, charges, or assessments imposed by any government authority or other persons in connection with false alarms from any equipment located at Purchasers's premises. Purchaser and SCAS shall each be responsible for obtaining licenses and permits needed to carry out their own obligations under this Agreement.

15. INVALID PROVISIONS:

If any of the terms or provisionsof this Agreement shall be determined by a court of competent jurisdiction to be invalid or inoperative, all of the remaining terms and provisions shall remain in full force and effect.

16. ATTORNEY'S/COLLECTION FEE:

In the event it shall become necessary for SCAS to institute Legal and/or Collection/Agency proceedings to collect sums due under this Agreement, then and in that event, Purchaser shall pay to SCAS an additional amount equal to at least one third of the original amount due (minimum $100.00 additional) for reasonable attorney's/collection agency fees.

17. ANY OTHER PURCHASE AGREEMENT:

Purchaser hereby warrants that the negotiation, execution, and implementation of this Agreement will not breach any other Purchaser agreement with any other person or firm currently performing any maintenance services for and on behalf of Purchaser, and Purchaser agrees to defend, indemnify, and hold SCAS harmless from and against any pecuniary loss resulting from claims and lawsuits by any other person presently performing any maintenance services for Purchaser alledging breach of Agreement or interference with Agreement.

18. GENERAL:

SCAS shall not be responsible for the acts or workmanship of the employees, contractors, subcontractors or agents of Purchaser or any user of the itemized equipment.

SCAS reserves the right to subcontract any of the work to one or more subcontractors.

The delegation of assignment by Purchaser of any or all of its duties or rights hereunder without SCAS's prior written consent shall be void.

Any information, suggestions or ideas transmitted by Purchaser to SCAS in connection with performance hereunder are not to be regarded as secret or submitted in confidence except as may be otherwise provided in a writing signed by a duly authorized representative of SCAS.

19. ENTIRE INTEGRATED AGREEMENT; MODIFICATIONS; ALTERATIONS; WAIVER; ASSIGNMENT:

A. This writing is intended by the parties as a final expression of their Agreement and as a complete and exclusive statement of the terms thereof. This Agreement supercedes all prior representations, understanding or agreements of the parties, and there are no prior writings, verbal negotiations, understandings, representations or agreements not expressed in this Agreement, and the parties rely only upon the contents of this Agreement in execution of it, and have not relied on any other representations, oral or otherwise, made by the parties, their agents or employees. This Agreement can only be modified by a writing agreed to and signed by SCAS. No waiver of a breach of any term or condition of this Agreement shall be construed to be a waiver of any succeeding breach.

B. This Agreement shall bind and inure to the benefit and obligation of the parties and all parties who lawfully succeed to the rights or take the place of either parties, such as heirs, assignees or successors. This Agreement shall be interpreted according to the laws of the state of California.

C. SCAS may assign this Agreement to any other person, firm or corporation without notice to or approval by Purchaser, and may subcontract any services which it may perform under any such Agreements. This Agreement may not be assigned by Purchaser except upon the prior written consent of SCAS. Purchaser may not assign any rights or obligations under this Agreement either voluntarily or by operation of law without having first obtained the written consent of SCAS.

LICENSED CONTRACTORS DECLARATION

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 *(commencing with Section 7000)* of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License Class A Lic. No. 748576

Date 12-10-98 Contractor ENCON Engineering Inc

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors License Law for the following reason *(Sec. 7031.5, Business and Professions Code: Any City or County which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (Commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500).)*

○ I, as owner of the property; or my employees with wages as their sole compensation, will do the work, and the structure is not intended for sale *(Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.)*.

○ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project *(Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.)*.

○ I am exempt under Sec. _____ B.&P.C. for this reason _____

Date _____ Owner _____

WORKERS' COMPENSATION DECLARATION

I hereby affirm under penalty of perjury one of the following declarations:

○ I have and will maintain a certificate of consent to self-insure for workers' compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

✓ I have and will maintain workers' compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are:

Carrier State Fund Policy Number 1443796-98

(This section need not be completed if the permit is for one hundred dollars ($100) or less).

○ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to workers' compensation laws of California, and agree that if I should become subject to workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

Date: _____ Applicant: _____

WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS ($100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR ON SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

CONSTRUCTION LENDING AGENCY

I hereby affirm under penalty of perjury that there is a construction lending agency for the performance of the work for which this permit is issued *(Sec 3097, Civ. C.)*.

Lender's Name _____

Lender's Address _____

I certify that I have read this application and state that the above information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this county to enter upon the above mentioned property for inspection purposes.

Signature of Applicant or Agent _____ Date 12-10-98

This is a building permit when properly filled out, signed and validated, and is subject to expiration if work thereunder is not commenced or is suspended or abandoned for 180 days.

