Present Land Use/Zoning/General Plan Designation:

Several

Project Description: *(please use a separate page if necessary)*

The Project includes the City's updated Housing and Safety Elements and the development of a new Environmental Justice (EJ) Element. The Housing Element Update provides a plan to accommodate the City's 6th Cycle Regional Housing Needs Allocation (RHNA) and includes housing policies and programs to guide the City in planning and decision-making to achieve its RHNA allocation. The Project includes the General Plan and zoning amendments for five sites necessary for the implementation of the Housing Element. The updated Safety Element (previously named the Public Safety Element) identifies the potential risks to life and property resulting from naturally occurring hazards, such as earthquakes and floods, and man-made hazards, such as air pollution and contamination of water quality as well as the appropriate public safety providers, such as law enforcement, emergency preparedness, and response teams. The EJ Element addresses the unique or compounded health risks throughout the city and includes policies, programs, and measures to reduce these health risks, such as improving air quality; promoting public facilities, food access, safe and sanitary homes; and physical activity.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
