RE: Notice of Availability for Draft Environmental Impact Report – Time Extension for Public Review Period – Arroyo Seco Water Reuse Project - **SCH Number 2023110605**

To Whom It May Concern,

The City of Pasadena filed a Notice of Availability (NOA) for a Draft Environmental Impact Report (EIR) on May 1, 2026 initiating a 45-day public review period, beginning on May 4, 2026 and ending on June 17, 2026.

This notice is to inform you that the NOA has been revised to extend the public review and comment period from 45 days to 60 days in response to strong public interest in the project. The public review period is now extended through **July 2, 2026**.

No other changes have been made to the NOA. This is a time extension only.

Thank you,

Christina Monde