I hereby affirm under penalty of perjury one of the following declarations:

☐ I have and will maintain a certificate of consent to self-insure for worker's compensation, as provided for by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

☐ I have and will maintain workers' compensation insurance, as required by Section 3700 of the Labor Code, for the performance of the work for which this permit is issued. My worker's compensation insurance carrier and policy number is:

Carrier ACE FIRE Underwriters Ins Co

Policy No. NWC - 001058 - 00

(This section need not be completed if the permit is for one hundred dollars ($100.) or less).

☐ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that if I should become subject to the workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

Date 12-26-00 Applicant: KENT ELECTRIC CO, DAVID L. RODRICKS

OWNER-BUILDER DECLARATION

☐ I hereby affirm **under penalty of perjury** that I am exempt from the Contractors License Law for the following reason *(Sec.7031.5, Business and Professions Code; Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he or she is exempt therefrom and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars ($500.).:*

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale *(Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, or who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he or she did not build or improve for the purpose of sale.).*

☐ I, as owner of the property an exclusively contracting with licensed contractors to construct the project *(Sec. 7044, Business and Professions Code: The Contractors License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractors License Law.).*

☐ I am exempt under Sec. _____, B. & P.C. for this reason:

_____

Date _____ Owner _____

WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL, AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND ($100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR IN SECTION 3706 OF THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

Will the applicant or future building occupant handle a hazardous material or a mixture containing a hazardous material equal to or greater than the amounts specified on the list of extremely hazardous substances	YES	NO
Will the proposed building or modified facility be within 100 feet of the outer boundary of a school?	YES	NO
Will the intended use of the building by the applicant require a permit for construction or modification from the South Coast Air Quality Management District (SCAQMD)? SEE PERMITTING CHECKLIST FOR GUIDELINES	YES	NO

I have read the Hazardous Materials Information Guide and the SCAQMD permitting checklist. I understand my requirements under the California Health and Safety Code Sec. 6.95 and California Government Code sec.65850 and the requirements of the Rancho Cucamonga Fire Department regarding hazardous materials

LICENSED CONTRACTOR'S DECLARATION

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason:

- ☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale.
- ☐ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project.
- ☐ I am exempt under Sec. _____, B. & P. C. for the reason: _____

Date _____ Owner _____

WORKERS' COMPENSATION DECLARATION

I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof. (Sec. 3800, Labor Code.)

Policy No. CB 842699 Company INDEMNITY

- ☒ Copy is filed with the city.
- ☐ Certified copy is hereby furnished.

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(This section need not be completed if the permit is for one hundred dollars ($100) or less.)

☐ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

I certify that I have read this application and state that the above information is correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes.

CERTIFICATION OF APPLICANT FOR BUILDING PERMIT

I have read this application and agree to comply with all laws regulating construction. I certify that in the performance of this work I shall not employ any person in any manner violating Workers' Compensation laws.

California Health & Safety Code, Sec. 17922.6, requires applicants for building permits to show that a Division of Industrial Safety permit has been obtained, unless the applicant signs this Certificate below.

☐ I certify that no excavation five (5) or more feet in depth, into which a person is required to descend, will be made in connection with work authorized by this permit, and that no building, structure, scaffolding, falsework, or demolition or dismantling thereof, will be more than thirty-six (36) feet high.

☐ As owner/builder I will not employ anyone to do work which would require a permit from the Division of Industrial Safety, as noted above unless such person has a permit from that division.

LICENSED CONTRACTOR'S DECLARATION

☐ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☐ I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

○ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

○ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

○ I am exempt under Sec. _____ B. & P.C. for this reason _____

Date 11/24/80 Signature [signature]

WORKERS' COMPENSATION DECLARATION

☐ I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof. (Sec. 3800, Labor Code.)

Policy No. _____ Company _____

○ Copy is filed with the city. ○ Certified copy is hereby furnished.

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(This section need not be completed if the permit is for one hundred dollars ($100) or less.)

☐ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

CONSTRUCTION LENDING AGENCY

☐ I hereby affirm that there is a construction lending agency for the performance of the work for which this permit is issued. (Sec. 3097, Civil Code.)

Lender's Name _____

Lender's Address _____

I certify that I have read this application and state that the foregoing indicated declarations are correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes.

Signature of Applicant [signature] Date 11/24/80

LICENSED CONTRACTOR'S DECLARATION

☐ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☐ I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

☒ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

○ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

○ I am exempt under Sec. _____ B. & P.C. for this reason _____

LICENSED CONTRACTOR'S DECLARATION

I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

☐ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

☐ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

☐ I am exempt under Sec. _____ B. & P. C. for this reason _____

Date 5/7/80 Owner Mark Kelton

WORKERS' COMPENSATION DECLARATION

I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof. (Sec. 3800, Labor Code.)

