Present Land Use/Zoning/General Plan Designation:

Residential, commercial, open space, and light industrial uses

Project Description: (please use a separate page if necessary)

The City has prepared an EIR to analyze environmental impacts associated with implementation of the proposed project, which would include the establishment of the Heart of Norwalk Specific Plan. The purpose of the Specific Plan is to revitalize the underutilized corridors within the center of the City and spur development of new commercial and residential uses, while balancing place making and open spaces. Some of the key themes of the Specific Plan revolve around: making places, connecting with corridors, and supporting the social element. These environments would incorporate a variety of urban residential uses, places to walk and spend time, nightlife and spaces that can encourage and celebrate local culture, such as performing arts spaces.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
