The proposed pipeline alignment would then travel southeast and then south through the parking lot of a commercial parcel (APN 481-101-041). The alignment would enter the Indian Street right-of-way and connect with existing infrastructure in Sunnymead Boulevard. Existing manholes within the Indian Street/Sunnymead Boulevard intersection would be reconstructed. The existing 10-inch sewer pipeline north of Sunnymead Boulevard would be abandoned in place and filled with grout. Conflicting portions of abandoned sewer pipeline would be removed as necessary and new manholes would be provided at all junction points.