Policy No. _____ Company _____

☐ Copy is filed with the city. ☐ Certified copy is hereby furnished.

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(This section need not be completed if the permit is for one hundred dollars ($100) or less.)

I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

CONSTRUCTION LENDING AGENCY

I hereby affirm that there is a construction lending agency for the performance of th work for which this permit is issued. (Sec. 3097, Civil Code.)

☐ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 8 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☐ I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 8 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

○ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

○ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

○ I am exempt under Sec. _____, B. & P. C. for this reason _____

Date 6/25/80 Owner Mark Kelting

WORKERS' COMPENSATION DECLARATION

☐ I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof. (Sec. 3800, Labor Code.)

Policy No. _____ Company _____

○ Copy is filed with the city. ○ Certified copy is hereby furnished.

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

☒ (This section need not be completed if the permit is for one hundred dollars ($100) or less.)

I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

CONSTRUCTION LENDING AGENCY

☐ I hereby affirm that there is a construction lending agency for the performance of the work for which this permit is issued. (Sec. 3097, Civil Code.)

CERTIFICATION OF APPLICANT FOR BUILDING PERMIT

I have read this application and agree to comply with all laws regulating construction. I certify that in the performance of this work I shall not employ any person in any manner violating Workers' Compensation laws.

California Health & Safety Code, Sec. 17922.6, requires applicants for building permits to show that a Division of Industrial Safety permit has been obtained, unless the applicant signs this Certificate below.

☐ I certify that no excavation five (5) or more feet in depth into which a person is required to descend, will be made in connection with work authorized by this permit, and that no building, structure, scaffolding, falsework, or demolition or dismantling thereof, will be more than thirty-six (36) feet high.

☐ As owner/builder I will not employ anyone to do work which would require a permit from the Division of Industrial Safety, as noted above unless such person has a permit from that division.

LICENSED CONTRACTOR'S DECLARATION

☒ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☐ I hereby affirm that I am exempt from the Contractor's License Law for the following reason:

○ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale.

○ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project.

○ I am exempt under Sec. _____, B. & P. C. for the reason: _____

Date _____ Owner _____

WORKERS' COMPENSATION DECLARATION

☒ I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof. (Sec. 3800, Labor Code.)

Policy No. 00075310ST Company [illegible]

☒ Copy is filed with the city ○ Certified copy is hereby furnished.

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(This portion need not be completed if the permit is for one hundred dollars ($100) or less)

☐ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

I certify that I have read this application and state that the foregoing indicated declarations are correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes.

LICENSED CONTRACTOR'S DECLARATION

☐ I hereby affirm that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 8 of the Business and Professions Code, and my license is in full force and effect.

OWNER-BUILDER DECLARATION

☐ I hereby affirm that I am exempt from the Contractor's License Law for the following reason: (Sec. 7031.5, Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance also requires the applicant for such permit to file a signed statement that he is licensed pursuant to the provisions of the Contractor's License Law, Chapter 9 (commencing with Section 7000) of Division 8 of the Business and Professions Code, or that he is exempt therefrom, and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit, subjects the applicant to a civil penalty of not more than five hundred dollars ($500).

○ I, as owner of the property or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or through his own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale.)

○ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project. (Sec. 7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law.)

○ I am exempt under Sec. _____ B. & P. C. for this reason _____

Date 12/16/80

WORKERS' COMPENSATION DECLARATION

☐ I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof. (Sec. 3700, Labor Code.)

Policy No. _____ Company _____

○ Copy is filed with the city. ○ Certified copy is hereby furnished.

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(This section need not be completed if the permit is for one hundred dollars ($100) or less.)

☐ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

CONSTRUCTION LENDING AGENCY

☐ I hereby affirm that there is a construction lending agency for the performance of the work for which this permit is issued. (Sec. 3097, Civil Code.)

☒ I hereby affirm that I am exempt from the Contractor's License Law for the following reason:

○ I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale.

☒ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project.

○ I am exempt under Sec. _____, B. & P. C. for the reason: _____

Date: 2-Feb-90 Owner: [signature]

WORKERS' COMPENSATION DECLARATION

☐ I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof. (Sec. 3800, Labor Code.)

Policy No. _____ Company _____

○ Copy is filed with the city. ○ Certified copy is hereby furnished.

CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE

(This section need not be completed if the permit is for one hundred dollars ($100) or less.)

☒ I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the Workers' Compensation Laws of California.

NOTICE TO APPLICANT: If, after making this Certificate of Exemption you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

I certify that I have read this application and state that the foregoing information declarations are correct. I agree to comply with all city and county ordinances and state laws relating to building construction, and hereby authorize representatives of this city to enter upon the above-mentioned property for inspection purposes.
